Rei : Your laptop have a spy system.

Secretary : Eh?

Jang : What do you mean by that Rei?

Rei : 'He already calling me my name, do I need to call his name? Okay, since he and Mei already dating.' It means Bro En that someone spying on you (explaining while encoding something to the Secretary Laptop) may I borrow you're phone Bro En and if you happened to have your laptop with you, can I also borrow it?

Jang : I only have my phone since I left my laptop at dorm in the School.

Rei : Okay, let me borrow it for awhile Bro Em

Jang : Do I need to unlock it, Rei?

Rei : No need Bro En (then Rei encode something to her phone and found something) both your phone and laptop also have a spy system Bro En. Aside from this two devices, do you still have own any devices?

Jang : No I only have two devices since it's very hassle for me to have more than two.

Rei : I see and Sir let me check your phone and any other devices you have.

Secretary : I have this laptop and my phone but for my main computer is at my control unit in T Country.

Rei : I see but do you have any devices that connected to your main computer?

Secretary : Eh, I can do that?

Rei :

Jang : See told you Rei his very not on par with you

Rei : (looking to the laptop) alright, your laptop Sir almost done deleting the spy system it will rebooting automatically but don't worry your files is intact and only the spy one will completely erase (looking to Bro En phone) same with you Bro En, both your phone and laptop will also rebooting. Ah, Sir your phone first.

GJang : You punk how dare you stop me from spying on you?

En : You can spy me however you want Grandpa but why are you hiding all things from me? You disowned my 2 elder sisters and then my other Sister is hiding just because of your pressure. Then what, you also offered to your own grandson in law to have a mistress just to produce a son? Look what happened, just because Grandma only produce 4 daughters, you also happened to found a mistress and have a Son with each of them until grandma have my Dad. And yet you're suggesting the same thing to my brother in laws but at least they are not like you, so now are you going to control my life? Did I already say to you Grandpa that I will follow whatever your wishes as long as you will let me choose whom I marry, did I?

GJang : Don't tell me you're going to marry with that Teacher?

Er : Yul

GJang : She just a Teacher

En : Yes indeed she's a teacher but she's one of the highly skilled and proficient Teacher of that prominent School and she's the one I love.

GJang : You can marry someone as long as she's a heiress.

En : If you want then you will be the one marrying a heiress Grandpa, since you really like that one.

GJang : Let me meet her, so that I can assess her and approved for you but well she's still a kid and how can you marry someone with the same age of your nieces?

En : Age doesn't matter Grandpa and My Mei is not my niece, of course I will only let you meet her when My Mei become legally my wife. I will marry her in C Country since they don't have divorce law here, bye (hang up then just realized) where are they?

Secretary : Outside Young Master

En : That early?

Secretary : Uh-uh

En : Tsk, you need to confirm me first before selecting the flight time and now we're going to move it to 9am flight because I will meet Mei first.

Ma : Morning Rei but why are you standing behind the door?

Rei : Eh, did I?

Ma : Yes you did

Rei :

Ma : (then become suspicious and opening the door)

Rei : What's wrong Ma?

Ma : I thought you're hiding something from me

Rei : Hiding about what?

Ma : Tell me the truth Rei, do you have a boyfriend now?

There are many ways to be happy in this life, but all I really need is you. I know my life will never be complete without you beside me to share it. I promise you, no one will work harder to make you happy or cherish you more than me. When I met you, I knew I'd met my match. It was only a matter of time until we arrived at this moment. How it turns out is all in your hands. So then Ms. Din Mei, are you willing to become Mrs Jang Mei, the lawfully and legally wife of Mr. Jang En and be the mother of my kids?"

“So that’s the reason why you didn’t drink wine during our first dinner huh”

“You’re drunk remember”

“Nah, I know what I’m doing” then start buttoning his clothes and attack him

“My Mei”

“I’m going to be your wife right?”

“Uh-uh”

“Then you don’t have to worry and we’re both a.d.u.l.ts to know what are we doing”

“I’m warning you My Mei, I’m still controlling myself so go and change” didn’t finish because Mei attacking him. “I already warned so don’t blame me” (then change their position and the two making out for the first time)

“If you’re pregnant then you must know how to take responsibility of your action and take care that child, so then how did Bro En react and what did he say?”

“Geez, Sis. I’m not yet pregnant but I will someday since we already did it last night”

Rei : It's alright we're only inside in the car

Tae : Okay, then let's go.

The two walk hand in hand, ride in the elevator and now inside Rei's car.

“Geez, only this once okay”

“Hai, hai” then Rei changing her position and facing him while sitting on his l.a.p before the two kissing passionately and making out for the first time in the car. Tae is going to enter her but then got reminder by his wife.

“You said that you’re going to use c.o.n.d.o.m?”

“I will and I have put some to your compartment”

“When?”

“Yesterday night since we still have not done it in the car, so I put some just in case but I’ve never expected that it will happened today” explaining while extending his right arm to get the c.o.n.d.o.m from the compartment.

“Idiot and if I happened to have a car with a clear glass then we will be the star for the entertainment news tomorrow”

“Yeah and it will be M’dol Woo have s.e.x with a mysterious lady inside the red car” said while rolling the c.o.n.d.o.m to his manhood

“...” Rei speechless but then feel his manhood entering her and control her m.o.a.n.s because the car is not a soundproof same with Tae because he also controlling his groans and they’re in the car. After that, the two transferred to the back seat and do another one round since Tae is not satisfied doing it at the driver’s seat.

“Ah, yes Bro Yun”

“Around this time?”

“Geez, be careful and what if some paparrazzi spotted you?”

“Yes Bro Yun and I’m going to our room now”

“Okay” ‘Weird, Tae never eat outside and must prefer cooked food by him, his family or by Manager Wang’ (after making sure that Tae entered to his room, Yun open the door and look outside especially to Rei’s house) ‘That’s impossible, right?’

chapter 324 - Back to work

Since Yun caught Tae that he arrived very late and early in the morning for the day hence Tae arrived pass midnight, Yun is observing him for who knows how long he wants but then that day when Tae got caught by him he automatically messaging his wife the moment he entered his room and informing her that one.

Tae : Hon, Bro Yun caught me when I returned but I only say to him that I got hungry and eating outside which is half true and half lie since I’m not hungry of foods but I only eat you.

Rei : I see, then do you want him to know about us?

Tae : Nah I already told them but they don’t believe me so I will tell them on another day but not now since it’s not the right time for them when I’m already telling them but well they didn’t believe me so be it.

Rei : Okay, then we will postpone our driving lesson for now and observe Yun for awhile. His an observative type so he might suspicious of you so we stay low profile for awhile. ***Note : Drive lesson to the car and not me.***

Tae : Okay and noted but I won't promise for that Hon since I like to drive on you than to drive the car.

Rei : Shameless

Tae : Only you Hon

After listening to his wife advise, Tae observe Yun and indeed around midnight he found out that Yun is not on his bed so he get back to sleep and he did it for a week until on the next day, he wake up around 11pm and wait until midnight to check if Yun will be awake but he didn't so he go back to sleep and will visit again to his wife on the next day.

After making sure that Yun stop observing him, Tae visit his wife again and then Rei teaching her husband for almost 3 weeks or exactly 21 hours for his driving lessons. Tae already used of how to drive since his wife teach him professionally and of course he always observing everytime his wife drive. The couple are both busy with their routines but they don't forgot about themselves by spending their time each other and have time for making out. Since Tae learning on how to drive they only do a quickie for 10 minutes for the whole 3 weeks and driving lesson for an hour, of course he didn't forgot to use the protection as what he said to his wife. Day by day the couple always find time to be with each other and taking care of their twins until Rei return to work and got back to the team and since she have an irregular time for the time being, she only visit the team.

December 01 almost lunch time but before 11am, Rei visit the team and knock the door.

"Knock, knock, knock"

All teams except her husband since he already know she will visit today but don't know what is it "eh, who?"

As the youngest one, San is the one opening the door among them and got surprised when he opens the door "eh, M—-Manager Rei?"

All : Manager Rei?

Rei : Yes Everyone and San, can I come in?

All : Yes come in Manager Rei

San : Woah, Manager Rei you've become more stunning and more beautiful after that time.

Rei :

Han : Oh right Manager Rei, is there anything changes of the Team Schedules?

Rei : Yeah a big changes and I'm here for that because I have 3 announcements to announce.

Aii : 3 Arrmprhuqurol?

Rei : Yes 3 Announcements and.... (got stop by someone and of course that someone is Tae, her husband)

Tae : Take a seat first Manager Rei

Rei : Thanks Tae

Yun : Manager Rei, Tae already have someone he likes and already a Father of Twins, you are even there right?

All : (Except Tae and Rei) Yun / Bro Yun

Rei : I understand you Yun but we're a Team. I know that all of you know each other very well because you're already a Team before me but I think I need to tell you frankly, yes, I'm there and I'm aware that Tae has Twins, so then are we going to avoid Tae just because he has Twins? As I said awhile ago, you and everyone here are with Tae for 15 years, so don't you trust him for that? We will avoid him and not going to trust him anymore because he has Twins? I know all of us here have secrets that only going to be disclosed if it's needed but that doesn't mean that we're going to avoid each other because of those secrets, am I right?

Yun : Sorry Manager Rei and I didn't think that one since I'm just concerned maybe you might fall for Tae.

Rei : No worries and did I say that time when Tae confessed to me that I already have a special someone inside my heart, so that answer of mine will never change.

Yun : Yeah you did

Rei : Alright let's stop with this topic and I'm here for these 3 announcements.

All : (are now all ears to her)

Rei : First, Tae you got invited for a Musical Theater for a theme of My One and Only along with Musical Actress Xia Lu Lu, I didn't confirm it yet because I'm waiting for your decision, if you confirm then you will be starting tomorrow until Dec 20 from 7pm to 10pm. You will be acting as the main lead while the Musical Actress Lu Lu is your female lead. Just inform me of what your decision is within today.

Tae : Yes Manager Rei and I will inform you within today.

Rei : Okay and next for my Second Announcement, I just received a short notice and Je, you will be the replacement of Musical Actor Lin Gu for a whole day tomorrow from 7am to 5pm since he got injured. I already confirmed and it's for your exposure Je. So then as for your assigned Head Manager tomorrow you will be picked through draws.

Je : Eh, really?

Rei : Yes and what's wrong?

Je : So then are you included Manager Rei?

Rei : I'm not included Je because I as part of the Team Managers is not yet disclose to everyone and only the productions and our CA Families from Entertainment Department know that I'm one of the Team Managers.

Je : I see

Hjfre :(Sptturiw nmnm po md rmjvuzu frt lfat) fhopfiw wmp fzu arhiptut Mfrfeuz Rua.

All : Eh?

Hwang : At first I didn't allowed you to be included with the draws but then we have many rivals in the Entertainment Fields waiting to attack us especially this team, so I have decided for a Multitasking Manager to be Je and Tae Manager for their short notice of Musical invitations.

Rei : So then are we going to draw for Tae and Je Managers, Mr. Hwang?

Hwang : Not a draw anymore because I already assigned you Manager Rei for Tae and Je.

All : (Except Rei and Tae) eh?

Hwang : Yes all of you heard it right and Manager Rei will be Je Manager tomorrow from 7am to 5pm then Tae Manager for his Musical starting tomorrow until Dec 20

Han : But Mr. Hwang if that happened then it would be create a dating rumors from any of Tae and Je to Manager Rei.

Hwang : I already know that one so that's why I chose Manager Rei to be Tae and Je Manager

All : (Except Tae and Rei) Eh?

Hwang : You will know it later why I chose Manager Rei. Alright I'm going now and continue with your last announcement Manager Rei.

Han : Wait Mr. Hwang

Hwang : Yes and what's wrong Manager Han?

Han : Manager Rei still waiting for Tae confirmation to accept the Musical Invitation.

Hwang : Tae will confirm because it's his future career 'and also his Manager is his wife'

Han : I see then that's all Mr Hwang (then Mr. Hwang leave right away)

Je : Is this true that Manager Rei will be my Manager tomorrow?

Han : (everyone nodded except Tae and Rei while he confirm) yes Je and we heard it all from Mr. Hwang.

Je : T—then I'm not dreaming? (everyone nodded including the couple that cause for Je to be happy but then got disappointed after hearing how straightforward she is)

Rei : Don't be too happy Je, I'm accompanying you tomorrow as your Manager and not a date.

Ju : (Inuuhviull)

All : 'Manager Rei / Hon you're too straightforward'

Han : How about you Tae? Do you confirmed for this short notice of invitation?

Tae : Yes I will Manager Han and Manager Rei I will look forward to be your Artist to Manage for those following days.

Rei : 'What this husband of mine planning?' Yes I also look forward Tae.

Tae : (Just smile and nodded)

chapter 325 - Conscription

The team didn't notice his smile and only his wife who notice it, Rei quite unpuzzled why this husband of her suddenly smile like that and wondering what if they got spotted by the paparazzi when this shameless husband of her will be active mode of his shameless. Rei stop wondering after she heard Manager Han asking a question to her.

Han : Ah, that's right Manager Rei, awhile ago you told us that you have 3 Announcements and you announced two, so what is the last?

Rei : Oh right so then before I forgot, I also received with the team Conscription Letter and that's the last announcement for the team.

All : (Got a surprised looks and shocked expression including her husband)

Rei : Don't tell me all of you forgot about this conscription especially to the team Managers?

All : (Managers just keep silence)

Rei : I see so you really forgot about this one but then this is a compulsory enlistment for state service not only in S Country since it's required globally. For now Tae and Yun, you already reach 30 so both of you must select a better date to enlist before you turn 31. As for the other members they can postpone it since the age of enlistment is between 15 to 30.

Yun : Ah, about that Manager we the members of M'dols decide to enlist at the same time and the same date but all of us never expect that it would be happen sooner and we are now of this age.

Rua : I luu lm ovur jvur fzu wmp emare om gu uralout?

All : Next year and on May 28 we will be enlist Manager Rei.

Rei : Okay noted, so then what branches are you going?

Yun : I'm going to enlist in Navy Force, Manager Rei.

Tae : Air Force for me

Je : Same here I would enlist to Air Force

Shi : Same with Bro Yun, Navy Force Manager Rei.

Bi : Same here, I'm joining to Bro Yun and Shi, Manager Rei.

San : Same with Bro Tae and Bro Je, Manager Rei.

Rei : I see then I will reply to the government authority about the team enlistment date and details.

Han : Guys, I can't believe all of you chose Navy and Air Force when both of them have duration of 2 years for enlistment instead of Army which only required 1 year and 3 months or either Marine for 1 year and 4 months.

All : (Just keep in silence)

Han : So all of you already decided with that, so then, did you already discussed it with your family members? (All of them nodded except one) eh, you forgot to discuss it with your family Tae?

Tae : I already tell my family members but I forgot to mention it to the mother of my twins.

All : (speechless except Rei)

Rei : (Answered him as the mother of twins but in a Team Manager way) it's alright Tae and she will understand you especially it's a compulsory requisite to the government authorities as a citizen of a country.

Tae : Thanks Manager Rei.

Rei : Alright so then start the beginning of next year on January 03 until May 26 we're going to focus mostly on concert and fan meetings both overseas and local. In Local, the team also attending at least one variety show, one radio appearance, one live appearance and one star life interview before enlisting on May 28. May 27 which is the day before May 28 will be your bonding time with your families and for the Managers I will assign you to other artist after the Team Enlistment for the meantime until the comeback of the team. So then when are we going to disclose your enlistment date? If you are planning to disclose your enlistment date then we will officially released it around May and 3 days before your enlistment so that the paparazzi and other medias can't disturb the members.

All : (Got surprised and dumbfounded again because Rei make an impromptu plan)

Rei : Guys?

Aii :

Han : Tsk, tsk Manager Rei you're still amazing as the first day you join with us and never expect that the team will disperse soon.

Rei : Not totally disperse Manager Han since the team will only on hiatus status for 2 years and they will comeback after their state services. Even if they start their solo carrier we will still a team unless they will signed up to another company and not an artist anymore in CA Entertainment.

Han : ...

Rei : Alright that's it for today and Je don't forget that I will be your All ARound Manager for tomorrow from 7am to 5pm and meet me at the Parking Area in the Residences at exactly 6am. As for you Tae, I will pick you up here in the Studio after dropping him off.

Both : Yes Manager Rei

Rei : Good then I'm going now (but got stop by someone but will not her husband)

Han : Wait Manager Rei

Rei : Is there's something wrong Manager Han?

Han : How about the Team Schedules?

Rei : No changes for Team Schedules this Month and Tae will only be excuse from 6pm to 10pm activities of the team, mostly of it it's radio appearances and live performances.

Han : I see

Rei : Don't worry Manager Han if there's some changes I will notify you right away but then it's already confirmed with this month Schedules, so I can assure you no other changes of it aside from Tae and Je musical activities.

Han : Yes Manager Rei and when are you coming back to our team?

Rei : I'm still working with the Team but behind the scenes only since Mr. Hwang assigned me as the Artist Manager, I'm going now Manager Han and bye everyone (looking to Tae first then leave right away).

Han : Well who said you to be with this smart and a genius one.

Rei : ...(no answer from her since she already leave)

Han : (didn't notice that she leave and ask) Manager Rei? (Then look to his teams) where?

All : Manager Rei already leaving Manager Han

Han : (almost got speechless but then remember that she already said that she's going and now then he talk to the team) alright's let get back were we left off and Je you remember that's Manager Rei have this 30 minutes earlier characters, so don't forget the time to meet with Manager Rei.

San : Tsk, tsk Bro Je are you a man or not?

Je : I'm a Man and what's wrong with that?

San : Then if you're a Man, then you must go early and will be the one waiting for Manager Rei instead of Manager Rei will be the one waiting you.

Je : ...

Yun : Je remember Manager Rei will only accompany you as all around Manager and not a date, okay?

Je : Yeah, yeah I know but I'm still happy that Manager Rei will be my all around Manager for tomorrow.

All : (Except Je) why?

Je : Well duh, it's because I would be with Manager Rei for the whole day and I might have chance since my rival already eliminated by default.

Aii : Rasfi, jvm?

Je : Well duh, of course Bro Tae and he already have twins so my rival got eliminated by default. At first, Tae is my greatest rival since he got some points towards Manager Rei but then he announced that he have twins, so I'm glad.

All :

Han : Alright, let's stop with this topic and I think you don't have a chance Je.

All : Eh, why?

Han : Don't tell me you didn't notice that Manager Rei is always wearing a ring to her right ring finger, so it's means that Manager Rei already married to that special someone of her.

Tae : (who didn't react to their conversation but suddenly his interest got prick but then again they didn't get the hint since as an artists or celebrities it's normal to wear an accessories but all of them didn't notice that Tae never wear a ring to his ring finger when Rei is not yet a Manager and already wearing a ring to his right finger when Rei joined the team).

All : (Except Tae) duh, Manager Rei already wearing it on the first day she joined to our Team, Manager Han.

Han : Eh, really? (They nodded) oh, so I got it wrong, well Manager Rei is still young so maybe I'm just overthinking but then why she's wearing that ring on her right finger?

Yun : Maybe it's because that ring is from Manager Rei special someone and coincidentally Manager Rei just wear it to her right finger because we have freedom to choose where are we going to wear the ring, right? (They nodded again but except one and it's not Tae this time)

Wang : (Didn't nod but just wondering) 'think carefully, I meet Manager Rei for the first time when I and Tae almost hit her and that day she's not wearing a ring or any accessories to her fingers.' (Then looking to Tae, remembering and recalling of what he said last month during the Twins Baptism) 'Is Tae really telling the truth? And when did he start wearing a ring to his ring finger?'

chapter 326 - Why this time?

The team go back to their works and their usual routines but then Manager Wang start feeling suspicious about Tae and Manager Rei true relationsh.i.p.s. Too bad he didn't get any other clues or else he will already know that the two are married and what did Tae telling last month was not a lie but 100% accurate of his words.

The team are now focused to their routines meanwhile Rei preparing her day since she will be working whole day tomorrow and as a mother of twins, Rei prepared the 10 bottles in advance and already full since she already pump her b.r.e.a.s.ts in advance when she returned.

Mom : (Notice that her daughter in law put milk bottles inside the refrigerator and ask) working for whole day tomorrow?

Rei : Yes Mom and I will trouble both you and Dad to babysits the twins.

Mom : No worries Rei and it's my first time working as real babysitters of my grandchildren when you're the one doing it until now.

Rei : Nah, you've done a lot for me and Tae, Mom. Ah, right just give me a call me if it's not enough.

Mom : Yes I will but I guessed you've prepared to much Rei

Rei : I think so but I hope it would be enough until I got back around 11pm

Mom : Okay and be careful

Rei : Yes Mom and I also prepared their diapers in the guest room and other things needed for them.

Rei : (Hug her mother in law and said) thank you Mom for accepting me to your family and for treating me well.

Mom : Geez, it's me going to say thanks because you love my son knowing that his an artist with a very hectic schedules and for everything you've done to him.

Rei : You're welcome Mom but still I'm grateful that you accept me whole heartedly without hesitation.

Mom : Alright let's stop with this kind of topic and I hate to cry especially in sentimental one, go and take a nap or else that son of mine will scold me for letting you work harder.

Rei : Okay and no Mom, Tae will never scold you because he always love you and you're the first woman he love (said and leave).

Mom : Geez this daughter in law of mine (and wipe her tears), what a filial daughter she is. Geez, I wonder what great things my son did that he have a very beautiful and kind wife like her.

After being in sentimental one, Tae's Mom prepare the foods and later got assist by her husband. Then the family eat when the two kids arrives. Tae's parents also treat the two kids like their own because of their characters and personalities just what their daughter in law have. Around 7pm, the family and in-laws are now taking rest while Tae arrives at around 11pm and looking directly for his wife. Tae already

know that around this time his wife Rei will either b.r.e.a.s.t.feeds their twins in the living room before putting them back to their cribs or already sleeping in there room. After entering the house, he didn't find his wife in the living room, so he know that she's already inside the room since he message his wife that they will not having driving lesson tonight because of her full schedule tomorrow, although he already know how to drive but he still need his wife help and assistance since he will be taking driving examination and get driving license on Dec 11. December 11 is a day before his Sister 2 Wedding day and can drive his wife if he passed. Tae entered the room and found that Rei already sleeping quietly, he didn't disturb her since his only lying down beside her but then her wife is a light sleeper and awake when her husband hug her.

Rei : Dear (then hug him back)

Tae : You're awake?

Rua : (immcare om vuz vplgfrt, lfat frt flc) Jplo fjfcu, jvw?

Tae : Can I talk to you?

Rei : Yeah but what's wrong? (Getting up from the bed and Tae assist her)

Tae : I really, really forgot that I would be enlist next year.

Rei : Geez, it's alright but why are you looking sad?

Tae : Because I will be away with you for 2 years.

Rei : Don't worry I will be alright and same with our kids and just do better, okay?

Tae : Uh-uh (then hug his wife)

Rei : And then why are you still look worried?

Tae : It's because you will be Je All Around Manager tomorrow and I'm worried that maybe some paparazzi spotted the two of you and create dating rumors.

Rua : I jmpit gu hfzudpi Tfu

Tae : Yeah I trust you and know you Hon but then Je I don't trust him because I know him very well.

Rei :

Tae : Alright just remember this Hon, if ever you spotted some paparazi's tomorrow, please don't let them catch you or got one photo of you, I don't care if they get photos of Je but for you no I won't let that happened, okay?

Rei : Okay but why are you so worried when it will be just a rumors and we know the truth. Most of all you're the one I love, my husband and father of our kids.

Tae : (Tap her head and replied) because I'm still not have a dating rumors with you and with your clear face shown to the public.

Rei :

Tae : Alright let's take a sleep because tomorrow you will leave early.

Rei : Okay (then the two lie on the bed and Rei hug him before falling to a slumber state while Tae just looking at her and c.a.r.e.s.sing her hairs)

“Tae?”

“Oh, Manager Wang you’re still awake?”

“Yeah, so what you said last month is the truth, right?”

“You believe me?”

“At first I didn’t and confused but then you’re not the type to tell lies and not uttering single words if it’s not important to you. During that time, I didn’t say a single words or reply because I’m confuse but then after hearing Manager Han this afternoon about Manager Rei wearing a ring, I suddenly recalling that time, during our first meeting to her. Manager Rei didn’t wear anything on her fingers both sides and then you’re also the type to wear rings either from your index or middle finger, so then Manager Rei is the mother of your twins and you’re wife right?”

“Uh-uh and please keep it to everyone since I will disclose to them at the right time again”

“But last time you tell us”

“I’m planning to disclose that time since I thought it’s the right time for them but then why this time, when they are still not ready to believe me?”

“Sorry for that time Tae”

“It’s alright Manager Wang and Rei explain to me that time that it’s not the right time for the team to know and then today it’s the right time for you to know Manager Wang”

“I see, so then how long?”

“Mmm?”

“How long have you been in a relationship with Manager Rei?”

“We’ve been dating last May so it’s almost 19 months by now and will be celebrating one year anniversary of marriage on Jan 2”

“That long?”

“Uh-uh”

“Woah, so the Goddess of C International and Group Company, Mr. Hwang Head Secretary and Manager of CA Entertainment was already taken by you”

chapter 327 - You know?

After hearing that side comment from him, Tae suddenly have a gloomy aura because of what he said because its really true hence time by time his wife became more popular and received many confessions but then his gloomy aura suddenly disperse because his wife always telling him who’s courting her and then his the one rejecting them because Rei will let him do rejecting them through messaging them by phone and Rei will reject them personally when Tae is around but just hiding at the corner and just listening their conversation through EI devices.

Manager Wang notice his subtle expression and first time witnessing this from Tae who’s known to be the team as Chic and Quiet Main Vocal then suddenly remember something.

“Oh, that’s right Tae”

“Mmm”

“C—can I see the twins?”

“Right now?”

“Uh-uh”

“Okay then let’s go or else someone will hear us”

Then the two go out from their team and Tae open the door through pinning the passcode to the keypad since the team have the same lock aside from keys.

By the time they got entered, Rei just happened to got out from the guest room since she put the little boy after done feeding him and only notice her husband.

Rei : Oh, Dear you’re here

Tae : Yes Hon and Manager Wang want to see our Twins.

Rei : (just realized that Tae is not alone and then replied) I see, so you know now Manager Wang? (Wang nodded while she approach her husband and put her arm around his waist) I just got out from the guest room and they’re sleeping now. If it’s alright with you Manager Wang, you can just see them in a glimpse only since the twins already sleeping.

Wang : I’m alright with that Manager Rei

Rei : Okay then come...(got stopped by Tae)

Tae : Just go back to sleep Hon and I’m the one doing that one, so take a rest now because you will be leave early tomorrow.

Rua : Ev?

Tae : (whispering to her wife) you’re only wearing a pajama shirt and short, so go now okay?

Rei : 'This husband of mine, don't tell me his jealous again?' (then looking to her husband and Tae nodded as if he heard her that left her got sweatdropped but then agreed and reminded her husband) okay I will, you too Tae and you need to rest after showing Manager Wang the twins (then return to their room)

Wang : 'How come I didn't notice it that Tae and Manager Rei always looking to each other lovingly just like this?'

Tae : Manager Wang let's go

Then Tae led him to the guest room and see him his twins, after only a little glimpse they go out from the house but before they go out, Manager Wang recalled something and said to Tae.

Wang : Think about it, the two of us meet Manager Rei in a dangerous situation since we almost hit her and then I leave you here.

Tae : Yes Manager Wang and that's my first encounter with Rei

Wang : That must be fate to meet her but well you're deserve to be with Manager Rei and I can see how much you love her but for now let's head back or else the team will wonder where the two of us go.

Tae just nodded but very happy and glad because one of his Team Manager already know and see that he deserve to be with Rei. Tae didn't included Rei as his Team Manager because he only see her as Rei herself not with her reputation such as Secretary and Manager, as the husband of her, his very proud of her achievements and treat her as Manager if they're with the Team or else the team already know that his in a relationship with Rei along time ago if he treat her differently, well he really treat her differently but then if the team can connect each hints then they were all aware that his in love with her the moment she lands first in S Country. Tae and Manager Wang got back from the team house and take a rest right away.

Already waiting outside of his Manager car and looking out to all elevators since he don't know which one his Manager got used then he see a little glimpse of her and call out his Manager right away
"Manager Rei"

"Good that you're here on time Je"

"Yeah and Manager Li already prepare foods for us for our Lunch, Manager Rei"

"Yeah I know since Manager Li notify me thru message yesterday, alright let's not chat and hop in" said while opening the car.

Before starting the engine, Rei's looking around and didn't find someone lurking around but then when they leave from the parking area, Rei found someone following her car. She looks to Je first but then he didn't find anything since his busy chatting with her even she only replied to him if it's really necessary one. Just for example he need to do his best for this replacement even it's only a day because he will learn it from this experience and will improve more then Rei will reply to him that yes he need to do his best because it's his own future.

Since the location from CA Residences and Complex to Convention Theater Hall is 16 km away, they arrive 35 minutes at the Venue and then again Rei found out that the car is still following them. She park the car first which is nearer to the entrance of the Venue Hall. Before getting out from the car, Rei looks to the car who followed and notice that the car park at least 15 meters estimated distance away from them. Rei press something from her car and then instruct to Je.

"Go first to the venue and I will follow you Je"

"Yes Manager Rei" (answered without finding out that someone following them)

After Je get out from the car, she notice that the passenger of the said car who's following them are now sneakily capturing photo of Je and to her car. Luckily she activated the function of her car that whatever they capture the photo, her plate number will be blurred from the camera.

"Geez if I don't know this and happened not to notice them, then for sure my plate number will be exposed. Sighing, I do wonder why they didn't take any picture of us everytime when I and Tae go out".

Then got out from the car and making sure that her face will be blurred from there camera since her husband said so. Before going in to the hall, she talk first with the Security Personnel.

“Sir can I bother you for a moment?”

“Yes Ma’am”

“Have you record of our time arrival and that car arrival after us?”

“Yes Ma’am, why? Are they from the entertainment news since M’dol Han just got out from your car?”

“Perhaps Sir but then here, help me capture photos of their car and them. You can just pretend that you have a call since it well automatically capture any photos of them since I already set the face detection auto mode for camera. By the way, I’m the Artist Manager of CA Entertainment”

“Okay Ma’am” accept the phone which is a blindspot for the persons whose following them.

“And please make sure that they didn’t take any picture of my plate number” said to the Security even though she’s already activating her system to have blurred results.

“Yes Ma’am” then Rei leave right away while he do what she request for.

For the whole day, both Rei and Je didn’t go out since Manager Li already preparing foods for them meanwhile the paparazzi’s whose following them didn’t leave and just wait for them. They didn’t have take any closer pictures of her car because of the security but even it’s so fac they still have take picture of her car and her though they didn’t know who she is because Rei already aware of them and yet they are not. Almost 5pm, the two got out from the hall while Rei look to there direction.

‘How persistence they are?’ then said to Je “Je go in first and I already open the car”

“Uh-uh” energy got drained so he just agreed right away and go to the car in order to take a nap without knowing that some paparazzi’s are following them.

After Je got in, she talk to the security and give her working email address to send the report of their arrival and departure time including the full details and her request with his name on it to be sure it's authentic. Rei start the engine and leave without feeling pressure then arrive at the studio without feeling any pressure because she can counter attack them.

"Good luck with the team schedules for today and help me call Tae to be here"

"Yes Manager Rei and thank you"

"No worries Je and that's my job because I'm one of the Team Manager"

"Bye Manager Rei and thank you for giving me time to take a nap" then leave right away.

Meanwhile Rei look to their direction and after Je got out of sight they leave right away while she calls someone.

chapter 328 - M'dol Han dating

After the car who's following them for the whole day leave, Rei called Mr. Hwang and report everything to him. And Tae just happened to hear it since he already hop in but didn't disturb his wife.

— Phone Conversation —

"Ring, ring, ring"

"Yes Manager Rei, is there something wrong?"

"Yes Mr. Hwang and some paparazzi's are following me from the CA Residences to Theater Hall and just leave right now after I dropped Je off in the studio. Je is not aware of this paparazzi's and I didn't inform him in order for him to not be distracted of his activities. I will forward you the details Mr. Hwang"

“Okay and are you alright Rei?”

“No worries Mr. Hwang and they didn’t get my face clearly”

“What do you mean by that?”

“We will know it after they release the article”

“Okay and I will call you after meeting with the other Managers”

“Yes Mr. Hwang and that’s all”

—End of call —

After the call, Tae asks his wife “are you sure that they didn’t got capture of your face Hon?”

“Uh-uh”

“Sighing, you’re first dating rumors is with Je and yet they didn’t capture anything about us. Sighing again, we even did the deeds in the car and yet they don’t have any clue of it. I’m more glad that I have scandal towards my wife than my wife have dating rumors with other guy.”

“Alright stop with that Dear and they will not know who I am, so then have you eat you’re dinner?”

“Not yet and I decline the team since I want to eat together with you”

“Okay and let’s have our dinner near the Performings Arts Grand Theater Hall”

“Uh-uh and let me drive Hon”

“Okay and it will be your practice before taking driving examinations” then change their position “do you want to drive everynight from here to the Theater Hall?”

“Uh-uh but what if someone from law enforce will get us because I don’t have driving license?”

“Silly you already have a Permit and able to drive as long as you’re with a License Holder”

“Ahh, that’s right” then Tae drive while suddenly Rei suddenly feels sleepy.

“I’m sleepy Dear”

“Okay and just take a nap Hon, I will wake you up when we arrive”

“Uh-uh” THhn Rei sleep right away. After then, she heard Tae waking him up and asked him informally “we arrived?”

“Uh-uh”

Then Tae hop out first then assisting his wife but then when Rei hop out, she suddenly feel dizzy and if Tae’s not fast enough then for sure she will fall.

“Are you alright Hon?”

“Uh-uh” ‘First I feel sleepy, now feeling dizzy? Don’t tell me I’m pregnant?’ “Let’s go now Dear”

Then the two go to the restaurant that only opposite to the Performings Arts Grand Theater Hall and ask for table of 2. Tae is the one ordering the foods because he already know his wife favorites. The waiter serve the foods for them, he recognize both of the couple but didn’t react only to his mind since they have rules to respect the privacy of their customers especially if they artists and celebrities.

“Sir and Ma’am here’s your order”

“Thanks” answered by both couple

“You’re welcome Sir and Ma’am. If both of you need anything then feel free to ask from anyone of us”
‘Eh, so M’dol Woo and Secretary Rei are dating? Woah, looking closely and personally they are both stunning and woah Secretary is like a goddess lucky for him....’ wondering but got stopped when he notice that Secretary Rei suddenly feel vomiting and M’dol Woo ask him something.

“Are you alright Hon?”

....No replied from Rei since she covered her mouth

“W—where’s the comfort room?”

“T—-that way Sir”

Then Tae assist his wife to stand and led the way to the comfort room. Meanwhile all the staffs are talking about them in secrets since they’re not allowed to talk especially if it’s about their customers.

S1 : That Lady is Secretary Rei right?

S2 : (The waiter who served them) yes she is since we only know Secretary Rei through the Business Magazine.

S3 : Woah, she’s really a goddess but then that man is M’dol Woo? (Everyone of the staff ladies nodded) so they’re dating and perhaps Secretary Rei is pregnant?

All : It must be.

All : (Ladies Staff) 'So M'dol Woo is not single anymore but then knowing it Secretary Rei, then his really lucky to have her. No other girls can go against with her.'

All : (Male Staff) 'Eh, Secretary Rei is dating with M'dol Woo? If she's really into celebrities then she must choice Biyu, the hottest celebrities in S Country'

S2 : (Waiter) 'Woah, if they're really become a married couple and Secretary Rei is really pregnant then it would be the most beautiful / handsome kid here in S Country'

Manager : All of you what are you chattering about?

All : Sorry Manager Do

Manager : You must remember the restaurant rules and go back to your work (then the staffs left and do their works) 'so that's why I got rejected by Secretary Rei'

—Back to the couple Tae and Rei —

Tae assist his wife and led the way to the comfort room then c.a.r.e.s.sing her back while Rei vomiting but only water.

"Did you eat something bad during lunch or did that Je give you something weird?"

"No I didn't and Je didn't give me something weird."

"I see, then why are you like this?"

"Because I don't like the foods anymore"

"But that's you're favorite food Hon"

“Yeah I know but just order your favorite one Dear”

“Okay and I will eat all your portions, by the way are you sure you’re alright?”

“Uh-uh and I think I know why”

“Why?”

“This husband of mine are you sure you didn’t know? By suddenly become sleepy, dizzy and now vomiting which is not my first to experience since we already have our twins’ “I know Dear but for now it’s only my assumption but I will tell you after check up”

“I’ll go with you tomorrow”

“Geez, it’s alright and I will be fine. You have fully schedule tomorrow while I have an irregular schedule so I will go to the hospital after out then I will inform you, okay?”

“Okay and give me updates or else I will be sick worriedly about you”

“Hai, hai Dear and let’s go back”

The couple got back from the seat, then as what Rei guess this little one on her w.o.m.b is really didn’t like her likes instead likes his Father Likes since she didn’t feel vomiting again. For sure if her guess is correct then starting now she will eat what her husband favorites and likes except coffee then will listen her husband songs for the whole months of her pregnancy.

After eating, the two leave and now at the Performing Arts Grand Theater Hall and chat while waiting for the other to arrive since they arrive 10 minutes earlier of the appointed time. Then when the others arrived, they introduced them one by one and what roles they’re going to act meanwhile their Managers just look and watch their Artist. The couple are busy working with each other for the first time without knowing that Je dating rumors become the hot topic and the M’dols are now in Meeting since Rei already send it Mr. Hwang after receiving the email from the Security of Convention Theater Hall.

[J.L. Entertainment – M’dol Je is already taken and have a girlfriend.

Our Press Team, followed them from CA Residences and Complex to Convention Theater Hall. The said girlfriend pick up M’dol Je personally and accompanying him to his Schedule without any Managers Around. It proves that CA Entertainment is aware of it. Please see attach photos and the CA Entertainment can’t deny anymore because it’s M’dol.]

After that article got release all Entertainment News except one are quoting that post and then make another statement about Je’s dating rumors such as:

[KS Entertainment – M’dol Je is dating and have been lying to the fans that’s his Single]

[JKR Entertainment – M’dol Je confirm dating]

[H.EM Entertainment – M’dol are all bunch of liars, they said they are single and yet M’dol Je is dating. Who’s your girlfriend M’dol Je? For sure you have a sugar Mommy since you’re girlfriend have a luxurious car]

Then this is the statement of the top Entertainment News [S Entertainment News : Is it true that M’dol Je is dating or not? Stay tuned for more details]

chapter 329 - Dating Rumor 1

After that statement release from different Media Entertainments, Rei received a call from Mr. Hwang around 8pm.

—Phone Conversation—

“Ring, ring, ring”

“Yes Mr. Hwang”

“Have you seen the Entertainment News?”

“Not yet Mr. Hwang, why? Don’t tell me they’re already releasing statement about Je dating rumors with me?”

“Yes you guess it right and see it first then call me back”

“Yes Mr. Hwang”

—End of Call—

After the said call from Mr. Hwang, Rei search about Je and indeed he become the most hot topic and trending to S Nations Entertainment. She read every statement from each entertainment and then have a good view from S Entertainment News because of their statement.

By reading the S Entertainment News statement, Rei wondered at the same time ‘they really deserve to be the Top Entertainment News in whole S Nations’ commented through her minds and then continue reading the other statements without noticing the her husband always monitoring her everytime they have 1 minute break.

‘Is Hon alright? What she’s doing on her phone when I didn’t received any messages from her’ Tae busy wondering about his wife without noticing that someone calling him and only stop wondering if he only heard the Musical Director reminding him that almost time to shoot again since it’s not a recorded musical but a live instead, so they must do it right and avoid mistakes.

After reading the whole statement from each entertainment, Rei look first to her husband and observe him before calling to Mr. Hwang.

—Phone Conversation—

“Ring, ring, ring”

“Yes Manager Rei, did you see it?”

“Yes Mr. Hwang and for now let’s wait for them to release another statement because it’s not yet complete since they only post about picking up and accompanying Je to Convention Theater Hall. We will only counter attack after they post about dropping Je off to the Studio and other details that its involve me”

“Okay, I will follow your arrangements and for now after you and Tae finish there, go back here in the studio and we will have an urgent meeting. The teams are already here and we’ll be waiting for you”

“Yes Mr. Hwang”

—End of call—

After the call, Rei just observe her husband behind the scenes and off the stage. After observing him she take a back up copies of their release statements before they delete it even though she can get any copies of it even if it’s deleted but then no one knows her other identity except her family members and her husband, so she needs to have a copy of it. She can also delete it without waiting for the release to get more hot topic but then her identity will be expose and they can connect that R is connected with M’dols, so this time she will do it as Rei, the Manager and not as R, the hacker.

At exactly 9pm, the musical for tonight are already wrapping up and the teams dismissed after wrapping up. Tae go to his wife right away without realizing that someone following him and hiding somewhere but that someone didn’t heard the couple conversation.

“Are you alright?” Asking about her health.

“Uh-uh and Tae they’re already released the statements”

“I see, then you will be the one driving Hon after you drop me off at the studio”

“Eh but Mr. Hwang said that we have an urgent meeting”

Approach his wife and closing their distance before cupping her face then said "listen to me okay"

"Okay"

"Good so now after dropping me off, you will go home right away and I will handle the rest. Geez, do you know how you're husband worried about you?"

"Yeah I can see it, you're performance just now is like a monotone if that's not also part in your script then you already got scolded by the director for your first day"

"You're watching me?"

"Of course and I will always watching you Dear"

"I'm going to kiss you but then we're in the public place so I restrain for now. Alright, let's go before I will eat you right here and then"

"....."

The couple leave the hall right away without knowing that someone's looking them but at least that someone didn't heard their conversation but then that someone saw everything and witness of how sweet they are. Although the couple are now doing what they usually do as a Manager and Artist actions but still everyone from the musical teams are now confuse of M'dol Woo actions especially everyone view him as a chic and quite Main Vocal of M'dol but then right now his talking a lot to this Manager of him. Well, seeing this type of a real beauty then no one can restrain theirselves especially if you're talking to someone with this type of beauty. They even try to talk to Rei but then only got ignored by her if it's not work related and her words is only counted if it's work related. They are not surprised when she's talking to Tae, since she is the Manager of him and just conclude that this two have similar personalities and characteristics.

“Are you really sure that you’re alright Hon?”

“Uh-uh”

“C—can you promise me that you will go back home in safe and in one piece?”

“.....”

“Geez, come here Hon”

Rei approach her husband and ask “what’s wrong Dear?”

Hug her then said “I’m worried about you, are you sure that you’re alright?”

“Uh-uh and I’m really fine”

“But....” got stop since Rei kissing him passionately and a deep one.

“Trust me Dear I’m really alright and nothing going happened to me. And of course you will know it tomorrow why I am like this, okay?”

“Okay and I trust you Hon, just give me your updates, okay?”

“Okay”

Tae got out from the car and then said to his wife “alright go now and I will only leave after seeing you driving safely”.

“Hai, hai” then Rei start the engine and leave right away but she heard her husband shouting something to her.

“You must call me when you arrive home in safe” then he heard her honking her car “silly” and get inside the premises right away.

“You’re Father is really worried about us little one and hope I’m not wrong about you.” Rei said it loud while c.a.r.e.s.sing her flat stomach.

—At the studio—

Mr. Hwang only called the team for urgent meeting and didn’t explain that Rei have already done everything to counter attack their statements.

Han : Mr. Hwang, see just what I told you yesterday and now Je have dating rumors with Manager Rei.

Li : I would be at ease if it’s only Je and Manager Rei but then what if Manager Rei also have dating rumors with Tae?

All :

Chi : Alright let’s stay positive.

All :

Yun : Geez, Je have you not notice that someone already following you and warn Manager Rei in advance?

Je : No Bro Yun, I didn’t. If I notice it then I would not have dating rumors with Manager Rei.

San : Tsk Bro Yun you're just excited and now how can we counter attack them if we don't have evidence to prove that you and Manager Rei are not dating.

Je : Eh, then I would just admit that I like her and not my girlfriend.

Tae : (Suddenly speaks out of nowhere) You would only create more trouble if you will do that one Je.

All : Tae since when did you come in?

Ypr : Gwwffvv (lvmpo ovur vao vaq vfzt) hfr wmp easu pl jfzr gudmzu lhfzare pl mz usur fo iuflo crmhc ovu tmmz?

Tae : Well I knock many times but you didn't heard me so I come in and then heard that silly idea of Je.

Je : Well I didn't notice any of them and now I've also dragged Manager Rei along with this dating rumors about us. Manager Rei will be know in advance of what she's doing to do if I have notice them but then I didn't and now we are in this predicament, sorry everyone.

Tae : At least you know but who said that Manager Rei is not aware?

All : (Except Mr. Hwang) Eh?

Tae : Manager Rei is aware of it and in fact she already send it to Mr. Hwang.

All : (Except Mr. Hwang) Eh?

Mr. Hwang : 'This doting wife. He really hate that this wife of him have dating rumors with any guys and yet he still not disclosing their relationship' alright guys Tae is right.

chapter 330 - Tae acts as Rei

After hearing it from Tae that Manager Rei have counter measures for this statement they are all surprised and didn't believe it first but then Mr. Hwang confirm it that Tae is right.

Han : So then Mr. Hwang what this Tae talking about that Manager Rei have counter measures?

Hwang : Manager Rei really have counter measures and we can counter attack them. She really notice that someone following them but then she didn't inform Je about this one in order for him to not be distracted from his performances.

Han : I see and then by the way speaking about Manager Rei, where is she?

All : That's right Manager Han

Han : So Tae where's Manager Rei when you're with her tonight?

Tae : Manager Rei just go home directly after dropping me off here because she's not feeling well but she did instruct me what to do. (Half true and half excuses since for him, his wife is not feeling well and he said to his wife that he will do the rest)

All : Eh?

Tae : Manager Rei said to me that she's already send everything to Mr. Hwang and we will counter attack them as earlier before this news will spread widely that cause for Je and Manager Rei reputation to be in vain and both their effort will be going to waste because of this baseless specualtions.

Hwang : 'Rei just said to me that we will wait for them to release another statement and yet here we are. But well Tae is her husband so she might already know' okay, let's go and to the conference room. (Everyone automatically stand up, going to the conference room and then seat while waiting for Mr. Hwang further instructions) okay and here what Manager Rei send to me (put the hard copies on the table).

After putting it on top of the table, they get one copy each and read the doc.u.ments.

[First Doc.u.ment : Security Report

I, Son Yuki, Convention Theater Hall Security Personnel have this doc.u.ment recorded per the Artist Manager of CA Entertainment Instructions. She approach and humbly request to me to record the time of they're arrival and departure. They because someone following them, the Artist Manager have red color car but I will not state her plate number for the Artist Manager Privacy. She and M'dol Han arrive the premises at exactly 6:35 in the morning while the car with a plate number DIY5878 arrive after them. M'dol Han got out first followed by the Artist Manager and instruct me of what to do. The said Artist Manager give me her phone for doc.u.mentation of her and I'm the one taking picture of them as per her instruction. She and M'dol Han leave the premises around 5:05pm after the said Artist Manager get her phone back from me, as for the car who's waiting for them for the whole day they also leave after they leave. I attached my formal doc.u.mentation including my log book records and my seal for the authenticity of this report.]

[Second Doc.u.ment : Photos

All photos of the 4 paparazzi and the car they use with the said plated number stated above. They also have a picture of them sneakingly taking picture of Rei's car but a security is guarding the car and they didn't get a close look of the said car]

All of them except Tae and Mr. Hwang are shocked and surprised because of Rei's amazing skills and observations, she really have solid evidence to prove that they are not there in the place for personal reasons but for work purposes only. They still looking it again and again until they heard someone phone's ringing and look where they came it from.

Tae : Ah, it's mine (get his phone from his pocket and see who's calling) it's from Manager Rei, guys (then answered right away)

—Phone call conversation—

Tae : Yes Manager Rei?

Rei : You're with the team?

Tae : Uh-uh

Rei : I see, I called Mr. Hwang, Manager Han and Bro Yun to pass the call to you but then none of them answered my call so I just called you using your public phone or else they will know that you're mine if they happened to witness that I called you using your private phone when in fact you personally designed it with the photo of us kissing on the cover of your phone. So then my dear husband, I arrived safe and in one piece, so don't worry, okay?

Tae : Okay

—End of call—

Tae : (hung up) Manager Rei said that she can't contact you Mr. Hwang, Manager Han and Bro Yun, so she called me instead.

Aii : (euo ovuaz nvmru zaevo fjfw frt artuut Mfrfeuz Rua hfiut ovuq)

Tae : So then after this, Manager Rei said to me that we must counter attack now or else everyone will believe that Manager Rei and Je are dating when in fact they are not since we didn't release our official statement yet. She also said that since her identity as Time Manager is not yet disclose to everyone then we will keep it the from the time being until the right time to disclose it because it will be more creating trouble for us if we say that she's our Manager at this time when she and Je have still this dating rumors speculation. They will only see that we only make excuses and reason out that she's a manager since they will think that we only cover for them because we already know and aware of it. Manager Rei only said that we can reveal her as the Artist Manager because it will be precise for this time because she know the best for the Managers Schedules and because most of all she knows that Managers are all busy, so she did it for herself and be Je Manager today's sudden schudule of Je. So revealing her as the Artist Manager is more secure than revealing her as the Team Manager because they will only think that we're making excuses if we reveal the later part. Revealing her first as the Artist Manager will not affect her as one of the Team Manager since as the Artist Manager, she knows how busy the Managers is, so she become Je Manager for this time.

All : (Except Mr. Hwang) Tae / Bro Tae?

Tae : Yes?

Han : Are you sure that you are the Tae we know?

Tae : Mmm...

All : That's the Tae we know and you're back Tae

Tae :

Han : Geez, I thought awhile ago that you've been possessed by Manager Rei, since you act just like Manager Rei, this time Tae (everyone nodded including Mr. Hwang).

Tae :

Hwang : 'Ha, ha, this couple really act as one right now since they are already a parents of a pair of Twins. First Rei and then now Tae, well they've been a couple for almost 2 years now. What a scene for witnessing Tae would become like this? And that's only because of Rei existence, indeed Love conquers all'

After their urgent meeting in the conference room, everyone go out and now in the studio to prepare their counter attack but before that they release another statement.

Yuri : Everyone

Hwang : What's wrong?

Yuri : Ah, sorry for not noticing you Mr. Hwang but look to the entertainment news first.

All : (Except Tae and Mr. Hwang) what?

Yuri : They release another statement and this time.....(didn't finish since Tae interrupt her)

Tae : Here guys, they release a statement that Je and his rumored girlfriend accompanied him to his schedules with the photo of them. Well, you can really recognized that it's Je but you can't recognized it's Manager Rei since all her photos are all blurred.

Yuki : Eh, t—that's Manager Rei? Then.....

Tae : Yes and right Manager Rei become Je all around Manager and they just misunderstood or just scoop this news since they don't know Manager Rei identity.

Yuki : T—Tae, are you sure you're Tae?

Tae :

Hwang : You can go now Ms. Yuki.

Yuki : Yes Mr. Hwang. 'Geez what's wrong with Tae awhile ago? It looks like I can see Manager Rei through him. It must be my hallucination since I like and respect Manager Rei very much, yeah that's right, an illusion only.'
