Rei knock the door three times and heard the Manager ask.

"Who is it?"

"It's Rei, Manager Xiu".

"Get inside Ms. Rei"

Rei open the door then get inside in the Manager office.

“Yes Manager Xiu and I will accept my promotion.”

“Good, good and you really make a right decision Ms Rei. The main branch are confident enough that you will agree on or before the given allowed time for you and they already make a preparation and book a ticket for your flight.

“Ticket for my flight?”

“Yes whatever it is as long as it’s not violating any company rules.”

“Then can I bring my 2 nieces and 2 nephews here in my work starting tomorrow before my farewell party?”

“Yes Manager Xiu’

Rei leave the office while holding the white letter envelope (ticket) and long brown envelope (doc.u.ments). Her co workers thinking that Rei might get fired when they saw her holding white and brown envelope. They were wondering and going to ask but because of the company rules they didn’t dare and just pity Rei for not becoming a regular even through Rei is the most excellent employee compare to them. All of them are just lucky that they become a regular when the Manager from that time was Ms. Qiao that got suspended right now and they think at the same taught that Manager Xiu cannot be easily to fool around, strict and show no mercy to those who violates the rules.

“So let’s bet guys, one week from their opening they will be close down.”

“Geez you’re so bad Mr. Su.”

“I’m stating the truth and I’m already working here for almost 15 years and observe that only the influential one can survive here in the main C City.”

“Yeah, you’re right Mr. Su.”

“But hey I heard that the owner of this is just arrive from abroad”

“Oh, well their not well known so they will bankrupt soon so who’s with me?”

“How sure are you, Mr. Su?”

“I’m 100% percent sure, my girlfriend and I saw the owner yesterday, 2 Pretty Ladies and 2 handsome gentlemen’s. If they entering entertainment industry and fashion they will success for sure but opening a restaurant they got it wrong.”

“Eh, you saw them Mr. Su? Are they really pretty?”

“Yes, they really are and I’m sure they were the owner because they check their surroundings yesterday and their auro are just got back from abroad”

“Photos, do you have?”

“Too bad I didn’t since my girlfriend got mad at me. Well who will get mad that I’m looking to them even I’m with her but for now who’s going to bet me?”

“Mmm....for me maybe they will survive within a year, how about you Mr. Su?”

“One week after their opening will close down, so who’s with me and who’s with Mr. Lin?”

“18 votes for Mr. Su and 1 vote for Mr. Lin, for himself only”

“Eh, eh, all of you agree with Mr. Su?” They nodded and he notice Rei didn’t agree so he ask her right away how about you Ms. Rei?” then all of them are now looking to her.

“I will agree with Mr. Lin but it’s not within a year maybe they will become famous someday”

“Eh?”

“It’s my opinion and don’t judge a book by it’s cover. Who knows that one of the owner is more famous compared to what you imagine”

Rei is right because En, her brother in law is well known international captain and navigator, Mei is well known Teacher and Secretary, El is well known as one of the genius electrical engineer and Lyn who got an award for a Best Chief but didn’t pursue because of family reason and only Rei is not well known but in the future she will. All of Rei family members are all low key so they don’t know their real identity and faces so no need to disguise if they well going out.

“Eh, what do you mean Ms. Rei?”

“Nothing, but remind you guys it’s almost working hours. I’m going first.”

“Eh?”

They hurriedly finish their lunch and all of them are thinking the something except for Mr. Lin “Just act arrogant Ms. Rei, I’m sure you just acting like that but you already been kick out and only a matter of days that you won’t be here.”
