

Last Man 401

chapter 401 – Back to Work

Right away the kids along with Butler Yan get inside the house and then the couple left right away.

“Seeing Ken and Jinyu interactions for sure this two will become the best buddy after all”

“Yes Dear you are right and I still remember that Jinyu told me that he doesn’t have friends since he is always with Jinxi and Rui but then now he becomes friends with my niece and nephews especially with Ken”

“Yeah, and who would have thought this one, huh?” And then he is looking to his wife only a glimpse of her since he is still driving at the moment but even it’s only a glimpse, he notices his wife and asks “are you sleepy Hon?”

“Uh-uh and I will take a nap”

“Yes go ahead Hon and I will wake you up”

On the way to the studio, Rei sleeping for the whole ride while carrying their baby girl with its baby carrier and the same with Tae, his driving not so fast and just an average speed since his own family are with him and most of all he carries their baby boy after all.

30 minutes before 7 am, they arrive at the CA Entertainment premises and waking his wife first then hopping out from the car. They are using the VIP Path since the twins are with them while walking and on the way to M’dols studio, Rei notices something and asks about something.

“Eh, think about it, are you supposed to be here around 6 am for the team rehearsal then?”

“Yeah but I ask Mr. Hwang permission that I will accompany you, Hon, starting today until the day before enlisting.”

“I see and fortunately I only fixed the team schedule for the whole week of January and not for the whole month of it”

“Yup, yup” then knocking on the door right away. Already knocking on the door since he is always got scolded by Yun for always scaring him by appearing out of nowhere and without knowing his presence when in fact he always knocked on the door every time he entered the studio. He didn’t come in after knocking and hearing no response from them since the baby boy is with him now so in order to avoid getting hit by Yun since he always scared, he just waits.

“Are they not yet here?”

“They are here now but I guess they didn’t hear my knock”

“I see then let’s open it right away since both of us already knocking on the door”

“Eh, but wait Hon....” Too late for him since Rei opens it right away and then all of them witness how Yun scared and shout like a woman.

“Gyaah and what the heck is that? Tae did I already warned and scold you to knock or let know your presence first before appearing out of nowhere?” Then going to hit him but got stopped right away.

“Not right now since the baby boy is with me and Yun have you notice that Manager Rei is always here with me?”

“Manager Rei?” Then looking again and just realized that indeed Manager Rei is with Tae that cause him to screamed again “Gyaah, d—did you just see it now Manager Rei?”

“Wow you are really a scaredy-cat person Yun and yes I witness how you shouted like a woman.” Notice something and said right away “for sure Manager Su will also know this one Yun since San recorded it now”

“What?” Then looking to San and indeed he really records it “why are you recording it San?”

“Oops sorry Bro Yun but knowing that you already have Manager Su as your girlfriend then I will let her know of who really you are”

Then the two M’dols members are running like a mouse and cat, Yun as a cat and San as a mouse.

Han: Hey, stop it the two of you, and by the way Tae, I thought you’re going to be absent today, after all, yesterday will be your first night as a married couple.

Wang: Manager Han you forgot that these two have been married for a year so it’s not their first night.

Han:

Li: Oh right you are here now Manager Rei, so it means that you are not working behind the scenes anymore?”

Rei: Yup since my relationship with Tae already disclose so no more hiding from me.

All : (After hearing that one from Rei they are all looking to Tae’s direction including the two who’s playing mouse and cat) so you’re the reason why Manager Rei working behind the scenes then?

Tae: Hon?

Rei: Oops I thought everyone already knows about this one but yeah Tae is the reason why I’m working behind the scenes and it’s not because of hiding about our relationsh.i.p.s instead didn’t let everyone know that I’m pregnant with Tae first child.

Han: Eh, so the reason your working behind the scenes was because you got pregnant with the twins and since your relationship with Tae is a secret, you working behind the scenes to avoid being got mistaken about something since you got pregnant without having any relationship when in fact you are already married to Tae, right?

Rei: Uh-uh

Han: I see and by the way why the two of you bringing the twins then?

Tae: It's my decision Manager Han and I will be enlisting this year so I need to bonds with twins since I will be away with them for 2 years.

Chi: I got your point Tae but what if the twins are suddenly crying when we have our team schedules area then?

Tae: No worries Manager Chi since the twins will only cry when they are hungry or want to change their diapers and both I and Rei already know when they are hungry or when to change their diapers.

Li: Then if the members and you are performing, then can I carry one of them, then?

Tae: Oh thank you for that Manager Li.

All: What the heck? You're unfair Manager Li.

Li: Well let's make a schedule then when to carry the twins, right?

Han: Yup that's a good decision and I will make that one since Manager Rei will be busy with the team's schedules.

Chi: Make sure that it's really divided well and the twins are both carry all of us here.

Han: And what do you mean by that?

Rei: Everyone 10 minutes left and for sure the teams will be late for the first time of the team schedules at the beginning of this year.

All of them except Tae are now looking to the wall clock and indeed it's already 8 am and they will have a live performance at exactly 8:30 am and 20 minutes drive to the venue of their live performance. Automatically the teams leave right away and didn't get late since Rei reminding them about the time and now the teams are rehearsing first since the program will start at exactly 9 am. This time Manager Li is the one carrying Rei Woo while Manager Wang carrying Woo Rei.

Around 10 am, the live performances already finish, and then got a little talk before leaving.

MC: Everyone that's our M'dols and now before calling for the next groups for their performances let's ask the M'dols first.

Audience : (Screaming and shouting then asking different things to the M'dols)

MC: For sure all of us here are all excited especially to the fans but before that let the M'dols greet first us here.

M'dols: Hello everyone we're M'dols and please always support us.

Audience : (Screaming and shouting again then asking different things to the M'dols)

MC: Can we ask 3 questions then? (All M'dols members nodding their heads) alright here's the questions (the two questions are about the M'dols activities) so for the last questions it's about M'dols Woo, everyone is really wondering about this one since you disclose your relationship with Manager Rei last December 29 and then right away after 4 days of confirming of dating, you suddenly got married, so it's perhaps a shotgun wedding then?

Tae : (Looking at the corner where the Managers stands and see Rei response by nodding her head) it would be likely indeed a shotgun wedding since my wife Rei is really pregnant but for us, it's not a shotgun wedding because we've been in a relationship for almost 2 years.

Audience : (Screaming, shouting, and giggling after hearing his response)

MC: I see and congratulations M'dols Woo but first why are you looking to where the Managers stand then? (Then looking in the same directions) wow, your wife is really here huh and she's really a real beauty.

Tae: Of course she will be here since she's also one of the M'dols Team Managers after all and my wife is really a real beauty. (Then the team leaves right away)

Audience : (Also looking to where the Managers stand but then the M'dols Managers already leave)

chapter 402 – Troubles in CA Entertainment

At exactly 10 am, the team arrives and back in the CA Entertainment but before they arrive, the CA Entertainment is in troubles not cause by paparazzi or anti-fans but rather cause by their co CA Families.

—- Flashback —-

The teams are still discussing that one, about the twins scheduled to be carried by each member and managers in the studio meanwhile before 8 am, the Secretaries from Head Department are suddenly discussing the Entertainment News that they just know about Rei and Tae since they were on holiday breaks and most of them celebrate their holidays break out of town that they happened to know it now since they just discuss it out of nowhere.

Sec 1: Oh, right have you seen the Entertainment News?

Sec 2: Entertainment News about what?

Sec 1: Eh, you didn't see the Entertainment News yet?

Sec 3: Is there something from the Entertainment News that we don't know about?

Sec 1: Geez, I can't believe all of you just because we are restricted to interact from the Entertainment Department from our co CA Families it doesn't mean that we are also not going to watch the Entertainment News anymore, right?

All: So what about it then?

Sec 1: Seriously you didn't know? (All of them nodding their heads) Geez, it's about Secretary Rei. (Even Rei is not a Secretary anymore they are still calling her Secretary especially from her teams – the Head Secretarial Department.)

All: Eh, y—you mean Secretary Rei as in our Head Secretary then?

Sec 1: Of course who else and this is what I read from the Entertainment News that Secretary Rei is dating M'dols Woo and that they got married yesterday.

All: Eh?

Sec 1: Tsk to see to believe huh, then here. (Showing evidence to the team)

Sec 2: Secretary Meg, Secretary Meg.

Meg: What?

Suh 1: Ymp frt Suhzuofzw Rua fzu himlu, lm wmp fizuftw crmj fgmpo ao, zaevo?

Meg: Do I need to have the same reactions as you guys when I already know about this one?

Sec 1: So you don't know then.

Meg: Yeah I don't know about this one and right I'm close with Secretary Rei but guys have you forgotten how's Secretary Rei is and now knowing that she's now a Manager from the Entertainment Department, right?

All: Ah right.

Meg: Good and now let's stop this one because all of us here are now violating the rules, so we must protect the Secretarial Head Department because Secretary Rei effort will be gone to waste if we continue to be like this.

All: Sorry Secretary Meg.

Meg: No worries and let's work seriously since it's already

Staff: Secretary Meg, Secretary Meg

Meg: Yes?

Meg: What?

Staff: And now he is on the way to CA Entertainment.

All: What?

Staff:

End of Flashback

Secretary Han just got back from J Country to the main branch because he got promoted and now the Head Secretary of Branch 1 Secretarial Department next after the Secretarial Head Department, so he is next after Secretary Meg.

He spends his holiday breaks at J Country along with his parents and just got back last night since today will be his first day working back at the Main Branch after almost 5 years of being assigned in J Country Branch. He arrives at the CA Premises and before punching in the time card he heard from the lowest department talking about something.

[Whoa I never expect that Secretary Rei is now part of the M'dols Managers]

[You are right and that's the reason why we didn't see Secretary Rei anymore here for a year now, huh]

[Not only one of M'dols Managers but Secretary Rei is dating with M'dols Woo since I just read it from the Entertainment News]

[Hey guys have you been aware that all of you here now are start violating one of the Main company rules?]

[Sorry Sir] all apologies to their Manager and suddenly feel a whoosh from someone since he really running fast [eh, that's Secretary Han right? When he got back? Is he supposed to be in J Country then?]

Now Secretary Han already inside the premises of CA Entertainment and that all of them got speechless and asks at the same time when he entered the premises of the Entertainment Department.

"Secretary Han, why are you here?"

Ignoring their questions and ask them instead "where's Secretary Rei?"

"Secretary Rei, you mean Manager Rei?"

“Yes, and where is she?”

One from the Entertainment Department interrupts and asks him “you are not from the Entertainment Department Secretary Han so you need to get back from the Business Department before you will have a sanction for coming here.”

“I know what I’m doing now so where is she?”

“Manager Rei is not here yet so you go back now”

“I won’t leave until I see her, so you can call Secretary Rei now if you want me to leave here”

“It’s up to you Secretary Han since it’s not us who violated the rules, so everyone let’s go and go back now to our works.”

“.....” Got speechless but he didn’t leave and instead of waiting for her because he can’t believe what he just hears so he must personally hear it from her than hearing the hearsay. He also didn’t read any Entertainment News because he thinks it’s only a tabloid one since it’s about Entertainment Fields they’re talking about. He ignores his phone that’s been ringing non-stop because it’s from the Secretarial Head Department since he did violate the company rules and it’s one of the major rules. He knows that he will be kicked out for sure because of his own actions but he needs to confirm it from her personally. He also knows that he has been rude to her especially during those times when he was the mentor of Rei but he regretted it because he just realized that he really loves her so that’s why he confesses to her in that manner but got rejected because he tried to scheme on her. He didn’t call her after that rejection from her because he is reflecting on his own actions and so he changes, he is not arrogant anymore and treating all people equally. He did his best to get back and to be transferred back in the main branch in order to properly confess to her again and after almost 5 years, he got promoted and now back to S Country but then only he heard this hearsay. He waited for exactly 2 hours ignoring the gossips from the Entertainment Department if the arrogant Secretary Han before then for sure he already insult them but he got to change so he just seated their without minding what they are talking about him,

‘At least they didn’t inform CEO Hwang or else I already got kicked before meeting her’ wondering until he heard the voice that he miss for almost 5 years.

“Manager Rei, Manager Rei” everyone from the CA Entertainment calling her right away the moment the M’dols Team step in the premises.

“Eh, is something wrong guys?”

“Secretary Han is here and looking for you,” said in sync while pointing where he seated.

chapter 403 – Is it true?

The Managers and Members of M’dols just arrived at the CA Entertainment Premises then they heard most of them from CA Entertainment are calling Rei attention at the same time.

“Manager Rei, Manager Rei”

“Eh, is something wrong guys?”

“Secretary Han is here and looking for you,” said in sync while pointing where he seated.

“Secretary Han from the Business Department?” ask them while looking to where they point and reminding him when he approaches her but not so close since Tae holding her waist lightly in order for some bugs will not go in touch with his wife. “Are you aware that you already violating the company rules already Secretary Han?”

“Yes, I’m aware Secretary Rei and I’m willing to face my consequences for my own actions. I’m just here to confirm personally if what I heard is really true”

“Confirming that I’m dating Tae here and got married yesterday, is what you want to confirm?”

“Yes so is it true?”

“It’s true Secretary Han and do you think that I will let Tae get close to me if we’re not a married couple?”

“Yeah you’re not like that and I just want to hear it personally from you. By the way Secretary Rei, I need to ask you about something if it’s alright with you”

“Yes what is it and let’s move to a place that it’s convenient for the three of us”

“I’m alright in here and I just want you to ask about this one”

“Yes, and what is it then?”

“If I’m not a jerk, bastard, and arrogant at that time, do I have a chance for you? If I didn’t try scheming on you do we become closer more not just a mentor and mentee relationship? I did change to become a better person and I did my best to transfer back in here because I want to confess to you again and then I got back here but it’s too late for me. I’m all aware of what I did to you so I did reflect on my own actions. You are right when you rejected me because what I love about you is your capability and achievements, not the real you but then after you rejected me I did reflect of what I see to you so I try to love someone else but then before I confess the person put in my mind is always you since then I did realize that I love you for who you are and what you are, so in order for you to not get annoyed with me I didn’t disturb or even trying to reach you instead I just did my best to transfer back here and I just did for almost 5 years, so do I really don’t have a chance to be with you even a little chance for me? Am I really a jerk and bastard that you can’t accept me? I love you Rei, I really love you for who you are and what you are.” Secretary Han confessing while crying without minding that everyone from his co CA Family from Entertainment Department is now looking to him and they witness it all.

“I” Rei got cut off by someone and that someone is her very own husband.

“You know what Secretary Han, I did respect of you because you’re also a reputable secretary before my wife. I’m jealous of you because you’re the one who welcoming Rei the moment she arrives here, I even guessing that maybe you’re a couple because you’ve been with Rei, you’ve become her Mentor and instructor. You are the first one who interacts with her but you just wasting the time that you spent with Rei because you are trying to scheme on her. If ever Rei didn’t know that you are scheming against on her and your scheming got success, have you ever think that Rei will become a Secretary and part of CA Families? Fortunately, Rei is thinking it in advance and figure it out that you are scheming against her but then gladly even you’re scheming against her you didn’t do anything inappropriate to her so that’s the reason why Rei still respect you as her Mentor and Instructor. You can’t retract what you did in the

past because it's already part of the past. You and I have different ways of loving Rei but it doesn't mean that I will give up my wife just for you since I respect you. I'm upset after hearing that you're trying to scheme against my wife but I'm still glad because that's the reason why Rei becomes wary of you. Rei is my wife and I will never let go of her, as for you Secretary Han there's one for you who will wholly be accepted who you are and what you are. You didn't need to change for who you are because that's who you are. Everyone here either from the Entertainment or Business Department knows and aware that you're quite an arrogant one before Rei appeared in here so that's why you don't need to change for who you are but at least you turn into a better person instead of becoming worse. As for the right one for you, Rei is not one for you because she's the right one for me and....." Tae stop when he notices someone who's hiding at the corner.

Everyone including the M'dols Managers, M'dols Members, and Secretary Han is now looking to where Tae looking then realized who it is.

'Eh, that's her right but why she's hiding there and crying?'

Only the one who blurted it out "Eh, that's Rin Yuri right?"

"Eh, you know Ms. Yuri, Secretary Han?" Except for Tae and Rei

"Yeah I know her because she's my childhood friend but I don't know that she's here and one of the CA Families from the Entertainment Department"

"Eh, you and Ms. Yuri are childhood friends?"

Ignore them and then said to the couple "Secretary Rei and Mr. Jun sorry for the troubles that I create with my own actions but I didn't regret any of it. As for you Secretary Rei, you are really lucky that Mr. Jun really loves you dearly and I can't defeat him like that because his love for you is so strong that no one can crumble it. Mr. Jun, I will accept fully my defeat against you and take care of her because both of you are really deserved to be with each other and most of all you're compatible with each other, so congratulations on your wedding." Leave right away after he said that one to the couple.

'This is the new Secretary Han?' Only wonder from Tae and Rei.

chapter 404 – Rin Yuri

She's only a staff of CA Entertainment and her main job is to relay the Entertainment News to the M'dols either if it's about the team or any other related Entertainment News. She's not a bright person for being intelligent and quick-witted but instead, she's a bright person for giving a lot of light and shining.

By the time she sees the Entertainment News about Tae confirming that indeed Rei is pregnant, she's going to inform the M'dols Team right away about the news but then remembers that they're still on the way so she waiting for them at her table and didn't hear any commotion inside the premises of CA Entertainment. She did her work diligently and then looking to the wall clock, so knowing it's exactly 10 am, she running right away to the lobby area and welcoming the team especially to Rei since she's her goddess but then only to witness what happening inside the premises. She hid around the corner and witnesses it all. She got lost control of her emotions since her tears start flowing from its own and she can't help it because she heard everything that she doesn't want to hear it personally but she crunching down in there and froze, she hid her presence for her co CA Families will not know her presence, especially to her Goddess that coincidentally she's the one that her childhood friend and the man she loves to happen to love her Goddess. She heard everything but then notice that Tae is looking to where she hides and running right away in order for everyone not to notice her but without her knowing everyone notice her. She goes right away to her desk in order to get her things and informing her head.

"Ma'am I will be absent today for my personal reasons and I don't know when I will back" then leave right away.

"Eh, what did you say Ms. Yuri? W—wait, where are you going and don't" She wasn't able to finish her sentence because Yuri just got out of sight since she's running fast. "Eh, what happens to Ms. Yuri?" everyone shaking their heads since they also don't know why and what happened.

Yuri leaving right away and since she's not a bright person she didn't own any unit from CA Complex and Residences but she still has a living allowance provided by the company and so she just rented an apartment not so far from the CA Entertainment along with her parents and younger brother. So the moment she arrives at her house, her parents and her 9 years old younger brother are all shocked because she got home at this time when indeed it's still working hours.

"Eh, Yuri why are you here?"

"....." Didn't answer them and just go straight to her room.

“What happened to her?” Both Father and Son are shaking their heads when she asks because they don’t know why.

“Ri, open the door and talk to your Mother”

“.....”

“Please talk to your Mother Ri”

“..”

“I’m sorry if you’re father and I don’t have any work since then. Sorry that we only rely on you. If you really got tired from your work then you can stop it already and we will continue looking trash for our living. It’s our fault that we didn’t get any work and that we are both born idiots, so please can you.....”

Open the door and hug her mother “That’s not it Mother and it just my own personal reasons. I didn’t blame you for that one and please don’t mention born idiots because you and Father are not. Yes, the other views as an idiots family but let be them because it’s the truth and at least all of us are not criminals. Sorry, Mother for implicating you but it’s not about being a breadwinner because as the eldest child I need to support my family without forcing me because I did wholeheartedly.”

“But.....”

“No, but Mother and I can handle it, yeah I can handle it”

“.....”

“Sis.....”

Messing up her younger brother’s hair and said “geez, you didn’t need to get affected by the a.d.u.l.ts’ matter and just continue with your study, okay?”

“Uh-uh and I will do my best so that Sis will not be worried anymore”

“Yup, yup”

“Alright I’m going back to work now and sorry for suddenly coming here”

“Eh, and are you alright?”

“Uh-uh and no worries”

“But Ri / Sis, are you”

“Geez Father and Mother, it’s almost lunchtime, so you need to prepare lunch now or else my loving brother will be late this afternoon.”

“Ah right”

“Neh Sis, can I transfer school to a normal one?”

“Eh and what’s wrong with being a student of S Elite Academy? You’re a scholar in there and already a 5th Grader, right?”

“Uh-uh but they are 2 boys from my class and they are both younger than me by 2 to 3 years since I will be 10 next month but they always get full marks”

“So what if they got full marks Yuki? You are you and they are them. I even troubled why only you who are smart and bright among our family members of Rin but well at least you are one, so don’t be trouble with them or why not try to be friends with them, then?”

“I— I can’t Sis because they are too smart Sis and even the group of their friends are always on top and they’ve been known from the school as 4 Princes and 1 Princess because aside from too smart they are all a handsome and a beauty one”

“Oh, really, and what kind of school you have then?”

“Told you Sis that I need to transfer school to a normal one”

“Huh?”

“Alright go now and you will be late”

“Okay” then she leaves the house right away.

Instead of going back to work she just walking around and not planning to work today in order to be alone.

“Yeah right I need to erase this feeling of mine and I have still my family around with me. I can’t be distracted by it because I’m the breadwinner of the family. Tsk, I did say to my younger brother that you are you and they are them but why I have to become like this?” Then crunching down and crying without minding that some passersby are looking at her until she heard a honk from the car. She’s looking up and only to see the person that she doesn’t want to meet right now after hearing and witnessing it all.

“Y—you and why are you here?”

“Hop in or you really want to be the center of attraction at the busiest city?”

Looking around and just realized where she is. ‘Do I want to become the laughing stock with them or do I want to hop in with a person that I don’t want to meet right now?’

“You are still wearing the CA Employees uniform from Entertainment Department”

“Eh?” Then looking to her clothes and indeed she’s still wearing one so even the passersby don’t know who she is but wearing CA uniform will tarnish their reputation for sure and leaving with no choice, she hops in even this is the person she doesn’t want to meet right now.

“Good” then drive right away.

chapter 405 – Childhood Friend

Secretary Han leave right away and go to Mr. Hwang’s office right away for his own actions. He knocks on the door to Mr. Hwang’s office, entered when he has permission to do so, and said right away.

“CEO Hwang sorry for violating one of the company’s major rules by interacting from the Entertainment Department and not only interacting because I did create a commotion to the CA Entertainment Premises. For that selfish action of mine, I will resign for violating the company rules. And I will submit my resignation letter formally CEO Hwang”

“You really did change Secretary Han but have you forgotten all the rules then?”

“Eh?”

“You admit it right away Secretary Han, so have you forgotten that you can be forgiven if you will admit and just submit an apology letter with a light punishment”

“.....”

“You will be suspended for a month and without pay”

“Yes CEO Hwang” then remembered something “ah right CEO Hwang, Ms. Rin also belongs to the CA Families?”

“Ms. Rin, you mean Ms. Yuki and how do you know her?”

“Oh, so it’s really her. She’s my childhood friend but I lost contact with her the moment I become one of the Secretary here, so when did she become part of the family CEO Hwang?”

“The same time that you’ve become part of the CA Family and so don’t tell me that you are still going to interact from the Entertainment Department because of Ms. Yuri then?”

“Eh, t— that Y—yes I— m—-mean no CEO Hwang” stuttering while blushing.

“I see and alright you have my permission”

“Eh?”

“You have my permission to interact with Ms. Yuki and only her, so go now and back after your 1 Month Suspension Secretary Han”

“Yes CEO Hwang” then leaves right away.

“And why do I feel that I’ve become a matchmaker now?” Wondered it out loud and then doing his works again, works by signing an agreement, contract, or any related doc.u.ments that need his signature then suddenly remember “I guess it’s time for me to change it or else I will lose many smarts individuals because of this.”

Secretary Han leaves right away and without knowledge of why he goes back to CA Entertainment that just happened to see that Yuri just leaves from the premises.

'Eh, is it still working hours of her?' Then looking to his wristwatch and answered he is very own query 'yes it is and where she's going now?'

Again without knowing why, he goes to where he parks his car and then drives while trying to look for her. After finding her out he follows her secretly and just finds out where she lives now.

'So she moving to another place' "Yu..." Want to call her but she's already dashing out just like a runner that he knows that she's not a fast runner and he follows then heard everything of what the Rin Family talking about. He hides when he realized someone going to open the door and only notice that it's her. He follows her right away and witnesses it all, seeing her crying just like this he suddenly feel a prick on his heart and without knowing he did honk the car.

"Hop in or you really want to be the center of attraction at the busiest city?"

"....."

Observe her and didn't make anymore so he just said it to her "you are still wearing the CA Employees uniform from Entertainment Department"

"Eh?"

"Good" then he drives right away.

The whole ride is very silent from them and he also doesn't know where to start but then he did break their silence.

"You really did become one of the CA Families but well it's still too far for you to reach me with that brain of yours"

"W---what do you mean by that?"

"What I mean is you're still an idiot one while I'm the genius one"

“Sorry for being one then but where are we going?”

“Don’t know where”

“What?”

“Why you didn’t say to me that you’ve become belong to CA Family and why you move suddenly without informing me? You’re my childhood friend; I’m always doing your homework and teaching you every time you have examinations but you suddenly disappear after I join the CA Family and yet you also join at the same time with me. Do you really treat me as your childhood friend then?”

“I did that because you’re not allowed to interact from the Entertainment Department, so since I’m from the Entertainment Department I did cut my contact with you for your own sake because this is what your dreams since then. I did try to apply from the Business Department but didn’t hire instead I got hired for Entertainment Department knowing that I’m a graduate of Entertainment Journalism and thanks to you that I always passed with a passing grade though you will insult me of having this kind of brains but that’s what I like you and I love you ...” cut off herself because without knowing she just confesses.

“Eh, y—you like me and you love me?”

“Pretend you didn’t hear me and I’m just an idiot one without even realizing what I just said just now.” She said while turning her head without looking at him since she’s now blushing.

“Say it again and look to me straight”

“No, and I don’t want to”

“Are you sure Ri?” and just realized something then suddenly blushing.

“Did I tell you not to call me that one because” Paused when she notices him “I see so you want to call me that one because it’s Manager Rei you’re thinking about, huh”

“.....”

“I see and alright Min I’m going now since I’m not the one you’re looking for” going to get out of the car but got stopped by him.

“Wait Ri”

Got explode and said right away while crying “I’m not Manager Rei Min, I’m Yuri, Yuri got it? Why do you love Manager Rei when in fact I’m the first one who notices you? Why you always looking for Manager Rei when you already have me? Why you didn’t notice that I always love you and like you since 7th Grader? I always follow you wherever you go except for the university one since it’s impossible for me but then I follow you where you work though I didn’t get hired from the Business Department because I’m an idiot one. Yeah that’s it you didn’t notice me because I’m an idiot one and the one you love is a genius one just like M.....” didn’t even finish because Secretary Han suddenly kiss her. “Ehhhh, w—why did you kiss me?”

“I don’t know why I did that one but seeing you cry it’s like someone stabbing me here” pointing his heart.

“Eh don’t tell me you love me?”

“I don’t know but I realized something that your nickname as Ri and Secretary Rei have almost the same name maybe that’s the reason why I suddenly jealous of Secretary Rei that she’s smarter compared to me since I always teach you and you will always rely on me because you’re an idiot one but this time I guess it’s me who’s an idiot one since I don’t know why I’m like this. I don’t know why I did follow you today; I don’t know why it’s like someone and somebody stabbing my heart seeing you crying like this and most of all why I did kiss you. I’m so confused right now if what I feel towards you. I did love Secretary Rei but I didn’t feel just like this by seeing you cry and just I said awhile someone stabbing my heart. I did accept after knowing that she rejected me twice and already married without feeling anything, so right now Yuri by having these kinds of reactions, did it mean that I love you more than Secretary Rei?”

Hearing these from Min her childhood friend who’s always having high remarks she suddenly laughs out loud and asks “are you sure that you’re asking me that one?”

“.....”

“Alright, I will answer you that one but it’s only my perceptive because I’m not you and yes you are right that’s what love is.”

“.....”

“Alright let’s go back to work now”

“I’m suspended”

“Oh, you’re not fired yet? I mean you’re violating the company major rules from Business Department, right?”

“Yes I did but I’m giving a chance so I’m only suspended for a month and luckily I only have light punishment”

“That’s a light punishment for you?”

“Uh-uh and by the way what time you’re working hours since I’m not familiar with the Entertainment Department”

“4 am to 9 pm”

“You’re working that long?”

“It’s normal for us”

“I see and alright I’m going to drop you off at the CA Entertainment. Starting today I will pick you up and drop you off since I have a car and you don’t have”

“You are still arrogant Min”

“Eh, is it the truth that I have and you don’t have, right?”

“Yeah, it’s the truth, and thank you for that Min since I will save money for commuting then. Wait, you know where I’m living right now?”

“I told you that I followed you today, right?” then drive back to CA Entertainment.

“.....”

“Eh, did you just say that you are suspended for a month then what are you going to do if you continue interacting with me then?”

“You don’t need to worry because I already have my permission to interact with you”

“Huh?”

“Ah, we’re here and just wait for me tonight because I will be picking you up”

“Thanks” then getting out of his car right away while wondering something. ‘He kissed me and I accidentally confessed to him, so what are we now? Tsk, we are still a childhood friend since he didn’t reject me properly. Geez, having Manager Rei as your rival then you can’t really defeat her. (Sighing) among all the one he loves why it’s Manager Rei that even a little chance you don’t get a chance, after all, she’s beautiful and a real genius one and at least she💎💎💎s now married’.

chapter 406 – Are you alright?

Around 3 pm, she got back at the CA Entertainment and then every one of her co CA Families are asking her about if she's alright or not knowing that she suddenly left all of sudden without knowing the real reason. She goes back to being herself as the bright, not the other meaning of being an intellectual one. She goes to the studio of Team M'dols right away and informs of what she collected from the entertainment news.

“Everyone and guys, did you see the entertainment news already?”

Han: If it's about the trending news of Tae confirming that Manager Rei is pregnant then yes.

Yuri: I see.

Li: How about the news of one employee of CA Entertainment got mistreat by CA since she's been crying at the busiest City of S Country then?

Yuri : Eh?

Han: Well too late for you Ms. Yuri to not know about that news but before it got trending all sources suddenly got deleted and no one can retrieve it anymore unless if you ask R for that one.

Chi: Yeah and all of us here suddenly thought it's R doing but then suddenly JR claims that JR the one doing it. Here looks this one (Showing his phone to her)

[My, my I'm just bored as it is and seeing the picture that I just deleted, it doesn't mean that you just got mistreated from were you working at based from your uniform because you don't know yet, so you can't simply conclude that one without knowing the real reason why. Well, well I don't know that Senians are quite brave for scattering the picture that I just deleted since you already know that R is the one protecting the system security and encryption for S Country Citizens. But well I'm really bored so if

you want to see the picture again then you can ask that one to retrieve by R but before that, I will expose every Senians crying while wearing their uniform and I can fight with R.]

Yuri: T—this, do you perhaps happen to know who is it?

All : (Except Tae and Rei) nope

Yuri: I see and alright I'm going back to work now.

All : (Except Rei) yes go ahead, Ms. Yuri.

Rei: Wait Ms. Yuri.

All: Eh, what's wrong Manager Rei?

Rei: I have something to talk about with you Ms. Yuri here and guys continue with your rehearsal and I will be back here before going to the Teams next schedule.

All: Yes Manager Rei.

Rei: Follow me to the office of the Artist Manager, Ms. Yuri.

Yuri: Eh yes Manager Rei.

Yuri follows her right away and then the moment they arrive at her office, the thought of being got scolded by her for the first time comes into her mind because she almost ruins the reputation of CA Entertainment because of her but what she expected didn't come to her instead it's a different approach.

“Are you alright Ms. Yuri?”

“Eh?”

“Don’t tell me you’re expecting that I will scold you for almost ruining the reputation of CA Entertainment?” Yuri nodded “if I’m not aware of how your feelings are right now then I might scold you right now and luckily you got saved by JR”

“Yeah, indeed I’m lucky today since JR is known as the hacker globally for saving someone randomly without asking anything.”

“So how are you now?”

“I’m alright for now”

“Did I already say to you that I didn’t feel anything towards Secretary Han and I only respect him as my Mentor and Instructor? I also did tell you that he is not on my likings and most of all Tae is one whom I love, right?”

—- Flashback —-

One Year Ago and this is the Second Day as Rei working being as one of the Managers of M’dols. Rei arrived first before the Team and Yuri asks her about something.

“Uhm Manager Rei, I’m Ms. Rin Yuri and I don’t know if you really know me but can I ask you about something that it’s involving personal matters?”

“Yes, and what is it?”

“Uhm, can we find a place that’s it’s only for the two of us?”

“Okay” then the two go to a quiet place and just waiting for her to ask about something since she already has done punching in from her daily time record.”

“.....Uhm, Manager Rei I know it’s kind of awkward to ask but can I ask why you rejected Secretary Han?”

“Because I didn’t feel anything toward him and I only respect him as my mentor and instructor”

“Eh, Secretary Han is a handsome one though he is an arrogant one but well, when you really know the real him then for sure you will be click with each other so why?”

“I see”

“So you’re going to reconsider him Manager Rei?”

“If I will reconsider it then what would you feel Ms. Yuri?”

“Eh?” then suddenly blushed.

“What I mean of I see is because of you Ms. Yuri, you know Secretary Han that much when in fact they are not allowed to interact with someone from Entertainment Department and it’s applied to me when I was a former Secretary. I didn’t see that Secretary Han interacting with you since he is been my mentor and instructor for one month and a half then he left for J Country for his new assignment thought I don’t know what happened for the whole week but at least I can tell that you already know him before I assigned here, right?”

“.....”

“So you love Secretary Han then?”

“.....”

“Don’t worry Ms. Yuri because I never regret rejecting him and I’m never going to reconsider him since I’m not into him. In fact, the one I fancy the most is what Tae have”

“Eh, T——Tae y—you mean Mr. Jun?”

“Shh, it’s a secret and I did tell you whom I love since I accidentally found out that you love Secretary Han, so in order to be fair I did tell you of whom I love”

“Eh, are you sure Manager Rei?”

“Yes and he is the reason why I accept the offer to become one of M’dols Manager because of Tae, so you need to assure that I’m not into Secretary Han because the one I love is Tae. Oh, right is that all?”

“Uh-uh and thank you Manager Rei, I promise I will keep those secrets of yours forever in my life”.

Rei laughing and said while smiling “silly and why do you need for keeping it a secret forever when there’s a time that everyone will know about it when it’s the right time”. This is the day Yuri becomes a fan of her and treats her Goddess that she didn’t even hear what Rei said because of her smiles.

Rei just looking at her in a daze and just tap her head then said “you’re really a bright person Ms. Yuri and so there’s the right one for you. Alright let’s go back to work now”.

“.....”

“Ms. Yuri, are you alright?”

“C——can I hug you Manager Rei?”

“Okay but don’t give me a tight hug because I’m pregnant”

“Okay” then gives her a smooth hug and release afterward.

Someone knocking on the door from the office and both of them heard it since only from the outside the office didn't hear anything inside since it's a soundproof room "Hon, are you still in there?"

Rei automatically open the door "yeah I'm still here and I'm going back to the studio now"

"I see and here I thought that you feel your symptoms again."

"Now talking about that one I didn't for these past few days since the day you disclose our relationship to everyone"

"Eh, really and are you sure Hon?"

"Uh-uh but don't worry because I well and I must be careful and let's go now"

"Okay" and both of them suddenly heard a sobbing.

"Eh Ms. Yuri, are you alright?"

"Yes Manager Rei and you really deserve to be with Mr. Jun. Think about it last year, you did discover that I love Secretary Han then you said to me that you love Mr. Jun to be fair with me and now you are married to the one you love. So it's only tears of joy because you're now Mrs. Jun and expecting your first baby this year"

"It would be our Second baby Ms. Yuri and now let's go"

"Uh-uh" again she didn't hear the last part.

chapter 407 – Helping her as JR

The moment Secretary Han leaving from the CA Entertainment Premises, all of them who's been in the lobby and who just happened witnessed the trouble that created by him a while ago was now going back to their usual routines. The team just got back to the studio and preparing for the next schedules and this time the one who carries the twins is Yun and Manager Han. They will eat early for their lunchtime since they will have to go for their next schedule that scheduled for 11:30 am and so at exactly 11:30 am they arrive at the event venue and this is the first time that the Team time arrives on time since there's a commotion awhile ago at least they are not late. The schedule for the team is radio live guest and again the team got asks by the same questions as what the MC asks for their first schedule today. Around 2 pm they arrive in the studio and preparing for the last schedules for today at around 4 pm, so they have time to relax so the team members except Yun are now surfing the entertainment news.

San: Ha, ha as expected of you Bro Tae you've become trending again.

Li: Right, right (then suddenly notice about something) hey guys look at this and it's about CA Entertainment that got mistreated.

All: Eh? (Then everyone automatically opens their phones and looking for it then only see a picture before it got deleted from the systems in just a matter of seconds) eh, what happened since I can't access it anymore? (Ask it in sync except for Rei and Tae)

Tae : (Looking to his wife and said quietly in Ceno) you almost have blown your cover, Hon.

Rei:

Tae : (Tap her head and said it in Ceno again) Silly but this is also one of your personalities that I love since you didn't want your friend to be in a pinch.

All : (Heard Tae talking in Ceno) eh Tae / Bro Tae that's Manager Rei spoken language, right?

Tae: Uh-uh

Aii: Sarhu jvur?

Tae: Rei, I mean Manager Rei teach me last year around and after Golden Week.

All: I see

Han: By the way, Tae all of us here are really alright calling Manager Rei without honorifics or whatever you want since Manager Rei is your wife after all.

Tae: Eh, really, and how about you guys? (Everyone nodded and then ask his wife) how about you Hon?

Rei: I'm alright with that Tae.

Tae : (Smile then give a smack kiss on her lips)

Rei: I'm only alright with that one by calling me without honorifics and please be more reserved because it's working hours.

Tae : (Tap her heard while messing her hair and said) silly and that's the reason why I only give you a smack kiss.

Rei:

Yun: Alright stop feeding us dog foods and let's....(didn't finish because someone interrupting him and that someone is his girlfriend)

Lucy: Yun, I will be away for a month since Lu Lou will have a musical at Sehu City.

Yun: Eh, a month?

Lucy: Yes a month because this lady here accepts this schedule for Lu Luo.

All:

Lucy: Ah by the way I did come here for another purpose of mine since we're going to leave tonight. (Then automatically give a deep kiss to Yun with everyone around and then leave right away. As for Yun he just blushes for the action of his girlfriend and more blushing after hearing the teasing of his own teammates.)

All : (Except Tae and Rei) it's you who feeding dog foods to us and are you sure that you only dating for a month now?

Yun: (Got speechless while blushing)

Han: Alright let's stop this one and back to our main topic.

So the team going back to the topic a while ago and wonder if it's R doing until they have seen the claims from JR then again Tae looking to his wife while smiling. After discussing this matter they now back to rehearsing and at exactly 3 pm Ms. Yuri arrived at the studio. The moment she arrived, she informs the team about the news that she just saw last morning but only got to know that the team already know. The moment she leaves Rei stops her and then going to Rei's office. Several minutes passed by, Tae excusing himself since his wife is not back yet.

"Uhm guys, I'm going to check my wife first, okay?" then he leaves right away without waiting for their response of the team and leaving the speechless teams in the studio since they are still not used to it.

Later, the couple arrives, and then the team got ready. All of them didn't even notice that Rei is the one doing that one in front of them since they just only thought that Rei checking the team schedules.

For the whole day, the team only did appear in 3 events namely 2 Live Performance and 1 Radio Live Guest. All of the hosts/emcees is always asking Tae's reason for having a rush marriage and once again Tae only explains that it's look like it since indeed his wife is pregnant and they're now in a relationship for almost 2 years. They got back after the whole day schedules got complied with and now on their way home.

As for Ms. Yuri, she got picked up by Secretary Han and got home by saving money for her bus fare if she's in hurry and saving time for walking if she's not in hurry. She feels glad that her news about crying in the middle of the busiest city of S Country didn't go on trending and no one knows that it's her since it got deleted right away by the globally known hacker who only selected randomly without asking any compensation for doing it that without knowing it's Rei who help her. All from the CA Families are all busy either from the Business Department and Entertainment Department since it's the beginning of the month for this year. The M'dols Teams is busy with their schedules and Rei already adjusting the time that the Team will not be affected since Tae will always be accompanying her luckily for this month they will focus on local schedules. As for Ms. Yuri, she will always get pick up and drop off by Secretary Han without knowing their real scores yet since she's afraid to ask and confirm to him about their real relationship with each other.

For the whole month, they've been all busy, for the teams who are focusing on their team schedules and answering the same questions about Tae while Secretary Han just spending his one-month suspension by dropping off and picking up his childhood friend. The whole CA Families are all busy with their own schedules without knowing that they are incoming storms from their co CA Families especially the ladies that from the Entertainment Department.

chapter 408 – Rin Yuki

At the age of 5 years old, he was lucky that he got passed for the Scholarship Program and passed the entrance examination of S Elite Academy with a score of 90% Marks. He didn't skip grades but at least he can help his Sister for not going to spend her money for his school since he really wants to help his sister but he can't since he is still a young boy so by getting this scholarship at least he helps his Sister not worrying his cost of studies. He is not a talkative type and only seating at the corner without minding his surroundings, he did his best so that his scholarship will continue so from First Grade to Third Grade, he will always on top until then on his Fourth Grade, there's a new student coming and just skip 3 grades since he jumps right away to Fourth Grade. He heard a rumor that he got full marks for his entrance examinations since the S'Lite Teachers will not be disclosing their results and heard from his classmates that his brother also got 94% Marks and also skipping 2 grades. He didn't feel insecure and got intimidated because he knows that there are smarter kids compared to him since for him he must not be lost the Scholarship Program. They've become classmate but they didn't talk with each other and indeed what's the rumor say it's really true because he will always be got full marks on their every quizzes and examination they have and most of all he always answered right if their teachers calling him to answer on the board. One year after that, his adviser announces the new student for the class and also get full marks for his entrance examinations while skipping 4 grades. He observes that the two genius boys who are classmates of him are friends with each other even they have opposite personalities but the same aptitude with each other. He wants to be friends with them but he was shy to ask them and most of all he was scared that what if these two boys will mock him for having a poor family since he already knows that they are always got pick up by a car. He wants to spend his lunchtime at the cafeteria but then seeing the delicious foods which are free since he is a scholar student and

always on the 2nd placer since the two always tied for the first place. So rather than eating in the cafeteria, he always going home for lunch so that he can share the delicious foods with his parents and they will only cook rice. Since 1st Grader until now of S Elite Academy, he didn't get embarrassed that his parents always dropping him at the school and only wearing normal clothes without dropping from any kind of vehicle since they always walk since it's just the 1-kilometer distance from their house to here. He always going home every lunch but then got surprised when his Sister suddenly come home when he knows that it's still his Sister working hours and aware that his Sister always comes home very late even he already sleeping because he just heard her when she arrives and greeted her before going to sleep again since this is the only thing that he can do for now. After his Sister leaving, he and his parents are now eating their lunch then leave right away after brushing their teeth. He got drop off by his parents and go directly to his room. He seat at his desk at the corner and then notices the two genius boys are talking with each other but didn't feel envy since his busy wondering about something.

'Why I was born as a young boy then? I wish it's me who's older and I'm the one supporting my family especially my sister who's been working very hard for us. I want to grow up sooner, quickly, and'
Didn't finish because someone interrupting him.

"Hey, are you okay? And why are you looking so sad?" Ken asks with worry.

"E—eh, y—you mean me?"

"Uh-uh"

"You are Rin Yuki, right?"

"Ehhh, y—you know me?"

"Of course why would I not know you when in fact you are my classmate, right? Bro Jinyu also know you, we want you to be our friend but then you always have an aura of don't disturb me on you so I just observe you after I join the class here"

"....." Shy and got embarrassed.

"Geez Ken and did I tell you that it will be awkward if you suddenly talking with Mr. Rin now?"

“Yeah but Bro Jinyu he really looks sad”

“Geez I don’t know what to do with you Ken and Mr. Rin sorry for my friend actions, he just like this”

“And what do you mean by that?”

“Uhm, I —I am too. I want to befriend the two of you but I have a poor family so I didn’t approach the two of you.”

“Eh, is that so?” Ken asks while Yuki nodded “and since when did a poor family becoming a prerequisite to becoming friends with each other then?”

“.....”

“Alright, I’m Jang ...”

“Yes I know the two of you; you are Jang Ken 6 years old and Li Jinyu 8 years old known as the 2 Princes among the 4 princes and 1 princess of S Elite Academy in Primary Level❖❖”

“Eh, Princes and Princess, you mean me, Bro Jinyu, Bro Jinxi, Bro Yuhan, and Ellyn?”

“Uh-uh and by the way I’m Rin Yuki, turning 10 next month”

“I see and if it’s alright with you if I will call you Bro Yuki then?”

“Eh? Okay, and can I call you Ken and Jinyu then?”

“Yup, yup so then why are you so sad just now?”

“I’m just wondering why I born to be a young boy and not an a.d.u.l.t one”

“Eh, you’re not a” Ken didn’t finish since Jinyu covering his mouth.

“Ken will always be like this so you need to get used by it Bro Yuki”

“.....”

Ken glaring to Jinyu and then asking Yuki “why do I feel that your name is just a combination of my name and Bro Jinyu?”

“.....”

“Bro Yuki, Bro Yuki” called him with a loud voice.

“Why do you need to be so loud Ken?”

Ignoring him and signaling Yuki to come with them. “Guys and Ellyn, this is Bro Yuki, our new friend” then everyone greeted him that Yuki suddenly feels overwhelmed and cried for the first time.

“Eh, why are you crying Bro Yuki?” The five of them ask in sync.

“B—because I thought I will be get bullied because I came from a poor family”

“.....”

“Bro Yuki, you don’t need to say that one because by telling that one it really looks like that your insulting your family”

“Eh, really but what I said is really the truth.”

“Yup, yup so starting today you will our new friend and promise to all of us here that you won’t mention that one anymore”

“Okay I promise”

“Good. Ah, Bro Yan is already here” then everyone starts to dismiss but then Jinxi notices something.

“Eh, you’re going to walk Bro Yuki?”

“Ah, yeah, and don’t worry I’m already used to it”

“You’re a kid and what if somebody will kidnap you?”

‘Bro Jinyu / Yu did you just hear from him that he came from a poor family, why do you need to ask that one to him? It looks like you rubbing salt to his wound.’

“That...”

“No, I didn’t insult you and Xi tells Butler Hu that you’re going to drop Bro Yuki first.”

“Okay”

“Eh but I’m alright with that”

“It’s alright Bro Yuki and you already a friend of ours, so we need to be sure that you’re alright”

Everyone gets his concern because their groups of friends are all influential ones since they are all future heirs of JL Hospital, Song Jewelry Corp., and Jang Corp. “Ah, right Bro Yuki, and you already a friend of ours, so no worries.”

“Eh” then looking to their serious expressions and agreed right away “okay”.

So left with no choice, he follows Jinxi and then got drops to where’s his family living and Jinxi leaves right away after making sure that he got inside without a problem. As for Ken, he tells her Auntie that they have a new friend and ask for one pass for him for their study group every weekend. So starting that day, Yuki becomes a friend with them.

chapter 409 – The Family Albums

The couple arrives first before Ken and Ellyn since Rei already having an irregular time since the time she got pregnant again and have the twins to b.r.e.a.s.tfeed along with Tae since he is also requesting from Mr. Hwang for shortening his working time because he wants to accompany his wife every day before enlisting and after that, he got permission from him not only him since the whole team also got their time to be shortened so instead of from 4 am to 9 pm, last January 03 until May 26 their time would be 7 am to 4 pm. And since they only have 5 months left to spend their days along with their loved ones, Mr. Hwang decides that the team can go home to their family home and can have their Manager each as their in charge for their safety since they are living and going along the way such as:

Manager Han – Je

Manager Li – Bi

Manager Chi – Shi

Manager Wang – San

Manager Rei – Tae

As for Yun, he also requests from Mr. Hwang that he will be going alone since he is already dating Lucy and will bring her to his family home to get introduced after her one month schedule away from him. He only promises that he will do his best that no one will be discovered him and Lucy but if it is, he will take responsibility for got discovered by them since they are indeed dating. Mr. Hwang didn't agree at first but then Yun said that he will not use his car instead he will use Lucy car since Lucy used Ms. Xie car for her schedule and if he is going home he will just be asked the couple – Rei and Tae, to accompany him since his and Tae family home are along the way, so Mr. Hwang agreed with this agreement from him.

Tae suddenly remembered what Yun just shared with him and commented it loud “speaking about Yun, he is now using us you know”

“Yeah but well he is in love Tae and of course you're also like that”.

“Mmm, right” then hug his wife right away.

“Ken and Ellyn will be almost here so only hug, alright?”

“I know and by the way, I have a surprise for you”

“A surprise for me and what is it?”

“Just wait here Hon and I will retrieve in our room” then Tae leaves right away while Rei seating on the couch and waiting for him.

After 15 minutes, Tae comes back while bringing a box “eh, what's that Tae?”

“It's a box but inside it's an album”

“I see the album and yet in a box so that many Dear?”

“Uh-uh since I separate it with different occasions such as being a stalker with you, become like a friend with you, become as my girlfriend, become as my legal wife, become as a mother of our twins, and now become as my wedded wife. So currently I only left with being you pregnant to our youngest since it’s not yet complete.”

“Eh and since when?”

“Since I’ve become a stalker with you and you didn’t notice since I compiled all of this sneakily”

“I see” then Rei get the latest one since it’s on top of the box and got to see the first photo which is the sonogram with a caption of my youngest Rei Won. “So you really fixed to name our baby boy Rei Won but then what if it’s a baby girl Dear?”

Didn’t heard his wife since he also looking at the albums even though he’s the one compiling all of it and then just said to his wife “neh Hon, look with this I was going to separate our Trial Dating Phase but I only have 15 photos of it so I combined those pictures to our Dating Relationship phase.”

“I see so then every phase has different albums then and by the way Dear you mention awhile ago that you already have compiled the album as your wedded wife so it’s about our wedding photos, right?”

“Uh-uh but it’s not an official one since the photo studio will deliver the wedding albums next week, so this is only my compilation and not yet done since the photos are still printing at this moment”

“I see and let me help with that”

“Okay and Hon, there’s a lot of pictures you know.”

“No worries Dear and so among the phases of our relationsh.i.p.s, which one have many albums then?”

“Guess?”

“Is it our Marriage phase?”

“Currently nope since I only have 8 albums for that so right now it’s Stalking Phase because I have 15 albums but for sure our Marriage Phase will be a lot in the future since I will never let go of you”

“Yeah and” didn’t finish since the two heard someone unlocking the door.

“Eh, Auntie and Uncle you’re already here?”

“Yes and how’s your School Ken?”

“We have a new friend Uncle and Auntie Rei I will ask for another pass because our new friend will be joining us for our study group every weekend.”

“Noted Ken and what’s his name?”

“Rin Yuki Auntie and please don’t leave a note in the pass for 1 Bodyguard to come up since he is a normal one.”

“Copy”

“Thanks, Auntie, and what’s that?” Notice something on the table then answered his own query “eh an album?”

“Yes but you and Ellyn need to change first, okay?”

“Okay Auntie Rei”

“Neh Dear it’s alright for them to see these albums?”

“Yes no worry since our kissing and intimate photo albums are only for us so it’s already inside our wardrobe which also happened to where I hide our lovemaking collections”

“.....”

Later, the kids have done changing their uniforms to a casual one and then the two seats on the floor with a cushion since they have a habit to seat on the floor and now looking at the albums on the center table. Tae slowly retrieving the albums from the box and put on the table for them to see the albums until later Tae retrieve something on the box and luckily the kids didn’t see any of it, since they are now focused on the said albums of them.

“Neh Hon, what’s with these?”

chapter 410 – The Discovered Love Letters

Same with the Kids, Rei is also so focused looking at the said albums so she didn’t notice when Tae retrieve something from the box and she just heard him asking about something to her.

“Neh Hon, what’s with these?”

Rei looking up after hearing her husband and just found that he has letter envelopes in his hand. Rei quiet not sure since it’s been a long time that she noticed it.

“Eh is it a letter envelope then?”

“Yeah I know but what are all of these?”

“Let’s just open it okay?” Tae nodded and open the first said envelope that he just retrieves.

=== First Envelope ===

Ms. Rei,

It was almost seven months ago that you joined here and become part of the CA Family today. You changed my life that day and put me on this path that has brought me such joy and love.

When I look at you every day, I realize my love for you grows deeper, richer, and more satisfying as time goes by. Whenever something good happens, you're the first person I want to tell but I can't. When something bad happens, I know that I can count on you to take me in your arms and tell me everything will be alright but I can't and all of that are only my dreams because you're still not aware of what I feel towards you.

I'm the luckiest man in the world because I can truly say that I'm in love with my co-worker and it's you, Ms. Rei. I hope there's not another man in the world that can hold a candle to you, to call you my darling, or any endearing names to call with each other, and I just wanted to let you know that I love you more than even the most heartfelt words can express. I love you Ms. Rei and hope you will be my girlfriend after knowing my feelings towards you.

With love from the one who adores you.

Mr. Zhang

==== End of the First Letter ====

"Oh, these are the letters that I'm bringing when I came here but then I didn't have time to read it since I've become busy because I'm still adjusting that time. Of course, I did receive a big project from S Government, become busier since I got appointed as Head Secretary and then later I've become yours, Dear. Who would have thought that we read this one together? And this Mr. Zhang was my co-worker in CA Town City Branch, our fellow co CA Families."

"I see and let's read all of these then"

"I sense something fishy and why are you jealous again?"

“Silly and I can’t help it you know,” said while tapping her head.

“.....”

==== Second Letter ====

Dear Ms. Rei,

After hearing that the Company will be held and having a Farewell Party for you, as your co fellow CA Families, I suddenly realized that being apart from you is more difficult than I ever imagined so I need to confess to you through this love letter of mine. I know you are still here but after your farewell party I will never meet you again and then I will always see as a reminder of yours everywhere I look, and these reminders make me heartache because I can’t meet you again because what I really want is to be near with you again.

I love you with all my heart. I cherish every moment we spend together though it’s only for work purposes, and I love you even more in the moments when we are apart. Today as I write this letter, it’s like you are right here with me. I feel your hand on my shoulder, your fingers in my hair, and the soft breath of your kiss on my cheek. I will always miss you, Ms. Rei. Please come back soon and join the team again.

All my love,

Your Forever Mr. Do

==== Ert ====

==== Third Letter ====

Dearest Ms. Rei,

Today is your farewell party, and I just wanted to take a moment to tell you how much I love you through this letter of mine. Just being with you has made all my dreams come true, and I want to do everything I can to make you feel that way too. You deserve to be treasured for being the sweetest, kindest, most thoughtful girl any man could ask for, and believe me, I do treasure you. I hope I can celebrate your birthday together each year for the rest of our lives.

Farewell from your fellow co CA Family

Mr. Li

==== End ====

==== Fourth Letter ====

Ms. Rei,

I realize that I really love you since the day I meet you and I just wanted to tell you how I love you. The truth is, I can't picture my life without you. When you walk into the office, my heart beats a little faster. When I hear your voice, I felt my little heart moving inside. And when I see your sweet face, I know that you are my one true love. When you talk to me with your sweet voice, it feels like I'm coming home to the only place I belong. Please love me and let me become your boyfriend to you.

==== End ====

==== Fifth Letter ====

Ms. Rei,

If you wonder just how much I love you, wonder no more. You are the sun in my sky, the river that runs through my soul, and the very air I breathe. Before I met you, I didn't believe it was possible to love someone so deeply and completely, but you have given me faith that true love really does exist because I found it with you.

Totally yours,

Co-Worker 2

==== End ====

==== Sixth Letter ====

Dear Ms. Rei,

So my dearest, Ms. Rei, let me tell you how much I:

D.e.s.i.r.e you

Enjoy you

Adore you

Respect you

Love you

Only want you

Honor you

Need you

Co-Worker 3

==== End ====

==== Seventh Letter ====

Hey Ms. Rei,

You were already on my mind when I woke up this morning. It's really funny how I just can't stop thinking about you. Almost seven months ago we hadn't even met, and now you are the most important person in my life. So, I just wanted to say I love you, and I can't wait to see you again and become my wife.

Co-Worker 4

==== End ====

==== Eight Letter ====

Ms. Rei,

I love your sense of proportion. It's one of the first things that I noticed about you.

You have a way of putting people at ease with a simple thing, and you always include everyone in the log instead of using your name to put yourself on high since it's your achievements after all.

I love your nature. You always try to see the good in every person and situation, even when I can't see it myself. When I look at the world through your eyes, it's a better place.

I love the way you look. You're so pretty, but you don't seem to realize how good looking are you. I see the way other people looking at you, and I know they also hope for being with you. I'd love you even if you weren't so darn pretty, but I'm glad you are.

I love your gentle nature. You're such a strong woman, but you have such a soft heart. When thinking that you will become my girl, and then I will promise that you will feel safe and cared for. I can't tell you how wonderful that is.

I love your generous nature. Whenever someone's in need, you're the first person to lend your hand who's in need. Some people might think you're a little too generous and easily taken advantage of or rather showing off, but I know better. You just can't resist helping because you understand how easily you could find yourself in the same situation.

I love the way when you are talking to me. Your lips must be and for sure it will be perfectly fit with mine. I always dreaming and love those quick kisses you shower me with throughout the day, and I love your deep, lingering kisses even more. They make my toes curl, and I shiver with delight even it's only a dream of mine.

Most importantly, I love the way you complete me. You are my soul mate I thought I'd never find. You cheer me up when I'm down by looking at you and help me find balance when my world is out of control. You make me want to do all things that I'm just dreaming of in real life and hope you will do the same form.

When I think about all the reasons I love you, I begin to wonder why someone as special as you, will love me someday. Maybe someday you'll write a letter to me for feeling the same towards me.

From,

Co-Worker 5

==== End ====

==== Ninth Letter ====

Ms. Rei,

I'm so excited we're about to spend our first Christmas Party together since you join the team. This has always been my favorite holiday, but it will be even more special this year because we'll share it together. I cannot wait to share my first dance with you in the Christmas balls, share a little wine, watch the lights twinkle, and open our gifts. I hope that day we will become a couple so that we can visit friends and family on Christmas Day, but then let's make our Christmas Eve for our own private celebration but then you suddenly leaving the team without knowing the real reason why so left with no choice I write this one for you to know how much I love you, Ms. Rei.

Love,

Co-Worker 6

==== End ====

==== Tenth Letter ====

Hello to Ms. Rei,

I always dreamed of having a girlfriend, and I used to ponder what she'd be like. I imagined she'd be pretty and funny, and she'd be a great person too. Now you're here, and all my dreams have become a reality if you will become my girlfriend. It's so wonderful to have someone special to share everything with. You will laugh at my dorky jokes, and we love listening to the same music. I feel like I can tell you anything, and you understand exactly where I'm coming from. I've never been so happy, and it's all because of you. I hope you feel the same, and I promise I'll try to be the best boyfriend you'll ever have.

From,

You're Sunshine

Co-Worker 7

==== End ====

“Wait from what I remember I only received 10 letters so what about this one?”

“I’m preparing our dinner so you can read it alone Hon”

“Huh?”

Tae hurriedly getting up and then keep the 10 read letters on the box before going to the kitchen area.

“Ken and Ellyn we have chocolate in the Refrigerator you know” He lured them out for his wife to be alone at the moment.

“Eh, really Uncle” Tae nodded “and from who?”

“Manager Han gives it to us this morning”

“Yeepey” then the two put the album on the table and hurriedly standing up before running to the dining area.

“Tae, why did you ...?” Didn’t finish since Tae already out of sight of her since he also follows the kids right away “what’s wrong with Tae now and what he’s up to are?” wondering while opening the letter envelope.

[My Love,

I can remember the day we met like it was yesterday. We were at the airport. I was having jetlag and talking with my few friends – my teammates when I randomly looked around the parking area. My eyes stopped on you and my heart felt a rush. You happened to look over at the same moment when I look at you and it’s really like that you smiled at me. The minute I saw your smile or just only my imagination, I knew I had to get to know you.

I went back to talking to my friends – my teammates and trying not to let my excitement show, but my heart was beating so hard I found it difficult to hear the conversation. One of my friends – my teammate which was Yun asked me if I was all right because my face looked flushed. I turned my head, so you couldn't read my lips, and I told him on my mind only, "I think I just fell in love with that gorgeous lady over there at the international arrival." Of course, I had to take a look, and I was going to grabbed him by the hand and dragged him to wherever it is with me because it was so obvious that I was talking about you.

Time few passed, I suddenly bumped you because of that car accident and ride along with us. A couple of minutes later, I'm now inside at your unit and I happen to seat in from of you and yet there I was, wishing I could think of something witty to say. When it became obvious I was completely at a loss for words, I broke the ice by asking are you alright and answered that you're fine with another one of those brilliant smiles of yours. I managed to say other words back to you, and that was the beginning of a lovely conversation that has been going on for a little over a few months now. To think, it all started with only like that, you'll become the center of my attention and hope this handwritten of mine will reach you so that this stalking of yours will be stop instead we can converse personally, most of all you'll become mine.

Yours always,

Secret Admirer-JTW]
