

Last Man 411

chapter 411 – Tae Handwritten Letter before becoming friend with his wife.

Rei is bewildered after reading that handwritten love letter from her husband, she stands up from the couch and then goes to the dining area. There she found her husband preparing dinner and the kids gobbling up the chocolate slowly since they need to savor the taste since they can only eat chocolate every occasions to avoid their tooth decaying, for the rules who gives it, of course it's Jinyu since he notice that the Din's Kids really loves to eat without restrictions and for having a sweet tooth, so in order for them to control it he request from the Din's Family A.d.u.l.t Members during the twins birth that the kids can eat whatever they like but they will have limitation of it especially to the sweet ones, the Din's A.d.u.l.t Members just agreed though they already inform the kids since they know that the kids loves to eat sweets because they have Mei and El who's working overseas that time who always sending chocolate to their family members then now it's Rei but they didn't inform this one to Jinyu that they already inform the kids to have control over sweets since they know that he just concern not only with Ellyn but for all of them since they are his friends.

Rei didn't mind the kids and just give a back hug to her husband.

"Why I didn't notice this love letter of yours, huh?"

"Done reading with that?"

"Uh-uh"

"Well because it's destined for you to know by me personally than this handwritten letter of mine"

"I see but how did you know it yours?"

"Silly and I know it because it's mine after all. I can tell it right away after seeing my own handwritten on your name" Said while pointing his handwritten on top of the envelope. "I wrote it My Rei just like this but you have not been reading it since I put it inside at your doorsteps, huh and it's almost 2 years since I put it in around March but well I also forgot this letter existence because I just remembered it now after seeing this letter of mine."

“He, he, he, I see and tell me later about it okay?”

“Okay”

After eating, the kids and the couple are sitting on the couch while continue looking at the said albums then the kids doing their homework's then going to their own room.

A few years ago, Tae as the stalker of his wife, he did write a handwritten letter after bumping into her by that accident. Since he already knows where she lives, he decides to give her a love letter for her to know that his already in love with her by putting it inside on his doorstep without knowing that Rei already out of the country at that moment reasons for that being appointed and assigned task of her.

By writing that letter to her, he is too way nervous because for sure she will know who it is even his only revealing his initials but he needs to gain his courage and confess because he wants her to know how he loves her. And to his worry about her because he notices that the door on the opposite neighborhood of them, Rei's unit always locked, he totally forgot about that letter and then when she arrives they become a friend without that letter helps since the moment that door got open it got covered at the door and then on the next day Rei notice that envelope at the doorstep, so she just put it on the box where she put the others envelopes that she received during her farewell party and totally forgotten since Tae used the box because he taugt it's an empty box and put his stalking phase albums then hide to his closet on his room at the Team House that just got retrieved after they registered their marriage. He hides again the box in their wardrobe and since Rei is not the type to touch the things that it's not hers, so she didn't discover that one but she knows that it's Tae personal things. Rei is legally married to Tae but then she still respects her husband's privacy so she left the box without looking because it's not her things.

“Whoa, so in other words, that letter of yours was really useless huh”

“Yup very useless and what I write it's really not my real feelings since I just want you to know it's me since I give my initial for you to get a hint, I even mention Yun name for you to know that it's me but well I'm glad that it's really totally forgotten by me and you didn't read that one.”

“Why?”

“Because it’s so short of what I feel to you”

“Yup and” Rei repeat it without missing anything.

“Eh, y— you’ve already memorized it?”

“Silly I didn’t memorize it but I already know the sequence since I always heard it from you. I only cut what you didn’t write.”

“I see and Hon I need to trouble you about something”

“Okay and what about it?”

“You need to finish the latest album since I will be away for you during those times”

“Okay but Dear?”

“Yes?”

“Why do I feel that there’s going to happened something that I don’t what is it?”

“Eh, and it’s about me?”

“Uh-uh it’s about you but I can’t pinpoint what is it so during those 2 years of your services, please be sure that you will be safe and nothing will happen to you, okay?”

“Okay, I promise and same to you okay?”

“Uh-uh I will and I will wait for you to come back.”

“Good and you must not let another man approach you while I’m not around”

“I will and you already know me, Dear”

“Yeah I know and promise me that you need to let our kids know the reasons why I’m away for 2 years”

“Of course and why would I not let them know? I will keep from them in order for them to misunderstand you? Nah I won’t do that because I will let them know how amazing their father is.”

“Silly and Hon, I’m not that amazing you know because it’s you.”

“Well for me you are an amazing man, amazing husband of mine, and amazing father of our kids”

Tae caught off guard and then suddenly blushing

“Eh, you’re still not used to it, Dear? Common you already mine and I’m already yours, so no need to get shy”

“I’m already used to it but I can’t help it but still blushing and Hon?”

“Yes?”

“Can I eat you today?”

“Silly and why do you need to ask my permission, huh?” blushing.

“And yet you are also not used to it, huh” then eat his wife right away.

chapter 412 – Storm and Trouble 1

One week after the couple got married, there's somebody else of more than one is also gathering for this trending entertainment news that they just heard and read.

"You said that I will become with him but what happened now? He is already married to this bitch."

"You need to relax first"

"Relax my a.s.s, I even giving up myself to you so that I can be with him, and yet what now? He already got married"

"I didn't force you remember? Force is not needed because you're the one who openly approaches me and said that offer to me"

"....."

"Alright and let me ask you this one, do you really want to be with him knowing that you're already dirty by me, huh?"

"Why not and I already love him for 15 years, losing myself to you is not an issue here since he is already married to this bitch and then knowing that his wife is pregnant so for sure he just marry without love even he did say is not a shotgun wedding for them when in fact we don't know the whole truth. In other words, I'm not also the dirty one since he also did. So then what are you planning for this?"

"You are really a bad woman, huh but let's have another round first before telling you my plan"

“Eh, right here and then?”

“Why not and we still didn’t try it here?” and then a series of m.o.a.n.s and groans covered the office at the top floor.

Lying on top of his c.h.e.s.t “so what are you planning to do huh?”

“This wife of him is weak and for sure knowing that she’s pregnant with his first baby then for sure she will securing her baby safety and just follow my men without defending herself. Geez such a beautiful one and yet she only falls to the hands with just a mere artist just like him”

“Eh, don’t tell me you also going to taste her?”

“Of course I will and how can I let go of this real beauty. I even tasting you when in fact she’s more beautiful to you and more beautiful to Goddess Li💎💎”

Endured for now since for sure she will dispose of this bastard after she gets what she wants “so then what you are planning then, huh?”

“Simple by kidnapping her since she’s very wake woman and fragile pregnant woman after all”

“I see and are you also offering her that you buy anything she wants as long as she will stay with you?”

“Of course and money is not an issue here because I’m more rich compared with just a mere artist, if she’s looking for money then I’m the best option after all”

“Then how can I be with him?”

“After I succeed in kidnapping her, you go right away and tell him that his wife has been cheating with me since then and I’m the biological father of his pregnant wife”

“Oh, that’s a good plan then.”

“Of course it’s me we’re talking about”

“I will take a picture that indeed you’re with her after you succeed kidnapping her and then I will bump him accidentally and pretend to be a concern that I accidentally saw the two of you”

“That’s right and you got my point, you really an actress after all”

“But then what if it got failed?”

“Nobody can escape from my men’s hands”

“Yeah but just what if, so do you have any other backup plan then?”

“I have another backup plan but I will only use the next one if it got failed.”

“I see then let’s have another round before going to my schedule.”

Back to Rei and Tae

3 days after that evil plan of them, they will execute it tonight and his men’s have been scattered 50 meters away from CA Entertainment since it’s around the corner and no CCTV’s Footages in that area. The couple and the team just finished with their Team Schedules for today, so all of them are on their way home. Tae is the one driving and suddenly stops because someone blocking their way.

“Hon, you’re not going to get out and you can call the police if I can’t handle it”

“Okay but be careful”

"I will" then kiss her forehead and get out of the car after making sure it's locked. "Why are you blocking the way?"

"We won't hurt you but just give the lady to us"

"And what if I'm not?"

"Then we will hurt you"

"Go on because I won't ever give my wife to your hands" he warns them then attacking them right away. After 15 minutes, 5 persons got crunch down and holding their stomach but they are not aware that Mr. Jun know taekwondo at all "so tell me, who wants to hurt my wife?" Then Tae just heard someone start the engine and there's another one who escapes from his clutches. "What the heck? The 5 of you, are you not going to tell me of who orders you this one?"

"....." They keep their mouth shut and then when Tae got back inside the car, the hidden bodyguards of Rei suddenly appearing out of nowhere then tied the 5 fives men's and got bring to a secret hideout.

Tae entered the car and asks his wife "are you alright Hon?"

"I'm fine how about you and luckily they didn't bring any guns with them."

"Yeah but all of them know martial arts and they have another man escape" then looking to the 5 of them and just realized "eh, they've escaped?"

"My hidden bodyguards got them tied up and for sure they bring them to the Jang Secret Hideout in here"

"What are they going to do with them?"

"For the time being they've been in prison in there and we will start investigating it, so are they here because they're after for Ken?"

“Not Ken and it’s you, Hon”

“Eh, it’s me?” Tae nodded “but why me and who?”

“They keep their mouth sealed so I don’t know why and who, so you must always stay close with me and I guess we will leave the twins at our home and ask Mom and Dad to babysit them again”

“Yeah you’re right and it will be dangerous for them if they really targeting me”

When they arrive home Tae calls his parents and they will come tomorrow before 6 am while Rei investigating it but she didn’t find someone who holds a grudge against her.

“Dear I didn’t find anything that’s holding a grudge with me”

“I see and starting tonight let’s be careful since the culprit is still lurking around.”

chapter 413 – Storm and Trouble 2

The plan for kidnapping Rei got failed and now the one who’s trying to kidnap Rei just to escape from Tae is now reporting to his boss about the update of their mission failed.

“Boss the plan was failed”

“What? And what about your men are then, she’s only a pregnant lady, yet you failed to kidnap her?”

“If it’s not for Mr. Jun then we will be successful in kidnapping her but then my team got beaten black and blue by Mr. Jun Boss”

“What and Mr. Jun knows martial arts since when?”

The actress who is his accomplice just arrives from the office then heard him and answered him right away “oh, you don’t know about that one? I mean my man is a black belter in Taekwondo along with his teammates.”

“Who would know that one, huh, and why you didn’t tell me?”

“I see so it got failed, well as expected for my man since he is a black belter, and then what are you going to do after knowing that your plan got failed?”

Looking angrily to the said actress and then command his men “shot her a drug then and you must get her without Mr. Jun on her side.”

“Yes, Boss” then he leaves right away.

“Eh, that’s your only backup plan after knowing that your first plan got failed and what if this backup plan of yours got backfired right away then?”

“I’m not that idiot and the alas will be always last, so just wait that time to come because the last one will be their doomsday.”

“What is it?”

“You will know it at the right time and for now you must wait for my next move then because I need your help for that one”.

Rei and Tae

On the next day, the couple who already decided to bring the twins with them until Tae got enlist didn't bring the twins since the twins are their weakness, after all, followed with each other and then their family members. When they arrived at the studio the couple didn't share it with the teams since they thought it was attacked by the one who knows Rei's identity as R or more worst from the Jang Corp. rival company since Rei is Mei Family Members after all.

They just did their normal routines as if nothing happened yesterday night and the men's who've been got instruct by their Boss didn't have a chance to attack since Tae is always accompanying Rei or if it's the Members have a performance on stage Tae instruct his wife that she must not go alone since their someone after on her and that they do still not know who is it. Until then one week passes, the men who are always following them still not have time to attack but then still waiting for the right time to attack when Tae is not around with her. They didn't dare to approach when Tae's around since they know how he has beaten the 5 men's black and blue in just a matter of 12 minutes, in other words, not more than 3 minutes they will be beaten black and blue if they are not careful enough.

At the parking area of CA Entertainment Premises, Tae excusing himself since he needs to pee and leaving his wife alone in the car but before that he instructed his wife.

"You must not open the car if it's not me okay?"

"Uh-uh I will"

"Whatever happens please don't let it open, okay?"

"Uh-uh"

"I will just need to pee but I will come right away"

"Uh-uh" then Tae leaves right away after making sure that he locks the car door shut and tight.

Two Minutes later, Rei heard an explosion, and since she's worried about the husband safety she got out of the car even though Tae said that whatever happens please don't let it open but then she did and before the drug will be injected into her neck she just heard a whoosh and then 9 peoples collapse on the floor within few minutes.

“Eh, that’s.....”

“Ma’am they’re going to inject something on you and this is the injection that they carry, we will bring them to our hideouts” one hidden bodyguards explain to her in Tanes and then they disappear right away. As for Rei, she got in right away since the explosion is just only a trap for her to get out, and then Tae just entered.

Tae entered and buckled his seatbelt but stop when he heard his wife. “Tae I almost got caught if it’s not for my hidden bodyguards and this time they have 9 men’s trying to kidnap me”

He wasn’t able to buckle his seat belt and only one question got out from his mouth with a very worried tone “A-Are you alright?”

“Uh-uh and sorry for not following you to not open the car whatever happens because I thought you got hurt since I heard an explosion but it’s only a fake one in order for me to lure out from the car.”

Hug his wife “yeah I understand and at least you are safe.”

“Are we not going to tell Mr. Hwang and the teams about our situations?”

“I want to tell Hon but what if it’s someone who knows your real identity or they are sent from the Jang Corp. then?”

“I see and right I almost forgot to tell you this one but they are trying to inject me with this”

“What’s this?”

“My hidden bodyguards are investigating it including this one since we don’t know yet who’s after me and for what reason that they are targeting me.”

When they arrived at their house Rei teaches Ken first the hacking skills and programming for 2 hours after eating their dinner and then investigating it after teaching Ken but still, she didn't find anything who's after her since the culprit is careful enough not getting track because they know that R is the one who's Securing the Security and Encryptions of Senians Systems, so they avoid using digital and electronics technology to avoid being found out by R.

Tae observes then notices that his wife pouting and just guess that she didn't find anything yet. Well, Rei will not find anything yet since the culprit didn't use any technology or devices to avoid their plans got discovered.

Asking his wife after seeing her expression "You're not yet on the lead of who's the culprit are?"

"Uh-uh"

"Geez come here and just relax. It's my job as your husband to protect you and I will protect you whatever it is, I promise."

"I know and maybe they didn't use any devices since I can't retract anything and they all attack where the blind spots are, so they are all careful enough not to be found by me, so one thing I'm sure that they are not aware of my other identity as R."

"Yeah that would be sure is"

"And" someone interrupting them since Rei's phone rings and that someone reporting about the injections that they got from them. "Eh, that's an aphrodisiac drug?"

"Yes Ma'am and all of them who have been in our hideouts didn't tell anything, are we not going to torture them for us to get a lead?"

"No you don't need to deal it with violence, just make sure that they're no escape from them, and after we find the real culprit you just need the usual method to use the hypnotize method for them to forget the reason why they've been captured by us and you will drop them to the police station after exposing their dirty deeds or underhanded method."

“Yes, Ma’am” then hung up right away.

“Eh, what language is that Hon?”

“Tanes Language Hon and that’s Bro En, Ken and Ren original spoken language. The one who’s after me is not anyone from the Jang Corp. rival since just now they want to use an aphrodisiac drug against me. As for Jang Corp.’s rival, they are not the ones who did it since most of them will try to hurt us or someone important persons from the Head Family of Jang Corp. either by kidnapping or killing us in order for the Head Family to backfired.”

“Eh, and you mean that the one who’s trying to kidnap and hurt you are not from the Jang Corp. rival or the one who’s aware of your other identity instead they target you as for your own self?”

“Yes that would be right since it’s just happened after disclosing that I got married to you, so it’s either me or rather the real target it’s not me but you Tae.”

“I see but we will only inform this one to Mr. Hwang and to the teams after making sure of who’s this real target between us.”

“Okay”

chapter 414 – Storm and Trouble 3

The Boss who’s planning all of it didn’t hear anything from his men. Of course, since all of them got caught by Rei’s hidden bodyguards without no one’s escaping from them. He did try to call them but no one from them answered his calls and because of these mistakes of him, the couple got a lead who’s the culprit and everything got recorded by Rei.

Rei already sleeping that night but awake since she got a prompt from her system that someone updating the men’s that got instructed by that someone, so after heard the prompt from her system, she wake up then waking her husband up and said right away “Tae look with this one”

“Eh?” Then got up and looking at her phone then read the message.

[Where are you now? What happened to that task I given? Did you got succeed by drugging her?] While reading the message, Rei software and database searching the unknown number, and then a picture of him appeared on Rei's phone in just a matter of seconds.

"That's Mr. Zhang, CEO of H.EM Entertainment, right?"

"That would be him since the software just identified him as Mr. Zhang but why he is targeting me when in fact I didn't even in contact with him even once, right?"

"Yeah not in contact but have you forgotten that we already counter-attacking him by that fake rumors about me and Ms. Xie then suddenly we signed her up in CA Entertainment knowing that one."

"You're right Dear and now let's investigate about him..." She suddenly got stop since she notices that Rei software appearing a prompt that his phone already shutting down and no access to it anymore.

"Eh, did he know that you got him, Hon, as R?"

"No, but I guess something happened to them that we don't know what it is yet"

"Are we going to inform this to Mr. Hwang and the teams then?"

"If it's alright with you Dear why not but my other identity will be discovered right away since they will wonder how did I get to know that his the culprit and for sure they will also wonder where did we hide his men's and by that they will also happen to know that I'm connected with the Jang Corp."

"....." Tae got speechless but already used to it because he knows how amazing his wife is and so he asks his wife "so what are we going to do now?"

"We will start to investigate Mr. Zhang and will be on alert because we don't know his next move yet"

At the H.EM Entertainment

Mr. Zhang just realizes that he messages his men's about the update so in order to not getting found out especially to R. he smashed his phone into pieces and his actress mistress just arrived.

"Oh what a scene from seeing you being like this Mr. Zhang, right?"

"Shut up"

"So it's a fail again and she's only a pregnant lady but how can you still didn't capture her then?"

"What and don't tell me that you have a better idea compared to mine?"

"Yes because it's better compared to yours but you still have your last move to attack them so what is it?"

"Just what I told you before; I need your cooperation for this one"

"Eh, and what kind of cooperation do you need from me then?"

"Last Year I accidentally saw Mr. Jun entering to a VIP Hotel Room at Class A Hotel which was happened to be next to our room but I failed to notice who he was with during that time but I'm assured that it's him. I already paid someone from the CCTV's Footages personnel so I can call him right away to retrieve it and showing that it's you who's with him those times."

"So in other words you will use me for that"

"Don't you want to be with Mr. Jun then?"

"What if R will interfere with this then?"

“Tsk, tsk you are really too naïve. Don’t worry because I’m quite confident of this one since the one who designs the Security of Class A Hotel are both R and C which happened to the two top Hackers, so in other words, if R interfering in this matter then it means that R editing or fabricating it because we will be the one leaking the footage first.”

“I see so then what your plans are?”

“Fortunately Mr. Jun posted something two baby cribs last October which coincidentally we have twins on our own”

“What? You’re going to include my twins and no I can’t or else my career will be surely doomed if you reveal the twins”

“Yeah I know but what if you will say that it’s Mr. Jun, the biological father of the twins and he was aware of it since he posted two baby cribs on his private SNS Account and he also confirming that they are new members of Jun Family.”

“But our twins just turn 1 last December and he just confirms it around October, remember?”

“You’re an actress so you can follow a script, right?”

“But what if it gets failed again?”

“No, it will never be because this time I will succeed. So I will instruct my spy in Class A Hotel to leaked the videos when Mr. Jun entered in VIP Suite Room and then followed by you afterward we will wait that day until it becomes the hot topic for the whole S Nations until then you will release a press conference by telling the half-truth and half-lies that you’ve been dating with Mr. Jun since then until you go further beyond for dating so the two of you meet at the hotel that it suddenly got leaked out of nowhere. You’ve been with Mr. Jun since then and that you already have a twin that’s why he posted two baby cribs because he is aware that he got you pregnant and now you’re quite shocked because Mr. Jun been cheating with you and just got married to the Artist Manager of CA Entertainment which was happened to be one of their Team Manager. So you need to follow that setup and just add what you need to do. Are you alright with it?”

“Okay and just give me a signal when to have my press conference then”

chapter 415 – M’dols Woo cheating and Manager Rei is a mistress?

On the next following five days, the couple becomes relax since no one trying to attack them without knowing that their just waiting for them to strike without pausing and striking them to the max. Rei is not aware of their evils plans since it happens that H.EM Entertainment Office doesn’t have any CCTV’s recordings but it doesn’t mean that the couple didn’t monitor it since they are already investigating him secretly, so they know who get in and out to his office and they are now taking notes all of it.

The teams and the couple just do their usual routines for the following five days but then on the next day during their live interview suddenly the screen of TV got to change and now showing CCTV Footages of Class A Hotel last year on December 31 and it’s been almost 14 months ago. The video that got leaked was much cleared that a famous actress entered the Hotel following Tae since he got inside first.

Everyone who watches the Live Interview of M’dols along with the Team Members, Managers, Hosts, and Audiences got surprised because they’ve been caught off guard and now looking to Tae with disdain looks except for the Managers and Members because they believe Tae.

On the other hand, after 5 seconds that the video got leaked, Rei automatically covered Tae from them and declared right away without hesitation since it’s a live interview.

Rei declared it with a stern voice “I’m not that idiot to believe with this leaked footage so whoever you are and trying to stern my husband’s reputation then you got the wrong enemy. Whatever it is I know very well about my husband and it will never destroy our relationship just because of this leaked footage. In the first place, I know who’s right and wrong. I, as the Artist Manager of CA Entertainment, will go this deeper and further investigating it so prepare for those who are trying to hurt my husband because I will surely and never let you have a chance anymore. As for the Management of this Live Interview, you will face the consequences even you’re innocent enough because you just breach the contract by failing to protect the safety of the M’dols. Let’s go guys and it’s not worth anymore to stay here”.

Except for Tae, all of them are now having a Goosebumps because this is the first time that they witness that she’s likes this as if from a Goddess she transforms into a demoness one. The team leaves right away without hesitation meanwhile all of them got speechless.

“.....”

A reporter that got hired by H.EM Entertainment “eh, what’s this leaking CCTV Footage all about, huh?”

“That’s Ms. Leng Ara, right?”

“Yeah that’s right and the man who got in before her was M’dols Woo, right?”

“.....”

The Management of the said Live Interview is now trying to contact Rei but she’s already unreachable. They are trying to explain since they’re innocent but they have no choice because it’s their own program where the Footage got leaked and they didn’t tighten their security knowing that they signed a contract with CA Entertainment without knowing that the Management of this Live Interview is a subsidiary branch of H.EM Entertainment and this is the reason why Rei accept their invitation last week ago after discovering that it’s was him who’s trying to hurt her husband and her since they didn’t get any grasps of their plans yet since no available CCTV’s recordings from Mr. Zhang office.

Few days after Rei’s declaration, the media and paparazzi are trying to get in touch with anyone from CA Entertainment but they’ve never saying anything and just keeping quiet so then there’s a trending news and hot topic of S nations for 7 days straight.

[M’dols Woo cheating behind Ms. Leng back and Manager Rei is a mistress?]

[Manager Rei declaring something to the live interview and yet they’re now keeping quiet, are they all guilty, or Manager Rei was really a mistress one?]

[Class A Hotel going to investigate further of why suddenly a CCTV Footage of them got leak knowing that it’s protected by R and C, the two top hackers globally]

[CA Entertainment is still silent and keeping their mouth tight after Manager Rei declaration]

[Ms. Leng Ara is an undersigned artist of H. EM. Entertainment and a known actress after Goddess Li and Nan Ha]

[Who is the mistress one Manager Rei or Actress, Ms. Leng?]

[Whatever it is there's no escape for Manager Rei and M'dols Woo because the leaked footage came from Class A Hotel which happened to be designed by the top hackers since R and C were the ones designing the security of the said Hotel]

[The Management of Live Interview are sincerely apologizing towards Manager Rei and yet no answer from her. They are all innocent and yet Manager Rei cornered them knowing that her husband doing got discovered and her being a mistress]

"Tomorrow you will be having your press conference and do everything I told you because there's no escape from them. For sure that Beauty Manager will start to sway her calm demeanor and will leave Mr. Jun"

"Tsk, tsk why don't you think this in the first place, huh?"

"Just do what I told you and Mr. Jun will be yours while this Beauty Manager will be mine."

"Yup and this time I will do my best" she ignores the last part since she's too excited that Tae finally will be hers.

Then later at night the H. EM Entertainment released an official statement of them.

[Ms. Leng will be having a Press Conference tomorrow at exactly 9 am for this issue since she got involve with this scandal.]"

After reading the Official Statement of H. EM Entertainment, Mr. Zhang just laughs to his heart content because from what he knows they are no escape from them this time, only he thinks because he really doesn't know his enemy.

chapter 416 – Press Conference

At exactly 9 am, Ms. Leng sat in front of a big number of paparazzi and media while presenting herself that didn't get a chance to sleep because of these big issues that she got involved in.

"How are you, Ms. Leng?"

"It would be a lie that I'm fine when I know that I'm not alright at all and I'm just keeping this for almost 14 months since then but then I think it's the right time for me to disclose and let everyone here know the whole truth."

"Eh, what do you mean by that Ms. Leng, and what we want to know that we never know?"

"Everyone here, it looks like this, but before I'm going to disclose this private matter of mine, are all of you here familiar that I'm one of the Official Fans of M'dols, right?"

"Eh, you are?"

"I see so Mr. Jun really hides me, huh and I know why because he doesn't want his good images to be get tainted just because of me. Yeah, I'm really an Official Fans of M'dols and I've been an Official Fan since the day they got to debut. At first, Mr. Jun and I are only having a fan and artist relationship but later he confesses his love with me and we've been dating since last May 12."

"Eh, wait but Manager Rei and M'dols Woo is the one dating since last May 12 that they almost celebrating their 2nd Year Anniversary as a dating couple, so what do you mean by that Ms. Leng?"

"Manager Rei just stealing my own love story to make her own love story and she just a bitch on her goddess looks. She already knows that I've been dating Mr. Jun since then but still she steal my Mr. Jun from my own hands since she got the advantage of it because she's one of the Team Managers of M'dols and then the Artist Manager of CA Entertainment. I and Mr. Jun have been dating since last May 12, we're a happy couple at first and then Mr. Jun requests to me to go further of our relationship so that's why we've been staying in the Class A Hotel and spend our holidays there. We love each other so we give each other our life and spending our days there because of that I got pregnant on that day and

then Mr. Jun acknowledge our twins when he posted the two baby cribs for our twins, he even confirms that the twins are indeed a new member of Jun Family yet Manager Rei suddenly appear in our life and broke our wonderful relationship with each other. I keep my silence because I got threaten by her and I was afraid that everyone will know that I'm already a mother of Mr. Jun's twins. I'm no match for Manager Rei so I keep my silence because she's just a bitch with her goddess looks until I heard the news that they got married, it's very shocking news for me because if it's not for her, I will be one got married to Mr. Jun, I will be the one staying at Mr. Jun side and our twins will know that Mr. Jun is their biological father. They've been acting as if they are in love with each other without knowing that Manager Rei is just a mistress and a homewrecker. Yeah, I and Mr. Jun are not yet married but we promise each other that after retiring from the entertainment industry both of us will be married to each other and live happily after but that was an illusion of mine because when Manager Rei appeared in our life that promise for both of us slowly disappeared and she steals my man without feeling shame. Manager Rei, I don't know why did you target me but I didn't do anything to you and yet you still steal my man from my hands and steal the father of my twins. There's a lot number of man and available here who's willing to be with you but why did you get a man that already committed by me? I heard that you're pregnant by my man; did you not feel shame raising and growing your child knowing that you're only a mistress one? If I will put you on my shoe, what would you feel that your man got stolen by me then? For sure you will also feel what I feel right now. You suddenly declared that one with a stern tone of yours after the footage got leaked, are you that ashamed that you're doing got disclose by everyone? Do you know why I can't keep it quiet anymore knowing that you're blackmailing me? It's because I can't take it anymore because I love Mr. Jun and we already have twins that he even posted to his SNS Account because he acknowledges that it's our twins but then why are you still adamant and married with Mr. Jun knowing that his my man? Manager Rei, are you perhaps aware that right now I'm already sacrificing my own career as an actress here just because of this and I even revealed my twins to the public knowing that they are still an infant when in fact it's not my fault but rather it's your fault because you're the one destroying our wonderful relationship? Please Manager Rei you're a woman itself and admit it right away of what you did wrong to me. I will promise that I will forgive all of you for what you did wrong to me as long as you will return my Man. I will never sue you for what you did wrong to me and to my Man Mr. Jun instead I will just set you free. Okay? I know you're expecting a child with my Man but I will promise that I will take care of it and I will treat that child as my own, you're a pretty woman Manager Rei so there's someone there who's willing to accept you knowing what you did now. That's all for now everyone because I can't control myself anymore." Then stand up right away from her seats and that enough for everyone to hear her sobbing. They believe her right away because no one from the media and paparazzi was happened to witness the wedding ceremony and receptions of the couple so they don't know the story of Rei and Tae. Anti-fans are now starting attacking M'dols Woo and Rei while the fans especially those who witness their weddings didn't believe her because they know what's the truth and as for the fans who didn't got invite they only believe whatever CA Entertainment release from their Official Statements.

Mr. Zhang was standing not near her when she got her Press Conference and just looking at her proudly for doing her job very well without knowing that someone already inside his office and put something to his office then leave right away.

chapter 417 – Counter Measures

Both Team Managers and Members of M'dols leave right away from the Live Interview then go to the CA Entertainment Conference Room when they arrive and they are now in meeting for this matter. All of them are dumbfounded because they witness how Rei becomes so serious all of sudden and with her declaration with a stern voice. Mr. Hwang is also inside the conference room and already knows what happened during the Live Interview since he reviewed it when the team is still on the way, he breaks the silence and asks the couple right away.

Mr. Hwang: Manager Rei and Tae, did you hide something from me without me and the team knowing?

Tae Just looking at his wife and he knows that what she just declare during the live interview she will do it without showing any mercy anymore since he knows his wife very well while the Managers and Members are just looking to the married couple because they also don't know what's going on.

Mr. Hwang: You're my Head Secretary for 2 years Manager Rei so I know that you will never declare something that you don't know about, so now tell me what's going on and tell me why did you suddenly accept this live interview from this management out of impulse?

Rei: Yes Mr. Hwang and few days after having our wedding ceremony someone blocking our way when I and Tae going home that day, they are at least 5 persons, Tae beat them black and blue. On the next following two days after that, here in the parking area of CA Entertainment, Tae happened and need to go to the toilet so he instructed me that I will never open the car if it's not him but then suddenly I heard an explosion so I got out from the car luckily someone helping me, that time they are 9 persons who are after either me or Tae and planning to inject me an aphrodisiac drug. We didn't inform you Mr. Hwang and the teams because we're not yet aware of who's the real culprit. Starting that day from their attack on us, I and Tae became meticulous about our surrounding because it's either me or Tae as the real target one.

All: Eh?

Mr, Hwang: And did you already report it to the police Manager Rei?

Rei: Yes I already did a report to police Mr. Hwang and they instruct me to contact R because I'm a Ceno one, so I did and now we got a lead.

==== Flashback ====

"Dear let's report it to the police about this one and we have now a reason that my other identity will not be exposed and reveal that it's me since we're going to report this matter to the authority."

"Okay, and I will follow your arrangement Hon" then the two leave the CA Residences by riding and using En provided car because everyone from the Din's Family members except the kids already knows about their situation. They also have the same calculations that either they're after her because of two reasons first being identified as R or being identified as a relative of Jang Corp.

The two entered the S Central Town Police Station and report everything, as for the men who've been got beaten black and blue by Tae and to Rei's hidden bodyguards they only said that they suddenly disappear out of nowhere. Rei present evidence by giving pictures to them and then got advice from the police officer that she needs to contact R since she's a Ceno one without knowing that the police is already talking personally with R.

===== End of Flashback =====

All: Eh who is it then?

Rei: It's said that the culprit is Mr. Zhang the CEO of H.EM Entertainment and also revealed that this live interview management is a subsidiary branch so that's the reason why I accept their invitation because R said that R not yet aware of anything because H. EM Entertainment Office have no CCTV's Recordings"

Mr. Hwang: I see so now what are you going to do? Are we going to cancel their 1-week schedules then?

Rei: No it's already been decided Mr. Hwang and we will leave around 2 am then come back here next weekend.

Mr. Hwang: Alright I'm going to inform our Artist Director Lina then.....

Rei: It's alright Mr. Hwang and I will handle this one personally.

So the reason that the Medias and paparazzi didn't see them it's because they scheduled for the whole week in T country, of course, Tae and Rei carry the twins with them, as for Ken and Ellyn they stayed in the Jun House – Tae and Rei House since Tae parents are in their house for babysitting when in fact the twins are with them at the moment.

For the whole week in T Country, the members perform normally and didn't even ask about the couple's issue because they respect their privacy and of course they know who's to believe.

During the release of the H.EM Entertainment Office Statement, the Team already inside the studio and just happened to read their official statement.

All: Don't tell me that Ms. Leng is also a conspiracy of Mr. Zhang then?

Both: She must be.

Han: By the way Manager Rei, are you asking R for help with this one?

Rei: No I won't ask Manager Han because R will be got implicated since R and C are really the ones designing the security of Class A Hotel.

Rei: Yes and it's very safe for us at this time.

Wang: Good

Mr. Hwang: Just ask me if you can't handle it anymore, okay?

Rei: Yes Mr. Hwang.

Mr. Hwang: Alright let's dismiss tonight and we will be here before to see this press conference of her.

All: Yes Mr. Hwang.

The team got dismissed and the couple uses the VIP Path since the twins are with them today since they just got back from T Country. As usual, Tae is the one driving and Rei instructs someone.

"Ring, ring, ring"

"Do it now"

"Yes Ma'am Rei"

"Thanks"

End of call

"Hon what are you planning?"

"I did say that I will never give them any chances anymore so I will do everything"

"Yeah you're right and by the way, you don't need to be stress out because you're pregnant after all"

"I know and sorry Dear, I'm the hacker R but I can't help you as R because they suppress me"

"Silly, and are they really sure that they suppress you when in fact you're JR?"

“He, he, he yeah”

“Speaking about hackers, are you all bodyguards aware that you’re a hacker?”

“They don’t know since all bodyguards that hired by Bro En only know the hacker Assistant Sono”

“I see”

The couple arrives and then lays the twins first on their cribs, afterwards the couple just go to their room and take asleep because they know for sure that there will be many dramas going on for tomorrow, so in order to have a lot of energy they sleep early.

chapter 418 – Live Footage

Around 7 am, all M’dols Managers, M’dols Members, and Mr. Hwang again are now inside in the conference room and while waiting for that someone they discuss something for 2 hours and so then at exactly 9 am, all of them are now watching the press conference of Ms. Leng at the conference room.

They are all focused and listening to every word she spouts. Then every time she mentions the couple’s name all of them including Mr. Hwang were always looking to the couple’s direction since their names got a mention by her many times especially with Rei. They are all worried about the couple but then they only see and notice that the two still have both of their calm demeanors after being got a mention to her and that their names have been slandered by her without feeling shame.

Even them, the M’dols Teams and Mr. Hwang who heard these allegations of her and yet they are not the one who got slandered by her, they’re almost losing control of their selves but then seeing the couple reacting like that, they remain calm and didn’t explode because they conclude that for sure the couple already anticipating this one from her.

Five minutes after her press conference, all of S Nations who watch suddenly got to read a warning notice from their Monitor Screen either its phone, TV, Billboard Screen, or whatever it means as long as it got shown after her press conference.

[This video is not suitable and appropriate for young Senian viewers especially from the age range of 0-16 so if you have kids with you then make sure they will not watch this video since it's much censored and luckily it's still class time to all Cities of S Country.]

After reading the notice from each screen all of them wondered at the same time "eh, what's with this? Are the S Country Security and Encryptions got hacked?" Then after that, their queries got answered.

[Either it got hacked or not, I'm here because I respect R but then knowing that R got suppress because of the recent issues about the CCTV Footages of Class A Hotel, so then as a fellow hacker of R, I understand it very well because if R make a move then the culprit for leaking the edited CCTV Footages will only claim that R can easily fabricate the said footages since R is the top among all hackers and that's the reason why I never protect and design any security and encryption for each country mainly because of this reason. By the way, I'm JR, and here's the live footage that I'm talking about, enjoy watching it because it's a live video and all S Nations will know who's the evil one.]

==== Content of the Live Footage ====

Ms. Leng left right away after her press conference and then entered to H. EM Entertainment CEO Office followed by Mr. Zhang. The two and all of the H.EM Entertainment personnel are not yet aware of the said live footage. Of course, they don't know how they get live footage.

"I did what you instruct for me and I also added my own story."

"Yeah, I heard it very loud and clear. Good Job Ara and for now let's wait for their reactions because for sure they are now attacking them."

"So after all that attack then that bitch will leave my Man then, right?"

"Idiot, who are you calling my man? Mr. Jun is your man, are you still not leaving your character? Quit with your illusions because you didn't even meet Mr. Jun. You really into your character when in fact you didn't meet either of the two of them even at least once and yet you're talking in front of the cameras as if you're really close with Mr. Jun and that Beautiful Manager. Tsk, tsk you really a great actress."

Almost lost her patience and scold him but then just asking him calmly “do you really want that bitch to become yours?”

“Of course why I wouldn’t want to, huh? I even sleep with you when in fact you’re not on par with that Beautiful Manager.”

“Make sure after this and seeing the result of my press conference, Mr. Jun will become mine and surely only for me. I don’t care with that bitch because I only want Mr. Jun”.

“Yeah and that’s the reason why you approach me. You even came to me and approached me openly so that you can be with Mr. Jun.”

“And yet since 3 years ago until now, I still didn’t meet Mr. Jun then he just got married to that bitch while I’m still stuck with you.”

“I know and this time he will become yours since they are no escapes from them. Whatever it means they can’t escape because of the evidence/”

Ignore him and asking him “by the way I’m curious about something.”

“Yes, and what would it be?” In a happy mode because he will almost get what he wants.

“Those spies of yours, I mean from Class A Hotel, why those spies easily leaked the Edited CCTV’s Footages when in fact they know it’s R was talking about, right?”

“Since I’m in good mood because of your precise acting and following the scripts for your press conference then I will answers it truthfully but later since I need to do this first” then approach them right away and did it again without knowing that it’s live footage in all S Nations. After a series of m.o.a.ns and groans, the two are now seating the chair for CEO since Ms. Leng just seat on his l.a.p.

C.a.r.e.s.sing her like they are a loving couple when in fact they are not and explain it to her “those spies that I hired from the said premises, they can easily leak the edited CCTV’s Footages without worrying

about R mainly because R got suppressed by its own design. They know it's risky but if R will make a move and investigating everything then notice that it's us who's the main culprit then we can only and simply say that we're the victims since R can easily fabricate any footages since it's R own design and most of all R known as the top hacker. In other words, the main culprit will prove as the innocent one and the victim will become the main culprit." He laughs evilly after explaining while he notices something to the woman who sits on his l.a.p "eh, are you always drinking pills every time?"

"Of course and who would want a child with you knowing you're a bastard who only likes to sleep with beautiful ladies."

"Oh common, aside from you I only sleep with Ms. Lydia since that bitch Ms. Xie didn't agree to sleep with me instead she signed up to CA Entertainment, my very own rival company but well no worries because after I sleep with that Beauty Manager then she might be next and followed with Ms. Xie new manager then."

"Tsk you're really a jerk and a bastard one but luckily for me that I did abort the twins or else the S Nations will have another two jerks and a bastard since your the twins' biological father after all. Ah, right speaking about our dead twins, are we sure that it will forever keep knowing that we're already offending R?"

Tap her head "did I just tell you that R already been suppressed since the day that the edited footage got leaked?"

"I see and by the way, you must visit the twin's graveyards since you're their father after all. You must apologize to them since you're the one who cut their life and suggest abortion. If they're alive then last month they will be 1 year old already. I'm now feeling guilty for mentioning and using the dead twins for our own d.e.s.i.r.e."

"Well you do it willingly after I suggest abortion and for the press conference you also did it willingly without rejecting my suggestion, so don't feel guilty because I didn't force you to do so."

"You must be surely succeeding this plan because my future is on the line."

"Of course no worries but then you still have plans after it got failed right?"

“Yeah”

“Alright let me hear it after other rounds of us.”

[I’m cutting the live footage now. So now here are my explanations].

chapter 419 – Rei as JR

The live footage got cut off after watching them kissing and then JR explain it right away without missing anything.

I’ve been following the news so I’m aware of all of it. This is Manager Rei’s declaration thru Live Interview few days ago “I’m not that idiot to believe with this leaked footage so whoever you are and trying to stern my husband’s reputation then you got the wrong enemy. Whatever it is I know very well about my husband and it will never destroy our relationship just because of this leaked footage. In the first place, I know who’s right and wrong. I, as the Artist Manager of CA Entertainment, will go this deeper and further investigating it so prepare for those who are trying to hurt my husband because I will surely and never let you have a chance anymore. As for the Management of this Live Interview, you will face the consequences even you’re innocent enough because you just breach the contract by failing to protect the safety of the M’Dols. Let’s go guys and it’s not worth anymore to stay here”.

By hearing this live declaration of her, we can really tell that Manager Rei really loves her husband and she will do everything for her husband at all. Well at first I thought and wonder that maybe Manager Rei is also a hacker just like me since she just says you got the wrong enemy and will go this deeper and further investigating so then I did investigate Manager Rei and so here I found out about her, I will not expose her private life but I will only focus of the main issue here. As JR the known hackers for helping individuals randomly without asking anything then why not help the newlywed couple when I have this talent to help them clear their names, right? Alright, I will stop that one, so now here are my explanations and of course with proof.

1. A few days ago, Manager Rei and Mr. Jun on the way to their home suddenly got blocked by someone in the car luckily they are safe because Mr. Jun is a black belter in Taekwondo. Attach here were the photos of 5 persons who are trying to kidnap Manager Rei since I got it from their own phone.

2. Another attempt of the kidnapping of Manager Rei at the CA Entertainment parking premises and trying to inject an aphrodisiac drug to her. Attach here were the videos of 9 persons who are trying to kidnap Manager Rei and I don't know what happened next after that since they suddenly collapse on their own, so the one who helps the couple is unknown because of the blind spots area of the said footage.

3. Manager Rei and Mr. Jun reporting it to the nearest Police Station after what happened so then they got a recommendation that Manager Rei needs R's help so that they can have a lead of who's trying to hurt her. Manager Rei followed the recommendation of the said police officer and they got a lead, it's Mr. Zhang the CEO of H. EM Entertainment. Attach here were the video of the couple reporting it to the police station and the video of having a recommendation. I also retrieve the report of R thru Manager Rei's email that it's Mr. Zhang who tries to hurt them but then before it got fully disclosed to the public, the edited CCTV's Footages got leaked and R got suppressed before disclosing the main culprit.

4. This is the original video of the edited CCTV's Footages, so it means that Ms. Leng didn't enter to VIP Suite 101 but rather she entered to VIP Suite 102, who happened that the guest who booked the rooms were; for VIP Suite 101 were Manager Rei and Tae while for the VIP Suite 102 were Mr. Zhang and Ms. Leng. Attach the booking reservations for the two rooms.

Now I'm done explaining this matter so next, I'm going to answered all Ms. Leng's allegations from her press conference one by one.

[It would be a lie that I'm fine when I know that I'm not alright at all and I'm just keeping this for almost 14 months since then but then I think it's the right time for me to disclose and let everyone know the whole truth]

You're really an actress Ms. Leng because you really know how to act very well but too bad for you because you're not suited to become an actress rather you are suited in other fields, I guess you already know what I mean, right? Let everyone know the whole lies and not the whole truth because you were telling all lies.

[Are all of you here familiar that I'm one of the Official Fans of M'dols, right?]

Are you also aware that you are one? I guess you're not because instead of supporting the M'dols you just going to ruin their reputations especially to Mr. Jun that he has been built by he is own sweat and blood.

[I see so Mr. Jun really hides me, huh and I know why because he doesn't want his images to be get tainted just because of me. Yeah, I'm really an Official Fans of M'dols and I've been with them since the day they got to debut. At first, Mr. Jun and I are only a fans and artists relationship but later he confesses his love with me and we've been dating since last May 12.]

Mr. Jun didn't need to hide you because there's nothing going on between the two of you. Mr. Jun has no reason for his images to be get tainted just because of you because as I said a while ago there's nothing going on between the two of you. All M'dols Members and Mr. Jun care for their fans so that's why they're always careful enough about any rumors that involve them because they won't let their fans got worried about them. I did investigate you and indeed you are one of the Official Fans of them, you know them very well but then you're the one who ruined his images along with the M'dols Members. As an official fan of M'dols since they got debut, your one of the reason why they exist but then you're not doing that one as their fans because you're not supporting them instead you're trying to ruin their reputation especially to Mr. Jun. You indeed a fan and artist relationsh.i.p.s but you never interacted with them either with Mr. Jun or the M'dols Members at least once because of your busy career as an actress, so you always miss their fan meetings every time the M'dols have. Mr. Jun didn't confess to you instead he confesses his love to Manager Rei at the CA Residences Parking Premises. Here's the video of Mr. Jun's confession since I just hacked the black box of Manager Rei's car, enjoy watching it especially to the fans of Mr. Jun, and then May 12 is the day that the two become official.

[She steals my Mr. Jun from my own hands since she got the advantage of it because she's one of the Team Managers of M'dols and then an Artist Manager of CA Entertainment].

Manager Rei just celebrated her 1st Year Anniversary of being one of M'dols Managers last January 3 and she will be celebrating her 1st Anniversary this coming April 18 as the Artist Manager.

[Manager Rei suddenly appears in our life and broke our wonderful relationship with each other]

She didn't appear in your life and broke your wonderful relationship with Mr. Jun since there's nothing going on between the two of you. Here's the footage of Manager Rei's first appearance in S Country.

[I'm already a mother of Mr. Jun twins.]

Yes, you already a mother of dead twins but not with Mr. Jun babies because of its Mr. Zhang twins. Here's the abortion report along with your and Mr. Zhang's signature for agreeing to the terms and conditions of abortion.

[Manager Rei is just a mistress and a home wrecker]

[Why you get a man that already committed by me?]

Mr. Jun is not committed to you but instead, his already committed to Manager Rei since last year. Here's the marriage certificate of Mr. Jun and Manager Rei.

So now I will finish it then since the rest allegations are not for my own because it's for Manager Rei.

chapter 420 – Rei and Tae first press conference together after got slandered 1

Inside one of the Conference Room at CA Entertainment, they are groups of individual carefully watching the said live footage. Except for the couple, all of them are seriously watching the live footage and then silently reading the reports of JR without knowing that Rei did her hacking skills in front of them through her phone, all of them didn't get suspicious of her since they only thought that she might busy reading the said articles about her and Tae.

On the other hand, Tae just looking at his wife and wondering at the same time 'is she going to disclose her other identity to the teams?' Though he's worried about his wife's real identity of getting exposed from the team Tae didn't stop her because he knows it's for him, so instead of worrying he just wrapped his left arms to his wife's waist and just observing at her. He feels happy and proud husband that his wife going to this extinct for protecting him like this and he didn't feel any guilt towards this actions of her because he can also protect his wife in different ways since both of them have their own weaknesses and strengths. By wrapping his left arm to his wife's waist, he is also looking at her lovingly

while c.a.r.e.s.sing her hair with his free hand. In other words, Tae busy looking at his wife while Rei busy encoding that statement of her as JR.

Few Minutes after that, Rei already done with her report and looking to her husband then said to him in Ceno “Whatever it means I will protect you, Dear, I promise that no one and nobody will try to taint or ruining your reputation.”

“I know”

The couple is just waiting for the rest of the team since they are still not yet done reading the said reports of JR and then until a few minutes, they said it in sync.

“Lucky for the both of you that JR cleared your names.”

“.....” both got speechless because they already prepare countless reasons for excuses but then they didn’t notice anything at all. They didn’t get any hint that JK is Rei after all when in fact Rei just showing her hacking skills to them.

“Alright Manager Rei and Tae, you will be having a live press conference in order for both of you to cleared your names since they are yet questions from this actress that not got answered by JR especially you Manager Rei.”

“Yes Mr. Hwang”

“After this, are you still going to sue them?”

“Yes, Mr. Hwang and I will let them got punish by the laws here since they deserve it.”

“I see and be ready in this afternoon because both of you will be having a live press conference around 4 pm to 6 pm and it’s after your team schedules”

“Yes Mr. Hwang”

Everyone dismissed and go to their next schedules while on the way Rei called her hidden bodyguards.

“Yes, Ma’am Rei?”

“Done with the hypnotize method for that 14 persons?”

“Yes Ma’am Rei”

“I see then drop the first 5 persons to the police station and then tomorrow will be the other 9”

“Yes Ma’am”

“Thank you”

End of call

“By the way Hon, I’m wondering how many hidden bodyguards that you really have and assigned to you, huh?”

“When I’m still single I only have 2 then when Bro En knows that I got married to you and pregnant it became 5. After giving birth it became 7 and then after hearing of that man trying to hurt us, it became 12”

“I see and so if for our family 12 Hidden Bodyguards, then how about Ken then?”

“5 for now and it will depend on Ken”

The couple chats on the way to their next schedules and just did normally without minding the issues. At the same time CA Entertainment after almost one month of being silent from the issue of Tae and Rei, release their Official Statement.

[CA Entertainment will be having a Live Press Conference Exclusively for Manager Rei and Tae today around 4 pm to 6 pm. Though we are thankful that JK cleared their names they are still some allegations for Manager Rei that need to answer by her personally, so we will have this Press Conference in order for these allegations will be cleared.]

Around 4 pm, the couple is now seating in front of the cameras and it's the first time for the couple to appear after being the center of slander from the said actress. All of the media and Paparazzi are all shocked because the couple didn't look stressed just after being got slandered so they click their shutters non-stop.

[Manager Rei and Tae how do you feel that JR the known hackers globally who helps those individuals randomly without asking anything and this time JR selected the two of you?]

Tae answered right away since it will be awkward for his own wife thanking her own self and then clearing all allegations about them without minding the saying Ladie's First since he is very angry about this slander.

[We are glad that our issues become cleared because of JR's help and we have this live press conference for fully clearing our names, mine and my wife's name. I will never cheat in front and behind my wife's back because I only have one woman in my life and that's my wife Mrs. Jun Lou Rei. I never meet this actress who claimed that we've been in a relationship before Rei because I've been in a deep fall in love with my own wife since the day she lands here. I and My Wife decide to sue this actress along with the CEO of H.EM Entertainment and we will surely let them rot in jail. You Mr. Zhang, you will never know how it feels to witness that your wife almost got kidnapped not once but twice because you've never been in love before since you're only treating a woman as your plaything so it's better for you to rot in jail rather letting and having other victims from your clutches. Right, I'm just a mere artist but I enjoyed my life fully rather than you who born with a gold spoon that only knows how to play. You're the worst among the worst since you killed your own flesh and blood same with this actress, I always respect my fans because they are the one who brings me here in this Fields and became who I am now but for you, I will never acknowledge you as one of Team Fans because of what you did since what you're doing now it very looks like Anti-Fans doings maybe you really one of our Anti-Fans. You've been attacking us especially me and my wife as if you already know us that much. If not for JR Helps then what would happen to us now? Surely, everyone here will believe this Actress lies without knowing the truth. My wife never steals your own love story because you never meet with each other after I'm dating my wife, though you might not remember about this as a certified stalker of my wife before we date, I notice

some annoying woman talking to my wife when she happened to watch our 2 days concert here in S Capital City, I will post that picture from my SNS Account later. That picture will prove that you don't know each other. I never become yours because we never talk with each other since the day I got debuted as one member of M'dols. I did post two baby cribs last October but that post of mine never related from this actress as what she claims. As I said awhile there's an annoying woman talking to Rei during our concerts, the pictures will prove that Rei never threatens her or blackmailing her because how can they seat beside each other if there's a gap between my wife and her? Knowing my wife for sure that day she just ignores her and let this actress talk on her own since they just happened to the seat beside each other, in other words, Rei never threatened her in order for her to keep silent. Everyone here including my own teammates is not aware that we already registered our marriage last year the day before Rei joined one of our Team Managers, so you don't need to bet get shocked after hearing the news of our marriage. I'm not your twins' biological father and the truth already been exposed. We're not acting nor having any scripts to be in love with each other because indeed where are in love with each other. My wife never been a mistress of mine and never been a homewrecker because I never promise anything to you about getting married since we have nothing's going on with each other. It will never happen because I've only promised a marriage Rei. Rei didn't steal me from you and she doesn't need to feel any shame of your allegations because from the beginning I'm not even yours and I'm already committed with Rei. Indeed there's a lot number of men here who are yet single and available but why you want me when I'm already committed with my wife Rei? My wife will not feel any shame by raising and growing our own child because in the first place she's not a mistress since Rei is my legally and wedded wife. My wife suddenly declared that one with a stern tone of her voice because she knows that someone trying to taint my reputation just because of an edited and fabricated CCTV footage, she never thinks about her own reputation knowing that it's a live interview instead she cover me and declared that one because we know it's an edited since the one I'm really with that day, is her, my very own wife and during that time she's already dating with me while getting married in our mind. The said post that I posted last October about the two cribs are not even related to you because the Twins are really from the Jun Family, at first I'm not planning to disclose this one but it will be getting and create more misleading so I will disclose it now because the twins that I posted last October is my and Rei twins, again I will post when Rei got pregnant with our twins, of course, I will not disclose our twins' identities because I know how the entertainment works. You're the one who fully taints your own reputation and you're the one who ended your career as an actress because of your allegations. My wife will never admit anything from your allegations because all of it is fake and only speculations of yours. My wife, Rei never does anything to you or does any harm against you but just because my wife got married to me, you are now targeting her only because Rei is my wife. You have no right to target my wife because I've never been yours. We don't need your forgiveness because we never do anything to you and my wife will never return anything to you especially me because I've never been yours. I will sue you even if my own wife will stop me because you deserve to be rot in jail but then too bad for that because my own wife is the one who decides first that she's going to sue you and that you will surely rot in jail. My wife is kind and a very nice person but because of that leaked edited footage and claiming that I'm yours then you push her limit to do so."

"....." All Media's and paparazzi's are all speechless since Tae said very long statements without waiting for their queries.
