After they left, Mei instruct them

“Let’s go to my office first and we will continue the discussion in my office”

They go downstairs and entered in Mei’s office, the moment they entered Xiu apologize again.

“I’m really sorry and excuse us for taking your time without appointment Ma’am Mei”

“It’s alright and please take a seat”

They seat and just after they seated, being an observant person both Manager Xiu and Mrs Min realized that Rei and Mei is having the same feature and same looks, so being curious they ask.

“Ma’am Mei you know what you just look alike to Ms Rei”

Mei suddenly got nervous because she don’t know what to do because whatever reason she would do, it would be bounce back to her and then she look to Rei ask for help to her big sister.

Rei observe her sister and can understand what’s going on to her mind and her worries so without hesitation she didn’t tell a lie since both of them are her superior and her mentor.

“Manager Xiu and Mrs Min, sorry for the late introduction but this is my Sister and Mother of Ken and Ren”

“Eh, eh you’re kidding right?”

“No I’m not kidding and I’m telling the truth”

They look at her but didn’t get what her expression meant so they look to Ren and by the time they look to him, Ren replied them without hearing their question because it already show what their expression meant. Of course it’s not their first time because there’s one time that Xiu and Min both asking Rei about why the new tissue paper already in the trashbin while Rei is in a good mood that make a joke to them for the first time and answered that maybe the trashbin is hungry and eat the new tissue paper. So because of her serious expressions they don’t if she’s joking or not but then Ren explained it will “ah Mr Xiu and Mrs Min, she just joking. The new tissue paper got pushed by Lynel because she’s laughing hard because of the anime we watched and her hear bump the desk”. So this time they look to Ren again and ask for explanation, after seeing the both of them lookinh to him, Ren explained it right away.

“Yes Mr Xiu and Mrs Min, Aunt Rei didn’t lie. And for you to know to tell a lie is not good right?”

“You’re right and thanks for your explanation little Ren” he just nodded.

“So, so you’re telling the truth Ms Rei”

“Yes Manager Xiu and my apologize for not telling it right away”

“It’s alright and I know the reason why you did it”

“Thanks Manager Xiu”

“Don’t you think I’m not awkward to, imagine calling my sister Ma’am Mei”

“Ha, ha it’s not my fault and by the way who suggest it anyway”

“It’s me and who’s the one enjoying it”

“Ha, ha sorry Sis and I’m just teasing you”

Both Xiu and Min realize that Rei is not that shy but she just don’t talk if it’s not needed and really close to her sister. They witness the other side of Rei who is more cheerful and talkative other than being known as an aloof and cold with beauty. They still in a daze but stop when Mei is asking one of them.

“Ah Sir Xiu what plan do you want for my sister farewell party and don’t worry I will give you a big discount”

“Thank you for you kind offer but let’s just stake to the standard price and not the discounted one to a avoid suspicion from everyone”

“Okay but I will still give you a best service for the standard price because it’s for my sister after all.”

“Thank you Ma’am Mei”

“Well that’s enough instead of Ma’am Mei”

“Yeah”

“Let’s discuss the plan and decorations for my sister farewell party first Sir Xiu”

“Yeah right Ms Mei and this is the plan....” Mei interrupted him
