

Chapter 461 - Vol 7: Ch 461 – Emotional Yu and Yuri

Yuri got caught off guard when her nephew hugs her suddenly and she almost lost her composure after hearing his cries. Yu cries for almost an hour and the two got back at the Long Villa after making sure that Yu is alright. When they entered Yuri noticed that her parents are already inside their room so she carried Yu in her arms and laid him on his bed then leaving at his room after making sure that he already sound asleep as she closes the door slowly. She then entered her room and gets something from her desk drawer before seating on her working desk. She looks at that something and then wondering.

Yuri suddenly asks as if she talks to someone “what I’m going to do now? Please, Brother, tell me what the right thing for me to do? I can’t decide anymore but if I don’t do anything I might hurt the one I love and if I do anything then surely I will hurt Mom and Dad. And in the first place why do, I follow your path Brother? I mean you’re in love with Yu’s Mother who is not the choice of our parents and now here I am, I’m also in love with him who happened to be the Younger Brother of Yu’s mother, Brother please tell me what to do now, please?” Yuri crying and ask the same thing again and again but never got any answer to it since she asking that one from her brother’s picture. After almost two hours of crying and asking the same thing again from her brother, Yuri already stops crying and looking at other pictures and doc.u.ments, she’s thinking very hard and making a very hard decision of what the right thing to do so that in order for her not to regret anything. Later on, she heard a knock from her door, so she keeps those pictures and doc.u.ments right away before she standing up from her seat and opening the door.

“Knock, knock and knock”

“Wait a minute” then open the door “what ... oh, it’s you Yu, and what’s wrong?”

“Sister, can I sleep beside you tonight?”

“You can’t sleep?” asked while letting her nephew coming inside her room.

“Uh-uh I can’t because I’m too excited to be with Uncle Miru tomorrow”

“I..... I see”

“Sister, are you not happy?”

“No, and I’m happy for you Yu because you will be now with your Uncle, your very own blood-related Uncle”

“Mmm right... but then why are you crying, Sis?”

“Sister not crying Yu and I’m only sleepy that’s why.”

“I see but then Sister also told me that lying is bad and yet Sister is lying just now”

“I’m not lying”

“Yes, you are sister, and.....”

“If you won’t stop that one then I’m making sure that you won’t go with your Uncle tomorrow”

“Right, right I will stop, and Sister not lying, alright let’s sleep now, okay?”

“Okay and you go ahead first since Sister still needs to finish something”

“Okay and don’t stay up too late Sister”

“Who teaches you to be that so kind, huh?”

“Ha, ha, ha Uncle Miru teaches me that and he always told me to sleep early since it’s bad for my health.”

“What the heck he is giving a bit of advice for and when in fact he also a young one.

“Eh, how did you know that Uncle Miru is young Sis?”

“Well it happens that your Uncle Miru is a former student of one of your Sister working place”

“Eh, then Uncle Miru is one of your students then?”

“No, because he never been my student before since he always belongs to Advance Class.”

“Eh, advance class, what is that Sister?”

“Advanced Class is a class in which the entire students are always on top and on high ranking among the other students”.

“Eh, so you mean Uncle Miru is a top student?”

“Yes and not just top student because he is the top among the top students”

“Wow amazing so my Uncle is a genius one and so what else?”

“He is” pause for a moment and asks her nephew “are you not going to sleep yet?”

“I will but I want to listen first about my Uncle as a student because he didn’t tell me about his own self.”

“You will but later, okay?”

“Okay” then Yu climb to his Sister’s bed and lays down right away before going to sleep.

Meanwhile, Yuri looking at her nephew and wondered on her mind ‘that was so close and I almost blown my covered of being in love with him for many years, tsk, tsk I need to be careful especially that young lad is so smart on his own’. After wondering that one, Yuri retrieve again the pictures and doc.u.ments before filing them up then put them all inside of her bag.

On the next day, Yu and the Long’s are now awake with different emotions. First, the Long couple is both thinkings about how to bribe the juries and prosecutor. Secondly, Yuri already made a decision about the right thing to do, and last but not the least, Yu is very excited because he can stay now and be with his Uncle. Before going out of their villa, Yuri’s parents are both telling her that she must be making sure that the kid will decide to stay with them and not with that woman’s younger brother. Yuri on the other hand only replies to her parents that she will do the right thing to do with another hidden meaning since her parents only thought that the kid will say that he will stay with them and not with that unknown young man.

Later, their family chauffeur fetches them up and then drops them off at the family court. When they arrived they happened to meet Han Miru who also arrived at the same time. Both sides entered the Family Court Room 201 – Custody Department while Yuri got separated since she accompanied Yu to the other department for the child psychological and mental test.

The young kid only looking at his Uncle and didn’t say anything because Miru tells him not to or else his right of custody will get backfired because of his meeting with the child in secret though he didn’t encourage anything to Yu still the juries and prosecutor will just conclude that he tells something to the child and might change his decision to chose him rather to his adopted parents who’ve been with the kid since then without knowing anything.

On the other hand, when Yuri got passed by Han Miru, she suddenly said softly to him that enough for Miru to hear it.

“Congrats Miru and you will get hold fully of Yu custody in your own hands from now on.”

“Eh and ...?” stop because Yuri already got out of sight from him and he wonders ‘why did Proctor Yuri suddenly say that one when in fact today will be the final decision and why he called me using my name

only, did she meet me in the past? But from what I remember I didn't meet anyone from the long except these two, right?

Chapter 462 - Vol 7: Ch 462 – Final Decision

Friday morning at exactly 9 am, both sides are now seating with each side which Miru seating at the claimant sides while Long's couple is seating at the defendant sides. All the juries are now discussing the proceedings of their hearings and later the prosecutor summarizes it all then later on hereby declared the final decision.

"I, Prosecutor Lin of the Family Court of S Capital City Branch, S Country now summarized all the hearings proceedings from Day 1 to Day 12. Mr. Han Miru, the claimant who claimed to have full custody of his nephew Yu, the only son of his Sister Han Yuna who passed away after giving birth to her only Son, Yu. Mr. Han Miru has submitted the necessary documents and legal papers that we ask from him, indeed Mr. Han Miru is the youngest brother of Han Yuna since they are indeed biologically related as siblings. Since Han Yuna is already not around, we conduct a DNA Test between Han Miru and Yu, in order to avoid schemes from both sides, we assigned someone to get a blood sample from Han Miru and Yu, and then we did submit it personally to the hospital for the DNA Test which resulted that both Han Miru and Yu are related with each other. On the other hand, Mr. and Mrs. Long the defender happened to accused that Mr. Han Miru is a kidnapper of their adopted child Yu when he is still a young one and after this manner, we investigated this matter and then we know which sides are telling the truth and it's Mr. Han Miru. As the hearing goes on, we got hold of enough evidence and so I, Prosecutor Lin hereby declared that Mr. Han Miru will have the right of custody fully on the child Yu"

"What?"

"Yes Mrs. Long and that's we decide"

"But this kid is still young and not just young but an orphan who stabs his own nephew"

"Mrs. Long you didn't tell anything about that matter when we still on our hearing proceedings but then it doesn't mean that we the juries here don't know anything because Mr. Han Miru here are telling everything from the day he files the custody rights. He did stab his nephew when he was still 8 years old just to recognize the kid right away, we the juries investigated it, and then we have concluded two reasons why he did that one, first his only family member, his Sister just gone, and second, he is still too young to fight the custody of Yu. As for being an orphan, he really is but then he goes for a scholarship and a Graduate Top Student of S Elite Academy."

“S— S Elite Academy, h— he must be faking his records, right?”

“No Mr. Long because aside from his documents that submitted to us, we also authenticated it personally to the assigned agency and so Mr. Han Miru is a Graduate Top Student of S Elite Academy.”

“Then I accept that one but he is still young and unemployed, so he can’t support Yu financially”.

“We did confirm that Mr. Han Miru is 16 years old but it doesn’t mean that he is unemployed because he is an official one of CA Family and a Head Manager of CA International and Group Company, the CEO himself confirmed that Mr. Han Miru is a fully employed of his Company as the Head Manager.”

“W — What?” Both the Long’s got surprised and dumbfounded.

“And now we may call the kid, Yu to be here in order to hear him of where he’s going to stay between the claimant and defendant”

“Yes Prosecutor”

A few minutes later, the assigned personnel fetch the kid – Yu while Yuri seating beside her parents and then Yu seated in between the juries and prosecutor.

“Now we ask you something about the kid, is that alright with you?”

“Uh-uh”

“First, are you aware that this man here is your Uncle?”

“Eh, really, he is my Uncle and, how are you sure with that Sir?”

“He is your Uncle Kid and now my next questions, between them, who do you want to stay more? Are you going to stay with your Uncle who’s suddenly appeared out of nowhere or the one who adopted you?”

“They adopted me but they always beat and punish me so I will choose my Uncle”

“Are you sure that your Uncle won’t hurt you?”

“Uh-uh”

“But what if he is not your Uncle then?”

“We look alike Sir so he really is”

“So you chose your Uncle?”

“Yes”

“Hey, kid thank carefully, we are the one who feeds you for 8 years, we are the one who buys you clothes for 8 years and we are the one who let you stay in our house for free.”

“Mrs. Long, what are you talking about? You adopted him and now you’re complaining about what you did to him?”

“Because that kid is ungrateful and he even accused us of beating and punishing him”

“That’s the kid said so but we are going to investigate that one Mrs. Long and for now the final decision will be on hold for....”

Then right away someone interrupting the prosecutor “no need for that Prosecutor”

“Who are you, Young Lady?”

“Yuri, what are you doing?”

Both the Uncle and Nephew turning their heads where Yuri seats and wonder at the same time ‘eh, what Proctor Yuri / Sister’s doing now?’

“Sorry Dad and Mom but it’s enough already and I can’t stand it anymore” then she stands up right away and replied to the prosecutor. “By the way Prosecutor, I’m Long Yuri, the daughter of Mr. and Mrs. Long here, as a witness, I can fully pledge that they really beating and punishing the kid Yu since he’s 2 years old. Indeed they are his adopted parents but there’s another story that I can’t tell you yet but it’s already here inside my bag, the doc.u.ments, and the legal papers that can prove that my parents really beating and punishing Yu. Here standing alone is not enough proof of my allegations against my own parents that’s why I did collect all evidence of their doings since then. They never treat Yu fairly, they never buy anything for Yu, they never give him food and I’m the only one who gives him everything even his name I’m the one who gives him his name which is derived from my own name and Yu’s biological Mother. Well at first they love the kid Yu as their own since my mother b.r.e.a.s.tfeeding him when he is still a baby and my father took good care of him but then when he turns 1 year old, both my parent’s treatment towards Yu suddenly change and when Yu got his looks from his mother, my parents start beating and punishing him up so that’s why I instruct Yu to stay in his room when I’m not around.” Then Yuri walking and approach the Prosecutor then give something to him. “Here are all the evidence that I’m talking about”

“Y—YURI”

“Sorry Dad and Mom”

The prosecutor received the said doc.u.ments and indeed it really consists of all and full of evidence since then. They hold the hearing for a moment since the juries and prosecutor are now discussing. After an hour, they made the final decision.

Chapter 463 - Vol 7: Ch 463 – Manager Han Love Story 4

“Now, I, Prosecutor Lin of Prosecutor of the Family Court of S Capital City Branch, S Country hereby declared that Mr. Han Miru here, the claimant will have the full right of custody of his nephew – Yu, we

from the sides of Family Court chosen Mr. Han Miru to have the rights and same with the kid – Yu chose his Uncle.”

“Yu”

“Uncle”

Then right away, Miru stands from his seat and approaches his nephew at the same time Yu jumps on him and they finally have with each other. The two look like a real father and son since the two really look alike.

“Congratulations to the both of you and now I hereby declared that the right of a custody case is now closed.”

Everyone dismissed and they leave the court. When Miru got out along with his nephew since he is carrying him now, he meets the Hwang’s Family that caught him surprised.

“Eh, C—CEO Hwang, Sister Mina, Sister Ann, Brother Li, Father and Mother, you are all here?”

“What’s with this different greeting of me, huh Miru?”

“Ah, it’s out of habit C—CEO, I mean Brother Min”

“Good and I thought you’re not going to call me Brother Min anymore and” got interrupted by Annie.

“Stop with that drama Brother and by the way Miru, is this your nephew?”

Miru replied happily “uh-uh and he is my nephew Sister Ann”

All Hwang’s and their partner said in unison “so you win the custody right then without our help.”

Answered excitedly and didn't hear the later part. "Uh-uh"

The kid interrupts his Uncle "excuse me Uncle Miru but who are they?"

"Ah right Yu, they are the one who helps me when I'm in a pinch and they treat me as their own family members." Right away Miru introduces them one by one to Yu.

Yu replied humbly "nice to meet you, everyone"

"Woah, what a cute kid he is?" Annie commented it loud.

Yu first hearing of this got embarrassed and then said something to his Uncle "Uncle Miru, Uncle Miru"

"Yes, what is it, Yu?"

"Have you forgot about my other condition then?"

"No I didn't but I thought you already calling me whatever you like, right?"

"Not yet Uncle because calling you Uncle is not what I really want."

"Eh, then what you really want to call me?"

"He, he, starting today you will be my Dad and then I can have your last name"

"D—Dad?"

"Yes and why not Dad?"

“B...”

Min agreed as what the kid just says and said to Miru “I guess it’s really suited you to be called by this Kid as Dad since you have the same looks after all, right Miru?”

“.....” got speechless while wondering ‘Brother Min why did you agree? When in fact you know that he is from the Long after all.’

“See Dad, Brother Min agreed with me”

“O—okay you can call Dad whatever you want but for your last name, you don’t want to be it Long?”

“Eh Long but I’m only their adopted son and of course I don’t want to be a Long”.

“But that’s your.....” Miru got interrupted because all of them heard a loud voice before they heard a very loud slap.

“You such an ungrateful daughter and you didn’t do anything right,” Said it loud to Yuri then give her a very loud and hard slap.

“I... (pak-sound of a very hard slap) I’m really sorry Mom and(pak)”

“Don’t ever call me Mom again because starting today you are not my daughter anymore”

The Mother and Daughter still continue changing words, well for Yuri she just apologize again and again but her Mother always said hurtful words towards her. On the other hand, Miru suddenly said to Min.

“Brother Min, can you hold Yu for a moment?”

“Eh, where are you going Miru?”

Miru didn't answered and just give Yu to Min before going to where they are and interrupted the Mother and daughter pairs that cause the Hwang's to got jaw dropped because this is the first time they witness that Miru got interrupted by someone who's talking especially it's about a family matter and not just, they witness of what he did but they also heard what Miru said to them.

Yuri's Mother going to slap her again for the third time but then suddenly someone interrupting them and that's Miru. The slap didn't land on Yuri's face because Miru stops it by holding Mrs. Long hand and said something to them.

"You really didn't value your own daughter that well and even that time, you didn't value your Son own happiness. Did you just give birth to them in order for them to become your accessories? For sake, they are your own son and daughter yet what you did to them? You didn't value them as a human being but instead on an object. Mrs. Long your Son and Daughter are not an object that you can just decide what you want from them and of course, Mrs. Long I meet you first during that time and I thought you're going to change after hearing that last testimony of your Son before he lost his last breath but then you've become like this? If you treated Yu as your own son then I might withdraw the custody rights and only become his guardian but then you didn't deserve to be with him. Then now, you are going to disown your only Daughter just because she just chooses the right path, are you that narrow-minded Mrs. Long?"

"....." Mrs. Long got speechless.

Miru looking at Yuri and ask "Proctor Yuri, what are you going to do? Are you still going to stay with your parents knowing they are like this or are you going to start living independently?"

"Mom and Dad, sorry for what I did but I already setting my mind that starting today I will live independently so that's why I did betray the two of you and choose what the right thing for me to do, so Sorry"

"YURI?"

"Sorry, Dad but I will only going back if I realized that the two of you really change to become a better person and act like a human being."

“Are you not afraid that I’m going to freeze your account and get everything of what I give to you?”

“Just do that one Dad and if that’s what satisfies you, then you do what you really want. Mom..... I mean Mrs. Long, it’s a good-bye then. Also, Miru thank you” then leave them right away meanwhile Min follows after her.

“Wait Proctor Yuri” but Yuri didn’t stop so Miru leaving with no choice, so he holds her hand for her to stop and said, “I said wait”

Chapter 464 - Vol 7: Ch 464 – Manager Han Love Story 5

Yuri suddenly got stop since Miru holding her hand. How long she waits for this moment that Miru will notice her but then this time, she didn’t like it because for sure Miru only pitying her.

“Let go of me Miru”

“No I won’t or else I might regret it later but you need to listen to me first.” Looking at Yuri and then continued. “Proctor Yuri I know it’s not my matter but are you really sure of what you really decide? You know very well that your parents can do that without minding that you are their own daughter. They will do everything for them to get back of you and they might never hesitate to hurt you, they will let you become penniless so that you will go back to them with your own will because you will become nothing. I know it’s not about my matters but then starting today where are you going to stay and what if they will also interfere with your career, what are you going to do now?”

“I know that very well Miru so let go of me now”

“I said I won’t or else I might regret it later and from how you call me of my name that way, I guess you really meet me during that time huh but then let me ask you this few questions to you Proctor Yuri, if I’m satisfied with your answer then I will let go of you”

“W— What is it?”

“Where are you going to stay?”

“Of course I’m going to stay in a hotel”

“How will you pay if they freeze your account then?”

“I have my jobs so I can pay it even my parents’ freezes my account”

“I see but what if they will, I mean your parents going to interfere with all your jobs, then?”

“Miru, I’m 24 so I’m already thinking that one so even they interfere with all of it, I have enough savings for me to live”

“Right enough savings but do you know how much you will pay to the hotel per night? How about your meals, your transportation and other things for you to buy, are you not thinking that one?”

“That……. Geez just leave me alone and you’re just 16 years old”

“Yes I’m only 16 years old but I stated you the fact and for now just stay with me then”

“E—eh, w—what did you just say now?”

“I said stay with me then so you don’t need to think about your living expenses”

Min who heard it the second time, interrupt right away “M—Miru, what are you suggesting to her?”

“Eh, is that bad Brother Min? I mean Proctor Yuri can stay with me so that she won’t get into trouble with her living expenses and in that way Proctor Yuri will not be separated from Yu, right?”

“I see and you have a point there but then Miru you are 16 years old young Man and Ms. Long here is still a single lady, so it’s really bad for the two of you to stay in one room”

“Eh but Proctor Yuri will going to use and sleep in the guest room while I’m in my own room and Yu can choose where he going to sleep between me and Proctor Yuri, so where’s the bad of staying in one house Brother Min?”

“.....” Min got speechless and then every one of the Hwang’s including their own partner and Yuri except Yu and Miru thinking about the same thing. ‘What a blockhead and oblivious he is? Is he really a top student of S Elite Academy? Such a blockhead’. Then they stop wondering since they heard Miru and Yu’s conversations.

“Yu, starting today your Sister will also be staying with us”

“Eh, really and are you sure Dad?”

“Mmm I’m sure”

“Sister, Sister, are you really okay to stay with me and Dad?”

“Ah..... That Yeah I will but why are you calling your Uncle as Dad?”

“Well calling Uncle Miru as Uncle is too old for Uncle Miru, so Dad is the one much cooler, and of course we look alike so Dad is more suitable compared to Uncle”

“Is Dad more too old compared to Uncle then?”

“It doesn’t matter Proctor Yuri”

“And you Mr. Han also want Yu to call you Dad?”

“If what that’s Yu want then it’s okay and as for you Proctor Yuri you already calling me Miru don’t know how many times already but starting now, so you can call me Miru however your likes then.”

“.....” Yuri got speechless.

“Alright let’s go now and Proctor Yuri what do you want me to call you, Ms. Yuri or Ms. Long?”

“Just Yuri”

“Eh, but you’re older compare to me right?”

“It doesn’t matter since you’re already not a student anymore”

“I see then Yuri let’s go”

“...” Yuri got speechless while blushing meanwhile the Hwang’s just observing the two of them. On the other hand, Annie whispers something to Yuri when she notices something from her.

“Don’t worry Ms. Long since Miru still a blockhead if it’s about love though I don’t know how long for him to notice that you love him since we’re talking about that blockhead after all, so you must not give up on him”.

“Eh—eh you know about that?”

“Geez, it’s too obvious even them (pointing the Hwang’s, her husband and in-laws) already notice this one but only that one young man who didn’t notice anything though we are quite intrigued of why he did that one and why he suggests that one but one thing we are sure for and that is you are now important to him”

“Eh— that, is he just treating me as his Sister or a family member then?”

“No, no it’s not, I assure you that because we know Miru since his 8 years old and if he really treats you as his Sister or a family member then he will suggest calling you Sister Yuri or Sister Long yet he suggests Ms. Yuri or Ms. Long”

“..... (Yuri got flattered and then said right away) please Doctor Hwang you don’t need to flatter me that much or else I will just hurt in the end.”

“I’m not flattering you and I see, you did recognize me huh”

“Of course, you are the one who helps my nephew to born in safe though Ms. Yuna didn’t make it in the end”.

“Regarding that one, why you didn’t tell anything towards Yu?”

“I’m not yet ready” (then looking to Yu and Miru) “but then again Miru is really such a brave one, even that time, he is so brave to face in front of my parents and then now he did it again. Geez, he is really a true man and I can’t help but become in love again with him. I really love him more than my parents but my feelings are not the reason why I betray my parents because I chose what the right thing for me to do.”

“I see and I don’t know how you betray your parents but I guess that’s the reason why you’ve become important to Miru”

“Eh?”

“That’s what my instinct tells me and of course I’m” Annie didn’t finish since Miru interrupt him.

“Sister Ann what did you tell to Yuri then?”

“A kid can’t understand anything so just stay where your limits are, Miru”

“I will but then why did I feel that you’re talking about me, Sister Ann?”

“And why would be 24 years old ladies talking about a 16 years old boy then?”

“Ah, right Sister Ann is 24 years old same as Yuri”

“So?”

Miru laughing to his heart content “and so Miru won’t interfere”

“Good boy”

“Geez Sister Ann don’t treat me like a kid anymore”

“But you’re still a kid”

“I’m already 16 Sister Ann and I’m already on my legal age”

“Yup, yup you are in your legal age so then tell me who’s your girlfriend then?”

“Tsk, Sister Ann why you always asking me about than one when in fact I’m still too young for that”.

“So you’re still a kid”

“Yeah Miru is really a kid”

“Eh, you too Brother Min”

“See even Bro Min agrees with me”

“I’m not a kid, I’m not a kid”

“Then tell me about someone who’s interested you with, if you’re not kid?”

“Someone I’m interested with?”

“Yes”

Unconsciously Miru looking to Yuri’s directions and the Hwang’s notices it except Yuri since she is now talking with Yu before replying to Annie “I’m not sure yet Sister Ann”.

Chapter 465 - Vol 7: Ch 465 – Manager Han Love Story 6

Hearing that answers from him, the Hwang’s and their lovers didn’t tease him again and it’s confirmed that Yuri really become important to Miru yet he is not sure for what his feelings towards Yuri, the Hwang’s know that it might because she is the younger sister of Yu’s father or might because of their age gap. They know very well what’s Miru thinking especially Min since he is the guardian of Miru for 8 years and he is the one who always monitoring him. After being silent for a moment, Miru cut the awkwardness and ask his Sister.

Miru: Sister Ann, Sister Ann

Annie: Yes and what is it Miru?

Miru: Knowing you, you have a surprising celebration for me and Yu, right?

Annie: Ha, ha, ha you got me Miru but it's not only me since every one of them here, but they are also giving their shares to celebrate with you, after all, you are one of our family members.

Min: What a surprising celebration of is when in fact you just blurted it out, Annie?

Annie: Oops my mistake then Miru just pretend you didn't hear me, okay?

Miru: He, he, he this is you after all and very typical of you Sister Annie, so then where?

Annie: At your unit, Miru and everyone is already waiting there.

Miru: Eh, everyone?

Annie: Ah every one of us is almost here so only the kids are there.

Miru: (Not aware of who are the kids his Sister mentions are, so he ask) eh, the kids who are they, Sis Ann?

Annie: Ha, ha, you will know it later Miru.

Miru: (He is quite confused)

The Hwang's use their family Van while Miru drives his car along with Yuri and Yu. Later they arrive at his unit in 30th Floor CA Residences and Complex Annex A and when they arrived, Miru got welcome by 4 young boys and 2 little girls.

Miru: W— — —who are you kids and how do you know my name?

Boy : (The Eldest among them, first looking to his parents and family members then all of them nodded as a signal that it's time for them to introduce themselves to Miru) Brother Miru, I'm Ian, the eldest of the triplets of Mom Sons.

Miru: Mom? Y—you mean Sister Ann?

Ian: Yes and just ask my mom for that reason why she didn't introduce us to you yet Brother Miru. By the way, this is my younger brothers Gian and Jin, we are triplets, and then, this is my younger Sister Na. As for this boy and girl here, they are Uncle Hwang's, son and daughter.

Miru: E—eh?

Min : (said to Miru right away before his mind running wild) Miru we didn't tell you anything about our Sons and daughters because you are still going to get hold of your nephew but today is the right time for you to know since you already got hold of Yu. I and Mina, my wife been engaged since I'm 16 and when I'm 18, I have a son and this is my son Lin, 2 years later I have my youngest daughter and this is my daughter Lina. We only got officially married this year and that's why you got to be this surprised since you just know that I have a son and daughter out of nowhere but I've already engaged 1 year ago before I meet you. As for your Sister Annie, she's also engaged when you meet her during that time and only have her triplets one year later and got Na on the next year after the triplets.

Miru: I... I see

Min: Are you mad with us for not telling this in advance?

Miru: No and I'm not Brother Min since everyone here is always helping me and I didn't blame anyone since I'm the one who decides to stay in school so that's the reason why I'm not aware of any of it.

Mar: Tlc, wmp zuffiw f emmt cat Mazp.

Miru: (got embarrassed and then ask him) then Brother Min what if I didn't have my nephew today and what if I lose the right of custody today?

Min: You will and that's the reason why we are there at that time in order to present all Long's doings to the Family Court but then you suddenly got out in the court with Yu on your arms so I guess you win without our help this time.

Miru: Ah that's right and the Prosecutor going to hold the hearing for some allegations from the Longs but then Yuri butted in and submit doc.uments to the Prosecutors so that's why they decide that I win the case.

All: (The Hwang's except the kids asking Yuri) eh, then that's how you betray your parents?

Yuri: Uh-uh but I didn't regret what I did though I hurt my parents, I just hope that they will awaken up and realized that they're in a wrong.

All: (Except the kids and Miru) I see.

Miru: (Commented it loud) and that's the reason why I'm too shocked and surprised when I know that you are from the Long's because you are different from them. Right, our first meeting is during the Mr. and Ms. S'lite, I'm in a dazed because you shared the same last name but then when I got to talk to you I thought you only happened to share the same last name since you really have different aura from them, I guess the Long's are not that bad huh since Sister Yuna in love with Brother Long and then now Yuri, you are the same kind and same type of your Brother.

Yuri:(got speechless and hide her blushing)

Yu: Eh, Dad you just mention my mother's name and that Brother Long, is he my father?

Yuri: (Helping Miru right away) yes Yu, Brother Long is your father and he is my Elder Brother in other words we are really blood related, the Sister you know is really your Auntie and the adopted parents who always beating and punishing you up are both your Grandmother and Grandfather. They blame you because they thought you are the reason why your father died when in fact they are at fault because they didn't give happiness to your Father and Mother. Your Dad here, is also got mistreated by my parents but he didn't avenge on them instead he only wants to get hold of you because that's what he promise to your mother, his Big Sister, and now that you know the truth are you going resent us?

Yu: (automatically running and jump towards Yuri then hug her. He replied while crying) Sister, I mean Auntie please tell me everything slowly by slowly since I'm a slow learner but then both you Auntie, and Dad taught me that revenge is bad so I won't do anything to your parents it's enough for me to have you and Dad in me. Thank you for telling me because if I know it later I might revenge on them. Your parents always beating me and punishing me up but you are there to protect me before Dad appears and so if it's not because of you I might be a goner already so thank you so much, Auntie.

Yuri: Tsk when you meet your Dad, you've become a smooth talker, huh and now you've learns a lot of words from him.

Yu: He, he, it's because Dad always teaches me every time he visits me so maybe that's why.

Yuri: Ha, ha as expected of you Miru, the top student of S Elite Academy University from Managerial Department.

Miru: (got embarrassed) you don't need to say that one Yuri.

Yuri: Why not? I'm just telling the truth Miru.

Miru: Yeah but you don't need to say that you know.

Yuri: Are you embarrassed perhaps?

Miru: That..... I.....I'm not.

Yuri: Yes you are and you're blushing.

Miru: I'm not.

Yuri: Yes you are.

Miru: Yeah, yeah I'm embarrassed and, are you satisfied now?

Yuri: Ha, ha in the meantime but then prepare in advance since I'm going to stay here starting today.

Miru: What do you mean by that?

Yuri just ignored the love of her life and now talking with the Hwang's. On the other hand, Miru realized that she ignored her so he just leaves her like that and will just ask later what she mean by that one. The family is now celebrating the winning of the custody rights and then the kids are all introducing their selves to each other.

"Hello, I'm Li Ian, 7 years old and the eldest among my triplets"

"I'm Li Gian, 7 years old and the middle child of my triplets."

"I'm Li Jin, 7 years old and the youngest among my triplets."

"I'm Li Na, 6 years old and the youngest among my brothers".

"I'm Hwang Lin, 7 years old and the eldest of Mr. and Mrs. Hwang"

"I'm Hwang Lina, 5 years old and the youngest of Mr. and Mrs. Hwang"

"I'm Yu and 8 years old"

All: (Kids) eh you don't have your last name?

Yu: I don't have.

Miru: He will be and his last name will be Han, so when he enrolled in S Elite Academy he will be Han Yu, kids.

All : (Kids) eh Yu will be studying in S Elite Academy also?

Miru: Yes he will.

Miru: Yu will be taking entrance examinations this year.

Na: Eh, then I, Lina, and Yu will be entering S Elite Academy at the same time?

Miru: So you're also going to study in S Elite Academy?

Na: (nodded excitedly and then replied) but then my brothers are going to be 4th grader this year since last year they jump right away on 3rd grader and same with Brother Lin, so the four of them are all classmates.

Yu: Dad, Dad.

Miru: Yes Yu?

Yu: Uhm, what kind of school S Elite Academy is?

All: (Kids) eh you don't know about S Elite Academy?

Yu: That.....(got embarrassed and thinking that they might go away from him while at the same time both parents – Min and Annie – whisper something right away to their kids and same with Miru).

Miru: (Whisper something to Yu) they are all good kids Miru so they will understand your circumstances.

Yu: Okay

All: (Kids apologize right away after their parents whisper something to them) sorry Yu.

Yu: Eh?

Ian: Mom said that you're always in your room and not allowed to go out so that's why we are sorry and if you want, I, Gian, Jin, and Lin will teach you, are you alright with that?

Yu: T—-that.....

Gian: Tsk, don't be shy Yu and we will teach you while at the same time we will teach Na and Lina.

Na: Hey, Brother Gian what do you mean by that of yours 'at the same time' huh?

Gian: No other meaning and you just imagining things.

Na: Alright since you will teach the three of us then I will choose Brother Jin, what about you Lina?

Lina: He, he, I will just choose my Brother then.

Gian: Hey, what's the meaning of that Na and Lina?

Both: No other meaning Brother Gian and you just imagining things.

Chapter 466 - Vol 7: Ch 466 – Manager Han Love Story 7

After their celebratory party, the Hwang's leave the unit of Miru, and then Yuri got to sleep in the guest room; of course, Yu is sleeping beside his Dad. On the next day, Miru escorted Yuri to her house in order to pack her things only to know that she's already blacklisted to enter their villa. It seems her parents really act fast and so they got back without bringing anything of her things, luckily she already packs her legal papers and documents in advance, or else she will start to zero again to retrieve her documents and legal papers from a different agency.

One week later, Yu officially had a surname and it's Han. On the other hand, Yuri almost becomes jobless if not because S Elite Academy still didn't fire her out since this is the only school that she's a proctor that her parents cannot bribe since they have different rules and regulations. Yes, they respect the influential ones but they won't bootlick who is the richest and influential one since they treat everyone with the same treatment. Not just become almost jobless because she becomes almost penniless if not for her savings. She is quite amazed at how Miru calculated it at all because if he didn't suggest staying with him for sure, in just one month she will become a beggar.

Since Yuri is now a proctor in just one school only, she almost has the time to teach Yu but it doesn't mean that Miru won't teach Yu because he will if he has free time to teach and at the same time the kids are also teaching Yu, so, during the entrance examination, Yu got passed with a passing grade along with both Na and Lina. He is not a scholar student but Miru can provide his school fees and in fact, he is skipping grade and become a classmate with the triplets and Lin but then he still needs to pay tuition fees since he is not in the top three list since it will be always Lin, Jin and the always-tied Ian and Gian. Yu, become best friends with them and of course, the five of them become the knights of Na and Lina, though the five of them are more worried about Na since Lina is a little bit boyish. Both Lina and Na are in their 2nd Grade then Lina always stays on top just like her brother Lin. As for Na, she doesn't care what her grade is as long as she will pass.

One Month, One Year, and several years later, Yuri almost turning 30, yet the love of her life still no progress at all since Miru who is already 22 years old always a blockhead and oblivious. One night, her fellow proctors and the school teachers have gathered and she heard them discussing where to meet when they are on break at the moment.

ST1: Hey, guys let's have a party tonight and at the Club Arts Center so who's in? (Mostly single school teachers and proctors raising their hands), I see then see you tonight at 6 pm.

Yuri: By the way, can I join?

All: Eh, eh you're going to join with Proctor Yuri?

Yuri: Yes I will if I'm allowed to join, so can I join?

All: Yes, yes you can join.

Yuri: Okay then, see you later.

All: Yes. (All of them have different expressions because most single men are excited because their Proctor's belle is going to join them while the ladies are plotting something to their minds.)

Around 4 pm, the classes end, and then Yuri waiting for Yu to give her message to Miru. Yu is walking with his group of best friends. When she gets her sight towards Yu, she calls him right away.

"Yu"

"Eh, Auntie what's wrong?"

"Good Afternoon Auntie Yuri" greeted by Ian, Gian, Lin, Na, Lin, and Lina.

"Good Afternoon Kids and Yu please tell your Dad that I will attend a party with my fellow proctors and the school teachers tonight, okay?"

"Okay I will"

"Eh, Auntie Yuri, Auntie Yuri you are going to attend a party tonight?"

"Yes I will Na"

"Eh Auntie how about Uncle Miru, are the two of you fighting?"

“What about him? And we are not fighting Gian”

“Are not the two of you a couple?”

Then, Lin, Jin, and Yu said at the same time “Ian, they are not a couple because Uncle Miru / Dad is too slow for that one and then Auntie Yuri doesn’t want to confess her feelings towards Uncle Miru / Dad so that’s why they are still not a couple.”

“Hey, kids what are you talking about? Miru is just my brother okay”

“So where’s the party you’re going to attend Auntie Yuri?” Ask by Lin.

“Club Arts Center”

“What time of the party will start?” Follow by Jin.

“At 6 pm tonight”

“Who are you going to meet, are they have any males and females around?” Ask by Lin again.

“My fellow proctors and you’re School Teachers, of course, it’s a group of males and females since it’s a party, right?”

“Okay noted and please take care Auntie Yuri especially to the wolfs and hyenas around”

“Okay” then Yuri leaves right away ‘tsk, they are really a group of nerd kids yet they are rich, and what with these wolfs and hyenas around?. For sake, they are their School Teachers and Proctors not a wolfs and hyenas, I can’t believe they are saying that one when in fact they are still a kid’.

After making sure that Yuri out of sight, both Lin and Jin said something to Yu at the same time and they are both in sync.

“Are you taking all notes of that Yu? Because the love of your Dad is on the line, so you need to do whatever it is, okay?”

“Yes and leave it to me Lin and Jin, remember I’m in the drama club and a student of Theater and Arts Department”

“Good thing that you are not slow like Uncle Miru.”

“Ha, ha, ha right and luckily I’m not like my Dad or else who knows what will happen.”

“Hey, hey, hey Lin, Jin, and Yu, what the three of you are talking about?” Ask both Ian and Gian.

“And here’s the two who are also both slow like my Dad / Uncle Miru.” retort all of them.

“And what do you mean by that?”

“Nothing”

“Oh, right Yu, you need to give us updates and as for you Gian and Ian don’t be to lose because you are too relax, remember you’re on now in your 1st year in Medicine Department”

“Yup, yup geez Jin you’re too strict to your brothers and you’re the younger one.”

“I’m not that strict and if you’re talking about too strict then is it Lin who is the youngest among us brothers?”

“ ... ”

“Yu, don’t forget to give us an update, and then let’s go, guys, our butlers are already waiting for us here, and we are trained and got raised by our parents not to be spoiled to wait for the older ones, right?” Lin reminded them.

“Here it comes, the strict among the strict between Jin and Lin”.

Chapter 467 - Vol 7: Ch 467 – Manager Han Love Story 8: The Finale 1

At night, Miru arrived and as usual, he asks the same thing about Yuri to his Son every time he arrives at home since one year after they are staying together.

“Yu, is your Auntie already here? Did she already eat her dinner and what time will she arrive tonight?”

‘Geez Dad, if you’re too worried and caring of Auntie then why you didn’t confess yet to her? Geez, I don’t really understand what my Dad’s thinking. Is he just a slow-witted or already planning it?’

“Yu, did you hear me?”

“Yes, Dad I heard you and just now before I go home Auntie said that she will arrive late tonight, hmmm from what I remember she said that she will attend a party with her fellow proctors and school teachers at the Club Center Arts around 6 pm. Ah, right Dad we also heard some rumors in school, do you want to hear what is it?”

“Rumors and what is it?”

“Hmmm.... One of the school teachers is going to confess his love towards Auntie Yuri and tonight will be the perfect night since Auntie Yuri happen to join with them tonight”

“Is it just a rumor? Tsk, don’t believe such any rumors Yu and you know your Auntie Yuri very well”

“Right it’s just a rumor but then, where are you going Dad?” Ask when he notices that his Dad retrieve his car key again.

“I forgot something in the office”

“Eh, can you not pick up it tomorrow then?”

“It’s really important Yu”

“Is it more important than me and how about my dinner then?”

“Of course you are important to me but this time the life of your Dad is on the line and you can eat something from the fridge, okay?”

“Okay, I will, and bring me my favorites foods when you come back okay?”

“Okay, I will and lock the door, okay?”

“Yes, Dad” then Miru leaves right away as if his life is really on the line, though it’s his love life on the line meanwhile Yu texting his group of friends.

[Mission Accomplish, Dad is on the way to get his queen]

[Good Job Yu] Jin and Lin

[Ha, ha, ha Yu is such an actor and how did you convince Uncle Miru? Knowing it’s Uncle Miru we’re talking about.] Na

[Well I’m from the Theater and Arts Department after all]

[Make sure that you didn’t exaggerate it this time Yu] Lina

[I didn't Lina though I said something that there's a rumor that someone going to confess to Auntie Yuri tonight]

[Is Uncle Miru going to confess then?] Jin, Lin, Na, and Lina ask at the same time.

[Hopefully, it would be Dad, by the way where Ian and Gian are?]

[Making their homework's so there's no phone for them for a moment] Jin

[Typical of you Jin] replied Lin, Na, Lina, and Yu.

[Alright keep in touch with us, okay?] ask by every one of his group of friends.

[Okay]

At the Clubs Center Arts

The School Teachers and Proctors arrive at the same time, Yuri taking a cab since she doesn't own a car anymore and at exactly 6 pm, the party starts. Of course, it's only them since the one who invited is the one who books the whole place since he is quite loaded. After one hour, Yuri drinks a lot, and her fellow proctors are telling her not to drink anymore.

"Proctor Yuri, stop it because you're already drinking beyond your limits, and remember, you're not a drinker."

"Yeah I know but I just want to forget the one I'm in love with for 14 years"

"Eh, you have someone you love?"

“Yeah I have but he is a coward, he didn’t touch me even when staying in the same house and he didn’t do anything to me when I’m just sitting on his side. He didn’t react when I hold his hands and everything I do he doesn’t have any reactions at all.”

“Eh, you’re leaving together?”

“That’s right we’re leaving together for 6 years but he didn’t do anything to me and there’s no progress at all, hic, hic”

“Ah Proctor Yuri drinks some water”

“Thank you, hic, and hic” then drink some water from the glass and suddenly feel something wrong “eh, why it suddenly becomes all hot all of sudden in here?”

“What are you saying, Proctor Yuri?”

“It’s really hot, why?” Then at that moment Miru appears out of nowhere and called her name.

“Yuri, let’s go home now”

“Oh my, you are here Miru, or am I dreaming?”

“You are drunk Yuri”

“He, he, he, I’m not drunk”. And hug him right away then telling something to her fellow proctors and School Teachers. “Guys and everyone all of you here, let me introduce to all of you, this is Han Miru, the man I’ve been in love with since 14 years ago but there’s still no progress at all.”

“You already drunk Yuri and let’s go home now”

“I said I’m not drunk, mmmm... The air-conditioning here is really not functioning very well because it’s too hot in here, neh Miru can I strip my clothes? It’s so hot in here.”

‘What the heck is she saying? Don’t tell me she got...’ got interrupted since he notices that Yuri going to take off her blouse.

“What are you doing Yuri?”

“I said it’s so hot in here so I’m going to take my clothes”

“Just wait when we arrive home”

“But....”

“No buts” then carrying her in a bridal way and going to leave but got stopped by them.

“Hey, hey young man where are you taking Proctor Yuri is?”

Miru stop and replied “you must be a new School Teacher, huh?” (Then looking around and notice something) perhaps, are you the one giving my woman a glass of water?”

“What if it’s me then?”

“Just hope that I’m just wrong of what I guess but if I found out that I’m right then be prepared in advance”

“Who are you to tell me that one and where are you taking Proctor Yuri?”

“But then you don’t need to ask me of whom I am nor ask where I’m going to take Yuri since she’s my woman after all so I have the right to take her home. Sir, Ma’am, and Proctors, please excuse me” then leave hurriedly.

“That Man who is he?”

“He is Han Miru Teacher Dian and our former top student from the Managerial Department”

“What? Then don’t tell me that Proctor Yuri is having a relationship with our students?”

“I don’t know about that one but Mr. Han already graduated almost 7 years ago so they didn’t break any rules at all.”

‘That woman, she really has the attention of everyone. She did get the attention of our Proctors and School Teachers yet she even attracts students. She’s really a seductress, for sure’.

“By the way, Teacher Dian did you do something to Proctor Yuri drinks?”

“What if I am? And no one sees that it’s me”

‘Yet Mr. Han already know that one and what kind of Teacher is she? How did she pass and got hired in S Elite Academy then?’ Wonder by Yuri fellow co Proctors and the school teachers.

On the other hand, Miru hurriedly leaves in the Clubs Center Arts and then lay Yuri in the backseat. He hurriedly goes to the driver’s seat and starts the engine right away then drives. While driving, he called Yu.

“Ring, ring, ring”

“Hello, Dad?”

“Wait for me at the parking area near the security personnel as soon as possible right now”

“Eh, Dad.....”

“Tot, tot, tot”

End of call

“What the heck is happening?” Yu asks himself then leaves the house right away and messages his group of friends.

[EMERGENCY: Dad is in panic and don't know why. Update later bye]

[Eh, eh, what happen Yu?] Ask by Jin, Lin, Gian, Ian, Na, and Lina.

[Please reply Yu] everyone messages him again after Yu didn't reply to them.

Chapter 468 - Vol 7: Ch 468 – Manager Han Love Story 8: The Finale 2

The group of friends of Yu got worried because he didn't reply to them and on the other hand, Yu leave right away after his Dad called him and now standing at the parking area near the Security Personnel. In just a matter of minutes, his Dad arrives and instructs him right away.

“Is there something wrong Dad?”

“Get in at the back seat and guard your Auntie”

“Eh?”

“Don’t ask and just hop in”

Then Yu get in right away and didn’t ask anything since his Dad said so. When Yu hop in, Yuri who’s lying in the car, got up and hug Yu right away.

“Whoa, Miru you’ve become a kid again?”

“Auntie I’m not Dad, I’m Yu”

“You’re lying...” Then Yuri starts saying about Miru and everything about Miru.

“Dad, what’s wrong with Auntie?”

“Just don’t ask and right now we’re going to your Auntie Annie house right away”

“Okay and make it fast Dad since Auntie is hugging me like there’s no tomorrow and saying that she loves you and everything about you”.

“...”

Miru got speechless while Yu retrieve his phone from his pocket and replying his worried friends.

[Nothing happened to Dad but there’s something wrong with Auntie]

[Eh, what happened to Auntie Yuri?]

[Don’t know since Dad didn’t explain anything to me and by the way we were going to your house Jin, Ian, Gian, and Na.]

[Eh, why are you going here Yu?] Ask by Jin and Na.

[I told you that there's something wrong with Auntie and Auntie starts acting weird, she even dared to spout out on how much she love Dad and Dad is here, so in other words, Dad heard everything]

[Eh and what do you mean?] Ask both by Lin and Lina.

[W--- wait, Yu, you said that there's something with Auntie Yuri and acting weird, right?]

[Yes that's what I said Gian and so what's wrong?]

[Is Auntie Yuri perhaps got drugged?] Ian guessed after reading Gian's query.

[Right, right Ian because it's already in the news that some pretty ladies got drugged and maybe Auntie Yuri got drugged because she's a pretty lady after all] Gian replied right away

[My, my, and what's happening at the party then?] Ian also replied back.

[Hey Gian and Ian, what are you saying?] Lin

[That's right and did the two of you forget whose Auntie accompanying with to the party, right?] Yu retorted back.

[Geez, Gian and Ian. By the way, how the two of you got those kinds of information then? Huh.] Lina also retorted back to her cousins.

[They must guess it since we are in Medicine Department guys and it's possible that Auntie Yuri might get drugged but it's impossible because Auntie Yuri is with her fellow Proctors and School Teachers] Jin saving his brothers.

[Right, right and they are our Proctors and Schools Teachers after all] Na said.

[We almost arrive and I will update you later guys]

And at the same time, Miru just passes the gate since the guards already know his car. He parks the car in a hurry and then got out of the car before carrying Yuri right away.

“Yu, help me press the doorbell”

“Yes, Dad” then Yu presses the doorbell and Jin is the one who opened the door.

“They are all here” he whispered to Yu.

Yu going to reply but then the two boys only heard the panicked voice of Miru.

“Sister Ann, Sister Ann”

“What’s wrong with you Miru and everyone is also here even my busy brother is also here, so what’s the heck happening here?”

Miru didn’t catch us of what she said and just said right away “Sis Ann, please check Yuri and I think she got drugged”

“I’m an ob-gyn Miru and.....” got interrupted by her husband.

“Let Yuri lay on the couch and I’m going to check her. Annie please gets my medicine kit.”

“Okay”

Miru lays Yuri on the couch while Annie’s husband checking up on her since Annie gets their medicine kit. Several seconds, Annie comes back with the medicine kits and gives that one to her husband.

All of them just watch Doctor Li attending Yuri right away and then heard him.

“Luckily Yuri is not drugged with a strong aphrodisiac and so I just inject her a tranquilizer so that she can sleep while returning to her consciousness.”

All of them give a sigh of relief and then heard Miru with a worried tone.

“I— is s— she going to be alright?”

Li: Yes she will and you don’t need to worry Miru.

Miru: I— I can’t help it w— what if something really happens to her? What if I arrive very late tonight?

Min: Please w — wait a moment guys.

All: Eh, what’s wrong Dad / Min / Brother Min / Uncle Hwang?

Min: Yuri is not pregnant but got drugged?

All : (Except Na and Lina) Huh?

Lina: (Got dumbfounded then telling her Dad what’s the truth) ah, about that Dad, Na asks me a favor to tell you that Uncle Miru got Auntie Yuri pregnant for you to come here without feeling suspicious since I’m always the serious one compared to Na so that’s why I said that one and I’m sorry for making excuses Dad.

Min: I see and Miru tells us what really happened in the study room and kids, please look for your Auntie, okay?

All : (Kids) okay

Then all the a.d.u.l.ts stand up and go to Li's study room – Annie is the one who inherits Hwang's Villa while Min is the one inheriting the company. After making sure that's the a.d.u.l.ts are out of sight the kids are now chatting.

Na: Whoa, I can't believe that Auntie Yuri really got drugged huh.

Ian: So that's why Na and Lina, both of you must be careful always because we don't know what really happens.

Both: Huh?

Jin: Tsk I can't believe you, Gian and Ian. Don't mind that one Na and Lina because it's our job to protect both of you.

Lin: So then who's from our Proctors and School Teachers who drugged Auntie Yuri?

All: Who knows since we are not present in there.

At the same time, the a.d.u.l.ts already have done with their discussion and then they all heard Min's question.

"Kids, do you have pictures of your School Teachers and Proctors?"

Lina: For what reason Dad?

Na: Yeah right Uncle Hwang and why do we need to have pictures of our School Teachers and Proctors?

Gian: If you're talking about beautiful and pretty Schools Teachers and Proctors, Uncle Hwang then I and Ian have it.

All: (Jin, Lin, and Yu) I have it Dad / Uncle Hwang (Lin and Yu except Jin) but I forgot my laptop.

All: (Gian, Ian, Lina, and Na) eh you have it? (The three boys nodded) and for what reasons?

All: No reasons but just in case.

Min: Alright Jin and can I borrow your laptop?

Jin: Yes Uncle Hwang and let me get my laptop first. (Then he leave then back after getting his laptop) here Uncle Hwang.

Min: Thanks Jin and Miru come here, point out all the teachers whose in the party tonight and also point who you guess is the one drugging Yuri.

Miru: Yes Brother Min.

The two are both busy and then the kids are conversing again.

Na: Brother Jin, Brother Jin why do you have all pictures of our Proctors and School Teachers?

Gian: Yeah right Jin and how do you get it all? Are the three of you perhaps stalking our Proctors and School Teachers behind our backs?

Ian: Ha, ha so in other words the three of you have some crushes on our Schools Teachers and Proctors, huh.

All : (Jin, Lin, and Yu got dumbfounded and speechless)

Lina: Geez the three of you what are you asking about to them when in fact we have access to our School Sites and we can find our Proctors and School Teachers in there.

All : (Gian, Ian, and Na) Eh, we really have?

Lina: (she's the one who got speechless this time)

Yu: (While listening to his group of friends, he also observes his Dad and Uncle Min and reacts when he observes something) whoa amazing Dad, you point them out when in fact you are there in just a matter of minutes, right?

Min: (Proudly announce) tsk, tsk Yu you're Dad is more amazing than that because aside from having a photographic Memory he is also a fast learner so just what I said your Dad is more amazing than what you imagining right now.

Yu: Eh?

Annie: Right, right but Miru is also very slow-witted, see almost something happened to Yuri and now we witness how much he loves her, and yet he didn't yet confess to her, don't tell me that you're still confused about your feelings towards Yuri, Miru?

Miru: No I'm not and I already know my feelings towards Yuri, in fact, I just confessed in front of my former School Teachers and Proctors there.

All: Eh?

Miru: Ah, I mean I tell them that she's my woman.

All: And what about Yuri / Auntie Yuri, did she also heard it?

Miru: She's still not aware of my feelings towards her but wait kids, you already know that I love Yuri?
(All kids nodded)

Chapter 469 - Vol 7: Ch 469 – Manager Han Love Story 8: The Finale 3

All kids nodding their heads and all of them laugh leaving Miru got embarrassed while blushing and then Annie asks something from him.

Annie: So then Miru, when are you going to confess?

Miru: I will confess to her Sis Ann but it's...

Annie: Don't give me an answer of its not yet time since you've been staying in one house for 6 years already and yet there's no progress between the two of you at all. If I don't know about you Miru then I might think that you're gay but I know why I know you very well Miru that you are still young since you are still 22 but then how about Yuri? She's already on her 30 and I guess you already aware that she has feelings towards you, right? (Miru nodded) see you already aware of it but don't tell me that you just waiting for her to confess to you first or you want her to give up her feelings towards you, so which one Miru?

Miru: Not anyone of that Sis Ann because I'm I'm going to confess to her on her 30th birthday but not just confess because I'm planning to propose to her on that very day which is her special day. I already buy a house and a lot for us since we will move after we got married. I already planned everything, all of it, and I'm just waiting on her birthday.

All: Eh?

Miru: You heard me and everyone here, I'm not kidding at all because I'm serious.

All: I see.

Miru: (Got speechless)

Yu: (Suddenly realized something and interrupt his Dad) w--- wait a moment Dad, y--- you're going to propose to Auntie next month?

Miru: Yes next month because it's your Auntie's birth Month after all, and so why?

Yu: Please Dad, do it within this week and must be got married within this week because I will be away for 5 months.

Miru: I see so you really pass the audition, huh.

Yu: Uh-uh and everyone sorry for keeping it since only Dad is the one who know and the only one I'm telling with about the audition. Though I'm confident that I will pass the said audition then still I'm keeping it from everyone except Dad until its release just to surprise all of you but I guess I can't keep it before it releases since Dad is the one who is not telling me about his plan that I got slip my tongue.

Annie: Wow, so you are one of the cast huh. Is it a movie or a TV series then?

Yu: A movie Auntie Annie and it's about Teen Romance though I'm not the main cast, at least I'm going to debut with this movie.

Jin: Who are the casts then?

Miru: Yu's child celebrity actress crush and the one who admire him to be in the Entertainment Industry.

All: (Kids) eh you're going to act along with actress Nan Ha then?

Yu: (Replied excitedly) mmmm I will though I'm only the supporting male lead, I promise that I will do my best. Actress Nan Ha will be paired with Actor Andy as for me I will be paired with Ms. Nan Yun, I heard she's also a rookie just like me. Ah, right if I happened to be friends with them then I will introduce all of you to them, okay? (The kids are nodding excitedly) for now, let's go back to our main topic, so Dad can you propose and get married to Auntie within this week?

Miru: Eh?

Yp: Piufu?

Miru: I will be planning to propose to her next month and get married next year you know.

Yu: Okay you can do that but just confess to her within this week, is that okay with you Dad?

Miru: That...

Yu: I guess I don't have a choice but to use this method then.

All: Huh?

Yu: (grab something from Jin) Jin, I know from the moment we arrive here that you recorded it to your video cam, so let me borrow it for a day because I will show it to Auntie Yuri tomorrow.

Jin: Geez you got me Yu and how do you know that one, huh?

Yu: Ha, ha, we've been best friends since 6 years ago and it's your hobby after all.

Jin: Tsk and here. Don't delete it, okay?

Yu: I won't and.....

Miru: Alright, alright I will confess to Yuri. I will tell Yuri how much I like Yuri and how much I love Yuri, are you now satisfied with that Yu?

Yu, not able to reply to his Dad because someone unexpectedly hears what Miru declared just now and he even mentions her names not once but thrice.

Yuri: (Just got awake since the tranquilizer already loses its effectivity and heard what Miru declared just now, so she asks him right away) eh, is that true Miru? Do you really like and love me?

All : (Except Miru) Oh-oh

Miru: (Speechless and got caught off guard)

Yuri: Is that true Miru?

Miru: (Still speechless)

Yuri: I see so I'm only dreaming huh and Miru, please pretend that I didn't ask that one.....

Miru: (Glared at Yu first but then interrupting Yuri right away and seating beside her then said to her) no and you're not dreaming Yuri, in fact, what you heard is the truth because I've been in love with you since that day, the day when you chose the right path and betrayed your parents. Day by day I got to love you but I was scared to confess because you might just see me as your brother but then my feelings for you grow stronger and I fall deeply in love with you, so Yuri I really, really love you and I want you to be my...

Yuri: Idiot. (Then hug him right away without minding that they are not alone at the moment) do you know how much I wait for you to say that? Tsk, you're really an idiot, a blockhead, and a very oblivious one because I've been in love with you since the day I know about you that day. I will always make sure that you will notice me by either seating beside you, by accidentally holding your hands, and by many things but you just shrugged me off and here I thought that you hated me because I'm from the Long's.

Miru: Silly and if I hated you then I won't let you stay at my house after all. Yes, it's the truth that you are from the Long but it doesn't mean that I will hate you for that reason. I love you Yuri and I want us to be..... (Got interrupted because Yuri kissing him passionately. The two kissings passionately for don't know how long but then got stopped by someone.)

Min: Ehem, ehem, congratulations Miru and Yuri that now you've become officially a couple but I guess it's time for me to stop both of you before you go further with that, or else you will be seen with the kids here, right?

Both: (Stop then got embarrassed after realizing that they almost go further beyond that since Yuri already on top of Miru)

Min: Good that both of you realized it.

Yuri: (Changing the topic right away) by the way, why we are here?

Miru: You got drugged by Teacher Dian and luckily I made it in time and bringing you here.

Both: (Gian and Ian) eh Auntie Yuri got drugged by Teacher Dian?

Miru: Yes and why, is she your teacher?

Both: No she's not Uncle Miru but then I guess she only has a pretty face, huh but an evil one (then at the same time both Gian and Ian get something from their bags and a picture of her then marking x of her picture by a marking pen that causes everyone to get speechless of their own actions especially to Jin since the two-act like more a twins than his triplets because he is really different from them.)

Chapter 470 - Vol 7: Ch 470 – Is it really possible?

Since it's already at night though it's not very late, Annie let them stay in their guest rooms, and on the next day, they return back to their usual routines. Of course on that day, the Teacher who drugged Yuri already got blacklisted from S Elite Academy though it's not the entire Teaching Field since she only got a warning of not doing it again and nothing bad happened to Yuri. Miru and Yuri become an official

couple and then the next month, on her very own birthday as Miru planned he propose to her though everyone witnessed it on how he proposed to Yuri except for Yu since he's away from them due to his filming his first movie. Yu also didn't forget his promise to introduce the casts to his group of friends and that's how Yun and Jin got meet for the first time before they know that they will be engaged. In the next year, Yuri and Miru got married and move to their new house along with Yu, of course, Yuri got pregnant with their only child after many years of being married.

As for Yu, he got awarded as the new rookie child actor of the year and his fame always rising up of every movie he appeared so he got to sign a contract with A Chanel's Entertainment and then several years later, Yuri become her Manager after giving birth without informing Yu about that one. He becomes the lead actor of Nan Ha but they've never become a couple and then they've become engaged followed by Jin and Yun before they got married and then Yun also become popular and she also becomes Yu's lead actress. As Yun's husband, Jin let his wife sign with A Chanel's Entertainment because Yu is there and he can protect his wife if he's not around.

--- End of Flashback ---

After hearing the life story and love story of Manager Han, everyone is so silent because they never expected that Manager Han has a story like this and of course they never expect that Manager Han has a close relationship with the Hwang's yet he didn't take advantage of it. As for Manager Han, he notices their expressions and just said to them.

"That won't change guys because that's already become part of my life but I guess even I undergo with that kind of past I'm still thankful that I still meet everyone including all of you".

"..." everyone still doesn't know how to reply except Tae since he asks something from Manager Han.

"Manager Han, I'm curious about something."

"And what about is it, Tae?"

"About Mr. and Mrs. Long whereabouts"

"They are also staying here and for the Long Enterprises it becomes Long Charity for the orphans"

“Eh?” Everyone got surprised because of Manager Han’s golden heart.

“I have the same reactions with you guys because Miru really asks my hand from my parents knowing what they did to him and to Yu, of course, I’m also disowned by them yet Miru still respects them because I won’t be here if not because of them. Before our wedding, my parents come to us and apologize for what they did to us; I didn’t give them a chance because I didn’t sense their sincerity but then both Miru and Yu give them a chance to change. At first, I didn’t expect them to change because they are really like that but then they return all the shares of the board of directors before changing the company to a charity institution. Tsk, tsk remembering that one, my husband really has a golden heart along with our son, Yu.”

“...” All the team members and team managers got speechless.

“Geez, it’s really normal Yuri to have that kind of response and all of them from my teams are also like that. Ah, right guys let’s have your dinner here”

“Thank you, Manager Han”

“Sorry for that Manager Han but I and Rei will go first since we still have two little ones waiting for us at home, so we need to go home now.”

“Okay and that’s alright with me but make sure that the two of you can make it next time, okay?”

“Yes we will and everyone we’re going first”

“Bye Manager Rei and Tae / Bro Tae” then the couple leave right away.

“Manager Han really has such a golden heart, huh and I didn’t expect that Manager Han has that kind of past, I mean the way he is now, you can just assume that Manager Han might come from an influential family after all.”

“As if you are also not Hon”

“Huh?”

Tae looking at her first then focusing again in front since he is still driving and just explaining to his wife “you also have your own past and it’s also the same with me when I heard your past thought it was so different from Manager Han’s past but I can assure that both of you have a golden heart that’s for sure.”

“Huh, am I really have a golden heart Dear? I mean you know what happens to them who did try to hurt my important persons, right?”

“Yeah I know and they will get in prisons but you didn’t dirty your own hands instead you let them get punished by the laws. Of course, you also against revenge with violence, and what you just did to them was only letting them eat their own schemes.”

“He, he, he, you’re really such a bias one Tae”

“Of course I will be and always be a bias towards you because you’re the love of my life but I’m only stating the truth because you are really like that Hon”.

“Can you stop the car first?”

“Eh, why and what’s wrong?” Tae asks worriedly but still stopping the car without waiting for his wife’s reasons and continue asking worriedly “are you alright Hon? Did you feel sick just now and are.....” Got stop from his bombarded with the question since Rei kissing him passionately when Tae stop the car.

“Silly I’m alright and nothing happens to me since I just only want to kiss you that’s all”

“..... a—are you aware that the car we used right now is mine?”

“Yes I’m aware and that’s why I request you to stop the car before kissing you. Is there something wrong with that?”

“Nothing’s wrong since my wife just kissed her husband but the only thing is, the window car is not tainted so it’s really obvious that we’re kissing since it’s still around 4 pm, am I right?”

“Oh-oh”

“So you really forgot that one, huh?”

Rei nodded and then ask Tae “do we have some foods in here?”

“Are you hungry?”

“Uh-uh”

“I see then let’s stop for a restaurant before going home and ...”

“He, he, he no need for that Dear since I have this”

“I see and” got stop because he suddenly feels something and going to vomit.

“Ah, I forgot that one Dear and so you really the one who got my pregnancy symptoms, huh”

“Is it really possible?”

“Yes it’s possible Dear and Doc Annie said that it’s only rare for a man to feel it but then I can guess why you feel this since you will be away from me while I’m pregnant and Doc Annie explain to me that it’s called Couvade syndrome, also called sympathetic pregnancy, is a proposed condition in which an expectant father experiences some of the same symptoms and behavior as his wife. These most often include major weight gain, altered hormone levels, morning nausea, and disturbed sleep patterns. In more extreme cases, symptoms can include labor pains, fatigue, postpartum depression, and nosebleeds. The labor pain symptom is commonly known as sympathy pain. Couvade syndrome is not recognized as a real syndrome by many medical professionals. Its source is a matter of debate. Some believe it to be a psychosomatic condition, while others believe it may have biological causes relating to

hormone changes. At least we know this one earlier rather we only know it when you are already on your enlistment, so I will take note of it.”

“I see and so it’s also possible that I will feel everything of what you feel Hon?”

“It’s possible and why are you happy?”

“Because I can be at ease since I will know how you feel when I’m on my enlistment then.”

“Yeah but then I would also be worried about you since you will be on your enlistment and I can’t hear any updates of you, you know”

“I know that you trust me, right?”

“Uh-uh”

“Then you just need to trust me always because I will be doing fine, okay?”

“I know”

Then Tae kisses his wife passionately and declared to his wife “I will surely back in one piece and nothing will happen to me, I promise.”

Rei hug Tae and replied. “I know it’s really hard for me because I’m used to be with you around but I also promised that I will do my best that I will take good care of our children including myself and I will do everything that I can do, so you just need to worry about yourself because I promise that I will do my best and wait for you to come back, okay?”

“Okay”

Both of them are now staring at each other until Tae stops before he will lose control and now go back to driving. They stop first at a restaurant and buy something since Rei is hungry before coming back home. When they arrived, Rei taking a nap on the couch while Tae feeding the twins using the baby milk bottle since Rei already prepared it in advance in case they arrived late today thought they didn't arrive late but Rei got tired and feel sleepy because she's pregnant after all. Of course, Tae didn't forget to eat his wife that night.
