## Chapter 471 - Vol 7: Ch 471 – Valentines' Day Special Concerts

On the next day, the teams go back to their usual routines and since the team members are going to enlist in May, all their schedules are all pack though it's only from 9 am to 5 pm every day except on the weekend since Mr. Hwang instruct Rei to not accept any schedules that fall on weekends because he wants the team especially the members in order to bond with their family and friends.

On the next following two days, they are going back and forth of their schedules, and then on February 14, the teams will have their Valentine's Day Special Concert and since the program will officially commence at exactly 1 pm, the team are now on rehearsal. Both the members and managers are all busy with their tasks including the concert's team. After rehearsing they have a break and eat their lunch earlier for the opening and commencing of their Special Concerts.

At exactly 1 pm, the Special Concert officially commences by starting with the team members' performance. They perform 3 dance performance songs and then 15 minutes talk to their audiences – M'dols Fans and vice versa. After their group performance, each member performs their solo performance and then another 15 minutes talk to their audiences. They are all performing very well and conversing well with their fans without telling anything about their incoming enlistment since they will only tell and disclose to everyone one day before their enlistment date. The Special Concerts starts without any problem and it also ends very well.

Around 6 pm, the team members and the team managers are now in their studio conference room since they discuss their past month's activities and their incoming activities. As the in-charge of their schedules, Rei is the one relaying it first.

"And that's all of what we did for the whole month of January. As for the first week of February, we did interviews, radio appearances, and live performances. Then today your Valentine's Day Special Concert. As usual for the whole of the Month of February, we still have a lot of things to do and before that, I need to discuss it first. (Then Rei put something on top of the table)

All: Eh, what's that Manager Rei, and what's that inside of a bowl?

Rei: For that bowl, I will explain later and here, these are your schedules that are not yet confirmed but already check thoroughly. For these activities, Mr. Hwang let all of you, the members choose what do you really want guys, and picks from these schedules that we got. All of you – team members can select any two of them each, which is one of them is for your group schedules and then the other one is for the team members solo activities. So after you select two from any of it, just put your name on it and also put a label on it if it's a solo or group activity. Don't mind if you will use a pen or marking pen since it's not the original copy.

All : (Except Managers) I see.

Rei: These are not related to the team schedules Tae.

Tae: (Curiosity got kicked in and just agreed but he has another motive while Rei didn't realize it since she's focus on the team) I see.

Each member is now looking for the said unconfirmed schedules while the Managers are also discussing their schedules and at the same time, Tae sneakily gets those schedules that Rei separates from the other schedules. Several Minutes passed by all the members are now done choosing their schedules as what they want and like, then they submit it to Rei because she's their Time Manager / Schedule Manager after all.

Rei received the schedules they pick and now relaying them to everyone.

“Alright so now I will announce what all of you pick and all of these are chosen by the members without your Manager's interference. (Read it according to the paper arrangement as they submit) first, Yun, you chose the Dance with your Team as group schedule and show your dance as his solo performance. As for Je, he chose a variety show as a group schedule and Singing Idol Battle as his solo performance. As for San, he also chose a variety show as a group schedule and a one-day cameo appearance of the Drama, A day without you. As for Shi, he chose a sports show as a group schedule and show me your rapping skills as his solo schedules. As for Bi, he chose a reality show as a group schedule and he also chose a one-day cameo appearance of the drama, How do I hate you? And not but the least for Tae, he chose a sports show as a group schedule and ..... (Rei paused when she noticed what her husband select as his solo activity and just said to her husband) Tae this is not included and these are not related from your team schedules, so you need to pick another one from these schedules.

All: Eh? (Surprised and then looking to Tae's directions.)

Tae: Awhile ago you just said that we can select what we want as per Mr. Hwang's instructions and that's what I really want as my solo activity and also that one is really related to our team schedules because you're part of the team, right Hon?

Rei: (Almost got speechless because of her husband and replied) I see and so this is really what you want for your solo activity, right? (Tae nodded happily just like a kid) alright, you win Tae, and then for Tae's solo activity, he chose A Live Interview of a Married Celebrity Couple.

All: Eh, we have that one?

Rei: Yeah we have that one but I separate it (show the team of the schedules for them) since it's not part of the team schedules and yet this husband of mine sneakily get it, well it's my fault since I forgot to left it in the office and carrying it along with me.

All: Eh, that much?

Tae: Ha, ha, ha and that means that they really want to know my wife since they invited us to be their guest. Well, I really don't want them to invite us but then knowing that we will be going to enlist this coming May then I don't have a choice but let the others know and claim that Rei is my wife and mine alone.

All: .....

Han: Ehem, ehem, alright so then what about that bowl Manager Rei?

Rei: Ah, right, and members since you will have your solo activity on the same day which will be on March 14, I write the Team Managers name including mine, and let you pick from this one for your all-around Manager on that day.

All: I see.

Yun: (Raise his hands)

Rei: Yes Yun?

Yun: We only have 5 Managers and we are six, so we're lacking one, and then what if Tae picks another Manager when in fact you will be both appear on the same schedules since Tae select that one.

All: Eh, M.....Ms. Xie and Atty. Kei dating?

Rei: Oh, I slip.

Lina: (appear out of nowhere) ha, ha, ha, it's really rare for you Manager Rei to slip your tongue but well Ms. Xie and Atty. Kei is not yet dating but sooner or later they will go on that phase, well as we know, they already living in the same house so maybe they already more than friends without our knowledge.

All: .....

Rei: And you, why are you here when you already on your maternity leave, huh?

Lina: It just to remind you that we need an advanced countermeasure and plans to counter-attack just in case Yun picks Manager Su as his Manager for that day since we already need to alert just in case Ms. Xie and Atty. Kei got caught by the paparazzi and so now, what Mr. Jun chose for his solo activity then? (Then Rei just show that schedule to her cause Lina to laughs since she guesses it right) Ha, ha, ha, told you that Mr. Jun will choose his solo activity along with you, alright you can continue now and don't mind me that I'm here..

Chapter 472 - Vol 7: Ch 472 – As what Lina and Tae predicted

Seeing Lina seating calmly as if she didn't interrupt the team discussion, the members and the managers are recalling that Mr. Han Yu is a friend of Lina and along with the others Hwang and Li's Family Members.

All of them are thinking at the same time excluding Lina and Manager Han, the known father of Han Yu 'so that's the reason why Mr. Han Yu is always out of reach from paparazzi and media huh.'

On the other hand, Lina suddenly feels that someone talking about her and then observe the team but they didn't show any reactions at all so she just shrugged it off. The teams are now back to their interrupted discussion.

Rei: Alright guys – team members you can draw now for your Manager on that day and you're the first San to draw from this followed by your seating arrangements – San, Je, Shi, Bi, Tae, and Yun. After drawing it, don't open it yet and wait for all the members to draw before opening it together. Don't announce it and just approach the Manager that you got from that draw you pick. (All members just nodded while Lina asks something about her.)

Lina: Rei, what are you going to do if in case Mr. Jun draw another Manager?

Rei: Well I just chose a stand-in Manager on my behalf so that I can appear on that show but well don't underestimate the luck of my husband with me because he always got me.

Lina: Huh? And what do you mean by..... (She didn't continue of what she's going to ask since she realized that Tae is approaching Rei) d— don't tell me you got Rei to be your Manager on that day?

Tae: You got it right since I did Mrs. Lu and I always pick my wife's name every time we have to draw.

Lina: And what the heck is that?

Both: Mmm?

Lina: (Ignore the couple and looking at the team) so it's mean that Mr. Li Je Han got Manager Han, Mr. San got Manager Li, Mr. Shi got Manager Wang, Mr. Bi got Manager Chi and not but the least, Mr. Yun you also got your girlfriend's name?

Yun: Yes I did Director Lina but then she's not here yet so I'm going to inform .....

Yun: Eh Lucy you're here and since when did you arrive?

Su: Just now since I just arrived tonight and I just assume that you might be here hence I notice the light here is still on. Yun: (Hug her and said) perfect timing Honey since I got your name and you will be my Manager on that day.

Su: Yeah I heard it from Director Lina just now so then what did you chose for your solo activity on that day?

Yun: I think you can guess it already.

Su: I see and so it's about dance huh. (Then hug him back before whispering something to him) by the way, I have important good news to tell you.

Yun: Eh, really and what is it?

Su: I'm.....

Lina: Ehem, ehem, and sorry to interrupt the two of you suddenly but I need to remind you this one, and please don't forget that we still have singles here who already eat enough dog foods from Mr. Jun and Rei.

Bmov: (Ypr frt Lphw emo uqgfzzfllut)

Both: (Tae and Rei) huh? And what do you mean by that Director Lina / Mrs. Lu? We're not doing anything at all.

All: Right, right both of you are not doing anything today but then a few days ago both of you just kissed at the central highway, kiss in the restaurant, and then again kiss in the car, so in other words, you feeding a lot of dog foods since the day you disclose your relationship to everyone.

Both: ...

Lina: Alright, alright let's stop with that, and for now Manager Su, you need to be careful, okay?

Su: Yes I will Artist Director Lina and by the way everyone I have an important announcement to announce.

All: And what would it be?

Su: (Quite Happy and smiling while announcing it) I'm 1 week pregnant and Yun will sooner become a Dad.

All: (Including Yun) eh?

Su: Yes it's the truth and I'm not kidding everyone. Here's the result if you won't believe me (then give the sonography to them and then calling Yun) Yun, I'm pregnant with our first child.

Ypr: ..... (Snuuhviull frt tpqgdmprtut jvaiu ar f tfxu)

Tae: (Suddenly laughing out of nowhere and said to Yun) see Bro Yun and told you that you will get Manager Su pregnant but never expected that you did it before enlisting.

Yun: (Return to the reality and then ignore Tae since he asks his girlfriend right away) then how about your military duties then?

Su: Too bad I can't return yet since I got pregnant and I will continue as Ms. Xie Manager in the meantime. By the way, Mr. Hwang already knows and aware of it since I inform him first.

Yun: Yet you didn't inform me in the first place when in fact I'm the baby's father.

Su: Ha, ha it's alright Yun since you already know about it.

Lina: So then Manager Su, when's your expected due date?

Su: November 05, Artist Director Lina.

Lina: I see so in other words, I'm the first who's now on maternity leave since I will be expected to give birth on April 15 then followed by Rei on August 10, and now Manager Su on November 05.

Except for Rei and Lucy, all of them nodded and thinking at the same time 'in other words in the near future these three children will become childhood friends since they will be born in the same year after all'.

Members and Managers along with Lina they congratulate Yun and Lucy for having a baby this year before they got dismissed. Lina just going up riding the elevator since she and Lu Wen stay temporarily at their parent's house – Hwang Min and Hwang Mina. At the same time, the M'dols Team ride to their team car except for Yun and Tae since they are both having their partner to go with.

As for Yun, he didn't drive his car since he is still surprised at the moment so Lucy is the one driving while talking to him.

"Are you that surprised of hearing it or are you just mad that I got pregnant?"

"Of course I would be surprised but I'm not mad that you got pregnant"

"I'm glad to hear that since I thought you're mad because I got pregnant and you're still not yet ready to become a father Yun"

Yun looking at her and said "silly and how can you say that to me that I'm not yet ready when in fact we did it of our own will. It just that you will give birth to our first child without me around and then we are

still not married yet but then after I discharge let register our marriage before having a wedding ceremony, is that alright with you?”

“Mmm.... that’s alright with me Yun”

“Thank you, Lucy”

#### Chapter 473 - Vol 7: Ch 473 – The excited Yun

After hearing the good news from Lucy, every one of them is congratulating the couple. Of course, both Lina and Rei will be busy since they have to prepare in advance just in case the media or the lurking paparazzi discovered that Yun will become a father without disclosing that he has already in a relationship yet and most of all for Lucy, after all, she’s a divorcee and ex-wife of that jerk.

On the next day, both Yun and Lucy filed for one week’s leave because both of them want their parents to introduce themselves to each other. Yun accompanying Lucy to her parent’s graveyard since she’s been living alone after her dad passed away. Though Lucy is an ex-divorcee, she still feels alone because her ex-husband didn’t even care for her when in fact they’ve been married for 4 years. Both of them are now standing where Lucy’s parents’ graveyard and Yun pay respect as well.

“Good Morning Dad and Mom, I’m Yun, Ha Ya Yun boyfriend of your lovely daughter Lucy here and soon to be her husband. I know that we’re just dating last December and it’s not even a year since we began dating but both I and Lucy will become parents this year and I promise that I will take good care of your daughter and always love her. It’s a pity that I didn’t meet the two of you personally but I promise that I will love Lucy and protects her as long as I’m alive. I will become the best husband of Lucy and will become the best father of our kids. For now, I can’t marry Lucy yet since we have a law in here that a Senian must only married to a fellow Senian after completing his military duty or what we call in here Conscription Duties. So this coming May I will start my military duty and after I discharge we will both register our marriage followed our wedding ceremony though it will be quite hectic for us since I’m from the entertainment industry but it would go smoothly because we have a very reliable Artist Director and Artist Manager after all.”

On the other hand, Lucy reacts after hearing the later part “and then you will be get scolded by both the husband of them especially to Mr. Jun since he is really a doting husband to Manager Rei you know”.

“Right but I’m assured that Tae will understand especially it also part of Manager Rei job’s after all”

“Right, right but make sure that Mr. Jun will understand it, okay?”

“No problem”

Lucy lay her head to Yun’s right shoulder while wrapping her arms to his waist “Mom and Dad, I’ve really missed the two of you and missed our bondings, even the two of already gone for many years, both of you forever remains in my memory and it’s still fresh as if it just happened yesterday. As for you Dad, Dad I didn’t blame you for getting me married to that Man because if it’s not for you then I won’t meet them, especially Yun. Right, I’ve been married to that Man Mom, and Dad but I still always feel alone and asking myself if this is really my life to be destined with for my entire life. Every day I’m always thinking the same question again and again but then I guess the right one for you is really waiting for you at the right time because I did meet Yun and them, all of Yun comrades and camaraderie are all good people and I really want both of you to meet them. Mom and Dad, Yun is the right one for me and whatever happens, I will fight for Yun and I will do everything for him. By the way Mom and Dad, I’m 1-week pregnant, in other words, I’m already bearing Yun’s child and your grandchild. I will do everything for my family Mom and Dad and that’s what I will promise to you that whatever happens, I will priority my family first.”

Both of them are in silence and few minutes passed the two leaves and now on the way to Yun’s house. Of course, being in the entertainment industry for 15 years, this is the first time that Yun bringing a girl with him since his family thought that his a gay, after all, Yun is more feminine compared to his two elder sisters and most of all Yun is too picky when comes to loving a woman.

When they arrive the Yun’s Family Members didn’t expect that he arrived bringing a girl with him since he didn’t inform them in advance. Of course, Yun’s family’s checking the surroundings first and making sure no one’s following him because they know how the artist life after all and how troublesome it is.

They let both of them seat and interrogated him as if he is a criminal. After satisfied with interrogating him, Yun officially introduces Lucy as his girlfriend, his future wife, and soon-to-be mother of his child that causes the Yun’s to be in a dazed not just one minute but almost twenty minutes.

“.....”

“Mom, Dad, and everyone are you still with me?”

“.....”

Yun also got speechless and after almost twenty minutes, he heard his family and ask in sync with him.

“Eh, you’re not gay Yun?”

If Yun drinking right now, he must really choke from it because of what he just heard from his family, not just one of them but all of them and he got speechless because of their query. At the same time, he heard Lucy rescuing and saving him from his family members.

“Everyone, Mrs. Ha and Mr. Ha, I can assure you that Yun is not gay and indeed I’m 1 week pregnant with our first child. I have an ultrasound here to prove that I’m not lying and Yun is really a man and not gay”. She explains while giving them a copy of her ultrasound result.

The Yun’s accept the said ultrasound result and now looking at it. The first one to react is Yun’s elder sister.

“I see, so you’re really not pulling a prank huh”

“Why would I do that one Sis?”

“He, he, right, so, then now, what are you planning Yun?”

Then Yun explains his plan to his family members and right away his elder brother reacts very late.

“W— wait a moment, Yun”

“Yes Bro, what is it?”

“You’re really not gay?”

“Of course I’m not, and why do you ask that one Bro from me?”

“It’s because you’re more feminine compared to our sisters here you know”

“Well, I can’t help it since both of them are always protecting me since when I’m a kid and they are both dotings with me that I can help it but got their behavior. W—wait a moment if you’re talking that one then why all of you didn’t suspect Tae to be gay when in fact he is all surrounded by three elder sisters, right?”

All the Yun family members answered in sync “because Tae is really a man not like you, Yun.”

“Huh?”

Lucy suddenly laugh and then explained “everyone sorry for suddenly laughing but Yun, your family members are really right because Tae is behaving like a man after all compared to you since you even more feminine compared to me but don’t worry that’s why I love you the most”

“.....” Yun got speechless because he doesn’t know if it’s a compliment or an insult.

“Ms. Lucy, right?”

“Yes Mrs. Ha”

“Just call me Mom since you will be my daughter in law and thank you for loving my son”

“I will always do that and will always love Yun, Mrs. Ha, I mean M—-Mom.”

#### Chapter 474 - Vol 7: Ch 474 – The Din's New Family Members 1

Flashback two days before Valentine’s Day, in the early morning around 3 am since S Country is two hours ahead of C Country; Rei received a call from her Brother in Law En.

Ring, ring, and ring

“Yes Hello Bro En”

“Mei will be expected to give birth today so I need you and Ken to be here. Assistant Aki already on the way there and he would be there around 4 am in your time, so you and Ken need to prepare now because a few hours from now Assistant Aki will pick you up. By the way, did you already ask for the absence of leave?”

“Yes I already ask for my leave and Ken absence but not with the exact date since I’m just waiting for your call Bro En, so right now I’m going to inform them that I and Ken will be both absent for my work and Ken class”

“Sorry for that one Rei since My Mei stop me from telling you in advance because she wants to test you again of how do you love your Sister and the kids, that’s Mei after all”

“Geez that Sister of mine”

“Ha, ha, ha, and well that’s My Wife after all. Alright that’s all and sorry to disturb you early morning Rei”

“No problem at all Bro En since you’re my family after all” then both hang up at the same time while just got awake and notice that Rei did finish talking with someone, so he only asks two words because he trusts his wife always.

“From who?”

“Good Morning Dear and it’s Bro En”

“Good Morning Hon” then rising up from the bed and kiss his wife on her lips and ask “is Mei already giving birth?”

“Not yet since today will be her expected day to give birth and so we need to go there”

“I see and I can’t go with you because of the Team’s full schedule, so you and Ken need to be careful, okay?”

“I will”

“Alright go and prepare now since knowing Bro En, for sure Assistant Aki already on the way here”

“Ha, ha, ha and you’re already quite familiar with Bro En, huh”

“Well Bro En is also a doting husband just like me and not only that since he is the CEO of Jang Corp so he is so quick with his decision”

“Yup, yup so now I’m going to prepare, and how about Ken?”

“You just need to worry yourself because I’m going to wake Ken up”

“Okay and thank you, Dear”

“You’re welcome Hon and you will always be my priority”

“Same here Dear. Alright I’m going to prepare now”

“Okay”

Rei goes to their bathroom right away in order to take a bath meanwhile Tae got out of their room and go to the kid’s room to wake up Ken. Ken wake up right away and also preparing himself after got explained by his Uncle Tae. At the same after waking up and explaining to Ken, Tae prepares the foods right away so that his loving wife and loving nephew won’t leave the house with an empty stomach. Both Rei and Ken are now eating their breakfast in the early morning then waiting for Assistant Aki.

As En said, Aki really arrived one hour after his call and because he doesn’t have a visitor pass, he just calls Rei and informs that he is already at the parking lot. Just a matter of seconds, the two arrived at the parking lot and get inside in the car right away, and now they’re on the way to the airport.

“Ma’am Rei and Young Master Ken, you can take a nap and I will wake the two of you when we arrive at the airport”

“It’s alright Assistant Aki” Rei replied and at the same time, Ken also replied.

“Bro Aki just Ken, after all, you’re the husband of my cousin and most of all you’re my Dad’s childhood friend”

“.....” He got speechless because he doesn’t what to reply since he is really his Young Master.

Ken got his worry and said, “okay you can call me Young Master only if I’m already in the Jang area but if I’m with the Din’s you can call me Ken, okay?”

“Yes, Young Master I mean Ken. Both you and Young Master Ren is really twin brothers since he said the same thing to me”

“Oh, so Ren got me first?” Aki nodded while Ken smiled and said “he is really my brother, Bro Aki, and right, how is he?”

So instead of taking a nap, Ken chats with Aki and asking about his family members even though they always have a video chat every Sunday, he still asks about them from Aki own perspectives while at the same time Rei just listening and amusingly listening to her nephew.

Aki focuses on driving and at the same time replied to Ken attentively then just a matter of minutes, they arrived at the airport. They go to the VIP path since they will ride the Jang’s private plane. The Airport authorities just check their doc.u.ments and let them entered right away so now they are now seating and inside in the private plane. Ken first time riding Jang’s private plane but he doesn’t show any reactions as what the usual kid reacts and the same with Rei, they are really Auntie and Nephew at all.

“Ah, that’s right Auntie Rei?”

“Yes, Ken?”

“I forgot to tell Bro Jinyu and same with Ellyn”

“Your Uncle Tae will be the one informing Ellyn and Ellyn will be the one informing Jinyu”

“I see and I’m excited to meet my younger sibling, of course, I’m also excited to meet

Ken, Lynel, and especially to the two baby girls – Elly and Nelly”. Elly and Nelly are the new identical twin daughters of El and Lyn.

“And why do you have such a happy expression, mmm?”

“It’s because I just realized it now Auntie that as the elder brother among them, I have all twins baby cousins and what if Mom also happened to give birth with a twin again?”

“Right Ken and there’s a possibility but then your Mom didn’t tell anyone, she even get Lyn involve since all of us got surprised when she gives birth to another twin again”

“Ha, ha, ha that’s Mom after all and even Dad doesn’t know that one.” Then suddenly thinking something and said to his Auntie “neh Auntie what if I’m going to test it now by knowing the gender of my sibling and if it’s a twin, right?”

“Ken?”

“Ha, ha, ha just kidding Auntie and I won’t do that because all of you teach me to respect the privacy of individuals even if it’s your family members”

“Good thing that you know about that one”

“Of course, ah right let’s take a sleep Auntie”

“Yeah that’s right because we will both busy when we arrive in our hometown”

## Chapter 475 - Vol 7: Ch 475 – The Din's New Family Members 2

A few hours later they arrive at C Country, C Town City and right away they go straight to the hospital where Mei got admitted. Just a matter of minutes they arrive in the hospital at exactly 9:30 in the morning and they meet every one of the Din’s Family Members at the Hospital, which both El and Lyn carrying their newborn babies.

Rei called them right away when she noticed her family members “Ma, Bro En, Bro El, Lyn, Ren, and Lynel”

“Oh, Rei you’re here” then Aya looking around and ask her daughter “eh where’s Tae and Ellyn?”

“It’s only me and Ken, Tae can’t come since the team have a full schedule since their enlistment will be in May and as for Ellyn, she has important tasks in School”

“Ha, ha, you really didn’t change Sis Rei and here I thought that you’re just following Bro En instructions”

“We were all family after all, right why you are here in the hallway of the operating room, is it because Mei already inside?”

“....” All her family members got speechless since Rei never change and still the Rei they know, so very direct and straight forward.

“Yes Rei, My Mei is already inside the operating room three hours ago and we still didn’t hear anything from ....” got cut off because the group of doctors is already got out from the operating room.

“Congratulations Mr. Jang and you’re wife give birth to two healthy baby boys”

Except for En “eh, twins?”

“Yes it’s a twin; all of you here don’t know that Mrs. Jang is pregnant with twins then?”

“.....” The Head Doctor got speechless since all of them just nodded in sync including En.

“By the way Doc, how’s my wife?”

“Mrs. Jang is alright and the nurse will escort your wife to her room.”

“I see and where’s the b.....” didn’t finish asking about the twins because he notices his wife just got out from the operating room assisted by the nurse “My Mei, are you alright?”

Mei replied with a hoarse voice “you did really ask that one from me, huh My En?”

“Right you’re not alright at all since you just give birth” then hugs Mei and said “thank you for keeping safe My Mei”

Ignoring the husband and wife interactions, the Din’s Family Members are now looking for the newborn baby. Of course, since El and Lyn already carrying their newborn babies, Rei and Aya are the ones carrying the baby since En is worried about Mei even it’s their second child but they understand En’s feelings right now.

Ken: Auntie Rei, Auntie Rei I really guess it well, right?

Rei: Yeah you really did guess it right Ken.

Ren: So our younger siblings are also twins like us but then the two got Dad’s looks.

Lynel: Wow, you’re really right Bro Ren, so Auntie Mei and Uncle Dad both have twins with each of their looks since Bro Ken and Bro Ren have both Auntie Mei’s looks after all.

Aya: And if Rei happened to have twins then it’s another complete set of twins but then Rei pregnant for only one this time.

El: Don’t worry about that one Ma and maybe Rei will get another pair of twins next time.

Lyn: El, you’re such a bummer and how can Rei get another pair of twins when in fact she’s already pregnant with a baby boy huh?

El: I did say next time Lyn.

Lyn: Eh, you did? (El nodded)

Lynel: (Didn't realize that her Dad already nodded and so he saves his Dad) Yes Mom and Dad say next time.

Lyn: I see and sorry for that one Lynel, Mom just got discharged from the hospital a few days ago, remember?

Lynel: Ha, ha, ha right, and no worries Mom. By the way, what will be these two boys' names then?

All: Who knows since the baby's parents are busy chatting with each other, right Lynel?

Lynel: ..... (Got speechless since all of them answered in sync)

Rei: (Out of nowhere suddenly interrupt the two since she notices something) Bro En and Mei, please don't forget that we are still in the hospital and Mei you just give birth.

Mei: Geez Sis and what's wrong with kissing my very own husband, huh?

Rei: Nothing's wrong at all but we have children here and in a public place, remember.

Mei: Ah, right I forgot that one at least you stop me and thank you for that Sis. And by the way where are my baby boys then?

Aya: Mei and Rei enough with chatting especially you Mei since you just give birth so, for now, let's go to your room because you really need to take a rest, Mei.

Both: Yes Ma

Then right away all of them go to where's Mei hospital room, En is the one pushing the wheelchair of Mei and so the nurses didn't do anything since the babies got carried by Aya and Rei then Mei got assisted by her very own husband so they just leave the family hence the doctors will visit Mei for further observations. Knowing En, Mei really has a big room and it's really didn't look like a hospital

room since it's royal suites and then again the family are not surprised since they already expected this one from En.

Mei: So then my baby boy Ken, how are you now?

Ken: I'm doing fine Mom though I really miss you so much.

Mei: Ha, ha, ha that's your choice after all.

Ken: Mom?

Mei: Ha, ha, ha just kidding but then you've become taller Ken.

Ken: Eh, did I?

Mei: Yes but I guess Ren is taller than you huh.

Ken: Eh? (Right away he stands beside Ren and measuring their heights with each other that he just realized now then ask his twin younger brother) and since when did you become taller than me Ren?

Ren: Don't know that one Bro Ken but don't worry it's just a few centimeters so no worries at all.

Ken: Right no worries at all but I need to mind my height now just in case.

Ren: Huh? And for what reason Bro Ken?

Ken: I'm the older one so I need to be taller than my younger siblings.

Ren: Huh? The two of us are the older ones since we're twins Bro Ken.

Lynel: Ah enough with that Bro Ken and Bro Ren because both of you are already tall enough when in fact you are still both turning 7, so then Auntie Mei what's the two boys' names then?

Mei: Good questions Lynel and thank you for stopping these two boys because no one can stop the two if they start debating something. As for my baby boy's name they will be Mein and Mei-En.

All: Mein and Mei-En?

Mei: Yes and that's a good name right? (All of them except En nodded and thinking the same thing) 'It's a good name but can you think of another name aside from combining your name with En / Bro En / Dad's name?'

Rei: (Said it loud) it's a good name Mei but can you think of another name aside from combining your name with Bro En?

Mei: (React fast) wow, did I really heard it from you, Sis?

Rei: Yes I did and what's wrong with that?

Mei: Nothing's wrong but then how about you Sis? Why can't you think of another name aside from combining your name with Bro Tae, then?

Rei: T— that.... (Just realized that she also like that)

Mei: See? Well nothing's wrong with that Sis since I, you, and Lyn both love our husbands so it can't help but name our child after our name with our husband's name since all of us are in love with our husband very much, so then what I don't really understand is why Mama didn't name the three of us after Papa's name, right? And don't tell me that Mama didn't love Papa?

Aya: Mei?

The family members are now chatting and talking with each other. Of course, the a.d.u.l.t members are talking with the a.d.u.l.ts and the same with the young members. They chat and chat until almost lunchtime En suddenly interrupts their chats.

En: Ah right Rei, I forgot to tell you that you're flight is at 2 pm, so you and Ken need to go after eating your lunch.

All: (All of them also got surprised since they caught off guard and they don't know that so they replied at the same time with Rei) eh?

En: Sorry

Mei: My En how did you forgot to tell that important details to us and especially to Sis? Luckily you use your private plane or else Sis will be left out for sure. (Then Mei suddenly laughs out of nowhere and all of them got it right away why she laugh suddenly except En)

En: And why did you suddenly laugh, huh, My Mei?

Mei: Because it's really proven that you're an Old Man, My En.

En: ... (Speechless and dumbfounded because of his very own wife)

Mei: Sorry Sis since My En is really an old man here and he really forgot to tell you those important things.

Rei: No worries at all and I don't mind after all since Bro En did say that I need to be here along with Ken when you give birth even it's only for one day.

Mei: Yeah it's really 1 day but your flight duration is longer compared to staying in here after all it will take 8 hours from going here and going back.

Rei: Right and so now when are you planning to baptize the twins?

Mei: I'm planning to do it next month since we will go back to T Country in the same month, so I guess both Ren and Ken will both living without us around huh.

Both: No worries Mom and just take good care of our siblings, okay?

Mei: Okay and no problem because that's your Mom job after all.

So the mother and son's pair are hugging because they will surely miss each other and at the same time they tease En but then let him join later on. They eat for their lunch and then Rei along with Ken leave Din's family members since they need to go back right away. Assistant Aki still escorting them and drop them off at CA Residences at exactly 6:45 pm so then the Din's Family members are doing their usual routines.

#### Chapter 476 - Vol 7: Ch 476 – White Day

As for Rei and Ken, they also go back to their usual routine. Mei along with her husband En and the newborn twins going back to T Country, one week after the baptism of the twins, at the same time El and Lyn twins also got baptized together with the Mein and Mei-En. When Rei arrived at the house, Tae assisted his wife because he knows that Rei didn't take any rest and as for Ken, he just his best friend Jinyu to update everything. They take a rest for the whole night and then back to the current event.

===== End of Flashbacks =====

Everyone from Yun's family members is now chatting lively with Lucy, they even show a lot of pictures of Yun especially when Yun acts and have a role of a princess during his school days. For one week, the Yun family members got to know the real Lucy and same with Lucy because not just Yun but she now knows

the real Yun along with his family members. She feels lucky to have to meet Yun and them because she didn't feel alone anymore and her colorless life became colorful because of Yun.

While remembering that one she suddenly stared at Yun intensely which cause the family members to stop what they're talking about. Of course, Lucy just shrugged it off by telling them that Yun is really a handsome one and that she's lucky to have him.

One week after, the two got back to work and they've become busy again. Day by day the teams doing the same routine and then on March 14, which also a white day arrives and this is the day that all the members have their own individual schedules.

Tae, on the other hand, is very excited because this is the first time that they will appear on the same screen for a live interview show with his wife, and Rei witnessing how excited Tae can't help but teasing her husband.

"Dear, right now you just look like a kid who will get and to have own his first toy after all"

"Yeah indeed I am Hon because it's our first appearance after all"

"Same with me Dear but then I'm quite nervous because I don't know what they're going to ask from us; of course they sign an agreement of not crossing the line."

Then Tae approach and c.a.r.e.s.sing his wife's face while replied to her "of course you can answer anything at all Hon because it's you we're talking about you know."

"If it's about you then I can answer anything but then Dear, are we really going to wear this one?" Rei asks while pointing the clothes on their beds.

"Are you really asking me that one Hon?"

"He, he, right since I'm the one signing the contract as the Artist Manager of CA Entertainment."

"Glad that you know that one Hon but then out all the dresses, why they give you a tubeless c.o.c.ktail dress, huh? And not just that because the length is above your knee after all."

“At least they didn’t give me a body-con dress or a mini dress you know”

“That’s right or else I will boycott them. I don’t care the cost for breaching the contract as long as you won’t wear a body-con dress or a mini dress in public because that’s only for me exclusively.”

“Right, right it’s really only for you Tae because you’re my husband and for now let’s get ready now or we will be late, okay?”

“Okay”

Both of them get change at the same time. Tae wearing a peach suit while Rei is wearing a peach tubeless c.o.c.ktail dress then both of them got speechless and got enchant by how they look when in fact they’re always together.

“ ... ”

Rei returns back first and teases her husband “my, my, my, you are really such a handsome man Tae and you caught me off guard again.”

“Same with me Hon and you are really beautiful. What to do? I want to eat you now, so let’s boycott the show, okay?”

“Silly what are you talking about Tae? And is this what you really want, that we will appear on the same screen, right?”

“Yeah and that’s what I really want because it won’t happen again after all you’re not an artist but then I don’t want the public to see you being like this you know”

“Mmmmm I see and so why you didn’t want them to see me being like this then?” Rei already knows the answer but still asking it.

Tae embrace his wife and just whisper “because you’re too pretty Rei and I don’t your admirer lists to increase again”

“Silly”

“Alright let’s go now before I lose control of myself.”

“...” Rei got speechless

Tae just smiles at how Rei reacts and holds her hands then they go out of their room. When they got out, Tae’s parents compliment the two and comment on the two of them that they really suited to be with each other. Hearing this from his parents and her in-laws, both of them blush before looking at each other then smile.

Tae got the car key while Rei bidding their farewell to them.

“Mom and Dad, we’re going now”

“Okay and take care”

“We will Mom and Dad. I’m going to bother you again Mom for taking care of the twins”

“No worries Rei and it’s our grandchildren after all”

“Right but still thank you for that Mom”

“Don’t be Rei and it’s us who are very thankful of you for loving Tae and giving him a wonderful family”.

Rei doesn’t have a chance to reply since Tae suddenly speaking out of nowhere “Hon, let’s go now. Oh, Mom, what did you just talk with Rei now?”

“It’s a secret between me and Rei, right Rei?”

“Right Mom and Dear, it’s a secret between me and Mom” Rei replied and at the same wrap her arm to Tae’s right arm then leaving the house not in a hurry.

“Now I’m curious about what did you talk you know”

Rei just whispers to Tae “silly, I and Mom both thankful for having me and for having you, that’s all.”

“Huh?”

“Mom, we’re going now”

“Okay take care.”

Both Rei and Tae leave right away and now riding the elevator. Several minutes passed by they’re now inside the car and Tae already driving the car on the way to the venue.

“Dear, I’m quite sleepy now”

“Okay Hon so you can take a nap Hon and I will wake you up when we arrive there.”

“Thank you, Dear” then taking a nap right away.

On the other hand, Tae looks at his wife and hold her hand then said: “Mom is really right Hon and I’m really thankful to have you and giving me a wonderful family, I will do everything for you Hon and I will always love you more than to your love with me.” And it means Tae heard it at all.

Since they use his car, Tae didn't take it longer and now focusing his drive seriously. They arrive at the place after 30 minutes of drive and park the car appropriately before waking up his wife.

"Rei, we're here"

Slowly opening her eyes and looking at the surroundings "thank you, Dear"

"You're welcome Hon and that's my job after all. Oh, right let me go out first and I will assist you"

Rei laugh and got a touch of how sweet her husband is, then said "yes and go ahead Dear"

chapter 477 – A Live Interview of a Married Celebrity Couple: Briefing

Right away, Tae hops out of the car and then go to the other side to assist his wife. The two walk to the studio while walking hand in hand.

"Neh Hon?"

"Yes, Dear?"

"The interview will officially commence at exactly 8 am and it's still quarter to 7, so why we are so early and not 30 minutes before the appointed time?"

"Eh, I didn't tell you yet of why we are so early today?"

"Yes you didn't tell me anything Hon"

“I see and I guess I really forgot that one huh but well they inform us to be here one hour before the appointed time because they will give us a briefing for the live interview”

“I see”

Then one of the in-charge notices the couple and greet them right away “Good Morning Manager Rei and M’dols Woo”

“Good Morning” Rei is the one who answers since Tae is not the talkative type after all.

“By the way Manager Rei, I’m Manager Kang, the in-charge of this interview but you’re too early since our team is still preparing for today’s program and still preparing backstage.”

“I see and no worry at all Manager Kang.”

“Hope you won’t mind that one Manager Rei”

“We don’t mind”

“Thank you for that Manager Rei and both of you can wait in there while our team still preparing backstage for today’s program, is that alright with both of you?”

“Yes,” Rei answered while Tae just nodded.

Manager Kang led the couple to a bench and let them seat then go to his team and remind them.

“Be fast because the guests for the Live Interview are already here”

“Eh?”

“Do it for 10 minutes and after that, we are now briefing the guests of what to do”

“Yes Manager Kang”

Then right away his teams readying it fast and just after 10 minutes, they are done. Manager Kang goes back to where the couple seat and talks with them.

“Manager Rei and M’dols Woo, at exactly 7 am, we will give you the briefing for the show, okay?”

“Okay”

At the backstage

“Hey, is anyone of you here aware who will be our guests today?”

“No one from us knows who are the guests since they only told us that they’re both VIP Guests and a Married Celebrity Couple”

“Married Celebrity Couple, who is it then?”

“Who knows since they didn’t disclose who is it”

“Everyone, everyone looks whom I see just now”

“Eh?”

“I..... I just see M——Manager Rei and M’dols Woo here seating at the bench while talking to Manager Kang”

“Huh?”

“Believe it or not but the two of them are wearing the clothes that we provided for the scheduled guests to be interviewed today”

“What?” Then all of them peeking from backstage to the waiting area of the guests.

“Whoa, Manager Rei is too beautiful and pretty, same with M’dols Woo since he is too handsome. How come the two of them have such good looks like that? Both of them are just like they come out from the painting you know. Hey everyone, where all of you going then?” Ask when he realizes that they leave from where they are and already peeking their guests for today.

Manager Kang just arrived after giving instructions to the couple and notices his teams peeking at their guests.

“What the heck you’re doing now?”

“Ahh, sorry Manager Kang”

“T—that’s alright, so is everyone is all set now?”

“Yes Manager Kang”

“Good and now let’s meet our guests since it’s almost 7 am.”

Replied excitedly “Yes Manager Kang”

Manager Kang sweatdropped and wondering ‘what’s wrong with my team now? Well, they must be too surprised because our guests today are none other than the trending couple after disclosing their relationship status even though Manager Rei is not an artist’.

“Manager Rei and M’dols Woo, these are my teams, and allow me to introduce them to all of you”

“Yes go ahead, Manager Kang”

Right away Manager Kang introduces his teams to the couple and then after that, he b.r.i.e.f.s the couple.

“So I’m already finish introducing my teams so now for the Live Interview, the host will both ask you a series of questions for both of you Manager Rei and M’dols Woo, and hope you will answer it truthfully, is that alright with the two of you?” Both nodded “thanks for that Manager Rei and M’dols Woo”

“By the way, I have a question Manager Kang”

“Yes, and what is it Manager Rei?”

“Are you going to give us the questions in advance or you’re going to ask it from us impromptu?”

“It’s an impromptu question Manager Rei”

“I see”

“The questions are come from M’dols Woo fans and from our teams but we assure you that we won’t go beyond that as what we agreed on contract”

“Thank you for that Manager Kang”

Manager Kang as the in-charge one still b.r.i.e.f.s a couple of what to do, of course not the questions since they will ask the two impromptus to make the show more exciting while his teams already on standby hence it’s a live interview after all. On the other hand without the couple’s knowledge, the show already started when Manager Kang briefing the couple as a service for behind-the-scenes clips.

At the same time, after Manager Kang briefing the couple, he just realized something and ask one of his teams.

“By the way, where’s Miss Hannah?”

“Eh, Miss Hannah is not yet here Manager Kang?”

“Don’t tell me she’s not yet here?”

“We didn’t notice her Manager Kang but we will call her right away”

“Yes call her right now because aside from our guests here she’s also important in the show because she’s the host after all”

“Yes Manager Kang”

“Manager Rei and M’dols Woo sorry but I didn’t realize that the host is not yet here”

“It’s alright Manager Kang and we still have 15 minutes left”

“You’re right Manager Rei but sorry for that in advance Manager Rei.” Then talking to his teams  
“everyone if ever Miss Hannah won’t appear today, you Miss Kang will be the stand-in host.”

“Y—you mean m—you?”

“Yes it’s you, Miss Kang”

“But Dad.....”

“We’re already at work Miss Kang”

“O—okay I will but I’m assured that Miss Hannah will appear, okay?”

“Just in case and you must get ready Miss Kang”

“Yes, Manager Kang” ‘What the heck? How can I become I stand-in right away without telling me in advance? Dad, are you sure that you’re my Dad?’ Then looking to their guests and replied her own queries ‘I guess it might not be bad since I’m going to interview my goddess but guess it’s still too sudden for me and I might be stuttering when I’m going to ask my goddess because it’s a live interview, after all, please Miss Hannah please appear because I’m not yet ready to be a stand-in for you today. Just only today Miss Hannah, please appear on time because I can’t do it since one of our guests is my goddess after all’.

Right away the one they’re talking about just arrive and apologizing to her team right away.

“Sorry everyone and Manager Kang, I’m almost late”

“Miss Hannah”

Chapter 478 - Vol 7: Ch 478 – The appearance of an Ex

Right away the one that they’re talking about just arrive and apologizing to her team right away since she almost late for the scheduled appointment time.

“Sorry everyone and sorry Manager Kang, I’m almost late”

Everyone her colleagues and coworkers calling her name in sync “Miss Hannah”

At the same time, Tae said it mumble that Rei enough to hear it.

“Hannah?”

Rei heard it, looking to Tae and ask at the same time.

“Dear, you know her?”

Tae nodded and whispering to his wife “yeah I know her Hon, in fact, she’s my ex-girlfriend and I don’t know that she’s a host for this show”

Rei already knows and aware of the three exes of Tae since Tae already informing her about that one “the one who left you because she said that you’re just a burden to her?”

“Tsk, my wife is a really smart woman because she remembers it even I only told it once but I’m such a lucky guy to have you because you really respect my past and didn’t bother to investigate me when in fact you can do it all in just a matter of short time”

“.....” Rei got speechless.

“Don’t worry Hon because I’m already over with her and of course you’re the only woman in my heart, my soul, and my body until my last breath.”

“Dear?”

“What?”

“You’re saying too cheesy and this is not you at all you know”

“T—that I’m sorry Hon and it just that.....”

“Silly and I know that you’re really over with her but you can’t help it because you still remember what she did at you, right?”

“Uh-uh”

“Are you going to be okay then?”

“I will because I have you beside me after all”

“That’s.....” someone interrupting her and that one is Manager Kang.

“Manager Rei, this is Miss Hannah, Yu Hannah, the host for the show”

“I see and nice meeting you Miss Hannah”

“M—Manager Rei? T—then....” looking around and just realized that her ex-boyfriend is also there

“T—Tae, I mean Mr. Jun?”

“Nice meeting you Miss Hannah and please take care with me along with my wife for today”

“.....” she got speechless after all Tae just greeted her normally.

“Yes that’s right Miss Hannah and please take care of both of them because they are our VIP Guests after all”

“Excuse me for a moment Manager Kang and Miss Kang please come with me for a moment” then run right away along with Miss Kang.

“.....” Everyone got speechless while Rei just looking at her husband because she can only guess why she suddenly running away.

At the corner space with no one's around, Miss Kang asking right away to Hannah.

“What's wrong with you Miss Hannah and why did you suddenly running away from our guests?”

“I can explain but not now and I want you to be my stand-in, please?”

“For what reason then and you're the main hosts, after all, right?”

“I can explain to you later but please?”

“Sorry for that Miss Hannah but I can't because I'm not yet ready to interview my goddess so I won't be your stand-in especially when you're already here”

“Tsk, why they didn't tell me that they are our guests?”

“For your information, only the management and Manager Kang know that one because we are also surprised just like you, Miss Hannah”

“Tsk, how can I interview Tae after what I did to him that day huh?”

“Eh, did you say something Miss Hannah?”

“No, I didn't, and let's go back to where everyone is”

“.....” ‘Did I hear it clearly? Miss Hannah just call Mr. Jun his name without honorifics?’

“Manager Kang sorry for my sudden behavior but I'm now ready”

“Alright that’s good then and you also need to apologize to our guests here.”

“Yes Manager Kang. Manager Rei and Mr. Jun sorry for my behavior, I’m really sorry and hope you will forgive me for what I did”. Hannah had another meaning for her apology.

Rei got it right away that she apologizes for what she did to Tae in the past and so she replied “it’s alright Miss Hannah and it’s already in the past, same with Tae here”

Everyone is now wondering including Manager Kang ‘eh, in the past, what are they talking about? Did something happen between them when in fact it just happened just now?’

“Thank you for that Manager Rei and Mr. Jun”

“I don’t know what you are talking about Miss Hannah but for now, go on standby because 5 minutes from now we’re going to officially commence and start the show.”

“Yes Manager Kang”

While on standby, Rei is looking at her husband again but she didn’t ask anything meanwhile Tae just whispers to his wife.

“I’m really alright Hon, I promise.”

“I know but I’m just worried about you especially to that one, from what I observe she’s quite too surprised of seeing you here and I guess she’s not yet over with you since I didn’t notice anything that she’s wearing a ring or rather she’s too guilty for what she did at you.”

“Silly of you Hon and even if she’s not yet over with me, I’m already over with her. Of course, I’m already a committed man after all but I tell you honestly Hon, she did break me up because I’m a burden of her but the girls I’ve been dated were not heartless enough to hurt you and going to steal me back from you, so just relax, okay?”

“.....” Rei got speechless because Tae talking to his exes like that and she just looking grumpily at her husband.

“Why are you looking at me like that, huh? Don’t tell me you’re jealous?”

“Who wouldn’t be when in fact you’re talking about other girls in that way and just in front of me, huh. I’m a human Dear and not a robot, okay?”

Tae just laughing and tap his wife’s head then said “I do really love seeing you jealous Hon because it’s so rare for me to witness it you know.”

“Geez, you’re really a silly one Dear, and don’t you know that I’m always jealous especially when you partnered with a female cast, huh?”

“Eh?”

“Oops, slip out of my tongue and please pretend you didn’t hear it, Tae, okay?”

Tae giving her a back hug and ask in a whisper “did I really hear it right, Hon?”

“Geez you did but it’s your job after all and of course I trust you but I can’t help it since I’m your wife, you know.”

“Thank you Hon but why are you not telling me that one, huh?”

“Because you will be like this and mind you, Hon, we’re outside so control yourself, okay?”

“Okay, I will” then hug his wife but got stopped because someone interrupting them who’s been eaten dog foods from them, of course, they didn’t hear what they’re talking about since the couple are talking that only enough for them to hear it but still you can tell it from their interactions.

“Manager Rei and M’dols Woo, please get ready”

#### Chapter 479 - Vol 7: Ch 479 – A Live Interview of a Married Celebrity Couple 1

Hannah as the main host of the show officially commences and opening the live interview by greeting the viewers first and live audiences, then some talks before calling the guests for today.

“Good Morning Everyone to our loyal viewers and of course to our live audiences, I’m here again to get an exclusive interview for our Married Celebrity Couple guests. Of course, it’s me again, you’re Miss Hannah and always at your service. For sure you are excited to know who among the married celebrity couple are guests for today but before officially calling them on stage, let’s get have a guess of who are they, are you now ready?”

The live audiences answered yes.

“Ha, ha, ha our live audiences are all lively today but none of them got it right and now let me see from our loyal viewers who might get it right” Then Hannah checking the online comments “Ha, ha, ha so our loyal viewers also didn’t guess it. Well, who can guess it when in fact; only one of our guests is a celebrity. So then by that hint, is everyone from our live audiences and loyal audiences can guess it now? I see so not from our live audiences got it right and as for our loyal viewers, oh, someone guesses it right. Mmmm... who would it be then? Alright, let’s not wait for more longer and call now our guests... (Drum rolls) welcome Manager Rei and M’dols Woo for the A Live Interview of a Married Celebrity Couple today.”

“M—-Manager Rei and M’dols Woo?” this is how they react after hearing the guest’s name from both live audiences and viewers.

“Yes, and they are our guests for today. Congratulations Ms. Mei from our loyal viewers to got it right, of course, you will claim your prize here for guessing it right..... eh, Ms. Mei won’t accept her prize because she knows our guests personally and we just going to chose one from our live audience to claim

the prize that intended for Ms. Mei. I see then thank you for that Ms. Mei but for now, I will ask our guests if they really know you personally but before that Manager Rei and M'dols Woo please take a seat first."

"Thank you Miss Hannah" answered only by Rei.

"Wow seeing Manager Rei personally, you can really be entranced with her beauty at all, right?" She is now asking the live audiences while they thumb up and at the same answering either yes or right.

"Ha, ha, our live audiences become livelier after knowing who our guests today. We feel the same with you guys because we're also not aware of our guests today especially today is White Day after all. Right, I heard that Manager Rei receives many invitations to become a guest of their shows since the moment M'dols Woo discloses that they're in a relationship and then become more the trending couple when they disclose that they already registered their marriage for one year. So who would expect that this show got selected by Manager Rei and all of us here, we are all grateful for that since Manager Rei chose our show, right?" Everyone from the audience nodded and she continued. "For now, before the segments of our interview, let's ask Manager Rei first and hear her personally why she select this show among all the invitations that she received, is that alright with you Manager Rei?"

"Yes, I'm alright with that Miss Hannah and to be honest is not me who select this one because it happens that the team members will have to choose for their group and individuals schedules according to what they want, so it means Tae is the one who chooses this show and wants to appear along with me because he really wants it. Of course, as one of the team managers, I did reject it but then as his wife, I can't ignore what he wants so I did agree after all."

"I see and in other words, whatever M'dols Woo wants, you will give it to him?"

"Yes, after all, I'm his wife and of course I can only do what I can do"

"Wow, you're lucky to have a wife just like Manager Rei, M'dols Woo, am I right?"

"Indeed and I'm so lucky to have Manager Rei as my wife."

“Right and now let’s ask the couple if they really know Ms. Mei personally from our loyal viewers just now and first let our guests show Ms. Mei comments just now guys” Then show her comments and also her suggestions about the prize. “So do you happen to know Ms. Mei personally?”

“Yes,” Tae and Rei answered at the same time after seeing her comments along with the profile pic Mei, which is one of Din’ Family Dogs.

“Eh, really and you really know Ms. Mei especially you M’dols Woo?”

“Yes, I know her personally because she’s my Sister in Law and my wife’s sister. I and Rei didn’t tell anyone both from our family members that we will be the guests today because we want to surprises them all but I guess Mei is really fast, huh and she really guesses it right”

“I see and, are you really sure that Manager Rei really didn’t tell them in advance especially to Ms. Mei?”

“Yes I’m sure with it because not just want to surprises them but it also part of the agreement from the Management to not let anyone know aside from both parties involved.”

“I see, so, then for now, about the prize for Ms. Mei, we will let the two of you chose from which one of our live audiences can claim the prize, are you alright with that?” Both nodded “so which one from them?”

“Can I suggest something?”

“Yes, and what is it Manager Rei?”

“To be fair can we choose it from drawings a paper roll?”

“Yes, you can Manager Rei, in fact, we already have their names for some prizes as part of the show segments, so then who will pick from both of you?”

“Both of us”

“Eh, but we only have one prize”

“It’s alright since the one I pick will get the prize that my Sister won and as for the one Tae got pick will get a prize from both of us”

“Eh, you mean you prepared something?”

“Yes after all it’s the white day today and it’s a thankful gift for supporting me and Tae as a married couple”

“Wow, who did expect that the two of you prepare something, so now is everyone here is now ready and excited to know what is it?” The live audiences answered and then Rei is the first one who draws first.

“Congratulations Sir Mai, you got a prize from us. Do you have any words to our guests here?”

“Uhm.....c—can I ask an autograph for Manager Rei?”

“You can but let just ask if M’dols Woo is alright with that”. Then Tae gives his approval and Rei signed the prize he got from the management. At the same time Tae draws next and the one he got is a little girl.

“Congratulations little girl and you personally have a prize from our guests. Eh, what’s wrong Manager Rei?”

“Our prize is only applied for a couple, so I guess we will let Tae draws again and as for you little girl, what do you want from the prize?”

“Eh, you will let me choose?”

“Yes we will let you decide, so what is it?”

“T--- then can I have a chocolate cake?”

“Okay, and can I ask your address, just whisper it to me because it will deliver it to you tonight.”

“Eh, really and are you sure?” Rei nodded and the little girl whispers it. Again Tae draws again and this time he picks a newly married couple and it’s perfect for them since it’s for a couple after all, which is a Sehu City Vacation package for a couple.

“Thank you, thank you and we have still not yet planned for our honeymoon because we are out of budget but this thank you Manager Rei and M’dols Woo.”

“...” Both Rei and Tae got speechless because they also didn’t expect that their giveaways will be a help to someone since they just want to thank for supporting them as a married couple. Of course, last February 14, both of them selected 20 persons from Tae’s Official Fans to have a fancy date with their lovers and it’s sponsored by them but they didn’t disclose it to anyone even the fans themselves.

## Chapter 480 - Vol 7: Ch 480 – A Live Interview of a Married Celebrity Couple 2

After that one live audience thanking the couple for the prize he got from the couple, the programs continued.

“For the 3 winners, congratulations once again and now let’s proceed to our first segment of the show which is questions for the lady guest and it’s only for Manager Rei, after all, she’s the only lady from our guests here”. The audience laughing while Hannah asking Rei “are you now ready Manager Rei?”

“Yes I am Miss Hannah”

“Right for the first question, would you break off a relationship for no reason?”

“Of course I won’t, it would be silly that you just break off a relationship for no reason. You’re committed to that person and so whatever it is you will both settle it then solve the problems without breaking your relationship with each other. And if you can’t settle it then you need to break off the relationship only if it’s a serious matter with a clear reason.” Rei just answered truthfully and didn’t answer it on purpose just to hurt Hannah and Hannah didn’t mind it after all Manager Rei already agreed that they will answer truthfully.

Q2: According to you, what is a romantic date like?

“For me, a romantic date is spending your days with the one you love even if it’s a very simple, very silly, and a very plain one it doesn’t me as long as you both love each other and that is the most romantic date for me.”

Q3: Are you fine with Mr. Jun hanging out with friends of the opposite s.e.x?

“As Tae’s wife, you can’t help but be worried especially if his hanging out with friends of the opposite s.e.x but I trust Tae that much so he is still free to hang out with his friends since I married Tae because I love him and not to control his life. Of course, from what I know, Tae only hangs out with his co-members even he is in the entertainment industry for many years.

Q4: What are your views on handling finances between couples?

“I don’t mind who will between me and Tae handling the finances as long as we can provide enough money to our family members and to our needs”.

Q5: Would you be able to support your partner in following their own dreams?

“Of course I will because his dreams are the first one he meets before me and that’s why I will always support Tae of whatever his dreams are.”

Q6: What were your first thoughts after seeing M’dols Woo personally?

“My first thought after seeing Tae personally is only this one, such a handsome man.”

Q7: In case you broke up, would you break off all connections with M’dols Woo?

“I never think that we will break up because I will do my best that Tae will never leave me but if in case, just in case because I don’t let it happen, I would not break off all of our connections because that’s the only thing you have that you still connected with each other.”

Q8: How much do you trust new people in your life?

“I can easily trust new people in my life especially when I can sense their sincerity”.

Q9: What is the one thing you would want to alter about M’dols Woo?

“Nothing at all since if you change it then he wouldn’t be the Tae I know anymore.”

Q10: Who was your first epitome of a perfect man?

“Tall, white, and handsome that’s my epitome of a perfect man.

All of those qualities Tae have it, so I’m really lucky to have Tae as my husband after all.”

“Alright everyone to our live audiences and loyal viewers we will have a short break and when we back its M’dols Woo turns but hearing Manager Rei answers, it’s really proven of how Manager Rei in love with M’dols Woo.”

And now they’re on a break, Hannah goes to her stylists for retouching her make-up and hair. As for the couple they just seated and chat.

“Are you feeling sleepy, Hon?”

“Not at all but I’m quite not comfortable with my dress”

“Yeah I can guess it Hon and here you can wear it” then put his coat on his wife.

“How about you Dear, are you not feeling cold?”

“Silly I’m still wearing trousers, not like you Hon”

“Right”

“Neh Hon?”

“Hmm?”

“I love you”

“Why so sudden?”

“Because of your answers Hon”

“You are really a silly one”

“He, he, he, yeah I guess so but I’m really lucky to have you, Hon”

“Control yourself, Dear”

“Silly and of course I know that one”

“Alright be ready”

“Welcome back, everyone, Miss Hannah still here and at your service. Alright let’s do a recap and this is what we heard from Manager Rei”. Then they show a short clip of Rei’s answers “and now this time we will ask M’dols Woo because it’s his turns now. Of course, he won’t receive the same question as what we asked from Manager Rei, so now M’dols Woo, are you now ready?”

“Yes I am”

Q1: What is the thing you could do that could turn your partner against you?

“Of course it would be cheating but I won’t do that in order for my wife not to turn against me because who would do that when I’m already having a perfect wife for me, I might be insane if I do that. Of course, I can’t tell what happens in the future but I will avoid that one because I don’t want to separate my wife at all.”

“Rei would never do that and broke my heart because she’s not like that but if ever she will I will forgive her because she has a reason for doing that but I will assure all of you here that Rei won’t go that far because she’s been raised with a complete family and respect more for having a good family relationship.”

Q3: Does your ego stop you from apologizing even when you are wrong?

“Of course your ego is your pride after all but if I’m wrong I will apologize first. Though it did happen to us, I let my ego stop from apologizing to Rei even I’m the one who’s wrong but that fight between us helps us become closer and that’s the day that I promise I won’t ever let Rei cry because it’s more hurts seeing her cry than losing my pride as a man.”

Q4: Do you have a healthy relationship with your exes?

“No, I don’t have because after we broke up all our connections got cut off and that’s the end. That’s why I would never break off with Rei because I don’t know what I’m going to do if I lose my wife.”

Q5: What is the one thing you would never change in yourself?

“My heart because I don’t want my love towards Rei will disappear and change because Rei is my life after all.”

Q6: How much time does it take for you to open up to people?

“I guess everyone here already knows and I’m also aware of it because it takes me a long time to open up but then when it’s Rei, I open it right away though it took me 2 years before I got my courage to talk with her”.

“When I’m thinking that Rei might reject me if I confess to her because I’m not her type at all.”

Q8: What are your views on your future life?

“Growing old with Rei and always at my side and then seeing our grandchildren playing on the ground or talking with us.”

Q9: Would you flirt with anyone attractive behind Manager’s Rei back and then share it with her?

“Why would I do that when in fact I already have an attractive wife and I wouldn’t do anything just to hurt my wife because I married her to loved and protect her not to hurt her.”

Q10: What is the craziest thing you have done for Manager Rei?

“Being a stalker of her for 2 years”
