

Chapter 48 - You're siblings are working sufficiently and they're amazing.

El, who directly left after his mother give order and now his already inside in CEO office of Meng Hotel main branch. He directly got in without having an appointment because he is the one who redesigning and replanning for all branches of the electrical wirings and others that involves electrical because the one who's assigned for this task got fired when CEO Meng got to know that they got failed when the government inspecting them and El got introduce by them. El didn't go straight to President Meng office because he feel something off to this person instead he see directly to CEO Meng who is the main founder of Meng. He seated and waiting for him because the Secretary is on the way to the conference room and told him to wait. The secretary already standing outside in the conference room and telling CEO Meng assistant who is guarding the room to avoid any disturbance.

"Excuse me Assistant Lin but can you inform CEO Meng that Engineer El is waiting inside of his office?"

"Okay" then realize something "w—wait what En—engineer El?"

"Yes and I have the same reaction of you Assistant Lin but please tell CEO Ming"

"O—okay"

The Secretary is just waiting outside while Assistant Lin get inside the conference room and interrupted them.

"Excuse for interrupting you CEO Meng, President Meng and Board of Directors" all of them looking at his direction but he shrugged it off and approached CEO Meng then whisper to him "CEO Meng, Engineer El is waiting you inside in your office"

The CEO who almost got mad of his assistant because he interrupt their meetings but when he heard him, he didn't heard quite well because the person he mention is not easy to meet but yet his waiting inside his office, really so he asked him again to be sure if he heard it right.

"Assistant Lin what did you say?"

This time he didn't whisper "Engineer EI is waiting inside of your office, CEO Meng"

Everyone who heard him are all dumbfounded and ask in unison "E—Engineer EI?" then someone interrupt them.

"Father, I mean CEO Meng I will meet him on your behalf"

"Shut up, even you're the President of one of our subsidiary branch, you're nothing compared to him President Meng. Okay everyone let's break a moment and will resume after my meeting with Engineer EI finished."

"Yes CEO Meng" they understood because the person they talk is rarely seen and never accept any appointments if it's not involve to his line.

"Let's go Assistant Lin"

"Yes CEO Meng"

They left while them are just waiting while ordering their own assistant for coffee and else what they want. When they get out, CEO notice his Secretary and inform her. "Next time if any of them want to meet me, call me directly and don't let any of them wait, understood?"

"Yes CEO Meng and my apology for not calling your phone" his Secretary know what them her CEO mention because those 5 are really low profile and very mysterious.

"Go back to work now"

“Yes CEO Meng”

“Assistant Lin where are you going?”

‘Didn’t you tell us CEO Meng to go back to work?’ but he didn’t want to ask and just standing there.

“What are you standing there Assistant Lin? Follow me and what’s the purpose that I have you as my assistant?”

“....”

He didn’t know if he will laugh or cry because it his first time to witness that CEO Meng to talk him like that. He followed him and now they’re inside in the office. El notice them, stand and greet them.

“Good Morning CEO Meng and sorry for suddenly coming here even today is Sunday”

“It’s alright Engineer El and you really know that I’m here today”

“Ha, ha right and I still remember you CEO Meng that you will be here in your main Branch every sunday”

“Glad to hear that from you Engineer El and please take a seat”

“Thanks CEO Meng, so for now I’m here not related with my line but it’s personal if you don’t mind.”

“Really? I thought you will always priority your line and now you’re here, well I won’t mind. So what is it Engineer El?”

“First I need to ask if you have a twin granddaughters CEO Meng?”

“That” he was hesitant first but the one asking is El and his the type of person who never touch the personal one but now his lurking around and for sure he might know something so he shared it and taught maybe he can have more information compared to him.

“Yeah I have Engineer El but I only have Meng Fang because her twin younger sister and her parents got died from the car accident 16 years ago. The twins father is my eldest son who never oppose me and just support me whatever my decisions but only one thing he oppose me that he will be part of the board of members first together his wife before he will become the next CEO but never expect that day will be their last”

“My apology CEO Meng for digging you’re sad memories but I guess there’s something you might not aware of”

“What do you mean Engineer El?”

“I will explain it to you CEO Meng but I will call someone first”

“Go ahead Engineer El”

El call the restaurant first and one of his nephew is the one answering the phone.

“Hello this is El & Lyn and Family Restaurant, the manager is out for a moment”

Based on the tone of the boy, El recognize who is it “Ken this is your uncle and can you ask Meng a photo of her family?”

“Ms Meng is still working uncle but if you’re asking about the photo then Aunt Rei already have it including the actual car a—, what did you call that uncle?”

“Accident Ken but for now thank you for that information and I will call Rei for that. Bye”

“Bye Uncle”

Both of them hung up then El called Rei who is still talking to other Meng.

“Yes Bro El what is it, I’m still talking to other Meng”

“Forward me the photos you have, Rei”

“Oh, alright” then Rei forward it “done Bro El”

“Thanks and how’s your results”

“I almost done but Ms Meng forgot the most important one, she taught that her actual mother is a s—t who seduced his father that I’m sure it’s her Uncle who she taught her father and she taught her actual father was an accomplice to her actual mother. There’s something more but I will inform you after I got it right”

“Oh, alright, thanks bye”

“Bye”

After El hung up, CEO Meng only heard Meng and then accident but he suddenly fl.u.s.tered and ask El for this

“What do you know Engineer El?”

“I will show you these pictures CEO Meng” El show the family picture, the car accident and the current photo of three who taught they died in the accident”

“W—why do you have these pictures and who are these three? Why the two of of them is look the same with my Son and his wife?”

“Please calm down CEO Meng”

Calming down his self and asked again “please explain it to us Engineer El”

“Of course CEO Meng, but please promise you will just listen it carefully and don’t panic, alright?”

“Go ahead Engineer El and I promise”

“So the three of them in this photo are the family you thought they died 16 years ago. I just know it now because my sister who I called just now feel something wrong. This lady is called Meng Fang, who is now working as one of the staff from us, my sister and her colleagues in work dine together so this two meet who actually have the same face and name then awhile ago she suddenly ask Meng Fang for this matter. Meng Fang, our staff told us about the accident, how her twin sister died from the car accident, her amnesia and that her parents got blackmailed and now proved guilty of embezzling the company funds who is now prisoned for two months”

“W—what do you mean?”

“What all I said is what I mean, CEO Meng”

“M—my son and his wife where are they?”

“My other sister must be already there so let me give her a call CEO Meng”

“Go ahead and please put it on loud speak”

“Geez Bro El, I’m still investigating it and what is it?”

“How your findings about Meng parents?”

“Tsk, how did you know that I’m lying?”

“Mei?”

“Geez Bro El but yeah I’m already done with my task and Meng is right that they got blackmailed, both her parents didn’t do it but the evidence towards them is really solid. It was perfectly well planned but no worries I notice something. I’m already outside and going to meet our I—”

“Just wait us there and we will bring our lawyers”

“Uhm, Bro El who are you with?”

“That’s CEO Meng”

“Oh, okay”

“Mei wait us, alright”

“Alright”

After the call CEO Meng instruct his assistant right away “call all our lawyers, no wait, just my lawyers only and instruct them to meet me at the jail right now, no delay. Tell my secretary that the meetings will be postpone and we will give them another schedule after we left and don’t let everyone knows and be aware of this”

“Yes CEO Meng and where the jail you mean?”

“That...”

“C City Jail”

The assistant did it right away, he call the 7 lawyers in just three minutes and instruct them what CEO Meng instruct. After the call, the assistant grab a briefcase then the three of them left and on the way to C City Jail. Assistant Lin is already opening the car and let CEO Meng hope inside but then Engineer El interrupt and tell them that it will be safe for them to ride in his car because the culprit of this is still lurking around, CEO Meng agreed and the two of them are now seating at the back while El driving. Assistant Lin called the secretary and instruct her, after hanging up, he suddenly feel awkward because he is now seating beside the CEO and because of his awkwardness he said to El.

“Uhm... Engineer El, I think I will be the one will drive instead of you”

“No worries Sir and you’re not my assistant besides CEO Meng will not bite you, Sir”

“ ... ”

“ ... ”

CEO Meng thinking about his son, daughter in law and granddaughter situation, he didn’t know why nobody and including himself realized something’s off and yet El and his sisters notice it in just having same name and same face. He wonder who is El sisters and then said it out loud.

“Your siblings are working sufficiently and they’re amazing Engineer El”

“...” El is speechless because what they did are just normal and just want to help Meng, the staff. And this three siblings never know that what they did is just normal for them but to others is more amazing whatever they think is.
