

Last Man 491

Chapter 491 - Vol 7: Ch 491 – Woo Jin and Tae’s first meeting

The three Jun family members entered Wong’s big house and then got escorted by the housemaid to the living room where Wong seating and waited for them.

“Master, Madame and Young Master, Mrs. Jun along her family members are already here”

“I see and you can go now”

“Yes, Madame” then leaves right away.

“Mrs. Jun I’ve been waiting for you, so where’s the boy?”

“Here, this is Tae my youngest”

“Wow, what a good-looking little boy. Woo Jin come here and this will be your friend”

“Yes Mom” then stand from his seats and introduce himself to Tae “hello, I’m Woo Jin, Wong Woo Jin, nice to meet you”

Tae looking at his Dad as if saying to his Dad ‘Dad, he is a good boy’ and smiling then replied to him “nice to meet you too, I’m Tae, Jun Tae Woo and you can call me Tae”

“Whoa, you also have a Woo in your name?” Tae nodded “wow and I will call you Tae Woo then. At the same time, you will call me Woo Jin, is that alright?”

“Uh-uh and that’s alright with me”

“Good and let’s play then”

“Ah not now because I’m still playing with my Sisters, so can we play tomorrow after I played with my sisters?”

“I see and are you going to come here tomorrow?”

“Eh, we’re not going to play in the playground?”

“Yes we don’t have since I have my own playground in here”

“I see and okay then I will visit you here tomorrow”

“Is that a promise then?”

“Mmm....promise and Tae will never break a promise”

“Ha, ha, ha idiot and why are you calling your own name, huh?”

“...”

“Alright, alright and that’s not a problem”

“I see and can I go first because I’m still playing with my sister?”

“Yes you can”

“Tae, just wait for Mom and Dad, okay?”

“Okay Mom”

Then both Mrs. Jun and Mrs. Wong are talking with each other leaving the two husbands in silent along with the two kids who just become a friend with each other since it is still awkward for them to be so close with each other since they just got to meet today. Not more than 15 minutes, Jun leaves Wong’s house.

On the next day, as Tae promise, he did visit the Wong’s Family House only after playing with his Sisters. Of course, Woo Jin is so excited because his first new friend really visits him and the two played for almost 2 hours since Tae leaves quarter to 4 pm since they have a curfew to return home from playing. They played happily as if it won’t come from your mind that their friendship will be going to end since Woo Jin been hiding his true colors at all.

They’ve been good friends for three years without knowing the true colors of Woo Jin until it will start to show off when they’re going to start studying as a primary student. Tae is in Woo Jin’s house and they’re playing video games until Woo Jin asks something to Tae something.

“Tae Woo”

“Mmm”

“You will be going to study and enrolled this coming school term, right?”

“Uh-uh I will”

“Are you perhaps studying at S Elite Academy?”

“S Elite Academy is not my choice”

“Eh, why and I heard that school is really a high standard you know?”

“Yeah that’s what I also heard from my sisters but then S Elite Academy is too far away from our place”

“They will have a dorm you know”

“Yeah I also heard that one but I will study where it’s just near distance to my house.”

“Geez, can’t believe you because you’re a smart boy Tae Woo, so passing the test of S Elite Academy is just a piece cake of you, you know.”

“Ha, ha, ha, I don’t know that one Woo Jin but then, are you perhaps studying in S Elite Academy?”

“T...that”

“Mmm”

“S Elite Academy is also not my choice and I’m going to study in S Gifted International School and Academe since my parents are one of the shareholders of that school”. First time Woo Jin lying since he didn’t pass the entrance examination of S Elite Academy since he only got 84% and not 85% and his parents can’t pull a string from S Elite Academy.

“S Gifted International School and Academe, is it also a high standard school?”

“Yes it is Tae Woo and more standard compared to S Elite Academy, speaking that school, it is just a 1 km distance from our house, so why not also study in there?”

“Mmmm... I will think of that then”

“Don’t think too much and if you have a problem with the tuition fees, I can help you with that you know”

Tae taps Woo Jin’s head and said “silly, I didn’t become a friend of you just to use your money, and most of all that money is not your money since it’s from your parents. Don’t worry about that one Woo Jin because if I don’t pass the scholarship my parents can still afford to pay my tuition fees.”

“Eh, so you’re going to study in the same school then?”

“Yes I will since you will be there also and you’re my best friend after all”

“Thank you Tae Woo and so speaking about the scholarship which one you’re going to apply, academic or sports?”

“I will apply both of them just to be sure”

“You’re quite greedy, are you?”

“He, he, he am I?”

“Yes, you are” then the two boys laughing.

Two weeks from then, Tae didn’t visit Wong’s house since he is busy studying for the preparations of the entrance exams for becoming a student of S Gifted International School and Academe.

The entrance examination day arrived and Tae answered it with all his seriousness, Tae family members didn’t react to what school he chooses since he is the youngest after all. His parents even telling him not to bother applying for a scholarship since they can support him but he still insists on taking a scholarship since all his sisters studied in public schools while he chooses a private school with the same high standard as S Elite Academy but the different thing is S Elite Academy never pulling any strings for students to get in.

On the same day, Tae got the result and he informs his family members first then congratulating them, afterward he goes to Wong's Family House and easily got in since the housemaids already know Tae as their Young Master's best friend. Woo Jin just climbed down from the stairs since he got information from his butler about Tae's arrival but then Tae called him excitedly.

"Woo Jin, Woo Jin"

"What's wrong Tae Woo? And do you have a piece of good news or bad news since you've been missing for two weeks? Well, it must be good news since you're so happy, right?"

"Mmm and indeed I'm happy Woo Jin because I can go to the same school with you starting this school terms"

"Is that so? Did you pass?"

"Mmm and here, I want you to see it"

"Alright, alright I will and just wait for a moment" then right away hurriedly coming downstairs and approach Tae before getting the paper from him. "Is this your result?"

"Mmm, and I didn't see it yet since I show it first to my family and then you. My family members are all happy seeing my results so I really got passed?"

"It's just a piece of cake for...." Got surprised after seeing his results "y—you got 92% for Academic Scholarship and 95% for Athletic Scholarship?"

"Eh, did I?" Then Tae got the paper from him "whoa I did really get it and it seems my studies for two weeks pays off"

"You must be kidding me and how did you get that marks? You must be cheating, yeah that's right" said it mumbling but enough for Tae to hear it yet he pretends he didn't hear it because it might be his imagination.

“Eh, did you say something Woo Jin?”

“No I didn’t and congratulations Tae Woo. Told you it’s just a piece of cake of you” ‘Tsk, what his reason for showing his results to me?’

“Thank you Woo Jin”

Chapter 492 - Vol 7: Ch 492 – Woo Jin true color’s start showing off

On that night, when Woo Jin’s parents arrived from their company, he suddenly demands to hire an instructor to teach him because he doesn’t want to be defeated by Tae. At the start of school, both Woo Jin and Tae become classmates but Woo Jin feels annoyed since he only got in Class A because of his parents pulling strings yet his best friend got the highest ranking among their class for entrance exam results. All of the students heard that Tae is a scholar student but still undecided which one since he got both the highest ranks from Academic and Sports Scholarsh.i.p.s. As usual, Tae is not a talkative type so he only talks to Woo Jin only though he already suspecting Woo Jin but he still trusts him since he didn’t hurt him at all. The schools they got in is a standard school just the same as S Elite Academy but the students won’t ever skip grades since that’s their School Rules and Regulations. Three years after that both are now in 3rd Grade and it’s an examination day, the first time that Woo Jin showing his true colors since Woo Jin approach Tae and requests the most unacceptable one.

“Tae Woo”

“What’s wrong Woo Jin?”

“I have a suggestion for you”

“And what’s this all about?”

“During the examination, you will write my name on your answer sheet and I will also write your name on my answer sheet, okay?”

“Who would do that Woo Jin even you’re my friend I will never do that because it’s against school rules”

“Tsk you’re really a serious one and I’m just kidding you know”

“That’s not a good joke you know”

“Yeah I know but you’re too serious you know”

“This is me after all”

“Yeah and pretend you didn’t hear me that one then,” said while smirking that Tae feels to notice it and realized that he annoyed Woo Jin without doing what he suggests after all it’s against school rules.

Of course, during the examination, Woo Jin had another plan since he knows that Tae won’t fool that easily and so he uses his backup plans by getting two answers sheets for him and for Tae. So on the next day, Tae got called by their teacher.

“Jun, can you come to my office after class?”

“Yes, Miss” in their schools they will call their teachers as Miss if it’s a single lady, Madame if it’s a married woman, Sir if it’s a single man, and Master if it’s a married man.

So right away after class Tae going his Teacher’s office but then got stop by Woo Jin and asking him worriedly.

“What’s wrong Tae Woo? Did you do something or maybe did you cheat?”

“I’m still going to the Teacher’s office to know what wrong, is that right?”

“Right but why did you suddenly got called then?”

“I don’t know that one but then why did you suddenly come up with an idea that I did something wrong or cheat when in fact I still don’t know what is it, do you know perhaps?”

“Why are you like that Tae Woo? You’re my best friend so it’s normal for me to be concerned with you.”

“Are you really my best friend then?” Tae asking softly that Woo Jin didn’t hear it.

“Did you say something, Tae Woo?”

Tae didn’t reply and just changing the topic “by the way I’m going to Teacher’s office now.”

“Okay and I will wait for you here so that we can go home together”

“You might wait for too long then”

“It’s alright because you’re my best friend after all”

“Okay and thank you for that but if I’m taking it too long then you can go home first”

“Yes, I will” ‘Who would want to go home without witnessing your reactions then, so I need to fight?’

Then Tae leaves right away, goes to his Teacher’s office, and knocks on the door.

Knock, knock and knock

“Come in Jun”

“Yes Miss”

“Are you aware why I called you here?”

“To be honest Miss, I’m not aware”

“I see and to tell you frankly Jun here” laying all his answers sheets of every subject then explains “you answered two answer sheets per subject, all of your teachers is all got surprised because you’ve never done it, we tried to determine which one of yours but we can’t tell because it has the same penmanship until we reviewed our CCTV. You’re aware that every examination room has CCTV’s right?”

“Yes I’m aware of it Miss”

“Guess so but then the one who’s trying to frame you up is not aware of it, do you want to see the CCTV’s then?”

“No need Miss and I already suspect who would do it but what I’m going to do for my examinations then?”

“We’ve been discussing it yesterday since the one who did it is your best friend Wong and we can’t do about him since his parents are one the major shareholders in schools though we can punish him for doing that since.....”

“Miss please don’t do it”

“Eh?”

“I already suspect it’s him but I want him to realize on his own will of what he did wrong, so can you not tell anyone about it, his reputation as Wong will be tainted for sure, so please?”

“Tsk, you’re such a good friend of him yet he didn’t do the same thing to you. So just come here early morning tomorrow around 6 am for retaking the exams and as for not repeating it again, the school head decides to put a number of every examination of all students’ answers sheets.”

“Yes Miss and thank you for that”

“You’re welcome and Jun, please be careful when you’re around with Wong, okay?”

“Yes Miss I will”

“I don’t want to interfere but the two of you are childhood friends, right?”

“Yes Miss”

“And so when did it change?”

“I don’t know when Miss but I already take notice of it that he starts to change and I just want him to admit on his own free will because he is my best friend.”

“I see and alright you can go home now, just don’t forget to be here tomorrow to retake all your exams, okay?”

“Yes Miss and thank you”

‘Tsk, he is still an 8 years old boy yet he already knows how to scheme and the other one is such a good kid, how did the two of them become friends then? Are they…….’ Tae’s school teacher wondering about them until someone interrupting her and so she stops her wondering.

Knock, knock and knock

“Yes, Madame?”

“I just saw Jun got out from your office; did he know that his best friend betrayed him?”

“He didn’t even watch the CCTV’s recordings and already suspecting him yet he doesn’t want to disclose it”

“Tsk then Jun going to retake the test?”

“Yes he will but we can already tell which one Jun answer sheets are since the other one have the same marks with Wong after all”

“Yeah but it’s our school rules to retake again if they’re some incidents of cheating and other things especially this one”

“Yeah and I don’t really understand the mind of the spoiled brat”

“Ha, ha, ha it must be hard for you since most of your students are influential ones.”

“Right, right and I would be happy if I have students just like Jun (sighing), let’s just change our advisory Madame”

“No thanks Miss since I’m satisfied with my students though they’re in the low ranks, I’m happy to be their adviser”

“Yet here I am, Class A and first ranks but I’m not happy at all yet I can’t live a student like Jun”

“Miss you’re really a good teacher”

“Am I?”

On the other hand, Tae notices that Woo Jin still waiting for him and he is quite surprised because of what he did but it didn’t show from his expressions.

“Thank you for waiting for me Woo Jin”

“No problem and so what’s the problem?”

“Someone try to frame me up since that someone writes my name on the answer sheets so now I have two answer sheets for every subject”

“Eh, really and that must be hard for you, so what did they tell you?”

“I’m going to retake the exams”

“I see but well you can do it because it just a piece of cake for you”

“Ha, ha, ha and you’re really overestimating me Woo Jin”

“I didn’t because I’m stating the truth”

“Can’t retort that one then”

The two laugh together as they hop in but then Woo Jin’s laugh is only a force for him because he didn’t happen to witness him getting punished.

Chapter 493 - Vol 7: Ch 493 – The first appearance of Tae’s first ex-girlfriend

On the next day, Tae arrives early at school and now retaking the test for all subjects just for 3 hours. At exactly 9 am, the class starts and before ending their class, their class adviser reminds them something.

“Alright class I have something to tell”

“Yes Miss”

“As you all aware, I guess you already know that every examinations room have CCTV’s right?”

“Yes Miss” all from Class A answered except Woo Jin

“Good and at least you’re aware of it, so cheating and anything else will get caught by CCTV so please remember that one”

“Yes Miss”

“That’s good then and as for your examination results it will be posted tomorrow morning, so you can see what ranks you are, so that’s all for now”

After making sure that their adviser is out of sight, Woo Jin approaches Tae right away “Tae Woo, Tae Woo”

“Yes, Woo Jin?”

“So yesterday you did know who tried to frame you up?”

“Miss telling me that they reviewed the CCTV’s recordings so....”

“So what happened then?”

Tae making excuses “they didn’t get to know who it is since all of us only got 1 answer sheet”

“I see”

“What’s wrong Woo Jin?”

“Nothing’s wrong Tae Woo and it just that you might catch who’s trying to frame you up but then it didn’t show anything from the CCTV’s recordings so you won’t know who is it, right?”

“Yeah and.....”

“Woo Jin” Some classmates calling Woo Jin

“Yes?”

“You’re really best friend with Jun, the nerd, huh”

“What’s wrong with that?”

“Nothing’s wrong but how can you have a proper conversation with that nerd when he rarely talks, right?”

“You’re not his friend so you don’t know anything about him and Tae Woo, don’t mind them”

“Mmm.... I won’t”

“Geez I don’t know what’s on your mind Woo Jin but if the nerd is here you will be always second in your rank then”

“I don’t really care about the ranks at all”

“Well it’s up to you” then their classmates leave the two of them.

“Don’t mind them Tae Woo and they are just jealous of you because you’re always the top, ah, right let’s go to the cafeteria now”

“I have my pack lunch Woo Jin so I will just eat here”

“Just come along with me, okay?”

“Mmm..... Okay”

So the two of them go to the cafeteria and Tae finds a seat for the two of them while Woo Jin ordering his food. After Woo Jin finishes ordering, he looks around where Tae seated then approaches and seat opposite him. Later on, someone approaches the two of them.

“Uhm.... Excuse me, can I seat here?” The two boys looking up, Tae ignored her while Woo Jin just nodded. “Thank you”

“You’re welcome”

“You two must be Jun and Wong, right?”

“Oh, you know about us?”

“Of course who wouldn’t when in fact the two of you are quite famous and popular in here since you’re the 1st and 2nd Top among all 3rd Graders, right?”

“We didn’t hear that one and you are?”

“Ah, sorry for my behavior but I’m Ina, Ina Roux a 5th Grader”

“I don’t mind that one, so you’re two years ahead of us?”

“Yes, and you must be Wong right?”

“Yes I am and I’m Woo Jin, Wong Woo Jin”

“Nice to meet you and this boy here must be Tae Woo, Jun Tae Woo, right?”

“You’re right Sis Roux but how did you know the two of us?”

“Told you that the two of you quite famous and popular in here, so .....” Got cut off because her friends calling her.

“Ina, what are you doing in there?”

“Ha, ha, nothing, and I just happen to see the two popular boys here so I tried to talk to them”

“Eh, really and are you sure with that Ina?”

“I’m not kidding and these are the two popular boys” replied and at the same time pointing the two boys with her.

“Whoa you’re really not kidding Ina and they’re both pretty boys huh. And what’s with these gathering of campus belle and popular boys so suddenly then?”

“Geez you’re exaggerating it”

“So you are a campus belle, Sis Roux?”

“Just Roux since I’m just 2 years ahead and by the way, Wong, Jun here is a mute one?”

“Ha, ha, ha not at all Tae Woo just like this and he rarely utter words if not his close friends and family”

“I see”

“Woo Jin I will go first, okay?”

“Eh, you’re already done eating?”

“Uh-uh and so I will go first” at the same time Tae leaves right away.

“Eh, is Jun perhaps allergies to the opposite s.e.x?”

“No, not at all Roux, and in fact, he has three older sisters”

“Eh, really Woo Jin but then why he suddenly acts likes that?”

“Tae Woo just like that”

“Have you been friends with him?”

“Yes we’ve been friends since we’re 2”

“So you and Jun are childhood friends then?”

“Yes we are”

“I see” then change the topic right away to avoid getting to find out that she did approach the two for other reasons “enough with Jun, so how about you, Woo Jin?”

“Eh, me for what reason then?”

“No reasons but I just want to know my junior especially the genius one just like you Woo Jin”

“Eh, t—that...”

“No need to be shy, we’re schoolmates after all”

So the two of them are talking and chatting while eating then bid their farewell when it’s almost the time for the afternoon class. On the next day, the schools release the examination results and Woo Jin got mad because he is in Second Place again after what he did. He can still talk with Tae calmly but when he arrives at home he is very mad and even throwing everything that he holds, the housemaids and butler just watch and didn’t do anything since it’s their young master after all and just clean up of what their Young Master messing up. Woo Jin try to scheme again but since then Woo Jin didn’t try getting two answer sheets since he just got to know that they have CCTV’s recording in the examinations rooms, so he just telling his teacher in secrets that Tae cheated but then it will be proven later that he didn’t since he got the highest marks after all. Every day and then, his schemes toward his best friend never got succeed until then on their 5th grade, he succeeds.

“Alright 2 months from now both Jun and Wong will be both the representative of our School for the Taekwondo Championship, so let’s cheer both of them, okay?”

“Yes Madame”

“Jun and Wong, you need to win after all you’re both representatives of our school and to our class, okay?”

“Yes Madame”

“Okay, that’s for all. See you tomorrow”

“Bye Madame”

“Eh, Tae Woo where are you going?”

“I’m going to attend my sister’s recognition”

“I see but how about the club?”

“I already excuse myself from the coach”

“I see then you need to be careful, okay?”

“Okay” then Tae hurriedly leaves without noticing that Woo Jin is smirking.

#### Chapter 494 - Vol 7: Ch 494 – Tae’s got confessed

Tae hurriedly leaves without noticing that Woo Jin is smirking because he will be late for his Sister recognition day. On the other hand, Woo Jin reports to their clubs and tells his coach something.

“Coach”

“Yes, and what’s wrong Woo Jin?”

“Tae Woo just told me about something but he is afraid to tell you the truth Coach”

“And what would it be?”

“Two months from now Tae Woo won’t be in the competition because his Sister is getting married on that day”

“Eh, but I didn’t hear anything from Jun so I will confirm him .....

“Coach, Tae Woo is my childhood friend so he tells me secretly that he can’t miss his Sister’s Wedding so next week he plans to withdraw from the competition”

“What the heck is that? How come he didn’t tell me anything? Are you and Jun both aware that you are our ace?”

“Tae Woo is aware of that Coach, so he will tell you next week before the competition commences”

“I can’t wait next week so I will talk to him tomorrow”

“Eh, but.....”

“Don’t worry that’s my job and I don’t want our school to lose just because of a selfish student who just thinking his family members and not the school’s reputation” at the same time Woo Jin smile and smirking.

On the next day, after class, right away Tae report to his clubs excitedly along with Woo Jin since he will be the School Representative with his childhood best friend without knowing anything and their coach suddenly calling him angrily.

“JUN”

“Yes, Coach?”

“What’s wrong with you?”

“Eh, what do you mean Coach?”

“Don’t pretend Jun because I already know everything”

“Huh?”

“You still pretend, huh. Alright since you’re pretending then I will tell you right away that I don’t want a selfish student just like you. If you already decided that you’re going to attend your sister’s wedding on that day that coincides with the competition then just said so in order for me your coach and your teammates not relied on you so much just because you’re the ace here”

“Eh, coach what do you mean? No one from my sisters getting married on that very day.....”

“Don’t deny Jun and I already heard everything, so just go to your sister’s wedding”

“Eh, you heard everything from who did you heard it from, Coach?”

“Wong, you can tell to Wong directly since you’re his childhood friend and yet you can’t tell me when in fact I’m your coach, is that how you lowly think of me as your coach, huh?”

“Coach listens to me and all of that is.....”

“I don’t need to hear your explanation JUN because starting today you are not a Sports Scholar student anymore well you still have your Academic Scholarship so that’s why you didn’t value the importance of your teammates and the clubs that much. Well, it’s up to you to withdraw from the club or not because I don’t want a selfish student joining the club.” Right away Tae running away after his coach won’t listen to him but then got stop by Woo Jin.

“Tae Woo, where are you going?”

“Leave me alone, okay?”

“But.....”

“No buts Woo Jin and I hate you” then run right away.

“.....” Woo Jin got speechless because he didn’t expect Tae’s reactions since he always calm and collected.

“Tsk, he is really a selfish brat and I don’t know why you still care with that selfish brat, Woo Jin”

“Coach, I.....”

“What?”

“N—nothing”

Back to Tae

‘What did I do to him? Why he lied? Taekwondo is my biggest passion and I’m so excited to compete with him but why he did that? Why?’ Tae keeps asking the same thing while crying until he heard his family members outside asking him worriedly.

“Tae, open the door. It’s Mom; please open it now, okay?”

“ ... ”

“Tae, please because Mom is worried about you, okay?”

“ ..... ”

“Please?”

Then Tae open the door right away and hug his Mom “Mom, Taekwondo, Taekwondo”

“What’s wrong about Taekwondo? You’ve been excited all along since you’ve been selected to be the school representative along with Woo Jin, so what’s wrong?”

“I.....I”

“Mmmmm and what is it, Tae?”

Then Tae lied and it’s his first time lying to his Mom because he doesn’t want his Mom to worry “I quit because I can’t balance my studies and clubs very well”

Tae’s Mom quite suspicious because she knows how he loves sports especially Taekwondo and how he always study for keeping the scholarsh.i.p.s but didn’t ask him anything because she knows that Tae must have a reason that he can’t tell “it’s alright Tae and if you already decided then we will support you, just tell everything to us when you are ready okay?”

“Uh-uh”

“Starting tomorrow you’re Sisters will pick you up after class, okay?”

“Uh-uh”

“Eh, Mom, what do you mean by that?” Yu Mei retort.

“Yu Mei you’re the elder Sister and you must protect your younger siblings, do you understand?”

“Yes Mom and sorry for that”

“It’s alright and how about the two of you?”

“No problem with me Mom and you Wen?”

“No problem with me because I’ve been waiting for this to pick up Tae-nyah from school”

Both Yu Mei and Wei An commented it loud “make sure that it’s for Tae and not for the boys in Tae’s school”

“Of course and what did the two of you think of me, huh?”

“Who knows and you’re the only one who knows that one”

“Alright the three of you enough with that and Tae, are you hungry?” Tae just nodded and the family eats together.

On the next day, Tae submits a withdrawal notice to his coach that causes the coach and his teammates to be caught off guard because all of them know that Tae’s big passion is to be a Taekwondo champion. Woo Jin going to stop him from doing so but Tae ignores him and never talks with him again. On the same day, Tae got pick up by his three Sisters that cause a mess in school since Tae’s sisters are all beautiful and pretty, after all, they start talking to Tae but Tae ignores them and always remains cold and chic towards them.

One month and a half passed, Tae already waiting inside the school premises but suddenly someone calling him.

“Jun”

Then Tae looking around and notice who is it “if you’re looking for Wong then he must be at the Taekwondo Club”

“No, I’m not looking for him because I want to tell you something”

“You have something to tell me, did I hear it right?”

“Yes you heard it right and I want you to be my boyfriend because I like you”

“Roux I know what you’re saying but I’m still turning 10 and you are 12, both of us are still young so being in a relationship is not the right time for me so sorry.”

“T— then I will wait for you when you are ready and let’s be friends first, okay?”

“I don’t need a friend”

“Eh, what do you mean?”

Tae didn’t reply since his Sisters already there to pick him up

“Tae-nyah”

“Why did you take it so long, huh?”

“Sorry, sorry since Wei An got confessed again, tsk, being a campus belle is so hard huh”

On the other hand, Tae just got confessed by their campus belle but got rejected by him plainly and it becomes the main topic of the school since Tae rejected their campus belle until Woo Jin got the news and become distracted when in fact he needs to focus because the competition getting near.

The competition day arrived and Tae already waiting for his Sisters that he happened to meet his former Coach since he forgot something in the sports club.

“Eh, Jun you are still here?”

“Eh, Coach?”

“Are you supposed to attend.....” He got cut off because someone calling Tae at the same time and it’s his Sisters.

“Tae-nyah, Tae-nyah listens to me”

“You’re too noisy Sis Wen”

“Right, right but here listen, Sis Yu Mei got a boyfriend”

“Eh?”

“Tsk, did I tell you to keep it a secret, you really have a big mouth Wen”

“Sorry, sorry and don’t worry it’s only Tae”

“Uhm excuse me everyone but, are the three of you aware that the Jun boy here is going to attend his Sister’s wedding today and he is still a kid, so don’t play with him. You are all pretty so you can choose another one with the same age as yours and not with Jun, is that okay?”

Tia Wen replied right away “Uhm sorry to interrupt but you must one of the teachers here right?”

“Yes I am and so you need to listen to me”

“No, because you got it wrong Teacher because the JUN BOY here is our younger brother and no one from the three of us is getting married. I’m still 13 and this one is still 16, of course, our elder sister is already 20 so no one from us getting married today, ah, wait how about you Sis Yu Mei, are you getting married today?”

“What the heck are you talking Wen and remember I just got a boyfriend today so how can I’m getting married right away?”

“Oh that’s right, sorry, and sorry” then the two are talking with each other.

Wei An saves the two “So Teacher sorry for that and thank you for taking care of my brother when he was still a member of your clubs”

“Eh, Jun and don’t tell me that...” Got interrupted by Wei An because she can sense already why Tae quits the clubs.

“It’s already in the past Teacher and my brother here already quits the clubs two months ago. Sorry but we’re going now. Tia Wen and Sis Yu Mei let’s go” then grab Tae right away because she doesn’t want to see it again that Tae arrived home who looks very disappointed, locked his room then crying. “Tae, is the one telling that lies is Woo Jin, right?”

“Eh?”

“Don’t lie to me because since that day you and Woo Jin didn’t go home together and you’ve never gone to his house again, so it must be him, right?”

“Uh-uh”

“I will step in if you can’t handle him and you can’t stop me by doing that, do you understand?”

“I understand”

“Sis An, what are you talking with Tae-nyah?”

“Nothing and you, you’re quite rude to that Teacher awhile ago you know”

“I can’t help it since he taught all of us is toying Tae when in fact Tae is our younger brother”

“Yeah, yeah but he is still older than us”

“Older than us yet imm.a.t.u.r.e, Tae-nyah, Tae-nyah tell me is he really a teacher?”

“Yes he is Sis Wen”

“Tsk, tsk then how did he become a teacher when he just believes a baseless rumor, right? Luckily my brother already quit the club or else I will be worried about my brother since he has an imm.a.t.u.r.e coach”

Chapter 495 - Vol 7: Ch 495 – Tae’s got a girlfriend

On the same day of the competition, Tae’s school got eliminated in the first round because Woo Jin got defeated since he was distracted by the rumors that the girl he likes confessed to Tae. On the other hand, the S Elite Academy still remains the defending school champion. The coach tried to get back Tae from his clubs but Tae rejected it since he already finds another passion and that’s to become an idol. The coach still trying his best but Tae always rejected him until Woo Jin heard it.

“Jun, can you come back to our club?”

“I can’t Coach because I already give it up since that day and I already pass the audition to become an idol”

“But you will take it long years before you achieve to become an idol”

“It’s alright Coach because I have met new friends in there who share the same dreams of me though my first dream is to become a Taekwondo Champion since I’m a kid but then it already changes since that day”

“I’m really sorry for not listening to you Jun but can you at least come back to our club?”

“My Sports Scholarship already revoked since that day coach so it would be useless for me to go back in the club and not only that, you did say that I’m a selfish brat maybe you’re right Coach, so sorry for that and just continue thinking that I’m a selfish brat”

“Please Jun and you just pass the audition, right?”

“Yes I did and....” Paused and get something from his pocket “here’s the proof that I passed and this is contact details of our assigned trainer, so sorry coach”

“Eh, what’s this Tae Woo?”

“Give it back Wong”

“Wow you didn’t call me Woo Jin anymore huh and why are you avoiding me. I didn’t do anything to you at all”

“You know that one Wong and give me that one”

“I won’t give it to you if you won’t talk to me”

“Then eat that one since I already memorized it”

“Is this how you become since our campus belle just confessed to you and many girls confess to you after that and are you that self-conceited, huh?”

“Think whatever you think and Coach, sorry but I won’t go back especially since Wong is also in the club” then leave right away but got stop again.

“Hey Tae Woo/ Jun” Tae ignores the two.

“Hey, Tae Woo are you not afraid that I’m going to ruin your reputation before you’ve become an idol or I will steal your spots then?”

“Do that one if you can do that. Also, I’m not afraid of you stealing my spot since after all, you don’t know how to sing anyway and you’re a deaf tone.”

Later and later, Tae always avoiding Woo Jin and same with Roux since she always approaching him or try to talk with him. But then 4 years later, Roux finally win Tae’s heart since Tae slowly interested in her because they share the same interest since Roux knows how to sing. The two been dating for two weeks already when Tae turns 15 and almost going to debut. Roux and Tae walking hand in hand on the school campus while chatting with each other until Roux said something to Tae.

“Tae, can you first listen to me, okay?”

“Uh-uh, and what is it?”

“Can you please stop talking about your teammates instead focus on me? We’ve been dating for two weeks already yet you always talking with your teammates”

“Eh, I thought you’re interested to listen then?”

“To be honest I’m not but I’m just following the flow because you’re not a talkative type. Right, Tae tell me honestly do you really love me right?”

“Why did you ask that one Roux and how did we become a couple if I don’t love you?”

“You never called me using my first name, I never heard you say that you love me or even saying you like me because I’m the always saying it to you, I’m the one who confessed to you again and again until I heard you saying that you will be my boyfriend. Indeed you did but I never feel that you love me or even like me, you did hold my hands but I don’t feel anything. Let’s be cool off for now”

“Hey wait Roux” Roux stop but then both of them heard someone honking the car and said to them.

“Oh, what just I witness now? Did I just witness a lover’s quarrel then?”

“You don’t need to interfere us Wong and it’s our own fight”

“Wow, wow Tae, you are too mighty and high since you got our campus belle but I’m not talking with you and I don’t care about you anymore because the one I’m worried about is my best friend Ina. Ina, are you alright?”

“I’m not Woo Jin and please get me out of here”

“Are you sure? Tae is your boyfriend after all”

“I’m sure and starting today we’re calling off at the moment”

“Well Tae is like that since he always got pick up by 3 pretty ladies, after all, so he has some reservations just in case you broke up”. Woo Jin and Tae been childhood friends but Tae never let his Sisters meet Woo Jin because of his attitude.

“What are you talking about? Is that the truth Woo Jin?”

“Yes it’s the truth and you can ask Tae? If he denies then just ask our schoolmates here because they also witness that Tae always got pick by 3 pretty ladies”.

“Tae, is that the truth?”

“Yes that’s the truth but they are not my reservations because they are my...”

“I won’t listen to you anymore you’re a liar, liar and if you really love me then prove it. Woo Jin let’s go”

“Hey Roux you are safer if you’re with me than with Wong”

“I know what I’m doing because Woo Jin became my first friend before you. I don’t even know why do I love you when in fact your always the one giving me cold shoulder compared to Woo Jin. I regret why I love you and not with Woo Jin. Tsk, what a fool am I? Woo Jin let’s go”

“Roux”

“Prove it Tae that you love me, prove it”

Chapter 496 - Vol 7: Ch 496 – Engagement Rumors of Roux and Woo Jin

Woo Jin just looking to his former childhood friend and to the woman he loves. He still didn't accept that the two datings each other when in fact he is the first one who loves this woman and not the one who's a cold former friend of him. He starts the engine and still heard Tae calling Roux.

“Roux get down in there and let's talk about this one”

“I won't and I already told you to prove it Tae that you love me”

“Roux”

“Are you sure Ina?”

“Yes Woo Jin”

“You've been in love with him since you're 12, so are you really sure?”

“I'm sure and don't ask me again”

“Okay I won’t and by the way how can he prove that he loves you then?”

“I don’t know but it’s only up to him and I know he will”

“By the way, I have a plan for us to know if he really loves you or not, are you with me?”

“And what would it be?”

“Let’s become an Engage Couple”

“That’s a good idea Woo Jin and let do a fake one then”

“Not a fake one Ina since we’re going to be an engaged couple for real. Let’s just say that Roux and Wong decide for the two of us to be engaged”

“But Woo Jin.....”

“Don’t you think that Tae will believe right away if it’s a fake one then? Ina, he’s the top student so if we don’t do it for real then that man won’t be fooled.”

“Yeah, you have a point there but are we going to disclose it?”

“Of course to make it real”

“And what if Tae won’t show any reactions?”

“It means he doesn’t love you. Don’t worry because if he has shown any reactions then I will retract the engagement right away and if he won’t I will take responsibility, so are you with me?”

“Okay I will and I promise to try myself to love you just in case Tae won’t show any reactions but I trust Tae, so let’s do it. Just tell me what I’m going to do to make it more effective”

“Okay and just follow my instructions then”

On the next day, since Roux and Wong are both influential ones, they make an announcement right away of their engagement. Though it’s only a plan to test Tae if he really loves Ina or not, Woo Jin gives everything he got so in order for him to get the woman he loves. Both Roux and Wong also excited about the engagement because they will be a business partner if Ina and Woo Jin got married. One week after the announcement, Tae didn’t hear anything since his busy preparing for debuting as an idol and just got back to the school campus after one week and his classmates are informing about the engagement.

“Jun, Jun listen to this”

“What’s wrong?”

“Ina Roux is your girlfriend, right?”

“Yeah, she’s my girlfriend and so what’s wrong with her?”

“Ina Roux and Wong Woo Jin got engaged last week”

“E—engaged?”

“Yes they are and see this one” a news article of their engagement

“Don’t believe it and it must be a fake one”

“Eh, but we also witnessed the two of them are walking hand in hand and they are too sweet on campus”

“They must be acting and I trust my girlfriend than to these baseless rumors”

“You’re right Jun since Ina Roux been total overheads to you after all”

“.....” Tae didn’t reply and just message Roux.

[Roux, where are you?]

[At the Taekwondo Club, Woo Jin ask my help since their Club Manager is not here]

[I see and I will be going there, so wait for me there]

[Ocfw]

“Woo Jin, Woo Jin”

“What?”

“It’s effective and Tae going to get me here”

“Eh?”

“He must be fl.u.s.tered after hearing the engagement”

“I see and I guess I’m going to do my last move then”

“Huh, and what do you mean by that Woo Jin, what...?” Cutting off herself because Woo Jin suddenly pinning her on the wall. “Hey Woo Jin, what are you planning to do?”

“Tae is coming here so I will do this as my last move to see if he really loves you, Ina”

“I see but don’t kiss me for real”

“O...”

“Woo Jin, what are you planning to do with Roux?”

“I and Ina been engaged last week, you didn’t hear that one?”

“It’s only a fake one and I know you best Wong”

“Oh, really but it’s not a fake one because.....” stop and kissing Ina for real. Both Ina and Tae got surprised and in a daze while Woo Jin kissing her for real.

“Hey stop that and that’s a bad joke Woo Jin”

“Wow Tae and that’s my first time hearing you calling my name again but well it’s not a joke because we are really an engaged couple now”

“Is that true Roux?”

Out all of a sudden even Roux got surprised by the kiss, she wants to test Tae if he really loves her when in fact they are still a new couple after all. “Yes, that’s true Tae and it’s decided by both of our parents”.

“But you don’t love Wong because you love me, right?”

“Yes that’s right Tae, I don’t love Woo Jin because the one I love is you but I can’t disobey my parents”

“I see and just come with me so that we can talk about it, okay?”

“There’s no need for talk Tae because I’m already engaged with Woo Jin and most of all is not hard to love Woo Jin since he is more human compared to you”

Tae is quite shocked and surprised by her but then he still needs to ask her “Roux you love me, right?”

“Yes I do but I and Woo Jin already engaged so I guess it’s over for us”

“You don’t love Wong, Roux”

“Yeah for now but someday I will learn to love Woo Jin”

“But....”

“Tae you don’t believe me that I will learn to love Woo Jin?”

“Yes because the one you love is ....” Tae got cut-off because Roux suddenly kissing Woo Jin in front of him. “Y— you, w— why did you kiss him in front of me, in front of your very own boyfriend, Roux?”

“Because you didn’t believe me and I guess we already broke up since the day I and Woo Jin got engaged.”

“.....” Tae got speechless and don’t know what his going to do after all he learns to love Roux that’s why he dated her but then he just witnesses that Roux kissing Woo Jin in front of him, of course, Tae and Roux already kiss since they’re already a couple but they didn’t kiss of what Woo Jin and Roux did just now.

On the other hand, Woo Jin suddenly hurt seeing his best friend like this but he still added a new wound to Tae. “Tae, I can revoke our engagement but in one condition, are you alright with that?”

“W— what is it then?”

“Let me introduce you to those 3 pretty ladies who always pick you up and I guess none of them is bad to be my girlfriend, of course, one of them might become my wife so Ina will be.....” didn’t able to finish it since Tae suddenly grabs his shirt and witnessing how angry he is for the first time.

Chapter 497 - Vol 7: Ch 497 – Tae severing his ties with Woo Jin

“W— what is it then?”

“Let me introduce you to those 3 pretty ladies who always pick you up and I guess none of them is bad to be my girlfriend, of course, one of them might become my wife so Ina will be.....” didn’t able to finish it since Tae suddenly grabs his shirt and witnessing how angry he is for the first time.

“I would never let my sisters meet you Wong and you are a sc.u.m bug”

“T— those are your Sisters and why you didn’t tell me about them, did you really treat me as your childhood friend?”

“Yeah I treated you as my childhood best friend, but what about you Wong? You never did treat me as your childhood friend Wong because you tried to frame me up of cheating not once but many times you only stop when Miss tell the class about the CCTV’s, did you really think that I don’t know that one? I know it all along but I didn’t say a single word and I even begging our teachers not to leak that one because your reputations will be tainted if I will. You are not even satisfied with that because you’re lying to our coach that my sister will be getting married on the same day of the competition and now you’re stealing my girlfriend? Are you really that heartless enough to hurt me? I’m your childhood best friend for many years yet you still give me one condition to return Roux to me in exchange for my sisters? No, I won’t do that because I can’t allow one of my sisters to be in your hands and if you really love Roux then don’t hurt her. You can also forget that I’ve become your childhood best friend because starting today I will sever my ties with you and I will forget everything that you’ve become my childhood best friend.” Then he let go of his grasps from Woo Jin and facing Roux. “Roux if you’re really happy to be with Wong then I will give you my blessings. I do love you but I guess you really didn’t see it huh. If I don’t love you then why did I risk my career to date you knowing that I’m going to debut sooner and why did I date you knowing that being in a relationship prior to our debut is not allowed for me to do yet I’ve been brave enough walking with you, hand in hand in the school campus and then I’m going to introduce you to my sisters but I guess it won’t happen since you are doubtful enough if I did love you. When you love a person you need to trust that person Roux, that’s all”. Then Tae leaves right away.

“Wait for a moment Tae” Roux tries to stop him but it’s too late for her since Tae walks fast, so she tried to follow him and tries to call him but didn’t do it since Tae is talking with 3 ladies and heard what they are talking about.

“Tae-nyah”

“Oh Sis Wen, your already here”

“Why do you have such a gloomy expression, Tae-nyah?”

“Nothing”

“Are you sure?”

“No, I’m not and I just got dumped by the woman I love”

“Eh?” All his sisters got surprised and shocked.

“That’s the truth Sis Yu Mei, Sis An, and Sis Wen. By the way, let’s go now.”

“.....”

Yu Mei consoled her brother right away “it’s alright Tae because you are still young, you’re still 15 after all and maybe that girl is not the right one for you. Someday you will meet the one you really, really love and who also really loves you, Tae, so don’t be sad, okay?”

“Yeah and I hope it will be Sis”

“It well because my brother is a nice and kind boy after all”

“That’s not related Sis Wen”

“Huh?”

“Tae, Tae?”

“Mmm?”

“Is this Woo Jin doing again?”

Hearing that one from his Sister, Tae denied right away and still covering Woo Jin even he already cut his ties with him “no it’s not Woo Jin, Sis”

“I see” Wei An just agreed and didn’t further ask her brother since she knows Tae very well.

They leave right away and the three sisters comfort their broken-hearted younger brother even they didn’t know the whole truth. On the other hand, Roux was regretting why she tests Tae if he really loves her or not when in fact they are still newly a couple. She really regretted it because she just realized it now since Tae did tell her that dating is not allowed for an idol to do so but then Tae still dated her and telling it again before Tae decided to end their relationship. They don’t have a proper break-up but Roux did it indirectly by kissing Woo Jin in front of Tae.

Roux tried to talk about it with Tae again but Tae is not coming to school anymore since he almost debuting as an idol and he didn’t even answer her calls meanwhile Woo Jin tried to retract the said engagement but both Wong’s and Roux parents didn’t agree because they already disclose it to the public and if they revoke the engagement, their business partners will back up so the two really got engaged for real and got married when Woo Jin turns 16. Roux and Woo Jin been married but they never share a room because there’s no love between them, especially Roux hated and blaming Woo Jin for destroying her love life. On the other hand, Woo Jin didn’t blame Roux for it because it’s his fault after all. He wants to apologize to Tae for what he did but there’s no way for him to do so because he can’t reach Tae at all until many years later, he suddenly saw a glimpse of Tae when he notices that Tae pick up someone from the school campus secretly since he studies for his master’s degree for Business.

“That’s Tae right?” Asking himself and follow Tae secretly then witness all of it. “Eh, Miss Yu is Tae’s new girlfriend? Wait Miss Yu is my classmate of Public Relations Subject so I guess I need to talk with her so that I can talk to Tae”.

On the next day, Woo Jin approaches Hannah and tells her that Tae Woo is his childhood best friend. They’ve become friends with each other and quite heard a lot about Tae’s updates from her, little did they know that someone witnesses it and plotting something to them since no one knows that Woo Jin is from the Wong Family and already married because it’s a secret as what Ina instruct him. They only got married to their close family guests and the public only know that they are still engaged couples. Later on, Woo Jin graduated and attained his master’s degree, so someone planning for Public Relations students to gathered and have a reunion, of course, that someone invites both Hannah and Woo Jin because that someone planned will not going to succeed if the main cast is not around. So on that day, that someone let the two drunk on purpose and that someone didn’t use any drugs just alcohol because Woo Jin last name is Wong after all, that someone might not aware that Woo Jin really came from the Wong’s but that someone still suspicious of it so any drugs won’t help and he might be got caught if his careless.

Of course, Woo Jin didn’t feel suspicious and really got drunk for real, same with Hannah so on the next day both of them was too surprised and shocked when they found out that the two are sleeping together and did something that they can’t retract it anymore.

“I’m sorry Hannah and it’s not on purpose I promise”

“....”

“I’m really sorry and I will help you explaining it to Tae, okay?”

“No it’s alright Woo Jin and you don’t need to worry about that, I can handle it”

“I see and go now”

“But...”

“It’s alright and I will be making sure that no one will know this matter”

“O—okay” then Hannah hurriedly grab her clothes, changing in the bathroom, and leave right away meanwhile for Woo Jin is also changing his clothes, destroy the pieces of evidence that something happens in the room and return it back to normal as if no one staying in the room then leaves right away. And at the same time that someone with a number of reporters arrived at the room but no one’s in there that caught him off guard.

“Mr. Geo, are you sure that the heir of Wong’s Corp is here and cheating on his fiancée?”

“Ha, ha, ha I might be imagining it and got a wrong person after all no one’s know the identity of the CEO of Wong’s Corp” Find authorized novels in , faster updates, better experience, Please click [#%E2%80%93tae-severing-his-ties-with-woo-jin\\_52262936516809017”>#%E2%80%93tae-severing-his-ties-with-woo-jin\\_52262936516809017</a> for visiting.](#)

“Tsk, what a waste” Then all the reporters got disappointed since they didn’t get a big scoop and leave right away.

After making sure that the reporters out of sight, he throws his phone and angrily blurted it out.

“I did drop the two in here but why they’re not here? Idiot, an idiot, and why I only let the two got drunk?” Then looking around the room but he didn’t find anything after all the room return to normal and he gives instructions to his hidden bodyguard. “Make sure that no one knows that I’m the one who did it and investigate it thoroughly if that Woo Jin is really the CEO of Wong’s Corp.”

“Yes Young Master”

“Throw that useless phone and buy me a new phone”

“Yes Young Master”

Chapter 498 - Vol 7: Ch 498 – The facts and truth still uncovered

Woo Jin arrived at his home and found his wife already done preparing their food.

“You’re here and why you didn’t come home last night?”

“I meet some trouble last night Ina”

“I see”

“Where are Woonah and Wooji?” Asks and looking for their 3 years old daughter and 1-year-old son.

“They are still sleeping and Woo Jin?”

“Yes?”

“Did you hide something from me?”

“Why did you ask that one?”

“Nothing and remind you that you must not drink any alcoholic drinks because that’s your weakness. I don’t love you but I’ve been married to you for almost 4 years so you must be cautious enough because you can’t handle that one after all that what’s happened why I got Wooji”

“I know and that won’t happen again” and this time he can’t open to her about what really happened because he doesn’t want his wife to hate him enough when she’s already hated him for what he did and he just wants his wife to love him back after all he’s been in love with her since when he’s 10, the day when he first got to talk with her. He didn’t have any lovers or keeping any mistresses because he wants his wife to love him but now he did sleep with someone and most of all it’s his best friend’s girlfriend. He wants to tell it but no one can understand him and most of all he will say the opposite to what he really thinks. He investigates it personally but he doesn’t have any leads and already guessing that maybe no one is scheming against him and just thinking that it’s just his fault since he did drink knowing that it’s his own weakness. Later on, he wants to talk with Hannah but just found out that they already broke up and so he avoided her for everyone not to realize that something happened between them. Of course, he always kept updated on Tae’s activities without letting everyone know especially his wife who still hated and blamed him for everything, well, it’s really his fault. He wants to let go of her but then he can’t do it because he really loves her and only his family members that he has now even known that he had a wife

who never loves him and has 2 children but there's no love of it when Ina got pregnant after all Ina got pregnant with Woona because the two got drugged by their own parents and then Ina got pregnant with Wooji because Woo Jin got drunk when he returned home and accidentally sleeping with Ina then did it to her for the second time. So not letting anyone know of what he really feels, he always keeps it hidden forever until he lost his breath but without knowing it would be revealed someday.

===== End of Flashbacks =====

Rei listening to it very well but she can't sense that Woo Jin is a jerk or a sc.u.m bug so she asks her husband to be sure.

"Tae, that Woo Jin didn't hurt you? I mean did he punch you or more worst trying to kill you?"

Tae got surprised and suddenly realized that he never did then replied to his wife "he never did Hon because Woo Jin only try to frame me up by cheating and I never ask him why he did it. He also told lies to our coach so that I can't be in the competition and I never heard anything from him about why he did it. He got married to Roux but he really didn't steal her from me personally after all they are really engaged for real. Woo Jin is the only son of Wong's Corp. and the Wong's Family are really rich in fact they can be on par with Bro En, so if he really hated me then he can hurt as long as what he wants after all he can do it especially I'm in the Entertainment Industry that I can be easily destroyed knowing his connections but he didn't do anything."

"So do I need to investigate about him?"

"Not yet Hon and let's meet Woo Jin personally but before that let's eat first because I'm hungry now"

Suddenly laughing because Tae is really serious but then his stomach suddenly grumbles "alright, alright let's eat first and there's a mall in there" pointing some buildings and right away Tae drive their ways to there. They arrived and the couple hops outside from the car then Tae suddenly realized and laugh.

"What's wrong Tae?"

"Wong Corp is the owner of this mall you know"

“Eh?”

“It’s WC Mall Hon and it means Wong Corp, I’m already aware of it when I’m 10 since Woo Jin said so but what’s with this coincidence to suddenly coming here after telling you about him, huh?”

“Right, so it possible that he’s here, after all, it’s a weekend, right?”

“Yeah, that possible that he might be here but I guess he’s not here since he’s the only son and so he is now the CEO of Wong Corp. but enough with that, and let’s find a restaurant because I’m really, really hungry now.”

“Okay” Rei agreed while smiling because of Tae’s actions.

Of course, Rei already hungry since it’s already past 12 and so the two found a restaurant nearby. They get in, order, and eat then leave right away. While walking, Tae sees something and suddenly stops.

“What’s wrong Tae?” Then Rei looking to where Tae’s looking and got it right away “you want a locket?”

“Uh-uh but it’s weird, right?”

“It’s not weird in fact there’s a locket for men and so if you want it, then I can buy it for you since it’s a white day after all”

“Eh, really Hon, and are you sure?”

“Of course since you’ve never ask anything from me”

Tae tap her head and said “silly and what are you talking about? I never ask anything from you because you already give me too much since you love me back, you become my wife, and most of all we have our kids, in other words, no things can replace you, Hon”

“I see but I will buy you a locket and I will use my own money, okay?”

“Okay”

“Hon, look, and how about this one?” Tae pointing something from the lockets and ask his wife’s opinion.

“Eh, it’s a heart design Dear”

“Not good for me then?”

“Yes since you’re a man Tae and it would be weird if you’re wearing a heart design you know”

“But you’re my love”

“I know but a locket with a heart design is mostly owned by females so just choose either circle or square. Well you can choose a circle design just like mine”

“Okay and circle then”

Chapter 499 - Vol 7: Ch 499 – Unexpected meeting with Woo Jin and Roux

Tae still looking for a design that has the same design as his wife lockets until he got called by Rei since she just finds a similar design.

“This one Tae”

“Eh?” Right away Tae looking where Rei pointing “that so similar from your locket Hon”

“Yeah I guess” then Rei talk to the saleslady “Miss, can we look for this?”

“Yes Ma’am” then retrieve the locket right away from the display and give to Rei “here Ma’am”

“Thank you” then looking at the locket and checking thoroughly “it’s really similar Dear, same color and almost the same design”

“Yeah that’s right and how much Hon?”

“Mmm let me see” then Rei looking at the tag price and have a surprised expression that Tae sees it all, so Tae asks his wife in Ceno.

“Is that really expensive Hon?”

“To be honest yeah since it 24,000 Sen”

“And if you convert it to C Country Currency then it would be worth 67,200 Cen. If that’s really expensive Hon then you don’t need to buy it since your first priority is our basic needs.”

“You’re really silly Tae and I already say that I will buy it for you. You even buy me one without complaining about the price so how can I do that to you, mmm?”

“But.....”

“No buts okay” then whisper to Tae right away “I’ve had enough savings and my salary is high so I won’t go bankrupt.”

“.....” Tae got speechless but he is not surprised at all, after all, his wife has always shared her blessings by donating them to a charity or either giving them to her family members but then her family members also earn much so they just save it. Tae just following his wife since she already paying the locket and he just realized something.

“Neh, Hon?”

“Can I look at your locket?”

“Huh? A—and for what ....” Rei didn’t finish since Tae just looking at the locket right away and when he noticed what inside the locking, his wife suddenly blushing hard and then just realized what Rei put inside the locket. On the left side, Rei put a picture of them kissing in the car before Tae confessing to her and on the other side the picture of their twins. Tae got surprised and in a daze, because Rei put a picture that they are still not official yet and Tae himself still didn’t confess to her “see, geez why are you suddenly looking at it, huh?”

“Hon, we are not yet a couple in this photo, so why?”

Rei sighing then whisper to him “Of course I know but I chose this one because that’s our first kiss after all”

“....” Tae got speechless while blushing.

“Miss, I will pay this locket”

“Y———yes Ma’am”

“Tae I’m done and so let’s go”

“Oh, I see”

“He, he, he, and why are you still blushing hard my dear?”

“You really did ask me that one, huh”

“Of course since you really blush”

“You and Mei are really a sister since you both like teasing your very own husband”

“Right and I didn’t expect that I would be a teaser, ha, ha, ha”

“.....”

“So then where are we going next?”

“Let’s go.....” He wasn’t able to finish what he is going to say since someone interrupting them.

“Well, well who just I meet now?”

“Woo Jin”

“After many years since then, I’m glad that you still didn’t forget about me Tae, and who’s this lady is?” Unconsciously Tae holds Rei and hides her behind his back. “Well, well are you afraid that I’m going to steal her away from you?”

“Woo Jin” Tae calls his name again and at the same time someone calling Woo Jin and it’s Ina.

“Oh, speaking about stealing, this is your former ex-girlfriend and I succeed in stealing her from you Tae, and she becomes my wife”

“That’s already in the past Woo Jin,” said Tae.

“What do you suddenly become like this Woo Jin?”

“Well I did state the fact, in fact, Ina you’re still in love with Tae, right?”

“It’s already in the past and you’re already my husband Woo Jin”

“Yeah, yeah I’m your husband for 15 years but the one you’ve been in love with is this man, my childhood best friend, oh, wait he is not already my childhood best friend after all Tae already cutting his ties with me since the day I stole you from him. I guess 15 years is already enough for me to tie you, Ina, from me after all you’ve never love me back so you are now free to go. I know it’s hurt to let you go because I’ve been in love with you after all but then I will let you go and if you want you can have the full custody of our kids.”

“...” Ina got speechless because it’s her first time witnessing Woo Jin become like this after all he was too calm and never loses his composure.

“Tae Woo”

“Yes, Woo Jin?”

“This lady here is your wife, right?”

“Yes she’s my wife”

“I see and did she love you back?”

“Of course and why would both of us get married if there’s no love?”

“Right but for me, I got married without love even though we got kids, still there’s no love between us.”  
Then suddenly laughing and said “I guess this is my retribution for what I did to you huh”

Ina notices something wrong with Woo Jin and asks him right away “hey, what’s wrong with you Woo Jin?”

“Eh, me nothing’s wrong with me and you are now free Ina” then Woo Jin leave right away.

“Woo Jin” Ina doesn’t know why but she needs to stop her husband before she will regret it later and at the same time without waiting for Tae, Rei suddenly said and give an order to her hidden bodyguards.

“Stop him”

“Eh, what’s wrong Miss?”

“Something wrong to your husband Mrs. Wong so sorry for this but I need to stop him and Tae?”

“It’s alright Hon and you just need to do what you want to do”

“Hey let go of me and why are stopping me? Are you perhaps interested in me and not with Tae anymore?”

Rei ignore him and talk to her hidden bodyguards “thank you”

On the other hand, Ina notice something and quite familiar with it so she then muttering about it “eh, that emblem”

Tae heard something but didn’t hear it clearly “did you say something Roux?”

“No nothing”

“Hey, can you let me go now? If you’re interested in me then I won’t refuse you after all you’re a beauty but what about your husband then? Well, your husband is my former childhood best friend so I won’t care that he will hate me again after all he already hated me enough.”

Again Rei ignore him and saying to some passerby after all they witness it “everyone can you keep it a secret of what happens just now?”

“Yes Manager Rei”

“Thank you and so can you delete all of what you just recorded?”

“Eh?”

“All of you here been holding your phone since this man approaches us and so it’s not really surprising that you record it knowing it’s about Tae but please delete it, okay?”

“O—okay” everyone suddenly got enchanted by Rei and so without knowing they just delete it without hesitation.

Chapter 500 - Vol 7: Ch 500 – Ina become suspicious

The passersby who witness it just deleted the video they recorded without knowing why but well it’s because Rei has a begging expression, she just did it so that they won’t have another rumor about Tae, especially Woo Jin, who said something that can lead to a misunderstanding though it’s a fact that Ina got stolen from Tae, still, they need to be cautious since both Woo Jin and Tae Woo are already a married man to Ina and Rei, so it will be a mess if it will leak.

Woo Jin still apprehended by Rei's hidden bodyguards who suddenly out of nowhere when Rei order to stop him and Ina still didn't understand what's going on but already suspecting something wrong's with her husband meanwhile the Jun couple just observing Woo Jin. After sensing that Woo Jin returns to his composure, Rei signals her bodyguards to let go of him then looking at Tae as if saying she's already done by stopping him and so Tae ask him again.

"You're now calm Woo Jin"

"I don't know what's going on here but your wife is interested with me that's for sure"

"No she didn't and she just did it for your sake"

"Huh, what do you mean by that?"

"I guess you also know that one Woo Jin and here, this is my contact details and where I'm living. Look for me when you're already ready to open up with me and the first thing you need to open up is to your wife, after all, Roux is your wife for 15 years. So then we're going now after all my wife already done enough for stopping you for what you're planning just now." Then Tae looking at his wife and leave at that place right away but heard Woo Jin saying something.

"Tae Woo, I'm sorry"

Tae turning his head and replied "I'm also sorry Woo Jin for not hearing you out but this time I will hear you out whatever it is" then leave right away along with Rei.

Woo Jin muttering and punch the wall "idiot"

"Woo Jin, what's really happening with you?"

"Let's go to the office first"

"Okay, but really what's wrong with you?"

“Nothing really and this is your first time worrying about me”

“.....” Ina got speechless and then follows Woo Jin to his office then suddenly she realized something but then she didn’t say anything and just follow Woo Jin.

On the other hand, the Jun couple just walks hand in hand and now inside the car.

“Are you really sure that you won’t talk with Mr. Wong, Tae?”

“Not the right time for me Hon and witnessing how he is now, Woo Jin is really prepared to die. I don’t know why and what’s wrong with me but I still treated him as my childhood best friend and I’ve never hated him that’s why I avoided him for all cost because I don’t want our friendship to be over”

“Yeah I know”

“Tsk I’m really an open book in regards with you huh and thank you for stopping him”

“No worries at all Tae and I just stop him because I can also sense something wrong’s with him as if he wants to commit suicide”

“By the way Hon, what did you do awhile ago that the passersby just left after doing something to their phones and left the place as if nothing happened?”

“I don’t know but I only showing this expression to them” then Rei repeats it again which causes him to catch off guard and blush.

“Hon if I really don’t know about you then I might really think that you’re not human but instead being an enchantress one”

“Huh, did you say something Tae?” Rei didn’t hear it clearly since she’s busy with her phone.

“No nothing Hon and did they really delete it?”

“Yes Dear and the passersby really delete it”

“I see and how about the WC Mall CCTV’s then?”

“I didn’t do anything since the CEO is also with us so my identity as R will be very obvious from them if I will do anything from the CCTV’s recording since I already did reveal my identity as I orders my hidden bodyguards so I need to be careful of my actions.”

“Right Hon and only if Woo Jin is on par with you Hon”

“Huh?” Again Rei didn’t hear it since she’s yawning at the same time.

“Nothing and are you sleepy?”

“Uh-uh”

“Just take a nap and when we arrive I will just carry you”

“.....” No answered from Rei since she’s already sleeping meanwhile Tae turns his head since they got stuck in traffic and just realized that his wife already sleeping, he smiled when he realized that Rei still holding the paper bag that his locket inside. Remembering the locket, Tae smiled again and then said to his wife while at the same tapping her head.

“I’m so lucky to have you Hon and you’ve done enough for stopping Woo Jin. I only tell you what Woo Jin has done to me without telling if I hate him or not, yet you got it right that I didn’t really hate him. I’m so glad that you’re my wife Hon and I love you Rei.” Tae going to steal a kiss from his wife but got stop by since someone already honking at them, so Tae starts the engine again.

==== Flashback while Rei and Tae still looking for locket in a jewelry shop at WC Mall ====

At the main office of WC Mall, Woo Jin checking the evaluation sheet for all employees of WC Mall and someone is knocking on the door.

“Knock, knock and knock”

“Come in”

“Woo Jin”

“Ina you’re here”

“Yeah and I just want to pick you up”

“I see but you don’t need to after all.....” Stop because he suddenly sees a glimpse of Tae from the CCTV’s monitor.

“Eh, what’s wrong Woo Jin?”

“Nothing’s wrong Ina and let’s talk later because I just see someone I know”

“Hey, wait a moment Woo Jin” but then Woo Jin already got out of his office so she follows him right away.

“Good afternoon Madame”

“Good afternoon and by the way did you see Woo Jin now?”

“Yes Madame and Sir Wong is in hurry”

“Which floor?”

“3rd Floor”

“Okay and thank you” then Ina hurriedly rides the elevator and presses the 3rd-floor button.

Ding

She arrived on the 3rd floor and looking where her husband then notices his glimpse, she’s going to call him but he heard him muttering about something.

“That’s wonderful and Tae Woo really has a pretty wife, I want Ina to be also doing like that to me, a wife who really loves her husband very much just how much I love Ina.”

‘Eh Tae Woo? Did he mean Jun Tae Woo and what about his wife? Wait, what he did just mean a wife who really loves her husband very much just how much he loves Ina? Eh. Woo Jin is in love with me? No, no I might mishear it because he just married me.....’ Stop her wondering since she heard Woo Jin said something to them.

“Woo Jin”

Both Woo Jin and Ina are already inside of his office. Woo Jin still standing while Ina already seating down.

“Ina, do you want a tea?”

“No, and I’m alright without anything but what’s really going on with you, Woo Jin?”

“I have something to tell you and I don’t really know if you will hate me more but I guess I really need to tell you even if you will hate me”

Suddenly Ina feeling anxious but she still asks “so what is it?”

“I will tell you after I will talk to Tae Woo first”

“You’re not going to tell me first?”

“Uh-uh after all I did know Tae Woo first before you”

“I see”

“Thanks, Ina, and alright let’s go now, Woono and Wooji might already waiting for us at home.”

“O—okay” and again Ina notice something but she didn’t say it loud but just now something prick on her heart that she didn’t know what is it.
