Chapter 501 - Vol 7: Ch 501 – Ina start investigating about Woo Jin

Ina and Woo Jin ride the elevator to the parking place where they park the car. The two have been married for 15 years but the two never act as a married couple after all they've been sleeping on different beds but in the same room in order for their kids to not notice something wrong with them. The two ride the elevator together but their distance is just like a Boss and a Secretary because it's 3 steps away and Ina just realized it now after all she's the one telling Woo Jin that she will never love him because of what he did.

Ding

They arrive at the parking space and Ina heard Woo Jin ask something.

"Did you come here using your car, right?"

"No, since the butler just drops me off in here after my work since I just got an emergency call today"

"I see and it's still early but it would be safer if you ride in my car"

"Okay" then Ina follows Woo Jin where he parks his car and then he opens the car at the back seat. "Eh, back seat and not the passenger seat?"

"Yeah and that's what you always said to me that if ever you happen to ride in my car you rather seat at the back seat, not the passengers because you hated it if we were acting like a married couple for real, so that's why."

"T— that..."

"Mmmm?"

“Nothing and let’s go now”

“Okay”

So then they arrive around 4 pm and their two kids welcoming them back and at the same time, their housemaids just inform them that their foods already ready then suddenly their eldest daughter notice something and ask her Dad.

“Dad, are you not going to eat with us again?”

“Sorry Woonna but Dad still needs to do important works in the study room”

“I understand that one Dad but every time Mom is with us, you will always go to the study room. Are you and Mom still loved each other?”

“It does only coincide that I happened to be busy when Mom is around, Woonna. Dad and Mom never argued or fight with each other so how can you ask that one Woonna?”

“I see and sorry for that Dad but promise me, Dad, that you and Mom won’t separate okay?”

“I promise because I really love your Mom after all”

“I see and that’s good then” and hug her Dad right away.

“Geez Sis why did you suddenly ask that one to Dad and they won’t separate”

“Wooji you’re just 13 years old so you don’t understand anything yet”

“Ha, ha, ha right but you just like that after seeing Miss Pretty and Mr. Handsome interactions.”

“After seeing Miss Pretty and Mr. Handsome’s interactions, what do you mean by that Wooji?” Asked both by Ina and Woo Jin.

“Oops I slip out sorry Sis but then Mom and Dad, Sis is a big fan of Manager Rei and M’dols Woo’s relationship so after....” He got cut off by his very own Sister since Woona just covered his mouth.

“Mom and Dad I will tell you about them on my own but right now let’s eat because I’m quite hungry now and Dad you still need to go to the study room, right?”

“...” Both got speechless because of their eldest daughter’s actions.

“Wooji I can’t believe you and you’re really such a blabber, you know”

“Told you I slip out”

“Yeah, yeah you really did, and what if I also tell Mom and Dad that you’ve been crying like an idiot after Manager Rei and M’dols Woo disclosing that they already registered their marriage before having a wedding ceremony, huh? After all, Manager Rei is your crush”

“What about you then? You’re a girl Sis but why do you like Manager Rei so much, are you perhaps a lesbian?”

“I’m not a lesbian and I just admire Manager Rei.....”

“And that’s what you call admiration. Most of all I will be also a Manager like Manager Rei because she’s my role model. Geez, Sis how many times you said that one to me huh?”

“Woona and Wooji”

“Yes, Mom, and what’s wrong?”

“When I’m not around, is your Dad eating together with the two of you?” The two nodded and then heard them.

“Sis you explained because I’m hungry now so I’m going to eat”

‘Geez, this brother of mine’ “Yes Mom, Dad always eating with us, and Dad even cook for us personally. I heard many times from Dad that he really wants to dine together with us and with you, Mom but then Dad always busy at work if you’re here. Sometimes I don’t understand Dad’s actions because he will always say that he wants to be with you but then when you’re here he always busy. Geez I don’t really understand the worlds of a.d.u.l.ts one luckily I have my role models which are my parents and Manager Rei”

“You’re talking about Manager Rei, Woono and so who is she?”

Wooji suddenly talks while his mouth is full “R—right M—mom, Manager Rei is really beautiful you might mistake her for a celebrity but she is not”

“Wooji finish your food first”

“Geez Dad is not here and I thought I’m safe but I still have my Sister, tsk, tsk sorry Sis and I will mind my manners next time”

After the three of them eat, Woo Jin got out from the study room to eat and then back to his study room and because he was busy planning about what his going to tell with his childhood best friend Tae, he didn’t realize that it’s already late at night and got sleepy then sleep in the study room. He always sleeps in the study room if he will always staying late for decision-making in their family business or planning what to do. On the next day, he wakes very early and returns to his room without waking up Ina and take a bath. He eats only light for his breakfast and leaves the house around 5 am. Ina just awake and notice that her husband’s bed still clean, she got up and check the study room but it’s already clean and he is nowhere to found.

“Good Morning Madame”

“Good Morning and by the way, did you see Woo Jin?”

“Master just leaves the house around 5 am Madame”

“What his usual time when he leaves to work?”

“Around 8 am Madame but today Master is very early”

“Did he say anything before he leaves?”

“No, he didn’t Madame”

“If Woono or Wooji asks about us just say to them that we have both emergencies to do at work, okay?”

“Yes, Madame” then Ina leaves right away, of course, she didn’t forget to take her purse, key, and phone.

‘Woo Jin, where are you going now, and what’s wrong with you?’ Wondering it again and again while driving and suddenly realized something so she stops the car and calling her cousin.

Ring, ring, and ring

“Yes Hello”

“Bro Aki, it’s me Ina and I need to ask you a favor.”

“What’s wrong?”

“I need you to investigate everything about my husband and I need it right now”

“Alright and give me 1 hour to do that”

“Thank you for that Bro Aki and while investigating my husband please also help me investigate about Jun Tae Woo along with his wife” then suddenly she heard something crash from the other’s side of the phone “eh, what’s wrong Bro Aki?”

“D—did Master Jun Tae Woo and Ma’am Jun Lou Rei did something to you, Ina?”

“How did you know them and why did you call them Master and Ma’am?” Then she suddenly remembers the familiar emblem that stops her husband yesterday and asks “Bro Aki, are the two of them related to the Head of Jang Family?”

“It’s a secret Ina but Ma’am Jun Lou Rei is the older sister of Madame Mei so it impossible that they will do something to you because I know them personally and they are too kind especially with Ma’am Rei.”

“Yes, they are Bro Aki and forgot about investigating the two just only my husband. For now, just give me their address, okay?”

“Eh?”

“Common I won’t do anything to them because I just need something from them and a while ago you just said that they are too kind, right?”

“O—okay and its CA Residences and Complex, Annex A, 32nd Floor”

“Copy and noted, thank you, Bro Aki. Don’t forget to send me about my husband’s background” then hung up right away.

Chapter 502 - Vol 7: Ch 502 – Got to talk with her ex-boyfriend and his wife

After she hung up the call, she just goes to the place right away after all she knows where it is not just familiar the place but they are some connection all along. After 30 minutes drive, she arrives at the place, parks the car where’s the sign for visitors only and waiting for Aki’s mails. Just in time, it arrives and she read it right away, all of it so she knows everything about Woo Jin. Of course, she didn’t

discover about Hannah having a daughter with Woo Jin since Rei already securing that one and the only thing is she discovered that her husband got to sleep with Hannah but Aki didn't get further investigate any of it. After reading that one, Ina feels something wrong as if someone stabbing her heart and she didn't know why. She still reads everything and decided that she wants to talk with Tae along with his wife because she senses that they know something more compared to what she reads just now. She makes sure to have her composure before getting down from the car and go to the Security Personnel because she's aware of the tightness of this Residences's Security.

"Excuse me, Sir, can I go to Mr. Jun Tae Woo and his wife's place?"

"Did they expect that you will be here?"

"No they don't know but just tell them it's Wong Ina or rather Roux Ina"

"Okay Ma'am and please wait a moment" then the security call Rei right away and got permission to let her in. "You can go in now Ma'am and it's on the 32nd Floor alongside the elevator. Here Ma'am, please wear this while you're in the CA Premises"

"Okay and thank you Sir" Accept the Visitor's Pass for the sudden visit and wearing it right away then get in the CA Premises. She entered without noticing that someone find it out and that someone is none other than her husband, Woo Jin.

"Eh, what's Ina doing in here? Wait, how come she knows the address? Did she ask her cousin to investigate them or she used the Roux background to know this place?" Woo Jin questions himself and then activated the listening devices right away that connected to his wife's phone.

At the same time Ina already riding the elevator and just arrived at the 32nd Floor then looking for their unit.

"Alongside the elevator, ah it must be here" then looking around "it's only 3 Units for this floor?" And she presses the doorbell.

Ding, dong, ding, dong

Rei open the door right away and let her come “come in Mrs. Wong”

“Aah, s—sorry to disturb you at early morning”

“It’s alright Mrs. Wong, and please take a seat”

Looking around and ask “where’s Tae? I — I mean where’s your husband?”

“Tae is preparing some snacks and so the one you’re looking for is Tae?”

“D—don’t misunderstand me and I’m just here to talk to the two of you”

Tae just appear from the kitchen and bringing the snacks then suddenly b.u.t.t in “eh you’re really not looking for me, Roux? I thought you’re looking for me so when I got the security personnel calls; I’m waking up my wife right away to accompany me just in case”

‘What the heck is Tae thinking? I’m still a woman after all’.

Rei looking at her expression and replied to her as if she heard her “Tae is an artist Mrs. Wong and so we need to be careful though the security of the residence is tight, at least we are careful enough, so then why are you here?”

“I want to know more about my husband, I mean about Woo Jin”

“Eh?”

“Sorry I didn’t explain it well but I guess you already heard from Tae about me and Woo Jin, right?”

“Mm, I heard it from Tae Mrs. Wong”

“That’s good then so I don’t need to tell you how we know each other and so yesterday I’m quite suspecting something wrong with Woo Jin but I can’t point it out what is it but on the other hand you point it out right away even it’s your first meeting with Woo Jin, right?”

“Yeah and it’s my first time meeting with Mr. Wong”

“So why did you suddenly stop him from leaving even it’s your first time meeting with my husband?”

“It’s not my business to interfere with your family matters but I have a premonition that Mr. Wong is going to commit suicide so I need to stop him before it’s too late.”

“C—commit suicide, Woo Jin is going to commit suicide?”

“Yes, Mrs. Wong but it’s my assumption only still I need to stop him because Tae still treats him as his childhood best friend, of course, I need to stop him not just because he’s my husband’s best friend but instead as a human being. I don’t know why Mr. Wong suddenly doing all of the things to Tae since we didn’t hear him clearly the real reasons for doing all of that to Tae.” Of course, Rei and Tae already know everything since the moment they arrived yesterday she begins investigating right away about Woo Jin.

“I see and thank you for that in advance by stopping him and if Woo Jin really going to commit suicide then he will leave us. Right, the main reason I’m here is really to talk to the two of you because as I said a while ago I’m suspecting something wrong with Woo Jin so I investigate him, even I want to investigate the two of you especially you Ms. Din Lou Rei or rather Mrs. Jun Lou Rei but then Bro Aki tell me that both of you are good and kind people. So that’s why your bodyguards have an emblem of the Jang Family after all you’re the older sister of Mrs. Jang Mei and Mr. Jang En is your brother-in-law. So after hearing Bro Aki about the two of you, I only asked your address and come here without notice because I want to talk to the two of you about my husband Woo Jin since this is only what I found out from Bro Aki”. Then show her phone to Rei.

Rei accepts her phone and skimming her phone by sliding the screen “so Assistant Aki is your Bro Aki?”

“Actually Bro Aki is my cousin, his father and my mother is brother and sister. My mother got married to a Roux and want to get Bro Aki and his parents from the Jang Family but then they refuse my mother offers because they can’t leave the Jang Family especially to Mr. Jang En because they are childhood friend so that’s why Bro Aki and his family still in the Jang premises not only Bro Aki and Mr. Jang En being a friend with each other but because of their loyalty towards the Jang Family.”

“I see and so you know everything about Mr. Wong then?”

“Not everything but only not much and I did know that Woo Jin and Tae’s Ex-girlfriend got to sleep together without my knowledge but still I want to know more about Woo Jin”

“I see and Mrs. Wong, I’m not a rude person but I’m still going to ask you this one, so are you alright with it?”

“Yes, and what is it, Mrs. Jun?”

“Do you love your husband?”

“Huh?”

Chapter 503 - Vol 7: Ch 503 – The Jun couple helping Ina to realize her true feelings

Ina didn’t expect Rei to ask her if she loves her husband because the one she’s been in love with is Tae after all so after hearing it from Rei, she got surprised and only utter single words because she didn’t expect that Rei will ask that one from her.

“Huh?”

“Let me ask again with you Mrs. Wong, and so do you love your husband?”

“Of course not and why do I love him when in fact he is the main reason why I and Tae got to break up? He is the main reason why I got married to him because he is the one who suggested a real engagement and not a fake engagement just to test Tae if he really loves me or not. Everything is Woo Jin’s fault so how come I will love him, right?”

“Then Mrs. Wong why you didn’t ask for a divorce from Mr. Wong after you got married to him?”

“Eh?”

“See this; Bro Aki is your cousin right?”

“Uh-uh, Bro Aki is my cousin, and so what’s wrong?”

“Why you didn’t ask help from him knowing that he is a hacker, so he can ruin your husband’s reputation for a valid reason to divorce him, and most of all he is the most trusted person of Bro En, right?”

“Because if I do that my parents will disown me and then our family business will go bankrupt if I will ask for a divorce from my husband”

“I see and so I heard from Tae that you and Mr. Wong got engaged when you’re 17, right?”

“Uh-uh”

“Then you can already make a decision that time Mrs. Wong and hearing from Tae that you got married to Mr. Wong when his 16, so it means that you’re not a Senian Mrs. Wong. Of course, you’re already 18 at that time, you can still marry him but then, later on, ask for a divorce because you’re free to accuse him that he always hurting you and tell your parents that he is not a good man but then you didn’t do anything, so why?”

“Because Woo Jin never hurt me, he never fights me even I’m always blaming and hating him for breaking my relationship with Tae. He always follows my orders so I can’t divorce him”

“Follow your orders, so you give him conditions before marrying him?”

“Yes I did and my conditions are always not involved with me for example not sleeping beside each other even we’re already a married couple, no touch and kissing me, don’t act like a couple if we’re outside but just treating each other kindly in order to not being caught that we’re not in a good

relationship and last but not the least if his doings a couple of things like eating, shopping or any daily activities, I'm making sure that I won't be with him"

"Eh, and so you mean that you've been married for 15 years without doing what a married couple doings for daily life?"

"I and Woo Jin have 2 kids but we only have s.e.x two times since we both got drugged by our parents and the second time Woo Jin got drunk"

"I see and so it means that if Mr. Wong decides to leave you, it won't means anything to you at all, right?"

"W --- What? No, I won't let Woo Jin leave me or even try to commit suicide because I'm already used to it that Woo Jin is always with me and Woo Jin always coming home smiling while looking at me, so I don't know what I'm going to do if Woo Jin is not with me anymore. Woo Jin always..."

Suddenly Tae interrupts right away "Roux you're quite selfish, are you?"

"E---eh, T--- Tae"

"If I put my shoe to Woo Jin and having a wife for 15 years who never loves me, I guess I can really relate to why Woo Jin going to commit suicide because no one loves and cares for Woo Jin. He did everything and follow everything that you say in order for you to realize that Woo Jin is in love with you but you didn't get anything. You also testing me if I love you that time but what happens we got broke up because you just agreed with Woo Jin's silly suggestion of getting engaged for real. I do love you that time but I can't accept Woo Jin's suggestion by letting him meet one of my sisters because I don't want them to get hurt by Woo Jin. I'm still 15 at that time so I don't quite understand Woo Jin's behaviors but right now I already understand it, Woo Jin just wants attention from his important persons because Uncle Wong and Auntie Wong always giving him what he wants and never scolds him whatever he did. I even tolerate it and just let him instead of fighting with him, now are you still going to test Woo Jin? Is 15 years is not enough for you to test him and still blaming him? Are you waiting for Woo Jin to die before realizing that Woo Jin is very important to your life Roux?"

"....."

“Hon from Assistant Aki reports and aside from my ex-girlfriend Hannah, did he have another woman that has been keeping?”

“Wait a moment Dear” then reading it though she already knows “only Hannah Tae and I guess it had a reason why since both of them got drunk that night”

“Got drunk? What do you mean by that Mrs. Jun?”

“Eh, you didn’t read Assistant Aki’s report thoroughly?”

Ina shaking her head and right away got her phone from Rei then read it again “impossible, impossible”

Both ask at the same time “eh, something wrong Mrs. Wong / Roux?”

“Woo Jin never drinks any alcoholic drinks since the day we have s.e.x the second time because it’s his weakness after all, so how come he got drunk that day?”

“I guess only Woo Jin can answer that one Roux but I guess you don’t have the right to ask him since you never love him anyway”

“What? I’m his wife for 15 years so how come I don’t have the right to ask him that one, huh, Tae?”

Rei saving her husband right away because Ina suddenly got mad “Mrs. Wong, Tae just stating the truth and you don’t love him after all so that’s why you don’t have the right to ask him because you’re just his wife on papers, right?”

“...” Ina got speechless because what Rei just said is the truth.

“Mrs. Wong, let me ask you this one, okay?”

“O— Okay, and what is it?”

“Do you like to do things with Mr. Wong as a married couple?”

“Frankly speaking yeah I do really want Woo Jin to do things what married couple do, I want Woo Jin to hold my hands, I want Woo Jin to kiss me and more, I want Woo Jin to drop me off at my working place then picking me up from work, I want Woo Jin to hug me, I want him to cook me a food and feeding me but then it’s not right for me because the one I’m in love with is Tae”

“I see and listen here, Mrs. Wong”

“Yes?”

“All that you said just now, have you ever dreamed doing all things with Tae then?”

“Eh, never and why would I when in fact Woo Jin is my husband, right?”

“See and it means that you already love Mr. Wong without you knowing when and you just telling yourself that you love Tae just to protect yourself from being hurt again, I guess telling yourself that you’re in love with Tae is only your mind but in your heart you already in love with Mr. Wong”

“Eh?” Ina has a confused looks

“Okay here and I will give you an example, it’s only an example so what if Mr. Wong decides to divorce you and married someone who really loves him back, so what...?” Rei wasn’t able to finish her scenario since Ina reacts right away.

“No way and I will never do that because Woo Jin is mine, mine alone and how come I let my husband married someone when he already has me. I and Woo Jin been married for 15 years so”

“Calm down Mrs. Wong and it’s only an example ... ” Rei suddenly stop because she just heard a prompt from her phone.

EM, EM, EM Rei's ringtone from her prompt and it means Emergency Alert

"Please excuse me for a moment" then Rei looking at her phone.

[Emergency Alert:

There's a listening device from Wong Ina phone and the one who listens to it now is also happened to be in your area with a plate number of WWJ 0712 and been there almost the same time with Wong Ina]

"Oh-Oh"

Chapter 504 - Vol 7: Ch 504 – Talks between the first girlfriend and the wife

Tae already worried the moment Rei got a prompt because he already aware that the ringtone is an Emergency Alert and then seeing the expression of his wife, he asks worriedly.

"What's wrong Hon?" then Tae looking at her phone and also have the same expression as his wife when he's done reading then looking at his wife as if saying 'what are you going to do Rei?'

On the other hand, Rei just signaling Tae that it will be alright.

"Is something wrong Tae and Mrs. Jun?"

"Nothing's wrong Mrs. Wong but the CA Residences Security Personnel just inform me that there's a car with the plate number of WWJ 0712 parking at the Visitor's Slot and almost the same time when you arrive here"

"Eh, that's Woo Jin car" then right away call Woo Jin phone's. "Woo Jin"

"I --- Ina"

“You’ve been discovered by the Security Personnel so come up in here, okay?”

“....”

“Roux, please give me your phone and let me talk with Woo Jin, okay?” Tae on the rescue, after all, his wife Rei only got prompt from her system and just making excuses.

“Okay and here”

“Thanks” accept the phone and talk to Woo Jin “Woo Jin it’s Tae and I will get you in there, okay?”

“Okay and you really have a tight security in here huh, since they really discovered me”

“Yeah CA Premises have really a tight security” ‘and I also have more tight security because my wife is R’. Only thinking the later part after all it’s a secret only them and Din’s Family Members.

“I’m just going to wait for you inside my car, okay?”

“Okay” then both hang up the phone and Tae said to his wife while giving the phone to Ina “I’m going to pick up Woo Jin, Hon”

“Okay” then Tae leaves right away without minding that he is still wearing a pajama set after all its 6:00 o’clock in the morning and leaving the two ladies that got awkward all of sudden since Tae is not around.

Seeing this, Ina is quite surprised since Rei suddenly becomes quiet the moment Tae leaves after all Rei is the one who talks to her the most and giving advice to her, and so after almost 5 minutes she cut the awkwardness and ask something personal with Rei.

“Mrs. Jun, can I ask something from you?”

“Yes, what is it?”

“How old are you?”

“I’m turning 28 this year”

“So you’re 3 years younger than Tae?”

“Uh-uh”

“I see and by the way you’re too pretty Mrs. Jun”

“Ahh, that... thanks and same to you Mrs. Wong”

“Thanks and I just realized that you’re not a talkative person when Tae is not around huh”

“Yeah I guess so and to be honest it’s too awkward for me to talk with you after all you’re Tae’s first girlfriend”

“Same to me Mrs. Jun since you’re Tae’s wife and you’re really suited to be with Tae compared to me, after all, I’ve been testing him when in fact I’m still dating Tae for 2 weeks that time”

“I heard that one from Tae and I wonder why did you test him?”

“Because Tae never shows that he loves me since he always talking about his teammates, he still debuting that time but he always talks with his teammates when he is around with me. He only starts talking with me when I also happen to share the same interest with him by singing but it never occurs to me to be an artist after all I’m the heiress of Roux.”

"I see and you start liking him when you're 12 because he ignored you, so your attention got peak after all you're the campus belle and the heiress of Roux and so you can't accept that Tae ignored you, is that right?"

"Whoa you're so smart Mrs. Jun and I never told Tae that one. Indeed I start to get interested in him because he ignored me knowing that I'm the campus belle and the heiress of Roux but never expect that I start to fall in love with him."

"I see and yet the one you're always with is Mr. Wong. I guess you got it wrong Mrs. Wong"

"Eh, what do you mean Mrs. Jun?"

"It's a different situation for me but have the same scenario because I also mistook my love for a friend to real love, we both confess to each other but we never become a couple because it's already too late for us. I guess Tae is like me and thought his love for you is for real love instead of for a friend because he never fights for you"

"I see and that means Tae only confuse that time?"

"Yes and surely Tae is confused that time but later on, he learns to love you for real but you already got engaged with Mr. Wong. Mr. Wong is Tae's childhood best friend and you are his girlfriend so he chose to sacrifice you since you've been dating for not more than one month compared to Mr. Wong who's been his childhood friend since he was 2 years old."

"I see and so both of them are really the same since my husband, Woo Jin also priority Tae more compared to me"

"Yet he fights for you Mrs. Wong and Mr. Wong acts as a bad man just to get you and sacrifice his friendship with Tae just to get you but though he acts as a bad man he never hurt the two of you, it means that Mr. Wong is really a good man and he only not know how to show it off after all he is the only son and always spoiled by his parents, so he didn't know how to show how is he as himself."

"It looks like you did understand Woo Jin the most compared to me who already been married to him for 15 years and after all, you did stop him yesterday from leaving"

“Not to Mr. Wong that I understand the most because Tae is the one I understand the most and I just stop him because I don’t want to see my husband get hurt and regretting his own self that he didn’t stop Mr. Wong from doing it.”

“You really love Tae, huh?”

“Uh-uh I do and I can’t live without Tae, how about you Mrs. Wong, can you live without your husband around?”

“Told you a while ago that I can’t live without Woo Jin because I’m already used to it that Woo Jin always with me around.”

“Then why not love him back when Mr. Wong already in love with you?”

“But it will be awkward for me because I’ve been always avoiding him after all”

“It’s very simple Mrs. Wong because you just need to erase and forget everything about the conditions you give to him and then love him for who he is. By the way, I’m curious as to why you are there yesterday when in fact you’re avoiding him, right?”

“I don’t even know myself because I suddenly want to visit him yesterday and want to know if he’s really alright”

“So you really love him and you don’t realize it when did you fall for him after all you’ve been married for 15 years”

“Do I really love him?”

“Uh-uh, and all your actions prove that you’re in love with your husband but you didn’t realize that one since you’ve been for 15 years already. By the way, give me your phone”

“Eh, what’s wrong?”

“I read something from Assistant Aki reports and it has a suicide letter on it so I guess you need to read that one though Mr. Wong is alive since he got stop from us for committing suicide but I guess you need to read that letter to understand your husband anxiety.”

“Eh, really and where’s the letter?”

“Just give me your phone first because I forgot from what page”

“Okay and here”

Rei accepts the phone and right away inserts the suicide letter to Assistant Aki’s report that she found out yesterday at the same time turning off the listening device. “Here, Mrs. Wong”

“Thanks, Mrs. Jun and you can call me Ina you know”

Chapter 505 - Vol 7: Ch 505 – The discovered suicide letter

Ina accepts her phone right away from Rei and replies to her.

“Thanks, Mrs. Jun and you can call me Ina you know”

“I see but you’re older than me Mrs. Wong”

“It’s alright and just calls me Ina so that I can also call you Rei, is that alright?”

“I don’t mind you calling me Mrs. Jun after all I’m Mrs. Jun”

"I see and call me Mrs. Wong also since I'm also Mrs. Wong." Then read the suicide letter from her husband.

[To my one and only beloved wife, Ina Roux

I know it's not right for me to kill my own self after all I'm the CEO of Wong Corp. and everyone is relying on me but then I still have my Mom and Dad to do that so it won't have any problem if I will disappear on this world after all no one's really care for me.

Ina, my wife to tell you the truth I've been in love with you since the moment you approach me and Tae Woo that day. At first, I don't know why you suddenly talk with us, after all, you're the campus belle and a senior but then I got it why did you approach us because you've been in love with my childhood best friend. I don't know what's wrong with me being interested in you because I already know that you're interested in Tae Woo after all you're always asking me about him. We've become friends and we always talk about Tae but then you've never realized that I've been in love with you. I know it's wrong and I will be hurt in the end but I guess it's my retribution for doing something bad to my only childhood best friend that you've never loved me back. I got defeated right away at my Taekwondo Competition because I just heard that you confess to Tae Woo but then you got rejected flatly from him. I'm always at your side hoping that you will notice me but in the end, I'm only got it wrong because you still in love with Tae Woo but it doesn't matter as long as I'm with you later on since we always together and suddenly you told me that you're already dating with Tae Woo and hearing it from you, it was really a million stab from my heart but I guess it's alright after all it's my own retribution for assuming. I always look at the two of you even I know it will only hurt me seeing the two of you until I honk the car when I notice that you suddenly argued and purposely hurting Tae Woo when in fact I know it's not right for me to interrupt but I still want you to notice me and so I did make a suggestion for having an engagement after hearing that you want to test Tae Woo. Sorry, sorry, Ina for using that reason because I also want you to notice me and I know it's wrong from the start but I still want to do it because I know that Tae Woo will just sacrifice you because you've been only dating for two weeks rather sacrificing me who's been his childhood friend since 2 years old. I know Tae Woo personality and I'm taking advantage of it and I'm really a bad friend of him because I've been doing a lot of things of him yet he never gets mad at me except that one when I tried to exchange you from those 3 ladies not knowing it's Tae Woo Sisters. I guess if I've become a good friend of him he might introduce his Sisters to me but then I've never been after all I'm so jealous of Tae Woo, he didn't come from an influential and rich family but Tae Woo have everything, he always loves by his parents and got scolded by them as for me they always let me do what I want and never scolded me. My parents pull a string to enter the school without knowing that I can pass the entrance exams without pulling a string but I understand why they did that because they don't need to be got ashamed that their only son got failed after all I got failed to pass the entrance exams of S Elite Academy since I only got 83% and not 85%, so my parents won't let it happen again and just pulling a string instead of trusting me. Though they never scolded me even ones, I still love my parents because they let me have a friend and that's Tae Woo. Tae Woo is my only friend who never treats me as Wong, who never become my friend just because I came from an influential family and

never use me for his convenience yet I hurt him not only once but many times but I'm only doing that because I want him to get mad at me or to scold me that's it was not the right thing to do but then he never did. He is the only friend I have and I want his attention to me so I lied to the coach because I know being in Taekwondo Competition is Tae Woo's greatest dream yet he never gets mad again. Everything I do Tae Woo never gets mad at me and he becomes like my parents and so nobody cares about me after all because I do have a wife but never loves me and it's like I don't have any purpose in my existence.

So my wife Ina, I'm letting you free now and you will not be tangled with me anymore because I already have a signed divorce in the study room. As for Woon and Wooji just tell them that I got a lover and got killed by my own lover because I lied of being a single man when in fact I'm already married or whatever reason you can think as long as they will hate me after all you always blaming me and already hated me enough so it won't be a problem with you and so that's my wish is for you to be free and put the blame everything to me so that Woon and Wooji will only hate me.

Thank you and I love you, Ina Roux.

From: Your husband on papers only

Wong Woo Jin.

PM: Please do tell Tae Woo that I'm really, really sorry for what I did and tell him that he didn't need to be sad when I'm gone because I'm not a good friend after all. Well for me Tae Woo is my only and one true friend and childhood best friend]

Ina has been crying when she read the suicide letter of her husband and now been crying hard after done reading. Rei just observes and gets some water then offers it to her.

"Eh, what happened to Roux, Hon?"

"Ina, are you alright?" Her husband, Woo Jin also asks at the same time as Tae.

On the other hand, Ina after hearing her husband's voice suddenly stands up from her seating position and hugs Woo Jin right away then telling him between her sobs.

“Idiot, hic, you’re really an idiot, hic, Woo Jin, hic, because you already waited for me for 15 years, hic, and yet you’re going to give up? Hic, can you wait another years and years, hic, then don’t give up until I will say to you that, hic, I love you”

Chapter 506 - Vol 7: Ch 506 – Rekindl...

Tae leaves right away after telling his wife that he is going to pick up Woo Jin. He rides the elevator and then gets out while looking at the car with a plate number WWJ 0712. He found it out and knocking the window.

Knock, knock, and knock

“Oh, you’re fast Tae”

“Told you I will pick you up in here and you can call me Tae Woo again, Woo Jin”

Hop out from his car and replied “so you forgive me already?”

“What do you think, huh?”

“I guess you did and why are you just wearing a pajama? Are you not afraid that they will find you out by only wearing a pajama?”

“No worries at all after all I’m residing here”

“I see and you do really have a pretty wife, huh”

“Of course and more pretty than your wife”

“Idiot and my wife is your previous girlfriend you know” the two ride the elevator at the same time.

“Right and thank you for stealing Roux from me along with Hannah after all I won’t be with my wife if you didn’t do it”

“I only steal Ina from you, you know”

“Eh, then how about Hannah, how did you sleep with her then?” Pretending not to know after all he already knows since his wife got everything investigated when they arrived yesterday.

“It’s a long story Tae Woo but it’s my fault because I got drunk knowing it’s my weakness after all”

“I see”

Ding – indicating that they arrived at the 32nd floor and at the same time they got out.

“Whoa, so you’ve been living in here since then?”

“I’m living in Complex C when I’m still a trainee and living here [pointing the M’dols House] when I debuted as an artist and then living with my wife after disclosing that we’re married.”

“Eh, so it means you and your wife just living next door?”

“Yeah we’re just living next door Woo Jin but I’m not aware of that for the whole 2 years even I’m stalking her”

“Eh?”

“Long story Woo Jin but I will tell you after all we’ve become friends again, right?”

“Thank you, Tae Woo and I’m really sorry”

“No problem at all and Woo Jin?”

“What……” didn’t finish because out of nowhere Tae suddenly punching his stomach and it’s very hurt because Tae really punches him hard. Woo Jin stumbled, now seating on the floor because of the impact, in pain, and ask “what’s that for?”

“I must do that since the day you said that it’s impossible for me to get a high result of the entrance test but I never did and I always tolerate everything that you did to me because I always care about your reputation without minding that your parents can handle it without any problem after all you’re a Wong. Yesterday, if not for my wife notice something wrong with you then for sure you already die, idiot. You’re really an idiot one Woo Jin”

“Yeah I am really one but then you’re wife really know something wrong with me, huh and it’s only yesterday we meet”

“Luckily my wife is smart enough or else you already died, idiot”

“Ha, ha, ha” Laughing while holding his stomach since it still hurts.

“Did I punch you very hard?”

“Yeah you did”

“Sorry” then offer his hand to help him stand up.

Stand up then said “No worries and thanks. By the way Tae Woo, you’ve become more handsome”

“Hearing that one from you, it’s awkward you know so don’t say that”

“Ha, ha, ha feeling shy now? I thought you’re already used to it after all you’re an artist”

“Yeah I’m used to it but I never heard it that one that just came out from the man’s mouth”

“I see but you’re really are”

“Stop that idiot”

“Tae Woo you’ve never changed and you’re still a shy person. So then how did you get a pretty wife when in fact you all ignored the pretty girls during school days including Ina, the Campus Belle?”

“I don’t even know myself because all my ex-girlfriends were the ones confessing to me and yet to my wife I’m the one who confesses to her and it took me more than two years to confess”

“Ha, ha, ha, and it means that you’re really falling in love with your wife, huh”

“Right” Admit while blushing.

“Stop that Tae Woo and it’s awkward that you’re now talking with me while blushing”

“And same to you Woo Jin, you’ve never changed”

“Ha, ha, ha and here I thought that I already change but.....” suddenly stop.

“What’s wrong Woo Jin?”

“Listen to this Tae Woo, your beautiful wife, and my pretty wife is now talking with each other,” said while putting the other left side’s headset to Tae’s ear.

“My wife never initiate to talk you know”

“Yeah I know since my wife just initiates it and so this means you got married with the same personality as you, huh”

“My family members and my in-laws also said the same thing but I can’t quite tell that we have the same personality, after all, I’m more talkative if I’m with my wife and I have more reactions compared to my wife but I can tell that my wife really loves me and she gives her everything for me”

“Are you trying to show off now, huh?”

“I didn’t mean to”

Then the two of them fell silent’s all of sudden since they are now listening to their wife’s conversation, they just standing and leaning on the wall beside the Jun unit and listening carefully to what their wives talking about.

“I didn’t expect that you have a young wife Tae Woo, here I thought that she looks young and just the same age as us”

“Ha, ha, I know but age doesn’t matter you know and it just 3 years gap for me”

“Yeah you’re right since Ina also 2 years older than me”

“Tae Woo, can I ask you something?”

“Yes, and what is it Woo Jin?”

“That time when you dated Ina, do you really love her that time?”

“Yes I do but then if I won’t back out you will be hurt Woo Jin because I already notice that you’re in love with her”

“.....”

“My wife is right, my feelings towards Roux is just like how she mistook her loves for her friend and maybe that’s the reason why I didn’t fight you for her”

“Yeah that’s why I also guess that one but then I’m also a jerk that time because I did suggest returning Ina with you if you’re going to introduce me to those beautiful 3 ladies without knowing it’s your Sisters after all”

“Sorry if I didn’t introduce my Sisters to you Woo Jin”

“No worries because I already understand it now but that time I’m too clueless so sorry for everything Tae Woo”

“I forgive you Woo Jin”

“Thanks and you’re such a lucky guy Tae Woo”

“Yeah indeed I am because my wife really loves me”

“You really are and as for me, I don’t know when my wife going to love me since it’s been 15 years since we’re married but Ina still not returning my love to her, I guess it’s time for me to let go of her and let her be free.”

“....” Tae doesn’t know how to reply to him.

“Eh, t— they discovered my suicide letter? That’s impossible because I already deleted it and I even burn the letter after your wife stopping me yesterday at the mall.”

“Geez, you are really an idiot Woo Jin and it’s not because of my wife then you will be a goner now and.....”

“Eh, it’s turned off?” Then get his phone and realized that his phone is already turned off. “My phone is already low battery, did I charge it before I left home?” Asking himself loudly and Tae heard him. Then just left speechless because he knows why.

“Maybe you forgot to charge your phone Woo Jin and for now let’s get in now”

“Okay” but then suddenly stopping Tae when he already pressing the code to open the door.

“Tae Woo, can I ask you something?”

Then Tae stop from pressing the code, looking at Woo Jin, and replied “yes, and what is it?”

“What did you do that your wife been totally in love with you?”

“I didn’t do anything instead I just show my true self to her and just love her everything that I got”

“.....”

Chapter 507 - Vol 7: Ch 507 – Woo Jin...

Woo Jin suddenly got speechless and in a daze because of Tae’s answer because they are opposite since he never shows his true self to Ina though he really shows how he is so in love with her, still he didn’t show it because he is afraid, afraid that Ina will divorce him. Meanwhile, Tae looking and observing Woo Jin since he is suddenly in a daze after he replied to him. And so, he is asking worriedly his friend because he might think to attempt suicide again.

“Woo Jin, are you alright?”

Woo Jin return to reality and replied “yeah I’m alright and I guess it’s really the right time for me to let go of her”

“Are you not going to regret it?”

“I won’t because I know it’s my fault after all and that’s the reason why Ina won’t love me back” then Woo Jin crunching down and covering his face because he is now crying silently.

Tae approaches him and also crunching down while c.a.r.e.s.sing his back.

“Tae Woo you know what, I’ve been envious of you since we’re young because you have your parents who always love you and taking care of you. You and your family members didn’t belong to be the influential one but your family always together meanwhile as for me, I’ve been an heir since I’m young or the time when my mom pregnant of me but then I’m not happy with my life, I do have everything but no one’s cared about me because they only see me as the heir of Wong. My parents raised me well but they never show loves to me because they always busy with their business but then they let me meet you and become my friend. At first, I thought that you only want to be a friend of me because I’m a Wong but then I guess it wrong because you never befriended me because I’m a Wong instead become my friend as myself and not with I have. I’m happy and fortunate for that time we spent but then when you got the result of your entrance examination I suddenly got jealous because you just did it without even hiring a professional instructor to teach you and as a Wong, my pride got a touch, so I got jealous of you but I still want you to be my friend even knowing that I already start getting envy of you. I always picking you up before going to school because I want us to go together because you’re the only friend I have who never have any motive that I’m a Wong. Indeed I’m really an idiot because you never did anything wrong to me yet I framed you up that time by cheating and I really thought that you’re going to get mad at me knowing my doing got caught by the camera but you didn’t and silly of me I got misunderstood you because you suddenly become my parents and never get mad at me so I was so mad because you didn’t care for me after all. I want to punch you but I can’t because you might be avoiding me or want our friendship to end so I just keeping it all myself and always doing means to you because I really, really want you to get mad at me and show that you really care with me but then you didn’t until I steal Ina from your hands. I didn’t know when I did start to fall in love with Ina because I already know from the start that the one she’s interested in is you yet I did love her. I want to give up my feelings for you but I can’t because Ina is the first woman that I’ve been in love with so I can’t give up on her and so instead I steal her from your hands. I can ruin your reputation before your debut because I’m a Wong after all but I didn’t because I already ruin your dream to become a champion athlete so instead I just let you free because I already did many things bad to you so that’s enough already. You cut off ties with me after I steal Ina from you but for me, I didn’t because I always check about your updates, and then I suddenly saw you at school when you pick up Miss Yu from school and I start to talk with her because I want to apologize you personally for what I did but it got wrong because I got drunk that night and I did sleep her, I don’t know what I’m going to do anymore because what I always did always be a wrong move for me so I decided maybe if I will be a goner I won’t hurt anymore you Tae so yesterday I was

going to commit suicide in a way that the authorities can't tell that it's suicide since I'm planning to go a drive and fall on the cliff for only accidentally when in fact I'm already planning it but yet it got stopped and I'm glad that it got stopped from your wife because we become friends again though I will let go, Ina, this time. I guess loving Ina is very wrong for me because our friendship got to end because I steal Ina from you and now when I decide to let go of her, we become friends again."

"Sorry for that Woo Jin and I'm really mad at you that time, in fact, I want to reveal that you're the one who framed me up but you're my friend so I didn't because if I did you will not become my friend anymore and I'm also going to ruin your reputation, so I just rather keep it silence than to ruin your reputation"

"Ha, ha, ha so both of us are really an idiot, right?"

"Indeed we are and we are still young at that time so we are still not m.a.t.u.r.e enough but how about now, are you really going to let go Roux?"

"Yeah, and I will let her free now. Letting go of the one you love is also showing how you really love a person and so I let her be free from my clutches and let her chose her own happiness. We've been married for 15 years but only my parents, her parents, and Wong's employees know that we are married, so it won't affect her and she can still meet a new one whom Ina really loves."

"So your decision to let go of Roux is really final, huh and so how about your kids then?"

"I will let them choose if they are going to stay with me or to Ina and if they decide to stay with Ina then I can still support them after all I'm their Biological Father."

"I see but I guess I and my wife can still test Roux if she really loves you or not, you know"

"Thank you for that Tae Woo but it's alright because I've been with her for 15 years so I already know that Ina never loves me and I guess we're really not meant to be with each other in the first place. Alright let's get into your house now or your wife might be worried that I might beat you up when in fact you're the one who punches me"

“Idiot and Woo Jin if you really got to divorce with Roux, don’t lose hope because they are someone for you but I guess that’s its Roux after all”

“Ha, ha, ha you are an idiot Tae Woo and I don’t know if you’re comforting me or not”

“But....”

“It’s alright Tae Woo and no you got it wrong because Ina will never love me back, so you and your wife got it wrong because I’ve been married to Ina for 15 years, after all, so I know from the start that Ina won’t give me a chance”

“It’s up to you Woo Jin and let’s gets in now”

Chapter 508 - Vol 7: Ch 508 – Ina almost late for noticing her husband worth

The two best friends entered the house right away and only to witness the scenes that Roux is crying hard so the two ask their wives at the same time.

“Eh, what happened to Roux, Hon?”

“Ina, are you alright?” Woo Jin also asks at the same time as Tae but more worried than him since it’s his wife.

On the other hand, Ina after hearing her husband voice suddenly stand up from her seating position on the couch and hug Woo Jin right away then telling him between her sobbing,

“Idiot, hic, you’re really an idiot, hic, Woo Jin, hic, because you already waited for me for 15 years, hic, and yet you’re going to give up? Hic, can you wait another years and years for me, hic, and then don’t give up for me until I will say to you that, hic, I love you” Woo Jin got speechless but he still heard Ina words. “Woo Jin please answer me, I know I have not been a good wife to you but please don’t let go of me and don’t give up on me. I know it’s very selfish for me to say this one but I can’t let you do that because I’m already used to your presence and if you’re happened to leave at my side, I don’t know what I’m going to do. I don’t know if what I feel is love or hate but do you know that I want the two of us to always do a lot of things as what couple does so please don’t give up on me until I will say I love you to you Woo Jin, so please don’t give up on me, okay?”

“.....”

Ina look up and stared at her husband while asking “Woo Jin, please answer me, okay?”

“.....”

Ina didn’t know what to do anymore but then her body suddenly move on her own and she just wraps her arms around Woo Jin’s neck and kiss him right away.

Woo Jin returns back to reality after Ina kissing him and he kissed back that both forgot that they are in Jun’s house at the moment until Tae stops them before they go further than that.

“Alright stop with that Woo Jin and Roux” Tae stopping the two since Ina already wrap her legs around Woo Jin’s waist while covering the eyes of his wife the moment Ina wrapping her arms around Woo Jin.

The two who’ve been engrossed in their doing suddenly stop and realized that they forgot that it’s Tae’s house. Ina automatically got down from Woo Jin while Woo Jin notices Tae covering his wife.

“And why are you covering your wife’s eyes huh?”

“Because I don’t want my wife to see another body aside from me if I happened can’t stop the two of you and will go further than that”

“.....” The two got speechless

Then Tae let go of his hands from his wife’s eyes and then suddenly remembers something “ah right Roux, Woo Jin already decide to let go of you and set you free.”

“Eh?” Then looking at Woo Jin right away and ask again “I —— is that true Woo Jin?”

“Tae Woo since when did you become a blabbermouth, huh?”

“I guess just now”

“Woo Jin”

“Yes Ina I did decide to let go of you but then seeing your reactions now I guess I can’t do that and still choose to wait for you”

Ina automatically hugs him and said “thank you Woo Jin, thank you, and starting now I will become a proper wife to you”

“Proper Wife to you and what do you mean by that?”

“Everything of what I mean Woo Jin and we will become a proper married couple, so you need to forget everything that I said to you because starting today I will revoke that one”

“Eh, really and are you sure with that?”

“Yes I’m sure Woo Jin”

“Thank you Ina but then I did sleep Miss Yu during that time”

“I know Woo Jin because Bro Aki got everything about you and aside from her, did you sleep another woman?”

“No and only her because I’m drunk that time”

“I see and so don’t give up on me, okay?”

“I won’t”

Tae suddenly interrupts the two of them “yet Woo Jin said that he will let go of you Roux because he said that it’s also a sign of love”

“Shut up Tae Woo will you”

“Ha, ha, ha I will Woo Jin and this is my first time witnessing again that you’ve become normal again after many years ago”

“.....” Woo Jin got speechless and at the same time someone interrupting them and that’s Ken.

“Auntie Rei and Uncle Tae, Ellyn said that she will be absent today”

“Eh, what’s wrong Ken?” Ask both Tae and Rei.

Ken just realized something “eh, you have visitors Auntie and Uncle?”

“Yeah we have Ken and it’s your Uncle friends but for now what’s wrong with Ellyn?” Find authorized novels in , faster updates, better experience, Please click [#%E2%80%93ina-almost-late-for-noticing-her-husband-worth_52498530757038629](#) >#%E2%80%93ina-almost-late-for-noticing-her-husband-worth_52498530757038629 for visiting.

“He, he, he, it’s because last Valentine’s Day Bro Jinyu received many chocolates from girls in school either from Juniors or Seniors and he accepts it because it’s chocolates after all so it’s been a month since Ellyn didn’t talk with Bro Jinyu though he always picks up us Ellyn never talk Bro Jinyu again and then yesterday it’s a white day that falls on Sunday, so she’s afraid that Bro Jinyu will give some chocolates to those girls today, so Ellyn said that she’s rather absent today than witnessing it on her eyes.”

“.....” Rei got speechless

“Bro Ken you’re such a blabbermouth just like Bro Ren... eh, Auntie you have a visitors?”

“Yeah we have Ellyn and get change now” then Rei looking at her wristwatch “few minutes left Jinyu will be here”

“But Auntie.....”

“We can’t help it, Ellyn, because Jinyu is still a kid after all and chocolates is his favorite, for example, Ken also accepts many chocolates because it’s his favorite also right?”

“Uh-uh but then Bro Ken doesn’t have special someone yet”

“It’s alright and just trusts Jinyu so now get change okay?”

“Okay I will and what for breakfast today Auntie Rei?”

“Ah, right Uncle and Auntie forgot to prepare anything since we got....”

“I already prepared Rei and kids go now before your friends Jinyu picking you up”

“Yes, Aunt Jun” then both Ken and Ellyn leave right away.

“Nice meeting you again Woo Jin and you’ve become more handsome now”

“Auntie Jun nice meeting you again and I’m sorry for everything”

“Tae didn’t tell anything about you to me but I can sense something wrong with the two of you and glad that you solve it, right?”

Both Tae and Woo Jin “yes we did Mom / Auntie Jun”

“That’s good then and I will leave all of you here since I’m still going to look for my grandkids” then she leaves right away after all her grandkids are more important compared to her son, Tae.

Chapter 509 - Vol 7: Ch 509 – I’m not like you, Woo Jin.

After Tae’s Mom leaving them, Woo Jin react right away,

“Eh, Grandkids, you mean that young girl and the young boy is your kids Tae Woo before meeting your wife since what I know is that you have twins and it still a baby”

“They are my wife niece and nephew, idiot. My Mom means grandkids about the twins since my parents are the ones babysitting the twins if we are busy and don’t compare me with you Woo Jin because I’m not like you, Woo Jin” Tae got slip of a tongue.

“I see so they are your niece and nephew but wait, Tae Woo and what do you mean by that I’m not like you? I don’t have any kids aside from my wife thought I only sleep Ms. Yu that time because I got drunk and so it’s only that night because...” Stopping himself and suddenly realized it what’s wrong after all he also smart just like Tae thought he can’t defeat Tae but he always consistent honored students after Tae and become the Top after Tae debuted as an idol “wait, don’t tell me that Ms. Yu got pregnant that time?”

“.....” Tae got speechless while Rei just looking at her husband since he got slip his tongue after all.

“Tae Woo?”

“Tae, do you know something that we are still not aware of and that Miss Yu really got pregnant?”

Then Tae doesn't know what to do if he will tell or not because they might be going to divorce because of him and so he just holds his wife tightly as if he asks for help, meanwhile, Rei got it right away of his worries so she saves her husband.

“Uhm, we do know something that you're not aware of but promise us that you won't get separate because of this especially you Mrs. Wong”

“Yes I won't Mrs. Jun and that's I promise because I will be now a proper wife of Woo Jin”

“That's good and how about you Mr. Wong?”

“I've been crazily in love with my wife and whatever it is I will accept it as long as is not about having a kid aside from my wife”

“But indeed you have a kid from Miss Yu, Mr. Wong” Rei said directly without running around the circle that causes Woo Jin to got speechless and in a daze because Ina might divorce him.

“...”

“Mr. Wong, are you alright?”

“Don't mind him Mrs. Jun and so please tell me everything, whatever it is I will accept it and I won't divorce Woo Jin because as I said a while I will become a proper wife with him”.

“I see and yesterday, I and Tae happened to be a guest where Miss Yu is the main host of that program. Tae is not aware Miss Yu, his ex-girlfriend is the main host of that program after all his main focus is the team activities, and didn't watch any news or programs that not related to the team. As for me, I didn't expect that it's really her and just thought that the host only shares the same name as Tae's ex. So when we meet her yesterday, we got to know that Miss Yu and Mr. Wong have a one-night stand and she got pregnant.” And so then Rei is now telling everything to Ina.

"I see and so what's the little girl's name?"

"Anna Yu"

"Anna Yu" Then Ina suddenly remembers something "wait don't tell me that she's turning 10 years old, yesterday?"

"Eh, and how did you know that one Mrs. Wong?"

"That little girl is happened to have one-week memory then?"

"Indeed she is and then, don't tell me you already meet her?"

"Yeah I already meet her after all I'm the little girl neurologist but I didn't expect that she's my husband daughter"

"So you mean Roux, you really know her?"

"Yes, Tae I know her because I'm her neurologist after all and I'm the one who suggests to her to record everything that she doesn't want to forget because she only has one-week memory. When she's still around 1-3 years old, she only has 4 hours of memory and forgets everything because Miss Yu trying to abort her when she's still pregnant with her that causes Anna's brain to get implicated because of the medicine she takes. I'm quite perplexed why she's trying to abort it but then now I know why because Miss Yu got pregnant with a married man and that's happened to be my husband Woo Jin but we can't do anything since it's already happened and so I'm just going to accept it as Woo Jin flaw, after all, I didn't act proper wife to him for 15 years of our marriage."

"That's a very smart decision for you, Mrs. Wong"

"Thank you, Mrs. Jun"

“By the way, I’m quite curious, so you Roux already meet Miss Yu then?”

“Yes Tae I already meet her after all she’s Anna mother but I didn’t expect that she’s your ex and the lady who got to sleep with Woo Jin”

Tae ignores her comments “and so Miss Yu aware that your Woo Jin’s wife?”

“No, because only my parents, Woo Jin parents, and Wong’s employees know that I’m married to Woo Jin”

“Ah, right Woo Jin did tell that one to me today and I heard different things between Woo Jin and Miss Yu”

“Eh, what’s wrong Tae?”

“Eh, what’s wrong, Dear?” Rei also asks the same time with Ina.

“Yesterday we heard Miss Yu’s point of view, right Hon?”

“Yes Dear, we did and so what’s wrong?”

“I heard different from Woo Jin and he just approaches Miss Yu because he wants to apologize to me personally”

“Eh, then don’t tell me that there’s someone going to ruin Mr. Wong that time?”

“Yeah Hon since they have different views after all. And as for you Woo Jin when are you going to return back to reality?”

“.....” No answer from Woo Jin because he was still in a daze.

“Woo Jin must be too shocked that he has another kid aside from me and that’s for sure”

“He is just like that Roux because Woo Jin afraid that he is going to hate you and decide to divorce him because he got another kid aside from you, his wife”

“You’re right Tae after all I didn’t do what a proper wife of him but that’s not the reason for me to divorce him because I’m the one who have so many flaws in our relationship yet he didn’t leave me though I didn’t sleep with other men’s since I only sleep with Woo Jin two times only, yet I still have many flaws in our relationship so I will accept this one”

“Woo Jin you heard that, Roux won’t divorce you so you need to relax, and...” Tae got stop because of the doorbell.

Chapter 510 - Vol 7: Ch 510 – Ellyn f...

“Woo Jin you heard that, Roux won’t divorce you so you need to relax, and...” Tae got stop because of the doorbell.

“Ah, you can continue Tae, and let me open the door”

“It’s alright Hon and I will wait for you”

Rei standing up from her seat and then approach where the door located before opening the door right away.

“Good Morning Auntie Rei and here’s your flower, happy white day though I’m one day late”

“Thank you for that Jinyu and I heard from Ken that Ellyn didn’t talk with you for a month now”

“Whoa Auntie Rei and since when did you become a blabbermouth?” Ken suddenly interrupts out of nowhere since he heard the doorbell.

“Good Morning Ken and yeah Aunt Rei you’re right since Ellyn didn’t talk to me for a month after I received many chocolates from the other girls in school.”

“Then Bro Jinyu, why did you accept the chocolates huh?”

“It’s my favorites okay and they give it to me so I accept it and nobody telling me what I did wrong even Dad and Mom just tell me that I did wrong by accepting it but they didn’t explain to me what I did wrong so I’m confused why Ellyn didn’t talk me for a month”

“Yeah you’re right Bro Jinyu and I also don’t know why Ellyn suddenly didn’t talk with you when in fact they just give you chocolates and you just accept it. Ellyn still talking to me, talking to Bro Jinxi, talking to our friends normally but yet she didn’t talk to you, so why?”

“If I know that one, then I and Ellyn already talking with each other again, silly”

“Ah I see so you don’t know and so let’s ask Auntie then”

“That’s right Ken and Aunt Rei” Jinyu didn’t continue because Ellyn just answered the two genius boys who are both smart but quite an idiot if in terms of this one, though not compared to her cousin Ken because he was too oblivious compared to Jinyu.

“No need to ask Auntie Rei Jinyu because it’s just me. I didn’t talk to you for a month because I’m just jealous because you just accept their chocolates when in fact you can afford to buy them so even if it’s your favorite you can refuse them yet you accept it. So during Valentine’s Day, I didn’t give you my chocolate because I’m mad at you and so I eat it, here belated Happy Valentine’s Day”

“T—————thank you Ellyn and sorry I didn’t know that one. Here, Happy White Day, Ellyn” Jinyu said while blushing hard.

“You’re welcome and thank you, so next Valentine’s Day and next, next don’t accept any chocolates aside from me, okay?”

“I won’t, so are you now going to talk with me?”

“I will”

“Jinyu and Ellyn”

“Yes, Auntie Rei / Aunt Rei?”

“Can you be more secretive with your relationship because for sure Bro El, Lyn, Bro En, and Mama will notice that you’re already a couple if you will always being like this, okay?”

“Yeah Auntie Rei / Aunt Rei and sorry for that”

“That’s good then and so aside from me, your Uncle Tae, Auntie Mei, and Ken, who else knows that you’re already a couple since last January?”

“No one else Aunt Rei and only the 4 of you, though I’m not sure with Ken since he always teasing me”

“Eh, I only tease you Bro Jinyu when it’s the two of us because if we are with them I didn’t tease you, you know”

“Yeah, you always did but then what if you got slip of tongue, huh?”

“Well sorry in advance then and come in first Bro Jinyu because your girlfriend and I are still not yet done eating”

“Geez you must tell that one to me in advance”

“Ha, ha, ha sorry then and Ellyn let’s go now or else your boyfriend will become a grumpy young master”

“Bro Ken / Ken”

“Oops the two lovely kids’ couple is warning me now” then grab Ellyn and the two go to the dining area right away to finish their food.

“Aunt Rei?”

“Yes, Jinyu?”

Hug Rei all of sudden and said “thank you for not telling your family members about me and Ellyn”

“Well you did suggest to me not to tell them since you want to tell them personally when Ellyn turn 16 though it’s 10 years to wait for that”

“Yeah it’s me who suggest but still I’m thankful Aunt because you didn’t oppose it knowing we are still a kid.”

“Well both you and Ellyn are both serious when you talk with me during that time so I will just support the two of you and will help explaining it to my brother when that time comes and Jinyu you must not forget what you promise to me, okay?”

“Yes I won’t Aunt and I will keep that in mind”

“Good boy and alright let’s get in now and stop hugging me or else your Ellyn will be jealous again because you hug me”

“Ha, ha, and that won’t happen Aunt because you’re Ellyn Auntie after all”

“Who knows” then the two get in and Jinyu greeted right away.

“Good Morning Uncle Tae”

“Good Morning Jinyu”

Then Jinyu notice the two visitors and said to them “eh Doctor Wong and Doctor Wong, you’re both here?”

Woo Jin suddenly got back to reality and heard a familiar voice “eh, why are you here Young Master Li?”

“Aunt Rei and Uncle Tae is my friends relative, Doctor Wong”

“I see and such a small world indeed”

“Indeed Doctor Wong but I never expected that both you and Doctor Wong are a married couple”

“Eh, and how did you know that one Young Master Li?” Ina asked after she heard Jinyu guess their relationship right.

“Well you both Doctor Wong and it’s my first time seeing the two of you going out together and happened to be here so that’s why I guess that the two of you might be a married couple”

“.....” Ina got speechless.

“Young Master Li you really m.a.t.u.r.e enough compared to your young age” Woo Jin commented loud.

“Yeah I did Doctor Wong but aside from me they are still two boys who already m.a.t.u.r.ed compared to their young age”

“Eh, really who are they?”

“Bro Jinyu let’s go or else we will be late. Eh, you know them?”

“Yes Ken and they are both called Doctor Wong”

“Ah, I see and so they are working in JL Hospital then huh”

“Bro Ken, Bro Ken”

“Yes, Ellyn?”

“Did you see my bag?”

“Eh, again” Ellyn nodded while Ken goes to their rooms and looking Ellyn’s bag but not in there so he looks again at the dining area and indeed Ellyn put her bag below the table. “Here you go, geez I told you many times already that don’t put your bag below the dining table and instead put it beside the door”

“He, he, he, sorry Bro Ken” apologize to Ken since she always forgot to put her bag beside the door meanwhile Jinyu accept her bag from Ken.

“That’s enough Ken and you will become a grumpy young kid if you always do that. As for you Ellyn always keep that in your mind what Ken said to you because Ken will be returning to your Home Country after studying here, okay?”

“Okay I will”

“That won’t help Bro Jinyu because we always said that one to Ellyn, you know old habits never dies. Auntie Rei and Uncle Tae we’re going now”

“Okay”

“Ah, Aunt you don’t have work today?”

“We will go around 9 am”

“I see.....”

“Bro Jinyu let’s go”
