

Last Man 511

Chapter 511 - Vol 7: Ch 511– The whole truth about the incident of Woo Jin

The three kids left right away and Woo Jin suddenly said out of nowhere.

“Those two kids, they really have such a good relationship”

“Eh?” Both Rei and Tae got surprised because they taught that it’s about Ellyn and Jinyu.

Woo Jin didn’t get the point why the two look surprised and explains “those two boys have such a good friendship.”

“I see”

“Why the two of you look so surprised?”

“Nothing Woo Jin and are you alright now?”

“That.....”

“Woo Jin I won’t divorce you just because you have a kid aside from me because I said a while ago that I would be now a proper wife of you, so just relax, okay?”

“Uh-uh”

“And so now I’m going to ask you what really happened that day?”

“I don’t really know what exactly happened to me on that day but then I remember clearly that Mr. Geo is the one who gives me one glass of wine that day. I’m aware that alcoholic drinks are my weakness but as I signed of respect I drink it since Mr. Geo is our business partners and I never expect that just one glass of wine got me drunk”

“Mr. Geo, you mean Mr. Geo Smith?”

“Eh, you know him, Ina?”

“He will be one I’m marrying if you happened didn’t suggest for our engagement since he always suggesting to be get married to me to my father that if I happened still not married when I’m 18, he will be the one but then my father always rejecting his offer because my father will respect my decisions.”

“Eh?”

“I guess that man already knows and aware that you’re my husband so he was planning to ruin your reputations and everything along with my relationship with you Woo Jin without knowing that I don’t love you yet that time. By the way, did he put any sleeping pills or drugs in your wine?”

“There’s no flaw Ina and I already investigate it but there are no mishaps so that’s why I made a conclusion that it’s my own mistake for being drunk”

“You’re so naïve Woo Jin”

“Eh?”

Right away Ina calls his cousin and Aki answered her right away.

Ring, ring, and ring

“Hello Ina, what’s wrong?”

“Bro Aki, can you investigate about that day before Woo Jin got to sleep with that Miss Yu?”

“Sorry, Ina but I can’t do that since R is the one protecting the security of S Country but don’t worry someone can help you and by the way, when are you going to the Jun House?”

“I see and thanks to that one Bro Aki, oh right, I’m already here but how come it related to them?”

“It’s because Ma’am Rei is a full Ceno and all Ceno Citizens have R email on their valid IDs because they were all R priority, so ask help from Ma’am Rei, Ina.” ‘After all, Ma’am Rei is R’ the latter part is only from his mind since it’s always a secret, and he just lucky that he knows R identity because of his Master and Bestfriend, En.

“I see and thank you Bro Aki” then both of them hanging up the phone at the same time.

End of Call

After hanging up the phone, Ina didn’t run around the circle and say it to Rei straight to the point “Mrs. Jun, Bro Aki just suggests to me that I will ask help from you instead of him after all you’re a Ceno while he can’t since S Country is protected by R.”

Woo Jin interrupts right away and asks when no one in particular “eh, Tae Woo’s wife identity is R?”

After hearing it from Woo Jin, the couple got shocked and surprised because he really guesses it well, luckily both of the Jun Couple have poker faces, so the Wong Couple didn’t get suspicious.

“Woo Jin you’re really an idiot one and we just need Mrs. Jun help because she’s a Ceno, so that’s the reason why and not because Mrs. Jun is R”

“Ah, I see” Woo Jin agreed right away even though he is really right.

“Sorry for that Mrs. Jun and Woo Jin just overthinking but can we ask your help then?”

To avoid being caught by them especially Woo Jin who just guess it right, Rei replied calmly “yes I will help and I’m going to email R right away”

“Thank you, Mrs. Jun”

At the same time Rei email right away to her own self to avoid being caught.

[Hello R, this is Jun Lou Rei former Din Lou Rei, I’m a Cenno and need your skills to help my husband friend Wong Woo Jin during the time before sleeping with Yu Hannah.

Thanks in advance] at the same time Rei put a command on her system that she will receive her own message after 5-8 minutes while said to Ina.

“Mrs. Wong I already send the email to R”

“Thank you Mrs. Jun and for now while waiting R reply, Woo Jin you need to know something”

“Eh?”

“Yu Anna, that’s your daughter name from Miss Yu and I’m her Neurologist”

“Eh, you’re her neurologist but why?” Ask since he didn’t listen the moment Rei and Ina talk about this a while ago since he was in a daze and shocked for knowing that he has a kid aside from his wife.

“Anna only has one-week of memory and after it will erase automatically to her brain and forgot everything if she happened not taking notes or memento…….” then Ina explain everything to Woo Jin without minding that she’s disclosing her patient’s medal records after all Woo Jin is the biological father of Anna.

After listening to everything from his wife, Woo Jin concludes right away “I see, and let’s meet them. I know it will be awkward for sudden visits but I’m still Anna’s father, so I need to be sure that she will be alright and Tae Woo you already meet them, so can you go with me? Not today because I heard from your wife that you will be going around 9 am and it’s already 8, so maybe this coming Sunday if you’re free, right?”

“About that Woo Jin...”

“What’s wrong Tae Woo?”

“I thought that you’re really a bad friend of me so after my wife know about you, she suggests right away to Miss Yu to move out in order just to protect her and Anna from your clutches”

“I see and no worries I understand it, after all, I’m really a bad friend of yours that time but I won’t do that again so are you free this coming Sunday?”

“I will inform you if I have free time and....” Tae pause for a moment just to write something and then give it right away to Woo Jin “here and this is my number Woo Jin”

“Thanks, Tae Woo and....” at the same time Woo Jin also pause for a moment and get something from his pocket then give his business card to Tae “this is my number, Tae Woo”

Ina can’t help but commented out loud “what the heck the two of you doing? Both of you are too formal with each other and it’s like you’re just changing contact details for business transactions purposes only.”

“.....” Both got speechless because this is really normal for them and this is how they interact with each other.

“Alright, I won’t mind that one Woo Jin and Tae, so for now let’s....” Ina got interrupted.

Chapter 512 - Vol 7: Ch 512 – It’s been 25 years

“EM, EM, and EM” the notification sounds of Rei’s phone as receiving the message as R while the Wong’s couple looking where the sounds came from.

“That’s my phone and I guess R already replied to me”

“Eh, really and what’s R’s reply?” Ask both Ina and Woo Jin at the same time meanwhile Tae just got speechless because his wife really knows how to act very well.

“Wait let me see it” then open her own message and continue “this is R reply, R said that R will automatically sending an email to Mr. Wong after investigating that incident and will receive the email 10 minutes from now and only that one what R reply” of course Rei didn’t read her message, after all, she’s R and just command her system again that will send the report that she investigates about Woo Jin yesterday after 10 minutes.

“.....” Ina got speechless.

“R really priority the Ceno Citizens, huh and here I thought that R real identity is you Tae Woo’s wife”

“That’s what R said Woo Jin and if my wife happened to be R, then she will be more amazing right?” Tae saves his wife right away because his wife doesn’t know how to lie but only knows how to keep secrets very well and just making excuses instead of telling lies.

“Right Tae Woo and I’m just overthinking after all your wife is a former Head Secretary of CA International and Group Company then now the Artist Manager of CA Entertainment, so if she’s going to be R then for sure your wife might be a superwoman at all”

“Right, right but she’s already a superwoman for me Woo Jin”

“Geez, you’re showing off again”

“Ha, ha, I know and I can’t help to show off after all I’m proud of my wife”

“.....” Woo Jin got speechless because of Tae but then to their surprise Ina answered Tae and save her husband.

“For now it’s your time to show off Tae but later on it will be us because we will be showing you how are I and Woo Jin in love with each other and you need to wait that day to come since I will surely say to you that I’m lucky to choose Woo Jin over you”

“...” Tae got speechless this time.

After noticing that Tae got speechless, Rei said right away “ha, ha, ha that will be for sure Mrs. Wong after all you’ve been married for 15 years already so it will not be surprising that you will love each other deeply but it doesn’t mean that we will be defeated after all I’m really thankful for what the two of you did because Tae becomes mine and now my husband, so thank you for that”.

“Thank you, Hon,” said while c.a.r.e.s.sing his wife’s face before giving a passionate kiss without minding that the Wong couple is with them right now.

“.....” Both the Wong got speechless.

Then Tae said to them after kissing his wife passionately “that’s my feeling when I witness the two of you kissing in front of me during that time, so how is it?”

“Geez, you’re really an idiot Tae Woo and ....” Got cut off because he got a message and he opens it right away, then reading it aloud. “Oh R is really fast huh and this is I got. It’s all Mr. Geo Smith’s plans but got failed to ruin my reputation and relationship with Ina since he entered the room the moment I got out. R got everything including CCTV’s footages”

“Then let’s sue that man Woo Jin”

“No, and it’s alright Ina because if we will then they will know that I have an illegitimate daughter and it will cause commotion to our family business so it’s enough for us to know the whole truth, okay?”

“But I don’t care what the public’s opinions as long as that man will be punished.”

“Yeah same for me and I don’t care about the public opinions as long as Mr. Geo will be punished for what he did but what about you and our kids then? I rather chose not to let my wife and my kids implicated, so we will not sue Mr. Geo, okay?”

“..... okay, I understand Woo Jin but promise me that it won’t happen again that you will sleep with another woman aside from me, okay?”

Woo Jin c.a.r.e.s.ses his wife’s face while confessing his love without realizing he did after all he always dream to do this every day to his wife “I promise Ina because you’re the only one I love. You might not aware but I’ve been in love with you since the day I suggest that engagement of us. I love you, Roux Ina, I really love you and ....” Woo Jin just realized it now and suddenly blushing because he just confesses what he feels to his wife without realizing it.

“He, he, and it’s my first time hearing that one Woo Jin,” said while wrapping her arms to Woo Jin’s neck and going to kiss him but got stop by someone.

“Rei, eh, sorry Woo Jin I didn’t mean to stop you”

“T—— That’s alright Auntie Jun”

“That’s good then and here I thought that I did disturb you but then Rei it’s already 8:30 am, so I’m going to ask if you and Tae have work today?”

“Ah, right and we need to be at the studio at 10 am, so thank you for reminding us Mom”

“No worries” then Tae’s Mom leave them right away.

Tae teasing the couple after his Mom’s out of sight “you can continue what you did a while ago Woo Jin and Roux”

“Idiot,” the Wong couple said at the same time while Tae laughing wholeheartedly.

“The last time I saw you being laughing this freely Tae Woo was before we become a 1st grader and both of us were still 5 years old at that time so it takes 25 years for you to laugh freely and it’s my fault”

“Idiot and it’s already in the past so let’s bygones be bygones, okay?”

“I know but I can’t help it because it’s my fault after all”

“Alright and let’s eat breakfast after all it’s been 25 years since you didn’t taste the food of my Mom’s cooking right?”

“Yeah you’re right Tae Woo and I Miss Auntie Jun cooking”

Tae realized something and said, “it’s been 25 years since you last saw me laughing freely and it’s also been 25 years since you last taste the food of Mom’s cooking so it means that my wife that time was 2 years old, huh.”

“And what’s the point realizing that one, Tae Woo?”

“Nothing in particular and it’s just that when my wife is 2, both of us is 5 years old while Roux is 7”

“Huh?”

“Don’t mind me Woo Jin and for now wait for us since we were going to take a bath first”

“Okay”

Chapter 513 - Vol 7: Ch 513 – Wear it for me Hon

Right away the Jun couple leaves the Wong Couple alone in the living room but before entering their room, Tae told his Mom that they were going to take a bath so he let his Mom entertain Woo Jin and his

wife hence the two of them are their guests and in order not to be rude he will let his Mom entertain them.

After 15 minutes, the Jun Couple did already done bathing and they're already in the dining area and already eating along with the guests. All of them eat silently and they go down together.

"Sorry for visiting the two of you at such an early hour, Tae and Mrs. Jun"

"No worries"

"Let's go Woo Jin"

"Oh, you're going to ride with me?"

"Of course you're my husband and I already told you that I will be now a proper wife to you, remember?"

"I see but your car?"

"I will ask the butler to get it here and so let's go"

"Okay and Tae Woo, don't forget to inform me if you're available next Sunday and what time you're available, okay?"

"Okay" then the Wong couple leaves them not walking hand in hand since Ina clinging to Woo Jin's right arms.

"Ha, ha, ha, Mrs. Wong really love Mr. Wong without her knowledge, huh"

"Yeah and they are both idiots for not realizing that one"

“Right Tae and it might because they are both lacks communication with each other even they have been married for 15 years”

At the same time, Tae opens the car for his wife to hop in followed by him on the driver’s side then starts the engine right away. They arrive in the studio 15 minutes before 10 am and everyone from the Team didn’t get surprised that the couple arrives almost late after all they are a married couple and just think that they might have a long night with each other that causes them to almost got late.

Their Team Schedules for the whole day today go smoothly and went smoothly. The couple is now inside the house.

“Hon, let’s meet up with Woo Jin on Sunday to go to Miss Yu’s residence after the mass, okay?”

“Eh, we were going together?”

“Silly and of course we will because you’re my wife. Though it will be awkward since both Roux and Miss Yu were both my exes”

“Yeah it will be awkward for sure and only Miss Dannie missing. If we were happened to meet Miss Dannie while we were with Miss Yu and Mrs. Wong then for sure it will become a gathering of your ex-girlfriend Tae.”

“Right and it would be too much coincidence if that will happen but then you’re not my ex, Hon”

“I’m already your ex because I’m now your wife, right?” Rei said while wrapping her arms around her husband’s neck.

“You’re my wife but you’re still my girlfriend at the same time, you know” Tae replied while wrapping his arms around his wife’s waist but not so tight then whispers to his wife seductively “Mrs. Jun, can I eat you up?”

“Silly and why do you ask when you already have full permission to eat me up, right Mr. Jun?”

Automatically Tae swiftly carries his wife and lays on the bed then eating her up not once but thrice. When they're going for the fourth round they stop since they heard a knock from their room.

"Who is this one who got the courage to stop me from eating my wife, huh?"

"Silly, it might be Mom, Dad, Ken or Ellyn after all we're not the only here"

"Right but let's ignore it and I will continue eating you up"

"Silly Tae and go open the door because the twins might be looking at us"

Then Tae left with no choice; get up from Rei then picking up his pants from the corner of the bed and wearing it without minding that he misses one thing meanwhile Rei just laugh at her husband reactions because someone interrupt them and said to him right away while wearing her clothes and not missing anything.

"You can always eat me up you know"

"Yeah I know but I will be enlisting in May so I only have days left to eat you up and wait for two years before eating you up again, you know" Tae replied while approaching the door then open it and said "geez Dad it's you"

"Why are you mad? Did I interrupt the two of you?"

"Yeah you really are Dad, so what is it?"

"It's almost 8 pm and you need to eat your dinner especially to Rei since she's pregnant with your youngest after all. Ken and Ellyn are waiting for the two of you, they still didn't eat instead they're working with their homework"

"Okay and we will follow"

“Right now Tae, okay?”

“Uh-uh” then his Dad left right away while Rei already at his side.

“Geez Dear you’re so moody today and here you need to wear your shirts”

“Wear it for me Hon”

“Okay” then Rei put his shirt on him while listening to her husband.

“Hon, can I suggest something if it’s okay with you?”

“Yes, and what is it, Dear?”

“Can we do it today for the whole night? I know your now 4 months pregnant but I will be gentle and then on the next night until the day I got enlist can we do it not just for 5 rounds but around 7-10 rounds?”

If it’s the Rei before getting used to Tae being like this for sure she will be embarrassed by now but then now it’s very different because she’s already used to it, after all, she’s been with Tae and a wife of him for more than a year already, so she replied calmly without feeling embarrassed after her husband query “okay and for tonight if we were sleepy, we’re going to sleep, okay?”

At the same time after hearing his wife reply, Tae’s laugh and commented out loud “you’ve really become bolder and shameless nowadays Hon”

“I don’t know if that’s a compliment or not but who’s at fault that I’ve become one, huh?”

“Of course it’s me because I’m your husband after and that’s a compliment Hon but then you only need to be a bolder one or shameless with me in our room because I might lose control and then speaking about of lose control let’s get out of here now before I will lose it again”

“Geez you really need to control yourself, Dear, after all, you will be away with me for 2 years so you need to control it, okay?”

“Ha, ha, ha I don’t know about that one Hon but it won’t be a problem because I will just masturbate in the restroom while imagining you to relief my own self or just having a cold shower every night for the whole 2 years of my enlistment”

Rei got speechless while elbowing her husband because he is being shameless again.

“Ha, ha, ha and although you’ve become bolder and shameless you’re still shy Hon, so you still need to be bolder and shameless than you are now.”

Rei suddenly thinking something and then touch her husband partner while she said to him “silly I’m not shy anymore and it’s just that I imagined you masturbating in the restroom or either having a cold shower, so that’s all okay” then let go of her hand and leave her husband speechless. “You too Dear, you still need to be more shameless because I’m already a bolder and shameless one since you teach me to become one after all” then Rei seductively winking at her blushing husband.

‘My, my, I need to prepare myself. Geez, Rei, you caught me off guard again but still, I’m lucky for you to become like this after all you become like this because you love me’ Tae thinking while calming down his partner before following his wife to eat their dinner. When he arrived at the dining area, he sees his wife looking at him teasingly again. ‘Let’s see, after dinner, I will really punish you for teasing me like this, Hon.’

Chapter 514 - Vol 7: Ch 514 – Rei got punish for being a teaser

Right away, Tae seat down beside his wife while ignoring his wife since he got teased by his wife again because the moment he sat down Rei slip her hands from his pants and touch his partner again. Tae almost groans the moment his wife touches him but then he controls himself because the kids are with them and he just surprised again because if it’s Rei before she will surely and never do this after all the kids are with them and most of all they are eating. Then Tae almost got choke when he heard his wife.

“Ah, right I forgot to wash my hands” then Rei slip out her hands from Tae’s pants and stand from her seat.

“Eh, did you get dirty Auntie Rei?”

“Not a dirty thing Ken but I did hold something that I need to wash my hands”

“Geez Auntie, are you a kid? Also, Mom always said that one thing, that Mom didn’t dirty her hands but she needs to wash her hands because she did hold something, so what’s that, something Auntie?”

Rei making excuses right away after all she forgot that the kids are with them and just realized it now  
“I’m just playing organ before going out Ken so that’s why Auntie needs to wash her hand”

“I see and you really need to wash your hand Auntie after all you might get a germ” Rei didn’t reply since Ellyn suddenly butted in.

“Eh, you have an organ Auntie Rei?”

“Yes I have but it’s only an app so I only play it on my phone”

“Then, can you teach me, Auntie Rei?”

“I’m still a beginner of it so just ask your Uncle here, after all, he knows how to play the organ”

“Uncle Tae, please teach me how to play the organ, okay?”

“Cough, cough” Tae got choke this time.

“Eh, are you alright Uncle Tae?” Both ask Ellyn and Ken while Rei just escapes after all she didn’t realize that’s the kids are with them yet teasing her husband boldly so she reminds herself.

‘Next time just tease and become bold to your husband when you’re alone and inside the room. Tae is really right and I need to mind it or else it might become a habit of mine.’ She reminds her own self while washing her hands and then seat down again as if nothing happened awhile ago. On the other

hand, Tae just answered normally because he knows that his wife must be scolding her own self for forgetting that the kids are with them, and yet she becomes bolds just now.

“I know playing the organ but only if I’m in the concerts halls after all organ is bigger compared to the piano, so I guess I can teach you piano Ellyn”

“Eh, really and you’re going to teach me playing piano Uncle Tae?”

“Yes I will but only after I got discharged from my enlistment, okay?”

“Okay”

“Hey, hey Ellyn you need to slow down okay, because we don’t have a piano after all and what are you going to do just to own a piano, huh?”

“Geez Bro Ken relax I won’t ask anyone to buy me a piano after all I have a phone and I will just install it and let Uncle Tae teach me using the apps”

“Ah, I see and here I thought that you’re going to ask your rich young master boyfriend”

“Auntie, Bro Ken teasing me again”

“Ken”

“Sorry Ellyn but I guess you can ask Bro Jinyu after all you will be turning 6 this coming June”

“Geez I won’t do that Bro Ken because it’s not a good idea at all and don’t tell that one to Jinyu because for sure he will buy it without blinking an eye”

“Okay, I won’t” but Ken has other plans.

Then the family is eating their dinner while chatting then, Rei washing the plates meanwhile Tae excusing himself from his wife because he still needs to calm himself down because of her teasing without knowing that Tae had a plan. The kids just finished their homework before going to sleep.

“Auntie Rei we were going to sleep now”

“Good Night Ken and Ellyn”

“Good Night Auntie Rei”

After washing the plates, Rei entered their room but only to see it's dark.

“Tae, are you here and why did you turn off the lights?” Rei asking while looking for the switch to turn the lights on but then suddenly someone yanks at her and puts her on top of the bed.

“You've been teasing me a while ago so now I need to punish my naughty wife”

“He, he, he, I see, and what kind of punishment then?” Without replying to his wife Tae suddenly attack his wife that causes Rei to m.o.a.n very loud and luckily the room is soundproof or else they will be got caught because of her very loud m.o.a.n.

“That's so loud Hon”

“I— I know and please be gentle Tae because I'm pregnant after all”

“Yeah I know or else I already attack you more and more” then for how many rounds, they did it again and again. And now it's almost 4 am but Tae still not satisfied but needs to stop because Rei already got tired from doing it though she can go for the whole night but she can't, after all, she still pregnant.

“Tae it's already 4 am and I'm tired, I know you're not satisfied yet but we need to stop, okay?”

“O—okay” then Tae lay down and put Rei on his shoulder “sorry I didn’t notice the time”

“It’s alright because you’re very gentle to me after all. Neh, Tae?”

“Mmmm”

“I almost let Ken and Ellyn know the a.d.u.l.t matters when in the first place it’s very wrong for me but luckily I have a valid excuse so to pay for being a reckless one, let’s buy a piano for Ellyn, okay?”

“Yes and I’m going to suggest you that one after all I know you very well Hon and you might blaming for yourself but I guess Ken had a plan.”

“Eh, but he won’t tell Jinyu that one after all Ken promise Ellyn that he won’t tell anyone that one.”

“That’s not what I mean”

“Eh, and what do you mean then?”

“Last month, when you and Ken go to C Country for 1 day only, I notice a pamphlet for Math Fair at Ken’s bag and it seems Ken and Jinyu are both representatives for S Elite Academy and it will hold next week, so do you know what the prizes are?”

“Oh, Ken said that one to us when we are in C Country and informs us that the prizes are Piano, Electric Guitar, and Free Tuition Fees. So don’t tell me Ken wants to be a champion of Math Fair quizzes just to get the Piano?”

“Yeah it seems that way”

“I see and but they will receive 2 pianos so who will be the other one then?”

“Are you really asking me that one Hon?”

“Yes I did and I don’t know after all I’m a human, okay?”

“Ha, ha, ha you really have many weaknesses Hon but well for sure Ken will suggest Jinyu give the piano he win to Ellyn while Ken will give his piano to Lynel after all Ren’s only interested in music as his hobby compared to Lynel who’s already debuted last month”,

“Whoa Tae and you already know them well huh”

“You just know that one?”

“Of course I already know that one and let’s sleep now since we will be awake at 6 am to prepares foods”

Chapter 515 - Vol 7: Ch 515 – Ken and Jinyu, such a loving elder brother

As Tae predicted, that night after entering the boy’s room, he calls Jinyu right away.

Ring, ring, and ring

“Yes hello, and what’s wrong Ken?”

“Bro Jinyu, the Math Fair will be next week”

“Yeah I know and why, are you now afraid Ken?”

“Of course I am since it will be our first competition together but then let’s go for the championship, okay?”

“Eh, I thought we were going for the 3rd place since Bro Yuki got disqualified for the scholarship next school year term because he only got 84% marks for Math, right?”

“Yeah that’s our plan first but then I remember that Lynel already debuted last month and she will turn 6 this coming June so the piano is the right gift for her, after all, it’s inclined to her. As for Bro Yuki, I will just ask Dad to sponsor Bro Yuki.”

“Silly your real identity as the eldest heir of Jang Corp is a secret right?”

“Yes it is”

“Then don’t do that and ask your Dad that one or else they might have an idea that you’re the eldest heir after all you’re bearing the Jang last name”

“Eh, then how about Bro Yuki free tuition fees?”

“I’m also going to suggest the same thing but then Bro Yuki might refuse our offer after all he didn’t become our friend because of our money or whatever background we have so instead of asking our Dad for his scholarship then let’s the two of us be also the representative for Universal Language Fair and aim for the Free Tuition Fees, so what about it?”

“That’s a good idea Bro Jinyu but did you forget that Free Tuition Fees is a prize for being champion in Universal Language Fair and both Bro Jinxi and Bro Yuhan is the representative for that fair?”

“No worries since they will be both happy for that if we become the representative for Universal Language Fair after all they were also aiming for free tuitions just in case we lose the competition for Math Fair”

Jinxi who just happened to visit his brother’s room because he needs to request something from his brother heard it and interrupt right away.

“Eh, really Bro Yu, did I heard it right that you and Ken want to become the representative for Universal Language Fair?”

“Yeah you heard it right but what’s wrong?”

“Thank you, Bro Yu, Yuhan and I both want to request you and Ken to replace us after all you need to be the champion for Universal Language Fair but it’s too high for us and we can also not assure to win 3rd Place if we exchange for Math Fair so we decide that if we’re happen to lose and then the two of you become the champion instead of 3rd place, we will ask from our parents to sponsor Yuki without letting him know after all he will reject our offer if it happens he knows that it came from us but I guess it’s not a problem anymore since you and Ken want to replace us and so thank you Bro Yu and Ken, and I’m going now, after all, I’m done with my purpose by coming to your room Bro Yu” then leave right away while laughing that cause for both Ken and Jinyu got speechless.

“Ha, ha, ha, Bro Jinxi really has the same presence as my younger brother Ren”

“Told you that they will be happy and so we will tell the teacher in charge for the Universal Language Fair”

“Okay, and we must win. I still didn’t ask permission from Auntie Rei that I’m going to stay at your house tomorrow before the competition but I will do so in the early morning.”

“You must Ken because we will both be brainstorming our brain starting tomorrow until one day before the competition so that we will win and by the way speaking of the prize, we will both receive each Piano if we both win and you’re going to give your winning prize to Lynel, so as for me, can I give it to Ellyn then?”

“Eh, really Bro Jinyu, and if you will then Ellyn will be happy for sure”

“Yeah, I will and so how about the other free tuitions if we win the other fair then?”

“Geez Bro Jinyu don’t worry it will be reserve for Bro Yuki just in case he will get 84% again and will disqualify his scholarship again”

“Silly and the free tuition fees we will win will be expiring after graduation as you know.”

“Eh, it doesn’t require any grades and marks?”

“Sometimes I do really wonder if you’re pretending to be dumb or not, Ken”

“I don’t really know Bro Jinyu and I only read the front page of the pamphlet you know”

“.....”

Ken right away get his pamphlet and skimming it right away “ha, ha, you’re really right Bro Jinyu and it says that the validity will only expire after graduation without any marks and grades require.”

“You just read it now you know but well how about the other prize then?”

“It’s up to you Bro Jinyu”

“Geez, I will let you do that because what if the ones needed are happened to be a girl, Ellyn will be jealous again, so you decide, okay?”

“Okay and for me not to trouble with it, I will just give it to our adviser and let her problem with it.”

“...”

“Ah right, why did S Elite Academy will not consider Bro Yuki scholarship even he only got 1 mark of 84%?”

“Geez I also didn’t understand why they won’t consider Bro Yuki but then all of us heard it that S Elite Academy will always stick to their rules and regulations and so even Bro Yuki got an average of 85% and up, his scholarship will automatically be revoked if he happens to have 1 mark of less 85%, so that’s why he got disqualified because of his 84% Mark in Math.”

“Mm yeah so then we really need to win and we are now aiming for both the free tuition fees and piano prizes”

“Yeah and let’s do our best Ken”

“....”

“Ken?”

“....”

“Geez, silly he must be sleeping again while talking to me. Good night Ken” then messaging Ellyn good night before sleeping and went to his dreamland.

On the next day, the Jun Couple wakes up around 6 am even though they are sleeping very late because of their night activities and then Ken wakes up after the couple.

“Auntie Rei?”

“Yes, Ken?”

“Starting tonight I will be staying at Jinyu house until the competition day for preparation”

“I see and do your best Ken”

“Yes I will Auntie Rei and Auntie Rei if I happened to win, can you give me a reward?”

“Yes I will and so what do you want?”

“An electric guitar and I will give it to Ren”

“Eh, for Ren but how about your own rewards Ken?”

“I don’t need anything Auntie Rei because I already have all of you”

“I see and you’re such a loving elder brother Ken”

“He, he, he, t—thank you Auntie Rei and I’m going to take a bath now” then shyly running away because he got praised by his favorite Auntie.

“Ken will be a loving husband someday”

“Just like you Tae?”

“Mm just like me but Ken is not my Son you know”

“....” Rei got speechless

Chapter 516 - Vol 7: Ch 516 – The Wong’s Kids meeting their bias personally 1

Both the kids are now taking a bath meanwhile both the Jun couple preparing their breakfast when suddenly Tae asking something out of sudden.

“By the way, Hon, are you alright?”

“.....” Rei got speechless while blushing.

“Are you alright?” Ask again since they only sleep for less than two hours after all.

“I’m alright but Mr. Jun you need to control yourself after all your wife is currently pregnant”

“Sorry Mrs. Jun but your husband can’t help it, you know”

Rei changing the topic right away “by the way, did you inform already to Mr. Wong about where are we going to meet?”

“Ah, that I almost forgot that one, and thanks for reminding me Hon” then give a peck to her lips and got his phone to message Woo Jin meanwhile Rei continue what she’s doing.

[Woo Jin; let’s meet this coming Sunday at exactly 10 am at SB-SW Snack-bar and Coffee Shop]

[Okay copy and are you bringing your wife with you?]

[Of course or else it will be awkward for me since I’m going to meet my two ex-girlfriends after all]

[How did you know that I’m bringing Ina with me?]

[The two of you already become a real husband and wife after all so there’s no doubt that you’re bringing your wife with you]

Woo Jin didn’t reply right away because he is right since they are now husband and wife, in fact, the two of them are already sleeping beside each other after their night activities.

“Good Morning Woo Jin”

“Are you alright?”

“Not at all and what about your work?”

“Silly no problem at all and they can manage without me”

Ina didn't reply and just snuggle to his c.h.e.s.t while asking him “why are you holding your phone then?”

Woo Jin got amused and almost drop his phone to his face then replied right away “Tae Woo inform that we will be going to meet them on Sunday at 10 am at SB-SW Snack-bar and Coffee Shop”

“I— I see”

“Aside from you, Woonna and Wooji, I only have Tae Woo and my secretary numbers so you can relax”

“...” Ina got speechless and hides her face to his c.h.e.s.t because she got caught red-handed by being jealous.

Woo Jin replies to Tae right away [yeah we are now truly husband and wife, thank you for both of you and your wife] then puts his phone to the desk and devours his wife again.

On the other hand, Tae has just done reading Woo Jin's message while smiling and inform his wife.

“Woo Jin said that they are now truly husband and wife and thankful for both of us, Hon”

Rei did already done preparing the plates on the table and heard her husband “that's good for them and at least Mrs. Wong already know her feelings towards her husband”

Then Tae approaches his wife and gives a back hug then said to her “you're the only one I know who's so very calm to meet the exes of her husband as far as I know.”

“It's because I'm already your wife and so it means I'm your present and future while your exes your past”

After hearing that one from his wife, Tae whisper to his wife seductively “can the two of us going to be absent today, can we?”

Rei blush while elbowing her shameless husband “go and tell them that breakfast already ready”

“Yes, Hon” reply while c.a.r.e.s.sing his stomach that got hit by his wife’s elbow. “By the way Hon, I’m really serious and I want us to take a rest because we only sleep for less than two hours after all.”

“We will be fine Dear after all the team only have 2 scheduled appointment for today, one for a live performance at 10 am and then radio appearances at 2 pm” and the reason for only 2 schedules for today when in fact they have full schedules before enlistment date is because the two studios are both opposite to each other which is the other one for the north and the other one for south so they mostly use the time for travel.

“Ah I see and that’s why you agreed with more than 5 rounds last night since you’re the Time Manager. Is that considered cheating, Hon?” There’s no reply from Rei since she’s now busy putting the rice and dishes on the table meanwhile Tae just laughing because of his wife’s antics.

“What’s so funny Tae?”

“Because of you Hon”

“Huh?”

“Never mind Hon”

Rei thinking out loud ‘what’s wrong with my husband all of sudden?’

“Nothing’s wrong with me Rei, my wife”

“Eh, you just read what I’m thinking?”

Tae laughs hard and shaking his head while said to her “no I didn’t read what you’re thinking but I heard you, Hon since you said it loud.”

“...” Rei got speechless.

Tae just smiling at his wife’s actions and then leaves his wife since he is still going to tell his parents and the kids that breakfast is now ready. Afterward, the family members eat together, and then the Jun couple leaves first followed by the kids since they got picked up by Jinyu after the Jun couple leaving the house. The M’dols Team arrived at the studio and go for rehearsal before leaving the studio.

For the whole week, the M’dols Team Members are all busy because their enlistment date getting nearer and then Sunday arrives. The kids, the babies, and the Jun couple are now inside the church, of course, Ken got the drive and escorted by Butler Yan and waiting in the car since they are still in preparation for the incoming school competition.

After attending the mass, Ken leaves first, and then the couple drops Ellyn and the twins at home since they will be meeting Woo Jin.

30 minutes before 10 am, the couple arrives at SB-SW Snack-bar and Coffee Shop. Before getting out of the car, Tae messages Woo Jin first.

[We’re here Woo Jin]

[You’re early Tae Woo and get inside. Table for my name and we’re inside waiting for the two of you]

[Noted] then Tae put his phone in his pocket and inform his wife. “Let’s get inside Hon”

“Okay”

“Eh, eh, eh M’dols Woo and Ma —- Manager Rei,” said both Woon and Wooji.

Chapter 517 - Vol 7: Ch 517 – The Wong’s Kids meeting their bias personally 2

After knowing where they are going to meet and what time, Woo Jin called his wife and the kids inside the study room to inform them and of course to discuss.

“Uhm, Dad why are you calling us? Did Wooji or I make any mistakes for you to call us in here?”

“No, and both of you didn’t do anything wrong”

“I see but then why we are here?”

“I need to tell something for the two of you and hope both of you will not hate Dad after hearing it, is that alright?”

“E—— Eh, t——then what is it, Dad?” Woono got scared but still brave to ask her Dad meanwhile Wooji already crying because he thinks that maybe, maybe his parents going to divorce and he will separate from his Sister.

“Why are you crying Wooji?”

The youngest Wong replied in between of his sobs “Dad you can tell anything to us except for getting divorce with Mom and trying to separate me from Sis, okay?”

Woo Jin press his brows and replied to his Son “I won’t divorce your Mom and you will not get to separate with your Sis but you need to know that you have another sibling aside from your Mom because Dad make a mistake”

“Eh?”

Woo Jin explains everything to his kids because he doesn’t want them to keep in the dark and being hidden without knowing anything and then they will just hear it from anyone that causes the family to break.

“So is Anna is alright, Dad?”

“I still didn’t meet her but your Mom knows about her condition because Anna is happened to be your Mom patient. This coming Sunday we will meet them and both of you will be coming with us”

“Okay Dad”

“Dad, Dad”

“Yes, Wooji?”

“So I’m not the youngest Dad?”

“You’re still the Youngest Wooji because Anna is your half-sister and .....

Out of a sudden Wooji got happy “yes and I’m now an elder brother. I don’t care if Anna is my half-sister because I will treat her as if my biological sister.”

“.....” All three got speechless and become more speechless when Wooji practice how to greet his unknown Sister.

“Anna, Anna I’m your Elder Brother Wooji, and call me Bro Wooji” practice and practice while smiling like an idiot.

For the whole week, Wooji always asking his Dad of when he’s going to meet his Sister and always practice how to become a proper older brother after all he is the youngest and got spoiled by his Sister. On the other Woonna just don’t know what to do because her younger brother forgot something important but seeing Wooji reactions, she stops reminding him and instead just make preparation just in case her brother forgot that one.

The day arrives and they are now inside the premises one hour before 10 am.

“Dad, when are they coming?”

“We will visit Annie at their house and for now we are waiting for my friend because they will help us in order to avoid being awkward when we are there”

“Dad, Dad, why are we waiting for your friend instead of visiting my sister right now?”

“Wooji, you’re really an idiot one and Dad already told us that Dad’s friend is the one who knows it first, so in order for the surroundings not to be awkward we need their bits of help from Dad’s friend, after all, it will be really awkward if it’s only us, do you understand now?”

“Huh, and what do you mean Sis?”

“If I put Anna on your stead and then we suddenly visit at your house, your half-siblings and you’re unknown Biological Father, what are you going to do then?”

Imagining the scenes and suddenly realized what’s wrong “ah, that’s right”

“See and now eat your cake before I’m going to snatch that one”

“Geez Sis this is mine”

“Just kidding” then both Woono and Wooji eating their snacks while waiting for their Dad’s Friend.

“Ina, are you alright?”

“I’m alright and it’s your fault for tiring me for the whole night”

“Not my fault you know since you’re the one asking me more and.....” got stop because Ina pinching his tight and he whispers to her “you’re going to wake up the sleeping dragon, Ina.”

“Pervert”

“Only.....” got stop since someone already knocking on the door. “Come in”

“Did you wait .....” Tae got interrupted by the kids.

“Eh, eh, eh M’dols Woo and Ma --- Manager Rei,” said both Woono and Wooji.

“.....”

“Yes, it really M’dols Woo and Manager Rei” and then the two become a fan mode that they suddenly grab a notebook and pen out of nowhere since they always bringing this with them after all they didn’t

know when they are going to meet their role model before approaching Rei. “Manager Rei can we ask for your autograph?”

“Eh, my autograph and not my husband’s autograph?”

“Yes, yes Manager Rei, and you are my role model. I also want to become a Secretary then Manager, following your steps.”

Rei smile and got the notebook and pen from them “I see and so what’s your name, young lady?”

“Woono, Wong Woono” then Rei write her name to her notebook with a message of ‘do your best and just become who you are’ then her autograph, italic of her name, Jun Lou Rei.

“That’s unfair Sis and how about me, how about me Manager Rei?”

“No worries young boy, and so then may I know your name?”

“Wong Wooji” then Rei just does the same thing as what she did and writes to Woono’s notebook.

“Ehem” Tae just clearing his throat in order to interrupt his wife and the Wong kids.

“Are you not going to ask my husband autograph?”

“No worries Manager Rei since you’re our role model and you’re Wooji crush, ah right whose Dad friends between the two of you?” Rei just pointing at her husband and then they heard Woono’s comments. “Lucky that Manager Rei is not my Dad’s friends”.

“.....” All a.d.u.l.ts got speechless.

“Eh M’dols Woo is Dad’s friend?”

“Uh-uh”

“I see geez Dad why are you not telling us that M’dols Woo is your friend?”

“.....”

Ina interrupts right away “Woonna and Wooji you’re manners please.”

“Sorry Mom”

“Mrs. Jun and Tae don’t mind the kids and please take a seat.”

“Did you wait too long for us, Woo Jin?”

“Nah not that long but order what you want first and then we’re leaving at exactly 10 am”

“Okay”

Then Tae orders right away and got served after 5 minutes. The friends are talking with each other meanwhile their wife just seating beside their husbands whose busy talking with each other. On the other hand, the Wong kids are always raising their heads and looking at where Rei’s seating.

Chapter 518 - Vol 7: Ch 518 – Meeting her biological father for the first time

Rei along with her husband and the Wongs eating the snacks quietly but she can still sense that the kids are looking at her and so she stops then ask the kids.

“Is there something wrong Woonna and Wooji?” Both the best friend stops their conversation.

Being got caught by his crush, Wooji just looking at his Sister after hearing his crush and looking at his Sister as if saying to her 'Sis, ask Manager Rei please.'

"Manager Rei, is it a dream?"

"It's not a dream Woon and if you want you can seat beside me"

Without replying to Rei, Woon automatically stands from her seats and right away seat beside Rei.

"What the heck, that's unfair Sis"

"Well you're too slow you know"

"..."

Woo Jin laughing at his kids' interactions and said "I didn't know that my kids are both fond of your wife Tae Woo"

"Mm you're right and now I have two additional whom it's your two kids as my rival"

"Hey, they are just kids and that's my kids okay"

"I know but they're going to steal my wife's time"

"....."

"By the way by bringing your kids here, it means that they already know right?"

"Uh-uh"

“I see”

The Family of Wong and Jun are now eating their snacks while chatting and then at exactly 10 am they leave. Both families ride in their own car, Jun is the first one who leaves followed by Wong since he didn't know where Hannah leaves.

After few minutes of drives, they arrive and both park the car.

“Eh, my daughter and she are living here? Is it safe?”

“Woo Jin”

“It's alright Roux since I and my wife also have the same reaction when we visit here in the first place”

They walk right away and go to Hannah's place and now they are standing outside her house.

Of course, Hannah already aware of their sudden visit since Tae already inform her through Rei's message after all it will be awkward if he is the one contacting her except for the Wong kids since both Rei and Tae are also not aware that they are bringing the kids with them.

“Come in Manager Rei and Tae.....eh.....” stop when she realized that they are kids with them.

“Sorry for the sudden visit Ms. Yu but both the Jun Couple is not aware that I'm bringing the kids with me.”

“I— I see, come in Mr. Wong and Doctor Wong”

And then all of them entered her place, at the same time they heard a little girl voice.

“Good Morning Miss Pretty and Mr. Handsome but you’re too early”

“Good Morning” greeted back by both of the Jun Couple.

At the same time, Anna just realized that they are not only them and she suddenly shouts. “Ahhh, F—— Fa——Father…… Geez Miss Hannah, why are you not telling me about this one in advance?”

“I did tell you that one, about your Biological Father, will visit you today together with your Miss Pretty and Mr. Handsome, remember?”

“Ah, I see and here I thought that you’re just kidding that time, Miss Hannah.”

“.....”

“Eh, Doc Wong you’re also here?”

“Mmm I’m here and you’re doing well Anna”

“He, he, he right and, it’s because I have a pretty Doctor but then why are you here? Wait, don’t tell me....” Pause and then going to her room to get something then back again to them after getting something from her room “eh, eh, eh, Doc Wong is my biological father’s wife and then these two kids here are my brother and sister?”

“You got it right Anna. This is Woonah, your elder Sister, and Wooji, your elder brother”

“H——hello” shyly greeted them because it’s their first meeting after all.

Woonah: He, he, he don’t be shy Anna and you just really like your elder brother here.

Wooji: Hey, what do you mean by that Sis?

Woonah: You know what I mean Ji and Anna, come here.

Woonah: You're so cute Anna and by the way can I call you An? (Anna nodded) good, good and you can call me Sis Woonah and you can call him (pointing her brother) Bro Ji.

Anna: Okay Sis Woonah

Woonah: Good, good (retrieve something from her bag and give to her younger sister) here An and belated happy birthday.

Anna: Eh, cookies?

Woonah: Uh-uh and you don't like it? I heard from Mom that you like sweets and I'm planning to bake you a cake but I don't know if you prefer chocolate, strawberry or vanilla flavor so instead of baking a cake, I made you cookies.

Anna: (Listening to her sister while eating the cookies that she already eats everything) he, he, he, it's yummy and delicious Sis Woonah, so can you bake chocolate, strawberry, and vanilla cakes for me?

Woonah: (Surprised) eh, all of it?

Anna: All of it

Hannah: Anna

Woonah: It's alright Auntie Yu and it's my first time baking a cake for my younger sister since I will always bake one for my brother here.

Hannah: Ah, I see but please don't spoil her or else you will regret it later because Anna always demands something if we're talking about sweets.

Woonah: Uh-uh but will no worries after all Anna is my younger sister, Auntie Yu, and Wooji here is already spoiled by me because he won't leave the house yet if he doesn't any sweets made from me, so I'm alright with it if Anna will demand something for me of making sweets for her.

Hannah: (Got speechless)

Wooji: 'Is my Sister is really my sister? She always complains about me to Dad, Mom, and now to Auntie Yu. Is she really my Sister?'

Woonah: (Sense her brother and ask) what?

Wooji: Nothing's wrong Sis and you go ahead.

Woonah: (Looking at her Dad and to her role model, then sense that they are going to talk some confidential and so she said) Dad, I and Wooji going to Anna's room.

Woo Jin: Okay and thank you for that Woonah.

Both Rei and Tae surprised by Woonah's maturity but then again not that surprised after all Woonah is already a teenager compared to Jinyu and Ken.

After making sure that the kids are now inside Anna's room, the a.d.u.l.ts namely Rei, Tae, Woo Jin, Ina, and Hannah are now discussing the Wong's Matters although both the Jun Couple are outsiders with their matters the Wong didn't mind it since they are the one who discovered their matters after all.

Woo Jin is now hearing Hannah's side and after hearing her sides, he suggested it to her.

"Miss Yu, I'm really sorry for what happened and it's because of me you got implicated but I will take responsibility. It's up to you if you will let my name put on Anna's doc.u.ments and everything that Anna's needed I will provide it".

"Eh, t--- that it's really alright Mr. Wong and ....."

"I've been staying in dark without knowing the existence of Anna and it's been 10 years by then so let me, okay?"

"O--- Okay" Hannah leaving without any option agreed but well Anna's really needed it especially for her special health condition.

They are discussing for almost an hour what's Anna well being for her future and suddenly Anna interrupting them.

"Miss Hannah, Miss Hannah"

"ANNA"

"Oops, did I disturb you, Miss Hannah, and everyone?"

Only her parents nodded "oops sorry but well Sis Woona and Bro Ji are both amazing since they are one of the students of the rival of S Elite Academy."

"And then?"

“Can I transfers school where my Sister and Brother are in?”

Before her mother reply, Woonna interrupts right away. “Although I want you to come Ann it will be bad because I can’t protect you even I’m the Student Council President since I will be graduating this coming school terms, to be exact next year and I can only be with you for 1 year before graduating so just stay in S Ladies Academy after all you’ve already have friends in your school and your school is the top 3 after S Elite Academy and our school, right?”

“Yeah I know but I want to be with Sis Woonna and Bro Ji, so can you consider me to transfer? Please?” She’s begging her elder sister like they’ve been closer with each other when in fact it’s their first meeting and with her puppy eyes.

Woonna always has a weakness to her younger brother if Wooji always begging her with his puppy eyes and now her new younger sister is now doing the same thing that she doesn’t know what to do “t— that.....”

“It’s alright Sis Woonna, I still have 4 years in school before moving to S Elite Academy to follow you, so I’m here to protect Anna”

“Wait for a moment Woonna and Wooji, why the two of you moving to S Elite Academy?”

“Oops I slipped out but right Mom, I and Sis Woonna want to pursue our degree in S Elite Academy. Sis Woonna will take the Secretarial Degree to follow Manager Rei’s first career since she can’t be a Manager Artist because of the Wong Corp. meanwhile, I will be taking the Business Management to follow Dad’s steps. As for Anna she already discusses what she’s planning for her career with us in her room and that she will follow Auntie Yu’s steps because she is her role model”

“.....” Both Ina and Hannah got speechless because they didn’t expect that their kids already planning their careers without them knowing.

As for Woo Jin, he already knows what his daughter and son planning to do except for the reason why and he is quite surprised to know it now but then he knows why Woonna pursuing that course, after all, she wants to assist her younger brother and so he replies with his kids “okay I will agree of what you plans but I will remind the two of you Woonna and Wooji that S Elite Academy requires the enrollees to

get 85% marks and above for entrance examinations results and the Wong Corp cannot pull any strings because of the strictness of S Elite Academy.

“No worries Dad” answered both Woono and Wooji confidently.

“Good and as for you Anna, are you still going to transfer knowing that your Big Sister will be going to move school next year and after 4 years your Big Brother will also follow to your Big Sister?”

Anna thinking hard by putting her fist to her chin and then make a decision right away “mmm, since I’m already turning a 9th Grader next school term then I and Bro Ji will follow together with Sis Woono after 4 years, so I’m still going to transfer Father”

“Eh, eh, w—wait, you will be a 9th Grader this coming school term Anna?”

“Yes Bro Ji and although I only have a 1-week memory, I’m still quite smart and so I skip grades two times. I guess I’m the same grade as you Bro Ji after all I heard that your school is not allowing the students to skip grades, right?”

“.....” Wooji got speechless.

Woono replied instead of her brother “indeed it is An but your Bro Ji will be the next Student Council President after me and he is the top student among the middle schoolers so don’t be underestimate with your Bro Ji because he just looks like this but he is quite a monster in terms of studies”.

“Eh, really Sis and Bro Ji is a genius one although he looks like an idiot?”

“Yes, you got it right Ann because he is a genius with an idiot appearance of him.”

“Ha, ha, ha so you really don’t judge the book by its cover, huh”

“Yes, yes Ann and so, are you really going to transfer?”

“Mmm, I will”

'Are they praising me or insulting me?'

"Good and I will process your papers after all I'm the Student Council President"

"He, he, he" laughing suddenly and realize something then ask her Sister "and Sis Woon, what's Bro Ji's current position in your school?"

"He rejects the Vice President position since he is quite lazy and doesn't want to be involved with the school matters without knowing from everyone in school that he is more the Vice President compare to the current Vice President, well it's because of me since he didn't want me to get busy and tired from School Matters, right Ji?"

"Eh, and h — how did you know that one Sis?"

"Do you think I'm blind?"

"....." 'okay, you win'.

"He, he, he, I really have an amazing brother. Ah, wait, who are the representatives for your school fair competition Sis?"

Wooji interrupted right away "he, he, he, of course, it's me, your Big Brother and your Big Sister, Anna"

"Eh?"

## Chapter 520 - Vol 7: Ch 520 – The Undefeated School

Hearing the proudest tone of her brother, Woonna reacts right away “are you bragging Ji?”

“No, no I’m not and it’s the truth Sis but well I’m only the representative for the Universal Language and Math Fair with Sis but then compare to Sis who have monsters genes with her, she’s every representative with a different partner for every fair”

“Eh, eh, every representative and so it means that Sis you’re the representative for:

– Arts and Martial Arts Fair

[Arts Category: Designing, Drawing, and Painting]

[Martial Arts Category: Karate, Taekwondo, and Shooting]

– Cooking’s Fair

[Pasty, Main Dishes, and Side Dishes]

– Cultural and Historical Fair

– Econ Challenge Fair

– Essay Fair

[Short Essay and Long Essay]

– Linguistic and Geographic Fair

– Mfov Ffaz

– Photography Fair

– Poetry Fair

– Science Fair

– Singing Competition Fair

[Solo, Duet, and Group]

– Universal Language Fair

So Sis, are you representatives for every fair?"

"Not every representative and Ji only exaggerating that one because out of 12, I only represent 4"

"What are they, what are they?"

"Arts and Martial Arts Fair category for Women Taekwondo, Cooking's fair for Pastry, Math Fair and Universal Language Fair"

"Wow and how about Bro Ji?"

"Almost the same as mine except for Cooking since he only knows how to eat"

“Same with me, same with me because I like to eat, and are you going to win for those fair Sis?”

“No, I mean I didn’t know after all S Elite Academy is widely known for Undefeated Schools but I will try my best”

“Yeah that’s right Anna, we don’t know what will be our ranking after all S Elite Academy students is always top among us but then we heard that their main branch got beaten from a public school for 4 categories”

“Eh?”

“Not 4 but 5 and it’s the hardest category because the unknown school globally but a known school in C City beaten the main branch of S Elite Academy in Arts and Martial Arts for all category, Essay Fair for both short essay and long essay, Math Fair, Science Fair and then the Universal Language Fair.”

“.....” Both Wooji and Anna got speechless.

“Ah, right that public school is also the champions for the Singing Competition Fair for Solo and Duet Category”

“Sis, which schools defeated the Main Branch of S Elite Academy?”

“Mmm.....it’s C City Public School”

“C City Public School?”

“Uh-uh but well it’s the first time that they defeated the Main Branch of S Elite Academy but as what I said a while ago is unknown globally but it also the top school for the public and the second tier after the S Elite Academy Main Branch.”

“Whatever your ranks Sis, you will be always my number one, so don’t worry okay? Of course, I will help you to win”

“Thanks, Ji but hope we will be lucky this year and win first place after all it’s my last competition before transferring schools”

“I will try my best”

“Sis Woon and Bro Ji, can I cheer the two of you?”

“You can if you’re willing to betray your schools after all S Ladies Academy also competing, right?”

“Right, ha, ha, ha silly of me and I’m also the representative for Photography Fair and Essay Fair for both category”

“Best Wishes Ann / Anna”

“Mm... thank you and at least I’m not going to go against with the two of you”

Both tapping her head and said at the same time “indeed”

“Alright let’s try beating the S Elite Academy”

“All right” all the three kids are raising their right hands and have a determined expression to beat the undefeated school.

—- Meanwhile, when the kids are still discussing their own matters, the a.d.u.l.ts are also discussing the same thing. —-

Ina: Ah, right Miss Yu is also an alumna of S Ladies Academy, right?

Hannah: Yeah indeed I am but for the whole years I've been in S Ladies Academy I didn't join any school fair but the S Ladies Academy is always remaining in 3rd rank.

Woo Jin: As expected for the Undefeated Schools and they really deserve their title. And if we happened to didn't argue that time then maybe I and Tae Woo already have beaten them for the Taekwondo Category.

Hannah: Eh, then don't tell me that Tae is also an alumnus of the second tier school?

Tfu: Irtuut I fq.

Hannah: Eh, then don't tell me that Manager Rei is an alumnus of S Elite Academy?

Tae: Ha, ha, ha sorry to disappoint your views from my wife Miss Yu but Rei is not a student of S Elite Academy but from C City Public Schools and then went to C City College for her bachelor's degree.

All: Eh?

Rei: He, he, he, you're overestimating me everyone and I didn't join any school fair since I'm the type of student to seating down at the corner without letting know my presence.

All: .....

Tae: [Clearing his throat for getting back everyone attention]
