

Last Man 521

Chapter 521 - Vol 7: Ch 521 – The Wong’s and The Jun’s

Everyone is now inside the car, the Wong’s Family, and then the Jun couple along with Hannah and Anna. They just go to WC Mall directly since it’s the nearest location to Hannah’s current place. After several minutes of drive, they arrive and then walking together leaving the passerby jaw dropped because of their stunning looks. Luckily both Rei and Tae didn’t have their usual aura as the Manager and Idol but still, they have stunning looks so they still gained onlookers.

“Even you look normal you still gained onlookers Tae Woo”

“Shut up and I can’t help it because my wife is really a beauty one”

“...” Woo Jin got speechless because he only mentions his friend’s looks and not his wife.

“Ha, ha, ha, well Mr. Wong wife also has stunning looks and look what happened now, the passersby are looking at us now as if we are a group of celebrities when in fact it’s only the Jun couple who’s from the entertainment department”

“Miss Hannah you’re also from the entertainment department but you just look ordinary so that’s why no one knows that you’re the popular host, Miss Hannah”

“Are you really my daughter or not?”

“I am Miss Hannah but well, Miss Pretty and Mr. Handsome here is really too stunning. Ah, I’m so lucky that I’m breathing the same air with them”

“ ... ”

“I can relate to you, Anna”

“Right, right”

And now the kids transform from a normal kid to a fan mode leaving the a.d.u.l.ts especially both Jun couple got speechless.

“You, can you both lower your presence? You already steal many hearts of your fans and now you also stealing my kids’ hearts, are you not greedy enough?”

“Woo Jin, are you a kid or not?”

“I’m not Ina and ... ah, right we’re here. Are you alright in here Tae Woo, Mrs. Jun, and Miss Yu?” The three nodded “how about you Anna?”

“As long as I’m going to eat then I’m fine anywhere Father”

“I see”

“Order what you want and it’s my treat”

As usual, Tae is the one ordering for him and Rei, while Woo Jin is the one ordering for his family members, and then as for Hannah, she is the one ordering for her and Anna. At the same time, the mother and daughter pair have small arguments because of the food.

“Miss Hannah I want these okay”

“No Anna, you only going to order what you will eat for lunch, okay?”

“No, no I’m going to eat all of these, I promise”

“You will have a stomachache later if you won’t listen to me”

“No, I won’t”

“Anna”

“Geez, you’re so strict Miss Hannah” and suddenly her eyes glinting then call her father’s attention
“Father?”

“Mmm, what’s wrong Anna?”

“C--- Can I eat 3 sweets and 3 desserts?”

Hannah signaling Woo Jin that only 1 for sweet and dessert but he failed to notice it. “Okay, but make sure you won’t have a stomachache later”

“Yes I won’t and thank you Father”

“You’re welcome”

“Anna, what did you order for sweets and desserts?”

“This one, this one, and this one”

“Change the other one since it’s only yummy in the picture but not in reality and I can recommend you more”

“Ji only 5 for you and no more for today”

“Tsk, what a strict Sister I have”

“As for you Anna, only 2 sweets and 1 dessert”

“Eh?”

“It will be bad for your cavities”

“But Bro Ji will have 5 and I only have 3, why?”

“It’s because you’ve eaten all the cookies that I give for you and you also eat your Bro’s cookies, so now only 3”

“Oh, I see”

After ordering they chat while waiting for their orders and then eating while chatting of course the chat are mostly from the kids and the two best friends since the ladies are just looking to their loved ones, Rei to her husband, Ina to her husband and kids and as for Hannah to her daughter, after all, she already moved on her feelings to Tae after having a good talk with him that day.

After eating, Woo Jin still plan to treat them for movies and shopping for clothes but then Tae decline since they are still two little angels waiting for their parents at home and so they leave first. As for Hannah, she didn’t decline because she wants her daughter to have a bond with her father.

Then Tae leaves the Wong’s Family Members along with his wife by wrapping his arms to Rei’s waist and they exiting the mall that failed to notice that someone is also happened to be there.

“Eh, that’s Tae right?”

“You mean Mr. Jun?”

“Idiot and who it else other than my Tae, huh”

“Right you only have your husband, Mr. Jun, and no one else but Mr. Jun is with a lady and not only that one, but it’s also a pregnant lady”

“It must be his sister”

“There’s a possibility that it’s Mr. Jun Sister but it’s not possible for a brother to hold his sister intimately especially if we’re talking about a pregnant lady, am I right?”

“Shut up, shut up. I just got back from H Country and now what I did see, my husband cheating on me?”

“Are you really sure that Mr. Jun is your husband?”

“Yes I am and who are you to questioning me? You are just a mere assistant of mine and please call my manager right now”

“O—okay, Young Miss” then call her Manager right away.

“Hello”

“Hello, Manager....” She wasn’t able to finish her sentence since her phone got snatched by her Young Miss.

“What’s wrong with my husband?”

“Eh, you got married?”

“I’m already been married to Tae and I want you to investigate everything about him”

“Miss.....”

“Tot, tot, tot”

‘Tsk, tsk, what a spoiled brat? Is she aware that Mr. Jun is not her husband? And forsake they already break up 12 years ago.’ After wondering, the Manager calls the Assistant number but already unreachable after all it got thrown out, and knowing her spoiled character she already knows what happens to the poor Assistant phone, so she calls her artist directly. “Miss.....” only to get hung up by her. ‘She wants me to investigate about Mr. Jun and now she’s not going to answer my call, what a spoiled brat.’ So instead of calling her, the manager just sends a message to her about Tae and everything about Tae including the release articles of his relationship disclosure with Rei.

[Miss, attach is everything about Mr. Jun.

PS: For your information Miss, Mr. Jun already break up with you 12 years ago so stop daydreaming because Mr. Jun is not your husband and accept the reality before facing the consequences of your own actions]

Several Minutes passed by the Manager received her artist call but only got scolded by her.

“Are you an idiot? Who are you to question me? I’m a Li and you’re just a mere manager and why are you sending me with fake reports and tabloids, your fired” then hung up right away.

The School Fair will be held for the whole last week of March which both the Cultural and Historical Fair and then Linguistic and Geographic Fair scheduled for Monday; Econ Challenge Fair and Photography Fair for Tuesday; Essay Fair and Cooking's Fair for Wednesday; Poetry Fair and Science Fair for Thursday; Arts and Martial Arts Fair scheduled alone for Friday; and last but not the least the Math Fair, Universal Language Fair, and Singing Competition Fair are all scheduled for the last day. All weekdays school fair is already done and S Elite Academy still remains the champions and waiting for the 3 last events to be still defending their title as the undefeated school every year for School Fairs.

At exactly quarter to 8 am, all the contestants and the spectators are already in the venue and waiting for the competition to commence. The Singing Competition scheduled from 8:30 am to 11:30 am and all the contestants for all schools are already on standby backstage and readying all their best to be getting ready to perform all that they got.

At the spectators' area

"Auntie Rei, Auntie Rei is Ellyn going to be alright?"

"She's going to be alright and whatever the result is, she's our number one, of course, Ellyn will learn from this experience"

"Right but I'm sure Ellyn will win after all she's my cousin and Bro Jinyu girl"

"Hey, don't jinx Ellyn, silly"

"I didn't Bro Jinyu, ah right Uncle Tae, did you teach Ellyn how to do well?"

"Uh-uh and don't worry she will be fine"

"See Bro Jinyu but I don't quite sure for the duet and for the group representative. If you and Ellyn did for the duet then for sure it's our School's Win. Geez, defending the title of the Undefeated School is really nerve-wracking for us huh, is it our school really planning to torture us, their dear students?"

Jinyu tap Ken's head "silly and just trust our Seniors. They already trust us when in fact we are still a bunch of kids to represent our school and yet here you are, you didn't trust our seniors when in fact they trust us"

Jinxi appear out of nowhere "right, right Ken, and just trust your seniors"

"Ha, ha, ha, I always trust our seniors and I see, you too relax now Bro Jinxi after all you got the title for both essays"

"It's only my luck idiot and this one is the most unbelievable one," said while pointing Yuki on his right side.

"Right, he so weak in Math yet in Science he can transform to monster"

"At least I'm a little monster compared to the two of you"

Jinyu ignoring Yuki's comment and ask "by the way where's Yuhan?"

"Right, I didn't see Bro Yuhan, so where is he?"

Both Jinxi and Yuki pointing where Yuhan is "there"

Jinyu got speechless after realizing that he got surrounded by girls from different schools while Ken commenting it loud "ha, ha, ha, Bro Yuhan got stuck"

"Ken"

"Sorry Auntie but I can't help it"

"Well Yuhan become more popular after all he did win the Linguistic and Geographic Fair"

Yuhan just arrived at them after succeeding to escape from the girls and told his friend who leave him alone “Geez, I can’t believe both of you Bro Yuki and Jinxi, you just leave me at them and some of them are asking about the two of you”

Ignoring the last part “oh, you got back unscathed” commented by all of his friends including Ken and Jinyu.

“Aunt Rei, look at them, are they really my friends?”

“Now, now, stop it boys and Yuhan, they are really your friends, and if not they won’t say anything like this. For now, all of you take your seats because the competition will start now.”

“Okay” agreed by all of them and now taking their seats of course their butlers are on standby to protect their young masters except for Yuki since he came from a normal family compared to his group of friends who are all came from an influential family except for the Din’s Family backgrounds.

Rei seating beside Tae while the 4 boys are all seating on Rei’s left sides. Right at the moment, the assigned MC commences the program. They are at least 64 participant’s schools and they already did the elimination rounds through sending their participants performance online and now they have 16 participants for each category of singing competition who pass the eliminations rounds, all S Elite Academy participants pass the elimination rounds. Ellyn is the one representing the school for the Solo Category and also got offered to participate in the duet category but both Ellyn and Jinyu declined since they are still their seniors who sing best compared to them. As for Jinyu and Ken, they represent both for Math Fair and the Universal Language Fair because they have a goal to win for the piano and free tuition fees. Among all the 12 School Fairs, only the Math Fair and Universal Language Fair have a large prize since these are the hardest categories while the other 10 School Fairs have prizes for Cash Prize and Medal such as 100,000 Sen and Gold Medal for 1st Placer; 80,000 Sen and Silver Medal for 2nd Placer; and 50,000 Sen and Bronze for 3rd Placer. In other words, Yuki and Yuhan got the Gold Medal and 100,000 Sen each as their prize since they got the 1st Place meanwhile Jinxi got 200,000 Sen and 2 Gold Medals for the two categories of Essay. Both Jinxi and Yuhan who already got the prizes to save the half prize for their future savings while the other half will be donated for the orphans serve as their first charity group with a name of <5 Knights and 1 Princess Charity> [Yuki, Jinyu, Jinxi, Yuhan, Ken and Ellyn]. As for Yuki, the other half he gives to his Sister since his Sister is the one who handles their Family Budget and the other half will be divided by two for his savings and for the charity. The school, S Elite Academy is not aware of what they did and they won’t get involved because they believe that each individual have their own privacy and only their immediate family members know what they did since they ask help from them, the only thing about their charity name they didn’t interfere and they just let it

be what they name for their charity group since it's quite unique though it's obvious that it's them. They already form this charity after they become friends with Yuki and see his family situations, so since they want to help the orphans and those who in need they form the group including Yuki in their group. Since all of them are still a bunch of kids, Rei is the one in charge to hold their money and the one in charge to distribute the money to each charity for the orphans. The charity operations will begin when they reach 100,000 Sen but the group of kids didn't expect it will happen next month since they just form the charity last January and each kid except Yuki because of his current situations will give Rei 1,000 Sen every month from their allowance and 2,000 Sen from their School allowance of being one of the top 3 students of overall rankings.

Ken suddenly realizes something and asks his Auntie “neh, Auntie Rei?”

“Mmm, what’s wrong Ken?”

“Who’s the current biggest contributor among us?”

“Jinxi since he gives me his half prize last Wednesday”

“Oh”

“Common Ken, we didn’t compete with each other who’s the biggest contributor among us, okay?”

“Yeah, I know. Ah, it’s Ellyn turn now”

Chapter 523 - Vol 7: Ch 523 – The School Fair – Part 2

After hearing from Ken everyone’s attention is now on Ellyn and indeed Ellyn already standing on the stage luckily she didn’t have stage fright because it’s her first performance with many spectators from different schools but she already performs thrice for Family Events but it still different meanwhile the assigned MC is now introducing her to everyone.

“Ladies and Gentlemen’s, for my fellow men here and for all the students let’s welcome our 12th Participants for the Solo Category, Miss Ellyn and representing S Elite Academy”

“Eh, a little girl representing for the S Elite Academy, are they mocking us?”

“Shah, don’t be a fool so don’t judge by their appearance, and have you heard that S Elite Academy also have another 3 bunch of kids representing their schools from the other fairs last few days ago?”

“I heard it, I heard it, and those 3 kids got 1st place”

“Tsk, S Elite Academy got a bunch of kids who all have a monster gene, huh”

“Indeed and they are really a bunch of kids, imagined a grade school student dominating the S Country?”

“Shah, everyone please be quiet, and let’s hear the voice representing the Undefeated School” observing the surroundings and everyone is now paying their attention to the little girl, Ellyn. “Thank you everyone and let’s welcome Miss Ellyn from S Elite Academy”

Right away the background music start and then Ellyn start singing with a slow tempo to a melodic tempo and then rich the highest tone that everyone got stunned after 3 minutes of listening to her song because the voice came from this little girl and then a series of applaud from the spectators followed after their shocked.

“Miss Ellyn, can you at least show mercy for your fellow participants, can you?”

“...” Ellyn didn’t reply because she is too nervous and fl.u.s.tered. She even didn’t know how she performs since she just did her best for representing the schools and of course to let her cousin and Jinyu have the confidence to win for the last even since it’s for her Bro Yuki future in school without knowing that the two kids also have another goal to aim and that’s to present the Din’s twins a piano for their 6th Birthday.

As for the MC, he is almost speechless because the little girl didn't reply to him and then continue his task as the MC. "Alright, Miss Ellyn you can go back backstage now, and let's welcome for our next contender". Ellyn goes back right away after hearing the MC's signal that she's done of her turn.

At the backstage

Ellyn: T—Teacher, d—did I do well?

Teacher: Yes you did very well Miss Ellyn and congrats on your win.

Ellyn: ...

Senior 1: Don't worry Ellyn, you did really well and I'm proud that you're our junior.

Senior 2: Yes, yes and our entire junior are all amazing huh, imagine they already dominating the whole S Capital City, no not S Capital City but S Country after all the 64 schools are the schools on the list for this year School Fair based on rankings, so how much more if they have grown up? I mean our juniors, right?

Senior 3: Nah, I can't imagine it and only two left for showing everyone how powerful our juniors are, we're so lucky that they are juniors.

Senior 4: Right, right and these two left are the best among the best from our juniors. Indeed, we're so lucky.

Ellyn: [Didn't replied to her seniors and just ask the Teacher in charge] Teacher, can I go back to my family now?

Teacher: Yes you can go back now since they will announce the results at the last minutes for this morning's event.

Senior 1: Let me escort you, Ellyn

Teacher: Are you an idiot Miss Elise? You still need to perform for the duet category, remember?

Elise: Ha, ha, ha I'm just kidding Teacher Chen and of course I won't let my junior only shine so of course, I need to show Ellyn how powerful her Senior is, right Ellyn?

Ellyn: Yes Senior Elise and do your best.

Elise: What the heck? Why do I feel that my junior mocking me just now?

Ellyn: Eh?

Elise: Just kidding, go now and trust your seniors. Teacher Chen please escorts my junior in safe and sound.

Teacher: It's my job and I will back after escorting Miss Ellyn.

Meanwhile, at the other sides of the spectators' area, the Din Family members are there without letting them know about their arrival because they want to surprise them.

Lynel: My, my, my, Sis Ellyn is really my Sister after all and she did well, huh.

Ren: Of course she well she's my younger cousin after all. By the way, Mom and Auntie Lyn, did you record Ellyn's performance?

Both: [Mei and Lyn didn't reply because they are both busy watching again the video that they record a while ago]

Rick: [Help his younger cousins and replied instead of the two since they are both busy as of the moment] yes my dear cousin, your Mom, and Auntie record it.

Ren: Thank you, Bro Rick

Lynel: Eh, you are here Uncle Rick?

Rick: You little girl where's your manners and why are asking me why I'm here when in fact I'm your Manager, did you forget about that? Of course, we arrived together, and why do call me Uncle Rick when I'm wearing a dress?

Lynel: Did Bro Ren just call you Bro Rick just now?

Lynel: Oh really U-N-C-L-E Rick?

Rick: Geez you're so mean to me little girl, I'm your Manager you know.

En: Hey, stop that Rick and you're ruining the image of Jang.

El: Right and by the way Rick, as a Manager what your views towards Ellyn's performance just now?

Rick: As a Manager, she really needs to debut soon, or else she will waste her time, and as a normal spectator just wow and amazing.

Mei: Are you an idiot Rick? Why you only comment for two words with wow and amazing, don't you know any words aside from that? Well knowing my Sis, she will let Ellyn finish school first and let Ellyn decide when she's planning to debut but well my brother-in-law really teaches Ellyn very well huh, tsk, tsk, as expected of my brother-in-law.

All:

Ren: [looking to where his other family members seating and commented it loud after realizing something] eh, Ellyn and Bro Jinyu are not going to represent for the Duet Category?

All: [looking to where they seated and only ask one word] why?

Aya: Knowing my granddaughter for sure she didn't want to steal the limelight of her seniors except for my other grandkids since they represent two or more.

Ren: Grandma, I already told you that our Student Council President begs me to represent and I only represent half out of 12 after all I'm going to move school after the incoming school term, so at least I did contribute something before moving.

Lynel: Right Mama Grand, I also didn't plan to participate but then the Student Council President also begs me to participate in the solo and duet singing competition to at least contribute something for the school before transferring.

Mei: Right Ma and are you not proud of your grandkid's achievements? Well, I know my Ken well but I don't know what his reasons for representing two but well I'm still cheering for my Ken, win or lose.

Aya: Ha, ha, ha, I know and I'm just kidding. All of you are too serious and of course, I know my grandkids very well.

All: [Except Mei] 'now we know why Mei / My Mei / Mom / Auntie Mei is like this huh'

Mei: Geez Ma you scared me just now and I thought my Mother is an impostor.

Aya:

Ren: Alright everyone let's be quiet now or else our presence will be noticed by Auntie Rei and of course my baby brothers and cousins will wake up from their slumber because of our voices.

Chapter 524 - Vol 7: Ch 524 – The School Fair – Part 3

Ellyn with Teacher Chen already arrived from backstage to where the Family assigned seats.

All: [Boys] Teacher Chen

Chen: Eh, you are all here? [All of them nodded in sync.] Are you all here to cheer for Ellyn? [They nodded again]. ‘Geez these kids, they really act weak but then compare to the weak demeanor of them they have monster genes when they start to strike. Tsk, tsk, you can really judge the book by its cover’.

Rei: Teacher Chen, thank you for escorting Ellyn to us.

Chen: No worries Mrs. Jun and it’s my job to protect my students. Ah, by the way, is perhaps Mr. Jun helping Ellyn?

Rei: [Looking to her husband and reply instead of him] yes he did and Ellyn follows the advice from her Uncle.

Chen: I see and your Ellyn did really well.

Rei: Thank you.

Chen: You’re welcome Mrs. Jun and I may go now since the students are still there.

Rei: Yes you may Teacher Chen.

Chen: ‘As expected, Ellyn got a professional coach and is none other else but Mr. Jun who’s the main vocalist of M’dols. Tsk, what a terrifying gene they got? But, wait Ellyn is a Din and so how come she knows how to sings? Stop wondering idiot and it’s not your problem instead it’s their problem.’

All teachers and proctors of S Elite Academy except for the one who really knows them are not yet aware that Ellyn and Ken are cousins since they only know that Ellyn is a niece of Rei after disclosing their relationship to the public with her maiden name and didn't confirm it yet because they only guess based from Rei appearance in school every on the School Recognition Day. Of course, they only know that Rei is the guardian of Ken without knowing the truth and their relations with each other. It also applied to the students of S Elite Academy because they only guess and assume based on their guardian's appearances without confirming the truth or else they will get fired for trying to know their student's background. As for the Li's, Li Jin is the only one who always appears on the recognition day because of his wife's wide popularity and for him, he is known as Paparazzi Li. Min Yuhan is his Mother with knowing that she's the current CEO of Song Jewelry Corp. and the only heiress, he only has his Mother because he happened to have a bastard ex-father and only Rin Yuki among the group of friends have both his parents representing every recognition day but it doesn't mean that all his friend won't be jealous of him because they know and aware how their parents got busy and that's because it's for their own future.

"Did I do well?" Everyone thumbs up and then Ellyn looking to Jinyu for seeking his reactions.

"You did well Ellyn"

"Thank you, Yu."

"Ah we've been ignored and these two love birds," all the kids said in sync and teasing the two without knowing that they already a couple since Jinyu want to let Ellyn parents know first and as for his parents they only have an assumption but he didn't conform to his parents yet. As for his Aunt Rei, Uncle Tae, Aunt Mei, and Ken they know because they are his alliance in case of emergency situations also known as being interrogated by the Din's Family Members.

"Alright enough with your teasing kids and go back your attention to the competition, the competition still going on, remember?"

"Okay"

Then all of them go back their attention to the competition and watch it seriously as if they are also one of the judges while commenting on their performances.

Ken: Whoa, the participant representing the S Gifted International School and Academe is really good and if Ellyn is not the one competing for our school then for sure she will be the one who got the 1st place” Ken commented out loud.

Jinyu: I’m impressed Ken, impress that I heard it from you, Ken.

Ken: He, he, he, I’m a tone-deaf but I can tell who’s really good and not, so Bro Jinyu, what’s your opinion as a singer huh?

Jinyu: Ellyn did well but because of lack of experience she’s still lacking that one but then this participant forgot the theme and go beyond the theme so that she might get deductions from that.

Jinxi: [Eh, what’s the theme, Bro Yu?

All: [Jinyu, Ken, Yuki, Yuhan and Ellyn looking at him as if telling him ‘common Xi / Jinxi / Bro Jinxi, you don’t know the theme?’]

All: You really don’t know?

Jinxi: [Nodded their heads and ask someone from them] eh, don’t tell me that you also know it Yuhan?

Yuhan: Yeah I know.

Jinxi: Eh, how did you know when in fact we become the representative all of sudden after our seniors know that we didn’t participate in the Universal Language Fair?

Yuhan: [Didn’t reply instead just pointing at the stage background where you can read the themes ‘Cheering up your teammates’]

Jinxi: [Read it loud] Cheering up your teammates, ha, ha, ha, silly of me, and why I didn’t notice that one?

All:

Ken: You're unbelievable Bro Jinxi but well we also know the theme today since only the participants are allowed to know the themes in advance in order for them to prepare. Ah, right, Uncle Tae what's your professional opinion for this participant then?

Tae: Well if it's really a Singing Contest then for sure she will win with high marks but then this is a School Fair so you really need to follow the themes for you to get the first placer.

All: [All kids ask in sync] so who's the 1st place, Uncle Tae?

Tae: It may be sound biased for me but as a Professional Singer, Ellyn will get first place, the S Ladies Academy will be the 2nd place and the contender 10 will get 3rd place.

All: Eh, how about the S Gifted International School and Academe?

Tae: Mmm... maybe it's around rank 5 or 6 since 10% is based on the theme.

All: Eh, what do you mean Uncle Tae? [Ask since they didn't hear when the MC's announce the criteria because the kids are busy chatting with each other.]

Rei: Kids the criteria are 50% for Vocal Quality, 25% for Dynamics, 15% for Stage Presence, and last 10% for Theme, a total of 100%.

All: I see

Jinyu: So what's her percentage Uncle Tae and also for Ellyn?

Tae: I'm not the judge but in my opinion, she got 88.8% while Ellyn 94.2% because she lacks stage presence since it's her first time performing with different spectators.

All the kids nodded and then they focus back on the competition. Of course, they will ask Tae's opinion every the contender done performing and taking note of it. Meanwhile, the two kids who still going to represent the schools forgot about it since their attention is now fully focused on Tae's opinion after all he is a professional singer.

At exactly 11 am all of the participant's singing performances are now done and the MC is now ready to announce the results.

"All right everyone, I already have the results for the three categories with me and already on my hands [waving the envelopes for them to see it], so before that let me check our spectators. Are you still there?"

"Yes" they are still there but their responses are not so lively.

"Ha, ha, ha, as expected from our spectators since it's almost lunchtime now and for sure you are now all hungry but well don't worry guys because you're lunch for today are all sponsored to our sponsors" everyone laughing at his comments "and for sure it's just a cent from them so they won't go bankrupt, so let's eat to our contents" and they laugh again. "Alright, I will stop my nonsense now, and let's announce the winner. So let's go for the group category.

3rd Place: S Ladies Academy – 95.0%

2nd Place: S Gifted International School and Academe – 95.8%

1st Place: S Elite Academy – 96.0%

Whoa, only .2% and the S Elite Academy will be defeated but well they still defend their crowns very well. May I call now the 3 participants winners group leaders to go up on the stage and claim your prize?"

The 3 participants are now on stage and each group posing for the official photo for doc.u.mentation then receives their prize.

“Congratulations to our winners and now let’s proceed to the Category for Duet

2nd Place: S Ladies Academy – 95.0%

1st Place: S Elite Academy – 98.0%

Whoa, what a high score from our 1st placer” then calls the participants on stage. “As expected of you Ms. Elise but can you show mercy from your fellow contenders, okay?”

“Ha, ha, ha if I will then it’s not a competition anymore”

“Right, right, but I heard that you will not be participating in this year since you’re going to debut this coming June so what change?”

“Well actually my two juniors are the ones to participate for the Duet Category but then they decline since they are also participating for the other fairs, so left with no choice before debuting I participate along with my partner, the Student Council President”

“Eh, this is your Student Council President?”

“Yes, yes and he is a shy type though we are almost the same age”

“I see and what do you mean by two juniors, you mean you still have two more amazing juniors then?”

“Yes we do have and I’m proud of it” got stop because his partner whispering to him.

“Elise you’re such a show-off one and don’t forget that it’s a school fair, not your press conference”

“Ha, ha, ha, sorry everyone but I got scolded just now, so I will cut-off my nonsense, and let’s proceed to the next segment, I mean by receiving the prize.”

Chapter 525 - Vol 7: Ch 525 – Elise and Julian

The spectators are watching the winners for the group category and then to the duet category. All Senians are already familiar with Elise because she always wins first place since 4th Grader for the solo category and only this time that she participates in the duet category because Ellyn already with them and she gives exposure for this talented junior of her. Everyone didn’t expect that the Current Student Council President is really has a good voice and so good to listen without knowing that he just singing for the first time because of Elise.

Ellyn: [Ask of no one in particular] hey, are Senior Elise and President Julian dating?

All: [Except Rei and Tae] eh?

Jinxi: Now you mention that one Ellyn, they might be because after all President Julian is the same as my brother and Ken who didn’t like to talk but a very intelligent one.

Yuhan: Right, right and look out the two they are like a couple. Senior Elise is not one and belongs to the Student Council, so how come she’s too close with President Julian?

Yuki: Are they perhaps childhood friends?

Ken: They must be after all President Julian is still turning 12 while Senior Elise is already 16.

Ellyn: Geez can’t believe the 4 of you but well I’m already expecting the 4 of you to be like this after all you are all naïve.

All: Huh?

Ellyn: [Ignoring the 4 boys and asking the center of her attention] Yu they are a couple right?

Jinyu: Yeah they must be and we didn't see their interactions at school since they are both from High School Department.

Ellyn: Right, right, and geez the 4 of you, tsk, tsk.

All: Huh?

Jinyu: Geez the 4 of you are still a bunch of kids, so don't bother that one after all you're still a kid.

Jinyu: Of course I'm still a kid but at least I'm still m.a.t.u.r.e enough compared to all of you.

All:

Meanwhile, the Jun couple is also talking with each other not so loud and enough for them to hear it even the kids are with them they didn't hear their conversation.

"Neh Rei?"

"Yes, Dear?"

"Is Miss Elise the newly signed artist for CA Entertainment?"

"Yes she is"

“I see so that’s why she looks familiar, huh”

“She really looks familiar after all we bump into her after that assigned Manager for her meets up and signing the contract.”

“Eh, when?”

“.....”

“Did we really bump into her?”

“Yes we did Tae and it’s around last year after you know that I’m pregnant again for few weeks and you follow me everywhere”

“Ah, I remember it now and so whose Manager for Miss Elise then?”

“Manager Leng and her boyfriend didn’t allow her to have a male manager”

“Boyfriend, you mean that young boy?” Ask while pointing the young boy on stage.

“Yes, that young boy and Elise also recommended it to me about him to sign him so that they will debut as a duo but then her boyfriend declined it directly since he said that the only one who can hear his voice is only her and no one else yet today everyone heard, it must be because Elise asks him to do so. You can really do everything for the one you love, huh. Ah, young love and it’s nice to be young”.

“My wife, both you and I are still young, okay?”

“Ha, ha, ha of course I know but it’s quite different from them since they are still in their teens”

“I see and sorry for not meeting you when we are still in our teens.”

“Silly, I already know you when you got debuted”

“.....”

— Flashback —

Around November and few weeks passed after Rei return to work from her maternity leave, someone visiting her working place.

Knock, knock and knock

Since Rei’s office is designed for a soundproof room she can only hear outside and the one who’s outside of her office can’t hear anything inside from her office. Every day after coming to her office since the day she got to disclose the position as the Artist Manager, Rei let her door open and the visitors will knock to letting her know their presence, so after hearing the knock, Rei raise her head and see who’s looking for her before she said to that visitor of her “yes, come in Director He and please take your seat”

“Thanks, and did I disturb you Manager Rei?”

“Not at all Director He and is there something wrong with the new recruits?” Rei asks him this one because he is the director in charge of the new recruits artists.

“As of the moment there’s nothing wrong and here, this is the company’s new artist to debut this year,” said while giving the documents to her.

“I see thank you, Director He”

“No worries and she’s now ready to debut”

“Okay and is this the only one who will debut this year Director He?”

“As of the moment, yes and the new group we recruit who’s going to debut around your leave is still suspended”

“Right and don’t worry Director He, our Artist Director is still investigating their issues, so after making sure that they are not involved then they will debut next month”

“Thank you Manager Rei and it’s my fault for not protecting them”

“Don’t blame yourself Director He and we just didn’t expect that prior to their debut, they will be involved in the bullying issue”

“Are they going to debut next month? They’ve been a trainee for 5 years so I thought they will debut but.....”

“No worries Director He because they will, after all, you’re the one in charge of recruit and the one who final to say when they are going to debut so just trust your instinct, okay?”

“Okay and I will go now before disturbing your work Manager Rei”

“Okay”, Director He leaves right away from the Artist Manager’s office while Rei reading the new artist portfolio with all her evaluations. After reading it all, Rei gets her working phone and call this artist’s phone number.

Ring, ring, and ring

“H—hello, m—may I know who is this please?”

“This is Rei, Artist Manager of CA Entertainment”

“E——eh, eh...”

“Relax Miss Elise and I call you for you to come here to my office to discuss something, so just look for me”

“When I’m coming to your office?”

“If your available right now then you can come today until 11 am then from 2 pm to 4 pm in the afternoon”

“Ah, okay I will come today”

“Just let me know when you’re already here, okay?”

“Okay”

—- End of call —-

After calling her, Rei goes to the M’dols studio and gives the schedule for their next month’s activities then got a text from Elise that she’s already outside her office, so she excuses herself. Tae just looking at her wife and after Rei signaling that it’s about work, Tae goes back to rehearse. Elise still didn’t meet with Rei, so after she got the call she goes to Director He and asks where Artist Manager Rei’s office is. Elise with a young boy already waiting inside the office and they just seat on the couch without talking.

“Miss Elise sorry for keep you waiting and this is.....”

“Ah, this is Julian, my friend”

“I see and please wait for a moment.” Rei retrieves something from her desk before seating and notices that the two are seating quietly but you can tell that the young lady, Elise is unease compare to the young boy with her who’s seating calmly.

“Miss Elise calm down and relax, I call you here because Director He already submitted your portfolio to me since you’re now ready to debut. On your evaluation sheets you will debut around June next year, so next month I will introduce you to your Manager since S Elite Academy will be having an examination this month so in order for your study not to be get implicated, I will let you meet your Manager next month. Here, I will let you chose whose from these three that your letting and going to be your Manager in your career after signing the contract until it expires.”

Elise still dumbfounded by the good news meanwhile Julian received the Manager Profile from Rei, he just only scans it, and then a few minutes pass, he suggests something to Rei.

“Uhm Miss, may I suggest if Elise can only have a female colleague as her Manager?”

“I will consider your suggestion young boy but may I know why?”

“Well all these 3 Managers are all having high achievements and can help Elise with her Singing Career but as a boyfriend of Elise, I want to be at ease that at least her Manager is not a male. Of course, I trust my girlfriend but still I need to be sure because the Manager will always be Elise the moment she debuts so I did suggest for her Manager to be a female one.”

“Julian”

“It’s no worries, Elise, you must let inform the company that you already dating because you know whatever happens they will protect you, okay?”

“Okay and so Miss?”

“Okay I accept your suggestion young boy and so here’s another profile for your girlfriend Manager” Rei give another two profile to him while the young boy reading it seriously.

“This one, Miss”

“Mmm, Manager Leng, I see” Then both Rei and the young boy are talking business leaving Elise speechless because she feels right now that Julian might be the signed artist instead of her, so she interrupts right away.

“Uhm, Artist Manager Rei and Julian?”

“Yes?”

‘What the heck? They are both in sync, are they perhaps the lost brother and sister?’ “Uhm, when I’m going to sign the contract?”

“Geez Elise you didn’t listen to us at all and Miss just told a while ago that you will be signing the contract next month along with your assigned Manager”

“Oh”

“Are you really sure that you will be alright after your debut?”

After hearing that question, Elise has an idea and asks Rei “Manager Rei, can I recommend you for someone?”

“Yes you can and who would it be?”

“Julian, I mean him, and let me debut with him as a duo so I can wait longer before debuting with him.”

“Elise, I only let you hear my singing and no one else, you hear me?”

“Tsk, what a bummer”

Then after 1 month and around the same month, the groups who got bullying issues got debut since Lina already cleared that the group is the victim of bullying instead of the accusers meanwhile Rei let

Elise meet her Manager and then they signed the contract then afterward Rei got pick up by Tae and the two young lovers bump into them.

“Ah, Artist Manager Rei, good afternoon”

“Good Afternoon Elise and Julian”

“Thank you for assigning me with a good manager to manage me”

“You’re welcome Elise”

“Who are they Manager Rei?” Her husband Tae asks his wife since it’s a new person that he just meets for the first time.

“Elise, the new artist signed of CA Entertainment”

“And who’s the young boy?”

“Elise Personal Assistant”

“I see”

— End of flashback —

Remembering about something, Tae suddenly said to his wife “geez Hon, I remember that you just told me that he is Miss Elise Personal Assistant you know”

“Yeah I did and”

Chapter 526 - Vol 7: Ch 526 – Elise and Julian 2

Julian starts studying in S Elite Academy at the age of 5 and skips grades many times, that's why at the age of 12, he is now a 12th Grader and a graduating High School Student of S Elite Academy. He came from a family of Butler Lineage and he will become one but then after meeting with Elise, his views of life change, and told his parents that he won't become one. His parents got mad at first but then, later on, agreed to their Son's opinion but in one condition that he will remain Top 1. He is so glad and happy that his parents agreed with him so he did promise that he will and if he goes down one rank then he will automatically train to become a proper butler. His relationship with Elise is still a secret between his family and her family because he asks Elise not to and will only tell them after he becomes a Professor of S Country University, the Top University of S Country.

As for Elise, she starts studying in S Elite Academy at the age of 5 and she's a regular student without any skipping grades but it doesn't mean that she's not an intelligent one, it's just that she just a normal one compared to the students from Special Class who have an ability of a monster gene who's always the best among the best. She came from a political family but she doesn't want to become a politician and luckily she's the youngest one so she got pampered by her family members and didn't force her to become one instead they let her chose what she really wants by becoming a Professional Singer. She's a bubbly and friendly one but then if someone's really going to provoke her by hurting her loved ones then she will transform into another persona. She has many friends in S Elite Academy either from the seniors and juniors but she didn't found someone she likes until then she meets Julian. She meets Julian when she's 10 and Julian at the age of 6, giving a speech to all S'lites Student as the Top 1 among the Grade School Student, Elise got love-struck and want to know him more but then she always failed because they are indifferent class, she always attempts him to talk with her but then it's been 4 years yet she still didn't know about him. She only knows his name, Julian Sy, and nothing else since S Elite Academy is really protected to their student's privacy. She wants to know more about him but then she doesn't know anything aside from his name because he doesn't have any friends.

"What the heck? Is he still considered a human being, don't he feel alone when he is no one to talk to?" Elise thinking it out loud and luckily no one's with her at the moment but unfortunately she didn't notice that in front of her is bulletin board that her forehead got hit because her mind is busy thinking of the boy that she's been crushing for 4 years that only his name she's aware.

BANG.... a very loud noise and her forehead got hit very hard that cause her to lose her balance.

At the same time, Julian as the Student Council President and his Vice President on tjr way to the Bulletin Board because some announcement for School happened to witness how Elise bang herself to the bulletin board before hearing the loud bang.

“My gosh, is she alright?” Comments from all the student who witness what just happened.

Julian running right away to her way and catches her before she falls down.

“Hey, are you alright?” Julian asked and didn’t think that he ask a very obvious way and she won’t be alright after that loud bang.

“Heh, what the heck? Am i dying? Why did I just see my love of my life now?” Elise uttered before losing her consciousness.

“Hey...” Julian got shocked and for the first time of his life, he didn’t react what the best thing to do. The top student since he start studying until now got nothing to think at all and only having a blank mind as of the moment.

“President Julian just carry her and escort her at the Clinic. Do you need my help to carry her then?”

“That’s right and thanks Vice President Lian. No and it’s alright I can carry her, this student here is not that big and it’s enough of my strength to carry her. I will leave you first here and if I’m still back after 5 minutes then just start the meeting without me and inform me later before the class starting”

“Noted President Julian”

“Thanks” then carrying Ellyn on his back and escort him to the Clinic of the Middle School Department.

After escorting her to the clinic, the assigned health personnel, the nurse attending the student right away.

The nurse let Elise lay on the bed while Julian explaining to the nurse what happened to her.

“Miss Flair bang her head to the bulletin board before she collapse”

"I see but don't worry Mr. Sy, she just bang her head but she's not injured except for this small bump on her forehead"

"I see and can I leave after Miss Flair regain her consciousness then?"

"I don't know what time she will wake up but I will inform you the moment she will and for now just ask permission from Miss Flair class for her absence the afternoon class"

"Noted and I will back later"

Julian leave and got back after 7 minutes so the Student Council meeting already start and let the Vice President continue the meeting. After 15 minutes they already done briefing so only Julian and Lian in the room.

"Is Miss Flair alright?"

"The nurse said that she's alright and I'm going first because I'm still going to ask permission of Miss Flair class of her absence"

"Yeah you must but then what if..."

"Mmmm?"

"I don't know why I'm going to say this one but then what if Miss Flair just want your attention then?"

"I don't think so but there's no way that a beautiful girl going to ruin her image to the person she wants to get attention, right?"

"Indeed you are right and if Miss Flair wants your attention then she did confess to you instead of banging herself to the bulletin board just what the other girls confessing to you"

“You are teasing me again Bro Lian and I even heard it from you who’s also got confessed by girls day by day. I don’t know what’s with them we are still a kid and yet they already thinking like this, are they sure that they are the same age with us?”

“Common Julian you’re the only one whose a kid here in Middle School Department because all of us here are all around 11 to 13 years old, some of our same grades just turn 14 years old, so don’t ask me why because you’re the only one who’s a 9th Grader at the age of 9, geez who told you to be so genius, huh? Alright I’m going now or else I will be disappointed of myself more”

“Why?”

“.....” Got speechless then running right away while wondering ‘my gosh, I will be insane if I will always with Julian’.

“Eh, what’s wrong with Bro Lian?” Got up from his chair and then go to Elise class before going to his class.

All Teachers, Proctors, Staff and the Student Council Members know each names and class of the students of their own department, so that’s both Julian and Lian know Elise last name.

For the whole afternoon, Julian didn’t receive a message from the nurse and so he check her at the clinic after class.

“Nurse, is she alright?”

“Yes she is but I guess she’s been sleeping soundly and she just having a nice dream, look” said while pointing Elise smiling on her sleeping because she just dream her Prince Julian.

“..”

“Alright I will leave you guys here first and Mr. Sy, just put a note if Miss Flair wake up”

Julian nodded while seating at the other side of the bed and just waiting for Elise to wake up.

Chapter 527 - Vol 7: Ch 527 - Elise and Julian 3

Minutes after the nurse left, Elise start waking up from her nice dream.

“Tsk, it’s only a dream. Geez, what a waste and I almost kiss my love of my life. Now I can’t dream him ...”

“Miss Flair, are you alright?”

‘My Gosh, my gosh I’ve been hearing his voice also’

“Miss Flair?” Julian hold her shoulder to check if she’s really alright or not.

At the same time Elise feels his holds on her shoulder and got stuttered. “Ju...Ju.... I mean President Julian”

“Yes it’s me Miss Flair and do you remember what happened to you?”

“Remember what happened to me, did something happen to me?”

“Uh-uh and during lunch breaks you suddenly bang yourself to the bulletin board, lost consciousness then gaining a small bump on your forehead”

“You mean it’s me?”

“Uh-uh and we are now in clinic. As for you you’ve been sleeping for the whole afternoon but no need to worry about your absence from class since I already ask permission”

“I see and thank you....” Pause when she suddenly remember what happened to her and going to find a hole to hide herself for being an embarrassing one especially to the one of her love of my life. ‘My gosh, my gosh it’s too embarrassing but wait out all of the embarrassing moment that I meet why banging myself to the bulletin board instead bumping onto my Julian and falls on top of him while accidentall sharing our first kiss. Gosh, you shameless Elise but wait...’ she realized something and ask him right away “so who did carry me here?”

Julian”s blood of being a butler kicks in “sorry Miss Flair and I’m the one carrying you without letting your family knows first about your situation so please forgive me for my actions”

“Eh, no need to be feel sorry and I’m thankful for what you did” ‘yosh, I let my prince carry me indirectly, ha, ha lucky’

“I see and by the way here” give something to her.

“Eh, this is....?”

“A snack for you after all you collapse during lunch break and just awake right now, so you must feel hungry”

“I see and thank you President Julian” ‘my gosh, what day today? I’m so lucky”

“By the way Miss Flair, what time your chauffeur will pick you up?”

Already eating the snacks without feeling shy that she’s now with her longtime crush “around 5 pm, why?”

“Then let me escort you at the entrance gate”

“Okay” agreed right away without hesitation after all how can she let go this opportunity if she won’t grab, right? “Alright, let’s go now”

“Eh, but your still eating Miss Flair”

“No worries and I can manage it so while were at it then I will bother you to go with me in the classroom to get my things...”

“If you’re talking about this one then you don’t need to do so since I already done retrieving your things before coming here”

“I see and thank you” ‘My gosh, my gosh, you just earn 4 points in one day Elise. 1 point for letting your prince carry you, 2 points for asking absence permission from your class, 3 points for buying him snacks for you, 4 points for escorting you to the entrance gate and 5 points for retrieving your things ‘

“By the way where did you buy this snacks?”

“I didn’t buy it instead I’m the one who make it, is it not good to your taste?”

“No, no it’s delicious President Julian and you have talent in cooking, huh” ‘6 points for you Elise’.

After hearing her praise Julian smile wholeheartedly “thanks Miss Flair”

“.....” ‘my gosh, d—did my prince just smile? But wait did he just call me Miss Flair?’ “President Julian you can call me Elise you know”

“I see then Elise”

“.....”

“Ah right, here Elise, this is my number and if something happened to you just call me right away so that I can escort you to the hospital”

“O—okay” then notices her butler “that’s my butler President Julian and thank you for escorting me”

“You’re welcome” then give her things since he is the one carrying it at the moment.

Accept her things from him and suggests “ah right President Julian, I can drop you off first”

“Thank you for the offer Elise but I’m living in the dorm here”

“I see and that’s good then” said before getting inside the car that already been opened by her butler.

Although Elise earns a lot of points on that day and even got his number, she didn’t text him because she didn’t want to make excuses to meet him after all she’s alright and nothing happened to him. It’s also not Julian faults that she gained a small bump on that day because it’s her own clumsiness. Almost 3 months since then, she reenact the same scenario but this time Elise didn’t bang herself instead she bump onto Julian.

“Careful”

“Ah, sorry and I didn’t look....Eh, President Julian?”

“Yeah it’s me and I see your doing fine since that day, huh”

‘Do I need to ask him or not? But if I won’t then I might going to waste so now or never’ “President Julian can I talk you alone?”

Then Elise heard her friends and schoolmates saying the same thing and reacts right away.

[Eh, is Miss Flair/Elise going to confess her love to President Julian]

“Me confess my love? No way and I’ve been the one receiving a lot of confessions since 4th grade and it’s only talk, talk not a confession. Now go and you are all so busy buddies.” She said without thinking later on she will eat her words.

Both Julian and Elise talk at the garden area and without waiting further adeui Elise said right away
“President Julian sorry that I didn’t message you for the whole 3 months because I’m really alright and fine at all.”

“It’s okay Elise and I don’t mind at all”

“...” ‘Ouch, and why do I feel pain when I’m already expecting his replied like this?’

“Is that all you want to talk?”

“Ah no and what I want to talk about is I just want you to be my friends, if that’s alright with you President Julian?”

“Eh I see and I thought you hated me after all you didn’t message me for whole 3 months”

“Huh?”

“Never mind that one and by the way let me introduce myself to you properly I’m Julian, Sy Julian, nice meeting you Elise”

“Elise, Flair Elise and nice meeting you too President Julian. By the way how old are you?”

“4 years younger to you Elise”

“Eh, 4—4 years? And wait you know my age?”

“Uh-uh and I know it after all I’m a member of the student council members”

“Unfair but well age doesn’t matter as long as you love each other” said it mumbly.

“Eh, did you say something Elise?”

“No nothing at all” ‘Gaah, I almost expose my ownself’.

Chapter 528 - Vol 7: Ch 528 - Elise and Julian 4

The two shaking their hands and the students who’ve been evesdropping the two got disappointed because Elise didn’t confess to Julian after all they already guess that Elise might love Julian after all she always ask about Julian since 4 years ago and then they just guess it wrongly that they got an assumptions that she like Julian just because she always ask about him. Well they are talking about President Julian who always receives confession everyday so they assume that Elise might confess but then she only wants to be a friend of him, maybe Ellyn already move on to her puppy loves towards Julian since no body succeeding of confessing to Julian.

Each schools might be vomiting blood by now after knowing this one since the students of S Elite Academy are too way simple minded but then they always dominating all schools of S Country and still remain the undefeated school since the School Fairs founded.

After shaking their hands both Julian and Elise return to their classrooms. Since then the two become friends with each other and because Julian is the Student Council President, the students from Middle School didn’t see them much interacting with each other that they conclude that they only see each other as being a good friends and nothing else without knowing that everyday they always have phone conversation with each other. They even going out every weekend but as a friend only since Elise just waiting for Julian to confess while Julian is a slowpoke one and doesn’t know his own emotions. Sometimes if Julian is busy on weekends for his duty as a Student Council President, Elise will be the one visiting him to his dorm and just playing games from her phone while letting Julian do what he needs to do.

One year later the two become so close with each other yet there’s still no progress with their relationship and they still remains friends with each other. Both of them are now in their last term as a 10th Grader or rather on their 1st year high school, which Elise just turn 14 while Julian turning 10 and

the School Fair for this year will be incoming next month. Julian still immersed with his tasks by listings all the students names whose going to participates for representing the schools and he lists 3 students of each fair participants and the only thing left is to get an approval of each Teacher in charge from whom of the 3 students to be the representative of each fair. He is so immersed that he didn't realized Elise already on his back and just notice when he heard her.

"Eh, I'm still on the lists for Singing Competition Fair this year?"

"Yes Elise and from your results since then for sure you still be the representing our school Elise"

"I see but then Julian how about the two of us representing the schools for the duel category then?"

Tap her head and replied "silly, I'm already the representaative for Unàiversal Language Fair and the ooking Fair for pastry category then the Student Council President of our school so I can't take another one because I'm not a robot instead I'm a human being one, okay?"

"Ha, ha, ha, of course I know and few months ago you got sick. If I didn't come here then for sure our Student Council President is no longer here due from exhaustion."

Both remember that day and it's Elise first visit to his dorm. Elise is bored so she invites Julian to go at Karaoke Lounge since she just discovered that Julian is also talented in musics, well being the son of a butler, Julian is really talented of almost everything except for Technology and devices since this things is his weakness. Elise just got to know these when she realized that Julian is not fond of messaging intead it's always on phone call and all his Student's Council works mostly done by manual. He also not fond of using searching the websites instead he always go to the library to read and he do have of books. After she invites Julian, he decline right away.

"I can't go today Elise"

"Eh, but ..." Before uttering a word of why, she heard him coughing on the phone, so she asks right away "are you sick perhaps?"

"Yes but don't worry I will be fine and no need to check me or else you will get sick because of me"

“I’m not that weak Julian and let me know your number”

“I’m really”

“JULIAN”

“Room 701”

“Good boy” then she got out from her room and instruct to her butler. “Prepare the medicine kit for me and one hour from now were going to S Elite Academy dormitory”

“Yes Young Miss”

At exactly one hour, Elise arrived and already inside of Julian dorm. As what she imagined what Julian room looks like, her expectation of him really fit to her imagination and this is what she love about him being an organized person yet in a simple way. She helps him drink his medicine and as what he said, he is really alright at all.

Remembering that one Elise suddenly laughs all of sudden.

“And why are you suddenly laughing, huh, Elise?”

“It’s because I remembered that you’re more an aloof if you got sick geez you’re such a cute boy, Julian”

“Heh, hearing that one, I think your insulting me Elise and I’m still a boy you know”

“Well your always a boy in my eyes after all you’re 4 years younger than me so you always be a boy”

“But I will become a grown up man later and I’ even taller than you, okay”

“Yeah, yeah you will be but you’re still a boy to me unless you have someone you like then I will not see you a boy then”

“Someone I like? Are you talking about loving someone aside from my family members?”

“Yes that’s it and so do you have?”

“For now I don’t have but maybe in the future, how about you, do you have someone you love already?”

“.....” Elise got speechless while blushing because she’s just digging her own grave.

Julian notice her expression and quite surprised “so you do have?”

“Yes I have and what about it huh?”

“Do I know him then?”

“Yes you know him very much Julian”

“Eh, I do?”

“Yes you do and the one I’ve been in love with is an amazing person. I’ve been in love with him since I’m turning 10 and it’s been 5 years since then. Particulary, I don’t have someone I really love that time but then after my eyes got laid to him, my heart suddenly beating fast as if I just got hit by one of the arrow of the cupid and I’ve been eager to know him but then 4 years later he always remain mysterious for me until on the fateful day we meet though it’s my most embarrassing moment that’s the day is the unforgettable moment of mine because I start to know him more, I start to become more infatuated with him more when we become friends with each other and I’ve become more in love with him when I know that he is more amazing.”

“Heh I see and lucky for him that a beautiful girl like you loving him that much”

“Indeed he is such a lucky guy but then he didn’t know that I’ve been in love with him for 5 years already”

“Heh then he is an idiot one for not realizing that a beautiful girl like you loving him for too long”

“Yeah he is, he really an idiot one, a slowpoke and a very oblivious one how come he considered a genius one when he didn’t realized that I love him, right?”

“Right but wait the one you’ve been in love with is Bro Lian?”

“No it’s not him and he’s too far from the one I love though he is also considered a genius one but I don’t like someone who’s a Science and Math Freak”

Somewhere in the residence, one high school boy got sneezed all of sudden without a reason.

“A—-achoo, eh did someone cursing me just now? Maybe yes since i already rejected many girls in school but I can’t help it because I’m already engaged since birth. Sorry girls who’ve been broken hearted by me but I don’t want my parents to be disappointed with me so I did close my heart and I will open it after knowing who’s my fiancée is”.

Chapter 529 - Vol 7: Ch 529 - Elise and Julian 5

The moment that Julian guess that it’s Lian, Elise retorted right away because he never find him as an amazing one compare to the love of her life, her one and only prince Julian but then she never expect that Julian is too way an idiot, slowpoke, and an oblivious one when in fact she already give too many hints but yet this idiot man still clueless.

“Eh, if it’s not Bro Lian then who is it Elise?”

“Since the day we’ve become friends with each other, aside from you who else that I’ve been close with?”

“If it’s an opposite gender then it will be Bro Lian, so it’s him the one you love, right?”

“NO and not him, the one I’ve been in love is more amazing compared to that SciMa freak”

“More amazing compared to Bro Lian?”

“Yes more amazing than Lian and so do you know who is it now?”

“No and I don’t have any idea of who’s more amazing than Bro Lian so care to tell me who is it? I want to know whose this idiot you’ve been in love with and he is such a stupid for not realizing that you’ve been in love with him, so who is it?”

Elise almost got speechless and wondering ‘my gosh, do I really need to spell it out for this idiot to know that he’s the idiot and stupid one?’ Then observing Julian and realized that he is still waiting for her answers. ‘Sooner or later I will become insane if I’m always with Julian but then he’s the one I’ve been in love with and this is the Julian I’ve been in love with.’ Elise pinch between the space of her eyebrows before walking and now standing near the window to prepare herself, prepare to confess since if she won’t then who knows how many years they will become a couple if she wait Julian to confess to her. Meanwhile, Julian just looking at her and waiting for her to open up.

‘She really didn’t want me to know and this is the first time I witness Elise to be like this’. He turns his shivel chair, stands up from his sits and approaches her so now he is standing beside Elise.

“Elise it’s alright if you don’t want to share it with me who is it and don’t worry I won’t force you to know who”

“Julian Sy”

“Mmm, what’s wrong and why did you use my full name, Elise?”

‘My gosh, I just spell it out but this whole set of a wall is so strong and I can’t broke even a small cracks. So Elise you must attack him with a strong force. Take it or leave it’. After composing herself, she looks

to Julian with a strong determination and right away she push him that cause of them to fall on his bed. Elise on top of him.

“E——Elise, w——what are you doing?”

“I need to do so in order for me to get a small crack from this whole set of wall”

“Huh, whole set of wall, you mean me?”

“Yes it’s you Julian and I’ve been throwing a lot of hints yet you’re still so clueless.”

“T——then the p——person y——you’ve been in love with is...”

“Yes it’s you Julian Sy so if you don’t like me and want to reject me then push me while you still have a chance to do so”

“Huh and what do you mean Elise?”

“This is what I mean Julian” then closing the distance of their faces before landing her lips to his lips.

And this is how they share their first kiss, a 10 years old genius boy and a 14 years old bubbly girl share their first kiss just like that.

“Julian please response”

“I don’t know how to kiss” then sitting up and now Elise is seating on his l.a.p while facing him.

“Idiot but that’s how I love you, Julian”

“I’m still a naive one in terms of relationship but let me search it for a while”

“No need Julian because whatever you read won’t apply to you since you will just only know it when you experience it on your own. So for now I just want you to imagine a scenario, a scenario that I’m confessing to someone and that’s someone is not you but instead it’s Lian. After we confess to each other we share our first kiss and then you happened to witness us, so as a friends of us, are you going to congratulate us or you want to pull me out away from him?”

Julian imagining it and his cute handsome face got darkened but then he answered it logically “Elise you said that you don’t love Bro Lian so why you need to confess him and kiss when you don’t love him, right?”

“....”

“But then just now I have an urge to punch Bro Lian face when in fact I know that it’s just a scenario. Right now I don’t understand myself because everytime I reject someone I won’t feel anything because I don’t know yet what is love and I only see them as my seniors and nothing else yet after hearing you Elise, I don’t know what I’m feeling right now. I didn’t reject you because I might regret it later, I also didn’t want you to avoid me and stop being my friend just because I reject you so I don’t know. I don’t know what’s wrong with me now even my heart beats on his own as if my heart have another life, am I dying Elise?”

Elise is too surprised and dumbfounded because of Julian but then when she heard the last part, she suddenly laughing like an idiot one.

“Ha, ha, ha”

“Elise I’m serious and don’t you think I’m dying?”

“No, you’re not Julian and your heart beats on his own because you’ve been in love with me without your knowledge and that’s what love is, Julian”

“Huh?”

“My gosh I’ve never expect you to be like this Julian but then I don’t mind it and by the way, what do you feel now in our current position?”

“What I feel in our current position now?” Ask while looking to their position and just realized that Elise is sitting on his l.a.p.s and he suddenly blush, blush all the way to his neck and face.

“My gosh, your blushing Julian and not just your face but also your neck”

“S—shut up and don’t tease me”

“He, he, he so this is how you react when someone teasing you huh and luckily it’s me who found it out so I don’t want other girls to know this other sides of you Julian”

“Please get up Elise and let’s have a proper talk”

Instead of getting up, Elise just wrap her arms to Julian’s neck before asking him properly “so my Julian, can you be my boyfriend, my future fiance and my future husband because I don’t want to let go of you because you’re the most amazing boy that I know, so will you?”

“Okay”

“Good and there’s no backing out” said while getting up and ask “are you done with your Student Council works?”

“For today yes”

“Good then let’s have a date and we need to strike while the iron’s hot”

“Okay”

Almost 2 years since then, Elise and Julian's relationship is still going strong and steady as hard as stone it is. Everyone from the High School Department of S Elite Academy didn't know that they are dating but only know that they are so close with each other as a Brother and Sister relationship without knowing that they've been a couple for almost two years by now. Their family members didn't know yet about their relationship because Julian request and suggest to keep it until he achieves his goals so that no one can point out to him that he is not worthy to be the man with Elise. Elise didn't question him because she knows that Julian will.

They are now on a date and of course, their date is always in the Karaoke Lounge because she likes to hear her Julian voice and Julian is singing now.

"Right Julian, I forgot to mention you but last few weeks ago I got poach by someone, and that someone is in charge of new recruits."

Hearing this from Elise, he turns off the microphone before putting it on top of the table.

"Calling card?" Only ask this one because he is always the one rejecting the offer after talking to the person who poaches his girlfriend.

"Oh, right" then retrieving something from her purse "here"

"Thanks, Elise" accept the calling card and read the name of who poach his girlfriend. "Mmm, Director He Jian, Recruit Director of CA Entertainment"

"Yes that's what he told me but CA Entertainment is among the top entertainment here in S Country so how can he poach me considering I'm still a newbie and only have a number of amateurs experience through School Fair"

"You're amazing Elise and you've been dreaming to signed up in CA Entertainment, so why do you hesitate now?"

"It's because I'm afraid, afraid that what if he asks something from me and I didn't tell you because you might be worried but then I did let you see to try my luck, so how is it?"

"I see and let me call him then"

"Okay"

Ring, ring, and ring

"Hello Good Morning, this is Director He of CA Entertainment, speaking"

"Good Morning and this is Julian, the personal butler of Miss Elise, Director He"

"Eh, then is Miss Elise going to signed with us?"

He said with us means he represents the company, CA Entertainment and if he said me then Julian will automatically going to reject the said after all he might have hidden agenda by poaching his girlfriend.

"Yes she will in the future but then for now she is not since my Young Miss is still a student"

"No worries Mr. Julian and let's meet up so that we can discuss Miss Elise matters, so if it's okay with you I can clear up my schedules for today so that we can meet up"

"Today?"

"Yes if it's alright with you but if you're not available today then just inform me when is your available time so that I can clear up my schedule"

"Okay we will be coming today around 10 am, see you soon Director He" The two will always like to date around 6 am to 11 am since this is what Elise wants for reasons he doesn't know why but he is willing to compromise and he can do just for her to be happy and contented.

“See you soon Mr. Julian”

“Let’s go Elise”

“Eh, w—we were going to CA Entertainment, and are you sure that man doesn’t have any hidden agenda to signed me up or worst he gets me to do a shady transaction with him?” She heard enough since she just seating beside Julian and her head lay on his shoulder.

“Silly Elise and you just watch too much drama so for now just trust me, okay?”

“Alright, and I will always trust you but since when did you become my personal butler, huh?”

“Since the day we’ve begun dating Elise”

“My, my, my, where did my Innocent Julian go?”

“I’m still your innocent Julian, is that because I’m a fast learner and you taught me well Elise. Alright, let’s go now”

The two walk side by side without holding hands since they are in a public place and of course they are dating in secret. Around 15 minutes they arrived at the CA Entertainment since they just nearby so the date turns to business transactions. Julian looks for Director He right away and the receptionist escorts them to his office since she already got informed that Miss Elise and her personal butler will be visiting around 10 am. As I told you before Elise is been already popular since she always wins the Singing Competition Fair every year of School Fair.

“This is Director He’s office,” the receptionist said and inform him “Director He, Miss Elise already here”

“I see and you may go now Miss, thank you for escorting them here”

“You’re welcome Director He” the receptionist leave right away.

“Come in Miss Elise and Mr. Julian then please take a seat”. Pause for them to take a seat and he continues. “Alright, I won’t go around and running the circle so I will tell it directly. I’ve been eyeing Miss Elise since 4th Grade and every fair I’m one of the spectators but I didn’t poach her yet because she is still studying and last week I approached her since I presume that Miss Elise here must be a graduating high school student by now, am I right?”

“Yes you are right Director He that Young Miss is now a graduating high school student”

“That’s good and today if Miss Elise ready to sign up with us then I will be assigned her a Trainor to improve her weakness since she is weak in a low and middle tempo which is very important for a Professional Singer. Of course, her studies won’t be implicated since Miss Elise will be having a vocal lesson every weekday good for 2 hours and as for every Saturday, she will be having a fundamental lesson to be a proper artist for the whole morning. Saturday afternoon and Sunday will be her free time after all Miss Elise is a graduating student. So Mr. Julian, are you fine with my arrangements for Miss Elise? If not then please free to open up your suggestion and I will consider it before deciding the best for Miss Elise.”

“For now I don’t have to find any problem with your arrangements but how about the signing of contracts? How about its terms and conditions?”

“If you agree that Miss Elise will be signed with us then I, the in-charge of recruits along with our legal representative will let her signed a contract as a Trainee and its expiry will only be determined depends on Miss Elise perseverance, so Miss Elise will do her best during the training period because her evaluation is the best key to decide if she’s ready to debut or not. If Miss Elise ready to debut then I will submit her portfolio to our Artist Manager for her to do the next step.”

Later they signed the contract along with Elise, Director He, and one legal representative. Julian is only served as being a witness to signing the contract since he is still underage.

3 months later, Elise inside Julian’s dorm and seating on his bed.

“Whoa I’ve never expected that CA Entertainment is soo strict even Director He, I’ve never expected him to be so perfectionist so I might be a trainee for who knows how long but don’t worry My Julian I will do my best.” Just realized that Julian didn’t show any reactions but it’s enough for him to hear her.

“Eh, are you busy with your Student Council Works, Julian?”
