

Last Man 561

Chapter 561 - Vol 7: Ch 561 – Got to know her identity

Mei and En leave the Jun House after bidding their farewell to their sons since they are going to meet with Miss Chang. On the other hand, Miss Chang had no idea that the one she's meeting with is the Jang Couple, the CEO/President, and the COO of Jang Corp.

She's been contemplating for the whole week since the day she meets Mei either to call or not but then she calls today since both her parents told her to meet with Mei and talk with her personally, so instead of worrying she calls Mei and want to meet with her to talk about her offers and in case she notices something wrong's she will call the authority right away after all their meeting place is just a near distance of police station.

Since the meeting place is near the police station, she's now at ease and of course, Mei notices this one but she didn't comment about it when they arrive at the meeting place. On the other hand, Miss Chang is already at the coffee shop and stand when she realized that Mei arrives with a man with her.

"Miss Mei"

"Oh, you are here, and did you wait long?"

"No, I didn't since you arrived on time, Miss Mei"

"I see and let's take a seat then talk"

"O--okay"

Without further adieu, both parties are now seating, and right away Mei places the contract on the table and said.

“This is for you and it’s your Employee Contract and please read this one, if you need to change something then just calls the Head HR to inform them of the change and they will only change your demands if it’s not beyond the contract. As for the number and details of the working place, you will find it from this contract”

“Eh....t--this....”

“This is not a fraud and you will be working from one of the Majestic King and Queen Hotel in here, so please check it first before letting go of this opportunity”

“Eh, I will be working at M—Majestic King and Queen Hotel?”

“Yes you heard me right and if you happened to prove your best capability then you might have a chance to work at the Main Branch which is located at T Country but for now you will need to decide either to sign the contract or not. By the way, after reading the contract please send me your curriculum vitae to my email and you can find it with my calling card, so we are done for today and we were going now since it’s my last day here and nice to meet you again Miss Chang” then Mei leave right away while holding En’s hand.

As for Miss Chang, she got speechless and almost in a daze but then when they [the Jang Couple] are out of sight, she read the contract right away and indeed she will be working as an intern with standard minimum pay in Majestic King and Queen Hotel after finalizing the contract and the duration will only be based on her performance. She also found out the contact number of the Head of HR and so she dialed the number without hesitation anymore.

Ring, ring, and ring

“Yes Hello, this is Miss Lan the Head HR of Majestic King and Queen Hotel so may I know who is this please?”

“H—hello, this is Chang Pia and...”

“Oh, it’s you Miss Chang and Madame Jang already informed me about you, so are you now ready to be one of us?”

“M—Madame Jang, who is it?”

“Eh, you didn’t know whose Madame Jang is?”

“Y—yeah I didn’t know who Madame Jang is and the one I meet is the sister of Manager Rei”

“I don’t know who’s Manager Rei you mention is but then I assure you that the one you meet a while ago is Madame Jang and Madame Jang already informed me about you so if you decide of signing the contract then you can meet me on Monday at exactly 8 am at the lobby of Majestic King and Queen Hotel in S Capital City Branch 105. The exact address is already provided in the contract” all employees of Jang Corp. are not aware of the family members of Mei and only except for the Head Family of Jang since both family members already meet each other since the day Mei and En got married.

“T—thank you and..... May I know whose Madame Jang is?”

“As of for now it will remain a secret but later on you will know her real identity if you become one of us so that can wait for you to know and is there anything else aside from that?”

“That’s all Miss Lan”

“I see and okay then see you on Monday Miss Chang”

“Yes and see you on Monday too, Miss Lan”

Both sides hung up the phone at the same time and Miss Chang leave the coffee shop after eating and drinking what she orders.

Meanwhile, the moment Mei and En leave the coffee shop, right away Mei calls the Head HR of Branch 105 and informed her about Miss Chang together with her curriculum vitae since she asks Miss Chang to send it to her after reading the contract. Later on, they arrived at Rei’s house and notice that the kids were still there along with her Sister and Brother in Law which causes her to laugh out of nowhere.

“Ha, ha, ha” Mei suddenly laughing hard after opening the door and noticing the surroundings that cause everyone to look at her with confused looks except the Din’s Family Members since they already used to it, Mei’s unusual and unique antics.

“And why are you suddenly laughing, huh?” Rei asks after Mei’s done laughing.

“It’s because you and Bro Tae look like the parents for all of them.”

“.....” Both Rei and Tae got speechless while looking at Mei as if saying ‘do we really look like an old couple to you?’

Seeing their reactions, Mei laughs again and stops when she both her sons saying to their new friends like this in Universal Language.

“Sorry Big Sis Woon, Big Bro Wooji, and Sis Anna because Mom is already like this and you need to used to it since you already join to our group of friends.”

“Ken and Ren”

“Oops, Mom heard it”

“.....” everyone got speechless.

Chapter 562 - Vol 7: Ch 562 – Number One

On the next day, at around 4 am the Din’s Family Members except the ones staying at the house already done preparing and they leave a note to them before leaving the house since they will depart at exactly 6 am. They only worry about the check-in process after all they will board in Jang’s private plane. Two private planes assigned for them since the Jang will go directly to T Country while the other Din’s Family Members will go back to their home country.

Minutes by minutes, the ones staying at the Jun house are now slowly waking up and Tae is the first one waking up. He plans to prepare the foods but then found a note in the kitchen area.

[My Bro in Law, you need to relax and don't spoil my sister too much, or else it will be your loss. Ah, right Lyn already prepared foods for everyone and just reheat it, oh, right Sis is pregnant so reheating is no good for her. Well, well, I guess you really need to cook for your beautiful wife.... I guess ha, ha, ha, I'm going now since my old man already throwing tantrum at me, and please throw this note after you read because I don't want to hear my sister annoying voice again.....ha, ha, ha just kidding.]

[Tae please ignore Mei and just say to Rei along with your parents, my grandchild's that we leave without informing since we don't want to bother all of you. Bye and take good care. Right, we leave another note at the living area desks]

"Heh, they are really indeed a Mother and Daughter pair" Tae commented out loud while reheating the foods and prepare another food for his wife.

After preparing the foods, Tae leave the kitchen area and now seating on the couch while looking at the clock,

"It's already 7 am and Rei still not awake this time, is....." stopping himself since he heard the opening of the door of their room and he automatically standing up from his seats to assists his beautiful wife while asking worriedly "are you alright Hon?"

Rei glared at her husband and said to him "and whose fault that we are sleeping very late last night, huh?"

Hearing his wife like this he smirks while replying to her "of course not me since I'm not the one who asks me and beg me not to stop, right My Wife?"

"....oh, I see but whose having fun last night then?"

"Of course me but don't tell me you didn't have fun last night...." Rei covers his mouth and said to him.

“Alright, alright you win and it’s still morning so you don’t need to tease me that way. By the way, where’s everyone?”

“Dad and Mom already bathing the twins while both Ken and Ellyn already taking a bath. As for everyone they already leave and who knows what time since they only told us that they were leaving early morning today”

“I see and for sure it’s Mei.....” pause since she realizes a note on the desk, so she picks it up, unfolded the paper, seating the couch followed by Tae, and reading the note together.

[To Rei, Tae, Auntie Jun, Uncle Jun, Ken, and Ellyn

Our boarding time will be exactly 6 am and for sure when you read this message we already riding at the flying metal aka the airplane since this is your usual time to wake up.

Auntie Jun and Uncle Jun, we are really glad and always thankful for both of you because you accept Sis to your family with open arms and wholeheartedly so our promise for treating Rei that way is I and my family members will always look out for Rei just in case she cheats, as if she will, ha, ha, ha, no worries for that because we, the Din’s Family Members will be number one enemy of Rei and number one ally of Tae if that will happen though it won’t happen because we trust Rei that much, most of all she just looks like a cold person but it doesn’t matter for what she looks because Rei is kind at all but we can’t predict what will happen in the future so we are just here to look out for Rei.

For Ken, just do your best my baby boy Ken and don’t pressure too much of what you will face in the future instead just focus on your present happenings. Also, My baby boy Ken you don’t need to pressure yourself by studying hard and always got a perfect mark because whatever results you have we will accept whatever it is so just relax while enjoying your young age since it will only be passed by at once.

For Ellyn, don’t be so in love with Jinyu or else it will be your loss, just kidding and just do your best my beautiful niece Ellyn. Ah, right please tell your Auntie Rei not to forget your dreams after all your Auntie Rei focuses are always with her husband and twins nowadays.

For Tae, thank you for loving Rei though until now we still confused why you love her so much when in fact she’s too boring for you, ha, ha, ha, just kidding and we are really grateful to you Bro Tae and hope

you won't hurt her because she's too important for us. If there's a day that you don't love her anymore then please don't hurt her instead just return Rei to us.

Last but not the least, for Rei, Sis just take good care of Ken and Ellyn, also take good care of our twin niece and nephew, of course, don't forget about our incoming new family member and your dear husband Tae.

We are going now, see you again, bye-bye.

From: Din's Family Members written only by me, from your truly beautiful sister and in-laws.]

After reading the message, Rei almost got speechless because her Sister only writes a short message to her as if she's not their family members and if she's not used to it for sure she will question Mei if she's her real sister or not. Meanwhile, Tae just observing his wife and after noticing her expressions he suddenly laughs and Rei looking at her confusedly.

"I'm laughing because you and your family members have really such a wonderful relationship"

"Yeah indeed but the same with you Dear"

"Nah we're too far Hon and did you forget that Sis Yu Mei almost ruins my family, did you?"

Rei looking at her husband and tap his nose then replied "I didn't forget that one but you didn't let it ruin and Sis Yu Mei just become like that because of her own family problems before so that's why she like that but it's alright now you know"

Hearing his wife this one again, he can't help but sighing and then hug her before saying to her "please always stay like this forever Hon"

"Huh?" Rei is quite confused about what her husband means while he didn't elaborate on it.

"Let's eat now and I notice that both Ken and Ellyn already in the kitchen area waiting for us"

“Ah, okay”

Chapter 563 - Vol 7: Ch 563 – Golden Week before enlistment

Since the day that the Din’s family members departing the S Country, the Jun couple have been busy with the Team Schedules because they’ve been going to and off from their schedules, and just because they were busy they didn’t forget their twins instead they will always take good care with them. They also didn’t miss attending mass every Sunday even the Teams have scheduled on Sunday since Rei manages the time very well.

As for the kids, they also didn’t miss their weekend’s study group even it’s already school breaks for them and the Wong’s siblings always joining them that it can’t help but they’ve become so close when in fact they are still in different schools with the S’lites kids. On the other hand, both Ren and Lynel pass the entrance exams with flying colors along with Yuka, Kaede, and Shi. Meanwhile, both Jinyu and Ken become the new student council president and vice president of the Grade School Department after all they are now graduating students from their department. Well, well both got elected for President with a tie results from both students and teachers but then before the Principal decides to have a drawing their names to decide to be whose between of the two to become President, Ken suddenly suggests to them just like this.

“Mr. Principal and School Teachers I can be Vice President of Bro Jinyu after all I’m younger compared to Bro Jinyu so I won’t be hurt for not becoming the President instead I will be glad that I can help Bro Jinyu so just let me be the Vice President, okay?”

Jinyu looking at Ken and said to him “Ken, you also deserved to be the President you know”

“It’s alright Bro Jinyu”

“I see and if that’s what you decide then I will respect your decision, Ken”

“Thank you Bro Jinyu”

“So Mr. Li and Mr. Jang, both of you, are these your final decisions?” Both kids nodded at the same time and the Principal continues “okay then and this coming school next term, Mr. Li will be the President and Mr. Jang will be the Vice President of Grade School Department” and then all of them got dismissed.

Meanwhile, the Jun couple along with the members and managers of M’dols Teams is now in the conference room and discussing some important matters to discuss.

“So everyone, these are our final schedules for these few days left before enlistment date, and Manager Rei already confirmed these schedules to both parties so postponement or canceled schedules is not possible anymore since it’s already confirmed or else it will be either breaching of contract.” Manager Han stated since he is the Head Manager after all.

“.....” Everyone didn’t reply after all they got reminded that the enlistment date is getting nearer and no one can stop it anymore.

“Managers and Members, are you with me?”

“...”

Manager Han sighing and stated “don’t be sad guys because we are always a team even you decide to pursue your solo activity after discharging from your military duties and for now it’s inevitable for you guys [Team Members] because it’s one of our duty to do as a Senian Citizen. Well, well we already in our golden week and Manager Rei didn’t forget for us to have a break and be free from our stressful daily lives even with our full packed schedule after all we will have 2 days breaks so let’s not waste it instead used it well to bond with your family members, okay?”

“Uh-uh,” all members agreed while having a sad tone.

“.....” Manager Han got speechless along with the Team Managers.

As the mood maker of the group, Je trying to lift up the surroundings but it’s getting worst.

“Guys, guys don’t be sad after all we have a 1-day break per month to visit our loved ones so what if we will use it to meet up then, right?”

San answered with a fact and in a truthful way “yeah indeed we have Bro Je but then those days will only be used to spending to our family members especially with Bro Tae here since he already has Manager Rei on his life and his own family.”

“.....” Je got speechless.

“San is right Bro Je and not only with Bro Tae here but same with Bro Yun also after all he is now expecting his first baby to Manager Su so it means those days will never be possible for us to meet.” Bi also stated the fact.

“.....” Once again Je got speechless.

“Now, now San and Bi, are you not aware that Je just trying to lift up our mood? Yet both of you just crashing Je without blinking.”

Both said in sync “geez, it’s your fault, Bro Yun”

“Hey it’s not me and if you blame me then why not blame Tae, huh?”

San replied right away “Bro Tae is not included after all Bro Tae already married with Manager Rei while this someone we know didn’t control his own self instead he just knock out his girlfriend when in fact they are not yet in a relationship for a year”

Everyone got speechless since they know who San mention now and suddenly they laugh except for that someone he mentions.

“Managers and Guys, this is not a funny thing you know and San you just describe me as a l.u.s.ting man when in fact I’m not because both I and Lucy agreed to have a baby so don’t describe me like that.”

“Oops sorry, Bro Yun but what I said just now is the truth and.....”

“Alright, alright stop it San and we know that you respect your team members more especially your Bro Yun and Bro Tae so instead of teasing them why not congratulating them on what you truly feel, right?”

“Geez Manager Han”

“Why, did I say something wrong?”

“Nothing”

“I see and alright everyone let’s dismiss now and see you on Monday”

“Yes Manager Han and see you on Monday then”

So everyone dismissed and separate in their own ways. As usual, Tae will be the one driving but then before they hop in the couple coincidentally meeting with Danni. It’s really a coincidence because Danni has just done with her personal activity and forgot something to her assigned studio so she got back when she’s already at home but never expected that she will meet her husband with his Manager’s cheating wife only according to her own assumptions.

“Eh, Tae you are still here and...” stopping herself because she just realized that Tae is with his wife.

Chapter 564 - Vol 7: Ch 564 – Meeting with Tae’s delusional ex-girlfriend.

Around 8 pm, the Team Meetings did already done and the couple is now walking hand in hand to where they park the car but the couple didn’t expect that they will coincidentally be meeting up with

Danni after all the couple never meet up even once since the day she comes back, the day she wants to meet up with Rei and the day after stalking with Mei. At first, they didn't realize her presence but only notice when they heard her talking with them mostly to Tae.

"Eh, Tae you are still here and..." stopping herself because she just realized that Tae is with his wife.

Both heard her and Tae didn't want his wife to confront her so he decides to reply to her while Rei just observing at the sides of her dear husband and listening to what they are talking about.

"Oh, it's you, Miss Li"

Danni acts naturally when in fact she's already upset inside after seeing Rei's face "yeah it's me Tae and you don't need to be formal with me, after all, we used to date in the past you know" mentioning their past relationship on purpose for Rei to feel jealous.

"Past is past Miss Li and by the way, this is my wife. I guess you already heard about her after all it's still trending about us, I mean about us being a married loving couple"

Danni's acting mode activated "oh, this must be Manager Rei, right?"

"Yes she is"

"I see.....eh, she's pregnant?"

"Yes she is and it's normal for her to get pregnant after all we are legally married, right Miss Li?"

"... I —indeed but Tae have you heard something about your wife?"

"Heard about my wife? Well, I didn't hear anything and the first one to hear about my wife's matter will be me after all I'm her husband and so what did you hear about that I'm not aware of Miss Li?"

“...tsk, I guess you already bewitched by her huh, and are you sure she’s really pregnant, or maybe she’s lying about being pregnant for her to tie you down?”

Tae heard it clearly but pretending not to hear “did you say something, Miss Li?”

Danni didn’t deny but didn’t repeat what she says but instead, she just warns Rei without hesitation even Tae is with her “mind you Manager Rei but I guess before it’s too late for you then stop what you are doing now and you can still even have a chance let go of Tae just for you to save his reputation so if you really love Tae then don’t ruin it by your own hands that’s my a piece advice for you.”

“Who.....” Hearing that one, Tae almost got angered but just in time, she got stop by Rei at the very right timing when to b.u.t.t in.

“I see and thank you for your not-so-called concerns about us but I guess that’s not for me Miss Li and back to you, make sure what you discover about me is the truth and not just your own delusions before it’s too late for you. Oh, right I already know that you are my husband’s ex-girlfriend for 2 months so no need for you to mention your past relationship on purpose for me to get jealous of you. You’re the one who broke up with Tae for more than 10 years yet until now you are still in love with my husband or is it only my own imagination? Tsk, tsks, Miss Li you don’t need to be a hypocrite and be concern about us after all you’re the first one who let go of Tae and break him up with the M’dols around. Is it because he is not famous enough that’s why you broke up with him and now Tae is more famous compared to you now, you’re now playing as a concerned ex-girlfriend of him to get back with him, am I right?”

“.....” Danni’s got speechless because of Rei’s powerful counterattack.

“Let’s go, Dear, and let’s not waste our time with her”

“Okay Hon”

The couple leaves Danni in a daze but then she got explode and shout without care “JUST WAIT FOR YOUR OWN DEMISE MANAGER REI BECAUSE I, LI DANNI WILL MAKE SURE THAT I WILL EXPOSE YOUR TRUE NATURE TO EVERYONE”

Rei already inside the car so she didn't hear what Danni declared just now but Tae heard it and so he closed the door of the car in order for his wife not to worry then calls his ex-girlfriend's attention.

"Miss Li"

Danni thought that Tae wants to hear what his wife doing on his back and answered excitedly that she didn't expect that she's only dreaming because she only got warned by Tae and a different Tae from what she knew before.

"Don't forget that I still respect you as a human being one but if I know that you hurt my wife's with those baseless accusations you have then forgot everything that I still respect you as a human being because I will surely ruin your life even I know that you didn't touch my wife but I will surely ruin in the same method what you are trying to do and planning to my wife, so listen to my advice as I still respect you as a human being one: make sure that everything you have is everything right and fact before releasing it to the press or else it will be your loss" then Tae open the car door and start the engine before driving leaving Danni standing in a daze again.

After an hour, Danni still standing where she stands and only return back when she heard someone calling her name.

"Eh, Senior Li you are still here?"

".....o---oh, yeah because I forgot something at my assigned studio"

"I see but then Senior Li are you alright? You have a pale face a while ago and now"

"I'm fine"

"I see then I'm going now Senior Li"

"Okay, ah, wait"

“Yes, Senior Li?”

“Uhm, are you a new artist here?”

“Well, you can still consider me as a new artist compared to you Senior Li but I already debuted last year”

“I see but will just do your best and you might surpass me someday”

“Well I really respect you Senior Li but I will surpass you for sure after all Manager Rei assigned me the best Manager for me and both of them provided me the best resources that I can never imagine that I will have.”

“...Manager Rei, y—-you mean M’dols Tae’s wife?”

“Yes the only one Manager Rei but then for sure CA Artists will not going to see the smiling Rei for next two years”

“Eh, why is that so?”

“Eh, you didn’t hear anything Senior Li?”

“Eh, hear anything about what?”

The said artist looking around and whisper to her “it’s still a secret and only close friends who know this one but since you are my idol then I will tell you Senior Li”

“Eh, what is it then?”

“Well, all M’dols Members will be enlisting this coming May 26 so that’s why we, the CA Artists won’t witness the smiling Manager Rei for two years because her husband will be enlisting that day.”

“Oh, I see”

“Oh right I’m going now and Senior Li please keep it a secret for now before they officially disclose it”

Danni didn’t reply and the said artist already out of her sight “idiot and why would I disclose that information? For sure it will only help them to stay strong since the fans will surely protect that shameful cheater so why not I will use that opportunity to attack her without her backup, right? Sorry Tae but you left me with no choice since your siding with your cheater’s wife and I won’t worry for you to get mad at me after all you will surely return back to me after you will know the true nature of your Manager Rei”

Chapter 565 - Vol 7: Ch 565 – Never realized that she’s really a delusional one

Rei didn’t hear what Tae said to Danni’s but it’s enough for her to tell that something’s wrong with him when she notices her husband’s expressions after starting the engine. Well, Danni fails to realize that Tae already knows how to drive after all they only used to date for 2 months so she still doesn’t know and not aware of everything about Tae and she’s very not on par with Rei because Rei is already quite familiar with Tae before they date because Rei is an unofficial fan of Tae since she’s a teenager.

“Is something wrong Dear?”

“.....” Tae didn’t reply and instead, he just focuses his drive.

Rei didn’t ask anything instead she just hold his hand and assuring him “I will be fine Tae and I will only confront her after I give birth, so don’t worry about me instead just focus on your military duty [enlistment – conscription duty] as a Senian, okay?”

“Uh-uh but what if she’s getting worst then?”

“Well I don’t know when she’s going to attack but it will be someday that’s for sure”

“Yeah I know but what if she attacks you after I enlist then?”

“Aside from our close friends and family members, no one knows about the Team Members enlistment you know”

“Yeah I know but what if someone suddenly slips out and that woman [Danni] will hear it, huh?”

“Well, it may be possible after all that woman [Rei followed Tae calling Danni that woman] is also an artist of CA Entertainment and so she might hear it or maybe she already knows that’s why her plans to release what she discovers about me will happen when you’re not around since she thinks that I’m a princess who’s only hiding from the protection of my knight, right?”

“Yeah that’s right and without knowing that you’re my knight because you always the one saving me who I’m always the one who is the damsel in distress”

“Eh and why its sounds to me that I’m manlier compared to you, huh?”

“Right, right but well it’s the truth Hon because you’re always the one who protects me and I’m always the one giving you trouble”

“He, he, he, I see but I don’t have any complaints because it’s normal Dear since we are married after all and so whatever trouble you have it’s also my trouble so I will always protect you as your wife.”

“Thank you, Rei”

“Silly and no need to thank me because that’s my obligation to protect you as your wife.”

“Yeah I know but I’m always grateful to you Hon and I’ve never expected that woman is really a delusional one”

“Well it because she failed to face the reality yet and she’s still not moved on with you.... [Rei pause for a while since she remembers something] wait, did I heard it from someone that his ex-girlfriends were all not bad persons, did I?”

“He, he, yeah you did hear me that one Hon but except that woman....”

“Jun Tae Woo” out of nowhere, Rei suddenly emphasizes her husband’s full name in a very seductive tone.

Hearing his wife like this, Tae almost lost control of the steering wheel but at least he is fast enough and asks while blushing “why are you suddenly calling my full name with that kind of tone, huh?”

“Nothing and I just want to say I Love You Tae”

“.....” Tae got speechless while blushing then heard his wife’s explanation.

“Everyday I always say I Love You to you Tae and for I know you already aware of how much I Love You but it’s not enough for me to show how much I love you so I will always, always let you know that I really, really love you and I will do everything for you as long as you need me Tae”

“Same with me Din Lou Rei who is now my Jun Lou Rei for the past 3 years, that I will always love you and I will always do everything for you as long as you also need me.” Then after declaring his love again, Tae just looks at his wife for only a glimpse since he is driving at the moment and so both of them have loving and subtle expressions on their faces.

The couple riding their car quietly and the two stop chatting because they both feel satisfied with their presence alone until Tae suddenly calling his wife’s attention.

“Hon”

“Yes?”

“Let’s go somewhere tomorrow and just only the two of us”

“Not two of us but three of us for the meantime”

“Ha, ha, ha, yeah three of us since you are carrying our youngest at the moment”

“So where are we going tomorrow then?”

“It’s a secret for now”

“I see and so are you going to put a blindfold in my eyes then?”

“Yes I will”

“Okay but Dear, I guess you forgot someone”

“Eh, I did but whom?”

“You are going to meet Woo Jin tomorrow at 1 pm, remember?” Rei starts calling him Woo Jin since Tae said so because it’s too formal for her to him Mr. Wong and too ambiguous if she also calls him Bro Woo Jin so just Woo Jin only.

“Ah, right I forgot that one but well I will just postpone it then and I will meet him last Sunday before the enlistment date”

“...so wife’s first before your best friend huh?”

“Yup wife first before my best friend and you are always my number one Rei”

“Speaking about number one I just remember that I will be the number one enemy of my family members if I cheated with you, tsk, tsk what family members I have that willing to sacrifice me just for you Dear”

“So are you planning to cheat me on then?”

“Silly I won’t and I promise I will never ever do that because I will be a big idiot if I leave you because you’re my first and my last man”

“...you know Hon?”

“Mmm”

“You always have a powerful speech that I will always be speechless every time when I heard it”

“.... I see so then?”

“So then I will always fall for you every time I heard it, ah, we have arrived Hon”

Then right away Tae parks the car properly to their parking space slot and rides the elevator together while holding hands but when they opened the door they are both facing with a fl.u.s.tered Ken.

“Auntie Rei, Uncle Tae”

Both asked worriedly “what’s wrong Ken?”

“Ren still not received it”

“Huh?”

“Geez what I mean is Ren still not received my gift to him and it’s been 4 days since then”

“Oh, I see, and let me check that one then.....” Rei got cut off by Ken.

“I already check it Auntie and the Jang private plane already landed at our hometown on the same day we sent the gift and it departed but then Ren still not received it so why?” Ken already quite knows his skills but still far if he compared himself to his Auntie Rei.

“Eh so the Mint Green Electric Guitar already arrived at our hometown and yet Ren didn’t receive it yet?”

“Uh-uh”

“Are you sure?”

“I’m sure Auntie but Ren said that he still didn’t receive it”

Chapter 566 - Vol 7: Ch 566 – Ken and Ren

Ken and Ren just turn 7 last May 10 and once again both twin brothers received the same presents with different colors from each other just like they exchanging gifts only since both have different favorite colors which are Blue for Ken while Mint Green for Ren.

Early morning on their birthday, Ken called the assigned butler to him on the day he knows that he has 5 hidden bodyguards who always following him and instruct to borrow the private plane of the Jang and send his present to his younger twin brother, he didn’t let his butler and bodyguards guarding his present, after all, it will be shipped out personally by the Twin’s attendant using the Jang’s plane. He knows that the travel time will be 4 hours but he didn’t call Ren about it and wait for him to call him

instead because he wants to witness his reactions through hearing his brother excited tone but it's been 4 days since then yet he didn't receive any calls from Ren, so he call his younger brother instead.

Ring, ring, and ring

"Geez Bro Ken you just called now and so you don't love me anymore huh"

"Eh, why did you say so?"

"B--- because y-- you didn't call me on our birthday and you didn't even greet me back. I greet you but you didn't, you're too cruel Bro Ken"

"Eh, y--you mean you didn't receive my gift to you?"

"What gift? You didn't even greet me back and yet you ask me if I received a gift from you, Bro Ken, are you sure?"

"Yes, I'm sure that I have a gift for you and so did you receive it?"

"I didn't receive anything Bro Ken and speaking about the gift, I also give you one yet you didn't do the same thing to me, hu, hu, hu"

"I see and I will call you again, I will ask Auntie Rei about it"

"Okay"

"Why your tones suddenly change?"

"Tot, tot, tot"

“Auntie Rei, Uncle Tae” then he said about the present that Ren still not received yet.

“Are you sure?”

“I’m sure Auntie but Ren said that he still didn’t receive it yet”

Rei smirking because she knows what’s going on and said factly to Ken “then can you at least replay to me what Ren just say to you when you call him, Ken?”

“Eh, what’s wrong Auntie Rei?”

“Well you know that you and Ren are both Mei’s sons so it’s not surprising that both of you inherit your Mom’s unusual and unique genes, am I right?”

Ken just realized what’s wrong but still asks his Auntie “.....t——then don’t tell me that Ren is teasing me, Auntie Rei?”

“What do you think Ken?”

“..Geez that brother of mine, for sure he is really teasing me, and based on that last tone of him, for sure he is now laughing hard now because I got fooled, and since when did he become like Mom? Well duh, it’s not a question anymore since I’m also like that and indeed we are really Mom’s sons and hope my two baby brothers won’t be like that, or else Dad will get annoyed with us.”

Meanwhile, at Ren’s side, he really received the present from his twin elder brother 4 days ago on their very own 7th Birthday.

“Is this Young Master Ren’s house?”

“Yes and this is where Young Master Ren residing along with the Madame Jang Family Members”

“Eh so Madame Jang also came from a rich family, huh”

“.....” Ren’s butler got speechless because he also had the same reactions before.

“Alright let’s get in since Young Master Ken instruct me to give this present personally to Young Master Ren”

Ren’s butler already opens the gate to him since he starts serving his Young Master on the day that Ren knows about him and as for his 5 hidden bodyguards it will only be hidden when Ren’s not in the house.

“Ren, Mr. Long is here along with your brother’s gift”

“Eh, Bro Ken has a present for me?”

“Yes Ren”

“Hey, Butler Kei who are you to call Young Master without honorifics? Are you tired of your work?”

“It’s alright Mr. Long and I give authority Bro Kei to call only my name, so where’s my brother’s gift?”

“Here Young Master Ren” pointing the large wrapped box.

“Thanks and you can also call me using my name only and don’t report to Bro Ken that I already received his present since I will be the one informing him”

“Yes Young M..... I mean Ren and can I still call you Young Master when we’re not alone”

“Yes you can or else you will be fired if someone heard you calling me my name especially to Great Grand Father”

‘What the heck? They are really indeed twins and why I heard the same thing from a different Young Master now with the exact words and tone?’ Then looking at his Young Master again and just realize that the two really look alike [duh, Mr. Long, they are identical twins you know] and you can’t really tell from who is who.

“Oh right, so what’s your name Mr. Long?”

“Lin, Young.... I mean Ren”

“Eh, what a nice name you have Bro Lin.”

“.....” He got speechless because both Ken and Ren just asked and said the same thing to him.

Butler Kei just looking amusingly at Mr. Long, the attendant in charge of the twins and reminded him “I guess you still need to research more about your Young Master’s antics, Mr. Long”

“Yeah indeed I will and it will only backfire to me if I fail to do so after all I’m the attendant in charge for both brothers.”

“Eh, you are in charge of us Bro Long?”

“Yes I am”

“Wow so cool and please takes good care of us, Bro Long”

“Young Master Ren before I leave here, can I ask one personal question to you, can I ask only one please?”

“Yes you can Bro Long so what is it?”

“Uhm, how can I differentiate you and Young Master Ken?”

“Well Bro Ken is more teasers compared to me so that’s the way you can differentiate between us”

“Eh?”

“Mr. Long, you need to leave now since the plane will board at exactly 1 pm”

“Ah, that’s right thank you for reminding me Butler Kei” then he leaves right away and already got to know what the difference between his Young Masters is. “So Young Master Ken doesn’t talk much just like Master Jang [En] while Young Master Ren is just like Madame Jang [Mei] who likes to talk very much.”

After receiving a big box from Mr. Long, Ren opened it [unwrapping the gifts] excitedly while his Butler got denied again to help.

“Ren, let me help you,” said many times already

“No worries Bro Kei and it’s my gift so no worries” replied many times already without getting annoyed from repeating it many times.

“But.....”

Lynel witness the young master and butler interactions again so she pauses the anime she watches while waiting for Rick then join them “ha, ha, it will be useless for you to insist Bro Kei after all it’s a gift from Bro Ken so give it up no one will scold you, after all, Bro Ren will protect you as your young master, so then Bro Ren, what it would be?”

“.....” Ren didn’t reply since he is still busy opening the gift.

“Tsk you’re such a kid Bro Ren”

Chapter 567 - Vol 7: Ch 567 – Ken and Ren 2

Ren is still busy opening the gift meanwhile Lynel didn’t comment it out instead she asks the butler instead.

“Bro Kei, where’s Mama Grand?”

“Madame Din is inside her room, Lynel.”

“I see, how about my Mom and Dad?”

“Sir Din just left to his working place and Lady Din is also on the way in the shop”

“Then the hidden bodyguards, where are they?”

“They’re outside Lynel”

“Mmm... so they are not hidden bodyguards anymore huh”

Lynel own hidden 2 lady bodyguards suddenly appear out of nowhere and replied to her “no because we are always the hidden bodyguards of yours, Lady Lynel”

“What the heck? You scare me you know”

“Our apology for scaring you Lady Lynel”

“It’s alright I’m just kidding and you don’t need to be in your ninja moves since....”

“My beautiful artist Lynel, let’s go now or else you will be late”

“I’m already ready Bro Rick and you’re the only one who’s not yet ready you know”

“Oh, I see, and.....” stop because he realized that Ren is busy with something but before he asks he got drag by Lynel.

“Common Bro Rick you just said that we will be late if we’re not going now, geez seriously are you really that your almost the same age with Auntie Rei, Auntie Mei, and Mom, huh?”

“Common, common Lynel don’t pout because it won’t fit to what you wear now” Lynel is wearing stylish leggings and shirts designed personally by Rick as he fitted with Lynel’s personality.

“At least you’re not that bad if it’s about designing. Bro Kei and Bro Ren, we’re going now, bye-bye” then they leave along with their hidden bodyguards.

Ren has just done unwrapping the gift and realized that they already left so he said “again, it’s only the two of us here Bro Kei”

“Your grandma is inside her room, Ren”

“Of course I know but it’s kind of lonely right?”

“Young Master Ren.....”

“No worries Bro Kei because I’m not that sad since if I’m going along with Lynel then Grandma will be alone here so I will be alright and might be used to it, so now, why not teach me how to play this one then?”

“Of course I will teach you Ren”

“Ha, ha, ha as expected of my butler and you know everything Bro Kei”

“Well we’ve been trained since we’re a kid Young Master Ren”

“I see but what about your dreams and ambitions then?”

“Well we are always grateful to the Jang Family but I decline to be a butler since we are not really obliged to serve the Jang’s but then I didn’t refuse when I realize that I will serve Master Jang sons so now here I am, serving you and your butler Young Master Ren”

“I see and Bro Ken butler is your older cousin right?”

“Uh-uh, and he also declines to be one but then just like me he also become Young Master’s Ken butler for the same reason of mine.”

“Eh, then how about my other cousins, do they have a butler then?”

“Yes they have a butler but it’s not from our family lines since me and my cousin were the only males younger generation from our family so your cousins have butler from the other butler family”

“Eh, so Great Grand Father also against with a female butler, huh”

“Yes Ren although Madame Jang [Mei] already change the history of the Jang’s tradition by letting the ladies from the Jang Corp. be part of it, Great Master Jang views didn’t include us and didn’t allow a female servant to serve the Jang so that’s why”

“I don’t really know why Great Grand Father so against the female ones but let’s stop talking about that one since it’s quite depressing to talk instead teach me now Bro Kei.”

“Yes, Young Master Ren but you have a lesson this afternoon for your programming skills so I only teach you for an hour.”

“No worries”

“Uhm Young Master Ren, can I know who’s your instructor for your programming skills? I’m your butler so I want to know if you’re in safe and good hands during the whole lessons”

“Ha, ha, ha you are asking it again Bro Kei but I will also answer the same thing that I’m in good hands and it’s a secret” then Ren wonders. ‘Who would dare to say that my teacher is an Artificial Intelligence unless I want to expose Auntie Rei’s identity, right?’

“.....”

Aya just awake and heard her grandson “you are teasing your Butler again Ren”

“Ah, Grandma you’re awake, and let’s eat our lunch now”

“Silly boy, you don’t need to wait for me and you can enjoy going with Lynel you know”

“He, he, he will Lynel have Bro Rick with her while you don’t have one so why not I accompany my beloved Grandma, right?”

“Yeah, yeah I’m grateful that my grandson thinks about me and you’re really Mei’s son after all. By the way, where did you get that one?”

“Bro Ken gifted it to me”

“Eh, I see, and what a filial one”

“Ha, ha, ha right but you might don’t know Auntie but I guess Bro Ken ask Auntie Rei to buy this one after all he didn’t compete with a cash prize award.”

“Silly and did you already thank Ken for this?”

“I will Grandma but later since we need to fill our stomach first”

And then the three of them eat their lunch, sometimes the hidden bodyguards will join them but it’s only rare since they are indeed a ninja who just suddenly appear and disappear to their sight.

Four days passed Ren didn’t call his Brother and just wait for his call because he is very sure that his brother just wants to hear his voice being so excited about his gifts but not this time because he wants to tease his brother for deciding to leave him alone although he already knows the reasons since that day, he is still a kid and so being emotional and being childish is very normal for him because he is a kid.

At around 7 pm [9 pm in S Country], Ren received a call from Ken and pranking him then hung up right away when his tone change before he got discover by his brother. Ren is inside in his room and laughing for successfully pranking his brother. Although he is laughing you can still feel the sadness of his laugh after all his parents and brother is not with him on his special day though he is aware of the reason, he is still a 7 years old boy after all. Just before his tears flowing out from his eyes, he heard his phone again, and this time it’s a video call so he answered right away as if he’s not almost in tears.

“Geez, Ren you are teasing me again...[pause because he realizes something wrong with his brother] wait, are you alright?”

“...” Ren didn’t answer and he just hears his brother excusing himself in his very own way to their Auntie and Uncle.

“Auntie Rei and Uncle Tae I’m going to scold Ren for a while in my room” then Ken goes to his room right away then locks again before talking to his twin younger brother again “tell me what’s wrong with you and are you really alright?”

"I— I'm alright Bro Ken"

"Don't fool me again and I know you, Ren, you always staying cool as if you're not affected but compared to us you're the one who inherits Dad of being an emotional one so tell me what's wrong with you and don't forget that we are twins so I can feel something wrongs with you, so tell me, okay?"

"I— I feel lonely, Auntie Lyn is always at the shop, Uncle El is always in his working place, Lynel also been busy with her schedules together with Bro Rick and I can't disturb Grandma because she's our grandmother. I didn't tell anything to Dad because for sure he will decide to throw his CEO Position and come here right away because we are his first priority and of course same with Mom because I didn't tell anything because everyone will know that I'm lonely and I don't want them to blame themselves for leaving me alone because I'm not really alone but the one I'm always with is my butler and bodyguards so it's a different thing because they are not my family..." then Ren crying hard.

"Just cry Ren and let it out, I'm here and I will wait for you until you will calm down" and that way Ren crying hard and stop when there are no tears coming from his eyes anymore, so he asks again. "Are you alright now?"

"Uh-uh"

"Do you want me to keep it a secret from everyone?"

"Uh-uh, but it won't be a secret anymore after all Auntie Rei will notice something wrong for sure."

"Yeah you are right so I will tell Auntie Rei about this matter and it's up to Auntie's decision if she will keep it a secret or let everyone know about this"

"Uh-uh"

"Geez Ren you are really an idiot one and it might be my fault after all I've been selfish enough to study here and stay with Auntie Rei without knowing that I'm leaving my brother lonely but Ren just endure it for now because after I graduate here I will surely return to you right away and I promise I won't leave you again"

“.....”

“By the way, did you read my message?”

“Eh, what message?”

Chapter 568 - Vol 7: Ch 568 – Ken and Ren 3

“By the way, did you read my message?”

“Eh, what message?”

“... [Ken almost got speechless and replied to his dear brother] knowing you for sure you're mainly focused is to unwrapped the big box and didn't see a small envelope attached, am I right?”

“Yeah you are right Bro Ken but I don't know where it is now”

“Just ask Bro Kei about that one since he most likely keeps it”

“Yeah right.....” stop because he heard from the other side.

Knock, knock and knock

“Ken, is everything alright? Is something wrong with Ren?”

Both said at the same time “oh-oh, I guess Auntie Rei already suspicious now..... Geez.... Why Auntie Rei is such a smart one, huh?”

“Ken, let me in. Uncle Tae and Ellyn is with the twins so I’m alone now”

Ken without choice opens the door and he let his Auntie in then explains right away about Ren’s matters. Rei listening to her nephew very well and then she said to them. “Ken here, you still didn’t eat your dinner, and Ren, we will inform everyone about this, okay?”

“Okay”

“Good and by the way Ren, you know what, since the day Mei been staying in T Country, your Mom always message me if everything with you is alright, I even replied to her that you will be fine because you are with everyone but I never expect that your mother’s instinct is too strong, huh.”

“Eh, Mom is worried about me, Auntie Rei?”

“Of course she will be Ren after all you are her son and she also checks about Ken’s updates time by time that I found it annoying sometimes but well Mei is a mother of you and Ken so that’s normal for her, even Lyn also check about Ellyn’s matter but not every day and so, in other words, no mother can’t be at ease when their own kids are not with them even they are with their own relatives because they will only be at ease when their own kids are within their sight so it’s normal for your mother to worry about you.”

“So then Auntie, what I’m going to do?”

“I will inform everyone”

“Not tonight”

“Eh, why and what’s wrong with tonight?”

“Grandma already sleeping now, Auntie Lyn and Uncle El must be already with my baby cousins and same with Mom and Dad since they are taking care of my baby brothers, as for you Auntie it’s already late in there and you are pregnant so maybe you tell everyone during our Sunday’s family video call.”

“Okay, I will, and just promise to me that next time you will tell any of us what you feel and don’t keep it because no one will be got angry with you because we are family, okay?”

“Okay”

“Good and just go to sleep Ren, your brother still need to digest his food before sleeping so you sleep first”

“Yes Auntie Rei and thank you”

==== End of Video Call ====

“After you digest your foods well, you can sleep now”

“Yes, Auntie” then Rei leave but got stop since Ken is hugging her Auntie.

“Auntie Rei, is it my fault?”

“Silly no one and nobody at fault Ken. You are studying here and staying with me because that what you really want, as for Ren he decides to stay at C Country because that also what he really want it just that we the a.d.u.l.ts didn’t interrupt because that’s what the two of you really want and we know that you might be feeling lonely just what Ren feels now but we didn’t intervene instead we support your decisions, same with Ren, Ellyn, and Lynel, so how about you, did you feel alone or lonely when you are here?”

“No I didn’t feel lonely Auntie because you know, everyone here is with me, even my group of friends are always here every Saturday for our study group even we already on school breaks and on the other hand, Ren feels lonely because everyone in there is very busy. They can’t plan for a study group since the Meng’s have their own private tutor and same with Sis Yuka. Ren can’t even play with our cousins since Auntie Lyn always bringing the baby with her in the shop”. Since the day Mei returns back to T Country, Lyn is now the acting Manager of the shop so she’s now at the office and not in the kitchen area in the meantime.

Rei just listening to Ken and just said one thing to him “alright Ken and don’t trouble anything about it so let us think about how to resolve it, okay?”

“Okay”

“Don’t blame yourself and don’t call yourself a selfish one because you’re not, okay?”

“Okay”

“Do you want me to sleep with you for tonight?”

“No need Auntie Rei or else Uncle Tae will glare at me for the whole day and so spend your time with Uncle Tae very well after all he will be away with you for two years”

“Alright, alright, geez and you must sleep now; I guess you already digested it well huh”

“Yes, Auntie Rei” then Rei leave Ken’s room, and right away Ken didn’t worry anymore instead he goes to his slumber state after Rei close the door.

Meanwhile, after Rei entered their room, Tae asks her directly about Ken.

“Is there something wrong with Ken?”

“Not Ken but Ren”

“Eh, and what’s wrong with Ren?”

“He feels lonely” then Rei seating on their bed followed by Tae and she explains what happens to Ren.

“So what are you going to do Hon?”

“I will tell everyone and we will talk tomorrow, by the way, what time we are leaving tomorrow?”

“Around 8 am”

“I see and it’s for the whole day then?”

“Nope and only morning”

“Okay” then Rei messages her family members about Ren’s loneliness along with the video attachment that she retrieves when the two boys are video calling with each other using their emergency code with a green light indicating not so emergency but need to resolve before it gets worst.

[Rur duuil imruiarull rmjftfwl frt luu ovu foofhvut satum dmz qmzu ardmzqfoamr.

We will talk tomorrow at exactly 6 am, time in S Country since I and Tae will be leaving the house around 8 am.]

At the same time, Tae received the message since he already part of this emergency code message from Din’s Family Members except for Aya since the siblings won’t let their mother worried about their family affairs but it doesn’t mean that Aya won’t be kept hidden since the siblings will inform their mother dearly and they will resolve it on their own leaving their mother as an observer yet open for giving advice after all Aya is more experience compared to them. Tae reading the message sent by his wife silently and after reading he looks at his wife.

“What’s wrong with you Dear?”

“Nothing’s wrong Hon, it just that you are really my Rei”

“Huh?”

“Never mind that one and let’s go to sleep now, oh right please set our phone not to receive any calls because knowing Mei for sure she will bombard us with a lot of questions”

“Ha, ha, ha you really know my sister’s antics now and I already did”

“... I see”

“Let’s sleep now Tae and by the way, where are we going tomorrow?”

“It’s a secret for now”

Rei pouting and replied “okay just for tonight since I will know it tomorrow anyway”

“Geez, you’re so cute Hon” and then kiss her lips right away “I will not eat you tonight since you’ve been busy today”

“Eh, I see and what a surprise that I heard it that one from you Tae, am I right?”

Tae just pinch the space between his eyebrows and calmly said to his teasing wife “don’t tease my patience Hon and I just want you to rest tonight, so just sleep, okay?”

Rei replied while brushing her fingers under the shirt of Tae and said seductively “but I want you to eat me, is that wrong for me to ask?”

“Geez, what a naughty wife you are and why would I reject my wife advances, huh?” Then Tae’s go-to action right away.

Chapter 569 - Vol 7: Ch 569 – Resolving Ren’s matters

At exactly 6 am, Rei’s phone almost exploded since it ringing non-stop and the couple has already done bathing so they are still in their room because they will talk about very important family matters, though it’s only about resolving Ren’s matters still as long as it’s about the Family Members it will always be a very important matter to them even it’s a non-sense one, for example, getting dumped or having low scores. Rei answered the video call request calmly and just heard the voice of her younger sister right away.

“Sis, you’re too cruel. I’ve been calling you after I saw the video you sent last night but then I’ve been blocked by you even Bro Tae’s phone also blocking my calls. Hu, hu, hu [faking cry] both of you are so cruel.”

“I did say at exactly 6 am, right?”

“Yeah, yeah but...” Mei continues with her antics but got stopped by their dear brother.

“Mei stop with that and Rei, I understand why you did it but it’s still a bad move for you to block Mei’s call, after all, it’s about Ren and Mei is Ren’s mother. By the way, why I’m not aware of Ren’s loneliness, huh?”

“....Geh..... I got scolded but Bro El, I’ve been informing Sis to check with my baby boy Ren updates and she always said that it might be my imagination only since I’m with my baby boy but now look what happened Ren been crying, hu, hu, hu”

“Instead of Rei, you didn’t inform me when I’m in our hometown and Ren is with us, huh so why?”

“Well Sis didn’t inform you, you know”

“...” El got speechless because of this sister of him.

“Alright, alright stop with that Mei and so how about Bro En?” Rei interrupts and asks about En since she didn’t see En with Mei on the screen.

“No good and I locked him up along with the twins [the Jang’s baby twins] since he has almost flown out of the country after seeing Ren’s crying.”

“...” All of them [El, Lyn, Tae, and Rei] got speechless.

Mei didn’t realize that everyone got speechless and said to them “alright it’s been 8 hours since I locked him up along with the twins so maybe he is now emotional stable by now, wait for a while guys, I’m going to check my old man” then Mei walk out and go to their room since she locked up En in their own room. Mei opens the outside lock and asks “are you alright now, My En?”

“You really locked me up huh?”

“Uh-uh at least you’re not alone since you were with our baby”

“...is it normal for me to unemotional stable, after all, it’s about our baby boy Ren, right?”

“Well, it’s really normal for you to react like that since you’re Ren’s father but well it’s not normal for you to disturb Assistant Aki in the middle of the night just to go C Town City and if I’m not fast enough to confiscate your phone then we are already in C Town City now, so you need to calm down because Ren is with them, although he feels lonely nowadays.”

“... [En almost got speechless but seeing the tiredness of his wife’s eyes for sure she’s also didn’t sleep for the whole night instead busy calling his sister in law who’s the one who send that message to them and knowing Rei for sure she didn’t want to disturb by her sister] did you already contact Rei?”

“Yeah I did and she’s too cruel for blocking me, can you believe that she’s really my sister?”

“Yeah I believe and indeed you are really sisters after all Rei block you because she doesn’t want you to trouble her for the whole night while you locking me up for the whole night because you don’t want me

to trouble, someone, for the whole night. see you really sisters and both of you even cruel to the person you love, right?"

"Ooh right"

"Mei and Bro En, are you done with your melodrama?" Rei interrupting the two or else they won't stop and just going to waste the time.

"Tsk, what a bummer you are Sis" then Mei setting her phone on auto-rotate mode so that both of them will appear on the screen. "So now Sis, what are we going to do?"

"Let us hear your views and Bro En views after all you are Ren's parents you know"

"I see and My En you're first so what's your opinion?"

"Well My Mei you already know that my first priority is my family so you already know what I'm planning to do by now"

"Geez you just become the CEO of Jang Corp. and yet you are going to resign just for us?"

"Yes My Mei and I'm willing because my family is my topmost priority"

"I understand you old man but think about it if you are going to resign then Grand Father Jang will trying his best to get our boys since you didn't want it, so let just stay here for now and you must continue being the CEO for our son's sake, okay?"

"Okay"

"Good and now this is my own opinion, I don't know if it's alright with all of you here especially to you Lyn..." Mei pauses on purpose to observe their reactions.

El looking at his wife and said to Mei “continue and we will do it if won’t affect us that much, so continue Mei.”

“Yes, Bro El and so now this is what I’m planning. We will hire a new one for Manager’s position since it’s impossible for me to go back and it will be long years for me that I will get back, after all, I already decided to work for the Jang Corp. but it doesn’t mean that I won’t be involved anymore with our family business because I’m still the Head Manager and so I’m only monitoring behind the scenes. As for Lyn, she will only go and left at our shop for her to be with the twins [the Din’s Baby Twins] and our family members so that Ren won’t feel lonely anymore. I’m going to plan and decide for Ren to be with Ken but then it’s impossible for that silly boy to leave Mama and Lynel alone so I only go for the 2nd Option which is Ren will spend his school breaks with us here in T Country and then back to C Country after breaks. So Lyn, are you alright for temporarily not handling our family business just for 2 years?”

“Mmm let’s see” Lyn pausing and looking to her husband directions “well it will only depend on El, Mei”

“Oh, then what about your decisions Bro El?”

Chapter 570 - Vol 7: Ch 570 – Resolving Ren’s matters 2

All of their attention is now focused on El and waiting for his reply to Mei’s query.

“Mmm... I’ve been thinking since the day Lyn give birth to our youngest baby twins that she must have a break for at least 2 years until the baby learns to walk but I didn’t have a chance to voice it our since Lyn is been enjoying handling our family business so, for now, I guess you are right Mei, so Lyn are you alright for you to temporarily not handling our family business instead you will just focus with our daughters, Mama and Ren if that’s okay with you only, so are you willing?”

“Of course I will”

“Thank you, Lyn” then kiss his wife without bothering that they’re in video call since it’s only his family members.

“Hey stop showing off Bro El and we are here to discuss not to witness your romance drama, okay?”. Mei retort after seeing them being a loving couple although the Jang Couple is always the one showing off.

“Just let it them be like that and let it be, Mei and why are you affected when in fact you’re always the one showing off huh?” Rei stated the fact and said it loud without hesitation.

“We do have a child here” Mei replied flatly.

Everyone said in sync “eh, where?”

“At Sis w.o.m.b”

“.....”

Mei is ignoring them and asks her sister right away “how about you Sis, what’s your opinion regarding Ren’s matters?”

“Well I’m going to suggest for you to let Ren stay with you in there every school breaks yet you already planning that one so I guess I don’t have anything to add”

“Ha, ha, so it means I’m smarter compared to you Sis, right?”

All of them wondering at the same time ‘and since when did we compare who’s smarter between who?’

“By the way, guys, are we going to inform Mama about this?”

“Of course and why we won’t be, huh?” All of them answered in sync including Tae.

“Whoa, whoa, all of you are now in sync, did you perhaps planning it? Even Bro Tae is already used to it now huh, ha, ha, ha. Oh right I almost forgot to ask you this one Sis”

“And what would it be?”

“How’s the stalker doing? Did she already expose her fake cheating evidence against you, did she?”

“Not yet”

“Eh and why did it take too long for her to expose it, is she not eager to have Bro Tae?”

“Forsake Mei, whose sides are you, me or her?”

“Of course you and if it’s not you then why I’m pretending to be you, right?”

“.....”

Out of nowhere, Mei suddenly thinking an idea and pranking all of them “oh right I forgot to tell you everyone but I’m pregnant”

“Eh, w—-what did you say?”

“I said I’m pregnant”

“Are you sure My Mei?”

“Of course and why I wouldn’t be when in fact you always eating me up every night, right My En?”

“Right, so how long you are now?”

“Mmm.....” Mei pausing on purpose to think but she just observes their reactions but only En got fooled ‘tsk, tsk, they are not easy to be fooled huh’

“My Mei” En calls his wife’s attention when she didn’t reply to his query.

“Yes My En?”

“How long My Mei?”

Mei pretending she didn’t understand her husband “how long, what do you mean My En?”

En feeling suspicious with his wife and start feeling that his wife teasing him again but his loves for her win so he replied without doubting his wife anymore “how long you are now, I mean how many days you are pregnant now?”

Mei didn’t reply instead she just laughing hard.

Realizing that his wife’s been laughing En said it “I guess it, you are really teasing me My Mei but I really thought you are not”

“Geez old man you are really easy to fool huh but well I’m not Sis who got pregnant after few months of giving birth and if I’m really pregnant you’re the first one to know after all you’re my beloved husband, right?”

“...right” En replied while blushing.

Mei wrapping her arms around her husband’s necks and said “oh my, My En is really easy to tease but well that’s how I love you so much because you are too serious yet easy to get fooled by me.”

“Ehem,” Rei clearing her throats for the Jang Couple to stop showing off and of course she has the reason why.

“Geez Sis if you’re jealous then you can show off also after all you already have Bro Tae with you so you don’t need to be a killjoy anymore”

“No need for me to do so Mei and I’m just interrupting you because Mom already calling the two of us for breakfast, so are we done now or not?”

“Geez what a killjoy one”

“Did I told you that I and Tae will be leaving around 8 am, did I?”

“You did but where are you going when in fact both of you need to report at your working place, huh?”

“No works for today but Tae and I have a date today so we need to go now if we are already done discussing”

“Tsk no need for me to do so Mei when in fact Sis, you already showing off your love affection indirectly”

“Eh, did I?”

“Yes, yes you did but for now Bro El will be the one informing Mama about Ren’s matter and tell Mama that we already going to resolve it. As for you Sis, are we going to hire new personnel for Manager’s Position or are we just going to promote one of our staff?”

“It’s best for us to promote one of our staff, after all, we know them better but for now since we are already done evaluating their performances, so instead of hiring for a new one we will just let the Manager’s Position vacant for now until the end of the year and hire additional personnel’s on the beginning of next year after all we need workforce more.”

“Well that’s your job Sis as the Decision Maker and Head of Human Resources so go ahead with that, so now let’s end this after all I and My En didn’t sleep for the whole night, bye-bye” then Mei hung up right away without bothering their replies.
