“Don’t worry about that Sir, this lady here (pointing Rei) already paid and book a room for the patient and follow us Sir”

“Oh, is that so then we will follow after the patient”

“Oh, alright”

After several minutes passes, the patient Ms Meng got out from the emergency room and the hospital personnels push her hospital bed out from the emergency room going to her room.

All of them follow after them, they entered and get inside in the room. All of them notice that the room is really big enough and designed for VIP patient. As Meng members they can afford it without blinking an eye but today this room was booked by a single person, single not a group. After the doctor and hospital personnels left, the two police officers also left when they already done investigating and suddenly CEO Meng just mention his assistant and he already know what to do.

As the older siblings, El is the one replying “You’re welcome Mrs Meng”

“Engineer El, as what I said awhile ago all of you can go now and once again thank you for helping us, it’s our internal matters but yet you’re helping us without hesitation. If not, I’m still naive and oblivious what surrounds me, I don’t even know what will happen to my son, his wife and to my two granddaughters”

“Uh-uh, they’re family are full of love and what I heard they start in a pinch and they are now like this. But Mom, you know what they never want to reveal who they are and just stay being low profile. I don’t know their true identity but their presence give it all.”

“Who is younger Teacher Mei or Miss Din?”

“Grandpa, Ma’am Rei is the middle child and what I heard she’s still not married yet but well Ma’am Rei is really popular but she’s so oblivious if it’s regards about that”

“Okay, okay enough with that let’s discuss with our internal matters first. So lawyers please explain it now on how we deal my younger brother”

“Yes Master Chen”

Well Fefe never mention that her Ma’am Rei will be leaving within this week, all of the staff know about this and just instruct that never reveal it to the public and only them will be the one know and aware.

Meanwhile after the siblings and En leave in the Ms Meng room, at the Main Entrance the two police officers are still standing and waiting for someone then when they take notice of them, the Chief said to them.

“Miss Din, can I talk to you alone?”

Since Rei is the main witness before and after the accident, she doesn't have any question and simply replied “yes Chief Lin you may. Bro En, Bro El and Mei just wait me a for awhile”

“And that's all Miss Din, you can go with them now.”

“Uh-uh”

Rei walk while the chief police officer still standing there in a daze and move when his assistant called him.

“Chief?”

“Let’s go now and why are you standing there in a daze?”

‘Chief you’re the one standing while in a daze’.
