Chapter 571 - Vol 7: Ch 571 – Retracing Tae’s most memorable and unforgettable memories and places

Both Tae and Rei leave their rooms after discussing their very important family matters with her siblings and in-laws. When the two go out, Tae’s mother already waiting for them and they greet each other.

“Good Morning”

“Good Morning”

“Mom, did you wait long?”

“Not that long Tae-ya but are you going somewhere? You and Rei have no work today, right?”

“Yes we don’t have work for today but I and Rei have a date today, Mom”

“Oh I see then enjoy it then”

“Yes Mom and we will trouble you again for babysitting our twins”

“No worries and so what time you will back?”

“Before lunch or we might spend the whole day, so it only depends on the destinations we are going today”

"I see and..." Tae's Mom pauses when she realizes that Rei prepared too many baby bottles for the twins. "That's too much Rei"

"Eh too many but Mom nowadays Wu-wu [Rei Won's nickname] been drinking a lot of milk so 4 bottles for him for every 3 to 4 hours might not be enough for him."

"Right dear but then let us do that and just enjoy your date with Tae, okay?"

"Uhm..."

"Hon let Mom do that okay? And don't worry because you will always a good mother to our twins"

"Okay and how about Re-re then?" [Woo Rei's nickname]

"Mom will be the one preparing that one so let's eat our breakfast now since we will leave around 8 am"

"Okay"

All of them eat their breakfast together and then they leave leaving Ken and Ellyn watching the same anime again while the Jun old couple is both watching the twins in the living room while watching what the kids watching. At first when they both witness that Ken and Ellyn been watching an anime about killings and anything else they are quite surprised because both of them are still a kid and Ken answered them like this when he notices their weird expressions during that time.

"Auntie Jun and Uncle Jun, no worries because the a.d.u.l.t's members of our family said that it's alright for us to watch this kind of anime as long as we promise that we won't follow what the bad peoples doings instead we learn from them that revenge and anything about it won't help anything for us to success and we only got to be punished if we follow the bad peoples, and so we promise we won't and that's why we are allowed to watch."

"Oh, I see, and is it Rei who said that one then?"

Both Ken and Ellyn answered at the same time “nope it’s from Uncle El/My Dad and My Mom/Auntie Mei”

“Eh, then what Rei did say when you first allowed to watch this anime then?”

Once again both cousins answered at the same time “Auntie Rei just said that we can also analyze so in that way we can train and stimulate our brain while watching the anime.”

“.....”

===== Back to Rei and Tae =====

The two riding the elevator while holding hands and this is their usual routine every time they ride the elevator but this time they are not afraid anymore to show their sweetness and lovey-dovey since the day they disclose they are in a relationship though they are quite reserved. After riding the elevator, they go to where they park their car and Tae opens the door for his wife.

Rei hops in and seating down then asks “are you supposed to have me blindfolded today?”

“Yes that’s my first plan Hon but then I guess it doesn’t matter anymore since you will know it anyway”

“Mmm I see and so where are we going now?”

He didn’t reply instead he calls his wife’s attention “Rei?”

“Yes?”

“Do you remember what happened to us that day same place and the same car we are now but not the same position, do you?”

“You mean the day you suggest that we must pretend to be doing it just to shooing the lurking paparazzi?”

“Uh-uh and you just agreed with my silly suggestion without hesitation then without warning you just seating on my l.a.p and wrapping your arms around me, I’m so surprised by your bold actions that day”

“Indeed Tae and I’m really bold that time”

“Yeah you are and that’s why I can’t help because I suddenly kiss you without warning before confessing to you though I did you but not literally”

“And that’s how we share our first kiss which is a very long and intimate one”

“Indeed and let’s go now” then Tae starts the engine and drives right away. After few minutes of drive, they arrive at their next destination and he asks again “how about this, do you remember this place, Hon?”

“Of course and why I won’t it be when in fact this is the place that I meet you personally, if I’m not a rational person then for sure I might hug you that time”

“Ha, ha, ha, right and same with me, and I might kiss you that time but luckily I’m still a rational person. I also remember how scared you are that time”

“Well, who will not be scared when I’m almost a goner that time. huh? But Tae...” Rei pauses on purpose.

“Yes?”

“Although it’s quite dangerous since I almost got hit but that day is my most unforgettable moment because I’m the luckiest woman that time since I meet you personally and that’s the day our interaction begins since you didn’t forget about me. Tae, thank you for finding me.”

“Same here Hon, same here”

“Hey, why are you crying?”

“I don’t know why but it might be because I’m also a lucky one because I able to meet you even of my busy schedules.”

“Silly and” Pause on purpose to get her handkerchief then wipes her husband’s tears then she asks “so where are we going next, my dear crybaby husband?”

“...you will know it when we arrived there” after few minutes of drive, they arrived at the next destination and before he asks his wife, Rei said it to him first.

“Eh, the S International Airport I see but dear there are so many memories we share here such as kissing me passionately with Manager Wang presence, traveling together for the first time for my hometown visits, the team’s local and international concerts with me around and blah, blah, so which one?”

“Silly and indeed we have so many memories we shared in here but you forgot to mention that this is the place that I led my eyes to you for the first time and I fall in love at love at first sight, look there [Tae pointing something] that’s the place where you stand that day while the team members and I were here in this place where I just park the car today.”

“Whoa as what you said before we were really so close and yet I didn’t notice you that time, am I blind? How come I didn’t notice you that day when you are just so close to me, right?”

“Yeah indeed Hon you are really blind and right we are really so close that time but no worries because that time you are still a naïve one on that very day”

“And what do you mean by that huh?”

“Well, well...” then start explaining how the passersby been talking about them before and mistaken the two [Secretary Han and Rei] for a couple that Rei got speechless hearing that one from Tae “so are you a naïve one or not?”

“I am geez satisfied now?”

“Uh-uh satisfied”

“By the way, you really remembered it so well huh when in fact it’s been few years since then”

“Well because that’s the day I first saw you and that’s my most unforgettable moments though I have so many moments that I can’t really forget”

“Eh, I see.....” Rei replied with a smug expression.

“What?”

“Nothing and it just that, I realized that I am really lucky that I caught your attention when in fact you’ve been surrounded with so many beautiful and pretty artists and fans for many years before you meet me yet I just caught your attention effortless after all I’m not wearing any makeup that day and most of all it’s your first sight of me, well I guess no one can really challenge the natural beauty of the Din’s Family Member huh”

Rei’s loving husband almost got speechless and still didn’t realize what she just said just now even she heard Tae saying this one to her “....y—you just become Mei now, Hon”

“Eh?”

Rei's loving husband almost got speechless because of her and Rei still didn't realize what she just said just now even she already heard Tae saying this one to her "...you just become Mei now, Hon."

Rei replied confusedly and got surprised "eh?"

"Why do you look surprised Hon?"

"D—did I really become Mei just now and what did I say that I've become Mei?" Rei asked with a very confused look.

"...d —don't tell me that you just said it without realizing, huh?"

"....."

Seeing the confused looks of his wife, Tae suddenly laughing and said between his laughs "I — I guess [laugh] you really need to [laugh] review the black box Hon [laugh] so that you [laugh] can hear what did you say a while ago [laugh]"

Rei didn't feel offended when her husband laughing at her instead she is now glad that he is now laughing and she said to him "at least I make you laugh Tae"

"Eh?"

Rei replied while reviewing the black box "since we are now in the month of May, you've been pouting nowadays and I know why you are always pouting because you almost going for your military duties so seeing you laughing right now I'm very glad that I make you laugh without worrying it anymore"

"....."

Rei's now reviewing the black box and just realized what she just said then said to her husband while showing her phone "I've really become narcissist just like Mei but well what I just said is really the truth after all you've been surrounds with many beauties, right?"

"Yeah indeed I'm really surrounded by many beauties but Hon you forgot that I only notice your beauty when the day I got to know more about you because that day I just got immersed from your aura and charm, not your beauty well only that day because since I know you more I've been bewitched as the whole you."

"Heh, the way you describe me Dear sounds like I'm an enchantress and seductress to your eyes"

"Eh, you just realize it now?"

"....." Rei got speechless.

Tae just amused by his wife's reactions then tap his hand to her head and said "alright let's go to our next destination now."

Rei didn't mind that Tae touching her head since she always loves Tae become like this and she asks lovingly "so where's our next destination?"

Luckily Tae already used to it or else he will be get tempted and lose control of himself so he replied calmly "it's a secret"

"Heh, a secret huh"

"Yes it's a secret and so let's go to where our next destination now"

"Okay and I'm going to take a nap Dear"

"No worries and I will wake you up when we arrived there"

“Uh-uh”

From time to time Tae always looking at his wife every time they were stuck in traffic, he even steals a picture of his wife’s sleeping face and of course, he didn’t miss stealing a kiss from his wife. After a few minutes of drive, they arrived at their next destination but Tae didn’t wake up his wife instead he is busy c.a.r.e.s.sing his wife’s face that surely he will miss her for 2 years during his enlistment period.

On the other hand, Rei slowly waking up when she feels her husband touching her lips and said to him without opening her eyes “feel satisfied with my lips?”

Tae’s smirk and replied “you know very well Hon that I’m not satisfied just touching your lips because I want to fulfill you fully every inch of my body”

“...[Rei almost got speechless and though she already used to it she still caught off guard] y —you’re really shameless Dear” then Rei looking around and realized where they are “heh, so we are here huh, on the beach”

“Uh-uh after all this is where you answer my confession”

“Indeed and is this our last destination then?”

“No, since we were going next to our last destination and let’s take a stroll for now”

“Eh, strolling on the beach in a broad daylight along with this hot weather today, are you sure?”

“Silly...” [Pause on purpose and retrieve something on the back seat then continue] and that’s why we do have hat and cap for us to stroll”

“Oh, I see”

The two of them hop out and then walking around to where the beach located since the car park at the parking area. They both holding hands while their empty hands’ holding their hat/cap since it’s very

windy yet in very hot weather. Not the same before, both didn't walk barefooted since they both wearing sneakers today and just retracing their footsteps before though not exactly the same footsteps but at least the same path.

Tae led his wife to where they were standing before [based on his memory and the picture] and now looking at his wife lovingly then calling his wife attention "Hon?"

"Yes?"

"Our first time in here, we are still on our trial relationship then become official boyfriend and girlfriend after you replied to my confession with our sealed official kiss but now we are back here again as husband and wife with our current youngest at the moment, though at first I really want us to go back here as husband and wife only but well today is much better, after all, we are now a family of 5, so after I got discharge let's go back in here with our complete family of 5, okay?"

"Okay and then let's take a picture, after all, no one's around here at the moment" Few visitors since the weather is hot and only a few along the couple are strolling on the beach at the moment with their hats and caps on.

"Right" and right away without hesitation, Tae takes a lot of pictures using his personal selfie stick.

After taking a lot of pictures of them, Tae requests his wife to repeat what she confessed before, and Rei obliged without worries since she still remembers what she said on that day after all its Rei most heartfelt confession then they take a stroll for a matter of 10 minutes before getting back to the car again.

"As expected of you Hon you really remember what did you say on that day and you didn't miss even one word at all."

"Eh, really, are you sure Dear?"

"Yes, I'm sure of it because I wrote what you said before and now I'm recording it after I request to you to repeat it using this audio pen recorder so I'm 100% sure that you didn't miss one word at all."

“Eh I see but Dear, I realize something that we might in reverse role, are we?”

“Not at all because I’m also aware and know that you Hon didn’t forget about it because that’s your heartfelt confession to me. You even keep everything of what I give to you so we are not in reverse role”

“Maybe yes or not”

“And what do you mean by that?”

“I didn’t mean anything” then Rei laughing follows Tae.

“So are you now ready for our last destination, Hon?”

“I’m always ready Dear and I’m ready to go anywhere as long as I’m with you”

Chapter 573 - Vol 7: Ch 573 – Tae’s future plans

Hearing his wife’s assurance Tae just smiling wholeheartedly before starting the engine of the car then drive to their last destination today. It’s only a matter of short distance because Tae’s last destination is where he bought the land property when he was still in his 20’s. Rei is already aware of it because this is the place where she realized that she will be nothing without Tae on her side when the moment Tae shares his future family plans with her.

When they arrive at the place, the two didn’t utter any words instead Tae just hop out first before assisting his wife, on the other hand, Rei didn’t ask anything and just wait for Tae to open up because she already knows that Tae will always be coming here if he is thinking for his future plans or either clearing up his messy mind.

Minutes by minutes both still silent since no one utter any words with each other but Rei still didn't ask anything and she just willing to wait until Tae calls his wife's attention.

"Hon"

"Mmm"

"Do you remember what I said before about my future plans?"

"I do and you said about opening a business here with your own family members"

"And so I've been thinking that after I retire as an artist, I want to invest something from my earnings, so let's open up a Coffee Shop and Snack House in here."

"Okay we will"

"Thanks, Hon and Rei?"

"Yes?"

"Let's buy this lot [pointing near the property he owned] after I discharge"

"Okay, and how many square meters we will buy then?"

"The whole lot"

"Eh, y—you mean the whole lot it's around 1.5 or more Hectares, so you sure?"

"Uh-uh because I want the 3,000 square meters for our Ancestral House and the remaining square meters will be equally divided to our kids"

“Okay and I agree with you”

“Thank you, Hon and Rei?”

“Yes?”

He didn't reply instead he walks to where he parked the car in order to get something from his bag inside the car and then show it to Rei “here”

“Eh, what's this?” Rei asks while accepting that something from Tae.

“...” He didn't reply so Rei looking at him and seeing his blushing face Rei just laughs at his antics while slowly unfolding the paper then see a 2 story house sketch plan with a rooftop and bas.e.m.e.nt.

[First Floor consists of a Garage, Porch, Living Room, Dining Room, and Kitchen Room with Pantry, a Grand Foyer, and two Bathrooms under the Grand foyer, Master bedroom, Study Room with Meditation, or Prayer Room, 2 Guests Rooms, Patio, and Swimming Pool.

The Second Floor consists of a spacious hallway and two bathrooms for each corner side, then 4 Bedrooms for each side of the Center Hallway.

The bas.e.m.e.nt consists of Family Gym, Theater Room, Tae's Music Studio, and My future wife's Working Room.

As for the rooftop, it's consists of an overview deck and for relaxation, it also serves as an outdoor function hall.

Note: All bedrooms have their own bathroom]

“Wow, amazing Tae, and what a big house it's really a mansion, by the way, Dear, since when did you draw this?”

“Eh, how did you know that it’s my drawing Hon?”

“Silly you’ve been with me for more than 3 years now so I’m already familiar with your penmanship and so when?”

“It’s before I’m dating Roux and that’s my dream house for my family so I want to fulfill it with you”

“I see and what a big dream house you have but I love it”

“Thanks, Hon and it will cost us a lot of money but don’t worry because I earn a lot.”

“I will also shoulder the cost, okay?”

“Okay and so it will be a conjugal property of us then?”

“Uh-uh and of course I will contribute if not then it won’t be a conjugal property anymore though it still considered one but if I didn’t spend anything then it won’t only for my opinion and by the way Dear, why do you put a lot of bedrooms, are you supposed to have and wants at least 4 kids, so why 8?”

“Well, the other 4 rooms are just extra rooms for our family members who are staying with us on their vacations or holiday breaks but I guess the 2 rooms will be used for Ken and Ellyn. And by the way, Hon, are you not asking why I draw a very big garage?”

“Nah no need since I understand it because you did on purpose for the future plans right?”

“Yeah and let’s build it after I discharge”

Rei only answered ‘we will’ because she has another plan for when to build it and as for when it will be built, of course, it will be during Tae’s enlistment as for her big surprise to Tae. Rei already thinking about the plan and then she realized something, so she asks her beloved husband “oh, right Tae how about our Family Business sketch plan then?”

“Eh, y—you want to see?”

“Of course and we will use your design, after all, you’re the wall of our family and you’ve been planning that one when you are still a dreamer [teenage years]”

“W—you wait a moment” then get something from his bag again before showing it to Rei “here, Hon”

Again Rei accepts that something and unfolding it again before commenting “a 2 story coffee and snack house, I see so what would be the name of our business then?”

“ILY Tae’s Coffee and Rei’s Snack-Haus”

“I see and I agree with that name”

“Eh, you don’t have any suggestions from that?”

“No suggestions because it’s already a plan, Dear”

“...are you supposed to argue with me about that one?”

“Eh, you want me to?”

“...s—silly and I don’t want you to argue with me, it just that you’re too agreeable to my future plans without hesitation you know”

“Well if it’s not for my liking then for sure I already added some ideas but well your future plans is really too good for me to agree without hesitation well it might have cost a lot to us but at least both you and I save a lot so we will achieve your dream house without worries along with our future family business, by the way, Dear, I notice that you draw a piano in the left corner of this sketch plan [their future business sketch plans design] so what are you planning with this?”

“Well I’m really sure that I will retire someday so for not cutting ties to my fans thoroughly, at least I can still have a little interaction with them through our business”

“I see”

“Neh Hon?”

“Yes?”

“Are you really okay for us to move here? I mean it will be almost 2 hours to travel from here to S Capital City Main Proper you know”

“Oh, right I almost forgot that one but no worries because we will stay at CA Residences every weekday and then staying here every weekends, breaks and holiday or we might stay here for good but it will only depend on our [works] and the kids [schools] schedules, so we just depending on it on our schedules”

“I see and Hon since we’re now talking about our future plans then where are you planning to let our kids studying in the future then?”

“Well Dear your former school is just 15 minutes drive from here but then Ken and Ellyn are already S’lites members so maybe S Elite Academy then, are you okay with that?”

“I’m okay with it Hon after all if we let our kids studying at S Gifted International School and Academe then they might become rivals with their own cousins and their friends so let’s avoid that one”

“Yeah indeed”

Tae smiles while c.a.r.e.s.sing the face of his wife and said to her “alright let’s go now and it’s almost lunchtime now, the twins might think that they got abandon by their own parents, or more worst they might think that we forgot about them since we already busy at works and only spend our time with them every off duty or if we are not busy.”

“Right”

Chapter 574 - Vol 7: Ch 574 – Family Video Call

The couple only left the place when they have already done finalizing the future plans of Tae’s for their new home which is Tae’s dream house since young and their family business. As usual, Tae still the one driving because he won’t let Rei drive and they arrived at their current home around 2 pm.

“Hon, we’ve arrived” informing his wife while slowly and gently waking her up.

Slowly waking up and ask her husband while looking around, “oh, we’re here?”

“Uh-uh, and are you tired?”

“Not tired but I’m always sleepy every time though this little one here [c.a.r.e.s.sing her w.o.m.b] will behave if I’m at work but if I’m not I’m always sleepy”

“Yeah right and that’s what I also realized” he replied as he kisses his wife’s w.o.m.b while c.a.r.e.s.sing it and then Tae hop out first so that he can assist his wife so then the two ride the elevator together while holdings hands with each other. When they arrive on the last floor and after opening the door, the kids along with their friends greeted them before watching the anime again since they don’t have any homework to do since it’s still their school breaks and they are just done studying [reviewing their notes so that they won’t forget anything] in advance just for one hour only.

Right away the couple gets change before eating their late lunch since it’s already around 2 pm and they proceed to their usual routine by simply taking good care of their twins or either taking a nap with their twins.

On the next day, the Jun family members [Tae, Rei, and the baby twins] along with Ken and Ellyn have already done attending the mass and now they are watching fantasy movies before waiting for lunchtime and to their every Sunday Video Call.

At exactly 1 pm [S Country Time], all the family members are now on a video call and they talk about their updates for the whole weeks of what activities they did for almost 4 hours and then before they are going to bid farewell with each other, Mei open up of what the siblings talking about yesterday.

“Alright everyone and before we are going to end their call, I need to tell everyone this important matters to us but before that, Ma, are you aware of what I’m going to talk about?”

“Yes I did Mei and El already inform me about it yesterday”

Right away Mei said without hesitation “I see and so guys, this is the most important matter that we are going to tackle about so now I want everyone to know that I’m pregnant again”

Mostly all of them except the siblings and their loved ones got surprised that they said in sync “eh, are you sure Auntie Mei/Mom/Mei?”

“Uh-uh”

“M—mom, are you really sure? I mean, yeah it’s possible but you just give birth to my baby brothers last Feb, so are you really sure?” Ken asked again.

“Uh-uh”

“Wow, Mom and so it means that I will become a big brother again?” Ren asked excitedly.

“Yes you will Ren”

“Yipee”

“A—Auntie Mei……” Both the Din’s twins going to ask something but then got interrupted because their Mama Grand b.u.t.t in.

“Wait a moment Mei and that’s not what I heard from El yesterday so it’s not about you being pregnant instead it’s about Ren’s matter, so which one are you going to tell now, huh?”

“Geez Mama you’re really such a KJ one and now I know where the two elders siblings of mine got that kind of behavior and that because they inherit it from you, tsk, tsk”

“Seeing these antics of yours Mei then its means that you are only teasing us, right?”

Mei agreeing right away “yup, yup so now back to our main topic and indeed it’s about Ren’s matters.....” then relaying it to everyone without missing anything including the solution that they discuss yesterday.

Both the Din’s twins got shocked and dumbfounded that they only ask few words in sync “eh, you feel alone Bro Ren?”

“Uh-uh” Ren answered honestly.

“Bro Ren why you didn’t tell us?” Lynel start bombarding her with a lot of questions and Ren just answered honestly without feeling annoyed then apologizing to them.

“Sorry everyone and I didn’t tell anyone of you because I don’t want all of you to get worried about me especially you Mom and Dad but I guess I really decided it very wrongly for not telling everyone because I got worried for nothing and almost forgot that we are family after all and getting worried for anyone of us is only normal to us because we are all family so today I will promise that I won’t keep anything anymore.”

Ken, Ellyn, and Lynel replied in sync “you must Ren / Bro Ren”

Then Ren replied smilingly while wiping his tears “mm, I will”

Sptturiw Eiiwr laevare imptiw frt fii md ovuq flc ar lwrh.

“Eh, what’s wrong Ellyn?”

“Nothing wrong Mama Grand, Mom, Dad, Auntie Rei, Uncle Tae, Auntie Mei, Uncle En and guys, it just that I’ve never expected that Bro Ken is the one who is more emotional with his stoic and stiff expressions compared to Bro Ren who is the jolly and bubbly one”

“...” All the a.d.u.l.t family members got speechless.

Then at the same time, Ken asks Ellyn seriously “hey, what do you mean by that Ellyn?” This causes the other three kids and the a.d.u.l.t family members to laugh loudly because of Ken.

“Look Mom, everyone is teasing me”

Mei just controlling her laugh and replying to her little boy “no, no they are not teasing you Ken it’s just that Ellyn said the truth, pfft” then Mei laugh without hesitation that causes all of them to stop and now looking at Mei’s directions as if telling her ‘hey slow down and that’s your Son you know’

“... [Ken almost got speechless and said to his Mom frankly which cause Mei to laugh very hard] you are not helping me Mom instead you are the one who teases me based on your laugh”

“Ha, ha, ha” Mei’s laughing more and more.

After few minutes, Mei stop laughing since her stomach already hurts from too much laughing and heard her husband asking worriedly.

“Are you okay?” En asked worriedly because Mei’s holding her stomach.

“Uh-uh” then Mei back to her seriousness and talking to both of her sons who she won’t witness growing up to be a good man because they are with her brother and sister for who knows how long “so Ken and Ren, if you feel lonely just call either me or your Dad of course you don’t need to worry about the phone charges, after all, your Dad earn so much, so feel free to contact us, okay?”

“Okay Mom”

“Good boys and don’t forget that we always love you”

“Uh-uh”

Then Lyn follow up with her daughter and said to Ellyn “same with you Ellyn, so feel free to contact me or your day and also don’t forget that we always love you”

“Yes Mom and I won’t forget that one”

Chapter 575 - Vol 7: Ch 575 – Best friend Bonding

The Din’s family members already done discussing Ren’s matter and so the family members bid their farewell to each other for the day and they will having another video call next weekend again because it’s already part of the Din’s Family Members routine since each family is based from a different country, the Din’s in C Country, the Jun’s in S Country and the Jang’s in T Country. As for the Jun couple, they go back to their usual routine by being busy with the team because of their full-packed schedules until the day of one-day breaks before enlistment. On the other hand, Tae already informs his best friend, Woo Jin through a message that they will meet next Sunday since he is not available on the day he wants to meet, well wife first before him.

For the whole last week before enlisting, the M’dols Team been very busy by going to and off to each destination for having a local concert tour, radio appearances and live performances so that their fans won’t forget about them because the teams will be having 2 years hiatus in the entertainment world although their fans are not yet aware of their enlistment yet it doesn’t mean that they will always keep in the dark since the team will hold a fan meeting event on May 24 for disclosing their relationship and the media’s such as press and paparazzi are not invited because only fans are invited so that it won’t go viral for the team members enlisting at the same time.

Day by day the teams is always busy but yet they didn’t feel their hectic schedules that much since they still have time to contact and bond with their loved ones, family, and friends especially to Tae who’s now on the way to their meeting place to bond with his best friend, Woo Jin before his enlistment date. At first, both friends want to meet with their family members tagging with them but they didn’t since Tae’s wife, Rei is already 6 months pregnant and as for Woo Jin he has a reason but he didn’t tell

anything to Tae so when they meet at their meeting place, Tae just assumes something and ask Woo Jin right away when he already spotted him.

“Are you fighting with Roux?”

“Huh?”

At the same time after Tae asking his best friend about that he also took a seat opposite him and asks him again.

“I ask if you are fighting with Roux or not, so are you?”

“Tsk, I’m not and why did you come up with that conclusion huh?”

“Well you didn’t bring Roux and the kids with you so I thought you are fighting with her”

“I see but then how about you, huh?”

“I already told you that my wife is pregnant and my twins are still baby so it’s not good for me to bring them with me and you also aware of that, right?”

“Well you have point in there and same with me because I can’t also risk my wife health”

“Huh?”

“Ina is also pregnant so that’s why”

“... [Tae almost got speechless and ask him again because he might hear him wrong] did you say Roux is pregnant?”

Woo Jin confusedly answered and ask his friend “yeah I did say that my wife is pregnant and Ina is my wife, so who else I got pregnant huh?”

Tae ignore what his best friend said and ask something him “so how long she’s pregnant?”

“2 months”

“Heh, you just become a real husband and wife two months ago yet Roux is now 2 months pregnant, you’re really a sharpshooter Woo Jin”

“...is it an insult or compliment from you?”

“I guess its compliment after all you got your kids in just one try and this time another one try from you”

“..y—you, well you are right but this time it’s different because it’s every night compared before and by the way Tae Woo, you are also a sharpshooter one because you got your wife pregnant after the twin’s birth so it’s the same with us”

“Ha, ha, ha, who knows and by the speaking about kids, why you didn’t bring them with you?”

“Well they’ve been so excited when they know that will having a younger brother and so today they are in baby shops along with their bodyguards”

“Heh I see and I already imagined your kid’s expression especially both Wooji and Anna. Ah, right so that’s why the three of them look to my Wu-wu with excited expressions and high expectations because they will have a new sibling 7 months from now.”

“Yeah indeed but then the three of them are exaggerating too much”

“Eh, and why did you say so?”

“Do you believe me that since the day they know the three of them always buying baby toys and such baby things every day now their rooms almost full of toys and such baby things that it can't help but we need to donate it to the charity for making it worth or it will only a waste of money, so do you believe or not?”

“..... I believe you and geez, you rich people”

Woo Jin ignoring his best friend's side comment and said “geez seriously those three kids of mine are all unpredictable and where did they get that kind of personality, huh?”

“...did they inherit it from you, huh?”

“Huh?”

“Never mind that one Woo Jin and right now I want to tell you that I'm going to enlist 4 days from now so please look out my wife, my twins, and my family members on my behalf, okay?”

“Okay I will but well you already have the Jang's protection you know”

“Yeah I know and it's not that I don't trust the Jang's protections it just that I can be assured that someone close to me here in S Country is monitoring my family especially after I got enlist”

“You mean there's someone targeting your wife?”

“Uh-uh but I'm not sure what she's going to do but well she only going to dig her own graveyard because my wife is my wife after all”

“...you know what I don't know if you are worried about your wife or you are just bragging your wife to me, so which one are you?”

“Both”

“....”

“Alright Woo Jin let’s order now because I will leave at exactly 11 am”

“..you just meet me 15 minutes ago and now you are already talking about leaving me, are you that cruel to your best friend, huh?”

“Mmm....right but at least I’m not that cruel like someone I know because I didn’t do bad things against my best friend before”

“I thought you already forgive me?”

“Yeah I did”

“And so why did you recalling it now, huh?”

“Well because someone just calls me a cruel one when in fact I’m only a slight one... [Tae pause on purpose and call the staff of the shop to order something then ask Woo Jin] do you like Tea or coffee?”

“Coffee”

“Same with me....[then Tae done ordering and continue] so why did you suddenly want to meet with me, Woo Jin?”

Chapter 576 - Vol 7: Ch 576 – A different Tae

“Same with me.... [then Tae done ordering and continue] so why did you suddenly want to meet with me, Woo Jin?”

Hearing that one from his best friend own mouth, Woo Jin didn’t know if he will be happy or sad but well he has no questions because this is the normal Tae not compared to a very different Tae when he is

with his beloved wife and of course a very chic and quiet Tae when he is in front of his fans and M'dols teams because this is the Tae he knows but nowadays just like Woo Jin, his co-members and managers always witness a very different Tae when he always around with Rei.

The two best friends chat and talk with each other so that they can catch up on the days they missed because of some misunderstanding of them while eating and drinking their snacks. And after talking for almost two hours, Tae looking at his watch and reminding his best friend about what time he going to leave.

"30 minutes from now I will leave Woo Jin"

"Geez, are you eager to be with your wife now, huh? You know you are always with your wife so can you be with me just for today?"

"Hearing that one from you its sounds like you really have another meaning of that and by the way, I'm a straight guy Woo Jin so only my wife can satisfy my needs not anyone else including you, understand?"

"....I think it's you who misunderstand me but well I'm also a straight guy so only my wife can satisfy my needs so forgot about that one then"

"Good that you are aware that you are a straight guy and right, here" give something to Woo Jin.

Accept that something and asks him "eh, what this?"

"Your birthday present and last May 15 is your birthday so that's why you want to meet with me in order to celebrate it with me but I postpone it for my important matters to do so that's my compensation for postponing it"

"Geez you don't need to explain it further because that important matter for you is mostly spending your time with your wife and by the way thanks for this"

"You're welcome and open it now; for sure you will be happy about that"

“Are you sure?”

“Uh-uh and idiot, just open it for you to know if you will be happy or not, that’s so simple right?”

“.....” Woo Jin got speechless while slowly opening the package and instead of being happy, he is too surprised and got tongue-tied “eh, t—this is.....”

“Obviously A Pen Recorder”

“I know and how did you get it with this many?”

“Did I already tell you that my wife is from C Country, did I?”

“Oh right you did and so this is why you got 5 easily because you ask your wife to order it when in fact I only got one after few months of my reservations yet your wife got it easy because she’s a Ceno”

“Well that’s one of C Country Law since C Country always prioritizing their citizen before anyone else”

“Right and thank you for this Tae Woo”

“No worries and it’s for your family member’s safety after all you’re the only one heir of Wong Corp at the moment so speaking about that which one of your kids going to follow your footsteps?”

“Who knows but I guess it’s very nice for them to support each other and no power struggle between them and I already can sense that between Woonah and Wooji since they always support each other it just that my daughter wants to be a Secretary like your wife instead of being the CEO and then Wooji want to be an Artist Manager instead of being the President, geez your wife really has great influence to my kids, huh even Anna also want to be an Artist Manager”

“Ha, ha, ha as expected of my wife influence but well it’s good for them to pursue what they want first and later they will take their own responsibility when it’s the right time for them to follow what do you

really want from them so instead of worrying about them just focus your own position and protect their position as long as you can until they step in that's what the best you can do as their father"

"Wow what noble words from you Tae Woo and you just become a father not even a year yet you already a good father, huh"

"...is that an insult or a compliment one?"

"Of course it's a compliment from me, idiot" and both laughing at the same time then Woo Jin just realized something so he asks Tae "eh, why are you wearing a white suit today? Are you perhaps going to attend a wedding with your wife today?"

"Silly you just realized it now?" Woo Jin nodded "eh, I see but well I'm not attending any wedding today it's just that after attending mass I just drop my family at home before meeting you so that's why I'm still wearing this since I'm almost late for our meeting time"

"Oh, I see... but wait, attending mass you mean you convert what's your wife's religion?"

"Why do you sound shocked and surprised when in fact I already told you that one, right?"

"I— I thought you're just kidding with me that time and I know that the Jun's Family Members are been a devotee with your religion but yet they agree with you to convert, I guess Re...[not allowed to called Rei her name from this possessive best friend of him and he almost got slipped out but luckily he realized it fast] I mean Mrs. Jun is really important to your family, huh"

"Good that you know and alright I'm going now since it's already past 1 minute for 11 am"

"....."

"Just kidding"

"Huh?"

“I already told my wife that I’m going to bond with my best friend today for the whole day so let’s go”

“Eh, and where are we going now?”

“It’s a secret for now and you will know when we arrive in there, oh right, you did bring your car with you, right?”

“Uh-uh and my driver is waiting for me outside”

“....do—don’t you know how to drive?”

“Of course I know and you have already seen me drive that time”

“Then let’s go and only the two of us”

“Huh?” Woo Jin got so surprised while blushing.

Chapter 577 - Vol 7: Ch 577 – Visiting S Gifted International School and Academe

At that moment, Tae already standing from his seats when he said that one to Woo Jin so he failed to notice his best friend’s face that Woo Jin already blushing hard and only realized when he didn’t hear his best friend footsteps because he didn’t follow him.

“Did I say we are going now and..... [He pause when he realized something with Woo Jin] y—you, why are you blushing, huh?”

“It’s your fault you know and you never been so kind to me before so I’m not used to it since I always know the chic and quiet Tae not this kind of Tae”

“Oh I see and let’s go”

“So where are we going, Tae Woo?”

“To our former school idiot”

.... [Woo Jin almost got speechless and just wondering on his mind only] ‘tsk, so it’s only my imagination that Tae Woo just said that it’s a secret and I will only know where, when we arrive in there, right? Yeah, that’s right and Tae Woo will never any cheesy lines’.

Right away the two leave using Woo Jin’s car and of course, it’s driven by his chauffeur while Tae’s car just leaves parking at the location they meet since it’s his brother-in-law [Seo Bum] shop. While on the way the two best friends order a lot of packed lunch at his wife’s family restaurant and so, on their way to their former school, Woo Jin asks something about Tae.

“Are you sure about leaving the car at that shop?”

“Yes and so no worries”

“I see but why?”

“It’s my brother in law shop”

“Huh?”

“I mean my sister husband shop”

“Eh and which one of your sisters, Tae Woo? Is it Sis Yu Mei, Sis Wei An or Sis Tia Wen?”

“Oh right I almost forgot that you just meet my sisters last month and it’s Sis Wei An, Woo Jin”

“...so...[got interrupted by his chauffeur]”

“Master Woo Jin and Sir, we’ve arrived”

“Oh, I see, and thank you, Butler Dan... [pause because his butler is going to carry the bags] oh no need to help us, we can carry it, after all, I and Tae Woo are both grown-up man so no worries Butler Dan”

“Eh but Master Woo Jin...”

“Just wait for us here, okay?”

“Yes Master Woo Jin”

Woo Jin get something from the bag he carries and give one to his butler “here, this is for you and don’t miss your lunch”

Butler Dan already used to his Master kindness and that’s why his young master and the young lady are both kinds because of his Master and Madame kindness though his Master always has a cold and stiff expression every time he is kind to them [butlers and servants] so they were all used to it. “Yes and thank you, Master Woo Jin”

“You’re welcome”

Then the two best friends walk their way to the Taekwondo club while carrying the packed lunch meals, each carries 4 bags with 25 each bag.

"I never expect that you already order 200 sets of pack lunch and that's why you said to me that you're leaving at exactly 11 am so that you can pick up the order around 11:30 am, Tae Woo and as expected of you"

"Nah it's my wife who made the order and I'm just here to pick up since I almost forgot that sports fest of S Capital City will be held two months from now"

"Sports Fest huh" then both of them got remembered that day and Woo Jin suddenly apologize for that day "sorry Tae Woo and if I didn't lie to you that day then we might beat our school rivals that time"

"Silly it's already in the past and whoa, our former school change so much huh"

"Eh, you've never visited our school since then?"

"Uh-uh and also I've never attended our alumni reunion"

"It must be hard to be popular and famous huh"

"Ha, ha, ha idiot and that's why I choose Sunday to visit since only those who join the sports club will be here since they are in preparation for this year Sports Fest"

School Fair is the main event of the whole students of S Capital City and it's a national school competition so to those who are participants and contenders for School Fair, they are not allowed to join any other school competitions representing their schools since if they will it will be only unfair for other participants who didn't compete to a national level so that's why they are not allowed to join another competition if they become the participants for School Fair since they are on a national level.

"I see and Tae Woo, did you hear who the current coach for the Taekwondo Club is?"

"I didn't know, so who is it?"

“You will be surprised Tae Woo if you know and... [pause since he spotted that someone they speaking about and calls that someone attention] speaking of the devil, the devil arrives, hello Mr. Forever Top Three, how are you now?”

That someone heard a familiar voice and turn his head then he is right because he did hear a familiar voice “geez, it’s just you Jin”

“Why, are you expecting to see someone else besides me?”

That someone ignoring his query and questioning him back “by the way, who are you with?” Ask Woo Jin since he didn’t recognize Tae when he realized he is with someone.

“What the heck, are you serious?”

“Do I know him perhaps?”

“.....y—you didn’t recognize our forever Top One?”

“....h—he is Tae? As in the popular and famous member of M’dols And t—the one who got married to a very beautiful Manager, is he?”

“Woah I’m surprised that you are really updated about Tae Woo yet you didn’t recognize him”

“....idiot and it’s because I’m not used seeing him barefaced so that’s why”

“Tae Woo never wore any enhancement beauty so he is still Tae Woo every time he is with co-members, right?”

“Idiot Jin and I didn’t mean that one because what I mean is the Woo right now is a normal Woo compared to the member of M’dols”

“Ah, I see and I got what you mean Bing Wen but then your words really deserve for you to call forever top three huh”

Ignoring Woo Jin and now talking to Tae “it’s been a long time Tae”

“Indeed Leng”

Then Tae called him using his last name not because they are not close but it’s because this is what he used to call his classmates and batchmates so only Woo Jin who got called using his name since Woo Jin is his childhood best friend, on the other hand, Leng Bing Wen looking around and being curious he asks Tae “eh, you’re not with your wife today?”

“Uh-uh”

“I see but well I never thought that you didn’t end up with Senior Roux and it’s shocking to us when we heard that time about Jin and Senior Roux tying the knot knowing that Senior Roux been totally in love with you Tae”

“Leng” Tae got interrupted by Woo Jin.

“It’s alright Tae Woo and by the way, Bing Wen here [give the bags to him], this is for your students and courtesy by Tae Woo”

“Eh but you don’t need to do much Tae”

“Geez no need to be shy Bing Wen after all it’s already lunchtime”

“Then thank you for these pack lunches and who won’t accept for free, right?” Then call his student’s attention.

Chapter 578 - Vol 7: Ch 578 – The Former Top Trio

Right away, Bing Wen calling his students attention without further adieu.

“Everyone, come here and get 1 pack lunch each courtesy for this Handsome Master here [pointing Tae]”

“Yes, Coach Leng” as being trained well, the students falling in line accordingly by youngest to oldest without commanding them to do so.

“Leng, how many members of the club are they now?” Tae asks suddenly.

“Last year we have at least 350 members but half of it quit so we have now 175 members”

“I see and at least I didn’t buy too much or ...” Got interrupted by Woo Jin.

“Eh, you lost members that much?” Woo Jin ask surprisingly.

“Uh-uh and I guess I’m not really a good coach because I always lost members every year and last year were the highest numbers of losing a member”

One member suddenly interrupt because he didn’t like to witness his favorite coach being a negative “no Coach Leng you are not a bad coach instead you are a too strict and very meticulous person so those who leave the club didn’t really love the club and totally not into it instead they just join for other intentions and some of them were only after my sister’s attention so that’s why”

“Thanks.....” Bing Wen got touched because of his student but then got interrupted by Woo Jin this time.

“Eh, Wooji, why are you here?”

“Eh, Dad, why are you here?”

“To visit my Alma matter but as for you, are you supposed to be in the shopping mall at this time?”

“Eh, that’s very rare for you, Dad to be free aside for us, Mom, and the company. Well Dad we are only shopping and didn’t buy anything or else it will be going to donate again at least it’s not going to waste but we only shopping without buying anything, so Sis and I are here to train our co-club members and juniors”

“Speaking about your Sister, where is she?”

“There [Wooji pointing her Sister who is busy eating along with her juniors and friends]

“Are you supposed to guard your sister and yet you are now allowing some bugs to approach her, did you forgot about your job as her brother, huh?”

“Geez relax Dad and no one will dare to approach Sis, after all, she’s our Ace, most of all the one who has ill intentions towards Sis already resigned because Coach Leng reprimanded them but then Dad, Sis is already 15 so it’s alright for her to like someone yet until now she is still an oblivious one and she might become an old lady before she knows what love is, so don’t restrict Sis too much.”

“Woonas still young and that’s it”

“But Dad....” Wooji got interrupted by his Coach.

“Wait a moment, Wooji your dad is Jin, as in the CEO of Wong Corp, Wong Woo Jin, is he?”

Wooji replied confusedly “yes he is Coach Leng and is there something wrong?”

“Wow, I have no idea at all”

Both Father and Son got confused “huh?”

“I have no idea that Jin’s children will be Woonah and Wooji because there’s no comparison after all”

“Eh, there’s no comparison between me and Dad, Coach Leng?”

“Yeah indeed”

“Hey, what are you talking about Bing Wen, are you blind? Both Woonah and Wooji are both inherit my brain and beauty while they got their personality from their Mother, Ina.”

“Yeah that’s right Coach Leng”

“...” Bing Wen got speechless while Tae controlling his laugh but failed to do so and now laughing hard.

“And why are you laughing Tae?”

“It just because you said the opposite one” then he continue laughing.

“Wooji go to where your sister and make sure no bugs will approach her, okay?”

“Okay Dad and good noon, Uncle Tae”

“Mmm,” Tae just acknowledge Wooji’s greeting.

After making sure that Wooji is out of sight, Bing Wen said frankly to Woo Jin “whoa Jin, I really have no idea that Woonah and Wooji are both your kids with Senior Roux since every one of us assumes that the two of you only having the marriage of convenience so that’s why I’m shocked.”

“.....” Woo Jin got speechless because it’s the truth but now is already different since Ina already showing her emotions fully to him yet he can’t retort back.

Seeing Woo Jin been silent Tae saves him and said: “it’s only your assumption Leng and they’ve been married for almost 16 years so it’s impossible for them to have been married for long if there’s no love with them, right?”

“Yeah, I know that one but there’s still some couple got married because they love each other yet going to separate when they already out of love and that’s the reality you know, of course, it’s also known from us that Senior Roux been totally in love with you and that’s the truth so that’s why are really assume that they got married for the marriage of convenience.”

“Silly and if she was really in love with me then it’s me who is her husband now not Woo Jin, right?”

“That’s right Bing Wen and if it’s Tae Woo who’s my wife been in love with then I won’t be her husband, right?”

“.....yeah, yeah, right [still not convinced]”

Then Tae notices that he is still not convinced so he changes the topic “so enough about us Leng, and how about you, did you already got married to your long-time crush then?”

“That...”

“She already got married?”

“Uh-uh and.....”

“Mmm”

"I guess you didn't hear it Tae well it's expected since you are a very busy person but well you know almost on the same day after you got to debut my parents got divorced and both married to their new partners that they have their own new family now and then they totally forgot about me and my younger sister existence. At that time I'm still 15 and my sister is still 2 years old so I thought it's the end of our life but luckily Jin helps me, he sponsors my tuition fees and that's the day I know that he is the heir of Wong Corp. He also gives me money so that I can support my sister and so after I earned a degree I accept the school offer to be the new coach and be a teacher here so I declined Jin offer to be his Assistant since I already owe too much from Jin so here I am now"

"...sorry" Tae apologized because he accidentally opened his wounds.

"Nah it's alright Tae"

Woo Jin changing the topic to lift up their moods. "Alright and speaking about your sister, I heard from my kids that she's the ace of the club, so where is she?"

"Really she's an ace and this word coming from the two Aces, are.....?"

Whack..... Bing Wen got hit and the two got speechless.

"Sorry for being not then"

"Who dares to hit me? Ah, it's you Ai, and are you not supposed to hit your teacher, most of all I'm your brother, huh?"

"Indeed you are a teacher but I'm not sure if you are really my brother or not because you just badmouthed me so I just hit you to return back of your senses."

Chapter 579 - Vol 7: Ch 579 – Leng Ai Hua

The three grown-up men are busy chatting and talking to each other while eating their pack lunch meanwhile at the club member's sides they are busy chatting about their two handsome visitors along with their handsome coach.

“Whoa, who would expect that we will witness the cuteness of our Demon coach today, right?”

“Indeed you're right”

“Senior Ai, Senior Ai”

“What's wrong?” Asking them while eating.

“Those two handsome visitors, are they your brother's friend? If they did then who would have thought that our handsome demon coach can also have friends who are both the same calibers as he and let's just hope that they are not the same as our demon coach” all club members know that Ai and Leng are siblings but they are not aware of Leng backgrounds as the former top three of their schools.

Hearing that one from her juniors being squealing like a maiden in love, Ai looking in her brother direction and didn't recognize the two visitors and just said to them “I don't know if you are blind or not but Coach Leng is not handsome as the two visitors but well you are right that he is a demon coach and I don't know if those two are his friends since I only know that Coach Leng is kind of a plain one.”

“Senior Ai, you're such a tsundere one and we all know that you really love your brother, if not then why you join the cooking club and taekwondo club knowing that your brother is the one in charge, right?”

“Geez, who said I love that plain one” Ai stands and almost walks out.

“Seriously Ai you really have brother complex”

“I don't want to hear it from someone who also has sister complex”

“Hey, hey enough the two of you and it’s not good to show your colors with our visitors around”

“It’s Ji fault”

“Hey, it’s not me”

“Here we go again”

“Alright I will give up today Ji since you are lucky that you look-alike with one of our visitors today so considered it’s your luck for having the same look-alike”

“Well that’s my father and so it’s not surprising that we look alike”

“What?”

“Ah, I forgot that all of you are still not aware of who’s my father is since he only dropping me and my sister every day” all of them got speechless and Wooji teasing Ai when he realized she also got speechless “the cat got your tongue, huh, Ai?”

“Shut up idiot” then Ai walkout this time.

“Hey, where are you going Ai?”

“I’m going to where Woon is”

“Senior Ji/Ji, do you like Senior Ai?”

“What the heck? And who loves that barbaric woman……” Paused because he got hit suddenly and all of them heard a sound, whack “geez, that’s hurts [then looking who hit him] geez, you really are”

“Heh then sorry for being one then”

“Seriously Ai you will die as an old.....” Pause because Ai just smirk and didn’t continue what’s he is going to say because he got scolded by someone.

“Ji that’s not what our parents teach us and Ai is older than you, so apologize to her right now”

“S—-sorry”

“Apology accepted and geez you are really having a sister complex, Ji”

“You....”

“Ji?”

Ai laughing and looking triumphantly then walk because she’s going in the other direction.

“Ai, where are you going this time?”

“To our demon coach”

“You are just going to tease your brother again”

“Ji shut up”

Woono just amusingly looking at her brother’s interactions with Ai and remembering some secrets from Ai Hua about loving Ji, she asks Ji about something since her curiosity got peak.

“Neh Ji, tell me honestly, do you like Ai?”

He got confused why his Sister suddenly asking him that one while blushing asking his sister back “huh and where did you get that idea Sis?”

“I see and that’s good to hear that you love her [already got it based on her brother’s reaction because she knows him very well], good for you, Ji, because you are perfect for each other since Ai cooks well while you eat well”

“...y—you don’t need to do anything Sis because Ai already waited for me for too long and there are almost two years left until I’m 16”

“Eh, w—what did you say and what do you mean by that?”

“Geez, you don’t need to be so loud and come here, I will tell you but please keep it a secret, okay?”

“Okay, I will” then the two siblings go to the corner so that it will only them who will know what they are going to talk about though it’s only Ji who’s talking since his sister just listening seriously to what he shares.

===== Flashback =====

Both Woonaa and Ai been best friend with each other since they are 4 years because the two are the same age so they became a friend when Coach Leng bringing his 4-year-old sister when he mentoring Woonaa for taekwondo and cooking class in advance before enrolling, at that time the silent Ai got interested so she bothers her brother to teach him when Leng teaching Woonaa luckily Woonaa agreed and so they became friendly with each other until 10 years later, Wooji suddenly knock his Sister’s room.

Knock, knock and knock

“Come in”

“Sorry, Sis but can I bother you with something? Eh, you are with your friend... then I will back.....”

“It’s alright Ji and we are mostly done doing our homework, so what is it?”

Ji shyly asks his Sister “c—can you bake my cookies? I already finish the cookies you bake for me while I’m doing my homework’s and I’m still not done with my homework, so..... Can you Sis?”

“Okay, and I will deliver it to your room then.”

“Thank you” got interrupted because Ai suddenly interrupts them.

“Hey, handsome young boy, why are you calling Woonas Sis when in fact you’re just 2 years younger than her, right?”

“...” Ji got speechless

“Geez Ai that’s normal okay and even the twins calling the elder one with respect because that a sign of respect so nothing’s wrong with it since it’s a practice for everybody”

“Well yeah but handsome young boy you can call me Ai, Leng Ai Hua, your sister’s best friend, best buddy, and rival so no need to call me with respect and only Ai.”

“Don’t listen to her Ji and call her Sis Ai, okay?”

“If you won’t call me Ai then I won’t be your sister’s friend anymore and also I will steal your sister from you, so which one do you choose?”

“Don’t steal my sister away from me”

“So are you calling me Ai starting now?”

“Sis Ai”

“You won’t see your sister tomorrow or maybe starting today”

“No don.t and S—S I mean Ai, are you satisfied now?”

“Good boy and do you want me to bake you cookies then?”

“Eh, you know how to bake?”

“Of course because my handsome brother is the one who trained me and your sister, so both I and Woono bake a very, very yummy cookie and such”

“Eh, really, are you sure?”

“Of course,” Ai said while standing very proud and looking triumphantly.

Since that day every time Ai visit the Wong’s, she and Woono always prepare foods for Wooji but she fails to meet Woo Jin for some reasons until one day at school when Woono is not around since she’s representing the school for the competition, Wooji calls Ai at the school garden.

“Ji, why are you calling me here?”

“Uhm, Ai I don’t know if you believe me or not but I like you since the day I met you, so can you be my girlfriend?”

“Eh, that’s kind of surprising indeed because I thought you don’t like me since I’m kind of barbaric and very opposite to your sister but Ji thank you”

Wooji got misinterpret her "so you are rejecting me huh"

"No I didn't and I also like you Ji but..."

"But..... What about it, Ai?"

"I and my brother don't really believe that love exists because of what happened to us but then I learned what love is after meeting you but then you are still young Ji so you might leave me when you realized that I'm not really good enough for you so don't be in a hurry, okay?"

"Then what age you will consider me as not a young boy anymore?"

"Eh?"

"What age?"

"1--16, I guess"

"Then can you be my girlfriend when I'm 16 and of course you must wait 6 years for me to turn 16, so can you wait for me for that long? I promise I won't tell anyone about it and I won't mention it again until I turn 16, so can you?"

"Yes I can wait for you but you must not tell anyone especially Woonaa about this"

"Eh?"

"I mean you can only tell Woonaa if she notices something and only when she asks, okay?"

"Okay deal" then Wooji kiss Ai cheek and said before running away "that our seal to our promise, Ai"

===== End of Flashback =====

Chapter 580 - Vol 8: Ch 580 – Leng Bing Wen and Leng Ai Hua

As Wooji sister, Woonah just listening seriously and carefully to her brother's story and she just amusingly shocked because her younger brother is the one who confesses first knowing that Ai's been in love with her brother since the day she saw Ji before Ji meets her and of course she is also shocked because of how Wooji acts m.a.t.u.r.e.ly even her, she doesn't know what love is when in fact she's already at the age of being in love but she's not in a hurry because she knows it's not yet the time for her.

"Heh I see and since then you've never mentioned that one because of your promise huh"

"Uh-uh and I will confess again when I'm 16, Sis"

"Yeah you must and let's go now, Ai been calling us now"

"Eh, Sis, wait for a moment"

"What's wrong?"

"Are you alright?"

"Yes I'm fine Ji and it's just that I'm too surprised because you are the one who knows what love is compared to me"

"...I — I guess it's not yet your time Sis"

“Yeah I know and alright let’s go”

“Sis, I’m still your loving brother even I will be Ai’s boyfriend, okay?”

“Silly and that fact will never change whatever you do because you are always my loving brother but then Ji you still need to wait 2 years for officially Ai’s boyfriend you know”

“Not 2 years but mostly”

“Congrats in advance then and if that comes then you must take good care of my best friend because you know her story”

“Uh-uh I will”

Woonaa laughing happily and said “I never expect that my brother will be in love at a very young age huh”

“Nah I guess I’m not because there’s younger compared to me who already dating”

“Huh, and who do you mean?”

“Who knows and let’s go, Sis”

“Who did Ji mean? Ah, never mind that one and for sure that does not belong to our friends because they are all responsible, yeah that’s right”. Woonaa wondering it out loud while Ji just looking at her sister.

===== Back to Ai =====

After leaving Wong's siblings and her co-club members, she's now near at her brother's but suddenly she heard her brother badmouthing her so out of reflex, she whacked her brother.

Whack..... Bing Wen got hit and the two got speechless.

"Sorry for being not one then"

"Who dares to hit me? Ah, it's just you Ai, and are you not supposed to hit your teacher, most of all I'm your brother, huh?"

"Indeed you are a teacher but I'm not sure if you are really my brother or not because you just badmouthed me so I just hit you to return back of your senses"

"You idiot and can you at least act as a proper lady, huh?"

"Well sorry for not being one then after all I don't know what's familial love is because I only know brother's love and I'm already a lady so I don't need to act like a proper lady"

"I didn't mean that one and what I mean you must do what the lady does"

"Eh, you want me to be a lady who only knows how to pretend to be kind and nice just a white lotus when in fact they are already thinking many schemes behind their masks, so do you want me to become like that?"

"Geez you, you win and so why are you here?"

"Well I'm curious that you being known as demon coach here in the club really have friends, huh and that's very surprising, so who are they, Bro Bing?"

"I don't know if that's a compliment or not but well yeah they are my friends, this is Jun Tae Woo, my classmate and batch mate forever Top 1 while this is Wong Woo Jin, the forever Top 2"

“Heh so the three of you are the former Top Trio, huh”

“Also Ai...” He pauses on purpose.

“Also, what is it, Bro Bing?”

Bing Wen whisper to his sister “This Wong Woo Jin here will be your future father in law so you must act like a proper lady so that he can accept you as his daughter-in-law and don’t” suddenly got punch on his stomach “what the heck? And that’s hurt Ai”

“You don’t need to worry about me instead worry about yours, Bro Bing”

“.....” Bing Wen got speechless.

At the same time after punching her brother, Ai talks to her brother’s friends as if she didn’t punch her brother.

“Hello Sir Jin and Sir Tae, I’m Ai, Leng Ai Hua, Bro Bing beloved sister and thank you for being a good friend of my brother”

“You’re quite a feisty lady Ai and just call me Uncle Jin but well that day when I meet you, your brother been worrying about you if you will talk or not but I guess it’s not a problem anymore seeing you being active one”

“Eh, you know me before?”

“Uh-uh”

“Eh, don’t tell me you’re the one who saves me?”

“Ha, ha, not totally saves you since I only help and it’s your brother who saves you”

“Yeah indeed but we are still grateful of you, Uncle Jin”

“I see. Well you have really grown up as a fine and beautiful lady but you’re quite a feisty one so it will be hard for you to have someone who accepts the real you, so just pretend a little bit cute”

“Nah no worries Uncle Jin because I already have someone I loved and that someone already loves me for who I am so no need for me to pretend to be cute since he already knows me well”

“I see and that’s good for you then”

“Yeah indeed and by the way, why Sir Tae not talking, does he know how to talk?” Both Bing Wen and Woo Jin suddenly laugh. “Eh, is there something wrong Bro Bing and Uncle Jin?”

Both said in sync while pointing to Tae “you didn’t recognize him?”

Ai staring at Tae seriously and just realized who he is then just like her brother, she has the same reaction as her brother “...h—he is M’Dols Woo? As in Woo, Jun Tae Woo, one of the popular and famous members of M’Dols ... And t — the one, who got married to a very beautiful Manager, is he?”

Suddenly Tae laughing because of the Leng siblings antics and he replied to her “indeed I am and nice to meet you Ai”

Pinching herself and realized she’s not imagining things “whoa, you are really the real deal here” then suddenly Ai running to get something and out of nowhere appeared before them with a notebook and pen with her “Sir Tae, c—can I ask your autograph? T—the one I’m in love with is really a fan of yours and especially to your wife”

“Yes I can and you can call me Uncle Tae since you’re my friend sister, as for my wife autograph I will give it to your Uncle Woo Jin”

“Thank you Uncle Tae and I will leave you guys here” then she excitedly leaves right away and now going to where her friends are.
