

Last Man 611

Chapter 611 - Vol 8: Ch 611 – The witch continue attacking 2.

It's been a week since the witch got interviewed but both CA Entertainment and Rei didn't get any response especially Rei since she got accused that she has some dirty secrets and happened to be discovered by the witch.

As for the witch, she instructs someone to fabricate a photo of her sending Tae off and it got leaked on Day 13 and a day before Day 14, the day which supposed to be the ultimatum of Rei before she reveals her dirty secrets.

After the photo got leaked and been circulating the whole SNS, everyone except the fans reacts the same thing.

[Eh, M'dols Woo got enlisted but why Miss Li is the one sending him off instead of Manager Rei?]

As for the Team M'dols Managers, everyone didn't get panicked instead they now get it that this is her purpose for eavesdropping on their discussions that time but they didn't explain to their SNS Account after discovering it after all Director Lina is the Head of PR so they are just going to watch how it's going while Manager Han is only reminding the fans like this through their Official Fan Club for both Officials and Non-officials fans.

[It's a fabricated one and Manager Rei is the one sending Tae's off not her so all of you must stay calm and don't reply to them because, in the end, it will us who will laugh so just wait for the CA Entertainment to officially release our statement, okay?]

Seeing Manager Han message thru their official and unofficial fan club account, everyone sighing in relief, and some of them deleting what they're going to reply so now they are just going to watch how

it's going after replying to Manager Han with an okay gesture and words. Manager Han just amused because M'dols Fans are really true fans of M'dols.

On the other hand at the Jun house and since it's a weekend all kids are in the Jun house for their group study but since they are still on break they only study for one hour and watch TV for the rest of the hours that they happened to see the entertainment news since it's just suddenly flashed out because it's a piece of breaking news. By the way, the kids are adding a day for their study group since the Wong siblings join them, so it will be two days in a row, every Saturday and Sunday from 1 pm to 5 pm.

[Breaking News

M'dols Woo secretly enlisted and what shocking more is that Miss Li is the one sending him off instead of Manager Rei, his very own wife. The evidence of it already circulating around the SNS Account and Media that we also happened to get a copy of it and this is the photo I'm talking about. Is the Tae-Rei couple already breaking? We didn't hear anything from both Mr. Jun and Mrs. Jun but then Miss Li is also happened to be Mr. Jun's ex-girlfriend so what's going on with them?

Stay tuned for more updates]

After the entertainment news, all the Wong siblings said in sync.

"Whoa, it's perfectly fabricated"

Both Ken and Ellyn replied at the same "eh, how did the three of you know?"

Woon: We can only say it's a fabricated one since we happened to know that Uncle Jun is enlisting in the Air Force Department but then this photo here is not the Air Force Center instead it's the Army Center since it's shown in the background.

All: [Including her siblings] Wow Big Sis/Sis and now that you mention it, it is really shown in the background that's its Army Center.

Woonas: ... [Almost got speechless and them confusedly] hey, did the two of you also say at the same time of me that it perfectly fabricated, so how come you didn't that one?

Wooji: Well Sis as for me I only say it's perfectly fabricated because Uncle Jun privately enlisting, right? So..... [Pause on purpose and asks Ken] Ken gives me your phone for a moment.

Ken: Eh, why?

Wooji: I just saw you a while ago that you take a picture of that fabricated photo, am I right?

Ken: Oh, I did. 'Wosh, I need to be careful around Big Bro Wooji because he is too observant' and here it is, Big Bro Wooji.

Wooji: Thanks and by the way can I connect it to the Smart TV? [All kids nodded then he connect right away and pointing Tae in the picture] see this; this is not Uncle Jun haircut so it's really obvious that it's not a fabricated one.

Woonas: Indeed and so how about you Anna?

Anna: Eh, as for me [all kids are now looking at her] he, he, it's just that Uncle Jun is so young in this photo and then during their first visit to us and every time I saw Uncle Jun, Uncle Jun rarely speaks to my Mom and only talk to Auntie Rei. Then, last Sunday, Uncle Jun also rarely speaking to his sisters, to Doctor Wong, to my mother, and even to Dad and his friend, Uncle Bing Wen so once again Uncle Jun only talk to Auntie Rei so it's really impossible to Uncle Jun to request that woman for sending Uncle Jun during his enlistment, right?

Before the kids replying to her analysis, Rei happens to get out of her room since she was just done napping and complimenting Anna for her analysis.

"Good observation Anna but don't worry about us, the a.d.u.l.ts are going to handle it well"

Kids: [Greeting in sync] good afternoon Auntie Rei

“Good afternoon kids and so why are you not watching anime anymore?”

Ken: We did watch Auntie Rei but then this news about Uncle Jun and that lady suddenly flashing on the screen, so are you not clearing up things?

Rei: At the moment I won't since I'm pregnant but I will clear it up after I give birth.

All kids nodded in sync since it's really important for the baby to be safe first than to be reckless while Rei just amuses by their reactions because they really understand it even though they are just a bunch of kids except the Wong's siblings since the three are already teenagers. At the same time, Wooji disconnected Ken's phone from the Smart TV and give it to Ken so then they continue watching anime while Woonna offers something to Rei.

“Auntie Rei, do you want some cake?”

“Yes thank you Woonna, and is it café or mocha flavor?”

“Not a café or mocha flavor Auntie since these kids here are all chocolate maniac.” No retorts from the kids since they are now focused on the anime they watch.

“Ha, ha, ha, I see and thanks for the offer, Woonna”

“Sorry Auntie, I offer yet it's a chocolate flavor one”

“No worries”

“...But Auntie Baby Rei Won is quite unique, huh”

“Well yeah after all he refuses all foods that it's not his father's favorites”

Ken who happened to heard his Auntie also added “not only that Big Sis Woono because Baby Rei Won also refuses chocolate when in fact Uncle Jun likes Chocolate Favor and I guess that’s the only thing he refuses the food that Uncle Jun likes”

“Eh, really....” Pause because Ken already backs his attention to the TV as if he didn’t say anything.
“Seriously, I do really wonder if Wooji and Anna are the real kids here compared to these S’lites young ones”

At the same time, both Wooji and Anna ask for another serve of cake from her that leaves her speechless because she just said it yet the two siblings of her just proven that indeed they are while Rei just watching amusingly to them.

Chapter 612 - Vol 8: Ch 612 – Ignoring the witch

For few hours passed the kids continue watching anime that they didn’t notice the time until Rei remind them.

“Kids, it’s already past 5 pm you know”

“Eh, it’s already time?”

“Uh-uh”

Then the kids looking at the clock just to be sure and indeed it’s already 5:24 in the afternoon so right away the kids who have their chauffeur/butler leave right away because they are raised not to be arrogant. After packing their things they bid their farewell right away to them [Rei, Ken, and Ellyn], and then when they arrive at the parking area, all of the kids are apologizing to their chauffeur/butler and if they happened not used to it surely their chauffeur/butler will be sweating tons of sweat since their young master/young miss apologizing to them.

At the same time before leaving the kids to hear the teasing voice, Ken.

“Ha, ha, ha, it’s really unique to hear a group of Young Master and Young Miss are apologizing to their butler, ha, ha, ha”

“KEN”

“Ha, ha, ha, just kidding and here Big Sis Woono, you forget the cake [leftover]”

“Eh, but I did say to you that it’s yours now”

All kids said in sync “eh, did you Big Sis/Sis?”

“... [Woono almost got speechless] I did but I guess all of you didn’t hear me saying that one, huh, and Ken it’s good for 5 serves so share it to everyone, okay?”

“Uh-uh and bye everyone”

“Eh, that’s all?”

“Yup, that’s all” then ride the elevator again and leaving the kids speechless except for Yuki.

Commented it loud “Ken is really a good boy, huh”

Everyone said in sync “you are really fond of Ken, huh, Yuki”

Yuki shyly admitted “yeah I’m really fond of Ken but it doesn’t mean that I love him, okay? And I’m a straight not gay.”

Before leaving they wondered in sync 'we didn't say that you're gay, okay?' And they leave separately, Yuki is riding in Jinyu's car since he is always the one dropping him since the Wong kids and Yuhan residing in the opposite direction.

On the next day, the witch aka Miss Li Danni already waiting for Rei's response after all today is the ultimatum day she gives to Rei before exposing her dirty secrets but unknown to her she will only be a disappointing one since both Rei and the CA Entertainment are just ignoring her for the meantime.

Hours by hours, the witch still waiting for their responses, and around 5 pm she now posted again to her SNS Account without realizing that she waiting for the whole day until one fan of her pointing it out.

[Hello everyone, I know it's not my right to reveal and expose Manager Rei's dirty secrets but well as a concerned citizen I guess I really need to reveal it after all bad persons really punishable by law. I know I'm Tae's ex-girlfriend but it doesn't mean that I did it because I'm still not over with him since I only did this knowing I'm going to hurt his wife because Tae is my former junior in CA Entertainment and only concerned of him because he is a friend of mine so I don't want him to be get cheated by his wife. These are the dirty secrets that I found out about Manager Rei and since she didn't give a response for today but then sorry for doing this because I can tolerate you anymore, so here it is.

1. Manager Rei is lying about being pregnant. [Attached picture of Mei and not Rei]

2. The twin's biological father of Manager Rei is not Tae instead the man she's cheating with. [Attached picture of Mei and En with the twins]

3. Manager Rei is a cheater and been cheating behind Tae's back with several men. [Attached picture of Mei with Rick, with the meeting of Hotel Managers and with En]

4. In my opinion, I guess Tae only got married to Manager Rei because of her fake pregnancy and thought that he is the biological father of the twins without knowing anything about Manager Rei's lies.

5. Ir qw mnaramr, Mfrfeuz Rua mriw qfzzaut Tfu guhfplu lvu al mriw fdouz ovu flluol md Tfu.

Last but not the least, I guess the Jun couple are not really in love with each other from what we witness on screen, and maybe that's the reason why Tae didn't tell Manager Rei about his enlistment even

though she is part of the Team Managers of M'dols and most of all she's the legal wife of Tae. I'm also quite surprised when I know from him about his enlistment the days before I return here and more dumbfounded when he suggests to me that I can drop him off instead of his wife. Well at that time, I'm only an outsider though I'm his friend so I didn't ask anything knowing I'm his friend because I'm aware it's their own family matters until when I return here, I happened to witness that the two arguing with each other then on the next few days, I happened to see Manager Rei booking a hotel of one of my family own hotels and with another man with her then followed by witnessing all Manager Rei dirty secrets, I guess it's really fate that I know her dirty secrets because it's really not a good example for everyone and maybe that's one of the reasons why Tae suggest to me to drop him off during his enlistment instead of his wife because he might already aware of it and cannot divorce his wife because he might get blackmailed by her. So Manager Rei as woman itself, please face the consequences of your bad doings and let go of the innocent one, the innocent one I mean is none other than your husband Tae and so please give him his freedom, if you won't then I will fight for my friend and former junior freedom, so don't blame for ruining your reputation because you ask for it.]

Then after her post, it got repost many times and then received many likes, comments, shares, and such things until some of her fans pointed out something.

[So don't tell me Dan-dan have been waiting for the whole 14 days for nothing?] Danni official fans ignore it while anti-fans shared it many times.]

[Miss Li, sorry to disappoint you but I'm really a fan of you but are you really sure that the photos attached to your posts are really Manager Rei? What if it's only her look-alike then?]

[Hey, are you really sure that you are Dan-dan <stage nickname> fans?]

[Yes indeed I am and I called her Miss Li today because if she's right then I don't have the right anymore to be one of her fans but then if she's wrong then I will officially quit as her fans for defaming a person who's the innocent one. Oh right if you wondered who I am, then this is my full name Li Qi An and feel free to search of who am I so that no one can say that I got paid or what because I've been her official fans since her debut but I guess it will end this year when we know the truth. Miss Li, we do share the same last name but I'm not related to you nor to the owners of JL Hospital but it doesn't mean I'm afraid of you because I'm the type of person who never judges someone if I didn't hear from both side. I just commented on your posts because for the few past days it's you who always voice out whatever on your sides yet the person involve including CA Entertainment still didn't explain everything even the fact you already defaming them many times.]

Chapter 613 - Vol 8: Ch 613 – Ignoring the witch 2

Li Qi An is a former best friend of Danni but then their communication stop when Danni debuted but she still supports her and become the first official fan of her. Qi An is aware of Danni's personality and characteristic so by the time she has seen her post, she started to feel that Danni might be envious of Rei, and then later on which is the day she discloses this dirty secret of Rei, she didn't control herself and so commented that one to her post. She knows that their friendship will cut off because of what she did but still she cannot sit around calmly knowing what will happen to Danni if in case she only defames someone so she said bluntly to her that one and hope that Danni will realize that one.

Meanwhile, on the other hand, Danni's official or non-official fans including the media are now searching for the name Li Qi An and indeed she's really the first-ever official fan of her, not only that one but there's a photo on the fan club account when the two are in school years so now after knowing the truth they stop commenting and just shared it many times while waiting to know who's right and wrong.

At the same time, as for Danni, she never expects that her very own former best friend is the one who points it out and she can't backfire because compared to her family, Li Qi An family members is more influential compared to her, in fact, Li Qi An family members are the one who finances their chain hotels since they are investors and as for Li Qi An, she's one of Top 5 Barristers of S Nations and can be on par with Atty. Kei. But well it doesn't mean she will stop after all she thought that both Lina and Rei are just a mere Artist Director and Artist Manager and never expect that she will regret it later on, she didn't even listen to their warnings because she thought it's only a tree without roots.

In the next days and following days, Danni still posts about requesting Rei to have Tae's freedom but still, she got ignored. Well, Danni really thought that Rei is a fragile lady because without Tae's on her side, Rei will be slowly giving up but she never expects that she just got ignored for the whole one month and a half, yes for the whole month and a half since the day she posted about the couple and even the CA Entertainment ignored her.

It's now around mid-July and few weeks left Rei will give birth but Danni still posts every day and even interviews from paparazzi then today she's now pretending as a real concerned friend of Tae.

"Miss Li, Miss Li how are you now, are you doing fine? Are you still in contact with Tae then?"

“As for me I’m not doing fine at all after all knowing my friend is still in prison with his cheater wife so I’m not alright at all. Tae is really a good man and a very nice man but what can I understand is why Manager Rei never letting go of him? If she’s really after his money then I can give you how much you want Manager Rei, so just let go of him, okay?”

“Well we don’t really know the truth Miss Li and we are just waiting for both Manager Rei and CA Entertainment,” said matter of fact from the group of reporters.

“Are you all afraid of the CA Entertainment and Manager Rei, when in fact I do really have solid evidence against them?”

“... [The reporters didn’t reply back because they were all aware that CA Entertainment is really the best entertainment in the whole S Nations since they treated their artists and personnel’s very well so they really don’t know why they never renewed Miss Li Contract and as for Manager Rei, they were all just afraid of R because they were aware that Rei is a Ceno Citizen so they are really careful.]”

Danni just looking at the group of reporters and seeing they didn’t ask anymore, she just wonders at the same time. ‘Geez, I never expect that these groups of reporters are so cowards, and why they are so afraid of them, why? Are they really reporters, are they the type of reporters to just release whatever article they want as long as they can have a lot of viewers, right?’

Well before yes but after R signing an agreement of S Country the reporters have been careful because they don’t want to be get backfired from what they release, they only release the articles with something like this: Rumors say or confirm before their article contents.

Danni still silent and waiting for the reporters to ask more but to her disappointment they didn’t instead they almost leaving her but stop when she suddenly said it out loud.

“Ah, that’s right...” Pause on purpose to get the attention of the group of reporters.

“Eh, what’s wrong Miss Li?”

“I suddenly remember that from my contract didn’t renew, I lost contact with my former manager”

“Eh, you mean Manager Ban?”

“Yes Manager Ban and the only assigned Manager of me. I’m so grateful to her because she’s the one who helps me with everything, the one who’s with me and the reason why I’m known to everyone but then I never heard from her since the day I know that my contract won’t be renewed, is she alright or perhaps she got punished on my behalf?”

“Eh, what do you mean Miss Li?” And then camera action, Miss Li acting mode switch on, so after hearing her drama, the group of reporters releases an article with the same content but different writing styles.

[Breaking News

Manager Ban, former Manager of Miss Li, where is she now? According to Miss Li that Manager Ban might be got punish on her behalf since she already lost contact with her since the day of her not renewed contract and she’s now wondering that she might be got punish on her behalf. But then who will punish Manager Ban on her behalf, rumors say that it’s either the CA Entertainment or Manager Rei.

Seeing the trending news, Danni smirked and then call someone.

Ring, ring, and ring

“Yes, Young Miss?”

“Do it tonight”

“Yes, Young Miss”

“You must be doing it discreetly and make sure that it’s won’t be linked to me”

“Yes, Young Miss”

“Good”

Chapter 614 - Vol 8: Ch 614 – Counter measures

On the same day that Danni’s got an interview, Rei also started her countermeasures since few weeks left, she will face this delusional ex-girlfriend of her husband and well to avoid stress she must be free from worries but being loving of wife of Tae, she keeps up to date of whatever Danni’s saying non-sense until, on the same day, she calls Ken attention who’s seriously watching the anime since they don’t have a class for the whole week because of the Sports Fest.

“Ken”

“Yes, Auntie?” He answered without leaving his eyes on the TV Screen.

“I need to talk to you”

“Oh, okay” then stand up from his seat and said to Ellyn “tell me what happened to the anime later, okay?”

“Okay”

Ken just followed his Auntie in her room and then to her main control room, Ken silently wondered because his Auntie already done teaching the lessons for today so he doesn’t know why his Auntie called

him but then he never asks anything. He seats down when Rei also seat down and just observes that his Auntie turning on the main computer.

“Are you not going to ask me why I called you here today?”

“Uh-uh”

“I see and so then I called you here today because I want to test your hacking skills since I’ve been teaching you for almost 7 months by now and I already know your progress so I need to test your hacking skills.”

“Eh? B.....but Auntie.....”

“Just relax Ken, it will be safe and no one will trace you since it’s Jun Tae [the AI] who creates the program. I just ask Jun Tae last few months [May 1 to be exact] to make 75 programs and it’s already done [finished last May 10] so starting today until the end of July, you must hack 5 programs every day, so are you okay with it?”

“Uh-uh, and may I start now Auntie Rei?”

“Uh-uh and you may start now”

“Ah, Auntie Rei, I’m only going to hack and nothing else?”

“Yes you only going to hack and nothing else”

“Okay” then Ken starts right away while Rei just watching her nephew doing the task.

After an hour, Ellyn entered the main control room and inform her Auntie about something before realizing what Ken’s doing.

“Auntie Rei, lunch is now ready”

“Oh, I see, and thank Ellyn”

“You’re welcome Auntie and where’s Bro Ken?” Rei just pointing Ken and Ellyn just realize what he did before she got amazed “wow, Bro Ken, y — you’re amazing.”

Ken didn’t answer and then stops when he has already done hacking the 1st program then said to Ellyn “Ellyn you almost lost my concentration you know and if I did then I will start over again”

“Oops, sorry”

“No worries and so Auntie Rei, how long I did take?”

“Jun Tae please show the result”

“Yes” then the AI shows the result right away

End of results]

Seeing the results, Ken got disappointed while Ellyn got confused about what is all about, and Rei praising her nephew.

“For a first-timer like you Ken, you do really have a good result as a first-timer Ken”

“Eh, really Auntie, and are you sure?”

“Uh-uh”

“I see but then it’s still not a good result because if I’m really hacking then for sure they already trace me back”

“Indeed you are right but then seeing your results that you only got a trace on level 3 even you got prompt 8 times so out of 8 you only got trace for 5 traces and considering it’s your first time, so it’s really a good result”

“Yes thank you Auntie but what’s your opinion as my Auntie and R”

“That’s my opinion as R”

“Eh?”

Then Jun Tae the AI interrupts “yes Ken and also out of 75 programs, R is the one who creates 20 programs and it also happens that the 1st program is created by R.”

“Eh?”

“...” No answer from Jun Tae the AI since it already logs off.

“A—Auntie Rei, what Jun Tae said, is it the truth?”

“Yes indeed and for now let’s eat our lunch”

“Okay”

“Whoa, amazing Bro Ken, amazing Bro Ken”

“Is your vocabulary got shortening Ellyn?”

“...[almost got speechless and she retorts] it’s because I know nothing about it but then if its singing matters then I guess you will be the same as me, Bro Ken.”

“Ha, ha, ha, right and you really used now on how to retorts me back again, Ellyn”

“Well, I guess” then the two cousins laughing together along with their Auntie Rei.

After lunch, both Ken and Rei going back to the control room right away while the first Jun Couple is busy attending to the twins. As for Ellyn, she just continues watching anime but later on, she got bored and so she takes a nap until got awake from her ringtones since Jinyu called her, so then both cousins are now busy with what they are doing. Ellyn busy chatting with Jinyu while Ken busy testing his hacking skills that observe carefully by his Auntie Rei known as R the top hacker around the world.

Around 5 pm, both Ken and Rei got out of the room then now watching TV together along with the family members. Ken got totally disappointed because he finished hacking the programs for almost 6 hours and out of 5 only 1 that Rei created yet the longest time duration he hacks is 1 hour and 15 minutes while the shortest is 1 hour and 15 seconds resulting in all 5 programs have many hackings prompts that also resulted of many tracing and tracking IP that he is aware from his Auntie Rei reminder that even you can hacks for longer time duration and many steps repetition as long as the hacking prompts, tracing and tracking hackers IP is zero then you will consider as the best hacker yet he didn’t so he really got disappointed and excusing himself to his Auntie Rei.

“Auntie Rei, can I go to my room now?”

Rei got it why but she still said to him “later and after we eat our dinner, is that alright with you?” Ken just nodded while Rei just realized that Ken is really inherited the perfectionist personality from both his Father and Mother.

Chapter 615 - Vol 8: Ch 615 – Counter measures 2

At exactly 6 pm, the family members are now eating their lunch and then cleaning whatever needs to clean. Meanwhile as for Ken, after brushing his teeth right away he excuses himself and reviews where he goes wrong while the other family members are just digesting their foods by watching TV or relaxing before going to their own room.

On the next day and for the following days until the end of the sports fest, Ken is always doing his hacking skills test after coming from school since they need to check and know the updates of their school representative as one of his tasks as the Vice President along with Jinyu. Each family member is busy doing their tasks and until on weekend around 6 pm, Rei waking up Ken since he got asleep while doing his hacking skills test.

“Ken, Ken”

Slowly waking up and just realized he sleep “eh, I sleep Auntie?”

“Uh-uh and maybe around 15 minutes since I left,” said then looking at the results “Woah, Ken you did it”

“Yeah Auntie Rei but it took me almost 6 hours”

“No worries since you got zero results for both the Prompts, Tracing and Tracking IP good job”

“Thanks, Auntie, and I never expect that Jun Tae can be on par with you”

“Ha, ha, ha I guess and so first before we eat our dinner I will tell you this Ken that keep up the good work and continue your task until you finish the 75 programs. For now, out of 75 programs you already finish 31 programs for 7days and so you have 8 days left to finish it all, well don’t worry because I already instruct Jun Tae to let you do the easy task on weekdays while the hard task will fall on

weekends. After finishing the 75 programs and during my week's hospitalization [1 week before the delivery date and the days Rei stay in the hospital after giving birth] you will review the one who got prompts, tracking and tracing IP until you got 0 results for that, is that okay with you?"

"Yes Auntie Rei"

Rei tapping Ken's head and compliment then continue "good boy and so after I discharge from the hospital, I will give you other tasks of what you are going to do, okay?"

"Okay"

"Oh right I forgot to tell that the one you hack right now is my very own program" Rei admits nonchalantly"

"I see [Ken caught off guard and got dumbfounded] eh, eh, what did you say Auntie Rei?"

"[Rei smile while repeating what she said a while ago] I said that the one you hack right now is my very own program"

"Eh?" Rei just nodded while Ken got speechless.

"Ha, ha, ha, as expected of you Ken"

"..." Ken still got speechless.

"Alright let's go now or else they will look for us"

"...uh-uh" Ken still speechless and so Rei holds his hands to drag him.

Rei countermeasures are still unknown but it's already obvious enough that Ken is the one doing that one and as for how it will be known after she gives birth.

Then on the following days and as Rei said, indeed Jun Tae gives Ken the easiest on the weekend so each day's Ken finishes around 4 hours to 5 hours for every 8 programs on each day so he only has 4 more to go and the hardest one.

Saturday early morning Rei got admitted 3 days earlier for her 1-week admission before giving birth since she suddenly feels the pain but then when she already laying on the hospital bed she feels normal but yet Doctor Annie won't let her get discharge after all few days from now she will give birth and so her parents-in-law are now the one in charge the house along with the twins then go visit after the kids [Ken and Ellyn] arrived from school.

All of them are excited to see the new member of the family for both sides the Din and the Jun. The Din's family members will arrive on the scheduled day Rei gives birth and will only stay 1-day since the kids and they still have schools and works to do. On the other hand, the same day as Rei who suddenly feels the pain, Tae also happens to miss a target since they are testing their shooting proficiency. The Military Instructor realizes it right away and calls the attention of Tae.

"Mr. Jun"

"Yes, Sir?"

"You miss the target and so 50 push up"

"Sir Yes Sir" then Tae obeys right away and just thinking his family members while doing push-ups especially to his beloved wife who almost giving birth a few days from now and he really misses his wife because it's been almost 3 months since he got enlist yet he didn't visit his wife for the day off they have [once a day per month] because he might not come back to military grounds and might violates the laws so he just needs to endure because after this he will be with his wife as much he wants but what he never expect that there something big will happened to them just to test how much they love with each other.

===== Back to Rei =====

After being admitted to the hospital, Rei just happens to watch the TV and suddenly a flash entertainment news appeared on the screen as she turns the channel so she stops and watches it seriously, after all, it's about her.

[Breaking News

According to Miss Li and since the day she knew about her not renewed contract, she never sees her Manager Ban or reaching her and so after she discloses it she still not aware until today, so we stay up to date regarding this matters but then same with me, we got nothing and it's been few weeks pass since Miss Li disclose it yet we never get an answer from the CA Entertainment especially from the person involved, Manager Ban and so we are now, here at Miss Li house to interview her regarding this matter.

"Miss Li, do you know where's Manager Ban right now?"

Danni's white lies and acting mode activated "I don't know, I don't know and I've been always going to Manager Ban's house yet no one's around"

"Eh, what do you mean by that Miss Li?"

"I don't know, I don't know and CA Entertainment especially to their Artist Manager and Artist Director, please spare my Manager Ban and if you resent me then just only me because I can't allow someone hurting my friends especially Manager Ban who is always with me since the day I got debuted, so please let go of her"

"Eh, you mean the CA Artist Manager which we know that it's Manager Rei and the CA Artist Director is either one of them who captive Manager Ban?"

"I don't know, I don't know but only the two of them who I offended especially Manager Rei and Manager Rei is not my fault because it's not me who cheat most of all it's not me who suggest drop Tae off during his enlistment day and so if not's true whatever I accuse then face me bravely and don't hide like a coward while involving innocent one."

"...[The reporter got speechless because she doesn't know if what Danni's said is the truth or not]"

“[Danni didn’t mind the speechless reporter and excusing herself] ah excuse me but I’m going now...”
pause on purpose.

“Eh, where are you going Miss Li?”

“I’m going to check my Manager again at her house”

“Oh, I see, and can we tag along?”

Danni didn’t reply but it also indicates that she didn’t refuse and so the reporters are tagging along while Danni never expected that both CA Entertainment and Rei are slowly preparing for their countermeasures since they will give their statements days after Rei giving birth.

Chapter 616 - Vol 8: Ch 616 – Few days before seeing Rei Won

At the exact time for the interview of Miss Li, everyone from the Jun Family members arrived at Rei’s hospital room and they silently seating at the couch and any available seats while watching the news then react one by one after Miss Li’s interview.

Both the Jun parents already know about this since it’s almost every day that this Miss Li appeared in the news and speculating something about their son and daughter in law so they have no reactions but different from the other Jun family members since they were all busy with their career and typical of Tia Wen, she’s the first one who reacts.

Tia Wen: Eh, what these all about Rei and by the way, who’s this white lotus, bitch?”

Rei: [Rei almost got speechless and ask her just to confirm] don’t tell me you didn’t recognize her?”

Tia Wen: [Replied nonchalantly] fortunately I don’t know and so what’s going on?” [After she asks and except the Jun parents, everyone attentions is now on Rei]

Rei: [Failed to notice everyone's reaction and answered honestly] she's the super international star, Miss Li Danni, and a former artist of CA Entertainment, most of all, she's one of Tae's ex-girlfriends.

All: [Except Tae's Parents they all nodded and replied in sync] I see, eh, w—-wait, what did you say?

Rei: She's the super international...

Aii: Nmo ovfo mru frt ovu movuz mru Rua

Rei: A former artist of CA.....

All: Also not that one.

Rei: Oh, so you mean this one that she's one of Tae ex-girlfriends. [All nodded in sync and Rei asks them just to confirm something] so you don't hear anything about this Miss Li here since Tae got enlisted, am I right?

All: Eh, what about what?

Rei: [Got speechless since she only assumes yet indeed they didn't know anything and how come when in fact it's been trending since Tae enlistment day].

Mom: [Tae's Mother interrupts them]all right enough with that and stop bothering Rei. If all of you want to know then search about Miss Li and you will know what's going on.

All:

Mom: And as for you Rei doesn't mind answering them since you need to rest at all because a few days from now you will give birth.

Rei: Yes Mom

Mmq: Gmmt

Right away, the Jun Family Members who ask Rei a while ago what's going on with this Miss Li and so all of them search everything about her while Rei chatting to her mother-in-law before taking a nap.

Few hours passed by, Rei been taking a nap and just wake up when she heard the chatting voices of her in-laws then she didn't bother to tell them that she got awake and instead just listening to their conversation.

Yu Mei: This Miss Li, is she really Tae's ex-girlfriend?

Tia Wen: Unfortunately she is and I don't know why Tae-nyah used to like this bitch, right?

Wei An: Indeed and if I didn't heard from Rei that she's one of Tae's ex-girlfriend then for sure I didn't believe this Miss Li here that she's Tae ex-girlfriend after all she's not Tae's type at all.

Seo Bum: Well knowing how handsome Tae is then for sure he is really a popular one but what I wonder about the most is how come this Miss Li here still spouting non-sense, well I know that Rei might have a plan, after all, I can't underestimate the younger sister of my friend but then how about the CA Entertainment, are they just waiting for them not to get it back because what Miss Li said is the truth or what, right?

Wei An: They must have a plan but Bum, don't you trust my younger brother, don't you? Because for me I trust my younger brother and he will never cheat since I know him since the day he come to this world, most of all Tae is really over heels towards Rei so this Miss Li here is just being a delusional one. Of course, we can't hide the fact that she's really Tae ex-girlfriend but it's already in the past and since I trust Tae then I also believe that Rei will never cheat because we already witness how much Rei also love my younger brother, so let's just wait how they will counter attack Miss Li, okay?

Bum: O...okay 'what the heck, since when did Buman become like this, or she's really like this if it's about her family members but what about me, I'm also her husband, right?'

Wei An: [As if she heard her husband, she said] I will also be like this if someone going to defame you Bum because you're my husband, so don't be jealous of how I treated my family members because you are my special to me, okay?

Bpq:

Tia Wen: [Interrupt them since she's the only one left who are single since Jia is still not counted after all she's a kid] alright enough showing dog food to us Sis An and Bro Bum, so for now, what are we going to do with this bitch [Miss Li]?

Yu Mei: [Tap her younger sister's head] did Wei An just said that we are just going to wait how they will counterattack Miss Li, did she?

Tia Wen: Eh, did she?

Yu Mei: Yes she did just now, why?

Tia Wen: Well I can't tell after all she's only feeding dog foods to me.

Hearing this one all the Jun Family Members got speechless while Rei didn't control her laugh and just laughing after hearing Tia Wen.

All: Eh, you are awake?

Rei: Uh-uh and I've been awake almost 15 minutes by now but I didn't interrupt all of you since you were seriously talking about that matter while can't control my laugh after hearing Sis Wen.

Tia Wen: Well because Sis An really loves to show off and very different if it's you and Tae-nyah geez luckily I'm not living with them or else I already died from too much dog foods from them even Sis Yu Mei is also like that, sighing, I wonder if Tae-nyah is really our dear brother after all he doesn't like showing off.

Rei: Ha, ha, ha, well it's because Tae is a very private person.

Tia Wen:[almost got speechless] don't tell me that I, Sis Yu Mei, and Sis An love to show off our love in public?

Rei: Who knows after all I've never seen you with your boyfriend and I've never seen both Sis Yu Mei and Sis Wei An doing PDA.

Tia Wen: The PDA you mean is that kissing and hugging in public, is that what you mean?

Rei: Uh-uh, why?

Tia Wen: [Almost got speechless and just got the point why Tae never like showing off] I see so that's why Tae never like showing off by flirting in the public with his beloved wife because of his wife conservative personality, huh.

Rei: Huh? [Didn't get what Tia Wen said because she happens to reply to her mother-in-law]

Tia Wen: [Got speechless]

Mom: Don't mind her Rei
