

Last Man 67

Chapter 67 - Hackers is not allowed

After eating she wash the plate and utensil then put inside to the dish cabinet.

“Woah, this unit is really design for a family and yet here I am living alone and temporarily here but Rei you must do your best, don’t waste this opportunity and prove to them (her family) that you’re doing fine” then seat in the living room “the wifi is already on, oh the password is here DLR083193. DLR083193, why it’s familiar? Oh, there’s a note, you can be at ease because only the people inside can connect this wifi. Ha, ha, really? Tsk, tsk ah that’s right there’s a laptop in my bed and since my name on it so I’m temporarily the owner.” Rei got up from the couch, get the laptop and seated again. Rei connect to the internet and check if her family is online but too bad they’re not since they’re still in the shop and El still on working hours. S Country is advance by two hours compares to C Country, her Mother Aya have an SNS account but she’s not online and the kids don’t have any account because they’re still not 10 years old. It also their rules that Din kids will only have an SNS Account if they’re 10 years and will know the advantages and disadvantages of the internet, they only have a phone but it’s only for emergency and important one. Rei left message to them that she arrives safe and will call tomorrow at 10am in C Country time. After that Rei study in advance so that it not an hassles for her during her lessons and she even taking a note that hacking is not allowed in S Country unless you have an authority to do. Hackers will be easily track if you won’t believed then try your lack.” After Rei seeing this, she was challenged and tried her luck.

“Mmm...let see if they can track me” Rei start and right away she able to hack without tracing but then see a warning.

“R, I know it’s you but why are hacking the S Country when you’re in C Country?”

‘Oh, they know it’s me’ she replied “I suddenly curious because I notice you’re country is restricting it”

“I think you know because some celebrities and personalities in S Country commit suicide because of some hackers expose their dark or hidden secrets.”

“Oh really why you didn’t contact me, Mr D?”

“Because you’re too popular and busy”

“I’m busy but I don’t receive any messagea from your group Mr D”

“What?”

“Yes since when did you sent me an email?”

“Last two years ago”

“Then someone was trying to hack your email before the messages send it to me. Let me check first and give me at least half an hour”

“Yes go ahead R”

Rei directly hack their system and then trace 20 hackers deleting their messages and controlling their systems, right away she stop them and fully control it. The group didn’t even take a notice that she and Mr D are chatting to each other.

Meanwhile on the other side a group of hackers their boss suddenly reacts when he notice that their systems of report ans monitoring slowly close one by one.

“What the heck?”

“Boss, I think their something wrong here in my part.”

“What? How about the others?”

“Same here boss”

“Try it again”

“We can’t boss the system already been protected and secured.”

“Let me try” he type the codes fast but he can’t break the security and command his group

“Try to hack the one who’s stopping it”

“Boss we can’t break the level one and it’s really secured”

“I will give you a week and track it whatever it means”

“Yes Boss”

But before they can do it Rei already give the reports to Mr D and his group.

“Mr D here’s the reports, they’re are 20 hackers and the mastermind is your Mentor, it’s Mr A. They’re are here in S Country and operating in JL Entertainment and Industries.”

“What?”

“I will let you decide what you’re group going to do these 20 hackers”

“R, please stay online”

“Just email me and I will waiting for you Mr D”

“Okay and thankfully you’re curiosity paid off”

“Ha, ha right” ‘if my curiosity not challenge then I might don’t know about it’ then Rei close what her doing and now taking a nap.

At Mr D and group

“Everyone let’s go to President”

“Eh, what’s wrong Sir?”

“Don’t worry just follow me and it safe now”

They arrive in President office quickly.

“Why are you here, son?”

“President here” give the printed reports to him and his eyes wide. “Seize them”

“Y.....”

“Wait before that who did this and how can their group track them right away”

“Uhm....President it’s R because of R curiosity about our law that Hackers is not allowed in S Country”

“Contact R right awat”

“President, R only entertain us through email”

“Then email R right away, son”

“Yes President”

Back to Rei side

“You have an confidential email”

‘Oh, it’s been an hour and they’re act fast. Tsk, tsk S country is really strict’

“R, President of S Country want to talk with you”

“Yes, I’m online”

“Hello R this is the President of S Country and thank you for tracking this illegal hackers.”

“You’re welcome President and it’s not for my curiosity then I will not be aware of it”

“Still thank you and can I ask you to highly secure and protect our government system?”

“I would and just give me a week”

“How would I pay you R?”

“Mr D knows and don’t worry President, it will be done in a week”

“Thank you and you will be officially legal hacker in S Country”

“Yes President”

Rei will be able to do it in just a day if C is with her or even if she's not busy but because she will be busy and will start to focus her training so she will do it in a week.

Mr D and President Side

"Son, how do you know R?"

"Well aside from Mentor Han both R and C are also my mentor Dad"

"C is the one who design the hospitals protection and establishment here in S Country, right?"

"Yes Dad, R is also design some of establishment here except for the top 10 since C is the one who did and I'm sorry for my reckless. I'm a military in high rank but I let our fellow Senian to lose their life"

"Don't blame yourself Son and please give me R account number so that we will pay R half"

"How long R will be done with the security and protection?"

"R give us a week"

"A week?" 'That fast and here we are we don't even trace them for almost 4 years'

"Uh-uh, go now and seize them legally you already have a solid evidences of them "

"Yes President"

Mr D and his teams go directly to JL Entertainment and Industries.

"Oh, long time no see Mr D, why are you here?"

“We have a warrant of arrest of you Mentor Han and you’re group of IT’s”

“What are you talking about and what do you mean by this Mr D?”

“Seize them”

“Yes Sir”

Rei give complete details about them including their Identification numbers with their face on it, so his team directly seize them.
