“It’s because in the beginning we introduced ourselves and Secretary Rei is in the backstage, so of course she will heard it”

“Geez you’re no fun at all Jay but never mind that one. Look our guest Secretary Rei is really simple, she only wearing a White Plain Dress partner with a sneaker but yet this simple get up looks so elegant and why it’s getting more elegant when Secretary Rei wearing it”

“Because Secretary Rei is really a real beauty but Secretary Rei, I guess Ron notice you that you’re not wearing a make up, right?”

“No, I’m wearing one MC Jay but it’s only light”

“Ha, ha you got busted Jay but well you’re right because it’s really looks you’re not wearing one. Well, well Secretary Rei why answered it truthfully that you can just a say a little white lie because ladies will be denied much that they’re not applying make up to look natural and yet here you are just answered us right away”

“It’s alright Secretary Rei since the business department have a rules to never interact from us, right”

“Yes MC Ron”

“By the way, I’m wondering why you think that way Secretary Rei?”

“Well MC Jay both of you are talking using Universal Language now so that’s why I have that conclusion” Rei said while smiling that everyone in the event hall and from the viewers caught off guard and blush but Rei didn’t notice it because she continuously explaining “now I realize why the two of you speak in Universal Language because all over the branches are watching, so in order for our fellow CA Families understand we need to speak the Universal Language while having an subtitle for the Entertainment Department, right?”
