Around 10am, he and his team already in the studio and now seating while waiting for the live show to be aired. Since it's quarter to 10am his team both co-members and managers are chatting each other while just listening to them.

"Guys, who do you think got this time?"

"I don't know"

"Same here"

"Me too"

"Ha, ha this time is really become more hard to deal and guess since a year ago it's either Manager Xiu and Manager Lee then last year and now Secretary Rei join them"

"Right, guys and managers I heard that Secretary Rei is a real beauty"

"Yeah, too bad we can't interact them"

"It's not we, it's them who can't interact us"

"How about you Bro Tae? What do you think about Secretary Rei?"

"Mmmmm"

"Tsk, forget it you're not even interested and how much more you're opinion about Secretary Rei"

“Right and Tae didn’t even bother to vote Secretary Rei as Hall of Fame”

‘Not interested? I even fell her during the time she arrives here and now voting her as Hall of Fame, I can’t do that because why do I need to vote and need her to become more popular if I add my vote and my rivals become increase. Do I need to stab myself for doing that?.’

“Na never mind about Tae, even he didn’t vote, mostly of us already voting her”

“Shh... it’s starting”

All of them are shocked because Tae remind them that it’s starting “Tae / Bro Tae?”

“Mmmmm”

“Geez, why are you like this Tae?”

They don’t know that Tae deep inside is already excited yet feeling nervous because he don’t know if she get this time or not. Then heard the MC playing and teasing them .

‘Just announce it already. Who is it? Is it my Rei?’ then heard his teammates

“Geez both Bro Ron and Bro Jay is really teasing us and Bro Ron is teaser one”

“Yeah, tsk, tsk they already know who is it and yet here we are excited to know”

“Oh, they’re going to announce it”

“It’s really Secretary Rei this time”

Tae feeling proud 'Yosh, she got it and that's my Rei'

"Guys, guys have you heard that the gap for this year is 6 points?" they all nodded "seriously, how this happen? Tsk, Secretary Rei is so young and she's already a genius one"

'So she's not from here, no wonder she arrives that day and Secretary Han pick her up. Three years of gap and I'm older compared to her but it's alright age doesn't matter if both of us love each other'

"Eh, she's that lady when Secretary Han pick her up during that time?"

"So that's why she look familiar"

"Tsk, she's really fluent in Universal Language and here we are need a subtitles to understand what they're talking about"

"I want her to speak Sean Language"

"Uh-uh but well we heard that's she already fluent in our language"

Then hearing it from his teammates, Tae suddenly remembered that time when Rei looking to the news with her changing expressions that she didn't understand anything and because of this he turn his head in order for them to not notice that his smiling and already controlling his laugh. When he heard them that she look familiar, he reacts but only his mind 'what? you just realized it, ha, ha too bad for you guys and managers, I already know her the time she arrives here.'

Unknown to Tae, all his teammates and managers didn't pay attention to her and just listen to the rumors or gossip about her that's why they know her but to him, Tae already updated about her based from what he heard even they we're busy with their schedules, Tae always have time to know her. He already know who confesses to her but got rejected and when they don't have schedules, he disguise himself as a janitor or anyone as long as he can see her and go to the business department and wait when Rei arrives until greeted him then go back to the studio right away. He already know that Rei will arrives 30 minutes before the time so he disguise himself everytime that they're team have no schedule with a different identification because he know that Rei is an observant and not easy to fool and it's only

once every three months so even Rei already work for at least 1 year and 7 months in the main branch, he only saw her 10 times including the times she arrive and the day when Rei watching the news.

“Woah amazing she got many awards last year”

“Oh, so Secretary Rei is the Hall of Fame last year”

‘Rei is really amazing. How much surprises you have that I’m already fallen enough with you more deeper and deeper.’ Tae looking her through the monitor. ‘Oh, so Secretary Han also like my Rei, geez why I didn’t know that one? And thank goodness he got rejected by her, of course she’s my Rei and mine only’

All of them are now listening attentively and didn’t talk or chat anymore while Tae reacts everytime after he heard Rei answer.

‘That’s good, that’s good and glad that she still not in a relationship. Wait, if she’s not then my rival will become more increase and hope it’s not too late for me’

‘Oh, so she’s living alone? Is she living in same building from us, Annex B, or Annex C? I’m sure she’s living in the same residences but at all times I and her didn’t meet because of the time differences.’

‘Oh so My Rei have a celebrity / artist crush, I hope it’s me and if it’s not then I would prove to my Rei that I’m better compared to him.’

‘Yes don’t worry I already love you enough and I would be glad if you love me back, My Rei.’

‘My Rei, when will you become mine? I already love you for almost 2 years and yet you didn’t know my existence’

“Guys and Tae let’s go now and it’s almost finished so we need to be get ready for our rehearsal”

“Okay” all said while Tae still looking at the monitor and heard the MC asking her to give a heartfelt message to her future partner while looking his surroundings to check that his teammates already in the rehearsal room, he got up and close his distance to the monitor. He check the surroundings again and then raise his hand then touch the monitor like he touch Rei face.

“Don’t worry My Rei I already like you and love you. And I will always support you whatever it means” said then kiss Rei through monitor and that’s the reason why Rei suddenly blush. Tae didn’t get a chance to see her reactions or heard the MC because his group leader suddenly interrupt him.

“What are you doing Tae?”

“I’m going to turn off the monitor”

“Oh, we forgot that one and thank you Tae”

“Mmm.” then looking one last time and when he notice that Rei already bowing her head he already off the monitor and walk as if like he didn’t care while the leader confuse and said it mumble.

“Did Tae kiss the monitor? Nah, it’s my hallucinations, and the angle I’m in is not good. It’s impossible for him since Tae is not interested with Secretary Rei.”

Tae heard it but act like he didn’t heard “Bro Yun what are you talking about?”

“Nah, nothing and let’s go now”

“Mmmm” then warn himself ‘Tsk, tsk Tae be careful from now on, Bro Yun is the most observative and s.e.n.s.i.t.i.v.e one. I almost got caught from him. Sorry Bro Yun, I can’t tell you that I’m interested it.’
