"Yes, CEO Hwang" then Rei get in and report right away "I already give my task to the Assistant Secretary yesterday and I instruct her to call me if it's necessary or she having troubles."

"Good but let me ask you a personal question, Secretary Rei"

"Yes what is it CEO Hwang?"

"I thought you're dating with him since you ask my permission but why are you rejecting Secretary Han?"

"I don't know if his intentions is true enough but I'm already weary about him, CEO Hwang"

"Is it because he scheme against you, Secretary Rei?"

"Yes CEO Hwang"

"Well he deserve it since his heart is too dark but you already have a lucky man with you and already waiting for you"

“...” ‘lucky man and waiting for me, who?’ Rei ask through her mind only.

Seeing her no reactions, he said his real reason right away “Oh, forget that one. Here”

“What is it CEO Hwang?”

“It’s you’re reward for being a good employee of mine and you can open it now”

Rei open the envelope without hesitation and notice what’s inside “2 Days Concert and 1 Day Fan Meeting Tickets”

“That’s all for now and you may go now before I change my mind”

“Yes CEO Hwang and if you excuse me” then Rei leave right away.

“Geez, Secretary Rei you really love him and that’s the reason why you rejected all your suitors because of him and then without you knowing, Tae already notice you. First, I’m surprised when he ask about you from me and then ask my permission if he can get inside the business department using many identities so that he can see you. Geez, these two, I think it’s time for them to meet and that’s why I give you this ticket. I already give them a chance to meet and it’s their fate how they’re going to meet. Now being likes this, I’m like a doting father and push my daughter in the good hands of Tae.”

CEO Hwang knows about Secretary Rei liking the M’dols because during his visit to C City Branch and Rei first assisting him, he notice a small picture of him from her PC. It’s only a little image of him but he can see clearly because he seated opposite to her desk so he knows that she a fan of them.

Tae and his team rehearse well for their 2 days concert while Rei excitedly going home like a young fans and teenager.

“Eh Tae / Bro Tae are you alright?”

“Uh-uh” ‘weird, why do I suddenly feel my heart beats and feel that someone is talking about me?’ Did My Rei think about me?’

Back to Rei

“Achoo. Did I get cold? No, no please don’t

because I still need to attend and watch his group concert.”

Rei afraid of getting colds so she sleep earlier compares to her usual sleeping time and then wake up early on the next day.

First Day of M’dols concert

Rei already done preparing by only wearing a Magenta polo shirt, jeans and sneaker then grab her keys and wallet then excitedly going out early and at the same time the team already on standby at the backstage of the concert event.

Rei already arrive, show her ticket and then got seated at the VIP area that she didn’t notice because she’s too way excited.

‘VIP Ticket, how come I didn’t realize it? But well CEO Hwang really give me one.’

She seat calmly and wait for the concert to start. Sooner, the arena are now filled with fans and it’s really full. All of them are wearing magenta shirt’s with the group face printed in front and group’s name at the back. Thank goodness, she know what the team official color and wear one but Rei didn’t have any lighting stick so she’s really too far for being an official fan. The event organizer announce that they have only 15 minutes left before the concert officially commence.

At the same time, a pretty lady with a gorgeous and elegant presence seated beside Rei while Rei didn’t mind her and just waiting patiently for the concert to start because it her first time to experience it and witness how the concert’s going on. Not just first time witnessing but also first time seeing the team personally. Rei just silently seating and quietly waiting but then the lady who seated beside her feel unease and can’t help but asking her

‘This lady beside me, who is she? Why she’s too way pretty compared to me? It’s my first time seeing her attending my Boyfriend concert. Is she a celebrity? She must be, from the looks from her, she’s too beautiful without any make up. But if she’s a celebrity then why didn’t even bother to disguise? A

newbie perhaps? Geez, I'm too curious and I'm just going to ask to satisfy my curiosity and nothing will loss from asking'

ju

"Hello, are you a new fan of them perhaps?" 'What the heck? Fan, she's too beautiful' asking Rei while reacting her question only her mind only.

On the other side, Rei heard her and because she didn't really into the entertainment field, she can't recognize her but in order not to be rude she answered her politely.

"You can consider it a new fan"

"First time of you here?" Rei nodded "By the way who's fan are you?"

"....."

"Don't be shy but let me tell I'm not a fan because I'm here because my boyfriend since his belong to this group"

Rei got intrigued because as far she know even she's not into the entertainment, she's updated about the M'dols but then again she don't go further to know their private life, so she ask "boyfriend?"

"Yes, yes and my boyfriend is the one who give me the ticket, that's why I'm seating her in VIP Area. How about you, you're just become a new fan and yet you're already seated here?"

Rei even got intrigued but she feel something's off and to test her that's she's really a girlfriend from one of them, she ask "how much the ticket cost for VIP seats?"

"It's very expensive Miss because it's cost 20,000 sen"

“Oh!”

“But well it’s only given by my boyfriend so I didn’t really care the cost but how about you? You’re a new fan so maybe you loss a month of your salary right?”

“.....”

“Even I will hesitate to buy but if it’s for my boyfriend then I’m willing to loss my half month salary just for him”

“Is that so?”

“Uh-uh but well he give me one ticket. Oh, oh it’s starting and let’s talk later.”

Unknown to her, Rei already know that she’s lying about having a boyfriend because she can see through that she’s the one who buy the ticket because even her didn’t aware the cost of the ticket since it’s given by CEO Hwang and aware that the ticket didn’t printed any amount for the ticket price in the ticket itself. Rei only ask one question but the lady got caught red handed by her. Rei only curious who is she but then she didn’t mind as long as she didn’t do anything to her then she left her off but if she cross the line then Rei will fight fair and square.

The concert start and the fans are shouting then calling their idol’s name. Even the fans are shouting, they’re not noisy because they shout in sync and shout group by group defends on the idol’s name.

Rei and the lady seating beside her, not aware that they will meet again and again because of some useless rumors created by this lady.
