Chapter 84 - Friendly Talk

After hearing it from Rei, Tae feel relieved and continue asking regarding him

“So how’s Secretary Han?”

“In what way?”

“Both ways Rei”

“Oh?”

“But I want to hear about his outside appearance first”

“Outside appearance, hmm...” Rei thinking hard and then suddenly realized “wait, do you even know who Secretary Han is, Brother Tae?”

“Uh-uh, I and my co-teams only meet him thrice but we didn’t interact” ‘and of course I know him and how come I will not let him off when he taken a fancy to you My Rei, huh’

“Oh so you know him?” Tae nodded “well you know that gossiping about our fellow colleagues is not allowed but well since it’s you then I will tell”

“Right, so just trust and believe me Rei”

“Uh-uh, by the way have you heard that Secretary Han is really a popular in Business Field?”

“Eh, really?”

“I guess you didn’t heard since you’re also a man and wait do you know Secretary Meg?”

“Secretary Meg?”

Rei misinterpret his answer and assumed that he knows “I bet you know her since she’s really popular, you know she’s a pure Senian and a real beauty”

“Real beauty more than you?”

“Cough, cough” got choke to her coffee drink

“Are you alright?”

“Uh-uh”

“By the way I don’t know her Rei” ‘because the one I only I know who is a real beauty is you’

“Oh, then I guess she’s not your type” Tae nodded that cause Rei to laugh “ha, ha, ha you’re too honest Bro Tae but well let’s proceed to you’re query. Secretary Han is really handsome man and also a genius but well his personality sucks”

“What do you mean Rei? And wait do you find him a handsome one?”

“Well to be frank his handsome but don’t worry Bro Tae I didn’t fancy him and I’m not a sadistic person.”

“Mmmmm... then how about his personality sucks?”

“Nah, it really sucks Bro Tae, you can’t tell because you didn’t interact with him but in Business Department he known as a sarcastic prince. I don’t know why he become popular with that personality of him and I don’t why my fellow ladies co-workers fancy him”

“Maybe because of his looks and being a genius Rei”

“Ah, you got a point Bro Tae but well his personality really sucks. You know what, he look down his fellow co-workers those who are below in him and then always respecting to the same level of him and those whose superior of him”

“Oh, so Secretary Han respect you since you’re in the same level”

“Excluding me Bro Tae, I mean during my training, his scheming against me even though his my Mentor and Trainor”

“What?”

“Secretary Han scheme against me and I realized it after I receive my license and the car”

“What he did to you Rei?”

“Don’t worry about that Bro Tae, I handle it well”

“Don’t you want me too listen how did he scheme against you?”

“Eh, you want to know?”

“Of course”

“Oh”

“Please?”

“Okay, well, his teaching about the Sean Language is only average so he think that I will fail when he review what I learned base of the questionnaire he given to me and then he even record a video so that it can prove that I’m cheating.”

“What happened then?”

“He got disappointed since the video he recorded only proves that I didn’t cheat”

“What else?”

“Mmm.... he select a tourist spot that he didn’t teach me where it is”

“So?”

“Again to his disappointment, I know where it is”

“Is that all?”

“There’s other one, Secretary Han invites 2 Master Chef to judge my cooking skills and I wonder if I’m in culinary competition instead of being a trainee for becoming a Secretary”

“Then again he still disappointed because his scheming didn’t go as what he plan and what else?”

“Nothing else since the in charge of review of driving was not him and it was suggested by CEO Hwang since he sense that’s something wrong with Secretary Han”

“That’s good to hear and how about your days before your training?”

“That.... hehe it really suck”

“Why?”

“I didn’t understand anything from your language and then after the day I arrived I got out and then there’s a monitor near here that show the current news during that time”

‘Ah, that the second time I saw you My Rei’ but pretend he didn’t know “so how did it go?”

“Nah it’s really embarrassing but I’m glad no one’s saw me that time because I’m watching the news and just understand thru the actions of the news”

“Oh but right now you’re already fluent in Sean Language and it’s like you’re a Senian”

“Eh, really?”

“Uh-uh”

“Thanks”

“By the way I’m curious why Secretary Han always fails his scheming against you?”

“At first without me knowing of his scheming, I already study in advance” then suddenly Rei yawning “ah sorry”

“Are you tired?”

“Uh-uh but well you’re here so it’s alright”

“Thank you for your time Rei”

“No worries because you’re my friend” ‘and how come I will not let this opportunity off’

“Right” then realized the time “ah, I didn’t realize that it’s already past midnight, ha, ha, ha. I guess I need to go now”

“Oh, that’s right. Do you want me to send you off?”

“It’s alright Rei, it’s already late and not good for you to go out this late. Bye and see you tomorrow at night”

“Uh-uh”

“Ah, that’s right, can I ask your account number Rei?”

“Okay but for what?”

“I will send you the money for our snacks every night”

“Eh, it’s alright and don’t mind that one Bro Tae”

“I mind it Rei because I’m a man after all”

“Oh, okay and here” she give her S Bank Account

“Thank you Rei”

“Your welcome”

Tae leave right away and just realized that Rei door will automatically lock the moment he close the door and heard a lock sound.

'Rei's door is automatically lock and how come our team units only have a manual lock? It seems Rei change it, either she did it or not then there's a possibility that My Rei is R, if it's Yes, then I think My Rei is already amazing more than what I imagine and Rei will tell it to me when she already think me as her important person. Tsk, tsk I need to work harder'
