

After Leaving The CEO, She Stunned The World - Chapter 92 - Pregnancy Gets Discovered

Shen Feng's palm was warm, but to Mo Rao, it felt very cool and comfortable.

She coveted this cold feeling, but that was inappropriate.

She took the glass of water and took a sip to rinse her mouth before quickly avoiding Shen Feng's hand. "I'm fine. Shen Feng, you can go out first."

Shen Feng did not move, and Mo Rao felt even more awkward.

She had no choice but to go out first.

Unexpectedly, Shen Feng grabbed her wrist and asked hesitantly, "Mo Rao, are you... pregnant?"

That reaction just now was very similar to morning sickness.

Mo Rao subconsciously shook her head in denial. "No, I'm not pregnant!"

"Do you know that when you lie, you always avoid looking into people's eyes?" Shen Feng had already discovered this.

Mo Rao's face turned pale and her body trembled.

What should she do?

"How many months has it been?" Shen Feng's heart sank, but he still asked.

"I... am two months pregnant..." Mo Rao finally said. She knew that she couldn't hide it from Shen Feng.

He knew her too well.

Shen Feng looked at Mo Rao's pale face and hesitated to speak. His heart ached. "Don't worry, I won't tell anyone about this. Moreover, I shouldn't be the one to say such a thing. It's not appropriate."

Mo Rao was very grateful and looked up at Shen Feng.

"Who else knows?" Shen Feng asked again.

Mo Rao shook her head. "Only me. You're the only other person."

She tried her best to hide it so that no one wouldn't see.

Hearing these words, Shen Feng seemed to be in a better mood. At least Mo Rao was honest with him. He was different from others.

"I'm glad you trust me so much. Are you uncomfortable eating those spicy things? I heard that pregnant women can't eat such greasy and spicy things."

Mo Rao smiled helplessly. "Shen Feng, don't take care of me like this in front of others. It'll expose my pregnancy."

Shen Feng was stunned and then felt a little embarrassed. "It's my first time taking care of a pregnant woman. I don't know much, so I asked directly."

"It's okay. This is my first time being pregnant," Mo Rao replied seriously.

The two of them looked at each other and then laughed.

After returning to the sofa and sitting down, Shen Feng asked seriously, "Then when you're pregnant, you can't take cold medicine, right?"

"Yes, unless it's a very serious illness. My condition is alright, but I have a fever. I should drink some water and rest. My fever will subside after I sweat," Mo Rao replied.

Shen Feng became nervous. She couldn't take the medicine and could only endure it. How uncomfortable was that?

He stood up. "Go back to your room and rest. I'll cook some porridge for you in the kitchen. It's light and nourishing."

Mo Rao was pregnant, but no one in the family knew about it, so no one took special care of her.

Things had been hard enough for her. Now, it was even harder.

Thinking of this, Shen Feng felt upset.

"I'm not going to lie down. It's uncomfortable to lie down." Mo Rao shook her head.

She might as well watch a movie here.

Besides, the servants in the house had taken leave. The family had gone out, so they took the opportunity to rest.

"Shen Feng, don't go. Just talk to me here." Mo Rao spoke again. She hugged a pillow and looked at Shen Feng.

Shen Feng's heart skipped a beat and he sat down again. "Okay, but tell me if you're unhappy."

As he spoke, he went to pour another cup of warm water and placed it in front of Mo Rao. “Drink more warm water. You might feel better.”

“Thank you.” Mo Rao was very touched. She sighed and said, “Shen Feng, if you marry in the future, you will definitely be a good husband.”

“Is that so?” Shen Feng smiled. “You think highly of me.”

“Because you’re good at taking care of people!” Mo Rao stuck out her tongue playfully.

Knowing that he was actually such a good man in Mo Rao’s heart, Shen Feng smiled even brighter.

However, he couldn’t help but ask Mo Rao, “What about Fu Ying? How many points will he get on a scale of 100?”

“Him?” When Mo Rao mentioned this person, even her expression became unhappy. “He scores 0!”

A scumbag like Fu Ying wasn’t worthy of a single point!

Shen Feng smiled again, but he quickly regained his serious expression. “Then do you have any plans since you’re hiding it from them?”

Mo Rao thought for a moment and replied, “Yes, Fu Ying and I will definitely get a divorce. It’s just a matter of time. Now, he wants me to donate my bone marrow to Qu Ru. Otherwise, he won’t divorce me. If I agree, not only can I get a divorce, but he will also give me a large sum of money, a car, and a house. Don’t you think it’s ironic?”

After Leaving The CEO, She Stunned The World - Chapter 93 - Future Plan

Of course, Shen Feng felt that it was ironic, but what could he say?

It was obvious that Mo Rao was already very disappointed in Fu Ying.

“But you’re already pregnant. What are you going to do with the child?” Shen Feng’s heart was heavy.

Mo Rao touched her abdomen, her eyes revealing a trace of motherly love. “I must give birth, but I won’t let Fu Ying know and won’t tell him in the future. I want to raise the child alone. I will work hard to be a good mother.”

She looked so serious and solemn, as if she were taking an oath.

Shen Feng was moved. He blurted out, “I’ll help you raise the child, okay?”

“What?!” Mo Rao came back to her senses and looked shocked.

Only then did Shen Feng realize that he had been too intrusive, but he didn’t regret it. He only smiled and said, “Did I scare you?”

Mo Rao nodded, her eyes filled with disbelief. Why would Shen Feng say such a thing?

“You’ve misunderstood. What I mean is that I’m your friend, so I’m willing to help. If you need my help, I’ll help you.” Shen Feng explained.

Although that wasn’t what he actually meant.

He was willing to be the father of this child.

For Mo Rao, he could give up everything and would definitely dote on that child.

However, he couldn’t say it so bluntly. After all, Mo Rao was still Fu Ying’s wife and the two of them weren’t divorced yet.

Moreover, Mo Rao was a very kind person and had good morals. She would never agree to do such a thing during her marriage.

Shen Feng liked and respected Mo Rao.

He was unwilling to let Mo Rao feel awkward and avoid him in the future.

It was because Shen Feng felt that he and Mo Rao were the same kind of people. They were the kind of people who could sacrifice themselves for others and were always forbearing. They also had a sense of pride, so he wanted to get closer to Mo Rao more and more.

When Mo Rao and Fu Ying divorced, he definitely wouldn't hesitate or miss any opportunity.

"Thank you, Shen Feng." Mo Rao finally regained her senses and her expression calmed down. "Actually, Fu Ying and I have a divorce agreement. I was the one who mentioned it. He signed it, but I didn't. I gave him a month to deal with Qu Ru. If he deals with it properly, we won't get a divorce. If he doesn't, I'll sign it and leave."

"But two days ago, Grandma and the others wanted to bring me to Old Madam Qu's birthday banquet. Fu Ying's expression of extreme disgust and resistance to me going left a deep impression on me. Not only was it for Qu Ru's sake, but it was also because he looked down on me and felt that I was unpresentable."

Mo Rao smiled bitterly.

There was a sad expression on her fair and round face.

A marriage like this would be meaningless even if she continued to maintain it.

Shen Feng took a deep breath. "Mo Rao, you shouldn't say that about yourself. You're not inferior to Fu Ying or me. Money and power can only show a person's financial success, not his life's success.

Some people just seem glamorous on the outside."

"I know." Mo Rao smiled at Shen Feng, her eyes filled with gentleness. "Shen Feng, you and Grandma are really kind to me. I've always remembered it. Even if Fu Ying and I get a divorce in the future, I'll still remember you and won't blame you for it. It's just that I'll leave this place and can't see you often."

"Where are you going?" Shen Feng asked.

"I want to go to my grandmother's house," Mo Rao replied. Then, she instructed Shen Feng, "Shen Feng, you aren't allowed to tell anyone."

"I won't, absolutely not." Shen Feng immediately shook his head.

Why would he tell anyone? Mo Rao had only told him alone and it proved that he was special.

He was unwilling to give this special status to others.

"But is there anyone else in your grandmother's family?" Shen Feng remembered this.

"No." Mo Rao was a little sad. "But my mother told me that my grandmother's place is very beautiful.

It's a small town that's like a paradise. Every spring and summer, many flowers will bloom there. There are fiery red maple leaves in the autumn and snow in the winter. That's where she was born and grew up. She always wanted to go back and live there. I'll fulfill her last wish for her."

When she spoke, her voice was soft and gentle, and her eyes were filled with deep nostalgia. Her slightly pale lips couldn't help but curl up slightly. Perhaps she was thinking of her mother and that beautiful town.

Shen Feng didn't dare to disturb her beautiful reminiscence.

After Leaving The CEO, She Stunned The World - Chapter 94 - Alone

"Yes, I understand," he could only reply softly.

"No matter how Fu Ying treats me, be it dragging me down or torturing me, I won't turn back. I don't want to torture myself anymore. I've already sacrificed ten years of my youth. Now, I should live for myself," Mo Rao said.

Shen Feng couldn't help but say, "Mo Rao, actually..."

But before he could finish, footsteps sounded outside.

Someone knocked on the door.

Could Grandma and the others be back so soon? But why were they here looking for her?

Mo Rao was shocked.

"Sit down. I'll go and see who it is," Shen Feng said to Mo Rao.

He stood up to open the door and saw Gu Hai standing outside.

"President Shen?" Gu Hai was also surprised to see Shen Feng.

"Why are you here?" Shen Feng frowned. "Where's Fu Ying?"

Gu Hai's heart thumped. He didn't expect Shen Feng to be here. He came to the Fu residence and searched around before coming to the basement. When he heard the sound of a movie, he came over. He thought that Mo Rao was watching a movie alone here, but Shen Feng was also here.

Gu Hai immediately explained, "President Fu asked me to bring Young Madam to the Qu family's birthday banquet."

Shen Feng looked unhappy. What did Fu Ying mean?

At first, he was unwilling to let Mo Rao go. Now, he sent someone to pick her up, and it was when Mo Rao was sick.

Did he not know that Mo Rao had a fever?

"Doesn't he know that Mo Rao is sick? She can't go," Shen Feng replied coldly.

"This..." How could Gu Hai dare to answer? Damn it!

Shen Feng saw that Gu Hai didn't seem to believe him and moved aside. "Then go in and ask her yourself."

Mo Rao sat on the sofa. Her complexion was indeed very bad, and she looked weaker than usual.

"What's the matter?" Mo Rao acted very cold when she saw Gu Hai.

"Young Madam, President Fu asked me to bring you to the Qu family," Gu Hai said carefully.

"No, why would I go? To disgust myself?" Mo Rao waved her hand. She was not going.

Gu Hai was in a difficult position.

Mo Rao looked at him mockingly. "I didn't follow Grandma, but after the birthday banquet started, Fu Ying sent someone to pick me up, making it seem like I wanted to prove that I was different. If I went, I would be criticized. Do you think I'm stupid?"

How could Gu Hai dare to treat Mo Rao as a fool?

He thought so too!

Gu Hai replied, "Young Madam, President Fu personally ordered this."

Mo Rao snorted. "I won't go even if he personally ordered me to. I won't go even go if he personally came to pick me up!"

Gu Hai was completely helpless. He didn't dare to do anything to this Young Madam!

At this moment, Shen Feng said, "Call Fu Ying directly and tell him that Mo Rao really can't go. Her health doesn't allow it."

Gu Hai couldn't continue to pester them and could only nod and leave.

The moment he went out, Gu Hai immediately called Fu Ying.

Fu Ying quickly picked up the phone. "Have you picked her up?"

"No, President Fu. Young Madam said that she's not feeling well and won't be coming," Gu Hai replied worriedly.

"You didn't tell her that I asked you to pick her up?" Fu Ying was unhappy.

"Yes." Gu Hai sighed. "But Young Madam said that she would only go with Old Madam Fu and the others. Being picked up by you alone would be inviting criticism."

Fu Ying's expression darkened. "She's so troublesome. Bring her over directly!"

What did she mean by that? He would make Mo Rao come over today no matter what!

Gu Hai was in a dilemma. "But President Fu, I don't dare to touch her. Moreover, CEO Shen is here."

Upon hearing the mention of CEO Shen, Fu Ying immediately frowned. “Shen Feng?”

“Yes, yes, yes!” Gu Hai replied.

Moreover, they were alone in the film studio, watching a movie and eating spicy hotpot. Wouldn't President Fu feel threatened?

If this continued, before he and Qu Ru could get together, his wife would get together with another man!

Fu Ying felt frustrated when he thought about how Shen Feng and Mo Rao were alone at this moment.

He said, “I'll be right there.”

He hung up.

Gu Hai curled his lips and stood at the door of the film studio while waiting for Fu Ying to arrive.

Mo Rao looked at the figure at the door and frowned. “Gu Hai, what do you mean by this? Are you spying on us? I don't want to make things difficult for you. After all, you shop with me even more than Fu Ying does, but you can't do this. Otherwise, I'll really fall out with you.”

Gu Hai felt aggrieved. “Young Madam, this... this is President Fu's order. I have no choice!”

He was just an employee!

Shen Feng was surprised when he heard Mo Rao's words. Could it be that in the past three years of their marriage, Fu Ying had always sent others to accompany Mo Rao to shop and eat?

How perfunctory!

After Leaving The CEO, She Stunned The World - Chapter 95 - The Truth About Ten Years Ago

Hearing Gu Hai's words, Mo Rao understood.

She asked coldly, "Is Fu Ying coming back?"

Gu Hai nodded helplessly. He didn't dare to lie.

Mo Rao was helpless and angry.

What was Fu Ying trying to do? He was the one who didn't want her to go. Now, he was the one who wanted her to go.

Was this person schizophrenic?

"Shen Feng, you can go back first," Mo Rao said to Shen Feng with a headache.

If Fu Ying returned and saw her and Shen Feng alone, there would probably be another conflict.

Shen Feng also knew Fu Ying's personality and didn't want Mo Rao to be in a difficult position. She was pregnant now and couldn't be agitated physically or psychologically.

"Alright, rest well." Shen Feng stood up and left.

He left the Fu family's old residence and drove away.

However, halfway there, he encountered Fu Ying's car.

Fu Ying blocked Shen Feng's car and almost collided with it.

"Shen Feng, what do you want?" Fu Ying got out of the car and looked at Shen Feng coldly.

His intuition told him that Shen Feng was different from the others. He was the most dangerous person to his and Mo Rao's relationship.

"Fu Ying, have you accompanied Mo Rao properly in the past three years? She's a woman who likes to shop and watch movies. Have you accompanied her properly?"

Shen Feng was also filled with anger. When he heard Fu Ying's words, he asked directly, "Have you ever made her happy? You can only make her sad!"

Was he feeling indignant for Mo Rao? Fu Ying sneered. "This is between me and her. You have no right to interfere."

Shen Feng was so angry that he grabbed Fu Ying's collar. "Fu Ying, do you know that I've loved her for ten years?! Ten years! She's the woman I love the most, but you treat her like this?"

Fu Ying was stunned and looked at Shen Feng in disbelief.

He knew that Shen Feng liked Mo Rao, but he didn't expect him to use the word "love", and it had been ten years!

"When she loved you and was tortured by you, I was also in love with her and was tortured by her. I wanted to be by her side so much. I would definitely protect her without letting her shed a single tear. What about you? Did you cherish her?" Shen Feng's eyes were red, and his eyes were filled with deep unwillingness and anger.

Fu Ying finally calmed down. At the same time, anger rose in him. He grabbed Shen Feng's hand and gritted his teeth as he warned, "Shen Feng, she is my wife and my woman now. Know your place!"

Shen Feng smiled mockingly. "Of course I know my identity. I used to care too much about my identity."

Fu Ying's brows were tightly furrowed.

"Do you know why Mo Rao has been so loyal to you all these years?" Shen Feng gritted his teeth.

"That's because she was wrong!"

"What do you mean?" Fu Ying's eyes flashed with confusion.

"Hehe, you really don't remember." Shen Feng sneered. "That was ten years ago. It's all my fault for insisting on changing uniforms with you at that time. So after I saved Mo Rao, who fell into the water, she didn't see my face clearly. She only grabbed the name tag on the uniform and remembered you, but she didn't know that I was actually the one who saved her!"

Fu Ying's body stiffened. He didn't expect such a thing to have happened.

Shen Feng recalled in anguish. "When we were young, everyone always said that although the two of us were cousins, we looked quite similar. Later on, I really hated that I looked like you because Mo Rao had recognized the wrong person. However, I endured it because as long as she was happy, it was fine. I thought that after marrying you, you would give her happiness. In the end? You kept thinking about Qu Ru and torturing her!"

"Now, she's disappointed in you. I know my chance has come. So what if it's ten years? I'll make you disappear from her life!"

With that, Shen Feng left Fu Ying behind and drove away.

Fu Ying was stunned on the spot for a long time.

Mo Rao liked him because she mistakenly thought that he was her savior?

If she knew that the person who saved her wasn't her, would she immediately dislike him?

When Fu Ying thought of this possibility, he found it difficult to breathe.

He felt like he was about to lose Mo Rao and it was extremely terrifying.

He immediately got into the car and rushed back to the old residence.

When he returned to the living room of the old residence and didn't see anyone, Fu Ying called Gu Hai. Gu Hai told him, "President Fu, the Young Madam said that she wasn't feeling well and went back to her room to rest."

Fu Ying replied, "I understand. Go home."

After Leaving The CEO, She Stunned The World - Chapter 96 - I Don't Want to See You

Gu Hai hesitated for a moment. Before hanging up, he said to Fu Ying, "President Fu, I've been with you for so long. Ever since Young Madam married you, you haven't accompanied her for a day. This is actually quite bad..."

"It's not your turn to say that!" Fu Ying's tone was stern. Why did everyone think that he was scum?

"I know I'm not qualified, but Mr. Fu, the onlooker sees the bigger picture. Young Madam has liked you for so many years, but you've never cherished her. If this continues, her feelings for you will be exhausted sooner or later. If you only realize your feelings at that time, I'm afraid it will be too late."

Gu Hai was loyal to Fu Ying.

Not to mention if he got scolded by Fu Ying, it would be fine even if his salary would be deducted!

In any case, he couldn't stand it anymore. Mo Rao was really devoted to Fu Ying.

Unexpectedly, Fu Ying didn't reprimand him this time. Instead, he was silent for a moment before replying coldly, "I understand. You can get off work."

Gu Hai was stunned. He wasn't punished?

Could it be that Fu Ying also felt that he made sense?

Fu Ying went upstairs to Mo Rao's room. At this moment, Mo Rao was resting in her room.

When he pushed open the door, a faint fragrance floated out. It was the familiar fragrance on Mo Rao's body. Every time he smelled this fragrance, Fu Ying would feel very at ease.

He looked at the figure lying on the bed and resting. His uneasy heart gradually calmed down.

"Have you taken your medicine?" Fu Ying walked to the bed and sat down. He reached out to touch Mo Rao's forehead and asked in a low voice.

Mo Rao opened her eyes and said calmly, "Yes."

She couldn't answer that she didn't take it. Otherwise, Fu Ying would definitely force her to take it.

Fu Ying asked again, "Have you eaten?"

"Yes." Mo Rao still spoke with a cold attitude.

She no longer had the gentle and obedient gaze from before. It was as if she was talking to a stranger.

Fu Ying didn't like this feeling, but he knew that he had caused all of this.

Recalling Shen Feng's words, he stood up and asked gently, "What do you want to eat? I'll get you some."

“I don’t want to eat. I just want to sleep for a while. I’m very tired. You can leave.” Mo Rao turned around with her back facing Fu Ying and said calmly.

Fu Ying stood by the bed and didn’t speak, but he didn’t leave.

Mo Rao’s ears had been paying attention to his footsteps. She was very sure that he had not left.

Why did he stay here?

At this moment, the sound of clothes being taken off could be heard.

After Fu Ying took off his clothes, he went straight to bed.

Mo Rao finally turned around and looked at the man lying beside her, her eyes filled with displeasure. “What are you doing here? Aren’t you going to accompany the person you should be accompanying? As for me, Gu Hai is enough.”

“I’m your husband. Who does he think he is?” Fu Ying was unhappy.

“He’s not my husband, but he knows me better than my husband and spends more time with me. Fu Ying, don’t you think that anyone around me knows me better than you?” Mo Rao felt very sad.

Fu Ying didn’t like the sarcasm in Mo Rao’s tone. He was angry again. “Mo Rao, who do you think you are?”

“Who am I? I’m going to be your ex-wife soon. Are you satisfied?” Mo Rao looked at Fu Ying coldly.

“Are you giving me a hard time on purpose?” Fu Ying’s expression darkened.

“I didn’t. You deliberately came to find trouble with me. Don’t you know that I don’t want to see you? Fu Ying, what do you take me for? A dog that can be summoned and dismissed at will? Have you ever respected me?” Mo Rao was even a little agitated when she said this.

Fu Ying knew why she was angry. He pursed his lips and said calmly, "But I've already called Gu Hai to pick you up."

This was already an apology. He had already given her an out.

During the few days of fighting with Mo Rao, Fu Ying had been waiting for her to take the initiative to reconcile.

Because this was the way they usually interacted.

In the past, whenever there was a conflict, Mo Rao would take the initiative to admit her mistake and beg for forgiveness.

She would even take the initiative in bed and let him do whatever he wanted so that he wouldn't be so angry.

But this time, it was different. Mo Rao stopped contacting him and didn't admit her mistake. It was as if she had completely fallen out with him.

This made Fu Ying feel very uneasy. He had originally planned to talk to Mo Rao on the way back after picking her up to attend Old Madam Qu's birthday banquet.

Unexpectedly, Mo Rao didn't come at all.

Because of this, Fu Ying wasn't in the mood. Qu Ru, who wanted to use his identity to show off, also sensed that his mood wasn't right. She could only endure it to avoid getting into trouble.

After Leaving The CEO, She Stunned The World - Chapter 97 - Repeat

Before the birthday banquet ended, Fu Ying sent Qu Ru back.

He felt very upset and had no mood to pay attention to Qu Ru. It was better to send her back to the hospital.

He sent Gu Hai to pick Mo Rao up. He thought that Mo Rao would agree happily because she would understand that this was Fu Ying's signal.

He didn't expect that if Mo Rao was really picked up by Gu Hai alone, the others would probably talk about it behind her back.

People like Mo Rao hated being used as a topic of conversation.

"Then tell me, why did you call Shen Feng here?" Fu Ying spoke again while trying hard to restrain his jealousy.

"To eat and watch a movie. What about it?" Mo Rao seemed to be deliberately provoking Fu Ying.

Fu Ying's jealousy intensified. "So you guys were spending time alone at home?"

Mo Rao sneered. "Fu Ying, Shen Feng just feels sorry for me. Don't think that just because you're a scumbag, all the men in the world are scum. Shen Feng and I are people with morals, unlike you and Qu Ru."

This blatant sarcasm made Fu Ying even more unhappy.

He held back his anger and took out his phone to open the film and television app. He asked, "What movies did you guys watch?"

Mo Rao asked, "Why are you asking this?"

Fu Ying replied sourly, "What? Can't you tell me?"

It wasn't that she couldn't tell him. She just felt that it was unnecessary.

Mo Rao replied coldly, "You can check the movie records yourself."

Fu Ying's phone was connected to the film studio. He could directly check the records on the phone.

After checking, he realized that it was an ordinary love movie. "What is it about?"

Mo Rao didn't want to answer. She pulled the blanket over her face and said gloomily, "I don't know.

See for yourself."

Fu Ying was silent for a while before the sound of a movie playing could be heard.

A pair of hands reached out to Mo Rao and pulled her out of the blanket. She asked angrily, "What are you doing?"

"Watch it with me." Fu Ying reached out to her with his phone.

"I don't want to see it! I've already seen it. I don't want to see it anymore!" Mo Rao's eyes were still a little red from crying just now. She glared at Fu Ying hatefully. "I don't want to cry until I'm blind. If I get a divorce, I won't be able to get married!"

Fu Ying frowned. "I'll give you the best guide dog."

Mo Rao was so angry that she wanted to laugh. Was this something a human would say?

"You can accompany Shen Feng, so why can't you accompany me?" Seeing that Mo Rao was silent,

Fu Ying asked again.

Mo Rao sat up directly. Her face was slightly red from the fever. At this moment, she was flushed. Because of her anger, she spoke quickly, and her soft voice was filled with rage. "What's wrong with Shen Feng and me? We were just watching a movie together! What about you and Qu Ru? Did I ask you to repeat what you did with Qu Ru to me?!"

"Are you sure you want to?" Fu Ying looked at Mo Rao coldly.

"My ass!" Mo Rao was so angry that she clenched her fists and even smashed the cup very hard. "I don't have masochism. Do I have to personally experience your love for another woman?"

Fu Ying didn't know what Mo Rao was talking about. What love?

Nothing happened between him and Qu Ru!

Seeing how angry Mo Rao was, he knew that he couldn't provoke her anymore. Hence, he threw down his phone and hugged Mo Rao. Her soft body emitted a faint fragrance that was his favorite smell. He coaxed, "Alright, alright. I don't want to argue with you. Go to sleep. I'll watch a movie alone, okay?"

Mo Rao was speechless. Was she making a fuss?

Fu Ying was being unreasonable!

In this familiar embrace, Mo Rao smelled a familiar scent.

It was a clear masculine perfume and the faint smell of tobacco.

In the past, she really liked this embrace. It was what she missed the most. It was as if as long as Fu Ying hugged her, she would have the entire world. No matter what trouble was ahead, she wouldn't be afraid.

Fu Ying was different from her. Fu Ying had been relatively cold since he was young and didn't like to be close to others.

He disliked such intimate physical contact.

When they had just gotten married, every time Mo Rao wanted to crawl into his arms, he would dodge and refuse to hug her. Later on, he realized that Mo Rao wasn't discouraged at all. As soon as she got into bed, she insisted on crawling into his arms. He slowly got used to it and even slowly started to like this feeling.

After Leaving The CEO, She Stunned The World - Chapter 98 - You're Dirty

Holding Mo Rao, Fu Ying recalled Shen Feng's words.

Did Mo Rao really like him because she mistook Shen Feng for him?

If Mo Rao found out that the person who saved her was Shen Feng, would she immediately ask for a divorce?

Fu Ying fell into deep thought as he watched the movie.

His arms subconsciously hugged Mo Rao even tighter.

He really didn't like this uneasy feeling, as if he was about to lose his most precious treasure at any moment.

Three years ago, when Fu Ying and Mo Rao got married, he had also felt this way.

At that time, Shen Feng came to the house for dinner. He and Mo Rao chatted happily and got along very harmoniously. Coincidentally, a guest came to the house at that time. When he saw this scene,

he smiled and said, "Look at how compatible these two are. If they aren't married, it would be quite good to matchmake them!"

Although this guest said that because he didn't know the inside story, Fu Ying felt very uncomfortable when he heard that.

It was like a kite in his hand flying higher and higher, so far away that he couldn't see it. Although the line was still in his hand, he began to wonder if it had broken.

From then on, he liked to torture Mo Rao in bed, especially when the two of them were about to reach orgasm. He forced Mo Rao to say that she liked him and only him.

Under the temptation of lust, Mo Rao's voice would be huskier and more charming than usual. She would beg for mercy and say everything Fu Ying wanted her to say. It was perverted, but Fu Ying liked this feeling of dominance.

Only at that time did he feel that Mo Rao was really his.

...

When she woke up, Mo Rao realized that she was still being hugged tightly by Fu Ying.

They slept like that all night.

"It's so hot. Let go of me." Mo Rao couldn't help but struggle.

Fu Ying's body temperature was higher than hers to begin with. In the past, when it was winter, she liked this sort of human heater the most. If she huddled in his arms, she would never feel cold.

Mo Rao's body was weak and she was afraid of the cold. Usually, when she slept alone, the blanket would always be cold.

It was only warm when she slept with Fu Ying.

It was this embrace that she was infatuated with. Now, she wanted to escape. She didn't like it anymore.

"I'm not hot." Fu Ying's voice sounded a little groggy, but his eyes were already open.

He knew that Mo Rao didn't feel hot. She just didn't want him to hug her.

Was it because of Shen Feng?

Mo Rao couldn't pry off his strong arms at all and could only give up. She asked gloomily, "Where's the divorce agreement? Why haven't you given it to me? How long will it take?"

"What's the hurry?" Fu Ying said calmly. "If we don't get a divorce, this divorce agreement will be void. It can save resources."

Mo Rao was speechless.

Why was this man getting more and more shameless?

She was so angry that her cheeks puffed up. "Fu Ying, you're the young master of the Fu family. You're someone with status and a man. You can't go back on your word, okay?"

Her angry look and cute voice made a certain part of Fu Ying rise.

Morning erections were too frustrating!

Furthermore, there was a beautiful woman in his arms.

Fu Ying's large hand reached under Mo Rao's pajamas and covered her soft chest with ease. His breathing became rough.

“Don’t move!” Mo Rao panicked. She held Fu Ying’s hand. “You promised me that you won’t touch me for the next month. If you don’t keep your word, I’ll really be angry!”

She was just soft-hearted. She wasn’t a pushover.

Who didn’t have a temper?

Fu Ying sighed. “I’m just touching you.”

“You can’t touch me or kiss me. Before the matter between you and Qu Ru is resolved, I can’t accept you touching me because you feel dirty.” Mo Rao’s tone was very firm.

Fu Ying couldn’t understand why he was dirty.

He and Qu Ru had never slept together.

“How am I dirty?” Fu Ying couldn’t help but frown.

“You know very well how dirty you are.” Mo Rao lifted the blanket and got off the bed.

Fu Ying was puzzled. He really didn’t know.

After changing and washing up, Mo Rao and Fu Ying went downstairs together.

In the dining room, Mo Wan and the others were already eating breakfast.

“Rao Rao, have you recovered from your cold?” Mo Wan was immediately concerned when she saw

Mo Rao.

After Leaving The CEO, She Stunned The World - Chapter 99 - Provoking Her

“Mom, I’m feeling much better. My fever’s gone. Don’t worry.” With a smile, Mo Rao pulled out a chair and sat down. Her voice was soft and soothing.

Mo Wan gave Mo Rao a meaningful look. “It’s good that your fever has subsided.”

“Aye.” Nodding, Mo Rao bent down to eat her breakfast.

Mo Wan placed a bowl of milk in front of Mo Rao. “Drink some milk.”

Mo Rao took the cup and smiled sweetly. “Okay, thank you, Mom.”

Seeing Mo Rao smile, Mo Wan was happy.

She said, “Your health is really worrying. I’ll get the kitchen staff to make more delicious food tonight.

Do you want to eat king crab? Or Australian lobster? These foods are nourishing.”

They were all seafood. Mo Rao wanted to vomit when she thought of the fishy smell of seafood.

She couldn’t seem to accept the smell now.

“Mom, I want to eat something spicy,” Mo Rao said honestly.

She just had to eat less of it. At least her stomach felt better.

She wanted to eat spicy food? Mo Wan thought for a moment. “Tell me the name of the dish.”

“Sour and spicy chicken? Chili chicken? Boiled meat slices!” Mo Rao thought hard about what she wanted to eat.

She didn’t usually eat spicy food, but this time, she wanted to eat it. How could Mo Wan not agree?

She smiled. “Okay, okay, okay. As long as you want to eat it, we’ll get the kitchen staff to make it!

Look, you’ve lost weight again. We worry about you.”

Fu Ying glanced at Mo Rao. She had indeed lost weight.

When he touched her breasts just now, he felt that her breasts had gotten smaller.

This was not good.

Did she not eat on time these days? She really did not know how to take care of herself.

After the meal, Mo Wan and Fu Ying had to go to work, so they went out together.

Before Fu Ying got into the car, Mo Wan came to his car and stopped him.

“What’s wrong?” Fu Ying asked curiously.

“Fu Ying, are you really my son?” Mo Wan’s face was filled with anger. “Look at how you treat Rao Rao. Rao Rao caught a cold and isn’t feeling well. Have you ever handed her a glass of water? Yesterday, at the birthday banquet, you were very considerate and concerned about Qu Ru. Those who don’t know would really think that you two are husband and wife. You’re really smart!”

Fu Ying was silent.

“When you fed Qu Ru the cake and fruits, I really wanted to sever our mother-son relationship on the spot. In the future, you adulterous couple shouldn’t appear in front of me. Do you know how angry I am?” Mo Wan was enraged.

“Mom, Qu Ru had just undergone chemotherapy and was weak, so I fed her something,” Fu Ying explained.

“Tsk, her body is so weak that she can’t even eat by herself, but she’s able to come back from the hospital to attend Old Madam Qu’s birthday banquet. Impressive!” Mo Wan really wanted to clap.

Fu Ying fell silent again, not knowing how to answer Mo Wan.

Mo Wan continued, "Fu Ying, do you think it's very strange that I feel so sorry for Rao Rao when you're clearly my son? It's because I hate Qu Ru very much. Her actions are exactly the same as the vixen who seduced your grandfather back then. I'll never forget the pain your grandmother suffered back then, so Fu Ying, you'd better not disappoint me anymore. I'll never let you and Qu Ru be together. If you insist on being together, I'll definitely make you pay the price!"

With that, Mo Wan returned to her car and drove away.

Fu Ying stood rooted to the ground as his grandmother's appearance appeared in his mind.

In his impression, his grandmother was a sensible and gentle woman. She seemed to have infinite patience and tolerance. Everyone felt that she would never divorce her grandfather.

But one day, she resolutely proposed a divorce. Everyone was shocked by her firm attitude.

...

After breakfast, Mo Rao returned to her room to catch up on her work.

She was focused on drawing when she received another friend request from an unknown number.

Then, the other party sent a video.

It was a video from Old Madam Qu's birthday banquet yesterday. Qu Ru was the main character.

Qu Ru was dressed very beautifully. Her white dress made her look pure and flawless. She was by Fu Ying's side the entire time, just like Fu Ying's wife. Her hand was tightly holding Fu Ying's arm.

Her smug look made Mo Rao feel very uncomfortable.

Being able to get close to Fu Ying was indeed worth showing off about.

Fu Ying, on the other hand, thoughtfully fed Qu Ru cake and fruits. His affectionate look was so ironic.

Mo Rao's heart ached again. She did not attend the birthday banquet and thought that she would not see these. She did not expect Qu Ru to spend so much effort to take a video for her to admire.

How vicious!

Mo Rao's face turned paler and paler. She put down the phone and held her chest. She felt as if there was a hole there and blood was pouring out.

When would this wound heal and stop bleeding?

Perhaps she should ask herself when she could really stop loving Fu Ying. That way, she would not feel so heartbroken anymore.

After Leaving The CEO, She Stunned The World - Chapter 100 - They Are Twins

Then, her phone rang.

It was Chen Meng.

"Aunt Chen?" Mo Rao was a little shocked.

"Come to the hospital for a checkup." Chen Meng went straight to the point.

Mo Rao was stunned. "What..."

“No matter what your future plans are, the child is in your stomach now. He’s a life. As a doctor, I have to be responsible for him, so come quickly. I’ll cover for you. No one will discover that you’re here for a checkup.” Chen Meng urged.

Mo Rao replied weakly, “Okay, I’ll be right there.”

After tidying up, Mo Rao took a taxi to the hospital. She was still wearing a hat and mask.

Chen Meng was already prepared. As soon as Mo Rao arrived, she immediately did a checkup.

After the examination, Chen Meng held the pile of examination reports with an ugly expression.

“Aunt Chen, what’s wrong... Is there a problem with me...” Mo Rao was frightened by Chen Meng’s expression and asked carefully.

She had been inexplicably thin recently. She even suspected that she had contracted some terminal illness.

Chen Meng slammed the table angrily. “Do you know that you’re pregnant? You actually made yourself seriously malnourished. Do you know that your anemia is very serious?!”

Mo Rao was like a child who had made a mistake as she explained softly, “Aunt Chen, I have three meals a day...”

“Then were you in a good mood? A pregnant woman’s mood is very important.” Chen Meng was a little disappointed. “I often see Fu Ying accompanying a woman called Qu Ru in the hospital.”

She was the doctor here. It was easy to find out Qu Ru’s name.

Mo Rao’s expression stiffened. “Aunt Chen, it’s okay. The matter will pass quickly...”

“Are you prepared to endure it?” Chen Meng asked solemnly.

“No, I won’t endure it.” Mo Rao shook her head. “I’ve agreed with Fu Ying to give him a month. If he can handle it to my satisfaction, we’ll continue our marriage. If not, we’ll get a divorce, but there shouldn’t be a need now.”

She could already confirm that Fu Ying could not resolve the matter between him and Qu Ru.

Chen Meng nodded. “End it quickly. You’re pregnant. It’s not good for you and the child if this continues.”

Mo Rao understood. “I know.”

After looking at the checklist again, Chen Mengyu said to Mo Rao sincerely, “Rao Rao, you’re pregnant with twins.”

“What?” Mo Rao looked at Chen Meng in shock.

“I said you’re pregnant with twins,” Chen Meng repeated.

Mo Rao was completely stunned.

Chen Meng continued, “Rao Rao, if you get a divorce, it will be very tiring to take care of children singlehandedly. Do you know how hard it is to take care of two children?”

After Mo Rao reacted, the shock in her eyes turned to determination. “I know. I can accept it. No matter how many children there are, as long as they are my children, I will never give up on them. I will work hard to raise them!”

She would not give up her children.

They were her flesh. How could she bear to give up on them?

Chen Meng sighed. "Sigh, then listen to me and replenish your nutrition. Sleep well and pay attention to your emotions."

"Okay, I will, Aunt Chen." Mo Rao nodded vigorously.

Chen Meng was like Mo Rao's elder. Mo Rao did not dare to disobey her.

"Rao Rao, I know you're pregnant and also have to hide it from the Fu family, so things are very difficult for you. Although they treat you very well, pregnant women need special care. They don't know your situation, so they naturally don't have that much preparation. This is the soup I made for you. Drink it while it's warm." Chen Meng took out a thermos.

Inside, there was the soup she had made herself.

Mo Rao was shocked. "Aunt Chen... this..."

"In the future, come to my house once or twice a week. I'll make soup for you and make some food tailored to pregnant women." Chen Meng looked at Mo Rao's thin face and felt her heart ache. "If you continue like this, your body won't be able to take it. The children will also suffer."

Mo Rao was very touched. She nodded and opened the thermos cup to finish the hot soup.

Seeing that the soup was finished, Chen Meng smiled. "Good child."

Mo Rao wiped the corner of her mouth and asked obediently, "Aunt Chen, shall I leave now?"

"Go!" Chen Meng became serious again and waved her hand to chase her away.

Mo Rao stuck out her tongue and quickly left. She went to the inpatient department to visit Lin Qun.

Lin Qun had yet to wake up, and the person who had hurt him had yet to be caught. Mo Rao only felt
heartache and guilt.

She had a vague feeling that this matter might just be left unsettled.

It was because Fu Ying had intervened.

This was too unfair to Lin Qun!
