

# Life at The Top –

## Chapter 1584

Emil was surprised.

However, no matter what they thought in their hearts, in this family, no one would dare to oppose after Kit made a decision.

Jasper looked at Sylphie, smiled, and said, “Princess Sylphie, please look after me in the future.”

Sylphie pursed her lips and smiled, “Sentel is only cooperating with JW Foundation, so you should be the one looking after me, Mr. Laine.”

Kit walked up to Jasper and stretched out his hand. He said, “Mr. Laine, I hope we can overcome the difficulties together. I hope that one day in the future, JW and Sentel Corporation can reach a strategic partnership.”

“Sentel will open up the Somerland mainland market with the help of JW, and JW will also obtain the advanced technology and technical equipment that other Somerland mainland companies can only dream of with the help of Sentel.”

Kit’s words made Jasper’s eyes shine.

If this came true, it would definitely be a perfect storm of two strong forces. This would be a win-win situation.

“I believe we don’t have to wait too long for that day to come.”

Jasper took Kit’s hand and grinned.

The two of them looked at each other and smiled. The host and guest were enjoying themselves.

Still, Kit was old, so after talking about the cooperation with Jasper, he left and went back to rest.

The rest of the time was for Jasper, Emil, and Sylphie to discuss in detail how their cooperation would work. As for Marie and the others, when they saw that there was no more benefits for them in this matter, they bade farewell.

In the guest room, Jasper said to Emil and Sylphie, “Mr. Emil, Princess Sylphie, we are in a cooperative relationship and there is no distinction between superior and subordinate. However, we are facing two extremely powerful enemies, so I have to communicate to both of you our rhythm on advancing and retreating to avoid unnecessary trouble.”

Sylphie nodded and said, “Mr. Laine, please tell us. My grandfather has instructed us to use Sentel Corporation’s funds to cooperate with JW Foundation as much as possible.”

“Good.”

Jasper responded. Then, he said, “What I’m doing next is very simple. Right now there are two enemies and my strategy is to focus on one thing at a time instead of multi-tasking. The one we’ll be focusing on is Softwin.”

“After the market opens tomorrow, the first thing I will do is to catch Softwin by surprise before the outside world even knows of the news of Sentel’s entry.”

“I want to crash the Nikkei Index.”

Jasper’s words made Emil’s brow jump.

“The Nikkei Index is not easy to crash. Sentel Corporation has invested in many of the listed companies in Sunrise Land. They are cross-holding each other and their assets are highly concentrated. Coupled with the official cooperation of Sunrise Land government, the task of crashing the Nikkei Index is not much easier than crashing the Dow Jones Index itself.”

Facing Emil’s doubts, Jasper smiled and said, “I’ve considered this a long time ago, and that’s why crashing the Nikkei is just a pretense for us. What we really want to do is short Sun Dollars.”

Emil’s heart beat wildly when Jasper said this.

He looked at Jasper incredulously, his eyes full of shock. He really could not figure out how this young man from the grassroots of Somerland who was under 30 years old could say such things with confidence.

Attacking a country’s currency would be setting off a real financial war.

“Short Sun Dollars?” Sylphie exclaimed.

“That’s right.”

Jasper let out a sigh. The reason why he had such courage was because of the memory of his reincarnation in his previous life.

He knew that in two days, the head of Sunrise Land would be sent to the hospital due to a cerebral infarction. Then, the cabinet resigned collectively a week after that.

The political world of Sunrise Land would enter a state of turbulence for 7 years after this.
