Author's POV:

After the breakfast, elders went to the temple to talk to the priest. Diya and Yash went to the hospital. It was the first branch of the "Medicare hospitals" started by Janaki, Anita, Sarika and Narayan together which has its branches all over the world now. The main aim of the hospital is to provide free treatment to the poor people.

(Janaki - Cardiologist
Anita - Psychiatrist
Narayan and Sarika are parents of Yash who were also doctors.

Sarika, Janaki and Anita are friends from their childhood while Narayan met them when they were pursuing MBBS

Yash is also a doctor, but he chose to work as a Professor due to his passion for teaching. He has done MD in neurology.)

The hospital staff greeted them with a smile. Diya and Yash started to check patients. Meanwhile Arjun, Siri and Maya went to the fields. He was discussing with the officers who came to test the soil fertility, while Maya and Siri were roaming around.

Maya was telling Siri something, when Siri made a foul face.

"What happened?" Maya asked, looking at her face.

"Doesn't she have any other work other than roaming behind Anna like a bee?" Siri asked, pointing at Chytra who was coming towards them.

"Leave all that, first we have to stop her, before she goes to Anna and spoil his mood", saying that, Maya dragged Siri with her.

With that, both of them moved towards Chytra. They looked at Arjun who was discussing something seriously with the officers and the farmers. They stopped Chytra and asked her,

"Why are you here?" Maya asked, making a poker face.

"Of course, to meet my boyfriend", she said, giving them a sly smile.

"May I know, why are hitting on my brother again? Wait, did that uncle ditch you? Or didn't you get any rich guy to trap this time?" Siri asked Chytra, blinking her eyes innocently.

Maya tried to control her laugh, listening to Siri's words, while Chytra got angry.

"Look Siri, don't waste my time. I have to talk something important to Arjun", Chytra said, controlling her anger.

"What is still left to talk? Didn't you get satisfied with the damage you have done to him? Or do you want to break him more? Look Chytra, if you want to say something then you can tell to us. We will convey your message to my brother. If not then you can leave from here, we have more important things to do than listening to your shit", Maya spoke, trying her best to not to lose her calm.

"Control, Chytra. Control yourself. Once your plan gets successful then you can show hell to all these people". Chytra thought in her mind.

"Look miss, we don't have all the day and we really don't want to see your face for some more time. So, make it fast", Siri said, checking her nails.

"Listen, I really have to say something important to Arjun. So, please let me meet him", Chytra asked them sweetly, trying to please them.

"Akka, tell Ramu babai to bring mehendi cones from Tasneem didu. And you have to put mehendi first to me, okay. I'm booking my slot now only. And tell me what should I wear, half saree or dress?", Siri asked Maya, not paying heed to Chytra's words

"Okay, thalli. But first let the priest fix the muhurtham for their engagement, then we will discuss about everything", Maya told Siri, checking her mobile.

They were talking with each other, ignoring the presence of Chytra making her looked at them with open mouth.

"Hello! Whatever you have to say, tell us quickly. We have lot of works to do unlike you", Maya said, snapping her fingers at Chytra.

"That bitch, Diya slapped me", Chytra said, only to get slapped again.

"How dare you call my vadina a bitch, when you are the one?", Maya yelled at her and slapped her again.

"You never called me vadina, but you are already calling her when your brother didn't even accept her?" Chytra asked Maya and smirked while saying the last line.

"Tch, tch. Poor girl. Didn't this news reach to you? My Anna agreed to marry Diya vadina (sister-in-law/bhabhi) and the elders even went to talk with the priest to fix muhurtham (auspicious time) for their engagement", Siri said smirking back at her and draining colors of Chytra's face.

"I don't know, why my vadina slapped you. But I can definitely guess that you might have done something stupid which made her angry. So, leave before I lose my control. Or, do you want to taste one more slap?" She asked, raising her hand.

Chytra left from there stomping her foot, and cursing the both sisters in her mind.

"May I know, what made my sisters laugh?", Arjun asked, joining Maya and Siri who were laughing.

"Nothing Anna, is your work finished?", Maya asked, composing herself.

"Yes. By the way, why did that girl come here again?", He asked, making a bad face.

"Nothing anna, she is saying that she wants to tell you something important", Siri told him, while Arjun hmed.

They started to move towards their bike and scooty, which they had parked on the road.

"Anna, she is saying that, Diya vadina slapped her", Maya told, fidgeting her fingers.

"She must have done something stupid that's why cookie must have slapped her. Otherwise she never loses her calm", Arjun said, thinking about his cookie.

"Oho, cookie and all haa", Siri said, giving him a teasing smile.

Arjun hit her head and told, "Before becoming your vadina, she is my best-friend. I used to call her cookie from the time we were kids. But....." He stopped in the middle, looking at Chytra who was waiting for them on the road.

Looking at them, Chytra came running towards them. Arjun clenched his fists hardy, trying to control his rage. Maya held his hand, trying to calm down him. But his body was trembling and his eyes turned bloodshot with rage.

"Didn't we tell you leave from here? What the hell, do you want Chytra?", Siri yelled at Chytra.

"Arjun, please listen to me. See, how they are talking to me without any respect. They told me that, you agreed to marry that whore Diya. Just tell them, it's a lie. You love me, right. Tell them that you love your Chythu", she said, coming near Arjun and trying to cup his cheeks.

"Leave", Arjun told, gritting his teeth.

"I said, leave from here, before I lose my temper", he roared at Chytra, making her taking a step back.

Even Siri and Maya shivered, listening to his shout. Maya messaged Avi to reach there immediately.

"Arjun, please listen to me, once", Chytra said, making a pleading face trying to convince him not knowing that she is playing with the fire.

Arjun shut his eyes and was counting numbers in his mind, trying to control his anger.

"I love you, Arjun. Please I'm sorry for whatever I did on that day....", but stopped in the middle, looking at his bloodshot eyes.

He gave her a hard slap, that she fell on the ground due to the intensity of the slap. She placed her hand on her cheek and looked at him in shock.

"Didn't I tell you to leave from here? What the hell do you want Miss Chytra? Didn't you get enough satisfaction by breaking me once? I just regret the day I fell in love with a girl like you."

"Arjun, I'm sorry", Chytra spoke in between.

"I don't need those fake sorries. And what did you call Diya? Whore right! Looking who is speaking? If I hear you utter even her name from your mouth, then I'll make sure you face the hell. Did you understand?" He yelled at her, making her shiver like a leaf.

This is my last warning, Chytra. If you try to do something stupid, and try to come near me or my family, then get ready to face the wrath. This time, I'll not leave you, like I've done in the past. I'll, definitely, will use all my powers to destroy you and your family. Now, get lost from here."

Chytra ran away from there unable to face the humiliation. She really didn't expect that things would turn out in this way. Everyone present there, are laughing, looking at her condition. Of course, didn't they know how that witch played with his feelings?

While Siri hugged Maya in fear, looking at Arjun's angry avatar. Even Maya got frightened looking at him. Just then, Avi came running to them.

"You guys leave. I'll come here sometime", saying that, Arjun went from there on his bike.

Avi told one of the workers to bring the scooty to home and three of them left from there in his car.

While on the other side, Arjun was riding the bike with full speed. His eyes pooled with tears thinking about her. How easily he fell in his trap? He never paid heed to Arpita and Sravya's warnings. They always warned him, not to trust her blindly but just took them light.

He knew no-one in his family liked his relationship with her. And they just accepted her for the sake of his happiness. Wish he could have listened to their words, then today the situation would have been different. He stopped the bike to a side and cried his heart out.
