

Little Sweet 1571

Chapter 1571: Worriless Nie is an impersonator

“Missy, I think you ate a bear’s hearts and leopard’s gall or else where would you get the guts to slander the Fearless Alliance’s president?” Li Si coldly looked at the red-gowned socialite.

He might’ve believed it if this was in the past, but ever since the President whipped the ass of Ironhead Gang’s boss last time, who would dare to doubt the President’s identity?!

“I... I’m telling you the truth! You must’ve been deluded by that woman! You mustn’t trust her!” the red-gowned socialite insisted urgently.

“Heh... missy, are you saying we can’t even recognize our own president?” Third Elder’s lips turned up with a cold smile.

Before she could respond, Third Elder impatiently waved her hand. “Seize her and toss her into the dungeon. I’ll report it to the President when she’s free, and the President can decide whether to bury her alive or burn her to death.”

Several members of the Fearless Alliance rushed forward and picked up the red-gowned socialite like they were grabbing a chick.

A member couldn’t help but shake his head. This woman was seriously suicidal.

These past few days, the president had been closer to First Elder, and Third Elder had felt gloomy and wanted to find an outlet to vent...

“You dare...?! I’m under Nie Linglong! You dare touch me?!” The red-gowned socialite was incensed.

“Who cares if you’re under Nie Linglong? Even if you’re under the Emperor of Heaven, you’d need to die for slandering President Fearless.” Third Elder glanced at her before commanding the members to throw her into the dungeon.

...

After watching the red-gowned socialite slapped by an elder and captured, “Worriless Nie”’s smile disappeared instantly.

What happened? This didn’t match her expectations at all...

How did things degenerate to this extent?!

After “Worriless Nie” thought about it for a moment, a cold glint flashed through her eyes, and she drove away.

...

Ye Wanwan didn’t know about this small incident. Two days later, the results from the DNA test came out, and First Elder entered the office with a report in hand.

Upon seeing this, Ye Wanwan quickly made Big Dipper and Seven Star leave before telling First Elder to have a seat.

“What’s the result, First Elder?” Ye Wanwan asked.

She didn’t have any expectations since there was a very minute possibility that Worryless Nie was an impersonator, but she needed to inform Yi Shuihan about the result regardless.

“President... the test results arrived.” First Elder gently placed the report on Ye Wanwan’s desk.

Ye Wanwan skimmed the test report but couldn’t understand it...

“Tell me the result directly, First Elder,” she ordered.

“Alright.” First Elder nodded. “President, the DNA doesn’t match.”

Ye Wanwan’s pupils contracted upon hearing that.

The DNA didn’t match, meaning...

“Yes, that means Person A and B don’t have any blood relations and are two complete strangers.” First Elder drank a sip of tea and calmly explained to Ye Wanwan.

A raging storm tore through Ye Wanwan’s mind.

This meant...

That Worryless Nie was truly an impersonator and wasn’t Tangtang’s biological mother!!!

“Are you certain about the result of this report, First Elder? Could there be any errors?” Ye Wanwan frowned. She couldn’t be careless about this matter since it was related to Tangtang’s entire life!

“President, you’re worrying too much. Even if you don’t believe in me, you should believe in science. If it is, it is. If it isn’t, it isn’t. The accuracy is 99.9%, so there couldn’t have been any errors.” First Elder was convinced.

Chapter 1572: Actually watching a cartoon

In his chair, First Elder languidly sipped from his cup of tea before looking at Ye Wanwan and chuckling. “Don’t worry, President, the test report is 100% accurate and doesn’t have any errors for sure.”

Ye Wanwan didn’t doubt what First Elder said. It was just that she didn’t expect the current Worryless Nie to really be an impersonator.

“Alright, I understand. Don’t mention this matter to anyone,” Ye Wanwan instructed First Elder.

First Elder stood up and nodded. “No worries, President. I understand the things I should and shouldn’t say.”

After saying that, he turned around and left the office.

Ye Wanwan's brows locked together as she stared at the report in her hand. She didn't expect a task from Yi Shuihan to elicit a torrential storm.

Ye Wanwan soon left the Fearless Alliance and drove to Yi Shuihan's house.

"Yi Shuihan..." Ye Wanwan called out as she knocked on the door.

A moment later, the door was opened. Yi Shuihan was wearing pajamas and sleepily looking at Ye Wanwan.

"Knight-errant Yi, I have results from the matter you had me investigate last time," she quickly said.

"En, come inside first." Yi Shuihan turned to head back inside the house. "Close the door after you enter."

"..."

After entering the living room, Yi Shuihan sat on the sofa and turned on the TV.

Ye Wanwan's lips twitched when she saw the TV screen. It was a... a cartoon...

"What are the results?" Yi Shuihan asked without looking away from the TV.

"Not good, Knight-errant Yi... The Second Miss at the Nie family right now isn't the real one; she's a fake," Ye Wanwan swiftly replied.

"Okay..."

Yi Shuihan nodded indifferently. "We'll talk later... Let me finish watching this part first..."

"..."? *Can't you act more concerned? Is the cartoon that fun to watch?!*

Although Ye Wanwan thought that, she didn't dare to voice anything and could only wait for Yi Shuihan to finish watching his cartoon.

In this fashion, half an hour passed.

Yi Shuihan looked a bit disappointed as he pressed the remote and turned off the TV.

"What are the results? What did you say?" Yi Shuihan turned to Ye Wanwan and asked.

"..."? *D*mn you...*

"Knight-errant Yi, the situation is bad. Second Miss Nie, Tangtang's mother, is an impersonator; she's a fake," Ye Wanwan was forced to repeat.

"How do you know?" Yi Shuihan questioned.

Ye Wanwan looked bewildered. "Didn't you tell me to look into it?"

"Oh, I was just casually mentioning it back then. Do you have proof?" Yi Shuihan was expressionless.

"Yes." Ye Wanwan walked forward and handed the test result to him.

He accepted the report and inspected it for a moment before saying, "I can't understand it. Tell me."

"This is Tangtang and Worryless Nie's maternity test result. Their DNA doesn't match, and they don't have any blood relations!" Ye Wanwan explained.

"That's strange then. All the testing centers in the Independent State produced identical test results, but it changed when you did it?" Yi Shuihan was pensive.

"Eh... I have a friend who owns a small lab, the private kind... I had him test it. The results are 100% accurate, Knight-errant Yi," Ye Wanwan said.

"En... Understood. Thanks for the trouble." He nodded at her.

Chapter 1573: Not that simple

Ye Wanwan smiled. Everything would be resolved easily with Yi Shuihan's input.

However, she stood next to the sofa and waited for half a day but there was no continuation.

"Knight-errant Yi, what's the next step?" Ye Wanwan asked voluntarily as she couldn't bear it anymore.

"Next step?" Yi Shuihan looked baffled. "The next step depends on you."

"What?" Ye Wanwan was stunned. Yi Shuihan wasn't going to do anything?

"Knight-errant Yi, it was you who made me investigate. Now that we discovered something, you aren't going to do anything?"

"It was you who planted the tree, so now you have to pick the fruits yourself. Aside from matters concerning the ancient clans, I won't interfere in any conflicts between any of the factions in the Independent State, let alone family problems. Think of a solution yourself." Yi Shuihan yawned.

"...?Could you be any more freaking deceptive?!"

Ye Wanwan swore that if it weren't for the fact that she couldn't beat him, she would definitely club his head! He asked her to do the work but did nothing himself! How was he fitting to be Tangtang's master?

"I'm tired... Want to take a nap together?" Yi Shuihan lay back on the sofa and covered himself with a blanket as he asked Ye Wanwan.

Ye Wanwan sighed. "Forget it, I'll go and resolve this matter first."

"Help me close the door when you leave," he instructed upon seeing her leave.

*"...?Close it your a**!"*

"Of course, Knight-errant Yi!" Ye Wanwan was beaming as she gently closed the door.

...

After returning to the Fearless Alliance, Ye Wanwan summoned Big Dipper and Seven Star to her office.

Currently, those two were the only people Ye Wanwan trusted inside the Fearless Alliance.

After she told them the whole story, they were astonished and stunned.

“Big Dipper, if you tell other people about this matter, you don’t need to come to work tomorrow.” Ye Wanwan seriously stared at Big Dipper.

Ye Wanwan was a bit uncertain about Big Dipper’s loose lips, but she did still trust him about this kind of situation.

“Sis Feng, how could you say that? I know what’s important and not! I wouldn’t tell anyone even if my life was threatened!” Big Dipper hastily protested.

“Sis Feng, this is an extremely important matter to the Nie family, but it’s unrelated to the Fearless Alliance. However... if you tell the truth to the Nie family, they would definitely be grateful to the Fearless Alliance. It is a feasible option,” Seven Star said after a moment of thought.

“Bullsh*t!” Big Dipper frowned. “This matter definitely isn’t as simple as it appears, Sis Feng. The Nie family is one of the four great clans in the Independent State. If there wasn’t someone powerful behind the impersonator, how could she have deceived the Nie family? Additionally, many of the test centers in the Independent State gave the result that the impersonator is indeed the Second Miss of the Nie family, which shows how terrifying the power behind her is!”

“Eh? You brought your brain to work today?” Ye Wanwan looked at Big Dipper, surprised that he even managed to make that conclusion.

“Sister Worryless, listen to me first... Our Fearless Alliance doesn’t have an amicable relationship with the Nie family to begin with, and you tricked the Nie family quite a lot in the past, so why would they believe the Fearless Alliance’s president? Instead, they’d probably think the Fearless Alliance is sowing dissension and stirring trouble... Also, we’d definitely alert the enemies and cause the fake Worryless Nie to become cautious. If that happens, it’d be harder to expose her than ascending to the heavens,” Big Dipper analyzed.

Ye Wanwan nodded, amazed at Big Dipper’s performance today. She felt like her “son” finally grew up...

“Sis Feng, Big Dipper’s right. I didn’t think it over thoroughly enough before,” Seven Star said.

Chapter 1574: President Fearless’ identity

“Then how do you think we can expose the impersonator?” Ye Wanwan asked.

“Sis Feng, the Nie parents love the current Worryless Nie very dearly; we’d only enrage the Nie family if we told them rashly and they might even act antagonistically toward the Fearless Alliance, so that’s not feasible... Also, you know Worryless Nie is an impersonator, but she isn’t aware and on guard yet, so we have many opportunities and don’t need to act impatiently,” Big Dipper said.

Ye Wanwan didn’t refute him. Her identity was a bit awkward indeed.

If she used her identity as the president of the Fearless Alliance, she would probably be kicked out of the Nie residence. If she used her identity as Ye Wanwan, her relationship with Tangtang was somewhat special, and Madam Nie might think she had an ulterior motive for wanting to monopolize Tangtang and kick away Worryless Nie if she told Madam Nie rashly. This consequence would be more severe.

Ye Wanwan originally wanted to inform Nameless Nie first but erased that thought upon further contemplation.

She was confident Nameless Nie would definitely believe her with their relationship, but he would also definitely cause a ruckus at home with his personality. At that time, if the Nie family learned she was the instigator, not only would it be useless, but it'd also produce the opposite of the desired result.

Nameless Nie's personality was too explosive, and there were too many uncertain factors. It would be difficult even if she ordered him to expose the fake Worriless Nie according to her excuse.

"President." Third Elder pushed open the door and entered the room. "There was a woman yesterday who came to the Fearless Alliance and claimed you were an impersonator. She also said she was connected to the Nie family, but I've imprisoned her in the dungeon. Should we kill her?"

"Oh?" Ye Wanwan was pensive when she heard that.

The only people who knew her identity from the Shen family's banquet were Nie Linglong and the fake Worriless Nie.

Which meant this incident had to be related to those two...

They wanted her to die.

Unfortunately, the current Fearless Alliance was completely under her control!

Ye Wanwan seriously suspected she might really be the president of the Fearless Alliance, Bai Feng. Otherwise, why would the Fearless Alliance believe in her so much?

Of course, she still needed to go to Scarlet Flames Academy and have its headmaster help her and see if she could recover her memory.

"Just keep her guarded in the dungeon for now, no need to kill her yet," Ye Wanwan said after thinking about it.

The woman who came to expose her identity was either instructed by Nie Linglong or the fake Worriless Nie...

"Alright." Li Si nodded.

"I need to go out and take care of something. Call me if anything comes up."

Ye Wanwan stood up and left the Fearless Alliance.

...

Sometime in the afternoon, Ye Wanwan arrived at the Nie residence.

In the living room, Madam Nie had a dark expression on her face as she said, "Ye Wanwan is actually the president of the Fearless Alliance... She actually deceived me..."

"Mom, I already told you. How could someone like her have any good intentions for coming to the Nie residence? Thank goodness we discovered in time or else something big would've definitely happened!"

"Worriless Nie" sighed and said.

“Sister Worryless, let it go... Maybe Ye Wanwan didn’t have any bad intentions... and merely wanted to see Tangtang,” Nie Linglong said.

“Linglong, you’re still young. People like her are demons. Don’t you know President Fearless’ reputation in the Independent State?” “Worryless Nie” retorted with a frown.

Nie Linglong sighed and didn’t say anything else.

At this time, Ye Wanwan had arrived outside the living room and saw Madam Nie’s dark expression from a distance.

Ye Wanwan didn’t even need to think to know that those two informed Madam Nie about her identity as President Fearless.

Chapter 1575: Since they wanted to play, she would stay till the end

The Fearless Alliance provoked the Nie family many years ago, so the Nie family immensely disliked the Fearless Alliance, especially her, the president.

Ye Wanwan’s lips turned up. Since they wanted to play, she would stay till the end.

The fake Worryless Nie was absolutely connected with Nie Linglong. Ye Wanwan heard that it was Nie Linglong who first discovered news of the impersonator and revealed the information to the Nie family.

Ye Wanwan entered the room.

As soon as she appeared, the three women in the living room turned to Ye Wanwan.

“Worryless Nie” smiled. Madam Nie now knew this woman was President Fearless. It must be wonderful to be kicked out of the Nie family by her own mother.

Madam Nie was about to speak with a dark expression when Ye Wanwan suddenly walked toward Madam Nie and pitifully said, “Auntie... Sorry... The exact reason I came here today was to tell Auntie Nie that I have another identity aside from Ye Wanwan...”

“Worryless Nie” furrowed her brows. What did this woman want to do?

“What identity?” Madam Nie stared at Ye Wanwan.

“President Fearless...” Ye Wanwan sighed.

Madam Nie was obviously taken aback by her answer.

“Auntie, you should know that I once disappeared for a period of time. I got tired of the violent life, so I left the Independent State and went to China... It’s just that something happened at the Fearless Alliance recently, so I came back... In the Independent State, it was Tangtang who provided me with the warmth of a family—something that I never experienced before. It was especially so after I met you, Auntie, and you treated me so nicely... Back then, I was young and ignorant and offended the Nie family, so I didn’t dare to tell you, Auntie, in fear of you disliking me... When you wanted to adopt me as a

foster daughter last time... it was also because of this reason that I didn't dare to tell you the truth... I was afraid you'd hate me later..."

Ye Wanwan acted like a little girl who did something wrong and was afraid her mother would punish her.

Madam Nie's dark expression eased quite a bit after hearing Ye Wanwan's explanation.

"Woriless Nie" stared intently at Ye Wanwan. *?This woman seriously knows how to act!*

"You're saying you lied to me because you were afraid I'd blame you?" Madam Nie asked as she looked at Ye Wanwan.

"Yes... That's why, Auntie... If you don't believe me, you can ask Brother Nameless. He knows my identity since I never wanted to purposefully deceive you, Auntie..." Ye Wanwan said.

"Call your brother here," Madam Nie told "Woriless Nie."

Before "Woriless Nie" could reply, Nameless Nie just happened to pass by the living room and interjected, "Mom, why are you looking for your darling son? Did you want to give me pocket money?"

"I have a question for you. Did you know she's President Fearless?" Madam Nie asked.

"Huh? President Fearless?" Nameless Nie was startled and looked at Ye Wanwan.

Ye Wanwan blinked at him meaningfully.

"I knew. Of course I knew!" Nameless Nie nodded frantically.

"If you knew, why didn't you tell me?" Madam Nie's brows knitted together.

"I was afraid you'd be unhappy, Mom," Nameless Nie answered honestly.

"Alright, you can leave." Madam Nie flicked her hand.

"Okay..."

Nameless Nie arrived bewildered and departed bewildered.

"Sorry that I lied to you, Auntie... I'll leave now... and won't appear in front of you again." Ye Wanwan slowly stood up.

"Wait." Madam Nie stopped her.

Chapter 1576: Do you seriously believe this woman?

Ye Wanwan turned her head and pitifully looked at Madam Nie.

"Woriless Nie"'s expression darkened. This woman seriously knew how to put on an act in front of Madam Nie!

What "Woriless Nie" found hardest to accept was that Madam Nie appeared to be wavering already. Did she really believe this woman's bullsh*t?!

Madam Nie's tone softened a little and sounded like an older relative talking to a younger relative. "If you are, you are. If you aren't, you aren't. Your auntie isn't some narrow-minded and petty woman. You were merely in your teens when you provoked the Nie family back then. Your auntie acted wilder than you when I was your age. What's there to hide?"

"Auntie Nie, I'm sorry..." Ye Wanwan sighed softly.

"Are you really sorry?" Madam Nie asked with a slight frown.

This girl's pitiful look made her heart ache for some reason, and a lot of her previous anger was pacified.

Bro Flattop, the president of the Fearless Alliance, a devil-like woman who had a notorious reputation in the Independent State, was acting like a little girl who did something wrong in front of her...

"Bai Feng, the Fearless Alliance and the Nie family did have some animosities in the past, but thinking about it now, it's been many years now. We'll let bygones be bygones," Madam Nie said a moment later.

Happiness flooded onto Ye Wanwan's face, and she immediately asked, "Then are you still angry... Auntie Nie...?"

After a moment of contemplation, Madam Nie said, "I'll forgive you this time."

Nie Linglong icily looked at Ye Wanwan but didn't say anything.

"Mom!"

"Worriless Nie" walked forward and stopped next to Madam Nie. "Mom, do you seriously believe this woman... She intentionally concealed her identity and approached the Nie family; she must have some secret she's hiding!"

Madam Nie looked at "Worriless Nie" and said, "Worriless, Bai Feng didn't truly conceal her identity. Your brother knew her identity."

"Um..." "Worriless Nie" ground her teeth in anger.

Madam Nie was still furious earlier but now spoke on this woman's behalf after listening to her nonsense!

A frightening, cold glint sparkled in "Worriless Nie"'s eyes. Did this woman think she was fine now...? She would definitely make Madam Nie personally kick this woman out!!!

"Bai Feng," Madam Nie called.

"Auntie Nie, keep calling me Wanwan... I'm more accustomed to that," Ye Wanwan said with a smile.

"Alright. Wanwan... did you consider what I mentioned last time about adopting you as my foster daughter?" Madam Nie asked.

Ye Wanwan was surprised. She didn't expect Madam Nie to want to adopt her as a foster daughter as soon as she pacified her anger.

It wasn't difficult for Ye Wanwan to tell that Madam Nie truly liked her...

“Mom... How could you be so rash... She’s President Fearless! Back then, the Fearless Alliance wasn’t friendly toward the Nie family. She’s President Fearless, so she must have ulterior motives for approaching the Nie family,” “Worriless Nie” hastily said upon hearing Madam Nie’s words.

“Worriless,” Madam Nie looked at her “daughter” and asked with a frown, “What’s going on with you? I know what I’m doing.”

Chapter 1577: You should call her “Mom”

“Worriless Nie” clenched her fists and kept her emotions in check, trying to calm herself. “Mom, I’m just worried.”

“Auntie, let’s forget it then. Don’t harm your relationship with Worriless just because of me... I’m just an outsider, after all...” Ye Wanwan sounded as though she had suffered an indescribable grievance.

Ye Wanwan imperceptibly glanced at “Worriless Nie.”

Does this impersonator really consider herself as the Miss Worriless of the Nie family and Tangtang’s biological mother?

I, the professional impersonator, can outplay her any day!

Since you want to play, it’s only fun if you keep going... Otherwise, what’s the point?

Madam Nie appeared a little exasperated. Look at Wanwan compared to her own daughter, Worriless Nie...

Worriless Nie’s maternal grandfather took her with him from the Nie family when she was young, so Madam Nie didn’t see Worriless many times, but her memories of Worriless’ direct and frank personality was as clear as day. However, after she grew up, her personality gradually changed, and she became increasingly immature and inconsiderate.

Madam Nie owed her daughter too much though, so she couldn’t bear to lecture her daughter about it.

Idiot. Nie Linglong sneered inwardly with an aloof glance at “Worriless Nie.”? You’re being led by your nose, but you still don’t realize.

“Mom... I was wrong earlier, but I’m just worried since she’s President Fearless. I don’t want other people to successfully scheme against the Nie family. Maybe I’m overthinking it, but don’t be angry at me, Mom.”

“Worriless Nie” discovered something amiss and immediately switched direction.

“En, it’s fine. Spend more time with Wanwan in the future. It was Wanwan who helped you look after Tangtang for a period of time in China, and you need to know how to be grateful as a person,” Madam Nie said.

“Yes... Mom, you’re right. I understand.”

“Worriless Nie” nodded then coldly glanced at Ye Wanwan.

“Wanwan, it’s final then. I’ll have someone prepare the ceremony,” Madam Nie said to Ye Wanwan with a smile.

“Auntie Nie... I’m the president of the Fearless Alliance. If you adopt me as your foster daughter, I’m afraid...” Ye Wanwan’s face was brimming with worry.

Madam Nie merely shook her head. “You’re the right and proper president of the Fearless Alliance. What would I lose to adopt you as my foster daughter? Moreover, you’re using your identity as Ye Wanwan to acknowledge me as your foster mother, so it’s unrelated to Bai Feng.”

“Alright... Thank you, Auntie...” Ye Wanwan nodded in the end.

For some reason, Ye Wanwan didn’t want to reject Madam Nie at all and instinctively wanted to be close to her.

...

Soon, the Nie estate’s steward finished preparing tea and handed a cup to Ye Wanwan.

Madam Nie sat in the upper chief seat while Nameless Nie, Nie Linglong, and “Worriless Nie” stood on the side.

Ye Wanwan walked toward Madam Nie with the cup of tea in hand then she knelt in front of Madam Nie and used both hands to hold up the tea. “Auntie Nie, please drink some tea...”

“Why are you still calling me Auntie?” Madam Nie sounded displeased.

“Miss Wanwan, the mother recognition ceremony is done, so you should refer to Madam as ‘Mother’,” the Nie estate’s steward said to Ye Wanwan with a light chuckle.

“Mom...” Ye Wanwan called softly.

“Great...” Madam Nie accepted the cup of tea and drank it in one go. Then she took out a big red envelope and handed it to Ye Wanwan.

Nameless Nie’s eyes brightened upon seeing the red envelope.

“Wanwan, you’re a child of the Nie family from now on. The Nie family doesn’t have many rules, but you must remember one thing,” Madam Nie said with a solemn expression.

Chapter 1578: Could I really be President Fearless?

“What is it, Mom? I’ll definitely follow it carefully.” Ye Wanwan nodded.

“You mustn’t, *mustn’t* give a single cent to Nameless Nie,” Madam Nie said.

Ye Wanwan: “...”

Nameless Nie: “...”

“Your eldest brother once swore that he wouldn’t use a single cent from the Nie family ever again. If he does, the whole family will die, and the Nie family has always regarded oaths with utmost importance. Do you understand?” Madam Nie explained.

“Yes, I understand...” Ye Wanwan nodded.

This rule seriously suited her liking too much!

“Mom! How about I renounce my parent-child relationship with you and dad? Then we won’t be a family anymore... What do you think of my idea, Mom?” Nameless Nie asked hastily.

“Scram!” Madam Nie became incensed instantly.

“I was just joking. Why’d you take it seriously?” Nameless Nie chuckled awkwardly and swiftly zipped his mouth.

“Heh, Wanwan, we’re family from now on,” “Woriless Nie” said to Ye Wanwan with a light chuckle as she suddenly walked forward.

“Yes, Woriless, we’re family from now on. If I offended you in any way before, please forgive me,” Ye Wanwan returned with a chuckle of her own.

Since she accepted Madam Nie as her foster mother now, she could be considered half a child of the Nie family and didn’t lack opportunities to inform the Nie family of the truth. However, this woman wasn’t dumb and knew when to advance and retreat.

...

After leaving the living room, Nameless Nie quickly chased after Ye Wanwan. He intently stared at her as he asked, “My good sister, how much money is in the red envelope my mom gave you?”

Ye Wanwan started and glanced at him. “What do you want?”

“My good sister... I’m your older brother now, and we’re family. You should share some with me...” Nameless Nie beamed with an ingratiating smile.

“No. Mom said I’m a member of the Nie family now and can’t give a single cent to you.” Ye Wanwan briskly declined.

“What are you saying? Isn’t your surname ‘Ye’ still? Your surname isn’t ‘Nie’, so even if my whole family dies, yours won’t. You wouldn’t lose anything,” Nameless Nie retorted with a smile.

Ye Wanwan thought over it for a minute before looking at Nameless Nie and saying, “I would lose money.”

After getting rid of Nameless Nie, Ye Wanwan went to the guest bedroom.

At “Woriless Nie”’s adamant insistence tonight, Ye Wanwan was given a room of her own and didn’t stay with Tangtang.

Tangtang originally dissented, but Ye Wanwan told him to agree.

If Tangtang really made a fuss about it, the impersonator would act pitiful and cry about being innocent, which would then cause Madam Nie to think it was her fault for sowing dissent between Tangtang and the impersonator's relationship.

The impersonator's silent retaliation had begun, but Ye Wanwan didn't care. They had ample time, and what she said earlier still held true. If the impersonator wanted to play, then she'd play with her. She just hoped the impersonator wouldn't cower.

In the wee hours of the morning, maybe due to switching to a new bed, Ye Wanwan found herself suffering from insomnia.

Ye Wanwan grew increasingly curious about her own identity. *Just who am I?*

She possessed a vague familiarity about many of the places in the Independent State, as though she had been there before...

Can I really be a resident of the Independent State?

Right now, Lord Asura still wouldn't admit he was Si Yehan, and Ye Wanwan couldn't do anything about it or obtain the truth from him.

The days since her arrival in the Independent State were like a dream. What was more unfathomable was what she did after getting drunk last time that caused the entire Fearless Alliance to lose all suspicion and stop doubting her identity as Bro Flattop. It was truly food for thought. If she wasn't President Fearless, there was no way the Fearless Alliance would submit to her with their personality and style.

Chapter 1579: Prepare to return to China

What kind of extremely cruel person was Third Elder Li Si? He was someone who could kill his own son but now held her in high esteem. He didn't look disloyal to her on the surface and acknowledged her whole-heartedly based on her observations.

Both First Elder and Second Elder also treated her with respect and would even joke with her occasionally.

All of this struck Ye Wanwan with disbelief.

Just who am I...? Could I really have been President Fearless, Bro Flattop, before I lost my memory?

A moment later, Ye Wanwan called Big Dipper.

"Sis Feng, why are you calling me so late? Do you need something?" Big Dipper answered instantly.

"Where are you?" Ye Wanwan asked.

"I'm at the hospital to visit my mom," Big Dipper replied.

"At the hospital visiting your mom?" Ye Wanwan was startled.

"Yeah. Didn't I say earlier? My mom was hit by a car and is at the hospital..." Big Dipper said.

Ye Wanwan facepalmed. So Big Dipper's mother really was hit by a car? She always thought Big Dipper's words were full of smoke and didn't contain a lick of truth. Now, it looked like she misjudged him...

However, it really wasn't her fault. Everything Big Dipper said didn't sound like the truth...

"Big Dipper, I'm writing an autobiography right now... but there are some details I can't remember clearly... I wanted to ask you whether you remember how many years it's been since I left the Independent State?" Ye Wanwan asked.

"Four years," Big Dipper replied frankly. "Sis Feng, you're writing an autobiography? Put me in there!"

"Four years..." Ye Wanwan murmured. Then she immediately hung up the phone without giving Big Dipper a chance to continue prattling on.

Ye Wanwan vaguely remembered that it was also four years ago that the Second Miss of the Nie family, Worriless Nie, disappeared...

Did that mean Worriless Nie and Bro Flattop disappeared at the same time?

"Could it be... Worriless Nie was Bro Flattop?!" Ye Wanwan's expression shifted.

If I'm Bro Flattop... then I...

However, as soon as that thought surfaced, it was squashed instantly.

It was utterly unrealistic. If Worriless Nie really was Bro Flattop, how could Madam Nie, Nameless Nie, and the rest of Nie family not know about it?

Furthermore, Bro Flattop wreaked havoc for the Nie family back then too...

There were simply too many coincidences. Ye Wanwan felt like her mind wasn't enough to process everything.

She couldn't make an accurate judgment on whether she was Bro Flattop or not.

"I hope the headmaster of Scarlet Flames Academy can help me recover my memory..." Ye Wanwan murmured with a soft sigh.

Everything was a futile effort right now; the truth would only be revealed if she recovered her memory.

And her only hope to regain her memory was Scarlet Flames Academy!

Aside from that, Ye Wanwan decided she should make a trip to China soon.

It wasn't advantageous to drag out Ye Shaoting and Ye Mufan's situation for too long. Moreover, she now had control over the Fearless Alliance.

If she could bring some people from the Fearless Alliance back to China, the mutiny in the Si family could be easily resolved.

As for Ye Yiyi and her cohorts, they should clean their necks and wait for her.

Ye Wanwan came to a decision. After heading to Scarlet Flames Academy and enrolling as a new student, she could return to China.

The night passed without a sound.

Next morning:

In her sleepy state, Ye Wanwan vaguely heard her phone ring and reflexively answered the call.

“Morning.” A gentle voice was emitted from the phone.

“Ji Xiuran...”

Ye Wanwan shot up immediately, all trace of drowsiness dispersing.

“Xiao Feng, you should go to Scarlet Flames Academy and report there,” Ji Xiuran said softly.

Chapter 1580: Who are you?

“Go to Scarlet Flames Academy and report there?”

Ye Wanwan was startled. She originally thought she still had some time and didn’t expect the time to come so fast.

“Yes.” Ji Xiuran’s light chuckle was heard through the phone. “Go there sooner to avoid unnecessary complications.”

“Unnecessary complications...”

Ye Wanwan was speechless. Did she look like someone who liked to cause unnecessary complications?

“Alright, I understand... Um, is there anything else?” she asked.

“Don’t forget to bring the recommendation letter I gave you, and take more experts from the Fearless Alliance with you. The areas around the three great academies aren’t too peaceful. If you don’t find it troublesome, I can have Skeleton escort you,” Ji Xiuran instructed her gently.

Ye Wanwan automatically shook her head and hastily said, “No need for the trouble... I can gather some people when I’m back at the Fearless Alliance.”

“Okay. Contact me at any time if a problem arises.”

Then, Ji Xiuran hung up.

Ye Wanwan fell back onto her pillow and slept for a bit more. When she woke up again, she washed up and greeted Madam Nie good morning.

However, she didn’t mention she was going to enroll at Scarlet Flames Academy later.

The three great academies of the Independent State were a bit particular in that they maintained a neutral position. They didn’t offend any party but could offend any party at the same time.

The three great academies accepted mercenary missions from any country, including assassinating the heads of the four great clans. Even Emperor Ji and Lord Asura had their names featured in the charts of

the three great academies. Aside from assassination missions, there were also many bizarre and peculiar missions.

Ye Wanwan even heard a Fearless Alliance higher-up mentioning that someone from a mercenary academy wanted a strand of Lord Asura's hair. The mission had been posted for many years, but no one could finish it, so this mission had been raised to S+ level.

None of the factions in the Independent State liked the mercenary academies, but no one would offend them either.

If Ye Wanwan informed Madam Nie that she was heading to Scarlet Flames Academy, Madam Nie would probably object, so it would be better to just not mention it.

After leaving the Nie residence, Ye Wanwan drove back to the Fearless Alliance.

It was only after arriving at the Fearless Alliance that Ye Wanwan realized Big Dipper sent her a text telling her he was taking a day off to keep his mother company at the hospital.

Ye Wanwan didn't mind. She took out her make-up and started messing with her face in front of a mirror inside the office.

About an hour later, Ye Wanwan nodded with satisfaction at her image in the mirror. This was perfect.

Her make-up guaranteed that even her real parents wouldn't recognize who she was.

"Sis Feng..."

The office door was opened, and Seven Star entered expressionlessly while carrying a stack of documents.

As soon as Ye Wanwan turned around, Seven Star was taken back.

The duo blankly stared at each other in silence.

"Who are you?!"

Seven Star took a step forward, and his figure arrived in front of Ye Wanwan with a cold glint in his eyes like a ghost.

An extremely ugly woman actually sneaked into the office of the Fearless Alliance's president?!

However, Ye Wanwan was immensely satisfied by Seven Star's reaction. It appeared her make-up wasn't bad indeed! Even Seven Star didn't recognize her!

"What are you panicking about?!" Ye Wanwan asked with a frown.

Seven Star's right hand, which was reaching for Ye Wanwan, froze in mid-air.

He didn't recognize the face, but the voice was very familiar...

"Sis... Sis Feng?!"

Disbelief and shock were shooting out of Seven Star's eyes as she stared at the ugly-looking Ye Wanwan.
