

Let Me be Your Ex Chapter 305– 306

Chapter 305

“Ms. Shang, this is?” Mr. Ming asked Shang Rui in confusion.

Shang Rui just opened his mouth, but was preempted by Qi Yun.

“She is my sister! Come to see me, Mr. Shang will accompany Mr. Ming to go first, and I will have a few words with my sister.” Qi Yun followed quickly after speaking.

Bryan stretched out his hand, and Miriam stepped back, looking at him as if looking at something disgusting.

“Although Mr. Shao said that his wealth is strong, he is either for the child to reconcile with his pregnant ex-wife, or for the family business to marry his childhood sweetheart, he can’t jump out of such a vulgar plot,” The irony is strong, as if he is not piercing the man in front of him. Just as painful as her, with a sneer between her eyebrows, “But it’s a business man, and the choice will always be so wise. Then I wish you an early combination to make a lot of money, have more children, and some people will inherit it in the future.”

There was a hostile look between the man’s eyebrows, and his bottomless eyes stared at her face motionlessly, as if she didn’t even hear a word of what she said.

When she finished speaking, she stretched out her hand again.

Being slapped down by Miriam, a “pop” resounded across the corridor, and she lost consciousness with her hands.

But the next second the man lifted up again, and Miriam turned around in disgust: “I don’t have the time to play with you.”

Bryan was finally stabbed by her coldness. He grabbed her by the shoulder and gave her no chance to struggle away. He gritted his teeth and asked: “You have to deny me completely by acting on the scene? It’s been so long, I can’t bear it. A little bit of your trust?!”

“Yes! I never believed in you!!” Her look of disgust made the man almost crazy, her eyes flushed, and her hands heavier.

Miriam felt that her shoulder was about to break, gritted her teeth and stared at him fiercely.

Mu Ming looked at Bryan’s hand, frowned, and said coldly, “Mr. Shao, let go of your hand first.”

“f&ck!” Bryan only uttered one word.

Mu Ming did not move, even his expression did not change: “Although it is the relationship between the two of you, if there is really violence, I can call the police.”

The man was indifferent, just watching Miriam, as if waiting for her to take the initiative to ease.

Qi Yun approached, and the world of the two of them at night was inaccessible, let alone inserted in.

“Bryan, Miriam can’t stand your so much effort, she still has children.” With concern, she persuaded the man.

A thin layer of sweat oozes from Miriam’s forehead, and the air conditioner here has been on, definitely not because of heat.

The man’s eyes moved slightly, his hand loosened a lot, but he still restrained her.

“I will be your fiancée’s younger sister soon. You will make a joke if you see it like this, and you will lose your face.”

He glanced at Qi Yun and couldn’t stop sneering.

“Miss Lu, you misunderstood, there was really no way just now, Shang Rui...”

“Don’t get me wrong. I don’t mean to blame you. Don’t encourage your sister to come to me and attack me again. Once or twice, I can’t stand it.”

The man condensed his eyebrows, opened and closed thinly, his throat moved slightly: “What do you mean?”

Miriam laughed, half laughing as if he was about to push him away desperately, Bryan was afraid that she would hurt him, and quickly let go.

At this moment, the small body avoided him and stood guard behind Mu Ming.

“I thought you could protect me, but it doesn’t seem to be the case.”

After finishing speaking, he turned around, without nostalgia.

The man stepped up to catch up, but was pulled by Qi Yun: “When she is excited now, you will only add fuel to the fire, isn’t there still Aunt Wei? Send her home first.”

Bryan didn’t listen at all, and he was even more worried when she saw Mu Ming followed her, leaving Qi Yun behind and chasing him.

Qi Yun’s hands were empty, and disappeared in an instant.

The tears didn't stop only when he put him in front of him just now, and when he turned around, his heart seemed to be on an iron cage. Although imprisoned, it was stronger, and no one was allowed to enter.

"I'll take you home, calm down, and if you have a good conversation tomorrow, maybe it's just a misunderstanding." Mu Ming comforted behind him.

Although sad, but out of instinct, he hasn't let go of the vigilance of Mu Ming, and said coldly: "No, I will go back by myself."

In front of the clubhouse, Aunt Cai and Aunt Wei were standing waiting, Miriam expressionlessly grabbed the car key from Aunt Wei.

"Miss Lu, I will see you off!"

When Bryan came out, she saw Aunt Wei following closely.

Now she can't rest assured that she is driving alone, and she strode to catch her, with a little anger: "Your current mood is not suitable for driving, let her see you off."

Miriam was stunned and looked at Aunt Wei, with a weird smile on her slightly pale face.

"I have forgotten, this is your car, your man, I have to get your permission to drive!" One hand drew his hair, "I will not take the car head office? Let your people from my eyes Disappear, so do you."

The man did not let go, his deep eyes revealed some helplessness.

"I'll send you back," the man's voice softened a lot, and he whispered to appease, "I am wrong, shall we go home now?"

Miriam was expressionless, leaning back slightly, with disgust in her eyes, stay as far away as possible from him.

"Not good." He blinked and looked at the surrounding form, knowing that a man would not let her go easily, and endured the rejection in his heart and said, "I am not excited, I can drive by myself, I want to go back by myself."

She emphasized the word 'self', as if being with him for an extra second was suffering.

The man's long eyes were darker, revealing frustration, staring at her for a long while, and finally let go.

"Don't drive by yourself, let Aunt Wei send you."

This is his concession.

"No," paused, "let Aunt Cai follow."

The man wanted to speak, but was stopped by Qi Yun who didn't know when to follow him.

"Let Aunt Cai stay with me," he blinked at the man and glanced at Aunt Wei, "all the same."

"Yes, I will take a good look at Miss Lu. President Shao can rest assured and let her drive slowly." Aunt Cai immediately replied.

Mu Ming didn't speak anymore, hands in his trouser pockets, his expression hidden in the colored lights.

Just before Aunt Cai and Miriam left, cast her an unpredictable look.

With just one glance, Aunt Cai quickly avoided her sight, hung her head and grabbed the corner of her clothes.

But no one saw her insignificant little action.

Miriam got into the car quickly, just wanting to escape here quickly, as for afterwards...

As soon as Miriam's car left, Qi Yun looked at the man, and asked Aunt Wei to drive to follow him, giving another warning.

Now on the steps, a few seconds later, the man walked towards the Maybach.

"Where are you going?" Qi Yun narrowed his eyebrows.

"Go home." The man's stern face made it clear that no one would be allowed to stop him.

Qi Yun bit his lip, shut the door he opened, and even shouted out uncontrollably.

"You don't care about it here? Then what is the point of what we do?!"

The man's thin lips moved slightly, and he smiled sarcastically: "It is meaningless, Qi Yun, we can't get married. Even if we deceive Mr. Ming for a while, we can't hide it for a long time. To be honest, Shang Rui's trick is not counted by me. What, you don't have to worry about everything."

Chapter 306

Qi Yun's face turned pale, his red lips closed tightly, trying to hide the grievance in his eyes, but still refused to let him go.

"Go in, and solve the problems here beforehand. It won't do any good except for Shang Rui to succeed."

Bryan looked at her impatiently: "I only say what I said once, and there is not much that can prevent me from making a decision."

The meaning is obvious, the few people do not include her.

Qi Yun's wounded expression was undoubtedly revealed, and he let go of his hand, with a wry smile: "Then I will go in by myself, you can go."

As soon as he released his hand, Bryan's cell phone rang, and his expression changed drastically after answering for two seconds.

Qi Yun's heart sank. He has never exposed his emotions easily. For so long, only Miriam is his real weakness.

"What's the matter?" Qi Yun asked.

The man seemed to lose his soul for a moment, and immediately got into the car without answering her.

Qi Yun's eyesight was quick, and he almost got into the car in sync with him. The man started the car and rushed out regardless of whether she was wearing a seat belt or not.

"What's wrong? Where are we going now?"

"Shut up!" The blue veins on the man's forehead were raised, and there was a hint of panic in his eyes.

Qi Yun had never seen this look on his face since he was a child. She always thought that he was the only one with confidence and guidance, which is why she can always regard him as a faith.

But now, he is invincible because of a crack in an ordinary woman...

Red lips moved slightly, and tonight finally saw the importance of Miriam in Bryan's heart.

The car that accelerated to the limit arrived within a few minutes... the place of the accident.

That's right, it was a car accident. The red sports car that Miriam drove hit the guardrail and the front of the car was deformed. It was shocking to see.

In a blink of an eye, the man ran over and opened the door forcefully, but the angle between the car and the guardrail was too narrow to open the door on the driver's seat. Aunt Cai, the co-pilot, had fainted, and Aunt Wei had pulled her out. I didn't see any injuries, but Miriam on the other side did not dare to move and had already called an ambulance.

“Miriam... Miriam...” The man directly got in the co-pilot and called to her softly, as if he was afraid that the voice was too loud to scare her.

Qi Yun was frightened and bent over to check the car. A puddle of oil had leaked from below, his pupils shrank, and he immediately got up and pulled the man in the car.

“The fuel tank is smashed! Come out quickly! It’s too dangerous!”

But no matter how hard it was, the man didn’t seem to hear it.

Her eyes were deep, but her words were gentler than ever. Seeing Miriam’s face in the back seat, her voice was a little trembling: “Miriam Miriam, I’ll hold you out first, OK, it’s too dangerous here. If you can wake up... pain.....”

Her leg is stuck in the deformed front car, the airbag on her chest is inflated, her hands are hanging in front, her wrists are bluish, it should be to prevent inertia from injuring the child, she held it hard with her hands, and now she must have fractured her hands. , I don’t know how the child is.

Bryan opened the airbag and observed it carefully, making sure that her leg was not injured too badly before daring to move, holding her arms up little by little, sweating on her full forehead.

After tossing for several minutes, Qi Yun and Aunt Wei were indifferent no matter how they shouted outside.

When she came out with Miriam in her arms, she looked like a doll, with thick black hair scattered on her cheeks, her eyes closed and her lips pale. She quickly put her on the ground to check her injuries.

In addition to the injuries on the hands, there are bruises on the head and severe bleeding in the legs.

When she saw a small patch of blood on her white cotton dress, Bryan’s pupils suddenly shrank, turning her head to look at Aunt Wei like a murderer.

“Where’s the doctor?! Why haven’t you arrived? The doctor you called!”

Aunt Wei was so frightened by his appearance that she could hardly speak: “Almost... almost...”

Qi Yun also saw that if the child really has a problem, the pregnant woman’s life may be endangered if the treatment is not timely.

Looking at the woman lying on the ground with a complicated expression, she supported her car with her hand, and then bent over and stroked the man’s back.

“Bryan, don’t know the situation yet, don’t worry.”

While talking, the ambulance had arrived, and the man pushed her away and stood up. He pulled on the doctor's clothes. His eyes were red, and he threatened with a unique and stern look: "You are here so late, if something happens to her All of you will be buried with you!"

The man took her by the hand and never let go, and directly followed to the ambulance.

"How is she?" The man locked his eyes with the doctor, questioning and examining.

The doctor was timid, and said: "At present, the most severely injured should be the wrist, with a moderate fracture, and the leg is traumatized. He has been stopped, and there is definitely no danger to life now."

Bryan was stunned when he heard it, and looked down at Miriam's pale face. After a while, he looked up, "What about the child?"

The doctor excited, and immediately looked up, a little embarrassed.

The specific situation of the pregnant woman has to wait for a B ultrasound to be confirmed, but the lower body is bleeding, which is not a good sign.

"This...can only be confirmed until the hospital." The doctor hardly dared to look up.

The man's thin lips closed tightly, his throat moved slightly and his complexion was extremely deep.

"If the adult's life is in danger, the child will not be needed."

Within a few seconds, the doctor heard these words, like a helpless act, but more like an order.

It hasn't reached that point yet, depending on the blood loss, it's not too serious.

But he didn't have the guts to speak anymore, and the man in front of him apparently regarded this woman as his lifeblood.

In the next few minutes, the man started to call and ordered the best doctor in the Department of Obstetrics and Gynecology to rush to the nearest hospital. Lin Shui and Yan Ke rushed to the hospital while arranging them. They must arrange everything before the boss arrives.

Tossing all night.

When the sky was dark, the man pulled Miriam's hand to fall asleep, his body tilted to her side, his chin pressed against the top of her head, it was grey and black, and his meticulous hair was a little messy.

Miriam put a plaster on her hand and sew dozens of stitches on her right leg. Although she touched her lower abdomen, she was able to protect her abdomen with all her efforts. With the efforts of the doctor, she was able to save it. Be careful in all actions.

At seven o'clock in the morning, Qi Yun was blocked by Lin Shui.

“I just came to see Miss Lu.” She held the fruit basket in one hand and the bag on her shoulder in the other.
