

Let Me be Your Ex Chapter 307– 308

Chapter 307

Lin Shui looked embarrassed and hesitated: “It is inappropriate for you to visit so early now, Miss Lu is still resting now!”

“Where is Bryan, where is he?” Qi Yun asked immediately.

“Being with the wife inside, the president has been busy all night, and has just fallen asleep soon.”

Qi Yun looked into the transparent glass with an inquiring look. He didn’t see anything, and asked, “How is Miss Lu’s injury? Is there anything wrong with the child?”

Lin Shui’s brows drooped, “The child is saved.”

Qi Yun’s expression did not change. After thinking for a while, he glanced inside and said, “I know a very good obstetrics and gynecology expert abroad. You can ask him to try it. Let me go in and I’ll talk to Bryan. .”

But Lin Shui still accompanied the smiling face and refused to move. The meaning in the words really meant to drive her away.

In the end there was no way, Qi Yun screamed, and finally left.

...

Lu’s father and Lu’s mother didn’t see anyone when he woke up. Aunt Wei must have been able to conceal this, so she said frankly.

The two old men almost fainted and rushed to the hospital as quickly as possible. Seeing that their energetic daughter was lying motionless at the moment, they couldn’t help spreading all their anger and anxiety on Bryan.

“If Miriam...something really happened, our family will never forgive you!” Mother Lu’s tears couldn’t stop streaming, and she kept complaining.

Father Lu frowned. Although worried, he didn’t say too much. They couldn’t tell the young people clearly.

When Miriam woke up near ten o’clock, the man’s face came into view, followed by a huge pain all over his body, as if he was about to tear.

“Does it hurt? I’ll let the doctor give you anesthesia.” The man said softly and quickly. In a blink of an eye, Lin Shui had already ordered to call the doctor.

Miriam gritted her teeth, feeling a little sick, her lips tightened, and she looked at the man coldly.

Bryan wiped her forehead with a handkerchief, was silent, and said for a long while: "There is no serious injury, just raise it for a while, it's a child..."

As soon as she said these two words, Miriam suddenly turned her head, her pupils widened: "What's wrong with the child?"

Bryan's heart seemed to be stabbed, but his face curled his mouth: "The kids are fine, you protected them very well."

Miriam took a deep breath and gradually returned to her expressionless state.

Lu Mu asked Bryan to rest and accompany Miriam by herself.

"Mom doesn't want to ask you this, but if you have something to say, Mom will definitely listen."

Miriam's long eyelashes trembled slightly and moved almost imperceptibly.

Mother Lu sighed. Seeing that she still didn't respond, she said, "What is going on in the car accident? How did you hit the guardrail?"

Miriam was stunned, her eyes flashed with intense fear, she immediately closed her eyes tightly, and muttered: "Mom, I'm tired, let me sleep for a while."

Mother Lu also felt sorry for her. She had just experienced a car accident and she became a little sensitive after pregnancy.

Finally, she sighed deeply. When she was about to get up and leave, Miriam raised her head and frowned and asked, "How is Aunt Cai?"

"Slight concussion, nothing serious, just rest for a while," Mother Lu inevitably brought some grievances, "It happened that the monitor was broken when you had an accident, and you don't even know how you hit it."

Miriam was stunned, her eyes widened, wondering if the moments in her mind were true.

At this moment, Bryan opened the door and came in.

"Why haven't you gone to rest?!" Mother Lu blamed, "I haven't closed my eyes all night. Go to sleep!"

Miriam turned away.

The man glanced at the person on the bed, and said gently, "I want you to prepare something Miriam likes to eat."

"Look at my head! I'll go home and prepare right away!" Mother Lu also wanted to leave some room for them, and hurried out after speaking.

The ward returned to silence, and the man sat down on the sofa by the bed, facing her.

Miriam gritted her teeth and turned over after suffering the severe pain, not wanting to stare at him.

The man twisted his brows and went to stop her: "Don't toss, I just don't look at you."

Miriam stopped and closed her eyes.

"I didn't want to marry the Qi family, and I have not yet reached the point where we need to marry to achieve my goal. Qi Yun will leave City Two within a week, and there will be no such misunderstanding in the future." The man speaks at ease, every time he says There was a pause for every sentence, as if waiting for her response, but she didn't even move a finger.

Miriam turned her head and looked over, her eyes were faint, without a trace of emotion, "We are not a husband and wife, you don't need to tell me this."

There was no change when Miriam spoke, not even the ridicule during the quarrel.

Bryan deepened his eyes and opened his mouth: "What do you mean?"

Miriam closed her eyes and raised her mouth with a smile.

"Just what you think."

The man tried his best to endure it, his thin lips closed tightly, his slender body shook, and after an unknown period of time, the corners of his mouth were stained with a smile, but his eyes were still cold.

"Then you didn't need to get a divorce."

If you want to use his shade, why do you want a divorce?

Miriam didn't speak any more, just looked at the man and felt chills in her heart.

"Stop thinking about it, take a good rest."

Miriam smiled lowly, a layer of mockery floating on the corners of her lips.

Lin Shui knocked on the door and cautiously stretched his head in.

“President, the old lady is here.”

The man’s eyebrows sank again, condensing his eyebrows.

Lin Shui swallowed. I don’t know who is talking in front of the old lady again. It depends on the situation. Isn’t she here now to add fuel to the fire?

The man looked down at the person on the hospital bed, and said solemnly, “You have a good rest.”

After the footsteps left, the ward was quiet.

Miriam opened her eyes, staring at the white sheets without focusing.

Shao’s mother probably didn’t have such a good heart to rush over from Jincheng to see her.

The man came out of the ward door and asked, “She came by herself?”

“Yes, I don’t know who told it...I specifically told Miss Qi not to say it in the morning.” Lin Shui hesitated.

The man’s eyes were heavy.

There are too many caring people, I am afraid that Shang Rui alone will not let go of such a good opportunity.

[Ps: Mother Shao definitely made a difference this time, and then do you want to let the child in Miriam’s stomach drain? 】

Chapter 308

Shao’s mother was invited to the VIP reception area, with the valuable bag beside her, and there was a specially sent person to accompany her, her face didn’t look good.

Bryan stepped forward, tall and straight.

Mother Shao turned her head when she heard the footsteps, her eyes with a little majesty.

When he got to his side, he said with a stern look: “How is the child?”

The man’s long eyes were slightly downward to cover his emotions, and he said unhurriedly, “It’s all good.”

After a few seconds, without saying anything else, Shao's mother frowned deeper: "I rushed over in a hurry. Are you going to send me away with these two sentences? How did she get into the car accident?"

Bryan closed his eyes and waved to the people beside him to let them all go out.

"It was accidentally caused. There is no reason. People are all right. You don't need to worry." The man said concisely and meant not to worry about her. No matter what the reason, Miriam would not want her. Intervene.

Bryan is half considerate and half gentle, but Shao's mother knows her son too well, and it is obvious that she does not let her be nosy.

When she came, she was holding her breath, but Qi Yun repeatedly told her not to get angry and said well.

The brows that had been twisted together were slightly relieved, the momentum was relaxed, and he said gently: "How can I not worry about something like this, don't hide it from me, everyone else knows it. Last night I lost everything because I was with you. Something contradictory, the accident happened when I had to drive home by myself. I didn't say that she, no matter what the reason, could make a joke about her life. She was irresponsible to her children."

"Don't directly put the blame on her. Don't blame her for this. If there is nothing wrong with you, I will send you back. There is me here."

Lin Shui walked up as soon as she finished speaking and asked Shao's mother to leave.

Mother Shao's expression became very ugly. She grabbed her bag and sneered: "I came to visit her today. How can I leave without seeing anyone? You take me to the ward now."

Lin Shui hesitated to accept the gesture, looked at Bryan, saw that he was expressionless, and said biting at Mother Shao: "Ms. Lu is still not awake and needs to rest. There is Mr. Shao here, you don't need to. Worry, the children are fine."

Shao's mother stared at him immediately, and sternly said: "Let you take me there, just lead the way, I won't eat her, just take a look, there is no need to hide and tuck."

Bryan looked worse and worse, glanced at Lin Shui, and said to Shao mother: "Today you are not suitable to meet. Your relationship with her has been strained enough by you during this period. There is no need to give each other at this time. Tim Du, if you don't want to go back, let Lin Shui go shopping with you, I have something to do, let's go first."

After reading Lin Shui, Lin Shui nodded immediately, and then strode away without looking back.

Shao mother stared angrily, carrying a bag and about to follow, but was stopped by Lin Shui: "Or...I will go shopping with you."

Mother Shao gritted her teeth: "You..."

After speaking, he saw that Bryan's figure had disappeared, leaving the hospital with anger.

After Bryan came out with a cold face, he called Qi Yun and answered it in less than two seconds.

"Bryan? What's the matter?"

The man has deep eyes and a cold expression: "My mother should go to your side in a while. You'd better comfort and comfort her, but you should be clear about what you should say and what should not be said."

After speaking, Qi Yun stunned, blinked, and reacted for a few seconds. His red lips were pursed, and the sketch he had just drawn was torn neatly, with a slight gloomy expression on his face.

Lin Shui sent Shao Mu away and returned soon.

Seeing that Bryan's face was not so good, he stood motionless in front of Miriam's ward.

After hesitating for a long time, he asked carefully: "It's noon, do you want to have dinner with Madam?"

The man did not speak, and stood silently for several minutes before moving his throat, and said in a low voice, "No, she shouldn't want to see me now, so let's arrange someone to bring food in."

After speaking, he went downstairs without looking back.

Miriam didn't wait for Shao's mother to come to "visit", and it was not until noon that the little nurse delivered a good lunch, that Bryan had already left.

The little nurse may not have been here long, and she was still shy when it came to Bryan.

"Um... your husband specially asked a special chef to send it. I must let me watch you finish. You really need to make up for your fracture."

Miriam glanced at the thick wrinkles in the bowl, the color was bright, and it was still her favorite restaurant, plus some special dishes, and packed a large box of food boxes.

"How could I finish eating so much?" Seeing the little nurse stunned, she said gently, "Sit down and eat together."

The little nurse waved her hand quickly: "This can't be done, it will be over if the leader finds out."

Miriam's pale lips were slightly bends by her: "I don't say you don't tell me, no one knows, even if you help me, save the food, otherwise they will be thrown into the trash before it works. Isn't it a pity in the pile?"

The little nurse was embarrassed, thinking how to decline, the door was pushed open, the corner of the man's mouth was stained with a smile, only a shirt was worn, his sleeves were rolled up, revealing his strong forearms.

He glanced at the spread porridge and said, "Since I can't finish it, I will help you."

The little nurse's eyes lit up when she saw him, but she was also surprised.

Just now Assistant Lin said that he was gone, so he let himself come to see Miriam for dinner. Why did he show up again in a blink of an eye?

Miriam's expression froze, she lowered her eyes, and said in a low voice, "I'm afraid there is not enough food for you. You should go out to eat."

The little nurse quietly left with a wink.

The man sat down indifferently, glanced at the porridge, and then said something else.

"Aunt Cai woke up and kept apologizing. Tell me what happened last night and how could it have anything to do with her?"

Miriam calmly opened the box and took a few sips with a spoon.

The man waited very patiently, only staring at her.

"Aren't you already asking her? You already knew it, did you? Why did you ask the other side too much."

The man quickly replied: "I don't believe her."

Miriam immediately raised her head, blinked, and said to her lips, she still didn't say anything.

Continue to drink porridge, the man did not ask any more, just accompanied him in silence.

After finishing eating, the man got up and said, "Go for a walk or continue to rest?"

"I'm going to sleep a little longer," he lay down again under the blanket.

Bryan was silent, closed the curtains, and prepared to go out.

“I’ll come back tonight.” The door was closed after speaking.

“Wait,” Miriam said suddenly. She was lying on the bed, looking at the ceiling, and continued a few meters away.”She was comforting me when I drove last night. Then a car suddenly passed by. I didn’t notice when she came out of the intersection, but when she saw it, she grabbed my steering wheel and ran into the road. I quickly realized that there was no need to hide, and immediately took the steering wheel back. Hit the roadside...”
