

# Let Me be Your Ex Chapter 309– 310

## Chapter 309

She frowned slightly, her stubborn eyes revealed a few steps of visible fear.

The man watched for two seconds, and walked to her side in an instant with his long legs.

With distress, her long fingers stretched out to hold her face, and the warm and dry palms touched her, making her flustered heart feel calm.

Bryan didn't send his hand. After a while, he opened his mouth and asked, "Are you afraid?"

Miriam closed her eyes and pressed her lips.

"You said those things in the morning because of fear?"

"No, I was just a little tired. The moment I crashed into the railing, I thought a lot, and also wondered if it would be better for us to be separate."

Miriam's voice is calm, but words without any emotion can make people feel chilling.

Bryan's cold and handsome face tightened a bit, and the skeletal jaw line became more cold.

The man looks indifferent, but he speaks with unrestrained and domineering things that he doesn't usually have: "I don't think there is any unsolvable problem between us, let alone the idea of peace, don't even think about it."

Miriam opened her eyes and met him directly: "Your mother just came, what did you say?"

The man didn't answer, she smiled sarcastically: "What Qi Yun said yesterday was correct. You and her family married for profit and no harm. Not only can I not help you, but I have to hold back, you said," Xiu Meiwei Yang, "There are wolves before and tigers afterwards. I don't have that great ability to survive between them, and I have no plans."

The corner of the man's mouth sneered: "That's the one-sidedness you only want to believe in what you see, and didn't give me any trust," stood up and continued, "Or, you only believe in the part you want to believe."

Miriam was a little excited when she heard it, her fair skin turned red again, but she still suppressed her emotions, she only gave the man a faint glance, and said nothing.

Bryan was silent for a while, his eyes drifting up and down, and he said for a while: “Qi Yun is about to leave soon.”

Miriam suddenly felt a sense of powerlessness. He still didn't understand that even if there was no Qi Yun, there would be another one. Moreover, Qi Yun was definitely not like Sophia. She had the brain and the means, and she was definitely not a person who gave up easily.

“It doesn't matter to me whether she leaves or not.” Miriam lay down again.

The man frowned, his eyes darkened.

Mother Shao arrived at Qi's house half an hour later. Qi Yun was waiting in the living room. Just entering the door, the old lady of Qi's family glanced over, her old eyes were profound, Shao's mother smiled politely and greeted Qi mother.

“Why don't you tell me in advance when you come, I'm also ready to prepare. We will go out to eat at night. By the way, let Yun'er call Bryan up. He doesn't know you are here, right?”

Mother Shao looked down and sighed: “I just met her in the hospital, so she drove me away without saying a word. Don't call him, it will make me angry.”

Mother Qi and Qi Yun looked at each other, and said with concern: “Why did you go to the hospital? Bryan is sick?”

Qi Yun said, “It's Miriam. There was a car accident last night. I went out to see her in the morning, but...” He smiled and glanced at Mother Shao, “But I didn't see her. I don't know how it is now. Hey, Bryan was so scared yesterday that he stayed in the hospital all night.”

Shao Mu gave a slight pause in her hand holding the coffee cup, and raised her head: “Watched all night?”

“Yeah, Bryan was very nervous Miriam. Maybe he was in a panic and didn't hesitate to speak. He directly told the doctor that if there is a danger, he must first protect the adult. Hey, fortunately, there is nothing wrong, otherwise I will be scared to death.”

Shao Mu's face turned dark immediately, she put the coffee cup on the table, splashing a few drops.

“Too foolish! Two children's lives, if you don't want to do it? As a mother, what did she do for the children? Is it responsible for driving out in the middle of the night?”

Mother Qi immediately gave Qi Yun a wink and smiled: “Hey, their young people value their feelings. It's normal. How can they be as comprehensive as we think at critical moments? Don't be angry. Don't be angry. It's worth it.”

Qi Yun nodded and followed with his eyebrows: "Auntie, I just mentioned it. You will be happy when you think about their relationship. I didn't expect you and my mother to think differently. If you let Bryan know, I will definitely blame me and You say this..."

After hearing this, Mother Shao's anger went down a lot, and she took Qi Yun's hand and said, "Good boy, you are sincere and considerate for both of them, but...you must also think about yourself. Although my family Bryan is not obedient, But for Miriam, it's a temporary brain fever, and it will be fine after a few months."

Qi Yun looked embarrassed and hesitated: "Bryan must be sincere to Miriam. Miriam is at a critical moment. If you can accept her, you should try to accept it. After all, you have lived with Bryan for three years."

Mother Shao opened her mouth and immediately connected: "I used to accept it for a reason, and now I can't accept it for a reason. I can't make any sense with Bryan, but she, Miriam, don't want to be prestigious in front of me!"

"She won't play prestige. Although she is a bit contradictory with Bryan now, I will leave immediately, and they will definitely be able to do it well." Qi Yun's delicate and decent smile was extremely gentle.

"Leaving? Where are you going?" Shao mother grasped the point.

Qi Yun hesitated, and Qi Mu quickly asked her to answer: "Go to Kyoto, Bryan specially photographed her to develop new markets, saying that he went there to be the general manager of the branch."

After hearing that, Mother Shao closed her eyes more and more severely, and she said in a deep voice, "It's getting more and more uncomfortable. Can the new market be a simple job? No one can send you. He is simply headstrong." !"

After all, I pondered for a while and suddenly got up, took up the bag and said, "I'll go to him and ask, if this is the case, I will be the first to object! You can't go to anyone!"

Qi Yun went to stop, but could only send her out.

Back in the living room, the old lady Qi put a book in front of her, pushed her glasses, and glanced at both of them.

"You are going to talk like this in the future, don't be in front of me, Qi Yun, your mind is getting deeper and deeper now, but no one else is a fool, don't act this way in front of me!" Old lady Qi patted the book in front of me , Staring at a few people.

Qi Yun looked ugly, with a cold look, but still didn't dare to be less respectful: "Grandma, what did I say wrong makes you so angry?"

Mother Qi secretly pulled her clothes and told her not to say anything.

Qi Yun refused to listen, and continued: "Bryan has done a lot for Miriam, but my aunt is a little grudging with them. I told my aunt to resolve the misunderstanding. Did you do something wrong?"

Old lady Qi snorted coldly: "I have watched you grow up for so many years, but I still don't know you? That's what I said, I can't decide what to do, I am more and more like your mother!"

Qi Yun's hand suddenly clenched, and he stood up to reason, and was immediately held by Qi's mother.

"Mom, the child is ignorant, don't be familiar with her, I will tell her well."

After speaking, he pulled Qi Yun away.

## Chapter 310

All the way to the room, he looked at Qi mother coldly and asked: "Why don't you let me finish?"

"You have said enough. If you really want to marry Bryan, you have to follow her in everything! If Bryan is unwilling, the reputation and connections she has accumulated in City Two for so many years will not allow you to underestimate it. , Why do you think I have tolerated her so much for so many years? You must ask her to speak to her husband's family!" Qi Mu said solemnly.

Qi Yun grew up and couldn't understand: "I'm looking for someone to get married and she wants her to decide? I can't fight for the appearance of my academic qualifications? Then why have I worked so hard for so many years?"

Qi Mu's face was cold, her well-maintained face looked a bit like an elderly person, but she was not lacking in majesty at a glance, which was completely different from her usual gentle appearance.

"If you are really capable, how come you haven't even gotten Bryan's half a snack for so long? He can give up his child for Miriam, what else can't you do? How attractive do you think you can make him change his mind?"

Qi Yun was stunned. It was not ashamed to be pierced by the closest person, but she had never seriously asked herself this question.

After seeing Bryan's actions in person, can he be as confident as when he first came back?

Her eyes darkened and her long eyelashes flickered.

Mother Qi was even more heartbroken when she saw her daughter's unwillingness to ask.

"You listen to me and please the old lady, your sister will also rely on her to arrange her future marriage with Gu's family."

Qi Yun closed his eyes, nodded slightly, and walked away.

After Shao's mother left Qi's house, she went straight to the hospital, but suddenly changed her mind halfway and turned to Longteng.

When she entered the hall, she attracted a lot of attention. Almost everyone here knew her.

The drama of the president's mother fighting the president's wife is always not enough, not to mention that the gossip magazines a few days ago were full of lawsuits between her and Sophia.

The manager greeted him with a smile.

"Old lady, you are here!"

Mother Shao gave him a cold look: "Take me to Shao's head office."

The manager smiled: "Manager Shao is not in the company today."

Mother Shao sneered and glanced at him: "I didn't say to see him, you call Manager Liu over, I have something to ask him."

The manager's smile froze. Manager Liu is the finance of the City Two branch. He has been with Mr. Shao for many years, so when he came here, Bryan brought him only one of the top managers of the head office because of trust.

The manager looked at Shao's mother with a scary face, and for a while, she was drumming. Shao's mother was carrying Shao to see the finances. Moreover, Shao's mother had never asked about the company. She ran over so suddenly and had to wake him up.

"This...I just remembered that Manager Liu went to ask for the company's debts today. Would you like to come back another day?"

Mother Shao listened, smiled, turned around and stepped on the slope heels and got on the special elevator. The manager broke out in a cold sweat and quickly called Bryan.

Shao's mother went directly to the financial room. Manager Liu was sitting in the office sleepy, and was startled when she heard the sudden sound of pushing the door, and she immediately stood up when she saw that it was Shao's mother.

“Old lady, you are here!” Quickly stood up from the seat, “Quickly sit down!”

Shao’s mother stretched out her hand, her expression faintly, but not lacking in solemnity, and she showed the aura of her time when she was the master: “No, show me the latest financial statements.”

Mr. Liu was taken aback for a moment, but he was always an old man, and his mind turned quickly.

“Sit down first, and I will say hello to Mr. Shao. After all, it is the company’s rigid rule. Wait a moment.” Mr. Liu raised his foot and left.

Shao’s mother stopped him with a sneer: “Old Liu, do you think I am useless? I can’t meet this requirement. Is it possible to suspect that I can betray Long Teng after seeing it?”

Old employees can’t hear the words like this the most, they take a step, and when they look back, they are already smiling.

“How can this be, it’s just that the company’s employees must abide by the company’s regulations. I can’t be an exception. Isn’t this a bad rule?”

“Then you take me as an example. This company was established by my husband and I. Can’t you see it?”

The knife is already clamped around his neck, and Mr. Liu’s face is a bit ugly. If you really want to look at the family affairs, he really can’t control it.

After dying for a while, he went to get the report in person, and also called Bryan in the process.

Bryan was already on the way here, with a faint expression: “I’m on the way. It’s best to delay it for a while. If it doesn’t work, show it to her.”

“But our report...”

“It’s okay.”

After receiving the order, Mr. Liu was relieved, and sat on the sofa for a while to procrastinate, but within a few minutes Mother Shao came over and could only show her.

Mother Shao’s brows grew deeper and deeper. Finally, he fell on the table.

“Since I came to City Two, there has been no improvement. Are you here to do business or to live with you?! Longteng can withstand the toss of you?!”

Mr. Liu couldn't speak, and listened silently, hanging his head, just waiting for Bryan to come back quickly."

"For the woman Miriam, I didn't hesitate to move my focus here. At first, I thought I really wanted to expand my business. In the end, I just spent a lot of money on a woman!"

The sound ran through the entire office and spread to the outside office area. All employees were listening to gossip and whispering.

"The company is not profitable, why haven't we heard of it? Haven't wages just increased?"

"Yes, I'm wondering too!"

"Stop talking! Mr. Shao is here!"

Bryan stepped into the office, and saw the scattered documents on the floor. Without making a sound, Lin Shui immediately bent over to clean it up.

"What are you doing here?" Bryan walked to the leather chair next to the desk and sat down.

Mother Shao raised her arm and stretched out her index finger to face him. She looked like she hated iron for not making steel. She was quite distressed: "This is what you have done in City Two for so long! Not only was it not profitable, but also owed a large sum of money to the bank. Money, is it possible that the people at the head office are working so hard to make up for the shortfalls here?! How attractive is Miriam to make you do this?"

Bryan listened unchanged, without any expression. After Shao's mother finished speaking, she said after a few seconds: "I know in my heart that you have already ignored these things, and you may not understand it."

Shao mother sneered: "I don't understand? I have been working hard with your dad for so many years. I have never seen anything. I think you fainted because of Miriam's woman! I am so embarrassed to let Qi Yun develop business in Kyoto. No way, there is a Shang family in Kyoto, how much space can you have?!"

Bryan sat upright, put his hands on the table, stared at Mother Shao, raised an eyebrow and asked, "What Qi Yun told you?"

Mother Shao slammed her bag onto the sofa and said angrily: "What if she is not her? I don't ask you, you never plan to tell me! I will put the words here today, Qi Yun can't leave, and what about Kyoto Your business, you will immediately follow me back to Jincheng, and don't care about the head office, what it's like to be here every day!"
