

Let Me be Your Ex Chapter 343– 344

Chapter 343

Bryan returned home and gently pushed open the bedroom door. Unexpectedly, the light in the room was still on. Miriam sat on the bedside, reading a marketing book in her hand.

The man slowly approached, as if he couldn't bear to disturb her, his steps were particularly gentle, but he still quickly saw Miriam raising her head, smiling faintly, and reaching out to him.

"Why haven't you slept yet?" The warm palms were covered, and he sat down next to the bed.

Miriam closed the book and yawned, "I'm a little worried, I haven't gone to school for a long time."

Saying that, he smiled a little embarrassedly, "Do you think those girls who are less than twenty years old will go there?"

Bryan constricted his eyes for a while and nodded solemnly: "Well, I'll take you there tomorrow."

Miriam was suspicious and looked at him up and down, "Bryan, what do you mean, want to take the opportunity to meet a pretty girl?"

As he said, he blinked his big eyes twice, as if trying to verify something, when he saw that the man's expression became serious, he constricted his eyes and asked, "Are there any male classmates? This is what I worry about."

Pouch laughed, and the man couldn't hide his smile. The two looked at each other, and suddenly there was an illusion of tranquility.

After receiving the book, he urged: "Hurry up and take a bath."

The man replied, leaning forward unexpectedly, approaching and dropping a light kiss on her forehead.

The smile at the corner of Miriam's mouth suddenly stiffened when she touched Bryan's shirt collar, and the trembling eyes in her eyes finally converged, and she kept that gentle smile the moment the man left and looked at her.

Nothing is unusual.

The familiar perfume scent in the nose lasts for a long time, which belongs to Qi Yun's body alone.

Listening to the sound of water flowing in the bathroom, Miriam turned off the lights one by one, leaving only a wall lamp that was not bright, and fell asleep.

In the daze, someone hugged her body from behind, Miriam curled up, tossing a more comfortable sleeping position in his arms, and gradually blurred her consciousness.

After getting up for breakfast the next day, the aunt took the child out of the baby room. The little guy's face was pink and was crying.

Bryan frowned when he heard the sound and put down half of the milk he had drunk, his eyes full of ignorance and panic as a new father, "What happened to Anxi?"

Miriam had already got up and took the baby from her aunt. He glanced at Bryan unhappily, "This is peace."

Speaking of holding the baby into the room, he opened the clothes to breastfeed.

Bryan awkwardly drank the remaining half a cup of milk, and followed his steps. Pushing the door in, the crib of the baby room, Shao Anxi with his big eyes flickering in the air, stretched out his hands and gestured in the air. After seeing Bryan who pushed in, he screamed and his eyes narrowed.

Bryan pretended, the expression on his face changed the same, but the bottom of his heart had melted. He stood there staring blankly, slowly losing consciousness.

Slowly stretched out a finger, and the little guy's hand stretched over and grabbed it immediately. The small delicate palm just happened to hold his index finger in his hand.

Holding it, he giggled again.

I don't know when he lost his mind. When he reacted, he had already smiled and bent his eyes, and his mouth was still teasing.

Miriam calmed Shao Anyan in her arms, she couldn't help being amused when she saw this situation, she raised her chin slightly, "You hug?"

Bryan was stunned, but finally did not start, but Miriam saw through, "Don't you dare?"

He didn't know how to start, and he felt that the little guy was so soft that people didn't dare to touch it easily.

Miriam couldn't help being amused by his dumbfounded expression, and shouted his aunt outside the door, "Bryan dare not hold the child, you help him."

The aunt looked at Bryan, as if he had heard something funny. The man was uncomfortable being seen, and pretended to tease the child. Seeing someone gently lift the thin body in the crib, he still thought to himself Somewhat incredible.

Reaching out to take it, he suddenly felt that the weight that was not enough to speak severely suppressed his heart, as if it had become one of the most important weights in his life.

“Anxi, Dad will buy you everything you want.”

Miriam burst into sweat, put An Yan back in his arms, and took An Xi from Bryan.

It was late after the two children had finished feeding. She hurriedly packed up her bags and went out. Before she left, she did not forget to tell, “There is fresh milk in the refrigerator. Feed the children regularly. If you have any questions, please Call me.”

After getting into Bryan’s car, the way to the school was vaguely disturbed.

While driving, Bryan saw her looking through a book from her bag, and after a long while, she turned out an unknown object.

“What is this?” He narrowed his eyes and asked seriously.

“Ah, the milking machine, the milk has risen a little bit in the past few days.” Miriam casually replied after putting the unknown object into the bag again.

“Milking machine?” Bryan’s eyes widened a bit, “Are you going to milk during class?”

These words seemed to poke the woman’s heart a bit, and she blinked her eyes pitifully, “Is it right? Everyone is a young girl in her early twenties, and I am an aunt who goes out with a milking machine.”

Speaking, I stuffed everything back, turned over the mirror on the front of the car and started to touch up makeup, “No, the powder should be thicker so that it cannot be seen.”

The thick pressed powder was slapped on the face, decorating the already fair cheeks a little unrealistically, Bryan squinted at her serious look, and couldn’t help but want to laugh.

The car body stopped in front of the business school building, Miriam put on makeup, and got out of the car with the schoolbag in his arms. Bryan watched and saw the figure walking away before slowly starting the engine.

The woman was sneaky and walked away with her bag for a while, and finally felt that her posture was really indecent, so she forced her composure, carried her bag on her back, and walked calmly.

Unexpectedly, a smooth voice came into my ears behind him, "Classmate, you have dropped something."

Looking back, I saw a handsome man walking towards her, holding an unknown object that was just picked up from the ground in his hand, frowning and observing it again, but did not see the specific purpose.

Miriam's face instantly flushed completely, and he took it from the other party and hurriedly removed the schoolbag fortress, only to find that the zipper of her schoolbag hadn't been pulled.

"This, what is this..." The man seemed to be curious.

Miriam's brain flashed, "Massage device."

After speaking, my eyes lit up a bit, "I have lumbar muscle strain and I have been uncomfortable after sitting in class for a long time, so I prepare."

The man understood instantly, he laughed twice, Miriam took the opportunity to hurriedly thanked him, and then disappeared.

After finally finding the classroom to sit down, a slightly familiar figure jumped in from the door not long after. The man was holding two books in his hand. After stepping into the classroom, he seemed to see Miriam.

He walked towards her with a smile and sat down beside her, "What a coincidence..."

Miriam's face was green and white, and she subconsciously grasped the strap in her hand for a few minutes, and smiled, "Yes, it's a coincidence."

The books in front of him were unfolded one by one, and the man opened the cover of the cover, "My name is Song Bo."

"Miriam."

The woman smiled, her lips turned white.

Chapter 344

After the morning meeting, Bryan returned to the office. Lin Shui followed his footsteps. After seeing people sitting down, they reported one by one. After the work report was completed, he handed out his mobile phone."Mr. Shao, there were six missed calls this morning. , All belong to Mr. Gu."

Thinking of Miller, Bryan's brows wrinkled inaudibly, and his elbows supported the office desk, pinching his brow bones to disappear.

After a short pause, he asked: "What time is it?"

Lin Shui raised his wrist and glanced at the time, "It's half past eleven."

Hearing the sound, he picked up the phone and gave Miller back a call. Before the person over there had a seizure, he said indifferently, "About an hour later, I'm going to pick Miriam home first."

Miller was a little bit frizzy on the phone, and his hair was messy."Master Shao, don't hurt me. People have been waiting for a long time."

Bryan raised his eyebrows slightly, leaned back in the chair comfortably, and interrupted unhurriedly, "If you are so worried, just go on it yourself."

After speaking, without waiting for anyone to speak, he hung up the phone and suppressed Miller's soaring anger over there. After pondering for a moment, when I got up, the phone rang a message reminder. I clicked on the content of the message, and the corners of my lips rose slightly, returning the word "good".

Then click to find Miller's number, and send a message: It will arrive in ten minutes.

Ten minutes later, in the romantic French restaurant, there was a man in a straight suit sitting next to the window on the second floor. His eyes were cold, and the corners of his mouth had a smile that seemed like nothing. He quietly looked at him and looked slightly shy. Woman.

"Hello, Mr. Gu, my name is Ashman, you can call me Manman."

This woman named Ai Xueman is the daughter of Ai's pharmaceutical company, and is also the only granddaughter of Elder Ai. Needless to say, she is worthless. The average person is also more eye-catching. She originally had no hope for today's blind date. When the man in front of him was seated, his heart could not help but plop.

His cheeks were half flushed, and the beautiful fox's eyes glanced over, and the man nodded slightly and replied after a long while: "Okay, Miss Ai."

He was polite and alienated, the expression on his face was unclear, and he couldn't guess what a man thought of her.

In the stalemate, the waiter came over with the menu, "Sir, miss, what can I have?"

Bryan raised his hand slightly and gestured in the direction of Axelman. The waiter understood, and hurriedly put the gesture in his hand to the direction of the menu turning back in front of the man, and gently placed it in front of Axelman.

"Miss Ai, order whatever you want to eat."

Then he glanced at the waiter slightly, "Just give me a simple meal, thank you."

The woman smiled faintly, opened the menu very decently, and ordered two dishes for a while, not too many but not decent, the whole body is a good tutor.

Bryan never said a word, even slightly turned his head out of the window, obviously with a meaning of rejection. Axelman saw that the pride he had accumulated over the years collapsed at this moment, and his heart was filled with grievances.

He gritted his teeth, still not reconciled, so he found a topic for himself, "I heard that Grandpa said that Mr. Gu is very popular and thought you are a very enthusiastic person. I was a little worried before I came here..."

While talking, he raised an arm, his chin was slightly supported on the palm, and a deep friendship was inadvertently revealed in his eyes, waiting for the man's response.

Seeing that he finally slowly retracted his gaze in his active conversation, the corner of his lips twitched, and he said jokingly: "Usually it is more open in private, especially in nightclubs."

He smiled slightly and his face became a little stiff, "Nightclub?"

The man nodded slightly, seeing that it seemed effective, and then proceeded with the topic, "I usually like to go to nightclubs, so I have more friends. Everyone is a young man who loves to play. If you are interested, you can take you with you another day."

She looked like an obedient girl. At first glance, she was not suitable for a swinger brother like Miller. He thought to himself that he also realized the painstaking efforts of the old man, and always wanted to find a soft jade to make the boy take his heart.

I watched Ai Xueman's face gloomy at a speed visible to the naked eye, but unexpectedly, after a long time of entanglement, the woman even smiled and uttered the word "OK" with great difficulty.

When the voice fell, even she herself was taken aback, staring straight at the man in front of her, and swallowed silently. At this time, she suddenly understood that the man's charm index seemed to exceed her expectations.

Bryan was also a little surprised, but quickly maintained his composure and nodded a little, "That's good, I'm afraid you will mind that there are too many women around me."

"The...woman next to you?" His eyes widened a little, and he didn't understand, "What does this mean?"

He smiled faintly, and leaned forward slightly, "Don't worry, those are all on the scene, and everyone doesn't put in any real feelings. If we can establish a relationship, I guarantee your status as the youngest grandma of the Gu family is unshakable."

The stalemate smile on his face couldn't be stretched anymore, but he resisted not patting the table, but his expression became a little colder, and his tone became colder,

“Mr. Gu, you don’t want the red flag at home to fall, and the colorful flags are floating outside Gone?”

Bryan pursed her lips and didn’t deny it. He just looked at it carefully and waited for her reaction.

During the confrontation, a faint smell of gunpowder burst out.

Without paying attention to the seat not far away, Kristy, who was leaning against the back of the chair about to stretch her muscles and bones, shot her gaze straight over, and after a short period of hesitation her complexion became ugly.

Miriam, who was sitting directly opposite, was stammering pasta. When she noticed the abnormality, she turned her head slowly and followed the woman’s sight. She saw Bryan’s mouth with a successful smile, staring straight at the woman in front of him. .

“Miriam...” Kristy was a little worried, and grabbed Miriam’s arm with one hand.”Maybe what’s the misunderstanding, your Mr. Shao is not the type of person I just mentioned.”

Miriam smashed the fabric in her mouth and swallowed it, repeating what Kristy said just now in her mind: “You see on the news that some men are most likely to cheat during the time when their wives are in confinement. I don’t want to give birth...”

Wiping his mouth, freed her arm from Kristy’s hand, patted the back of her hand comfortingly, then got up and headed in the direction of the man.

As I walked closer, I heard Axelman raise his tone slightly out of control: “Mr. Millergu, I originally thought you had a deserted temperament and looked different from ordinary men, but I didn’t expect it to be different!”

His eyes were red a bit, and when he was about to leave, he was suddenly disturbed by a figure flashing behind him. After a while, he saw this beautiful woman stepping in front of the dining table.

Smart eyes swayed up and down, looking at the man in front of him, “Mr. Gu?”

Bryan was taken aback for a moment before blurting out, “Miriam...”

“Miriam?” Ai Xueman was so angry that her eyebrows were crooked, and her cheeks were pale, “Who is this Miriam?”

Miriam hugged her chest and smiled, curled her lips and looked at Axelman, “Hello, this is the first time I met, I am Mr. Gu’s lover...”

“ ... ”

Bryan’s face went dark, and suddenly he couldn’t stretch himself, only that the scene became more and more chaotic.

“Lover?” As expected, Axelman had a lot of hair, but as a woman facing such provocations, she developed a few wisps of ambition. After looking over her body, the woman in front of her has a good temperament and appearance, but she is finally dressed and dressed. There is a gap between myself.

Sitting upright, but didn't want to leave.
