

Let Me be Your Ex Chapter 107– 108

Chapter 107

Attorney Yue rushed to the hospital when he received the call, and then was surrounded by a group of journalists at the entrance of the hospital.

“Lawyer Yue, what is Lu Wenhai’s current state? Is his life in danger?”

“Lawyer Yue, if Mr. Lu is permanently paralyzed in bed due to a stroke, will he always be executed outside prison?”

“Shall we go in and see Mr. Lu?”

“What do you think of Mr. Lu Wenhai’s sentence of only ten years?”

“...”

Everyone was rushing to ask, Yan Ke was also squeezed in to protect Lawyer Yue.

Ordinary onlookers still yelled loudly, with all the dissatisfaction written on their faces, “You are a barrister, and you are punishing those wicked people from the perspective of the law. You must not let him get away with it.”

“He knows how many innocent people he has violated the law, how many innocent people have been killed, and how many unjust cases he has wrongly convicted. He must not be condoned or forgiven.

“It’s best to die in the hospital, and the province will continue to harm people after leaving the prison.”

“...”

There was some chaos at the scene, and even though Lawyer Yue was calm and calm, he still wanted to appease those people one by one.

Even the hospital security rushed over to maintain the scene, but some angry and irrational people still entered the hospital in the chaos.

During Lu Wenhai’s tenure, corruption and bribery were true, and he did a lot of messy things and offended many people. Those people have been suffering from not having a chance to see him. This time, he felt God opened his eyes.

At this moment, the driver of Shao’s family drove the car to the hospital, and the news was found after inquiries.

Mother Shao in the car saw the chaotic scene and the reporters and photographers with news signs at a glance. She was stunned and did not get out of the car immediately.

“what happened?”

Sophia saw it too, but she was a little surprised at the same time she clapped her hands and applauded. What she could not do was that someone moved faster than her.

“Obviously, I must have known that Mr. Lu was in this hospital and he came to grab the front page.”

Sure enough, the rats crossing the street were all shouting and beating. Once exposed, Miriam’s reputation as the daughter of a corrupt official will never be washed away, and her reputation will be ruined. It depends on how she compares with her.

Shao Mu’s face changed immediately, “No, these reporters must not be allowed into the hospital.”

After she said that, she quickly told the driver, “Old Chen, call the police quickly, just to say that there is a medical disturbance at the entrance of the hospital.”

Sophia was taken aback, her smile changed, and she said stiffly: “Auntie, what are you...”

Doesn’t she hate that woman now? Still help her?

The driver said twice and quickly took out his cell phone to make a call.

Mother Shao stared out the window, her eyes faintly anxious, she said Shen Shen: “Miriam is still inside, if the reporters expose her and find out her three-year marriage with Achen, then Achen will be in the mall in the future. How to establish prestige? Our Shao family can’t afford to lose this person.”

Although she hates that woman very much now, she is still sensible. She can’t let the Shao family discredit her. Even if the marriage is exposed, she will have to wait for her son’s second marriage. By then, no one will notice that much. .

Sophia choked, and her mouth was as uncomfortable as swallowing a fly. She thought that the old woman would really rush in to find someone. It turned out that she still had so much attention.

It really made her spend so much tongue in the middle.

She didn’t care about the shame of the Shao family. She just wanted the woman to be ruined and let the old woman disgust her, and then let Bryan completely die of the messy thoughts.

She squirmed her lips, she covered her mind well, and said cautiously: "Then...are we still going in?"

Mother Shao retracted her gaze and immediately replied, "Of course I have to go in. This is an opportunity."

A good opportunity to humiliate people, she didn't believe that the woman could continue to haunt her son indifferently and cheeky. It happened that Achen was also at home, and we made it clear together. It was annoying to toss around.

Sophia was overjoyed, but there was a trace of worry on her face, and her soft voice said aggrieved: "What if Brother Chen is inside? And, when I am with you, he will definitely think that I brought you to find Coming..."

Mother Shao's eyebrows were cold, "He dare! Does he think his mother is a fool? I can find here without you."

In a moment, she softened her voice again, fondly caressed her hand, and said, "I know what you want for Achen. My son is too naive. After this time, I will definitely teach him. Let him break your heart again."

Sophia blushed, lowered her head shamelessly, nodding her head cleverly, "Well, Aunt Xie."

Shao mother smiled softly, turned her head and looked out the window, a strong mockery flashed across her well-maintained face.

It's not that she's never been young. It doesn't mean that she can't understand it if she is a little careful. Since she can see it through at a glance, it's better than those deep-minded women.

What she wants is a woman who is obedient and able to help Achen's daughter-in-law, not a woman who makes trouble all day.

Miriam didn't like it very much at the beginning. After getting married, she devoted herself to work. If it were not for her father's convenient position at the time, she would never allow that kind of woman to come in. Now it's even more impossible to make such a comeback. .

"Madam, the police have already been reported." The driver turned his head and said respectfully.

Mother Shao nodded, "Get off."

After that, he picked up his sunglasses and slowly put them on his face.

The driver got out of the car and opened the rear door.

Sophia pushed the door and got out of the car by herself, went around the rear of the car and took Shao's mother's arm, and looked at the people who were still not making trouble, "Let's go in from the side."

Shao Mu gave a hum, wearing sunglasses, avoiding the crowd with a serious expression, and walked in from the side.

Yan Ke, who was surrounded by the center and guarding Lawyer Yue, happened to catch a glimpse of the two of them in the chaos. He recognized Sophia at a glance, and his face suddenly changed.

"Lawyer Yue, be careful, I have something to go out." Pushing the security guard to the front, he squeezed out after speaking, and took out his cell phone to make a call as he walked.

"President Shao, your mother and Miss Fu are now in the hospital."

...

The three of Miriam were still in the room anxiously waiting for news, and they didn't know how things were going on at the hospital entrance.

Kristy couldn't wait, and said, "I'll go take a look, no one knows me anyway."

Miriam looked at her, before speaking, the door was suddenly knocked open with a bang.

"boom!"

It was like an earthquake, shaking the entire room.

The three of them were taken aback at the same time, Miriam took the lead to react, and immediately stood up and walked in front of Kristy and Lu Mu, and watched vigilantly at the three mature men who suddenly appeared at the door.

"You, who are you? What are you going to do?"

The visitor glanced at them, then looked at Father Lu, who was unconscious on the bed, lying motionless, as if he had confirmed something, and said in a low voice, "It's him!"

Miriam's eyes widened suddenly, her face pale, and she quickly walked to the bedside to block her, and sternly said: "Do you know this is a hospital? If you dare to do anything, be careful of the consequences, the police will be there soon."

Chapter 108

"Miriam!"

Mother Lu and Kristy were so scared that their faces were pale, they hurriedly walked to her and protected her behind them.

They actually broke in. What happened outside?

Kristy scolded, "You are too bold."

The three men asked fiercely, "Are you his family?"

Miriam's heart sank suddenly, and her scalp became numb.

These people are definitely not those keyboard guys. They were really persecuted by her dad to get revenge. There was a strong hatred and irresponsible determination in their eyes.

She panicked and hurriedly pushed Kristy, "Lin, you take your mother out quickly, my family's business has nothing to do with you, don't take this sewage."

Mother Shao widened her eyes and cried, "Miriam!"

"Auntie, thank you for coming to see my dad, but I don't want to hurt you with these things. Go back." She winked at Kristy eagerly.

If you can go out, you will be saved, otherwise the three of them will have troubles here. How could they have resisted three mature men, and she must not hurt a good friend.

Kristy bit her lip entangledly, and she said to Shao's mother: "Mom, you should go out first. These three friends are probably reporters who are interviewing. I just need to stay here."

Mother Shao was flustered, but she still kept a little sane, and nodded tremblingly, "Well, Mom will pour you some water."

Miriam pursed her lips and resisted her composure. Watching her walk outside, she seemed to be stepping on her heartstrings step by step.

"boom!"

Just the last step, the door that opened the gap was suddenly closed with a slam, the man twisted the lock easily, and the door was instantly locked.

"No one is allowed to leave!"

The faces of Miriam and the three of them turned dead gray, and their pupils tightened.

"You, what are you doing?" Kristy gritted her teeth and stared at those people, "Killing us, you are sentenced to a heavier sentence than the one on the bed, and the death penalty is undoubtedly. You have to think clearly."

“Oh, the death penalty? Today I don’t want to kill him, so I won’t make this trip.” A man in the middle gave a bloodthirsty smile and touched a dagger from his arms and smashed it on the chair.

The blood on Miriam’s lips faded in an instant, her clenched fingernails almost fell into her palms, her back was completely wetted with sweat, and panic from bottom to top struck her head.

She stared at the dagger and swallowed heavily, pretending to be calm, with a faint trembling in her voice, “Calm down several of you, let’s make it clear, even if you want to kill, let me die clearly. ?”

“My dad is a corrupt official and he is inexcusable. I have nothing to excuse. Several people who can be filled with righteous indignation come in and take revenge at the same time. I admire it, but good and evil are rewarded. I ask you not to hurt the innocent. My dad is okay.”

“Miriam!” Mother Shao couldn’t help it anymore, grabbing her hand, crying in disintegration, “I am your mother, you are all in trouble, how can you make me live!”

Miriam’s face changed, and she looked at her helplessly.

Mother Shao protected her behind her, crying and begging the people in front of her, “I’m her mother, and my husband on the bed, you want revenge to find us both, it’s none of my daughter’s business...”

“mom!”

“aunt!”

“Enough!” The three men roared impatiently.

“Do you want to die then? Well, I will do you all in a moment!”

Miriam squeezed the phone with her hand in her pocket and sweated. She couldn’t act rashly. If they angered them, the consequences would be even more terrible.

She breathed in and calmed down. She looked straight at the people on the opposite side, breathing slightly, “Several people, can’t you tell me how my dad hurt you? If you still have family members in your family, I still hope you can calm down, no Let the tragedy repeat itself and think about what your daughter will do in the future.”

As soon as the voice fell, the three people on the opposite side immediately became angry as if they had blown up their hair, their faces were stern, and they walked over and grabbed her neck, shouting in excitement, “I also mentioned this to Laozi because of your father. , City Two collapsed a project last year and killed many people, do you know? Do you know how many family members lived in the staff dormitory shed? My wife...my daughter...all buried underneath. The direct killer is the boss of the project,

but the judge Sentenced but said that the responsibility is not one person, and the sentence has not been his mother for ten years. This is what your good dad sentenced!”

“If it wasn’t for him to collect the money, if it wasn’t for him to play tricks behind his back, how could he be sentenced to this fart of time? He should be the death penalty, the death penalty!”

The more the man talked, the more excited he seemed to have lost his reason, and the strength in his hand was also out of control. Miriam’s cheek turned blue when he was pinched, and he gritted his teeth and pressed his hand.

“Miriam!”

“You let her go, let go!”

“Miriam!”

Mother Shao shouted heartbreakingly to break the man’s arm. Kristy frantically touched the chair next to her and was about to smash it, but was stopped by the other two.

“Let go, let me go! Miriam...” Kristy yelled and struggled violently, hoping that the voice could come out of the door.

However, the sound insulation of the hospital is very effective, and some of the sounds are also inaudible. It just feels very noisy. I thought it was the patient’s family members crying and didn’t care too much.

“cough.....”

Miriam couldn’t make a sound at all, only felt that his head was a little hypoxic, his eyes gradually turned dark, and his body began to lose strength.

“Die, die, I want you to pay for your life...”

The man suddenly smiled frantically, his eyes stained with blood.

“boom!”

The door was suddenly kicked open from outside.

“Miriam!” An angry roar sounded, and the man was kicked away quickly before he could react from his madness!

“Don’t move!”

Then a group of guards filed in and quickly stopped them.

Miriam swayed her limp body and was supported in time.

“Miriam!” Bryan’s frightened face turned pale and tense, and the blue veins on his forehead were almost torn off. Staring at her, he quickly shouted to the outside, “Doctor!”

“Miriam!”

There was an instant mess in the room.

At this time, there were two other figures standing at the door, Shao Mu and Sophia.

At that time, the two had been in the hospital, but Bryan would come out and stop them halfway through.

But no one would have thought that the time lost on the road turned out to be a fierce battle between life and death.
