

Let Me be Your Ex Chapter 155– 156

Chapter 155

Soon, Miriam knew why Zheng Yun suddenly hated her so much.

At lunchtime, in the company cafeteria, Miriam sat across from the table with the two little gossip girls in the department who caught a glimpse of Zheng Yun who was cooking, and directly came over and whispered.

“Recently, the people from the marketing department saw our department all the unpleasant, and their eyes really wanted to eat us.”

Miriam glanced into the distance, lowered her head and continued to feed Tian Tian, smiling low, “Is it as exaggerated as you say? We don’t usually hand over anything with them, why should we look at us?”

“Sister Miriam, haven’t you felt it?” A girl looked at her in surprise.

Mu Ming brought the food to the table and asked with a smile, “What didn’t you feel?”

Miriam’s eyebrows trembled a few times, and he felt like he was in a paparazzi team. It was a kind of trivial discussion.

“What else is the people in the marketing department. Because Sister Miriam recently won the two biggest projects this year, they didn’t grab it, and the performance couldn’t make it up. The bonus will definitely shrink at the end of the year.”

Miriam was taken aback, looked up at the girl, did not speak, but suddenly became clear in her heart.

It turns out that Zheng Yun targeted her because of this?

But those things with Monk Long Teng were not what she wanted to do. It was not her job originally. There was no way for Mr. Henry to ask her. How could she blame her, but if she had money, she would naturally not take it lightly. give up.

Mu Ming disagrees with his lips, “That’s what our sister Miriam deserves, and we exchanged hard work. How can we say that it is a rob? We didn’t rob them.”

The two girls smiled, “Yes, yes, but those people are also stingy. We haven’t been jealous of them before.”

Miriam lowered her head and wiped her mouth, and said with a smile: “Be low-key, you haven’t got the money yet, why are you happy?”

Longteng's project investment has been finalized, but Fengrui is still going through the process, and she doesn't know if there will be an accident. After all, she really can't see through Shang Rui, and she's not sure if he really wants to cooperate. .

"You have money to have motivation, of course you are happy." Mu Ming smiled and stretched out his hand to tease Tian Tian, his face unruly.

Miriam raised her eyebrows, glanced at him, and the doubts in her heart surged again.

The academic qualifications and ability in the pastoral name, if it is really for money, how can you stay here.

Probably because her eyes were unconcealed, Mu Ming was aware of it and looked up at her puzzledly, "Sister Miriam, why are you looking at me like this."

Miriam didn't cover it, looking at him with beautiful eyes, and asked directly, "If you were given a chance, you could go to work in large groups like Longteng and Fengrui, would you go?"

Mu Ming looked startled, but he didn't retreat or evade, and smiled casually, "Of course I would like to go if I have the opportunity, but I have self-knowledge, so it's better to be down to earth."

The two girls at the same table encouraged: "Tsk, little brother Mu Ming, you don't see that you are quite ambitious. Sisters believe you will definitely enter the top 100 companies in the future."

The complexity of Miriam's eyes was well concealed, but the smile on her lips faded a lot, "Well, I believe you too."

Everyone has their own choice, even if she is puzzled, why should she explore the privacy of others.

After that, Miriam stopped asking.

The next night, when Tian Tian was sent home after get off work, Miriam drove to the designated place.

I heard that the branch of Longteng had contracted half of the hotel. After she arrived, everyone in her department had already arrived.

"Sister Miriam, here."

Miriam walked towards them, like a small cocktail party, dozens of people, very lively.

"Which leader has their company come?" She lowered her head and asked Xiao Zhang in a low voice.

As the leader of the fraternity department, she has been late and must go to say hello.

“Over there, it’s Director Han.” Xiao Zhang pointed to the distance.

“Well, come and have a look with me.” Miriam smoothed the collar, and walked over her long slender legs, with a right smile from the corner of her mouth.

“Mr. Han, sorry, I’m late.”

The middle-aged bald man heard the voice, turned his head and saw her, he suddenly smiled, “Mr. Lu, you are finally here.”

Chapter 156

“Hello, President Han.”

Miriam politely stretched out her hand.

“Manager Lu, let everyone in your department let go, you’re welcome.” Mr. Han smiled heartily.

Miriam smiled faintly, “It is estimated that I did not arrive just now. They are afraid of being rude. I will talk about them when I look back.”

Mr. Han pointed to a group of playful young men and women in front of him, and praised: “Mr. Lu is really good at teaching people. The group of people below me are ignorant children. You see them crazy. Don’t laugh.”

“Young people, work hard when it’s time to work. Since you come out to play, you should let go. President Han is the most enlightened leader. The people in our department are all scared by me.”

Miriam smiled neither humble nor overbearing, and the flattery in her tone was calm.

Then, in front of Mr. Han, she turned to Xiao Zhang and said, “Let them not be cautious, get to know them all, and don’t care about me too much.”

Xiao Zhang nodded, turned and walked away.

Mr. Han’s eyes flashed slightly, his bright forehead reflected the light, and he suddenly smiled at her: “Manager Lu, let their young people go and make trouble, let’s sit next to you for a while?”

Miriam had no reason to refuse, and nodded politely, “Okay, please.”

She is only in her twenties, is she very old?

There was a couch next to them, and the two sat down next to each other.

President Han waved, and the waiter brought two glasses of red wine and walked over.

Miriam's eyes changed slightly, her face didn't show up.

Mr. Han held both hands and handed her a cup, thinking that he was a gentleman, "Manager Lu."

Miriam smiled, took it, touched him, took a sip, and put it down, "Mr. Han, you can also play with them."

"No, I'm old." The man sighed with emotion while holding his glass, touched his chin, "If I were ten years younger, I would definitely be better at playing than them, but an elegant and beautiful lady like Manager Lu should be the one The most dazzling in the audience."

Miriam blushed very cooperatively, and lowered her head pretending to be ashamed, "Mr. Han, you have passed the award. This kind of occasion belongs to a young man. I'm all married."

After working for a few years, she has not learned anything else. She has improved a lot in the ability to look at people, especially this kind of respectable old man. She can distinguish between true and false. Once she comes over, this person's eyes are Never removed from her.

She didn't believe they were still interested in a married woman.

"Manager Lu was married?" Sure enough, President Han was a little surprised.

Miriam also pretended to be taken aback, and then smiled indifferently, "I thought everyone knew it, but just left."

Self-deception is often a means to protect herself, and she doesn't care much about this image.

"Leave? Manager Lu really dare to love and hate, so young, I can definitely meet better." President Han's eyes flashed across a cold color, but the smile remained the same, his tone was kind.

"I think so too." Miriam was not humble at all, showing a bit of shrewd and capable arrogance, with red lips curled up, she took the initiative to raise a glass and touched him, her voice soft and calm, "Does Han always have children? "

In this kind of situation, it is not appropriate to talk about work, and if you want to avoid the other party's unruly thoughts, it is of course best to talk about family affairs.

Mr. Han didn't expect that she would suddenly come to this topic. He was taken aback for a moment, then he sank and smiled lightly, "There are two, both of whom are in junior high school."

"One son and one daughter?"

"Ok."

Miriam was really surprised, "Then you are really a winner in life, and you have a successful career."

Don't forget to remind you besides flattery.

The man smirked, "It's okay."

"Then you and your wife must be very affectionate." Miriam thoughtfully pushed the fruit snack in front of him and smiled casually.

The expression on Han Zongguo's face became more rigid, and he glanced away, "Uh... it's okay."

Miriam smiled politely and stopped talking.

After a while, Mr. Han's cell phone suddenly rang, and he nodded apologetically to her, "I'm sorry, I'll answer the call."

"It's okay, you are light."

President Han took out his mobile phone, walked straight to the far corner, pressed to connect, and his face instantly became gloomy.

"This is the present you gave me tonight? A second-hand product is also stuffed with me?"

There was a sneer from a woman on the phone, "Do you still want me to find you a pure and innocent girl? I let you do things tonight, not for your pleasure. If it breaks my business, I will do it tomorrow. Shake your ugly things out and get you out of the company!"

"You!" Mr. Han's face turned black.

"You know, what our president hates most, I can let you sit in this position, and I can ruin you immediately."

President Han's expression changed.

Miriam sat alone for a while, and Mr. Han hadn't come back yet, Mu Ming came up, "Sister Miriam, why don't you go there?"

In front of Mu Ming, she was too lazy to pretend, and pulled the corners of her lips casually, "I don't want to move if I can't move."

Now that the belly is getting bigger and bigger, pregnant women are prone to sleepiness and fatigue. She endures working every day.

Mu Ming frowned immediately, and said concerned: "Why don't you go back first, we still have us here."

"No, their director is an old and cunning character. If I leave, tomorrow the industry will report that Yingxinyan is above the top, and he will not even give Longteng's face. I will definitely scold me when I look back."

Mu Ming tilted his head and leaned closer and whispered: "You don't wonder why they only invited our department? Did you know Director Han before?"

"I don't know." Miriam's expression slowly turned right, and she also thought about it, "I don't know too well."

It was the first time she met Mr. Han.

It is the director of the Longteng branch. She hadn't met before when she went to the company with Bryan.

Mu Ming said in a low voice, "That old man, isn't it because you are young and beautiful?"

"..."

Miriam was startled, her deep and dark beautiful eyes stared at him without turning for a while before she said in surprise, "Mu Ming, are your eyes see-through?"

I can see everything.

Of course she knew that it could not be perspective, but she was a little surprised by his keenness, which made her think of his ability again.

Mu Mingjun's face immediately became cold, "What did the old man really do to you?"

"No, he doesn't dare to have that courage." Miriam smiled.

Mu Ming glanced at her and suddenly smiled, "Yes, if he dares to move you, Mr. Shao will probably tear him up."

"..."

Miriam glared at him secretly, without saying a word.

She finally understands now, this kid probably has seen her relationship with Bryan long ago, and is pretending to be stupid.

President Han came back and said to everyone, "Supper is ready, everyone should go upstairs."

"Really willing to book half of the hotel." Mu Ming chuckled, his eyes somewhat meaningful, "Sister Miriam, you say, who pays the money, Long Teng? Will they always know about it?"
