

Let Me be Your Ex Chapter 177– 178

Chapter 177

Miriam's eyes lit up, "This is what you did for a long time? It's great, come and kiss me."

Without waiting for the little girl to move, she lowered her head and smiled and kissed her on the forehead, and then led her up, "Auntie will take you to dinner."

Someone happened to knock on the door.

"Please come in."

Mu Ming's handsome face stretched out, and when he saw them, he laughed and said, "Sister Miriam, are you going to eat?"

"I'm going." Miriam put on the little girl's coat and got up to look at him.

Mu Ming opened the door and walked in, "Need my help?"

Before Miriam could say anything, he had already walked up to Tian Tian. He was about 1.8 meters tall and was two heads taller than Tian Tian. He also forced a smile that he thought was very gentle, and said with a whimper. : "Little baby, let Uncle take you to eat, okay?"

Tian Tian looked at him without responding. Comparing with his expression, it could be described as indifference.

Mu Ming twitched his eyes in embarrassment, and continued to laugh and coax, "I am the uncle sitting outside. We have seen many times... Uncle won't hurt you."

Miriam was so sick of his goosebumps that she couldn't help but patted him, "Okay, I'm almost scared by your wretched look, don't talk about her."

"..."

Mu Ming pursed his lips and looked at her sadly, her fair and handsome appearance had the temperament of an idol star.

She said funny: "Let's go, let's go together, I'm almost starving to death."

In order to avoid the man in the morning, she just ate some casually under the company. Now she is really hungry.

The food intake of pregnant women is becoming more and more obvious. She can eat more than a man now. It is melancholy to think about it.

Mu Ming glanced at Tian Tian with a depressed expression, then stood up and followed them out.

Other staff of the department also followed them out one after another.

As soon as a group of people walked out, they heard someone shouting outside, "Which is Lu, Miriam?"

Everyone was taken aback.

Miriam was also in a daze. When he looked over, he saw a man in work clothes walking over with a large bag, "Hello, I'm looking for Miss Miriam?"

At the time of the meal, everyone rushed out, stopping to watch when passing by.

Miriam was speechless by everyone, and could only bite the bullet and step forward, "I am."

"Oh, Miss Lu, this is the takeaway you ordered."

The man passed the two large lunch boxes in his hand.

Miriam was dumbfounded, her expression was extremely daunting, "Takeaway? I..."

When did she order takeaway?

Seeing that she hadn't picked it up, Mu Ming stepped forward to pick it up, and reacted very quickly, "You won't be so busy that you have forgotten to order the takeaway?"

Miriam was taken aback, reacted instantly, and laughed, "Uh, I forgot..."

At the same time, someone around him exclaimed: "Sister Miriam, you...with Tian Tian, can you eat so much?"

"..."

You don't have to think about who did it. Miriam really wanted to get the man over for a fight. Although she has increased her appetite now, she definitely can't eat that much, but if you give them something, Well, this is obviously not enough. It's the peak time for ordering meals. She just reorders temporarily, and she won't be able to deliver it for a while.

She stared at the two big bags in Mu Ming's hand, twitched the corners of her lips stiffly, and was thinking about answering quickly in her mind, when she heard a sound that was neither salty nor indifferent.

"It turned out to be Yunhan Tower's food."

Miriam lifted her eyes and saw Zheng Yun walking slowly, her eyes fixed on the bag in Mu Ming's hand.

Zheng Yun retracted his gaze and looked at her with a smile but a smile, "Yunhan Building does not order food online, unless it is ordered by their distinguished guests. Moreover, their lunch boxes and packaging are different. I think...it should be. What kind of friend ordered Manager Lu? This is not something ordinary people can afford."

Miriam's face changed.

The LOGO of the lunch box is displayed there, and she can't deny that it's not Yunhan Tower. Even if no one else has been, the name of the restaurant is a very high-end Chinese restaurant. She just said that she ordered it herself. To deny is a guilty conscience, but if she insists, she is a manager, it would be too extravagant to have a meal, maybe even the subordinates of her department will have to talk about it later.

"We ordered it."

Miriam hadn't thought about how to answer, a girl behind her suddenly stood up and said to Zheng Yun: "These are all booked by our department, and I haven't told the manager that she has been taking care of the children while not delaying. At work, I thought I passed out without eating well, so I planned to order something for her quietly."

As she said, she turned her eyes and blinked at her colleagues, then looked at Zheng Yun again and smiled, "Mr. Zheng, is it wrong for us to do this?"

Mu Ming raised the bag with both hands and smiled wickedly."Manager Zheng probably hasn't encountered this situation before. It seems that next time I should talk to my marketing department buddies to let them know that their managers are also very good hard."

Zheng Yun's cold expression became a bit gloomy, and he scanned the group of people in front of him, and sneered coolly, "If you have time to spend your time and give up on your boss, it is better to think more about work."

Cold eyes shot at Miriam, she then mocked, "Manager Lu is really capable, this small department is about to become you, I guess they won't listen to Mr. Henry's words, it's like my department, it's actually a bit disobedient. Do it against me."

Everyone's expressions changed, and suddenly they all silenced.

They are not fools. Talking at this time will only make it more difficult for their managers.

Miriam lay warm in her heart and was moved by the group of children. She was silent for a while. She glanced back and swept her lips, her voice was calm and calm, "Manager Zheng, if you want a horse to run, you have to give it to the horse. Children eat grass, and they can only work hard if they are kind to them. If you were so stern like you every day, people like me should have been scared away."

“If you really think I have the ability, you can find a time next time, and I will teach Manager Zheng a good experience.”

Zheng Yun, “...”

After the woman left with a shit-eating expression, Miriam waved his hand to let everyone enter the house.

Closing the glass door, the girl who spoke just now patted her chest in fear, and said in shock: “I was really scared to death just now, god, that woman is really scary.”

Others smiled and praised, “It’s amazing, you are so quick to respond, I haven’t reacted yet.”

Mu Ming also admired and nodded, “Miss Sister, you just won a tough battle.”

The girl was embarrassed for her very good personality. Then, she looked at Miriam, “Sister Miriam, I actually thought that this meal might have been brought by Mr. Shao just now. I’m afraid you will be embarrassed. I didn’t think much about it... but I didn’t expect Manager Zheng to have such a rhetoric. If it gets to Mr. Henry’s ears, will it cause trouble to...?”

Miriam looked at their words and said, her heart was touched, but she also felt guilty.

Her pregnancy will eventually be exposed. They are helping her now, and they will know that they have been deceived from now on. I wonder if she will be blamed.

Her mood sank, she smiled and said gratefully: “I really thank you just now. I will pay attention to Mr. Henry. Don’t worry.”

Chapter 178

As she said, remembering something, she waved her hand to Mu Ming, and said, “Let’s put it here. Let’s eat together. It may not be enough. Let’s go to the cafeteria and play a little bit. Tian Tian and I will definitely not be able to eat so much.”

Mu Ming immediately shook his head and frowned, “Well, you are really too tired recently and need nutrition. We can go to the cafeteria to eat.”

Only two of them could understand the deep meaning of the words, but Miriam still couldn’t laugh or cry: “Nourishment is not supported. I can’t eat so much when I die. It’s a waste to look back.”

She waved to the other people again, urging: “Hurry up, go to dinner, I am waiting for you here, you are almost starving to death.”

A girl raised her eyebrows and joked, "That's not okay. If we let Mr. Shao know, would we not be able to eat?"

Miriam, "..."

She helped her forehead speechlessly, a little embarrassed, and a little helpless, "Then...I will call him now and let me know?"

If it weren't for so many people here, she really wanted to make a phone call and scold her, and deliberately mess with her, right?

"Hehe... okay!"

Everyone immediately looked at her with a gossip expression.

"..."

As a result, a group of people solved the two big stuffed meals in the department.

After the meal, enter the lunch break.

Miriam put Tian Tian to sleep on the sofa in the office, yawned, went back to sit in the office chair, and called Bryan.

"Hey." She whispered, her eyes still looking across the window to the other side, although she couldn't see clearly.

"Done? Doesn't suit your appetite?" The man's voice was gentle and pleasant.

Miriam raised her eyebrows, curled her lips and uttered two words, "Not enough."

Didn't he order food at the meal because her mother said she had a bad appetite?

Feeling that what she had guessed was almost the same, she curled her little mouth to express contempt, and she became more and more provocative.

Bryan also understood her meaning instantly, and laughed in a low voice, "Okay, then order more tomorrow, or else, go to the hotel at noon. Your subordinates should all want to see me."

"..."

The blue veins on Miriam's forehead jumped.

Squeezing the phone, she gritted her teeth slightly, "Bryan, do you have to make everyone known? Do you know that it will cause me a lot of trouble?"

The man's tone has not changed, "I only care about your physical condition now. Also, if you have time to take care of other people's children, don't you think about your own condition? It's been more than four months. You are not afraid, I want to I always worry about it, even the slightest accident, I don't want it to appear."

Miriam opened her mouth, but she couldn't speak, her mind was serious.

She always knew what she was competing with him, but she didn't want to compromise easily.

She closed her eyes and pressed her temples lightly, her voice softened a little, "I will go downstairs to eat by myself in the future. You don't have to bother to order it for me, and also order Yunhan Tower. You are afraid that others will not know the takeaway is. Did you order it?"

Just their President Henry did not dare to eat Yunhan Tower every day.

I thought he would admit his mistake or explain, which one, he just gave a faint sigh, understatement, "I will pay attention next time."

"..."

Pay attention to the fart, nothing in his words is true, she doesn't believe it. Lifting her eyes, she caught a glimpse of Tian Tian who was asleep. She moved her eyes and asked: "By the way, the expert friend you mentioned earlier, if it is convenient, can you give me his contact information now?"

The man faintly said, "I didn't tell you, you tell him first, if he agrees, let him come to me."

Miriam frowned, "Is there a difference?"

The man's tone was very weak, "You don't have to say, I think you take care of her and take care of it quite happy."

Miriam, "..."

Why does it sound sour?

Rolling her eyelids, she said without any warmth: "I'm dead."

"Ok."

Miriam cut the call and dialed southeast without hesitation.

After persuading for a while, the man agreed. Although he didn't know what he would talk to Bryan later, he went to Lujia to pick up Tiantian the next morning.

In the apartment, Miriam looked at the child returning to him with some dismay, "Sorry, brother, I haven't seen much effect these days."

Although reluctant to give up, but also for the sake of the child, he is willing to try again, she naturally looks forward to it.

The man is probably going out, dressed in a very formal, simple suit, warm and handsome, with a warm smile as always, "I should apologize for giving you so much trouble these days, it was not done overnight, we Don't be too impatient."

"Yeah." Miriam nodded, then looked at him and asked, "Then you are going to go now?"

"Well, I have already made an appointment with the doctor." The man bent over to pick up the child and smiled faintly. "However, the doctor is abroad and I have to take a few days off. I may not be able to contact you for the time being."

"Foreign?" Miriam was a little surprised.

Is that friend Bryan abroad? He never mentioned it to her.

Xiang Dongnan nodded, stroked his daughter's head, and smiled gently, "No matter what, I have to try this time. Even if I don't trust the doctor, I will show Mr. Shao some face and take a trip."

Miriam's expression changed slightly, and she quickly smiled brightly, pinching Tian Tian's soft face, and saying in a low voice: "You don't need to care about him too much, concentrate on treating your child."

Xiang Dongnan's calm gaze fell on her slap-sized face, her eyes dimmed a bit, a little lost, and some indescribable emotions were mixed.

He was suddenly jealous of the man.

He clearly understands that his feelings for her, from the calm and liking at the beginning, to the enthusiasm and impulsivity, have been fundamentally different, and they have long been beyond his control, but they have become just him, she Perhaps it hasn't been shaken from beginning to end.

But he didn't say anything, he just looked at her quietly.

Miriam is not sensitive, but she can still feel his gaze. Since the last time she confessed, she has relaxed, but she doesn't know how he is. She can always feel this when she stays with him. Kind of attention all the time.

She is very heavy and feels guilty. She owes him a lot and always wants to help, but apart from Tian Tian, he probably has no problems that he can't solve.

Bryan, who came up from an unknown time, caught a glimpse of this scene from the open door. He only felt that it was quite an eyesore. He lightly stabbed his heart and made a lukewarm voice, "Mr. Xiang didn't catch the plane?"

Miriam was taken aback, subconsciously stepped back and looked at him, "Why are you here?"

Without looking at her, Bryan walked into the house with long legs and said in a low voice, "I have something to explain to Mr. Xiang. You go and clean it up. I will send you to the company later."

"..."

Miriam instinctively wanted to open her mouth to refuse, but she still held back the words when she talked. It was enough if the two of them were arguing, and the embarrassing thing was fine.

Glancing at him, she turned back to the bedroom.
