

Let Me be Your Ex Chapter 193– 194

Chapter 193

From the moment he sat next to him, Miriam felt his breath, did not move or struggle, still closed his eyes and let him hug, and faintly said, “You have done nothing wrong, why do you apologize to me?”

“Wrong, I shouldn’t have brought out the jealous emotions and sent it to you.” The man said, his voice became softer and softer, and the fine kiss gently landed on her forehead.

Miriam was taken aback, opened her eyes, and met those affectionate eyes that no longer concealed him, a little surprised that he would be so direct, “Jealous?”

She could hardly imagine this word came out of his mouth.

The man stared at her with a ripple in his eyes, and smiled bitterly, “Is it weird? I would be jealous of any man in the matter between us.”

“ ... ”

Miriam stared at him blankly for a few seconds, then suddenly closed her eyes, almost not suppressing the surging emotions in her heart.

He actually said he was jealous.

The man looked at her overly calm reaction and frowned, “Don’t you believe it?”

Miriam just wanted to say something, when she heard the voice broadcast to her number, she opened her eyes and pushed him away to stand up, “It’s me.”

The man’s brows tightened, his face looked a little ugly, but he got up and quickly followed.

After applying the medicine, the burning sensation was quickly covered by the cool feeling. After asking the doctor, it was confirmed that there was no serious problem. The two took some medicine and left the hospital.

After returning to the hotel, Miriam kept silent about what he said in the hospital. I don’t know if he really forgot or ignored it on purpose. Bryan was afraid to upset her again, so he didn’t ask again, but the pair seemed to be hidden. After a lot of thoughts, the eyes have never left her.

Miriam could feel his strong gaze no matter where he went. At first, he was a little uncomfortable, and finally became irritable. He glanced at him with his notebook, and said, “I’ll go to Xiao Zhang and ask something, don’t follow.”

The man reduced his expression, and a few seconds later, he gave a faint hum.

Miriam breathed a sigh of relief as soon as she got out of the room, looked back, suppressed her emotions, and turned to Xiao Zhang's room.

The other is a double room. Xiao Zhang and Mu Ming live together. Miriam knocks on the door and enters. Xiao Zhang sits at the table and looks at the computer. Mu Ming bows his head to organize his clothes.

Miriam blinked and was taken aback, "Are you going out?"

She zipped up her coat and smiled at her."Yes, I told you before. There is a classmate here. Since he is here, I want to see her and come back later. If you have anything urgent, just call me."

Miriam remembered, nodded and smiled, "It's okay, go to play with you, don't worry, there is Xiao Zhang here."

Mu Ming stroked the collar, his fingers suddenly paused, and he looked at her hesitantly, "Sister Miriam...noon...my words, you and Mr. Shao don't go to your heart, I'm just playing."

Miriam was startled, then shook her head, "No, did you say anything wrong, why do we take it to heart? You have your own choice, and sister will support you."

As she said, she patted his shoulder encouragingly, "Go, have fun, don't be too late at night."

Mu Ming smiled warmly on his lips, "Okay."

After they left, Miriam put the computer on the desk and turned on her face, her face recovered calmly, "Xiao Zhang, what did you find at the company this morning?"

Xiao Zhang heard this, let go of the mouse, turned the chair to look at her, his expression became serious, "I also heard those two Fengrui people talk about it, it seems that some turbulence occurred in their Jiangnan market, which directly led to the division of the following three companies. The ministry suffered heavy losses and even faced closure."

Miriam's expression became solemn for a moment, her brows frowned slightly, "So serious?"

Fengrui said that it has been developing for ten years, step by step, and all aspects of strength are obvious to all. How can it be easily shaken? And it is impossible for Shang Rui to allow this to happen.

Xiao Zhang looked at her with deep meaning in his eyes, "Sister Miriam, do you know who Feng Rui's biggest competitor in Jiangnan is?"

Miriam was still thinking about the question just now, and asked casually, "Who?"

"Long Teng." Xiao Zhang looked straight at her.

Miriam was silent for a while, a few seconds later, she looked at him unexpectedly, "Long Teng?"

She didn't even know.

"Where did you hear about it?"

Xiao Zhang pursed his lips and explained: "I also just learned that Longteng and Fengrui are the two largest in Jiangnan and are currently competing for the authorization of a well-known European brand. This is internal news, and I have just found it, although The surface looks calm and the waves are calm, and the fight in the dark is already surging."

Miriam's expression became more solemn, she put her fingers on her lips, and she looked down and thought.

Kyoto and Jincheng, including City Two, belong to the Jiangnan area, and their economic development is relatively strong.

Could it be that Shang Rui went to City Two suddenly for this? Suddenly returned to Kyoto because of the company's accident?

But why didn't Longteng show any movement? At least she didn't see anything from Bryan's face, and she didn't believe Shang Rui would do nothing.

Frowning for a while, she suddenly looked at him and said: "Look back and check for me to see if there is anything going on in Long Teng."

Xiao Zhang's serious expression suddenly broke his work, and he smiled ambiguously, "You are so worried about Mr. Shao, it is better to ask him directly, he must know more than I do."

Miriam suddenly rolled her eyes, "Will you discuss the secrets of your company with others? Besides, which one of your eyes sees me caring about him? I have a monthly salary of 20,000. I have to worry about someone with an annual salary of over 100 million. Are you sick? I am a confidant."

Xiao Zhang was not afraid of death and continued to joke, "Others may not, I think Mr. Shao must know everything about you."

Miriam's smile turned cold, and she kicked his chair directly, "Hurry up and get to work, there is so much nonsense."

Even if she wanted to inquire about Long Teng, how could she let a man know.

In the other room, Bryan sat on the sofa, holding a tablet in his arms, tapping the keyboard skillfully with one hand, and holding the phone with the other to his ear.

Miller's laugh came from the phone, "I said, buddy, you're a bit too cruel this time, right? One move to control the enemy and not give them any time to breathe."

The man looked at the screen expressionlessly, his voice did not fluctuate, "A month is short? If Shang Rui hadn't spent so much time in City Two, this matter would not have much effect on him at all."

Miller said lazily, "Is it because he spotted your woman in City Two?"

The man's slender finger paused, and continued to slide the cursor, and asked in a low voice, "What can you do if you call me at this point?"

"Hehe... Of course something big."

Bryan narrowed his eyes and frowned, "If you are free, go to your friends and friends to make a game. I don't have time to accompany you."

Chapter 194

He said that he was about to hang up, and there was a shout from there, "Wait!"

"I'll go! I beg you, buddy, you just can't help it?"

Bryan frowned and said coldly, "If you continue to talk nonsense, I don't mind giving you another ride."

"Well, I said, the simplest and rude, lend me some money, I want to go abroad to avoid the limelight."

"Okay, I wrote back the IOU and contacted Lin Shui."

After the man finished talking, he wanted to hang up again, which made Miller a little crazy over there."Wait, my brother, don't you ask me what happened?"

What if he is threatened by blackmail? Does he care about it?

Bryan said lightly, "I'm not interested, as long as you remember to return the money back to me."

"..."

Miller was about to turn into ice with a chill, and he snorted, taunting: "Sure enough, it's a thing to forget friends. My old man is holding you up to the sky while stomping on me. These days, he has found a lot for me. The woman went on a blind date. In order to

prevent me from running away, I froze the cards. I was about to be tossed to death and went out to hide. If he comes back to find you, you will have to stand it up for your buddies.”

After hearing this, Bryan raised his eyebrows without expressing sympathy at all, and curled his lips: “If he knows that I loaned you money, he might be angry with me when he turns around.”

“How could he be angry with you when he sees you more than his father?” Miller snorted.

“...”

Bryan raised his eyelids and said indifferently: “He asked you to go to the company. You don’t want to do it. You have nothing to do with finding a woman to marry and have children. If he is not in a hurry, I will doubt if you are your own. Okay, yourself. Be careful, don’t overdo it.”

Miller snorted, and his tone was sour and autumnal: “You are not standing and talking now, and your back hurts. Your wife and children are all in one pot, and you will take everything good. Of course you will not ask for anything. If the old man knows that you even have children, then I may not even be able to go home.”

Bryan’s thin lips curled up, and his tone was obviously lighter, “Then you are ready to wander on the streets now.”

“...”

After hanging up Miller’s call, the man looked down at the screen, caught a glimpse of Yan Ke’s coming display, and then dialed back.

“Hey.”

“President Shao, someone went to the police station to visit Han Yang these past two days.”

Without moving his eyebrows, Bryan continued to browse the computer page, and asked casually, “Who?”

“It’s a confidant of the Fu family.”

Fu family?

A cold light flashed under the man’s eyes suddenly.

After being quiet for a while, his face was so deep that he couldn’t see what he was thinking, he calmly said, “You continue to stare, and I will deal with other things when I go back.”

“Ok.”

Miriam pushed the door in from the outside, and the man just hung up and put the phone aside.

She glanced at the computer in front of him, staring at him, her voice very weak, “Are you going to stay with me all the time?”

The man looked at her gently and patted the sofa beside him, “Come here.”

Miriam approached, but did not sit down, stretched out her little hand, and said, “Give me your ID card. If you don’t go, I’ll book a room for you.”

Regardless of whether Long Teng is also in an accident, he is definitely not as idle as it seems on the surface. Staying with her, he will not focus on work anyway, and she can’t concentrate.

The man took her hand, increased his strength, pulled the person into his arms, stretched out two fingers to pinch her face, he laughed, “You just slept for a night and you will drive me away? I haven’t tasted it, you are too stingy.”

Sweetness?

Mentioned that last night, Miriam’s face turned red, her angry cheeks bulged into buns, and she stared at him fiercely, “Is that one night for you? Have you eaten for half a day? You added it three years ago? One piece is not as good as yesterday, Bryan, how come I haven’t noticed before, you are a beast!”

“...”

The woman’s shy cheeks still carry resentment, which makes people feel a little cute.

Bryan smiled happily, leaned back and pressed her half of her body into her arms. She seemed to be lazy, and her speech became untuned.”Maybe I have been holding back for too long.”

Miriam pouted her lips bitterly, still not forgiving, stretched out her hand and pushed him, “Sure enough, it’s still an animal, you let me go!”

With the soft fragrance in his arms, Bryan was rarely satisfied for a moment, looked at her deeply, and for a while, turning his fingers slightly, unbuttoned her coat.

Miriam was startled, and hurriedly grabbed his hand and said loudly, “Bryan, you still come.”

Didn’t have enough of this stubborn guy yesterday?

The man bends his lips lightly, takes away her hand, puts his palm into the coat, and touches her slightly raised abdomen, "What do you think I want to do?"

Miriam stayed, watching his movements, her ears became slightly hot, and she bit her lips, "It's only four or five months, what can you feel?"

The man gently stroked his palms, his palms were soft, as if he had felt the heartbeat inside, and frowned slightly, "Since you are twins, why don't you have a big belly?"

He thought privately, if he could be a little older, he would have reason to take her home.

Miriam was taken aback, and raised her small hand to caress her, the expression in her eyes gradually turned softer, "It may be related to physical fitness, as long as they are healthy."

The man touched her, her big palm suddenly covered her little hand, and the bottom of her heart was soft. His chin was against her forehead, and the other hand and five fingers lightly passed through her long hair. His eyes were gloomy, "If you don't take care of yourself, how can they? Can you be healthy? In your eyes, work is probably the most important thing."

Miriam's eyelashes trembled lightly and fell silent, but silence was the default.

From university, to marriage, divorce, and now, she has never been able to rely on only herself. Capital is her job. The only thing that allows her to survive without any random thoughts is work. Even if she wants to be lazy, she doesn't. Someone who can make him act like a baby.

When she missed him, she could only use work to paralyze.

She raised her head and looked at his face, as if she had met for the first time, watching carefully, and after seeing it for a long time, her eyes seemed to be covered with a thin layer of mist, deep and complicated.

When the man saw her like this, his heart seemed to be grabbed by something. It didn't hurt, but it was a little stretchy.

Sore, he suddenly lifted her chin and kissed her face, once and then, from the forehead to the eyes, and then to the nose, the lingering kisses, and finally landed on the lips, gently prying open her lips, gradually deepening That kiss.

Kyoto, a tea house, elegant and quiet atmosphere, every piece of furnishings looks extremely luxurious.

After passing through a few screens, the figure in black sweater and trousers walked in with the waiter.

The incense burning in the corner spreads throughout the space, and a woman sits on the open-air balcony outside the circular arch.
