

Let Me be Your Ex Chapter 201– 202

Chapter 201

“You said his wife’s surname is Song?” Miriam’s mind suddenly appeared in Miriam’s mind. The very temperamental woman that I met at the company in the morning. Although she looked very cold, she helped herself. Miriam was very grateful. .

“Well, what’s the matter?”

“It’s nothing.” Miriam shook her head, looked at his deep and handsome face, and asked: “Then why did Shang Rui suddenly decide to cooperate with Yingxin?”

After knowing Shang Rui’s purpose, she didn’t believe that he could see Yingxin, and she still didn’t believe it, but after a conversation with this man last night, she suddenly changed her attitude, which made her a little strange.

The man pursed his lips and smiled, “Since the showdown, he doesn’t need to hide it. He knows your relationship with me. Although he doesn’t like Yingxin, after the cooperation, as long as you stay in Yingxin for one day, you belong His sight range is good for him.”

Miriam was slightly stunned, and then curled her eyebrows, “Why is this man so perverted? Commercial competition, even this kind of indiscriminate means, I am a pregnant woman, he would not let it go.”

Although she didn’t regard him as a gentleman when she first saw him, she is definitely a hypocrite now, with a knife hidden in her smile.

Bryan touched her head with a low and steady voice, “Don’t worry, I won’t even be able to protect my wife and children.”

Miriam’s heart beat. It seemed that this was the first time he said...to protect her.

Although it seems to be casual, it is indeed very different.

Gently bit his lower lip, pushed him away, angered, “Who is your wife, you think too much, I don’t need you to protect it.”

She is not stupid, since she knows his purpose, she will definitely not jump in stupidly.

The man’s eyes were deep, and she knew that she hadn’t let go of some things, so she didn’t continue to argue, got up and went to the bathroom to get a hairdryer.

Miriam looked at his suddenly silent figure, her pink lips slowly pursed.

On the second day, Bryan had to go out for a while. Miriam also took Mu Ming and Xiao Zhang to Fengrui to get materials early in the morning.

However, as soon as a few people entered the company, they were all staring at them. It was just in the lobby on the first floor that dozens of pairs of eyes looked towards them. No, to be precise, they should be staring at Miriam with weird eyes.

Miriam didn't care at first, but when she went through the process, she went to several departments and showed the same situation. After leaving and walking in the corridor, she finally couldn't help it. She frowned and looked at the two of them pointing to herself. "Are they looking at me?"

Xiao Zhang hesitated looking at her.

Mu Ming nodded directly, with no strange expression on his expression.

Miriam fixed his eyes on his face, "Do you know why?"

The pastoral name Mimi smiled, without any worry at all, "Because Mr. Shang's chase yesterday, and the fact that he invited you to dinner tonight, has now spread throughout Fengrui. After all, they are always young and promising. Beautiful and gentle, the most important thing is that no woman has appeared around him, so I will remember you in a moment."

Miriam was startled with a look of inexplicable expression, "He didn't say anything strange when he chased it out yesterday. Besides, for a meal at night, even with the few of us present, it can pass so quickly? Is this a company or a paparazzi?"

No one in such a big company knows that they are still married. Sure enough, people like them like to play hidden marriage.

Suddenly she remembered that Miss Song yesterday, the cold and dusty woman, did not stir up ripples in her heart as she surfaced.

Mu Ming licked his lips and said with a smile: "If you don't even know how many women your boss has, are you still good employees?"

"..." Although it was a bit exaggerated, Miriam couldn't refute it.

Xiao Zhang was also amused by him, and curiously said: "I don't know how many Henry always has. Isn't it a good employee?"

"How many? Mr. Henry is just a wife. Don't learn from him those messy things." Miriam interrupted his question directly and rolled his eyes speechlessly.

So openly discussing the personal affairs of the leader, when her boss does not exist? Is she usually too kind to them?

“Let’s go, finish early and go back early.” Hurry up and leave this broken place, she doesn’t want to stay here for a moment.

The three of them took the elevator to the twelfth floor and walked out of the elevator. Miriam waved his hand and said, “You two go first. I’ll go to the bathroom.”

“Oh, good.”

After a sound of flushing, Miriam pushed the door out, washed her hands, stood in front of the mirror and sorted her clothes, and another door was pushed open behind her. The woman bowed her head to tidy up her skirt, walked to the sink and opened the water to wash her hands before lifting up His eyes suddenly froze.

She looked at Miriam in the mirror left and right, as if she had confirmed something, slowly narrowed her eyes, turned to look at her, and said, “It’s you?”

Miriam was taken aback for a moment before paying attention to the people around him. She paused with her dark long hair and turned her eyes to look at her, her pretty white face froze suddenly, “Wei...Manager.”

A woman in her thirties with an exquisite make-up look is not the same manager who trained her in the meeting room yesterday because of the coffee. She never thought that a company of that size would meet her for the second time, so she became a fashion designer. Staff, never expected to meet again today...

No, wait! Room 1206?

Isn’t this the twelfth floor?

Miriam raised her eyes and looked around, suddenly there was an urge to help her forehead.

“Um...Manager Wei, I have something to do, so I’ll leave first.”

She smiled dryly and said she was leaving.

“Wait!” The woman’s arrogant voice opened, blocking her way.

Just when Miriam thought she was going to say something, she suddenly took out her mobile phone and opened it, glanced at her, then at the phone again, “Your last name is Lu?”

Miriam’s face changed, she leaned forward, tilted her head and glanced at her, her eyes instantly cold, “Where did you get this picture?”

She had to look at it again. Manager Wei immediately took the phone away and glanced at her up and down, his eyes disdainful, and the tone was lightly said: “I really thought it was a big man with the company’s turmoil.”

Miriam's brows frowned suddenly, and the picture still appeared in his mind.

Yesterday she was scalded by water in the president's office, and Shang Rui sat on the sofa holding her wrist.

The angle is very good. The man lowered his head slightly and looked at him from afar, close to him. The ambiguity and affection overflowing the picture could not be concealed.

At that time, there were only two of them, and who would dare to approach that office?

No wonder everyone in the company recognized her at a glance this morning. No matter how good their eyesight, she stayed on the first floor for the longest time yesterday.

The more I thought about it, the more it became angry, the temperature in Miriam's eyes became cold. Without saying a word, she suddenly walked around her.

Manager Wei was taken aback for a moment. He wanted to make a mockery. Before saying that, the woman ignored her and left, and her face was flushed and blue with anger.

“you you.....”

Chapter 202

Miriam suffocated her anger, her fair and pretty face was covered with a thick haze, she went out of the bathroom and went straight to the top president's office.

The door didn't knock, and he broke in.

The man in the office seemed to be taken aback by her. He raised his eyes to see that it was her, his expression returned to calmness, closed the pen, and smiled lightly, “You are here.”

Miriam stood at the door for two seconds, staring at him slowly walking in, her eyes full of sarcasm, and sneered, “Since it's already a showdown, why should President Shang continue to pretend, don't laugh if you don't want to laugh.”

The man's eyes dimmed, looking at the delicate and indifferent face of the woman in front of him, but his smile remained unchanged, “Do you think I pretended to be in front of you?”

Miriam pulled out a ridiculous arc of red lips, “Pretending for a long time, can you tell which one is the real you?”

A calm and indifferent smile appeared on the handsome face of the man, “I thought you would understand that this is just the way we face all kinds of life. I have my way, and

you have your way, just like you are just a land in the company. Manager, who would have thought that you are Judge Lu's daughter, Mr. Long Teng Shao's ex-wife, and a pregnant woman expecting to give birth... I'm just fighting for my own interests, aren't you?"

"..." Miriam choked, only to say a word and he was blocked to death.

I really responded to that sentence, don't do anything wrong, don't be afraid of ghosts knocking on the door, this man obviously grabbed all her handles and blocked her.

But this does not mean that the fire in Miriam's heart is gone. Her face is colder and her tone is more calm, "So, the purpose of your visit to City Two from the beginning was me? At that reception, you also carried a hypocrisy 'S smirk approached me on purpose?"

Shang Rui's dark eyes flashed, and he did not speak.

He has also climbed up from the bottom of the shopping mall for so many years. He has never seen anyone or heard anything unpleasant. From the initial sadness to the cold-blooded now, he is no longer happy and even used to restraint.

The only difference between him and Bryan is that everything he got today was made step by step on his own, and Bryan just inherited his father's business and turned things around for once. Therefore, even though he regarded that man as an opponent, in his heart Still look down upon.

"You are really a natural businessman." Miriam looked at him, the ridicule of the corners of her lips grew deeper.

"If you want to make you feel better, you can also think so." The man's expression was calm.

"No, even women use it. You probably don't even count as a businessman by nature. I really can't believe you can do this kind of tricks." Miriam laughed furiously and looked at him up and down. Suddenly denying himself again, "No, you even use your wife, so how can you care about other women?"

Shang Rui glanced at her, turned his eyes to look away, walked slowly to the window, put his hands in his trouser pockets, stood straight, looking at the various buildings standing in the distance, his ambition no longer concealed, "You know the whole Which is the tallest building in Kyoto?"

Miriam stood behind him and looked up at the huge French window. The man's slender figure, neatly meticulously dressed, has a noble and calm temperament, but what she saw was something completely different from Bryan's body. It is an extreme desire for power, money, and everything at the top of the world.

She laughed slowly, and then he said: "What if you are under my feet? Can you stand firm? Also, what you want to pursue is not everyone wants to pursue, but I don't have

that. The Blessed Mother's Heart is willing to dedicate herself for your success. You count me, am I still foolish?"

"If you want, you can share it with me." The man suddenly turned his head and looked at her deeply.

"..."

Miriam's eyes widened silently. If she could, she really wanted to step forward and slap him.

There are even more shameless people in this world.

She sneered with her pink lips, "Don't tell me that you are acting on the spot, thinking that the fake is true."

"Can't it?" The man tilted his head and pursed his lower lip, not feeling shameless at all.

Miriam's heart was about to be blown up by the man, but her expression remained extremely calm, and she mocked: "You are just curious about what it is like to make Bryan lose a heart. To put it bluntly, it's... Envy, jealousy, and hatred, this is why you want to spread the ambiguity with me in the company. In fact, you have probably never looked at me."

She was angry at the thought of the picture.

"Curiosity is also heart, what he can give you, I can also give you, he can't do it for you..."

"Then you divorce Miss Song first." Miriam interrupted him directly, smiling brightly.

"If you divorced her and I haven't remarried Bryan, I might consider you."

Shang Rui narrowed his eyes. He knew that this woman was not the top-notch intelligence of Rania, but she was definitely not stupid. For a moment, Rania's cold face appeared in his mind.

"I thought you would be unusual, because it turned out to be just an ordinary woman who sticks to marriage."

The man sighed with regret. It really made Miriam sick. She was really afraid that she would vomit if she continued to stay. She took out the files from her bag and put them on the table, and whispered, "Mr. Shang, we will chat next time. Right, after signing, I have to go back and report to President Henry."

Mr. Shang looked at the woman who was always indifferent, his brows were slightly twisted, his eyes moved to the documents on the table, and he said quietly: "You know

that I promised to cooperate with Yingxin also has my own purpose, why should I fight for it?”

Miriam picked up the pen on the table, opened it, held it and handed it to him, “As a member of Yingxin, it is my responsibility to fight for the benefit of the company, Mr. Shang, please sign.”

“But I also have a way to make you lose even if you don’t get a penny. You don’t eliminate this risk for the company?” Shang Rui smiled, but what he said was extremely cold and ruthless.

“There is no need for Mr. Shao to worry about this. Can I continue to stay in Yingxin until that time is not certain. Maybe I signed this order and I will leave after completing the task and get the bonus?” She laughed coldly. , Put the pen heavily in front of him.

Shang Rui didn’t speak any more, her thin lips were a little tight, the smile on her face faded a little, the jaw line was slightly tight, her dark eyes stared at her for a few seconds before he took the pen and signed his name.

Miriam walked out of the office, looked down at the signature under the document, and tightened her eyebrows, but her mood was not relaxed at all, even heavy.

This matter is too big, she must discuss with President Henry after she returns, otherwise it will really hurt the entire company in the future.

Although she said that she took the bonus and left, Yingxin is still very important to her. Henry always treats her too badly, and she can’t harm him.
