

Let Me be Your Ex Chapter 221– 222

Chapter 221

“It’s great.” Miriam caressed Fu Tiantian’s soft face affectionately, her delighted expression beyond words.

The little girl seemed to be infected by her, her red face was even more brilliant, and she held her hand.

“Brother, let’s go to my house first, I let my mother cook dinner, you should all be hungry.” Miriam smiled.

“okay.”

The three of them walked outside, Miriam was about to stop a taxi when a black car suddenly stopped in front of them.

Immediately afterwards, the driver walked down and walked to the two of them respectfully and said, “Miss Lu, Mr. Xiang, President Shao sent me to pick you up.”

Miriam’s face changed slightly.

Bryan?

Why is he so boring.

Thinking of what he said before, he said he regards his seniors as rivals in love. Regardless of true or false, the atmosphere of the two people meeting is always a little weird.

Miriam hesitated, but refused aloud, “No trouble, we can stop the car ourselves.”

The driver frowned, a little embarrassed, “Miss Lu...”

“Miriam, get in the car, since it is Mr. Shao’s kindness, I can’t refuse, and I can save a lot of taxi fare.” Xiang Dongnan smiled slightly.

The driver’s eyes lit up and he took the initiative to open the door.

Miriam had nothing to say, gritted her teeth and bent down and got into the car.

She regrets now that she shouldn’t have answered the phone in front of the man last night, otherwise he wouldn’t know that she was coming to the airport today.

The look of this little family really embarrassed her in front of her brother.

Closing the car door, Miriam smiled awkwardly towards the southeast, "Brother, sorry, I didn't expect him to send someone."

Xiang Dongnan looked at her bewildered expression and smiled meaninglessly, "No need to apologize, Mr. Shao probably wouldn't have seen you toss like this and love your body. I knew you were such a person, and I didn't I will agree with you to take a trip."

Miriam pulled her lips and blurted out unconsciously: "I'm fine. I'm just idle at home, and it's not bad to go out for a walk."

Xiang Southeast's expression suddenly condensed, "Idle at home?"

With a heartbeat, Miriam suddenly realized that she had missed her mouth. She closed her mouth and quickly explained, "Uh...I mean..."

"Have you resigned?" Before Xiang Nan waited for her to explain, he stared at her and asked lightly.

She has never been relying on anyone, but work. Resignation means that her mentality has changed. What can make her suddenly change?

During the week he left, a lot of things seemed to have happened.

With a move to the southeast eyebrows, melancholy crossed his eyes.

Miriam shook her head without even thinking about it, her tone a little heavy, "I didn't resign, but...something happened. I'll talk to you again when I go back."

"Yeah." The man respected her and didn't ask any more.

After the car drove for a while, Miriam remembered something. He tilted his head and looked at the driver in front of him and said, "Do you know where I live?"

The driver was taken aback, a little dazed, and said, "Mr. Shao asked me to take you to the hotel. He said he ordered dinner for Mr. Xiang to pick up the dust."

Miriam, "..."

After a few seconds of silence, she still said in harmony and kindness: "I will call him back. You should send us back to where we live, Jinglinwan community, thank you."

driver,"

The driver also struggled for a few seconds and looked at her through the rearview mirror, "I'm sorry, Miss Lu, Mr. Shao told me that I must take you there, or you should go to dinner first, and I'll take you back when I look back."

Miriam bit her lip, her expression sinking, if she hadn't been there, she would definitely want to curse.

After that, she took out her mobile phone and was about to make a call on the man, but was blocked by an arm that suddenly stretched out.

Xiang Dongnan smiled, "President Shao is so hard-working, so don't refuse. I just want to thank him in person. I won't see him today, and I will invite him another day."

"You don't need to pay attention to him." Miriam frowned, her face a little bit bad.

Bryan came to this trick because he grasped the mentality that Xiang Dongdong would not refuse.

She just came over to pick up the plane today. If the two of them didn't get divorced, she thought it was her husband who was going to catch the rape in bed.

When did he become so naive?

A trace of irritation appeared in Miriam's heart.

Xiang Southeast looked at her deeply, smiling without saying a word.

The car quickly arrived at the hotel, Miriam got out of the car, her brows kept frowning.

Xiang Dongnan hugged the child and got out of the car. He probably saw her troubles. He reached out and patted her on the shoulder, and said warmly: "You call my aunt and let her not prepare so many dinners, eh? I went in first. ."

Miriam looked at him, but nodded, "Yes."

After the phone call, Miriam walked into the hotel, but had not found the private room, but ran into Bryan first.

To be precise, it was not a bump, but the man seemed to be sure that she would take that road, standing in the corridor waiting for her, with handsome eyes and a quiet look like the whole body was plated with light, which made people palpitation.

Miriam didn't feel like a nymphomaniac, walked over, chilled a pretty face, and looked up at him, "Who told you to send someone to the airport? What dinner are you ordering now, what are you doing?"

"Can't you see it? Invite him to eat and catch him the wind." The man waited for her to walk in front of him and took the person into his arms, speaking softly and plainly.

"Shit! It's not your turn to please, don't think I don't know your broken thoughts, a villain's heart." Miriam cursed bitterly.

The man raised his fingers and stroked her cheeks. He couldn't see the irritation, and he whispered: "How generous do you expect me to be with my love rival. Besides, I'll find a doctor for him and invite him to dinner. Isn't it generous?"

Miriam was speechless, just looking at him with incredibly suspicious eyes.

Is he really so kind to find a doctor for him?

The man bowed his head and kissed her on the cheek, took two steps back before she became angry, took her hand and walked in, "Go, don't let him wait too long."

"You let go of my hand...I will go." She was still not used to pulling him in front of outsiders.

"Anyone who can fall on foot, don't hold you, I'm not relieved." The man replied quietly, and the small hand holding her tightly tightened.

"..." Miriam's face was embarrassed. He even dared to mention the rain. If he hadn't called her suddenly, could she slip?

In the private room, looking to the southeast when the two came back holding hands, they didn't seem surprised at all. Tian Tian stood up on the chair with one hand and smiled faintly, "Mr. Shao."

"Sit down, no outsiders, you are welcome."

Bryan smiled lightly, and set Miriam to sit down before he took the seat.

He looked at the cute little girl aside, "Mr. Xiang should have gained a lot from this trip."

"Thank you too much." Xiang Dongnan looked serious, thanking him from the bottom of my heart.

Chapter 222

"Thank you, Mr. Shao." Xiang Southeast looked at him seriously.

No matter what his thoughts are, he is indeed his biggest wish.

He chuckled his lips and smiled, "Even if I invite this tonight, Mr. Shao, don't be polite with me."

Bryan smiled faintly on her face, "You can make an appointment another day, and Miriam and I will celebrate for you tonight."

Miriam's expression changed, and she looked at him extremely quickly, her eyes showing danger.

What is he doing?

Come here to swear sovereignty? How would he face her brother in the future like this?

Bryan naturally felt her glaring, lowered his eyes and smiled, "This event is worth celebrating. Are you not happy for him?"

Xiang Dongnan smiled briskly, "It's time to celebrate. If I get drunk for a while, I hope Shao can always find someone to take me home."

Miriam turned her eyes to look over, her expression showing a trace of embarrassment and apology.

Bryan's Yu Guang just caught a glimpse, and his eyes deepened. To be honest, he didn't like Miriam's always sorry look towards Southeast. These always reminded him that if he hadn't been entangled in the rogue recently, she probably Because of this kind of psychology, I have come to the southeast.

This feeling is like a thorn stuck in my heart, not very painful, but always there.

He gently curled his lips, "Mr. Xiang doesn't have to worry about it. It's not necessary to get drunk, just feel free to do it."

After all, he waved his hand to let the waiter beside him serve.

Soon, one after another dishes came up.

Miriam suffocated his anger, unable to get angry, and twisted his hand under the table against the muscles of his waist.

The man was just startled, his expression could not change, he turned his eyes to look at her slightly, his dark eyes were stained with a smile.

The waiter left one after another. Bryan felt the little woman's increasing hand strength, and felt helpless. If he continued, the piece would turn blue if it was not red.

With a smile in her eyes, under the table, her big palm gently covered her small hand, gently wrapped and kneaded.

Miriam's face was hot, she pulled her hand back suddenly, bit her lip and stared at him slightly.

Xiang Southeast, who was sitting opposite, didn't seem to see the small movements of the two in secret, and was lowering his head to play with the beautiful napkins stacked on the plate with the little girl.

Miriam had a fire in her heart. She didn't want to take care of the man. She pulled the chair next to her and sat between the two, then smiled and hooked her finger at Tian Tian, "Tian Tian, come here, Auntie feed you."

He touched the little girl's head to the southeast, and gently confessed, "Go, but don't hit the auntie."

Tian Tian nodded, climbed off the chair, ran to her side, smiled sheepishly, and climbed onto the chair next to Miriam.

A series of cute actions turned Miriam into cuteness, and the unhappiness in her heart was wiped out. The chairs were pulled together and the child was in her arms. She said lightly: "You two drink, don't worry about us, I'm hungry, I Eat first."

Bryan looked at her, didn't say anything, raised the cup to the southeast, "Don't force it, just feel free."

Xiang Dongnan smiled politely, and touched him with a toast, "This cup, I thank Mr. Shao for finding such a good doctor for me."

He raised his head and finished drinking in one sigh, put down the cup, and the waiter next to him quickly resumed it.

Lifting it for the second time, he smiled unchanged and said: "This cup, I thank Mr. Shao for coming to pick me up during his busy schedule."

During the third cup, Miriam, who had been watching her frowning, couldn't help but stop him, pretending to be a joke: "Brother, although this wine is delicious, you don't need to drink it as water. Just relax. , Turned around and got drunk, but no one took care of Tian Tian."

After that, she glared at Bryan while taking advantage of the time to make him restrain.

This guy is too much.

Xiang Dongnan smiled warmly at her, "It's not easy to have a drink with Mr. Shao, and three cups are not enough to get drunk."

"Manager Shao, cheers!"

Bryan raised his eyebrows, touched them lightly, and said quietly: "This cup is mine."

He didn't explain, he just glanced at Miriam and drank muffledly.

Xiang Southeast's eyes flashed, and he put the cup down, then turned to look at Miriam, "Did you have something wrong with the company? Why did you suddenly resign? Do you need my help?"

“It’s nothing big, it’s just a temporary suspension.” Miriam lowered her head to feed Tian Tian, and smiled casually, “I’m working on it. If I can’t solve it, I will ask you for help. After all, you still understand legal matters better than me.”

Nodding to the southeast, “Also.”

Bryan put down the empty cup, his face was calm, and his voice seemed to be smiling, “He is so busy and has to take care of the children, so don’t bother him with such trivial things. Isn’t your dad at home? He should compare legal matters. proficient.”

“ ... ”

Miriam looked at him with sparks in her eyes, and she bit out, “Yes, don’t you say that I almost forgot that my dad was a judge.”

Bastard! Always tear down her desk.

Must make the atmosphere so embarrassing.

“After pregnancy, your memory is not one or two points. When you go out, you still need someone to watch.” The man smiled low and looked at her with a gentle look in his eyes and a serious tone.

The opposite person glanced at the two of them southeast, their expressions did not change, and their eyes were deeply silent.

“Not necessary for the time being.” Miriam curled her lips and fed the baby unhurriedly.

A meal is not long or short, but it is quiet. Although Miriam is embarrassed, she can’t help it. She can only say sorry to her brother.

After the meal, because they drank alcohol, the two handsome faces were stained a little red, and they were both drunk, but they could still be heard from the speech, and they were not too drunk.

It was getting dark, and Bryan asked Lin Shui to drive the father and daughter Xiang Dongnan home.

At the beginning of the Hua Deng, people came and went on the road, but the temperature was a bit cold, and the night breeze came with some coldness of early winter.

The two stood at the entrance of the hotel. Bryan took off the long windbreaker outside and wrapped it around her, whispering: “I’ll stop the car.”

Miriam suddenly turned to look at him, expressionless, “Bryan, you are a bit too much tonight. Brother, he didn’t do anything, why are you humiliating him so much?”

Yes, it is humiliation, knowing that she will not favor anyone, but still swearing sovereignty before him.

The man looked down at her, his thin lips pursed in an unpleasant arc, and his voice was cold, "You are afraid that he is sad and you don't want to say too straight, but he has been a lawyer for so many years, not as glassy as you think, I just I want him to see clearly, but he always thinks about it."

"You." Miriam was anxious.

The man rubbed her hair and smiled lazily, "I know you are soft-hearted, but I should have more experience in rejecting suitors."

"..."

Miriam's face turned black, and he slapped his hand away, sneered, "You have more experience than me. It's not just rejection, there should be a lot of tricks."
