

# Let Me be Your Ex Chapter 231– 232

## Chapter 231

Miriam read in the warehouse boredly, the weather was hot, and the workers were listless.

The text message sounded and opened, it was Bryan, Miriam let out a cold snort, only four words lay on the screen.

Come out and eat.

This morning, Miriam didn't say a word to him. The man felt boring when talking to himself. In the end, he simply shut up. Now he is too lazy to say a word when sending text messages.

Miriam looked at the big sun outside and felt that she had no appetite and couldn't eat anything, so she edited a few words back to him.

"It's hot, you can't eat it, go by yourself."

As soon as it showed that the transmission was successful, the call came.

"I don't mind going in now." Bryan said calmly, tapping the steering wheel with his fingers.

Miriam bit his lip. The people in the warehouse, if he doesn't know what's going on when he comes in, he gritted his teeth and squeezed out three words: "I see."

Opening the parasol, Miriam saw Bryan's car parked ten meters away, closing his eyes, and preparing to walk this section of the road quickly.

"Miriam."

A cold and elegant voice came.

Miriam was stunned, and turned her head to see Rania standing in the shade at the door with an umbrella. Today she wore an aqua blue dress, down to her ankles. She seemed to like this style of clothes with flat shoes.

Rania approached, smiled slightly, the exquisite features even more brilliant.

"Wait for a while."

Miriam blinked in surprise, "Wait for me? Is there anything wrong with Miss Song?"

After taking her away in the restaurant that day, Bryan directly asked Yan Ke to send her away, and the two of them didn't even say a word.

Rania thought for a while and said quietly, "Thank you and Mr. Shao for helping me that day."

Miriam hurriedly waved her hand and smiled awkwardly. How could it be considered a help, after all, she was taken away in the name of a hostage.

"Are you...Mr. Monk okay?" Miriam couldn't help asking, seeing her face a little pale.

Rania smiled bitterly: "It doesn't matter if it is good or not, I want to leave him."

Miriam condensed her eyebrows and was silent, Shang Rui didn't love her, and separation might not be a choice. No one needed to restrain her anymore.

"You are so good, you will definitely find someone who loves you more in the future. You still have to look forward to your life." Miriam is stupid and doesn't know how to say comforting words. He can only learn a few words from other people, but they are all truth.

Rania's long eyelashes were drooping, he looked at his abdomen, and his voice trembled, "I'm pregnant."

Miriam opened her eyes wide, staring at her flat belly, with mixed feelings in her heart.

"Then you plan to..."

"I plan to keep it, but he hasn't signed the divorce agreement. I want to raise the child by myself, so I can't let him know. He is looking for me everywhere, so I want to ask you...and Mr. Shao for help. Now only Mr. Shao has this ability. , Send me to a place he can't find." Miriam opened her mouth, surprised, but she admired her inexplicably.

Suddenly remembering, Bryan said that the Song family is not small in power, so he should give her shelter.

"Where are your parents? They should be able to deal with Mr. Shang, right?"

A trace of helplessness appeared on Rania's pale face: "I'm not afraid of your jokes, I had already froze with them in order to marry Shang Rui."

Miriam couldn't help cursing Shang Rui as an asshole in her heart. Such a good woman loved her so much that she didn't know how to cherish it.

After thinking about it, she didn't make sure that Bryan would agree to help, because that person was always indifferent to irrelevant people and things.

“I’ll help you ask later, can I contact you at night?” As soon as Miriam’s voice fell, Bryan put his hands in his pockets and appeared in front of the two with a cold face.

Glancing at Miriam, his thin lips bend, and he lazily said, “No need to ask, I won’t help.”

Miriam was surprised and immediately asked why.

Bryan frowned, took out a handkerchief and wiped the sweat from her forehead, and replied, “You are not hot after standing for so long? Get in the car and eat quickly.”

Miriam glanced at Rania and refused to leave.

Rania’s feelings now can be understood best by herself. She was divorced when she was pregnant with a child. It can be said that she was totally devastated. If there is no one by her side, I am afraid that she will not be able to survive that time.

Bryan said with a sullen face, and said coldly: “You forget what I said so quickly, not anyone can let me guard it carefully, she is Shang Rui’s woman, and I don’t have the time to trouble myself.”

The last gleam of light in Rania’s beautiful eyes darkened, and Miriam insisted on holding her wrists, and said softly, “Thank you, but I can fully understand what Mr. Shao meant. I trouble you.”

Miriam looked at her distressedly, and was dragged away by Bryan.

“Why can’t you help? She is different from Shang Rui, how pitiful a pregnant woman is to be homeless!” Miriam was chatting with Bryan in the car.

The man ignored her, is it Rania alone? It’s so easy that she won’t find herself today, there is really no second person except him who can beat Shang Rui in City Two.

But he is a businessman, and it would be foolish to spend so much effort on an irrelevant woman.

Miriam couldn’t say anything and shut up, but she couldn’t let it go anyway.

When returning home from get off work in the evening, Miriam was determined to live with Mother Lu, but Bryan could only send her to the door.

“You go back soon.” He entered the door without beckoning.

The man stood at the door with a black face, an ungrateful woman.

After dinner, I told Shao’s mother that I was going for a walk, and I took a taxi downstairs and went out.

I made a call on the way.

“Mengning Road... yes... you wait for me for a few minutes there, and I’ll be there soon... OK.”

Miriam touched the key in her pocket and let out a long breath.

In the afternoon, I asked Kristy to find out if there were any vacancies for rent. If there were any vacancies, I immediately rented a set in Kristy’s name.

Mengning Road is considered to be a suburb of the city, and Shang Rui has to look for some time no matter how great it is.

After paying for the car, I saw Rania standing at the intersection at a glance. After getting off the car, he smiled and said, “You have to dress modestly in the future, otherwise you can be seen in the crowd.”

Rania smiled gratefully and followed her into the alley.

I didn’t get home until after nine o’clock in the evening. My parents were probably already asleep. When I opened the door, I saw Bryan sitting on the sofa. Seeing her come back, I looked at her with long eyes and said lightly: “Mom said you went for a walk. Three hours away?”

Miriam lowered her eyes, poured a glass of water on her own, and ignored him.

Suddenly her waist tightened, and Miriam almost spit out water and flew over.

“Where did you go?” Bryan rubbed her neck and asked in a muffled voice.

“Go for a walk,” replied calmly.

Bryan smiled and didn’t ask any more, reaching directly into the hem of his clothes, Miriam was excited and quickly put down the cup and pushed him.

Has this man caught his brain recently? How come it looks like this every day!

He let him loose it, and quickly hid in the bedroom to take a bath.

Bryan smiled at the corner of her mouth after she entered, his expression changed, thoughtful.

For the next week, everything is fine. Miriam sometimes takes time to visit Rania and buy her something, but it is inconvenient for herself. Every time she comes back, she has to send it to a place close to the city before going back. .

And Bryan was quickly found by Shang Rui.

“Don’t tell me you haven’t seen it before, she went to find your ex-wife.” Shang Rui’s eyebrows are full of shadow, and I don’t know if it is because of not resting during this time or what, it is rare to be a little tired.

Bryan smiled rather than smile, sitting at the desk playing with the pen on the phone, nodding calmly: “Well, I did find it. I also saw it. I have to help hide her. You said I am such a young man. How to hide? I sternly refused.”

## Chapter 232

Shang Rui looked at him with inky eyes, but he couldn’t see the slightest flaw in his self-interested attitude. After a long while, he got up from the sofa.

“Tell me if you see it, I’m grateful.”

Bryan said quietly: “No.”

After leaving Longteng’s building, the assistant behind him followed and asked carefully, “Did Mr. Shao do it?”

Shang Rui’s eyes were faint, and her thin lips lightly opened: “Look at Miriam’s woman and see what she has been up to lately.”

“Yes.”

...

Miriam went shopping with his father and mother Lu on the weekend, and spent a long time in the children’s area. Lu mother always had to consider what to pick up, look at the materials, and look at the styles and colors.

She had no patience, so she left her mother alone. She went to find a children’s cartoon and sat on the sofa. She put her hands on her stomach, and imagined what it would be like to tell a story with the two babies.

It was like this when I saw her to the southeast, the whole person was gently wrapped, the hair was loosely pulled up behind the back, and a few strands were scattered in my ears, and the brilliance of motherhood could be seen everywhere in her.

Tian Tian was building blocks, was called by him, and then pointed to Miriam.

The child’s eyes brightened, and he immediately got up and ran to the other side. Miriam was looking attentively with a small hand reaching out to his eyes.

“Tian Tian!” I haven’t seen it for a long time, it seems to have grown taller, with a smile in his eyes, very cute.

Miriam wanted to hug her, but he had no choice but to spread his hands towards her with a big belly.

“Tian Tian, Auntie’s little baby has grown up, and now I can’t hold you.”

The gentle voice sounded towards the southeast, Miriam looked over, smiled and called out ‘Brother’.

He was wearing a light camel sweater, his whole body exuding elegance and leisure, holding a cute child especially eye-catching.

“Come by yourself?”

Miriam pointed behind him: “My parents are here, they are picking things from the child.”

Xiang Southeast was stunned for a moment: “Your father?”

Miriam smiled and nodded faintly: “Yes, he...had thought of a way and came out early.”

‘He’ definitely refers to Bryan.

Miriam took him to see Father Lu. The master and disciple met for the first time in so many years and couldn’t help but say a few more words.

Xiang Dongnan asked Tian Tian to call her grandfather. When the child saw a stranger, he was afraid and refused to come out. Miriam coaxed her softly.

Father Lu sighed and smiled: “I didn’t expect that your children are so old, and we are really old.”

“Miriam’s child will be born soon. Don’t worry, you and your wife will just wait to hug your grandson.” Xiang Dongnan said gently.

Father Lu looked at Miriam, sighed almost invisibly, frowned, and the wrinkles on his forehead became more obvious.

“It’s all my fault, I’ve made such a big mistake, but it’s hard for the child.”

Miriam didn’t see her father like this the most, so she was so sad that she could only cry out “Dad” in a deep voice, don’t let him go on.

Playing with Tian Tian, but he couldn’t help feeling a little heavy. The child was born in a few months. Bryan didn’t know what attitude, if he stayed by his side for a few months only for the sake of the child, then he would rather be himself. Raise a child and don’t want him by his side.

Suddenly Rania called and Miriam answered.

Rania whimpered in a low voice, with despair in her voice: "Miriam, thank you for helping me, but I still can't get rid of him. I don't want the child, and he won't be happy even if he is born... You are a happy person... Goodbye."

"Rania! Rania, listen to me! Song..." Miriam called again and shut down.

Xiang Southeast, they all looked over when they heard the movement, and saw that Miriam's complexion was not so good, they quickly asked what was wrong.

"Brother, did you drive? Take me to a place." Miriam's face was solemn.

Xiang Southeast helped her shoulders, and said in a deep voice, "Don't worry, I will send you there now."

Tian Tian temporarily gave it to two elderly people.

On the way, Miriam talked about the whole thing, silently to the southeast, and said: "Rania must have been stimulated. It is best to contact Shang Rui and let him not be impulsive."

Miriam's dark eyes moved. Perhaps only Bryan could stop Shang Rui.

Long Teng's high-level meeting was being held. Bryan sat in the first place to listen to the report with his eyebrows constricted. The reporter was sweating profusely, carefully paying attention to the man's expression, and guessing how long he could stay in this company.

The phone ring suddenly rang, and the entire conference room was quiet. The man glanced at the phone impatiently, and moved his brows to answer quickly. The people below were all wondering who was on the phone.

"What's the matter?" he asked in a deep voice.

Miriam said the matter again, Bryan's face became darker and darker, and gritted his teeth and asked, "Where are you now?"

"Go find Rania."

"Don't go, come to the company now." Bryan said beyond doubt.

Miriam couldn't believe it, and shouted at the man: "She is now being forced to kill her own child! Why don't you have any sympathy?! Are you men only bullying women? You don't go to me!"

He pinched the phone, trembling with anger, and couldn't stop sneering. I'm afraid he thought about not having this baby when he was just pregnant...

Bryan listened to the beep on the phone and dropped the phone, and everyone shook.

He glanced at the reporter without the slightest temperature: "I won't use it tomorrow."

The man paled with a sigh.

After speaking, he strode out of the conference room, and Lin Shui quickly followed.

"Send someone to Mengning Road Meng 2 Lane immediately," gritted his teeth. "When I saw Miriam, he brought it back to me immediately, and Rania also brought it back."

"Yes!"

Lin Shui hadn't seen Bryan so angry for a long time, his whole body was enveloped in hostility.

When he arrived in the underground garage, he told Yan Ke: "Get to Mengning Road as fast as possible. Don't do it when it's late."

Yan Ke quickly glanced in the rearview mirror, and the whole person was ten times more serious than usual in an instant, and he rushed out with the accelerator pedal.

This woman is really stupid and boundless, how could she like such a woman!

Shang Rui even dared to move his wife. She hid people privately. It can be said that she was the culprit. How could she run into him? !

Miriam made a few more calls to Rania, still shutting down, and couldn't help driving to the southeast faster.

"Safety first, calm and calm." He heard what she said to Bryan just now, and then lowered his voice to comfort, "Shang Rui asked Rania so anxiously to explain that he still cares about her, don't think too bad."

Hope it is so.

Miriam turned her head and looked out the window, her eyebrows a little tired, Bryan's reaction made her cold hearted, maybe there is an indelible barrier between them.

Half an hour later, I arrived on Mengning Road. A long line of black cars parked beside Meng 2 Alley. Miriam's heart sank, and he hurried in, heading southeast for fear of her falling, and hurrying to protect him from the side.

The door of the rented house was wide open, and a sound came from inside.

"Shang Rui, the child was gone when he was injured last time! Are you still in love with me while holding on to me?" Rania's beautiful face was full of sarcasm, her hair scattered, and she sneered.

Shang Rui sat on the sofa, and the blue eyes were more obvious.

“If you have a child, you have the final say, go to the hospital to check it out,” then the corner of his mouth was relentlessly hooked, “If you secretly give birth, am I a fool?”

“Don’t think about it! I won’t go with you even if I die!” Rania looked like he was going crazy and was dragged out by two people.

Miriam shook his hand and walked southeast.

Staring at Shang Rui, he said: “You can’t take her away.”

Everyone’s eyes came.

Shang Rui smiled at the corner of his mouth, but his eyes were still cold, and he said quietly, “I just thought to thank you for arranging Rania like this... Okay, here comes it, if that’s the case, let’s go together.”

Miriam looked at him without fear: “Do you dare to arrest people privately? I’ll call the police if you move me.”

Shang Rui couldn’t stop laughing, and approached her and asked, “Didn’t your ex-husband tell you that the police uncle is not almighty?”

Miriam’s heart trembled when he laughed, and she clenched her phone tightly, and was snatched away in the next second.

Shang Rui’s expression instantly fell cold: “Take it away.”

Bryan was suddenly at the door, blocking the way out, and said solemnly, “Ms. Shang.”

When Miriam saw his eyes light up, he came anyway.
