

Let Me be Your Ex Chapter 237– 238

Chapter 237

Lin Shui found that Bryan left the company on time at 6 o'clock in the afternoon every day. All the meals that could be pushed were pushed. He chatted with Yan Ke's facial paralysis. Who knew he looked at himself like an idiot, and said indifferently: "Generally single dogs don't understand. , Even those who are married may not understand it."

Suddenly he became angry, as if he knew a lot.

...

"Miriam! I'm going down to buy a bottle of cooking wine. Bryan likes to eat fish but is afraid of fishy, so put it more! Look at the pot!" Lu Mu said as he unbuttoned his apron.

Miriam changed the video, looked out the window, turned her head and said, "I'll go, sitting on the floor is uncomfortable, just walking around, otherwise I can't eat."

Mother Lu was worried, Father Lu raised his head from the book, helped his glasses, and understood his daughter's thoughts very well: "Let her go, how can she be bored all day."

Miriam smiled and went downstairs with her mobile phone.

The supermarket in the community is less than one hundred meters away.

After inhaling the evening air, the temperature just dropped and the breeze was blowing, which was very comfortable.

Smiled, just lifted his foot and walked to the farther supermarket.

"Go out now!" The security guard asked her a little while seeing her belly.

"Buy something, not far away." Miriam smiled and agreed.

Miriam was surprised to meet Xiang Dongnan in the supermarket.

"It was originally a rented house, and the owner suddenly said that he wanted to use it. I think about it and buy a set to give Tian Tian a stable home. After looking at it for a long time, I finally decided on a nearby community." Xiang Dongnan looked light and calmly explained. Tao.

Miriam blinked, and smiled bitterly: "Why don't you tell me, you look so close, I only know now."

After a pause to Southeast, an awkward mood flashed by: "I am a little busy moving house, I'm not in a hurry to tell you."

Miriam immediately understood that Bryan was too possessive of her and could not tolerate others to approach her.

"Dad, this." Tian Tian's sweet voice sounded, and he ran over with a big bag of potato chips in his arms, the cute little appearance almost melted people.

Miriam bent her eyebrows, squatted down and put Tian Tian in her arms: "Tian Tian, do you miss Auntie?"

The little baby actually proactively pouted and kissed her, shaking his head up and down.

Miriam was pleasantly surprised and raised her head to look southeast.

"Recently, it has improved a lot, leading to talk to me a few words every day." The voice was clear and gentle, but he couldn't help being happy.

Miriam smiled, gently took the big bag of potato chips from Tiantian's hand, and coaxed softly: "Today grandma made a lot of delicious food, is Tian Tian willing to go home with me to eat?"

The child's dark eyes lit up, and he looked up to the southeast, expecting and requesting.

Xiang Dongnan hesitated, Miriam stood up and pulled Tian Tian before he could answer, deliberately groaning: "Dad doesn't want to go there by ourselves, and greedy him to death."

Tian Tian's round face smiled into a ball.

The man smiled helplessly, pretending to be aggrieved: "Tian Tian doesn't want his father?"

The child has a clever head and immediately grabbed his hand.

When Miriam led them home, Bryan came back first and was talking to Father Lu in the study. The two were very close at first, and Mother Lu came out after yelling several times.

He was obviously stunned when he came out of the study. Miriam quickly explained that both Lu and his mother were warm and easy-going people, and they happily received the father and daughter.

Bryan nodded indifferently, and when the two old men got in, he pulled out the chair beside Miriam and sat down, wrapped his long arms around Miriam's waist, and leaned closer: "What did you do today?"

With a glance at Southeast, he turned his attention to Tian Tian, responding to the greetings of the two old men.

Miriam glared at him. It was too presumptuous to move around in front of so many people. She pushed him and said out of temper, "What can you do? Can you play football?"

Bryan didn't get angry, and smiled and gave her food: "If you feel bored, I will send you to the prenatal education center tomorrow and chat with other mothers."

Miriam erected his ears. It was rare for him to let himself go out, turning his head to face the handsome face: "Really?"

"When did I lie to you?" There was a grain of rice on the corner of her mouth, with a sluggish expression, which made him want to kiss, because of the face of so many people.

The interaction between the two was too focused, and Father Lu couldn't help coughing: "Well, prenatal education is good, science, and the child will be healthier in the future."

Only then did Miriam react, her fair face flushed a little, and she quickly gave Tian Tian a piece of meat.

Xiang Dongnan's mouth was always smiling, but he lowered his head to feed Tian Tian's spoon, but couldn't help shaking.

Suddenly the child cried with a "wow", and the soup in his mouth was vomited, Miriam was shocked.

"what happened!"

Xiang Dongnan's quiet eyes panicked, and quickly wiped Tian Tian's mouth, and gently opened her lips, the skin and flesh became white.

"It's because my father is not good. Stop crying or cry." Holding Tian Tianhong, looked at them apologetically, "I was careless, I took her to the hospital."

Father Lu said: "The child is skin-nen, go quickly."

Miriam quickly got up, frowning, distressed Tian Tian: "I will go with you."

Bryan's arm was empty, his face was sinking, and a coldness formed in Xiang Dongnan's eyes.

Miriam's hand was held by him, and her face was calm: "I will send you."

A meal ended in a turmoil.

Xiang Dongnan hugged Tian Tian and sat in the back seat. The child kept crying because of the pain, and he kept apologizing to the child.

"I'm sorry to disturb you for a good dinner." Xiang Dongnan said in Tian Tian a little calmer.

Bryan glanced through the rearview mirror, and his voice was cold: "Mr. Xiang is so unfamiliar with taking care of children? How could he make such a low-level mistake?"

Toward the southeast, his face turned pale.

Miriam touched Bryan lightly, took a look, and told him not to speak.

"It is not easy for men to take care of children. Senior brother has taken care of Tian Tian very well. Today is an accident." Miriam said with relief.

Bryan sneered, but the smile did not reach his eyes.

Miriam didn't see his yin and yang look the most, holding his breath in his heart, and it was not easy to attack in front of the southeast.

After arriving at the hospital, the doctor couldn't help but criticize Miriam, thinking that Miriam was her mother, and said to her, "Mom is too careless!"

Miriam was embarrassed for a while, and Bryan's face turned black for an instant, and he hugged her to declare sovereignty: "She is my wife, not the mother of the child."

The doctor turned his head and looked southeast, and said "Oh".

"I just got the medicine, and it hurts for a while. I have eaten liquid food for these two days."

Tian Tian's crying tears were blurred, and she patted and coaxed quietly towards the southeast. Miriam looked sad for a while, for Tian Tian and towards the southeast.

Bryan couldn't see her expression, and the strength in his hands increased, and he whispered in an angry voice: "It's useless to stay here, go home first."

Miriam even wondered if the man's heart was made of iron. Why didn't he have any sympathy or love?

Sending them to the southeast father and daughter to the community, Miriam stood still until they got upstairs.

Bryan finally loosened Miriam's hands, her face was covered with frost, and she said with a smile, "Would you like to spend the night with them?"

Chapter 238

Miriam glanced at him sideways, not knowing where the man was so angry, too lazy to argue, and walked to the opposite community.

The man grabbed her, his handsome face almost deformed, gritted his teeth and said: "You are so reluctant?"

Miriam couldn't bear it, his wrist hurt, and he took a cold breath: "What happened to you today? They just came to have a meal. Are you so angry? No matter how he put it, it's my brother, do you want me to pretend Did you see it?"

The man sneered, his voice cold: "That's the best."

Miriam opened her mouth unbelievably, and swallowed when she reached her mouth, and said patiently, "Bryan, there is a bottom line for nonsense."

The strength in her hand deepened a bit, and she pulled her closer, her eyes dimmed: "I just can't tolerate him trying something. Do you think that the child was injured by an accident? Huh..."

Miriam felt that the man in front of him was a bit strange. What did he mean by Xiang Dongnan intentionally injuring Tian Tian and then making such a fuss? He is the child's real father!

"Bryan! Do you think other people are just as vicious as you?!" Miriam couldn't bear it, and slammed his imprisonment away before fleeing here.

The figure of the man grew slender against the background of the street lamp, standing alone for a long time, the perfect carved facial features were looming, and the whole person was shrouded in a forest.

The light of a residential building upstairs in the community is dim, and looking out the window through the curtains to the southeast, the corners of thin lips are raised, and the gentle temperament is swept away, only a trace of coldness is revealed.

...

Miriam went directly to his parents' house.

The two old people were waiting in the living room, and it was strange that they came back alone when they saw her.

"How is Tian Tian? Where is Bryan? Stopped?"

Miriam stood in the hallway and changed her shoes, saying boredly, "After taking the medicine, it will be fine in two days."

Mother Lu was relieved and stood up and said, "I warmed up the meal, and neither you nor him had a few bites."

Miriam walked to the room: "No, he's back over there, I'm not hungry, so I go to bed first."

Seeing her, Lu's mother shut the door with a bang, and looked at each other, guessing that the two must be awkward again, and couldn't help sighing.

Miriam didn't get up until ten o'clock the next day.

In fact, I heard Bryan's voice around eight o'clock, but I don't want to see him today, so I just pretended to sleep.

Mother Shao took a peek at her face, put her breakfast in front of her, pondered and smiled: "Bryan came in the morning and said that I would take you to the prenatal education center in the afternoon. I heard that there are many interesting courses there."

Miriam curled her mouth, drank a sip of milk, and said after a long while: "I don't want to go today. I'm going to see Tian Tian. You can help me make some liquid food that the child likes to eat. I will take it over. She can't eat anything else for two days."

Mother Lu glanced at Father Lu, and seeing him hurriedly lowered her head and pretended to read the newspaper, she didn't know to help, so she gave him a hard look.

Miriam may be a mother soon, and now feels distressed for Tian Tian, and wants to help her out of her own world. There will be such a long life and such a wonderful world waiting for her to experience in the future.

But Bryan didn't understand himself, and his long eyelashes dropped, unable to hide his loss.

Miriam asked for the specific location, and passed by carrying the lunch box.

Opening the door, facing southeastwardly gentle eyes, staring at her ups and downs, as if to see the deepest part of my heart.

Miriam coughed and looked around like a living room.

"Where is Tian Tian?"

Step aside to the southeast, Wen Wen said, "I was screaming that my mouth hurts just now, so calm down and play with the Lego you bought."

Tian Tian heard the sound, her big watery eyes looked over here, Miriam raised her hand and said softly: "Tian Tian, auntie brought some delicious soup, grandma made it by herself."

The child blinked, a little timidly.

Xiang Dongnan took the thermos of Miriam's mobile phone and explained: "I cry as soon as I eat, and now I refuse to open my mouth."

Miriam patted him on the shoulder, telling him not to blame himself anymore, picking up Tian Tian and sitting down, playing with her.

Go southeast to the kitchen and put things down, listening to the gentle voice of the woman in the living room, the corners of her mouth curled up.

He brought out a plate of fruits and sat cross-legged on the opposite side: "Manager Shao is busy at the company?"

Miriam Lego's hands paused, the corners of her mouth drooped slightly, her long eyelashes trembled, and she muffled: "He is busy every day."

The man was silent and raised his eyes and said: "Are you conflicted?"

Miriam wrinkled beautifully, and the scene from last night appeared before her eyes again, slightly irritated, "Don't mention him."

His expression changed, his mouth was smiling, and he said in a deep voice: "Tian Tian can't eat anything, and he's not happy at home. He originally planned to take her out to play today. If you have nothing to do, you can be together."

Tian Tian raised her head, her clear and black eyes rolled.

Miriam was not willing to refuse immediately, letting the child down, thinking about it and asking, "Where are you going?"

"Swan Lake Park, picnic." Pointed southeast to a pile of picnic tools in the corner.

Miriam caress, nodded and smiled: "Yes, I am here today to accompany Tian Tian."

The three said to leave. When they arrived at the place, it was already noon. They were in charge of cooking with an umbrella to the southeast. Miriam looked after Tian Tian. It might be difficult for the child to come and run around.

"Don't worry about her, come and sit down." Pointed to the chair under the umbrella to the southeast.

Miriam looked at the follower Tian Tian and smiled brightly: "In the future, if my child is so cute, I will be content."

“With such a good mother as you, they will be the happiest children in the world.”

Miriam was about to say something when the phone rang.

Bryan’s forehead blue veins protruded, Lin Shui was silent, and the temperature in the entire carriage dropped suddenly.

“Where are you?” asked coldly as if to freeze people.

When Miriam heard this, her voice became cold and hardened.

“What does it have to do with you?”

“With Xiang Dongnan?” sneered, and the whole eyebrows were covered with yin.

In the afternoon, I pushed the meeting and went home to pick her up. Not only did I not see anyone, but I heard that she was heading to Southeast home!

Miriam didn’t speak, and suddenly hung up over there, she stared at the phone in a daze.

“What’s the matter? What’s the matter?” A concerned voice sounded in his ears, and Xiang Dongnan sat down opposite, their knees facing each other.

Miriam blinked to stabilize her emotions, and then raised her hand to pull the hair in front of her behind her ear, and said, “It’s okay. Call Tian Tian over for dinner.”

Received a call to the middle of the southeast, and looked distressed when he returned.

“Miriam, we may have to go back earlier. I have an important banquet to attend in the evening.”

Miriam looked at the child and asked, “Isn’t Tian Tian no one to take care of?”

He frowned, touched the child’s hair, and said apologetically, “Do you mind going with me?” Seeing Miriam’s face was surprised, he quickly explained, “You just have to take Tian Tian to eat something. She will be good at listening to you, and I will leave after talking.”

Miriam was softhearted, thinking that there was nothing important to her, and it was always good to help them father and daughter, so she agreed.
