

Let Me be Your Ex Chapter 239– 240

Chapter 239

...

Bryan threw the phone away, stroked his forehead, and said in a deep voice, “Go to check Xiang Dongnan, especially during the period when I was an old student of Lu, and there was some intersection with Miriam.”

Lin Shui immediately responded, I’m afraid that only Miriam can make President Shao such a anger.

“There is Gu’s family banquet to attend in the evening,” Lin Shui was a little embarrassed, “Gu Shao’s invitation, I’m afraid it’s hard to refuse.”

The man looked gloomy, and the woman probably didn’t want to see herself at all.

“go with.”

Lin Shui breathed a sigh of relief. Young Master Gu made several calls to himself today, and he must arrange time for President Shao, otherwise Gu would break his leg without him at night.

“Um...” At this time, I really didn’t have the guts to ask Mr. Shao if he would take a female companion.

Fortunately, he moved his eyes and Bryan could guess his mind.

“Year Qi Feng at home.”

The Qi family is a well-known family in City Two. The three generations up have been pivotal in the literary world. Although the current society’s pursuit of literature is not as good as before, such a family with deep foundations can be respected and respected wherever they go. Pay attention to it, especially the children that are brought up, all of them are outstanding, and some powerful and wealthy people want to get married with them.

Qi Feng is not the best child of the Qi family, but he grew up with Bryan and is the most familiar one. He just returned from Washington this year to work in the design industry.

...

It was dark and the luxurious and low-key black car slowly slid into Gu’s garden. Qi Feng sent a message saying that he was waiting for him at the entrance of the banquet.

The corners of her mouth raised slightly, this girl still acts as unrestrained as before.

From a distance, the girl has short hair and is wearing a little black dress that reaches her knees. She has fair skin, and her eyes are staring at the people moving around. The moment she sees Bryan, her smile blooms instantly, like an elf in the middle of the night.

Lin Shuirao was accustomed to seeing beautiful women by Bryan, and he had to sigh that such a fresh and refined girl is too rare.

“Brother Bryan! You’re here, I’ve been waiting for a long time!” Qi Feng stepped on high heels and walked over unskillfully. Bryan saw her swayingly and reached out to help.

“Don’t wear it if it doesn’t fit.” He glanced at the shoes under her feet and said lightly.

Suddenly it occurred to Miriam that she only wears mid-heeled shoes, not tall or short, and can touch her forehead every time she lowers her head.

The girl bulged her cheeks and squinted, and her voice was like a oriole: “Not to save you face!”

“I don’t need to support my face.” A man’s innate pride is more prominent at this moment.

Qi Feng rolled his eyes and was accustomed to his appearance, hooked his arms, and the two raised their feet into the banquet hall.

The pair of Biren attracted many people’s attention as soon as they appeared, and Gu’s father greeted him with a smile, showing kindness.

“Xiaochen is here!” Turning his head and looking at Qi Feng, “and Qi Feng, they are really getting more and more beautiful. I’m afraid I will almost forget Uncle Gu after staying abroad for a long time!”

“How can you, Uncle Gu! I’m thinking about the cherry tree planted in your backyard. This year, it bears fruit and I must eat a basket!” Almost no one can resist Qi Feng’s coquettish appearance, and Father Gu laughed. Not from ear to ear.

Qi Feng’s eyes swept around the huge meeting place, and suddenly asked, “Where is Miller? Why didn’t he see him?”

Gu’s father suddenly closed his smile, and the aura he had accumulated over the years exudes: “I am also waiting for this bastard to appear, and when I see him, he will have good fruit!”

Bryan’s eyes drooped.

Miller, I may not be able to save you today, but I have brought someone who can save you.

Suddenly, the place near the door was quiet, and everyone looked over there.

After all, Miller has a suit and leather shoes, all his hair is combed back, and all of Shu Lang's facial features are exposed. He looks like a young man, with a lazy smile on the corner of his mouth, and nodding at the guests frequently.

Father Lu didn't see him the most dignified appearance, plus this guy didn't care about hiding for a few months, saying that he was going out for a trip, but in fact it was just throwing his hands off and having fun, even more intolerable!

He hit Miller with his cane.

It was really quiet now, except for Miller's howling for help while begging for mercy, everyone else had a good-looking expression, including Bryan and Qi Feng.

Miriam stayed in the corner of the banquet hall with Tian Tian. In fact, she didn't realize that this was an industry gathering organized by the Gu family until she reached the door. She settled them in Southeast and went to discuss business.

At this moment, across the crowd, I saw Bryan's figure at a glance. Perhaps the girl next to him is more conspicuous to her. Yes, a girl like an elf, twirling his arm, they carry Look at the father and son with exactly the same expressions.

She felt like her eyes had been pierced, and she lowered her head in a panic.

Miller was still beaten by the cane a few times. Gu's father was panting, no energy, and pointed to him: "Aren't you unwilling to come back? Then I don't want your son! From now on, the Gu family will be divided Nothing has to do with you!"

As soon as this remark came out, everyone present sighed for a while, and Grandpa Gu was really angry.

Miller was also taken aback. He didn't expect his father to punish him like this.

No one dared to step forward at this moment, but Qi Feng suddenly loosened Bryan's arm, walked over with a light laughter to help Old Man Gu, and suddenly shouted: "Uncle Gu! You are so angry that I look distressed! Gu! Zheng is not filial to you, but I think this is not enough."

As soon as these words came out, everyone took a breath. This girl is here to smash the scene!

I saw Qi Feng blinked his eyes and said wittily: "You, you should let him do the most unwilling thing to do, such as meeting in the company all day long, talking about customers, I know very well, when he encounters these Just a headache, honestly, no energy to make you angry anymore!"

As soon as this remark came out, there was no one present who did not admire the young girl. She was bold and flexible. Two sentences took back what Elder Gu had already said and saved face.

Where would Old Gu really hand over the Gu Group to someone else, and regretted it after speaking. Now that there is a step down the ladder, it is not too satisfying. Miller glared at him and turned and left.

Qi Feng secretly made a face like Miller, and obediently returned to Bryan.

If Miriam had only noticed Qi Feng because of her appearance, she would have been shocked by her personality charm.

She is a girl who has magical powers to convince people around her with a smile, smart, beautiful, and kind. All the good terms seem to be found in her...but she is right next to Bryan now, holding him tightly. Sleeves.

Looking down at myself, I suddenly felt a little embarrassed.

Xiang Dongnan didn't know when she appeared. Seeing that her face was wrong, Miriam shook her head. After handing Tian Tian to him, she said that she was going to the bathroom, and left her head in a hurry.

Bryan's mission today has been completed, let Qi Feng go to play, and stand by the French window.

Miriam's figure was reflected by the French windows and flashed past.

But the already obvious pregnancy made Bryan immediately confirm that it was her, and turned to chase after her.

"Miriam!" was called from behind.

Miriam felt that she couldn't face him calmly at this moment. Without turning her head, she spoke with difficulty, her voice was so hoarse that she didn't even recognize her, "I'll go to the bathroom first, and I'll talk later."

Bryan didn't give her a chance, and strode to catch up, holding her in his arms, frowning: "Why are you here?"

Why am I here? She didn't want to be here, didn't want to see the scene just now, didn't want to make herself pathetic and miserable!

I closed my eyes and became too tired: "I'm tired and want to go back first."

Bryan felt that her condition was too bad, touched her forehead, and said in a deep voice, "I will send you."

He pushed him away with force, and said indifferently: "No, you can go to work."

The man condensed his eyebrows, pressed his anger, put aside the day before, softened the tone, raised his hand and touched her face: "It's over, let's go together."

Miriam gritted her teeth and turned her face away: "I said no, I will send me back to Southeast."

Bryan's fingers froze in the air, heh, come with Xiang Southeast!

Jokingly climbed onto Jun's face, the smile on the corner of his mouth was cold: "In this case, I won't bother."

Miriam listened to the sound of footsteps, and the coolness rose from under her feet, her smile spreading across her pale face, which was nothing more than that.

Before halfway through the party, several people have already left.

Bryan went directly to the garage, and halfway Qi Feng called and asked him where he was.

"gone."

The girl asked incredulously over there, "Leave me and you left?"

Bryan pulled on his tie and said impatiently: "If you can go by yourself, can't you return by yourself?"

He immediately hung up after speaking.

Lin Shui couldn't help but slap his tongue, his family Mr. Shao really wouldn't pity Xiangxiyu, and he had the heart to yell at such a beautiful girl, obviously his mood was bad.

"Go to the bar." Just as Lin Shui turned on the way home, Bryan spoke.

...

Lu's family, Lu's father and Lu's mother stood outside the door listening to the movement, but did not hear anything.

When Miriam came back, she looked tired and pale, without saying a word, she plunged into the room.

The two old people didn't know what was going on, didn't they go to see Tian Tian today?

More importantly, the phone call to Bryan was also turned off, even if the quarrel was not enough.

Miriam covered his head with a quilt, and what lingered in his mind was the pair of wall men today. Yes, they are talented and beautiful, and they are natural intimacy. It is a fit that can only be achieved through the accumulation of years. Obviously, they have not just met.

But what is he?

Tears unknowingly soaked the pillow, and couldn't stop no matter what, she couldn't help but want to scold herself for nothing, even when Sophia was next to him.

The marriage is divorced, the big deal never sees him again, the big deal the child is born and raised alone, the big deal is old and dead...

Chapter 240

Miller was entangled in the ground by Qi Feng, and Bryan called and pulled him out for a drink at about ten o'clock.

He quickly jumped up from the sofa and showed Qi Feng with his mobile phone: "Hey! Brother Chen called me to have a drink. You have fun here, thank you after today's affairs!"

Saying that he picked up his jacket and slipped out.

On the way, Miller called Bryan again. He was dizzy just now by that girl, and now I think about it, his voice and emotions didn't seem right, and he didn't even ask for the address.

"Where is it?" Bryan poured another glass of tequila, his tone was already drunk.

Miller picked at the corner of his mouth, and smirked with a smile: "Why, I'm so anxious to accompany you?"

"Don't talk nonsense! It's a brother, just f&cking hurry up!" Bryan rarely even bursts out swear words.

Miller felt that something was really wrong with him, so he quickly calmed down: "Okay, OK, where are you? I have already driven out."

"Shindi Bar."

Miller still wanted to talk to him, but was suddenly hung up.

I'm afraid this guy is emotionally hurt.

When he arrived at the bar, Bryan had already placed a row of empty wine bottles in front of him, and the waiter was accompanied by him.

Miller stretched his long legs on the high chair and sat next to Bryan, waved to the waiter and asked him to bring a few more bottles of wine.

Putting an arm on his shoulder, he smiled and said: "This is not your style, let's say, who made you like this when I'm not in these days?" He squinted his eyes, like a fox, "Are you not waiting The wife you met?"

Bryan looked blurred, pushed away Miller's arm, and glanced at him with his long eyes: "When will I not wait to see her? Obviously she doesn't have me in her eyes! Follow that..." Suddenly he paused here and looked down. There was no sound.

Miller raised his eyebrows. It really was because of that woman. It seemed that his brother was deeply rooted in love, but Miriam was already pregnant? Can this run away?

"Yes, I don't want to say it, don't say it, buddy accompany you to drink, not drunk or return!"

Bryan smiled at the corners of his mouth, shook his head, and pulled Miller's collar: "She doesn't have me in her eyes! The child is about to be born, does she want that man to be the father of the child!"

Miller sighed, "Who told you to treat others like that in the first three years? You even divorced from marriage."

Bryan buried his head on the bar and took a deep breath. The alcohol had almost paralyzed his brain. He was still calling the name 'Miriam' the first second, and there was no response in the next second.

Miller settled the bill and carried him home, but who knows where he lives now?

He took the phone out of his trouser pocket and pressed it open to be Miriam's face. He smiled and looked at the unconscious person on his shoulder. This download is really damaging.

I pressed a 520 fast dial, and it was connected. It seems that people with good taste are unavoidable.

Miriam finally went to sleep, and was woken up by the phone in the middle of the night. It seemed that the electrician was still Bryan, and the first reaction was to hang up.

Miller stared at the extinguished screen blankly, he couldn't help cursing in his heart, and then struck him reluctantly.

Miriam answered the phone angrily, and cursed, "What are you calling for?! Who should I call? It will be okay for the two of us in the future! Didn't you say that going southeast is bad? I want Say he is good, ten thousand times better than you!"

Miller took the phone a little further away, don't shake his ears.

When she was tired of scolding, she called out "sister-in-law" twice.

Miriam's heart was "thump", this was not the voice of Lin Shui and Yan Ke.

"who are you?"

Miller smiled hippieily: "I'm Bryan's friend. He is drunk now. He doesn't know where to send it. He accidentally pressed "520" and it got through. It seems he should be his sister-in-law."

The content of his words was too rich. Miriam didn't turn his mind just after waking up. After digesting it for half a minute, he reacted. She stood up, thinking of shouting at the other party just now, and she suddenly became embarrassed.

"Um...I...I divorced him, I will give you an address, you can send it directly, the key should be in his car." Miriam explained.

Who is Miller, as long as he is unwilling, don't say a few words, that is, don't want to dismiss him easily.

"Hey, don't hang up, your ex-wife is fine. It's better than an outsider like me. If he loses something in his house, won't you find me tomorrow? If you don't care about me, just put him downstairs." Miller said leisurely with his long legs curled up on the steering wheel.

Miriam frowned, feeling that the other party was framing her. When did Bryan lack someone to take care of her?

He said silently: "I am pregnant now and my body is inconvenient. If you want to, put him downstairs. It has nothing to do with me."

In Miller's heart, a group of grass-and-mud horses ran past, but he didn't expect this woman to be really ugly.

"Sister-in-law! Sister-in-law! I can't help it, this is really drunk, and you are calling your name, Miriam, your name is Miriam, right? It depends on your previous friendship that you have to take him in for one night. !"

Miriam's heart moved slightly, and he hesitated. Miller quickly said, "I'm at your door now. Just come out and claim it. I'm leaving now!"

Before leaving, he rang the doorbell.

Miriam was upset and didn't want to talk to the person at the door, so she continued to sleep with her head covered.

But within two minutes, he got up resignedly and went out to open the door.

Bryan was facing the door, leaning on the wall and sleeping soundly.

He walked over and pushed him, without any response, his hair was a bit messy, his facial features were hidden under his hair, and he made two sounds of 'mum' from time to time.

Isn't it at the dinner party? How come you get so drunk?

I tried to pull him twice. The power gap was too great, and he didn't move at all. I also had to take care of the children. How could I use brute force, the father and daughter were already asleep, so let them get up and worry about it.

I couldn't help but raised him bitterly, and gritted his teeth and said, "Bryan, you will cause trouble for me! How about today's little girl, why didn't you take you in?"

As if hearing it, Bryan moved his long legs, buried his head deeper, and said aggrieved: "No."

Miriam suddenly became angry.

After tossing for a while, there was really no choice but to cover him with a thick blanket, the door was wide open, and he was ready to go to bed.

Lie down and feel uneasy. Although the security of the community is good, he was afraid of accidents. He went out to look at the man again. He didn't move for a while, sighed, and slept on the sofa with the quilt.

I opened my eyes in the morning and reacted after a while. I lay on the bed, turned over, and touched something with my hand.

Bryan's handsome face is close at hand, his arm is still on her body, did he carry himself in yesterday?

Miriam wrinkled her nose, there was no alcohol on his body and changed his clothes.

Feeling the movement, the man moved and woke up. His long eyes opened slowly, and he was not surprised to see Miriam staring at him. He made a magnetic, dumb voice: "Wake up?"

After asking, hugged her and went to sleep again.

Miriam was willing to push his hard chest and stood up on her own.

Bryan's arms stiffened and opened his eyes.

"Since you wake up, go back." Miriam said coldly, without any emotion.

Bryan's face changed slightly, and the corners of his mouth sank: "I won't go to work today, I will stay with you at home."
