

Let Me be Your Ex Chapter 241– 242

Chapter 241

Miriam took a set of clothes, stopped before entering the bathroom, turned her head to look at him, with a sarcasm in her eyes: “No, my parents must take care of them better. You don’t have to waste time for me.”

The man caressed his brows reluctantly, his head still aching.

When she woke up early in the morning, she was curled up on the sofa, the door was open, and she couldn’t help feeling soft in her heart, and her anger was mostly gone.

After Miriam came out, she went straight to the living room without giving Bryan a look.

Mother Lu was stunned when Bryan came out of the room, and quickly laughed, “Bryan, come and have breakfast.”

Miriam sat down with a blank face, and Bryan sat beside her and peeled an egg for her.

“I will not eat.”

Lu’s mother and Lu’s father glanced at each other, and then turned around calmly. The couple for many years knew what each other meant without having to speak.

“Bryan, I don’t know if the prenatal education center you mentioned last time has been asked. If you are free today, I will take Miriam to take a look. The two will relax and make appointments. Although the child is about to be born, the relationship between husband and wife should be diligent. Operated.” Lu’s father said seriously.

Bryan nodded immediately: “I have already said hello. Yesterday I planned to take Miriam. I have something to do temporarily. We will check it out later.”

Miriam put down his chopsticks and said unhappy, “When did I promise you to go? I don’t plan to go out today.”

The man bowed his head and said nothing, and put some vegetables for her, and said softly: “Well, listen to you, I’m at home today.”

Miriam felt like he was hitting the cotton with all his strength. This man looked cold yesterday. Why is he now willing to be compliant with him? But he still couldn’t swallow this breath. He wanted to reconcile when he was in a good mood. If he was in a bad mood, he would find all kinds of excuses to let out his breath, huh, don’t play with him!

“Suddenly I remembered that I had an appointment. If you want to be at home, please be at home.”

Father Lu looked at his daughter unreasonably making trouble, and he whispered: "What? I still can't serve you well?"

Miriam felt aggrieved, stared at Bryan, and suddenly stood up and went out with the bag.

The man told the two old people not to get angry, and hurriedly chase them out.

Standing in the elevator room, Lu and I waited for the elevator with my back turned to him. Bryan patiently said: "Where are you uncomfortable, tell me what happened yesterday. I won't mention anything yesterday, okay?"

Miriam sneered, "Then I also want to thank you for your generosity."

Bryan pursed her thin lips lightly, staring at her back with deep eyes.

"What do you want?"

Miriam smiled, but in the end it was what she wanted, what can a pregnant woman expect to give birth to? Neither has the ability to recruit flowers and plants like him, nor does he have the conditions to throw someone out of the water, even going out and walking normally is a luxury.

"I think you don't follow me." The elevator just came, and Bryan was about to follow in, but she was pushed outside the door, and the door between the two slowly closed until everything disappeared.

...

In the office of President Longteng, Lin Shui stood in front of Bryan.

The boss has been depressed recently, and he is also terrified. He has been called in for a long time without saying a word.

Without rest for a few days, Bryan's eyes darkened and tired, and it took a long time to move his fingers and raise his eyes.

"How about Xiang Dongnan's experience before I asked you to check it?"

Lin Shui finally took a breath from the low air pressure, as long as he was asked to speak and report to work, he was not afraid.

"Ah, the time he studied with Lu Lao was very simple. At the time, Lu Lao had more than one student. Miriam had a cheerful personality and knew everyone well, but..." He didn't know whether he should say something trivial. It may be just a little story with no basis.

Bryan sneered: "When are you so tired and crooked? Just say anything."

Lin Shui immediately said: "The number of places to study in Switzerland to the southeast has suddenly dropped. That is to say, he had no plans to go abroad before, and he did not let anyone send it to him before leaving, not even Miriam, but... Miriam went."

"What do you mean?"

Lin Shui glanced at the boss's face, not afraid of death, said: "At that time, it was probably forced to go to Switzerland to the southeast. Only Miriam was the only one to send it, indicating that their relationship is very good..."

"How was his family conditions at that time?"

"Ordinary well-off families, but they certainly can't afford the cost of studying abroad." This is what Lin Shui finds strange.

Bryan held his chin, all thoughts: "I see, you can go out."

In his opinion, although Lao Lu liked this student, he was not very special, and he didn't even know his situation deeply.

.....

Miriam wandered aimlessly in the street until she got sweaty, and then casually found a cold drink shop to sit.

Seeing the people coming and going, I suddenly felt that the future between myself and Bryan was very slim, leaving behind various other factors, the most important thing was that they failed to do it.

There is no shortage of Yingying and Yanyan beside him, and now he asks himself, absolutely can't bear to rub the sand in his eyes.

His eyes were red. Four years ago, he was full of joy, and now he is still entangled with him. I am really hopeless. I am at this level. What are you still looking forward to?

Tears blurred the scenery on the road, and the glass across it was also foggy.

But just across the glass, Miriam actually had an illusion, seeing Mu Ming standing across the road, smiling at him.

Wiping his eyes, it is correct, that is Mu Ming, he is coming here across the road.

The moment Miriam pushed the door in, something was wrong.

His feet fell.

His appearance has not changed, and he smiles at himself as before, but he always feels that something has changed.

Miriam stood up, stunned, and the corners of her mouth curled: "I heard that you went to work in a neighboring city. I didn't expect to meet again so soon." Miriam apologized, "What happened last time has nothing to do with you, you It doesn't have to be this way."

Mu Ming sat down opposite her, his mouth twitched, and said lazily: "He really told you that!"

Miriam was taken aback and didn't understand what he meant.

He ordered a glass of lemonade from the waiter, and then stared at her and explained faintly: "Oh, you don't know about this. It's your ex-husband. He was very anxious when you were caught. He caught me in order to find the culprit. , Later angered me, took one of my feet, and threw it into the wilderness," then he bent his eyebrows and smiled, "I have to say, he treated you really well, have you remarried?"

Miriam wondered if she had an illusion or a hearing problem, otherwise how could she have heard such a ridiculous story.

"Your feet..." Miriam's voice trembled, and she looked down.

"It's not perfect yet, but it should be a slope in the future." Mu Ming's smile was always there, but Miriam felt that his tone was getting colder and his eyes were getting colder.

The blood seemed to flow back in her body, and she felt that her eyes were so sore that she could hardly open her eyes to meet Mu Ming.

"I..." My throat seemed to be blocked, and I couldn't say a word.

Almost escaping from the cold drink shop, Bryan, the person who hated him for living with him for four years, even gave her a panic that he would never accept.

Miriam almost called Bryan with the feeling of breaking up.

"Miriam?"

She was about to bit her lip.

Chapter 242

"Bryan," Miriam's eyes were red, disappointment and despair coexisted in her eyes.

Bryan was frightened by her appearance, and asked her what's wrong with her eyebrows. He was thrown away as soon as he touched her.

She closed her glasses and met his eyes: "I want to know how you feel when you lied to me. You think I am a fool? Or do you want the superiority to control the fate of others?"

Bryan's eyes darkened: "What are you talking about? When did I lie to you?"

Miriam couldn't bear it: "Mu Ming! You can't remember him in just a few days?! Why go to work in a neighboring city! Why do you feel guilty to me! Did you blink when you said this!"

Bryan's raised hand paused, and his handsome face was also unnatural.

"What do you know?"

Miriam gritted her teeth: "Everything you do."

He put down his hand and returned to calmness, his thin lips lightly opened: "I have a clear conscience, I should be taught a lesson, what mistake I made is worthy of your question?"

Miriam found it extremely absurd. The things that this man did and said these days made her feel very strange, and she couldn't help but wonder if he really liked him in the first place.

Cruel, bullying the weak and innocent is actually the other side of his grand-sounding appearance...

She stepped back unconsciously, with unprecedented sadness and disappointment, Bryan suddenly felt a little scared.

"If you take the destruction of other people's lives at will as a lesson he should learn, then we should not be the same. You hurt his leg because of me, and I will make up for it. Each other."

Miriam turned around with difficulty. At this moment, she felt that such a big belly might really be a burden, and she couldn't leave without care.

Bryan condensed his eyebrows, grabbed her wrist, and the fox questioned: "His leg? What do you mean?"

A Tan Hanbing was brewing in Miriam's eyes, and she threw away his touch for the second time, as if being disgusted by something, and sneered: "It's no use pretending to be innocent now."

The man was stabbed by her actions and avoided himself like a snake! !

"Miriam!!" shouted furiously, but she did not respond.

After coming out of Longteng, Miriam stood by the side of the road extremely calm, perhaps because there was really no illusion.

After returning home, I simply packed a few pieces of clothing, took advantage of the time when my parents went for a walk, left a note and left.

As long as you live here, you will never get rid of Bryan.

Mu Ming was contacted, and his car stopped by the road outside the community.

Miriam walked slowly, sweating profusely when she reached the side of the road, got into the co-pilot, panting.

“Do you really want it?” Mu Ming asked lightly.

“There is no need to stay,” Miriam turned to look at him, suspiciously, “Can you let him find me?”

“I can make the whole world find you.” Mu Ming smiled suddenly, just like the big boy not long ago, pure and clear.

...

Bryan called Yan Ke in and looked at him coldly: “You abolished the leg of the kid surnamed Mu?”

Yan Ke reacted, only to remember that it was Mu Ming, his always stern expression didn't make any waves, he shook his head and denied.

“You let me play it for a while, and then let President Henry open him, so that he can't mix in City Two, I did this.” Yan Ke remembered very clearly, because the kid's eyes made him remember.

Bryan confirmed again: “Are you sure you didn't hurt his leg or other places, causing disability?”

Yan Ke nodded firmly.

Unexpectedly, the kid would be swayed. If his leg was broken, he couldn't come to ask for justice. Instead, he would ask Miriam to complain, which is not reasonable.

Father and Mother Lu were panicked when she saw Miriam's message, she said to leave, regardless of the child in her stomach!

Bryan was the first to contact.

“What?!” Bryan almost crushed the pen in his hand.

After hanging up the phone, he asked Lin Shui to send all the people to investigate the traffic in City Two, and he must find Miriam to take home!

But until the evening, most of the day passed, Miriam was just like the world has evaporated. Except for the record of the car she took from the gate of the community, there was no monitoring showing her whereabouts.

Bryan called Miller again and asked him to use the Gu family's network to help find people. Even several nearby cities turned upside down, and he didn't even touch the shadow.

Nearly one day and one night, Bryan did not close his eyes. This was the hardest night in his memory, and it was also a rare helpless moment in his life.

Miriam, where have you been?

Bryan remained motionless, and was buried in the shadows, thinking, regretting, and missing.

Miller opened the door of the office, his always cynical face was also very serious: "Go take a rest, expect you to find someone, don't fall down by yourself."

Still motionless like a statue.

Simply sit down and analyze the situation with him: "She left on her own. I definitely don't want you to find it. She can't hide it so tightly by her own ability. Or someone will help her secretly. That's good to say; the worst is just being kidnapped. , But so far there is no threatening news, and there is no other bad news. Even the whole province is peaceful, and the police are also stepping in. Once there are clues, they will definitely be found, but before they are found, No news is the best news."

After a lot of rumors and analysis, the man seemed to not even listen.

"Mu Ming." He said suddenly.

Miller didn't hear clearly, and asked again: "What?"

Bryan was expressionless and looked up at him: "Mu Ming, he took her away."

Miller still doesn't know where the pastoral name is, so Bryan briefly told him what happened.

"f&ck! Why is this kid so dark! Openly against you!" But it was not right after another thought."Why does he have such a great ability, is it possible to smash people down?"

Bryan glanced at a pile of documents on the desk. This was the information that Lin Shui had asked Lin Shui to find last night.

I checked him last time because of Shang Rui, but he was too concealed and only found a few key things.

But the one in front of me is obviously more valuable.

Both his father and mother were ordinary residents of a certain town in City Two. His father died early, and his mother was brought up by his mother until he was in junior high school. When his mother died of illness, Song Rui began to support him with excellent grades and went all the way to college graduation. Earning the first pot of gold in life seems to be the experience of a successful young man on the surface, but it didn't take long for him to become a hot trader on his own. After that, he got rich, but he never appeared in the public. The important thing is that he used the money to raise a group of desperadoes, and obeyed his command, it can be said that he is the leader of a triad!

Miller looked stunned: "This underworld took Miriam away? What is his purpose?"

Bryan also wanted to know his purpose.

There was a faint hunch that he came to Yingxin to get close to Miriam. But looking back at Miriam's life over the past two decades, Lu Mu can testify that this person has never appeared before.

"It's just a pending case!" Miller frowned.

Yan Ke knocked on the door and came in, glanced at Miller, and Bryan motioned for him to speak directly.

"Watching the surveillance repeatedly, it was determined that the car disappeared after entering the Xiyu parking lot. I checked all the entrances and exits and underpasses of the parking lot and found that the surveillance was subcontracted within a minute."

Bryan rubbed his brows: "Just say the result."
