

Let Me be Your Ex Chapter 243– 244

Chapter 243

“No person or car was found.” Yan Ke couldn’t help but hesitate when he said.

Miller couldn’t help but cursed. It was really incredible that they could not find the two of them. What is the origin of this pastoral name!

A gloom flashes in Bryan’s eyes, and it seems that he underestimated this pastoral name.

Miller was most familiar with his smile, strange and dangerous.

It seems that a way has been found.

He got up and put on his jacket, and said lightly to him: “Follow me to meet someone.”

Miller was stunned: “Who is it?”

“Shang Rui.”

Miller followed him, think about it, except Shang Rui who has such a great ability?

He can’t guarantee that he won’t get revenge for the last incident.

...

Bryan also heard about Rania after he was discharged from the hospital.

Rania was taken back to the Song family directly, and Song’s father and Song’s mother did not give Shang Rui the opportunity to see her. Besides, Shang Rui used to be a “Mr. Miyoshi” image, but recently he has been uncharacteristically and often see his lace news.

All abnormal things are doubtful. It is not that simple between him and Rania...

Two hours later, I arrived in Jincheng. There were three men sitting in the office on the top floor of Hetai Building. The assistant really wanted to take out his mobile phone to take pictures of this hard-to-see scene in a thousand years, but he also thought that life is important, and honestly serve tea. Good water delivery.

Shang Rui closed the folder and leaned back on the leather chair, with a faint smile: “How big is the business, is it worth the two to come together?”

Bryan glanced at him coldly, squinted his eyes and said solemnly: "Ms. Shang is also an old friend. It's not good to relive the old days?"

The assistant shook his hands. He really didn't know what friendship the three big men had, so he couldn't help but prick his ears.

Seeing the unpredictable expression on Bryan's face, Miller wondered if he had guessed wrong. Although he was puzzled, he nodded in agreement.

Shang Rui chuckled, as if Bryan was telling a joke.

He hugged his arms in time, "Then I want to hear Mr. Shao tell me when it's old, but..." Shang Rui said in a playful tone, "I heard you are busy looking for someone these past two days. , I didn't expect to see me leisurely. Could it be that I suspected that I was hiding people?"

Bryan didn't rush, the charm in his eyes deepened a bit, and he said quietly, "I believe that Shang will never be willing to have trouble with Rania. After all, Miriam is her friend." The conversation turned, and the corner of his mouth was slightly picked."It's a recollection of the past... Actually, I came to Mr. Shang for help. I want to see Rania."

Shang Rui's eyes moved slightly, and his expression remained silent: "What did you see her for?"

Miller suddenly remembered that Mu Ming did not have a family member, and the only person in contact was Rania. Maybe he could get news of Mu Ming from her.

Bryan lifted her thin lips, her eyes flickered with cold light, "Last time Miriam helped her, women are not like that. After they have friendship, they like to talk whispers. Miriam must have said hello to Miss Song before leaving, so I wanted to ask. Ask the situation."

Shang Rui held his chin with his fingers, thoughtfully, and then chuckled again.

"Miss Lu doesn't tell you about her situation, but tells others, Mr. Shao, you are..."

Bryan's dark eyes squinted for an instant, and the gloomy bird between his eyebrows was pressing. Miller breathed, and hurriedly finished the game, "Zong Shang..."

Unexpectedly, Miller was interrupted by the man next to him before he said anything, "Miss Song is not someone else at Miriam, after all, I have helped Miss Song before."

Miller was dumb, and he really couldn't eat the slightest loss. You come and I go, Huoguangjanying, for the sake of their respective women, are not willing to give in. This is not going to go now, nor is it to stay.

Shang Rui looked stiff, and quickly said coldly: "In this case, Rania is no stranger to Mr. Shao, Mr. Shao doesn't have to go through me to find her."

Miller turned to look at Bryan, and they did indeed come to the wrong place.

After a long silence, the man made a clear expression, "Since Mr. Shang said that, I'm not welcome to those people who surround Song's house."

Miller didn't realize what he meant. The man had already left the office.

"What are the people surrounding the Song family? Why can't I understand."

After getting in the car, Bryan didn't speak any more, but just threw a bag of documents to Miller. Miller didn't say anything more, but felt that the atmosphere inside the car was very dark.

Most of the file bag contains the latest developments about Shangrui.

The front was all innocent lace scandals, but when it turned to the back, it turned out to be a photo of him entering and leaving the Song family.

It was almost all reported on the Internet that the two of them had been divorced, and Rania kept behind closed doors.

"What are they doing?" Miller really didn't understand.

Bryan said indifferently: "Rania is under house arrest by him."

"Why?" Miller was surprised. No matter what, the Song family was a respectable person, so how could he let him do this.

The man turned his head and looked out of the car window, closing his eyes and sleeping softly. Miriam's face kept passing in front of him. Miriam was really ruthless, and he left without thinking about what the child would do.

Just for a pastoral name...

When they arrived at the Song family, Shang Rui's people let them into the yard without saying anything.

Rania stood outside the white villa with cold eyes and a thin figure.

Maybe Shang Rui had already told her about her intentions, and had not waited for Bryan to speak, and answered them directly.

"Miriam hasn't contacted me, and it's even impossible to tell me where she went." She couldn't help but laughed at herself when she finished speaking. She was trapped here, who else could she contact.

Bryan nodded lightly, as if he expected it.

“I think Miss Song should know the existence of this person Mu Ming.”

Rania moved his fingers almost imperceptibly, turned his head and looked around, his brows were clear and widowed, without any expression, “I don’t know.”

Miller raised his eyebrows, but deliberately didn’t know him. It seems that the relationship between them is not just a simple funded and funded relationship.

Bryan seemed to expect Rania to answer like this, “Ms. Song knew that since I came to ask, she must have found something, why didn’t she tell the truth?”

“Mr. Shao has found out what else is there to ask? I just supported him. I haven’t contacted him for a long time. Besides, what does he have to do with Miriam?” Rania asked with eyebrows.

Miller crossed his eyebrows: “Mu Ming helped to take Miriam away.”

Rania’s expression changed slightly, but he remained calm and calm.

“So I want to know about Mu Ming with Miss Song, and see if I can find Mu Ming through Miss Song.” Miller said.

But it was obvious that this woman still didn’t want to talk about Mu Ming, and only talked about trivial things.

Bryan’s brows tightened, and a chill flashed in his eyes, “Rania!” His deep eyes made Rania feel a touch of danger.”The time Shang Rui went to the restaurant, the person Miss Song saw was Mu Ming. Miss now says that you have no contact with him, is it too far-fetched?”

Rania was a little flustered, but it was fleeting, she thought no one would know...

Chapter 244

But in an instant, he immediately recovered his silence, and his red lips moved slightly: “Mr. Shao has found out what else is there to ask? I just supported him and haven’t contacted him for a long time. Besides, what does he have to do with Miriam?”

Miller crossed his eyebrows: “He helped take Miriam away.” Then his charming eyes moved slightly, and a smile was raised, and he continued with joking, “Miss Song, no

one is interested in your other relationships, don't worry. , We are just looking for someone purely."

Rania's expression changed slightly, and he quickly glanced at Miller coldly: "If you talk nonsense, please go out."

Long eyelashes moved slightly, and the scene where Miriam helped her avoid Shang Rui last time flashed before her eyes. She didn't intend to put her in a dangerous situation. Mu Ming was acting too impulsively this time...

After pondering for a moment, he turned to Bryan: "I only know a few addresses he used to live. If I can't find it, I can't help it."

The man nodded.

Soon Lin Shui brought paper and pen, Rania wrote three or four addresses, and finally gave a slight pause with the pen tip.

Bryan's eyes were sharp, and he spoke lightly: "If we really want us to find her, write down all possible places."

Finally, an address was added.

After finishing writing Song Renfu, he looked up at Bryan, his eyes were a little complicated: "Contact him about this, please don't talk to Shang Rui first, Mr. Shao."

"I didn't want to intervene in your affairs." Bryan took a long leg and left without looking back.

Rania watched them leave, and the emotions hidden in his clear eyes leaked out a little bit...

Bryan sent someone to find the address immediately, except for the last one.

"Let Yan Ke prepare for the last place, set off immediately." His expression was light and he ordered.

Lin Shui was surprised: "Are you going together?"

The man's voice did not move: "Including you."

Lin Shui shut up immediately and went out to make arrangements.

...

The village in the small town west of City Two heard the sound of knowing, Miriam lay in the shade of the big tree in the afternoon and fanned, shaking the rattan chair in the rhythm of knowing.

With his eyes closed, the man's face appeared again, frowning slightly, and couldn't help thinking about what he was doing now.

It's been three days, and Mu Ming is right. This is a paradise, with good scenery and good people. She should have enjoyed life calmly, but she was inexplicably more and more flustered.

"Sister Miriam, try the watermelon you just picked." Mu Ming smiled while holding the watermelon that was cut in half.

The melon was ripe, and the red sand flesh was very beautiful. Miriam couldn't help swallowing and took the spoon.

"It's so sweet."

"This is stolen from the old boy's melon field, and he will chase and beat it when he knows it."

Miriam couldn't help but scolded him: "People have worked so hard to plant them all in your hands. How many have you stolen these days?"

Mu Ming smirked and grabbed his hair, pretending to be aggrieved: "I haven't eaten much after stealing so much."

Indeed, she has been too greedy recently, and in the hot weather, she always feels that she can't eat enough.

Halfway through the meal, I felt a little support, put down the spoon, thought for a moment and said to Mu Ming: "Go and get my phone."

She hadn't turned on her phone since she got here, and almost lived a life of isolation. Although comfortable, she inevitably felt a little uncomfortable.

Mu Ming's expression changed, his movements paused, his smile gradually disappeared, and doubts in his eyes.

"what happened?"

Miriam blinked and lay down again, staring at the treetops with some open eyes.

"I always feel that something is wrong. I'm afraid my parents are in a hurry. I will send them a message to tell them that they are safe." After a while, I turned to look at him, "You don't have a job yet? I have some contacts before, so I will contact you when I return, I should be able to find a good position, and I can't always accompany a pregnant woman to sleep here."

The corners of Mu Ming's mouth moved slightly, his eyes were complex, he opened his mouth and closed it again.

Miriam looked a little funny at her sullen expression: “Let you get me the phone, what silly message?”

Just turned it on, almost overwhelmed by missed calls and text messages, most of them belonged to Bryan.

The call log hasn't been interrupted since he left. There is one every half an hour. Does this man hardly sleep?

Miriam's eyes were sour, turning one by one.

where are you? ?

Where did I go? See my call back.

I have something to tell you.

If I don't come back, I will find you by digging in the ground.

Contact me, I am worried about you.

...
