

Let Me be Your Ex Chapter 245– 246

Chapter 245

Blinking my eyes, I want to blink away the heat wave, only half a day's text messages have reached the total number of the past four years.

I was reading it carefully, and suddenly another call popped up with a note, Chen. This is a note that was changed not long ago.

Mu Ming stared at the caller ID from her side, his hands tightened unconsciously.

Miriam's fingers stopped and trembled, almost subconsciously cutting apart.

Before departure, Bryan dialed her number almost habitually, but he didn't expect to be able to communicate, let alone be answered, and his heartbeat quieted unconsciously.

"Miriam?" His voice was hoarse, with deep fatigue, even a little cautious.

Miriam opened her mouth, but made no sound, but Bryan felt that it was her on the other end.

"Where are you?" Shen continued to ask, "I will pick you up."

Lin Shui started positioning the moment the phone was connected, and made a gesture to Bryan after success.

"No, I told my parents, just come out to relax," then frowned slightly, "you also think about it, do we need to entangle anymore."

The man almost lost his mind, and after working so hard to find her for so many days, he said so easily to relax?

"Of course it is necessary..." The smile was not as deep as the eyes, and the tone was cold to zero, but it pretended to be relaxed, "Miriam, no matter what your attitude towards me, you can't change the fact that we have a child in common. You will never get rid of me. , It's the same wherever you hide," he hooked his lips and continued, "and the pastoral name, I will thank him for taking care of you for the past few days."

Miriam's face turned pale when he heard the first half of the sentence, and her face became even more cold when he heard him. How could he not hear his threatening meaning: "What are you going to do? Isn't it enough?"

The man made a gesture to Lin Shui, got up to go out, but did not hang up the conversation: "Miriam, you have been pregnant for more than five months, are you responsible for your child? Is there anything that can't be resolved, you have to play Child temper?"

Is she kidding? Suddenly he smiled and said with sarcasm: “Yes, I only have the silly ability to run away from home. Unlike you, I don’t have to bear it when I’m upset, and I just do it on people.”

Miriam suddenly felt a bit out of breath after lying down for too long. It was more likely to be angry with this man. She supported the recliner with her left hand and remembered, Mu Ming saw her inconvenience and immediately reached out to help, and said with concern: “Heavier, be careful. .”

Bryan immediately caught the voice of the man on the phone, and the corners of her mouth became colder, but she knew that she was angry, and her tone was still soft: “You give the phone number to Mu Ming, and I will say something to him.”

Miriam was suspicious, her eyes moved slightly, she guessed something, and explained, “I asked him to bring me here. It has nothing to do with him. Just tell me what you want.”

Mu Ming’s hands were supporting her weight, and seeing her face angered, he blinked against her eyes, and smiled comfortingly: “Do you want to talk to me? Give it to me.”

The corner of Miriam’s eyes jumped, and in the blink of an eye, he gently took the phone away. He couldn’t help but worry that Bryan would say something excessive.

The smile at the corner of Mu Ming’s mouth was still there, and he yelled: “Mr. Shao,” the eyes are bright and open, “Sister Miriam is very good now, she...maybe she has been at home for a long time, she wants to relax, and I take care of it carefully. There will be no problem.”

Bryan got down from the exclusive elevator, and Yan Ke had parked the car at the door of the building, watching the boss face so dark that it was about to drip from a distance.

“Mubaming, I really underestimated you, and took the person away from under my nose in silence. After looking for it for three days, I couldn’t find it. I have to say, we need to meet again.” The man said quietly. But it was hostile, and I could feel the coldness over the phone.

Mu Ming was stunned for a moment, and condensed his eyebrows: “Mr. Shao, you may have misunderstood. Sister Miriam is in a bad mood. I happened to bring her here when I knew the environment was good. I had no other thoughts,” he glanced at Miriam.” When she feels better, I will take her back immediately.”

Miriam knew what Bryan had said after listening to Mu Ming’s answer. He used to think bad things about others.

“It’s not your turn to intervene in Miriam’s affairs. I have the final say if you have any other ideas. If it is true, tell me your address now.” Bryan was too lazy to talk nonsense, but he was afraid that Miriam would hide after he went. Can pretend not to know.

Mu Ming was embarrassed for a while, and glanced at Miriam: “Sister Miriam still has to decide...”

Miriam knew what he was saying, her throat was still blocked, and the sadness when he saw so many calls was lost by his few words, and she shook her head slightly.

“Sorry, Sister Miriam doesn’t want to see you yet.” Mu Ming said solemnly.

Bryan hung up the phone without saying a word. The phone fell out, hit the soundproof glass and bounced off again. Yan Ke was suddenly shocked by the loud sound and his hands shook.

“How long will it take?” Bryan asked Lin Shui with a dark face.

Lin Shui stunned, and immediately sat up straight and replied, “The fastest one and a half hours.”

“Then be faster, get there before dark.”

Yan Ke solemnly grasped the steering wheel, and stepped on the accelerator deeper.

Mu Ming handed the phone to Miriam, thought about it, and sat opposite her with his elbow on his knee, and said softly, “He should be there tonight.”

Miriam’s hand moved slightly while holding the phone, pursing her lips, and slowly closing her eyes: “Well,” then sighed, “Pack up and go.”

Mu Ming’s bright eyes darkened, and he got up and went back to the small courtyard behind them. The light flashed after he turned around, and he paused: “I will pour you a glass of water. The sky is too dry. It is easy to lie here for a long time. Lack of water.”

Miriam was stunned, didn’t hear what he said at all, just nodded subconsciously.

Squinting his eyes in a daze, Mu Ming almost fell asleep when he came out again.

“Sister Miriam, drink a sip of water before going to bed.” Touched her arm.

“Let it go first, I’ll drink later,” he opened his eyes and lazily said, “By the way, I have money in my bag. You take some to the old boy. He raises two children and grows melons. It’s not easy to make some money.”

Chapter 246

After speaking, he moved to sleep, covering his eyes with his arms.

The corner of Mu Ming’s mouth sank, his expression was complicated, and he couldn’t bear it. He gritted his teeth and turned and left.

...

When Bryan arrived, Miriam was still asleep, covered with a thin blanket, and the bump in her lower abdomen made her look very comfortable.

The man was angry. He thought about countless moments when the two met on the road. He was afraid that he could not help but blame her severely. But at this moment, facing her soft face, he couldn't bear to do anything except watching quietly, just waking up. She couldn't bear it.

Perhaps feeling the pressure around him, Miriam slowly woke up, her eyes quickly restored to clarity, her lips were a little pale, and she seemed to lack some complexion.

The man was condescending, with something brewing in his long eyes. He was not used to being stared like this. Miriam was about to get up with his hands on the armrests. She might have just woke up, her body didn't adapt, and she shook instantly.

The man's big hands covered her waist and propped up her whole body.

Follow his strength to stand firmly, but the big hand has not let go.

He gave him a blank look, "I'm not leaving now?"

He broke his wrist, and he was about to leave.

The man stretched out his hand, held her wrist, gritted his teeth and reminded: "The car is over there."

Miriam made a profit, but didn't get rid of his confinement, and couldn't help but sneer: "I'm not like President Shao, who is rich and powerful. I still have to take my luggage back."

Bryan turned his eyes and glanced at Lin Shui, his eyelids were lively, and he ran to the yard in a hurry.

Seeing that she still didn't move, she patiently asked, "What else is there?"

Miriam looked at him coldly: "Mu Ming hasn't come out yet."

"I'll let others take him back, you get in the car first," Miriam didn't wait for anything to say, the corners of her eyebrows sank, with some ridicule, she continued, "Don't worry, I will endure the unhappy this time."

Miriam only felt that the man's mouth was getting more and more poisonous, and one mouth could kill his popularity. If he had to say it well, he couldn't help but stand in place with a cold eyebrow.

Bryan didn't give her a chance to resist, so he dragged her into the car, and by the way brought down a small table with watermelons and water glasses, and everything fell on the ground.

Miriam sat in the farthest position away from him, looking out the window, feeling like this dark sky, ups and downs, very depressed, thinking about how to face this man when he goes back, he was right, as long as the child Exist, she would never get rid of him.

Is that just for the children after all? ?

Bryan's thin lips pressed tightly, and the phone rang several times, all of which belonged to Miller, but he was not in the mood to answer them now.

When I hung up, I called again. I was so annoyed and turned off the phone.

"Let's take it, idle is idle." Miriam listened to his movement, there may be something urgent, how embarrassed to delay.

The man shook his phone and glanced at her sideways: "I'm willing to be idle. If you are not so anxious and run around, I will be happier."

He grinned and said sarcastically: "The first day Mr. Shao knew that I was used to making unreasonable troubles? It took so long to say it. It was really hard. I really didn't see it in the past few years. You have the strangeness of the Teenage Mutant Ninja Turtles. Work."

Yan Ke almost didn't cough up a mouthful of sputum, and if he dared to scold his boss so blatantly, there was probably no one other than Miriam.

Bryan's forehead trembled, and he glanced at the rearview mirror with a knife-like look. Yan Ke felt cold all over, and immediately looked ahead and automatically blocked all sounds in the car.

"You don't need to ridicule. It used to be before. Now that the children are there, can they still be the same?" The man reminded her again that the bond between them is quite deep now, don't always want to run.

Miriam's eyelashes trembled, she lowered her eyes, and smiled bitterly. Children, you have such a responsible father, are you happy?

Bryan watched her lower her head from the corner of her eyes, her soft hair hanging down to her forehead, and the hair spin on top of her head was clearly visible, and the setting sun came on, taking her outline very tenderly.

The eyebrows were loosened unconsciously, and the skills of the two were drawn closer. Miriam was surprised that he suddenly moved, and he was imprisoned in his arms before he could resist.

The chin rubbed against her head, then turned to the neck, rubbed a few more times, and then suddenly took a bite at her neck. Miriam trembled all over, and the whole nose was full of a man's familiar taste.

There is still a gap in her heart. Although the body instinctively wants to get closer, her reason makes her struggle and indifferently said: "Let go of me."

Bryan turned a deaf ear, even whispering her name, Wu Nong said softly, her ears were red.

"You get up..." I wanted to be more serious, but when the voice came out, there was a trembling sound, and it trembled softly.

The man chuckled twice and jokingly said, "Your body didn't tell me to stay away from you. Should I be closer or farther away?"

Miriam was helpless and shy when he was molested, but he couldn't pass that hurdle in his heart. At this moment, his brows and eyes were gentle, and he looked at him dozingly, and every move was tender and tender.

I really can't see that he would do that to Mu Ming.

His eyes darkened, and his push-rejection was heavier. Bryan's movements were stagnant, and his brows were slightly frowned.

Miriam cleared her throat and recovered her expressionless face: "Don't move your hands and feet. Don't forget that the pastoral name has not been resolved. In addition, although we have children, we have no legal relationship. I have personal freedom. Right interference."

The man's face sank, but the power that restrained her was not released, his eyes were faintly blue. Although his eyes were bright, he could not hide his fatigue, and said silently: "You were taken away by Shang Rui. No matter what, I didn't do it too much."

Miriam almost exploded his hair, but the temperament she had developed in the workplace for so many years just endured it, and only whispered: "What happened that day was because of Shang Rui. What are you going to do with him? Do you have any evidence?"

"Not found yet."

Miriam smiled angrily: "Do you think it's past?"

"You weren't sent to Shang Rui by an unknown person that day." Bryan stared at her quietly.

This sentence calmed her down.

There is another party in the middle? Miriam couldn't help feeling cold, which meant that someone knew that she had offended Shang Rui, and then sent herself to him to kill someone with a knife...

In silence, Bryan tightened his arms and took her into his arms: "Don't be afraid, no one can move you with me."

Miriam was silent for a moment, and calmly said: "It is not certain whether it is Mu Ming, or to find evidence."

"Well, I'll check it again, don't worry about it." The thin lips approached her neck, kissed, and continued softly, "But you shouldn't touch him much before then."
