

Let Me be Your Ex Chapter 247– 248

Chapter 247

Bryan's arms around her waist have not been loosened. When the waiter brought them into the box, he hung his head and whispered in her ear: "Miller recommended me to come over last time. I tasted good. I always wanted to bring you here."

Miriam's ears were itchy, and her heart warmed. She looked up at his profile. No matter what his most fundamental purpose was, at least he had taken care of himself.

A cup of porridge came up from the stove. It was still rolling with bubbles, and the sticky rice grains rolled back and forth. Miriam couldn't help but his eyes brightened after smelling the scent.

The man pulled the plate under the porridge to his side. Miriam's eyes followed the porridge, like a child who was afraid of not being able to eat good things. Seeing that he was getting further and further away from him, he reacted and opened his mouth in surprise. he.

"It's too hot, I'll put it in a bowl for you." The man explained with a smile, and took a small bowl from the side.

Miriam was stunned, and immediately sat upright with her upper body in the next second, and said lightly, "Well, it looks very hot."

But I just wanted to bite my tongue, how could I be so embarrassed...

The man laughed Shen Shen.

"..."

He filled half a bowl and stirred gently with a spoon to let the temperature drop faster, but his expression was still slightly lazy.

Miriam glanced at him with complicated expressions. Wouldn't it be an extravagant desire if he imagined that he could always treat himself this way?

She laughed self-deprecatingly, and couldn't help but caress her lower abdomen affectionately. The child is still four months old, how she can control how she will be in the future.

When the temperature was almost the same, Bryan pushed the porridge in front of her. Miriam couldn't wait to take a big bite, and quickly curled up, looking very happy.

The man smiled helplessly. Fortunately, the cold time was long, otherwise he would definitely be hot.

In less than ten minutes, a large cup of porridge was eaten upright, and then raised his head, Bryan just watched her in his spare time.

The face can't help but flushed, the appetite is indeed a bit big...

But aren't these three people?

He cleared his throat, looked solemn, glanced at the empty casserole, raised his eyebrows and said, "Do you think it is so easy to carry two children with you? They also have to eat."

"Well, I know," the man smiled and nodded, "Are you full? I ordered bowl noodles, you can try it too."

He spoke so kindly, no one could bear to cross his eyebrows and coldly, and blinked: "Of course I want to taste it," he chuckled in a few seconds, "Miller is quite good at finding food. ..."

Unexpectedly, the man heard it, and raised his eyes jokingly: "The person who brought you here has not thanked you, but the insignificant person is clearly concerned."

Miriam became angry, and the corners of her mouth moved, swallowing this breath.

When she came up, the man pushed her in front of her, and then smiled again: "If you like it, someone will be sent home tomorrow. It is too far for you to come here."

Miriam's first reaction was to refuse. It was seen that Lin Shui walked over to the two of them, holding a mobile phone in his hand, and forgot what to say in the blink of an eye.

"Gu Er Shao's."

Really restless.

Bryan was impatient between his eyebrows, and put the phone in his ear.

Miller leaned his legs on the desk: "I found it? Has anyone done it?"

The man's tone was cold, somewhat aggressive, "has something to do with you?"

Miller's long legs were bent, and his slender upper body immediately sat up straight: "Damn! You are not afraid of throwing it away when you run out of it, and I will bite you?!" The charming eyes flashed, and he changed into a pair of humble ones. The expression, "What's the matter, listening to you is the spring breeze..."

Bryan raised his eyebrows and said calmly, "Hang up."

"Certainly! You spend the spring evening well, don't bother!"

When I hung up, I asked one more sentence: "Then how does the pastoral name deal with it? This person does not seem simple."

The man drooped his eyes, concealed his emotions, and said blankly: "Don't deal with it," he said quickly, "Don't tell me, I have something else, I will invite you to dinner another day."

Before Miller's head could react, he heard the sound of beeping. He couldn't help but sipped at the phone and grinned playfully.

Miriam originally thought there was something urgent, but when he saw that he didn't say a few words, she hung up, and couldn't help asking, "Is there something important?"

The man's expression remained unchanged: "No, company business."

Seeing that he didn't mean to say anything, he turned his gaze to the bowl of noodles and suddenly lost his appetite.

"Why don't you eat it?"

Miriam touched her stomach: "I feel full, so I don't eat so much at night."

The man nodded and got up: "Then we go home."

"You don't want to eat?!" Miriam was surprised.

The corner of the mouth is slightly picked: "I am not hungry."

The hand holding the coat was suddenly pulled, turning his head to look at her suspiciously.

Miriam blinked and lowered her head unnaturally.

In the car, he noticed that his complexion was not very good, his eyes were dark blue, and he was also a lot thinner. Although he still did not reduce his aura, he could not hide his tiredness.

"How much to eat." The voice softened a lot, with a trace of distress.

Bryan stared at her, his eyes were deep, the corners of his mouth suddenly raised, his long legs stepped across the dining table in two steps, and he lied close: "Do you feel bad for me?"

Miriam was taken aback by him, and realized that he deserved it. This man didn't need others to feel distressed.

"I love to eat or not!" He gritted his teeth and pushed him away.

His hands were held, his palms were always dry and warm, which made people feel at ease.

“I eat, but...” Miriam heard a warning bell in his hoarse voice, as expected...

“Just eating noodles can’t satisfy me. I have to have another meal when I go back.” The corners of his mouth raised, silently smirking.

Miriam’s face turned green, hindering the people around him, gritted his teeth and said bitterly: “Forget that I am a pregnant woman now?”

Unexpectedly, the man smiled even more, and swept his nose on her face: “I remember, but I also checked. If the pregnant woman’s body is good this month, it can be done. Even for safety...you can help me.”

This horny bug!

Now it’s no use fighting this, so I put my chin on the noodles on the table, and said, “Eat the noodles first!”

The man succeeded, his expression was refreshing, and the noodles were cleaned. Miriam was still wondering if he had been trapped when he was led out.

When she arrived at the community, Bryan opened the door for her, and Miriam didn’t want to go down.

“I’ll go back to my parents first, they should be worried.” Find a good reason.

Bryan leaned on the roof of the car and watched her in time: “I called my parents. Contrary to what you think, they will go home directly with me when they come back. They also said that you are too self-willed. Let me take care of it. .”

This was like what Lu Mu had said, and Miriam was immediately discouraged.

Without paying attention, the whole person was vacated. Bryan didn’t talk nonsense with her, and directly hugged her up.

He was put down upstairs, pushed him aside, and plunged into the bedroom, listening to him unhurriedly say in the back: “Go take a shower, and I’ll take your clothes in later.”

Chapter 248

Miriam closed the door and hummed softly, and locked the door with a bang. She went to find her pajamas by herself, so she wouldn’t do things like attracting wolves into the room.

My body is very sticky all day, I just want to take a shower and relax.

I took off my clothes and scanned myself in the bathroom floor mirror. I couldn't help being stunned. I didn't observe it carefully at ordinary times. I suddenly saw that there were some shallow lines on my stomach, and the bulging ground made it a bit scary. .

I feel ugly when I look at it. I remember that Bryan often confronted him like this, but he didn't show any other emotions.

Turned around, looked at the side again, there was no curve at all, and smiled bitterly, the woman should have been pregnant for three years.

After washing for a long time, I came out of the bathroom, wearing only a loose long pajamas and wiping my hair with a towel.

I was caught off guard when I saw the man half-lying on the bed flipping through the magazine, and at the moment he looked at him faintly.

“...”

The man landed on his long legs and arrived in front of him in two steps. He took away the towel and pressed on his head with his height advantage, making gentle movements.

“This is my home.” There was a smile and a reminder.

He curled his lips and walked two steps forward: “I'm going to sleep, you can do it yourself.”

After speaking, he reached the bedside, pulled the blanket and lay down slowly, and immediately stretched out the man's hand behind him, passing through his waist, her head was against his chin.

“Don't make trouble.”

“Don't think too much, I will hug.”

The air suddenly became quiet, and his face couldn't help but flushed. After a few minutes, he heard the even breathing sound above his head and raised his head.

The man's beard was ignorant for a few days, his eyes were slightly green, his eyes darkened under the night light, and his brows were still unwilling to relax.

Can't help but stretch out his hand and caress, my heart aches a little, have not rested for a few days?

...

When he woke up again, Bryan was nowhere to be seen, leaving a note, still a sharp and unchanging brushstroke, but there was something more in words than before.

I go to work, breakfast is ready, don't run around, go back to your parents' house for dinner.

I felt warm.

Only when he was eating, he remembered that Mu Ming hadn't asked him about it, but when he came back yesterday, he forgot to contact the child.

"Sister Miriam?" Mu Ming was asleep, still nasal when speaking.

Miriam felt guilty and smiled, "Where are you now?"

Slightly startled, he replied: "Yesterday Mr. Shao asked me to book a hotel for me. I will stay here for two days."

Nodding, the spoon stirred the lean meat porridge, after a little thought, he asked: "Do you have any plans? Do you want to work in City Two or go to other places?"

Mu Ming got up from the bed, without moving his eyes, but suddenly grinned, with a simple voice: "I grew up in City Two and grew up in City Two. I didn't want to go to other places, so I decided to find a job at random and rent it nearby. Let's make do with a house, you can do whatever you want by yourself."

When Miriam heard the last sentence, her heart suddenly became sore, and immediately said, "In this case, I will help you contact your contact person later, don't worry about work."

Mu Ming bit his lip and condensed his eyebrows: "Sister Miriam, I don't blame you, you don't have to feel guilty all the time. I don't want to alienate us because of this..."

Miriam suddenly laughed and raised her eyebrows: "You might underestimate your sister Miriam, if I really want to leave you alone, I will never call you," he blinked, with a smirk, "In fact, I don't really like doing good deeds."

The atmosphere suddenly became relaxed, and Mu Ming's brows and eyes were also dyed with a smile: "Then I am really lucky."

"Then I will make a call first, and I will notify you to go to the interview when the time is fixed."

"Okay, thank you."

Miriam contacted a start-up Internet company and had some business dealings with Yingxin. Although the scale is small, it can grow at a fast speed. Moreover, the company is a group of passionate young people. I believe Mu Ming is more suitable for the environment there.

The founder of the company, Liu Liu, is in his thirties. He is very cheerful and his voice hits again. As soon as he was connected, he yelled 'Sister Miriam'.

"Have a rich business?" Liu Liu asked with a smile.

Miriam couldn't help but spit out: "I'm a money fan at a young age. If I can't make you rich, I can't contact you?"

Liu Liu hurriedly took two mouthfuls, and laughed loudly: "Of course I can, of course I can. Sister Miriam is not an ordinary person in my heart. I promise to be there on call! Whatever you want to say!"

I don't want to continue to be glib with him, I immediately got into the topic, and laughed: "Xiao Liu, getting rich is not just business. Talent in our profession is the most important thing. You see, I have a younger brother who followed me to do things before, and his brain is bright because I left. With Yingxin, I want to recommend him to you to try."

Although Liu Liu's mouth is sweet, it is certainly not easy to become the boss of the company at a young age.

"Sister, Yingxin is much better than mine. Did this kid commit something?" Liu Liu asked with a smile.

Miriam raised her eyebrows and raised her eyebrows: "Why, don't you believe me?" Then she chuckled, "We are in such a big circle. You have to know if something is really going to happen sooner or later. I won't smash my own sign like this."

Liu Liu thought about it briefly, and said, "Of course I believe you, but to be honest with you, I have managed to climb the thigh of a large company recently. When a lot of funds are needed, I use every cent of the money in my hand. On the cutting edge, if it is really talented, I can't ask for it, but if it can't be of great help, at this critical moment I can't make fun of the interests of dozens of people in the company, don't you?"

There is nothing wrong with this. Having been in the workplace for so many years, I also know that if you want to be a good company, you must be careful every step of the way.

Miriam stared at the boiled egg on the table, picked it up and knocked it down on the table, calmly saying, "Why else, I'll have a treat at noon today, and there will be no need for an interview. I'll take him to you. Look, if it's pleasing to the eye, you can accept it. If it doesn't work, just eat it for nothing. What do you think?"

Having said that, I can no longer refuse.

Liu Liu smiled and said, "I want to meet an important customer in the morning. You go directly to Shenglan Restaurant at noon, and we will meet there."

Shenglan Restaurant, a famous Chinese restaurant in City Two, is not cheap for this meal.

“Boss Liu really knows how to choose a place, and he won’t pity me as a vagrant.”
Miriam said half-jokingly.

Liu Liu did hear about her resignation. He thought it was a rumor, but he didn’t expect it to be true.

After a moment of silence, Shen Shen smiled and said, “The guests are important, so I will inevitably feel wronged.”

...

After contacting Mu Ming, the two were ready to leave early, after all, they were asking for help.

Shenglan Restaurant is said to be a restaurant, rather it is more like a clubhouse. All kinds of high-end services are covered. Most of the people with good looks and important business come here.

The two felt awkward walking among a group of business elites, especially when she was a pregnant woman, and many people looked here.

Mu Ming gently pulled her sleeves, and whispered, “What is the origin of President Liu? I am a little person worthy of a table here?”

Miriam glanced at him, with a smile: “People are busy talking about big customers, and they don’t have the time to find a shabby place to eat with us, so we still aggrieved and waited for him.”
