

# Let Me be Your Ex Chapter 259– 260

## Chapter 259

Yan Ke glanced at her from the rearview mirror and stepped on the brake.

“Madam...” Yan Ke said suddenly.

Miriam was stunned. It is rare to see him take the initiative to speak and stare at him, “Huh?”

“Every time I get another man in the car, Mr. Shao will deduct my salary.”

Miriam was angry and gritted his teeth. As expected, what kind of boss hires what kind of driver. He said with no anger, “Why do you still work for such a demanding boss? Resign early and find someone more reliable.”

Yan Ke shut up immediately, regretting that he was impulsive this time. Lin Shui was right. Don't provoke anyone who is unsure of the boss.

After getting into the car to the southeast, he glanced at Yan Ke, smiled and said to Miriam: “Mr. Shao is very thoughtful in doing things.”

Miriam twitched her mouth: “Well, very thoughtful...”

“Where did you meet?” Xiang Southeast asked.

Miriam thought for a while and said, “Yixin Pub, that place is quite partial.”

I also wondered, shouldn't a paparazzi watch the stars in those big cities at any time? How could he go to a village?

Only after that did I know how biased it was. There were not many people in a town. Most of them were middle-aged and elderly people chatting in twos and threes.

It was easy to find the tavern. When I didn't go in, I heard a noise of playing mahjong, and asked her to stand at the door to the southeast, and he went in to find someone.

After a while, he brought out a young man in his 20s and 30s. Miriam asked him to get in the car and talk.

“Why are you looking for me? I just work as soon as I want, and I will take pictures of what they want. The money and the money are both lost.” The young man said and looked up and down the two people in a circle. After a long time, he also changed his outfit. I can't recognize that these are the two people he took.

Miriam stared at him: "Who is 'people'?"

"Magazine."

Can't help but smile: "The magazine takes money to let you shoot an unknown woman? Can you make money?"

"Isn't there a celebrity? That Bryan, but a person!"

Miriam is not stupid, she just grabbed herself when reporting, and didn't mention Bryan too much.

Xiang Dongnan gave a sudden sneer, aura, as if to interrogate a prisoner.

This is how he usually works?

"The brands you wear all over your body are not affordable for your job. Someone must have given you a lot of money some time ago. The source of this money is probably the person who has "money and money" with you. I just want to ask, do you know that you are already committing a crime?"

When the last syllable fell, the paparazzi was obviously bluffed and his mouth was silent.

"I am a lawyer, and I can tell you now that you not only violated the privacy of others, but also slandered others' reputations for no reason, causing defamation, and more importantly... or being instigated by others."

Miriam was silent, and said: "Tell us who that person is. If you don't tell him, even if you do it, it is certain to go to court. I am afraid that the money you get is not enough to compensate."

The young paparazzi glanced at Yan Ke in front of him, hiding his eyes, and said for a long time: "A beautiful woman asked me to shoot and gave me a lot of money, but I really don't know her." Suddenly he laughed ugly. Looking at Miriam said, "Those rich women have a lot of things, and it's useless for your company to investigate this way."

Miriam's face was ugly for an instant: "Shut up when you are finished!"

The first thing she could think of was Sophia. She took out her mobile phone and looked for it, and asked him, "Is it her?"

"No, prettier than her, and temperament."

Turning off the phone angrily, he wondered that Bryan's suitor did not do it.

Xiang Dongnan calmly said: "It doesn't matter, you think about it."

Miriam suddenly turned her head and asked the paparazzi: “Do you still have your contact information?”

“Yes, but then I couldn’t get through.”

“give me.”

...

Get the number and go back home.

“I have a friend from the police station, can help check the source of the number.” Xiang Dongnan said quietly.

Miriam smiled and shook her head: “I’ll do the rest by myself. I’m not ashamed to alarm the police.”

Seeing her smile so unburdened, the man knew that she had always been independent and didn’t say much.

Yan Ke sent him to pick Tiantian directly, because before school was over, he asked Miriam to go home first.

Watching Miriam upstairs, he dialed Bryan.

“How?” The man was also driving away from the company.

“I found an outdated contact information and sent it to you immediately.” Yan Ke said with a solemn face, his voice as cold as ever.

Bryan felt that he had nothing to say, and asked, “Any other questions?”

“Followed to the southeast,” felt the low pressure on the other end of the phone, and hesitated a little. “He is a lawyer, and he also helps Madam.”

The man sneered: “I see.”

Finished talking and hung up.

Soon an unfamiliar number was sent over and forwarded directly to Lin Shui with a few words: The result will be given to me within half an hour.

The mail arrived as soon as the car was parked in the garage.

A very familiar name, Rania.

Bryan’s eyes were dark, and the corners of his mouth were raised. It was really not a simple woman.

When the man walked in, Miriam, I stared at the TV on the sofa, looking thoughtful.

Seeing that Lu's father and Lu's mother were not there, he walked over and held her in his arms, bowed his head and asked, "What did you do this afternoon?"

Miriam rolled her eyes and couldn't understand him so hypocritically, and sneered: "The person who paid so much money didn't tell you?"

Bryan was not angry, and nodded calmly: "Well, I told me, but I want to listen to you personally, he is so boring, and two sentences are over."

Although I knew Yan Ke would tell him, I didn't expect it to be so fast. How is this different from surveillance?

He immediately got cold face, stood up and was about to leave, but was pulled by his wrist, and with force, brought into his arms, exclaimed, afraid of hurting the child, and quickly supported his shoulder, his handsome face magnified in front of his eyes, With a successful smirk, he felt that he was supporting his waist with his hands and would not hit him at all.

"Is it fun?!" Miriam was anxious.

The man was noncommittal, just smiled, his pink lips close at hand, moist and attractive.

The next second, Miriam widened her eyes, supported her with both hands, and wanted to leave. Who knew that he released a hand and placed it directly on the back of her head, her lips tightly closed, and there was almost no chance of breathing. .

The tip of the tongue drove straight in, wanting to explore deeper places.

Miriam's complexion was flushed, and she knew how ashamed of the action she was lying on him now. If her parents came back and saw it, she would lose her face.

While worried here, the man became more and more enthusiastic as he kissed, and there was passion between lips and teeth.

Suddenly hearing movement at the door, Miriam looked flustered and beat him on the shoulder.

The man's eyes were smiling, as if deliberately, he didn't release her until the moment the key was inserted in the door.

Miriam hurriedly stood up, feeling that the posture facing him was wrong, and immediately sat down again. Father and Mother Lu opened the door almost at the same time.

## Chapter 260

The distraction in his eyes has not faded, and his lips are red and swollen without looking, and he dare not look back.

He turned his face slightly, but the man beside him was smiling, watching TV very gracefully, and then turned his head to say hello to his parents.

Miriam hated the itching of his teeth, this man is a fairy!

“Bryan, mom bought bass today, your favorite, steamed tonight.” Lu mother saw the two sitting side by side obediently, and said with a smile.

Miriam glanced at the vegetables in his mother’s hand and curled his lips. He has completely bought the two old men. Now his parents can’t wait to let him remarry him immediately.

Remarrying, she can’t even think of these two words.

For one thing, I was extremely unconfident in myself. During those three years, I humbled in love, but to no avail.

The rest of the reason Sophia said this morning, Shao’s mother would not accept her.

There are still problems between the two that are unwilling to face, but have to solve.

Looking down like a lower abdomen, if it were not for children, I am afraid that the two have already become strangers.

“Miriam, what do you think?!” She only heard Mother Lu yelling twice.

“what happened?”

In a blink of an eye Bryan was no longer around.

“Your dad wants a book, you go get him.”

Father Lu couldn’t get the place where the bookshelf was high.

Miriam stood up and asked, “Where is Bryan?”

Mother Lu’s chin clicked on the terrace: “Answer the phone.”

It’s already dark, and if you don’t look carefully, you can’t find that he is leaning on the railing at the edge of the terrace.

The man listened silently to Shao’s mother over there.

“Miriam is quite capable now. He can easily beat people. You can see how swollen Sophia’s face is!” Putting the tea set in her hand on the table again, she sneered, “I

heard it was still in Longteng's one. Was it in the lobby? Okay, okay, did she know it was our Shao family's face that was lost!"

In the end, her voice was almost out of shape, and Sophia was taken aback when she sat aside. She had never seen Shao's mother so gloomy.

Holding back a laugh, that sl\*t has completely gone a dead end here with Shao's mother, and don't even think about becoming the daughter-in-law of the Shao family!

Thinking about it this way, this slap was not in vain.

Seeing that there was no movement there, Mother Shao knew that this was a silent protest, and couldn't help being even more angry: "Don't think that you can do anything wrong with your child. As long as I am here, she won't want to cross me into this house. !"

The man finally spoke, with a hard tone: "I'm afraid Sophia only told you half of the matter in a selective manner. Let me add a few more points." Go to Longteng and wait for me. In addition, the woman sitting next to you took the initiative to find the fault. Miriam beat her after saying too much. In the end, if I stop, I am afraid she has already killed Miriam, don't forget. , Miriam is a pregnant person."

After listening to this, Mother Shao glanced at the people around her coldly. After a moment of silence, she still forcibly said: "A slap can't make a sound. She is eating you to death, so you can tell her a lot. Good thing, but let me tell you, no matter how much it says, it won't work for me. After the baby is born, she will have nothing to do with the Shao family."

The man's face seemed to be frozen: "She is the child's mother."

"Mother is not indispensable. I can take care of my two children."

As soon as the voice fell, the man hung up, almost crushing the phone.

Miriam vaguely heard the last few words he said as soon as he came out, and he paused, seeing that he immediately hung up the phone, and the moment he turned around, his face was gloomy and terrifying.

When I saw her, there was a trace of panic in his eyes, and it returned to normal in an instant.

"Why did you come out?" The voice was still cold.

Miriam blinked without answering him: "Who are you calling?"

The man didn't blink his eyes, and said faintly: "Lin Shui, things are not done well."

Miriam's heart sank. What was the state just now when he was talking about official business? When did the company's affairs make him so gloomy, who had always been unable to move.

But his face did not change: "Well, I have dinner."

"Okay." As he said, he stretched out his hand and held her in his arms.

Miriam frowned subconsciously, feeling a little disgusted with his touch, and she could bear it.

During the meal, he talked a lot with his father and mother, and every word could be said to the heart of the old man, and the atmosphere was quite lively.

Miriam watched coldly, sullenly eating.

The man glanced at her while talking and laughing, and from time to time he put vegetables and meat in his bowl.

As he ate more and more rice, his brows frowned, and seeing him stretch out another piece of thorny fish, an inexplicable anger surged, and he pushed the bowl forward.

The three of them looked over at the same time.

"Parents, I'm full, you continue."

Stand up and go back to the room.

A sense of powerlessness came in the darkness, and the corners of his lips smiled bitterly.

Child, it's still a child's business.

When I wanted to keep them, I was expecting and holding my determination to feed them.

But now they doubt this decision. If they were born without love and blessing, it would be sad enough.

The door was twisted because she was against it and the man outside did not come in.

"it's me."

Stagger the body and let him in.

Seeing that the light was not turned on, the man frowned slightly and pressed the switch casually. Seeing her head down, teardrops on her long eyelashes, he was taken aback.

Reached out and lifted up his white cheeks.

His eyes were moist, and he refused to look at him.

The heart softened unconsciously: “Why are you crying? Because of what?”

Miriam waved his arm, turned his head to the side, and said coldly, “Do I have to be happy every day? Could it be that you think that having a baby is just a little bit heavier and eat more?” Looking at him almost hostilely, “If you just want children, that’s a miscalculation. If I can’t protect them after all, I’d rather not have them now.”

The man’s body suddenly cooled down, with a sword on his face: “What are you talking about! Who can hurt them?”

Miriam couldn’t stop her feet being cold.

The laughter was full of mockery: “I’m nervous? Your Shao family’s blood is precious. It’s hard enough to run here every day so diligently, but it’s useless. After all, in my stomach, none of you can take it away.”

The man’s eyes are deep, and he can never see the bottom of it. With helplessness at the corner of his mouth: “I know that you are pregnant very hard, and it is normal to be in a bad mood. Tomorrow I will take you out for a walk, don’t think about it, okay?”

Miriam smiled bitterly, he used to deal with her with these four-two-stroke methods.

“No, I don’t work hard, you don’t have to be self-righteous to call the shots for me, I will be happier if you stay away from me.”

Reaching out her hand again, she immediately took two steps back, her eyes full of rejection.

The man seemed to be stabbed, and said one by one: “No one can move you and your child, no matter who it is,” he paused, his voice softened, “Take a good rest, I will see you tomorrow.”
