

Let Me be Your Ex Chapter 267– 268

Chapter 267

Somewhere in my heart, I opened my mouth, and my voice softened a lot unconsciously.

“Don’t change the subject, you... let the driver follow me, is there something wrong?” The voice was lowered, and the two people next to him watched and talked, a little unnatural.

The man seemed to be walking out of a noisy place, and when he spoke again, the surroundings were already quiet.

“Be careful,” paused, then said, “Don’t think too much, just to protect your safety.”

Miriam responded in a low voice, glanced at Miller, who was sitting at the desk with Erlang’s legs tilted, and frowned.

“I heard that something happened to the company suddenly. Is it tricky?”

Miriam didn’t know much about finance. When I was living together, I used to see him sitting in front of a computer for an hour or two on weekends. Looking at the complicated curves, I felt a headache, and he was more comfortable with his own job.

The man stood on the terrace, looked at the subordinates who were arguing fiercely in the conference room, was silent for a moment, and smiled: “It’s a little troublesome, but it’s normal. Because you have to concentrate on handling the problem, you just turned off the phone. If you want to talk to me Just call this number.”

Miriam didn’t say a word, and wanted him to continue talking, but suddenly stopped there.

His eyes darkened, and he smiled bitterly.

“I won’t bother you, you can deal with the problem first.”

Bryan caught a trace of lowness in her voice, was silent, and said in a deep voice: “Well, pay attention to your body, and I will go back as soon as you take care of it.”

After hanging up the phone, Miriam handed the phone to Miller.

“How about it? Don’t worry if you make it clear now?” Miller shut the machine and plugged his pocket, smiling at her.

His complexion was faint, and he couldn’t see much, but it didn’t seem to be relieved.

“I was just taking care of myself, I can’t help, and I don’t need to know so much,” he turned around and said, “Thank you.”

Miller heard the meaning in her words, and it didn’t matter with a smile: “Achen is a person who turned his hand on the cloud, and he really can’t help him with such a thing.” At this point, his eyes flashed, and suddenly there was something in his mind. Idea, blinked and continued, “If you are really worried, I will just send you there.”

Miriam glanced at him, and said lightly: “No need.”

Miller raised his eyebrows and was quite dissatisfied with her words.

“Anyone can see that he cares about you. If you are by his side at such a critical moment, emotional growth is necessary. Besides,” the charming long eyes smiled like a fox, approaching her in a low voice, “You don’t Want to go too? Then go, why do you hide your feelings for him all day, I look tired.”

Miriam was seldom seen through at a glance, and squinted at Miller, but she always knew that he had some thoughts, so she was not surprised, and his face was calm.

“Gu Er Shao knows everything,” admitted frankly, “then please arrange it.”

Mu Ming’s eyes flashed, but only for a moment.

Miller smiled and raised his hand to rub his chin, the corners of his mouth were slightly raised, and he couldn’t help being proud.

Bryan, my brother has sent everyone in front of you this time, so be sure.

Mu Ming walked beside her, unable to see her true emotions, he thought about it, and said with concern: “Mr Shao definitely doesn’t want you to worry about it. You are pregnant after all. Mr. Shao definitely doesn’t want you to worry about him. .”

The corner of Miriam’s mouth bends slightly and said lightly: “I’m fine, Miller is right, I want to go too.”

Mu Ming obviously didn’t expect her to be so direct, so he just nodded blankly.

Miriam couldn’t help but smile when he saw him so dumb, and immediately laughed at himself and bitterly.

“Except for the first time I got married, I haven’t been so impulsive for a long time, but the moment Miller pierced me just now, it was like tearing my mask apart. In that case, I didn’t hide it.”

Miriam felt that she might need to vent too much, so she said what she was saying to Mu Ming. After speaking, she was a little uncomfortable. She raised her hand to straighten the hair on her lower temple, and when she raised her head, it was back to normal.

“How are you at the company recently.”

Mu Ming quickly reacted wisely, his eyes curled: “That’s it, maybe because President Shao recommended me to go back, and President Henry took good care of me.”

Miriam smiled and nodded, and said as he walked: “That’s good, you can come to me if you have any difficulties, you can do everything in life and work.”

Soon I arrived at the door, and the driver had already drove the car over: “If you go back now, you can come with me.”

Mu Ming scratched his hair with a distressed look on his face: “Although President Henry is good, he can’t forgive me for working overtime. You should go back and rest early.”

Miriam smiled and patted him on the shoulder, got into the car, and inadvertently saw from the rearview mirror that he took out his mobile phone to make a call. The distance was getting farther and farther, until he turned a corner and couldn’t see it. In mind.

Mu Ming stood on the steps and smiled: “Miriam is about to go to Jincheng and find Bryan. You can figure it out.”

After speaking, he hung up the phone and walked towards the opposite Yingxin.

Sophia squeezed the phone, pointed the other pair of shoes with the other finger, and sat down for the clerk to change it.

What happened to Long Teng this time was not simple. He wanted to follow to Jincheng, but he was thrown directly at the door of the company. Just now she called Shao’s mother and was scolded by her for uselessness. He felt angry.

I didn’t expect that Miriam would take the initiative to look for him. He usually pretends to be aloof when he sits in his clothes, but now he affixed it bluntly, which is really shameless.

“What do you think of this pair?” the clerk asked with a smile.

He looked critically in the mirror, and said disgustedly: “It’s ugly, take it off for me!”

Carrying the bag, he went directly to the airport.

Early the next morning, Miriam was picked up by Miller to the airport, which turned out to be a private jet.

“Gu Er Shao made a big fuss, I can’t stand this treatment.” Miriam twitched, and cast a blank look at the people around him.

Miller smiled stubbornly, with a row of teeth sticking out, with clear eyes and a hint of charm: "You are now a daughter of gold. It is already a serious crime to hide from Bryan. If you still neglect, I am afraid that he will be stripped alive." With a turn of his eyebrows, "If you are satisfied, let him give me a nice word in front of my dad, so I can live more comfortably."

Miriam pointed a finger and pushed his close face away, smiling at the corner of his mouth.

"Gu Er Shao is serious, I'm a gentleman, I don't have that much face in front of him, plus I am poor, I can only thank you from the bottom of my heart," Seeing that everything is ready, I am ready to board the plane.

Miller's smile remained the same, with a clear look, the matter became directly to Bryan to ask for credit. It is impossible to justify less than nine figures.

Chapter 268

After two hours, I arrived. After thinking about it, I called Bryan.

After being a little surprised, the man fell silent: "I will let Lin Shui pick you up at the airport and go directly to the hotel."

The voice was a little cold.

Miriam's heart sank, and immediately said: "No, I haven't been to Jincheng for a long time, I will go out for a stroll first."

"Then let Lin Shui accompany you, I'll go to you when I'm done." A female voice suddenly sounded over there, telling him that the time is almost up.

The man didn't respond, but he nodded as he could guess.

Miriam looked as usual, hung up, stood at the airport, thought about where he wanted to go, and stayed for a while.

Miller made proper arrangements, and a driver came to pick him up.

The big screen outside the airport was broadcasting the interview. Many people leaned in to watch it. They had just glanced at it indifferently, but soon the camera turned to a man.

Stuck, blinking, the movement of getting in the car stopped.

Long Teng's press conference, the man in suit and leather shoes, his face is calm, supernaturally irrelevant, revealing the ascetic charm, the entire popularity scene is full, and everything is majestic.

Before it started, a woman walked up to her with a folder and sat down, her work suit showed a beautiful figure, her mouth was smiling, her eyes were very brilliant, she was clever and spiritual, and suddenly looked familiar.

She has been talking to the man ever since she sat down, showing a knowing smile from time to time.

From a woman's point of view, you can tell at first glance that this woman treats him differently, and when you turn your head to look at him, her cold face becomes softer unconsciously.

At the beginning of the press conference, the reporters began to ask sharp questions in turn, but the two of them covered and supplemented each other, and they were able to do so.

The hand holding the car door tightened, and a lot of sweat was also oozing out.

After thinking about it, I still don't know where to go, so I might as well just go back to sleep.

...

Suddenly he was awakened by the sound of opening the door, sweating a lot on his forehead, his heartbeat accelerated, and he had a nightmare, but he couldn't remember it suddenly.

The man stood by the door, still in his morning dress, looking at her with a smile in his eyes.

"You..." I realized that my throat was dumb as soon as I opened my mouth. I cleared it and continued, "I'm back."

The man sat directly on the bed and picked her up. The smile became stronger, and his deep voice was like an elegant piano sound: "Didn't you say to go out for shopping? The driver said you came back directly and you have been sleeping until now?"

In the ear, it seemed to be whispering.

Half of his body was embraced by him, and there seemed to be some fragments when he woke up.

"Well, I'm a little tired," he blinked and asked him, "How is the company?"

The man stroked her smooth cheeks, bowed his head and kissed, getting closer.

"Fortunately," he kissed his forehead again, as if he couldn't stop, "You stay here for two days, and then I will go back with you."

Without answering him, his handsome face was close at hand, plus the clothes on his body, which always coincided with the people at the press conference, and pushed him: "I'm hungry, get up and eat."

The man was motionless, Miriam raised her head in doubt, facing his deep eyes, shining brightly, and couldn't help being sucked in.

"How come you come here suddenly?"

Miriam looked unnaturally by him and tilted her head: "I came here somehow."

The man smiled Shen Shen, and pressed her under him: "When can you change your duplicity?"

The thin lips pressed down in the next second.

Tossing back and forth, she was exceptionally gentle, wherever the tip of her tongue went, it made her tremble, and every inch was plundered.

The two of them breathed deeper, and Miriam climbed up to his neck. At some point, the jacket had already taken off, leaving only the white shirt.

Touching the tie, he hesitated.

"Untie." The man said in a low voice.

I couldn't help my ears red, and it took a long time for both hands to untie it.

The man immediately grabbed her hand and drew it down, his thick lu\$ was not hidden, his eyes grew deeper.

The moment he touched it, his hand shrank and his eyes were a little flustered.

"Help me, huh?" The man closed his smile and asked very tenderly.

It's not that I didn't help him when it was inconvenient before, but now, after such a long time, he is all awkward.

After dodging, the man paused, then smiled: "In this case... I'm here myself."

Miriam was startled, he put his big hand on him, and the clothes on his body were removed after a couple of times. The man glanced greedily and said with a smile: "It's getting better and better."

Gritting his teeth, the next second there was a "warning", and he drove straight in.

Taking into account her body, she is not too presumptuous, her movements are gentle and gentle, and she is extremely gentle.

After dripping, he fell into a deep sleep, the blackness under his eyes revealed tiredness, and he couldn't help reaching out and touching it.

He didn't want to talk about his own affairs, or maybe he just didn't want to talk to her.

I don't know what friends he has, what he does, and everything he knows seems to be only what he wants her to understand. It feels very bad.

Turned over, turned his back to him, but was held tighter.

He didn't wake up until it got dark, his long eyes regained his clarity, and he kissed her directly on the forehead.

"go to eat?"

Miriam nodded.

Had it not been for his reluctance to loosen his hands, he would have gotten up and ate by himself.

The man changed into a black and white casual outfit, and the whole person became clear in an instant. The long legs wrapped around him are strong and slender, with wide shoulders and narrow waist. What kind of clothes can immediately add a lot of points to him.

Miriam was stunned, until he was swept out, the man smirked: "I know I am very attractive, but if you look at me this way, it is easy to be unable to get out."

Miriam's face turned red, and she couldn't help but pinch his waist with regret.

The hotel restaurant is on the tenth floor, and they live on the eighteenth floor. When they go down, they see the golden open restaurant.

After turning his eyes around, Miriam focused on a location with few people around. The two passed by, and when they were a few steps away, they came to face each other and Miriam fell into a daze.

It's the woman sitting next to him today.

She has graceful footsteps and a very polite smile, adding a lot of charm to the lustrous features.

In a blink of an eye, he has reached the front.

Nodding slightly to the man beside him, he turned his gaze to himself.

The man put his waist around his waist and faintly introduced: "My wife, Miriam."

He lowered his head and said to her: "This is Qi Yun, Qi Feng's sister."

No wonder it was so familiar at first glance.
