

Let Me be Your Ex Chapter 73– 74

Chapter 73

“Let this aside, I will consider it later.” President Henry waved his hand and changed the topic, “This week you will arrange to take two people to Jincheng. There are several customers over there. You can visit it.”

Miriam’s eyes changed slightly, but he was quickly covered up, just nodding, “Okay, I’ll go back and make arrangements.”

President Henry sighed and looked at her, “You have been working hard recently, but rest assured, I won’t be less rewarded than you.”

“ ... ”

Miriam was speechless for a second, lowered her eyebrows and smiled pleasantly, “Xie Henry.”

Every time she comes to this set, she can only laugh when she can get the money.

After going out from the president, the office area was noisy.

Miriam looked eagerly, and just happened to bump into Mu Ming, and asked in confusion, “What’s wrong? What happened?”

Mu Ming raised the lunch box in his hand and smiled on his delicate face, “It is the dragon from the opposite side. Send the little beauty to bring drinks and snacks.”

“Got food? So kind?” Miriam raised her eyebrows, a little surprised.

Bryan is gone, so what else did he order before he left?

“No? The main thing is beautiful women, except for me, those men are almost crazy.” Mu Ming raised his chin and looked at her triumphantly.

“Cut, you seem to be gay.” Miriam rolled her eyes, glanced contemptuously, and then planned to turn back to the office.

“Manager Lu.” I don’t know who found her and shouted loudly.

Reluctantly, Miriam stopped, turned her eyes and looked over, just to meet the so-called little beauty in the middle and turn around, her expression frozen instantly.

Sophia?

But no, this little beauty who made the company men crazy is Sophia. She wore a tight and sexy knitted skirt. Her hair was wavy and she was white and beautiful. She was tall and slender, standing in a crowd of work clothes. A big star.

It turned out that Bryan said that she was transferred from her side to this branch.

She just said how could he be willing to be such a beauty.

I despised Bryan's superficiality in her heart, she walked over openly, and smiled lightly, "I heard that Long Teng sent us tea and snacks very intimately. It turned out to be true, but Secretary Fu personally delivered it. Yes, it's so polite."

Sophia's red lips curled, and Ming Yan couldn't see any abnormality on her face, "I bought a little bit more and delivered it on the way when I was so close. By the way, I even ordered a glass for Manager Lu."

As she said, she opened the packaging bag at hand, took out the cup and opened it to her intimately, "I heard that it is a new model in that store. It tastes good. Manager Lu taste it. If it tastes good, I will ask them to send more in the future. a little."

Miriam looked at her and glanced down at the paper cup in her hand.

With so many people watching, it would definitely be impossible not to pick them up, but to give her a drink personally and even make a unique one, Miriam never believed that she would be so kind.

He took it casually, and the palm of his hand was cold.

Miriam's eyes flashed coldly.

icy?

It's almost late autumn now, who still drinks ice?

What does this woman want to do?

"Mr. Lu, take a drink?" Sophia tilted her head, smiling very gently.

Miriam lowered her eyes and looked at her, feeling a little alert, then took a sip carefully.

The biting cold, Bing's teeth trembled, and her palms almost lost consciousness.

How many ice cubes did this woman put?

"Manager Lu, how does it taste?" Sophia looked at her, her smile deepened.

She wanted to hold it in her mouth for a while, but she had to swallow it if she wanted to speak. The utter cold spreading down her throat to her stomach was uncomfortable, but Miriam remained calm, even smacked her lips pretentively. "This one tastes good."

After that, she looked at the woman, "Secretary Fu is really interested, and she doesn't say any insults. How can we not make you spend money in vain."

"Pakistan."

"Uh, Manager Lu!" The named Mu Ming put down the paper cup and looked at her.

"I think this shop is not bad. Take a look at the LOGO, order 20 copies of this flavor, and send them to Longteng. It is said that Secretary Fu requested it."

Sophia's expression changed immediately, and she still smirked, "I have already ordered them, so I don't have to be so troublesome, I can't finish drinking too much."

Miriam nodded, and responded simply, "Okay, then we will send it another day."

Raising the cup in her hand, she smiled, "Thank you for the coffee, Secretary Fu, you guys talk, I still have work, so I'll go ahead. Pastoral name, come here."

"Oh yes."

Miriam pushed the door into the office, and Mu Ming came in and closed the door habitually.

Putting the coffee at the corner of the table, Miriam picked up her cup and took a sip of hot water.

This movement was not hurried or slow, it seemed random, but it happened to be noticed by Mu Ming, but he just wrinkled his eyebrows, and then asked: "Sister Miriam, what are you looking for with me?"

"A chance to study, do you want it?" Miriam put down the cup and raised her eyebrows to look at him meaningfully.

To be honest, she had taken a fancy to Mu Ming's aptitude, she had many eyes, but it was not bad, she could distinguish clearly and skillfully, and she didn't need to let people know what to say and what to do.

Cultivating younger generations is the responsibility of every boss in the company.

But the most important thing is, of course, for her own sake. Miriam clearly knows that she will not be able to stay in the company for long, but she has no plans to leave. During the period of maternity leave and breastfeeding, she must have more than enough energy. You can only find someone who is trustworthy and not bad to help her.

For the sake of her children and her family, she must also do well in the future, and she must not lose her job.

Chapter 74

“What opportunity to learn?” Mu Ming smiled, but did not show any excitement.

Miriam turned on the computer and said casually: “I’m going to Jincheng to visit a few customers this week. If you have time, you can arrange it and go with me and Zhang.”

“Do you still want a business card?”

“...”

Miriam raised her brows and looked at him with a smile, “Isn’t that kind of trick too easy for you?”

This kid, what happened to her last time and asked for a business card? She didn’t work harder than him when she first joined the company.

“Hey...” Mu Ming touched his head and smiled like a silly son of a landlord’s family.”I have the time. You tell me the date of departure. I’ll prepare it.”

Miriam glanced at the computer screen and whispered, “I will let Xiao Zhang tell you when I turn around. However, the premise for me to go is that you have to finish all the work you are doing.”

Of course, she didn’t doubt his ability at all.

“This must be.” He nodded solemnly, “Sister Miriam, if you’re okay, I’ll be busy?”

“Wait a minute.” Miriam glanced sideways at the coffee paper cup at hand, a coldness flashed through her eyes, and said, “I should do what I explained outside.”

Mu Ming was startled, “Huh?”

Following her gaze, she saw the cup of coffee that she hadn’t touched since she put it down, and suddenly remembered, “Order a drink for Longteng? Wouldn’t you say that you can’t order it?”

Miriam tapped his finger on the keyboard and smiled casually, “If you can’t drink it in the morning, it will be delivered in the afternoon. People have spent so much thought, we always have to give it back, otherwise it looks stingy. , I’ll pass the money back to you.”

“Oh, oh.” Mu Ming nodded blankly, turned around and was about to leave, suddenly remembering something, then came to the table again and smiled, “I look at the LOGO, and look back on the Internet.”

Turn on the camera of the phone and straighten the paper cup, but as soon as his fingers touched his face, his face changed, "Ice?"

"No, isn't it a hot drink? Why is this cup of yours with ice?" Mu Ming couldn't believe it, and even picked up the cup and shook it, and found some crushed ice.

Now this weather, even if it is a bit hot at noon, no one drinks cold drinks.

No wonder, she drank hot water as soon as she came in.

Miriam smiled as if he didn't care at all, "It might be a mistake.

The corners of Mu Ming's mouth twitched, and she was still in the mood to laugh.

Just now, Secretary Fu clearly said that the new model specially ordered for her could be mistaken?

He hesitated for a moment, and inquired curiously, "Sister Miriam, are you at odds with that Secretary Fu? Did you know each other before?"

Isn't that Long Teng just moved to the opposite side?

Miriam looked at him amusedly, "Knowing that you can speak with your mouth, I didn't expect you to be more gossip than a woman. Okay, don't explore the grievances between women, just do as I said, but, Remember, tell them that they were invited by Secretary Fu. The weather is dry and dry, and they tend to get sleepy in the afternoon. Drinking iced drinks will refresh them."

Mu Ming touched his chin and smiled playfully, "I see, sister Miriam, don't worry, I will definitely help you with this grudge."

"..."

She didn't say that she wanted revenge.

However, she didn't say much, just waved her hand to let him go.

Sophia had already left outside, and when she walked downstairs to the company, she dialed a number and went out.

The phone connected, and a smile appeared on her face immediately, and she said briskly and well: "Auntie, shall I accompany you to dinner?"

"..."

"Yeah, see you that night, bye."

After cutting the call, Sophia's smile slowly turned cold, and she looked up at Yingxin's company, her eyes filled with hatred.

...

In the afternoon, Miriam was discussing the project with his subordinates in the department office area, and the low voice of discussion was suddenly overwhelmed by a different voice outside the door.

"Hello, who is Miss Miriam Lu?"

"Wow, yes, I was looking for Sister Miriam."

"My God, who is so romantic?"

"..."

The eyes of everyone else were attracted to the past.

At this time, Miriam was looking down at the computer of his subordinates and whispering something, without paying attention.

"Sister Miriam, Sister Miriam..."

When someone pushed her excitedly, Miriam suddenly woke up and looked at her blankly, "What's the matter?"

"Are you Miss Lu?"

Before Miriam could react, she was blocked by a bunch of bright red roses.

I was stunned for a few seconds and saw the flower shop brother handing over the bill, "Miss Lu, please sign for it."

"This, what, who sent it?" Miriam was a little confused, and received roses for the first time at the company.

The little brother smiled and handed her the pen, "We don't know, it is an anonymous customer. Please sign."

Miriam pursed her lips, her thinking was still a little confused, she dumbly signed the words, and then stood there silly holding a large bouquet of roses.

After the little brother left, everyone's gossiping eyes shot over.

"Sister Miriam, is this the flower my brother-in-law gave you? Isn't it too romantic?"

Someone didn't know that she had been divorced long ago, and looked at her with envy.

“Such a large bouquet of roses, still bright, have all been sent to the company, so they are so good at teasing.”

“Sister Miriam, is today your wedding anniversary?” She basically knows it in her birthday department.

“...”

As if he didn't hear the babbling questions around him, Miriam stared at Hua Frowning for a few seconds, then raised her eyes and smiled at everyone, “I didn't even sign the name. It's probably the customer. I put it here. , If you like it, just disassemble the vase and don't make it all over the place.”

Putting the flower directly on the table next to her, she said nothing, and turned to leave.

Mu Ming in the corner looked up at her from behind the computer, without any expression on his face.

Miriam returned to the office, still searching for who would give her flowers.

But the first thing she ruled out was Bryan, and it certainly wouldn't be that man.

However, among clients, she has not had a few close contacts recently.

Who else can there be?

Sitting on the office chair and tapping the desk with his fingers, Miriam was squinting his eyes and thinking deeply. The phone suddenly vibrated.

She was startled, picked up the phone, glanced at the incoming call, it was an unfamiliar number, and swiped to answer it.

“Hello, hello.”

After a dozen seconds of ringing there, it was connected, and then a quiet and gentle man's voice came out.

“Miss Lu.”

Miriam's eyes changed slightly, “Ms. Shang?”

“It's me.” The man smiled lowly, obviously in a good mood.

“You? Why did you call me in person?” Miriam was a little surprised.

In his identity, he is looking for President Henry, and he is basically a secretary.

“I just wanted to ask you, do you like flowers?”

Miriam's face changed, and she smiled stiffly, "You sent the flowers?"

She can't figure it out now, what is Shang Rui going to do?

His gentleman and politeness treat everyone like the same. Although she hasn't seen what he is like to other women, why should he send her flowers?

"Yes, do you like it?"

Miriam's smile became more stiff, and she still responded politely, "I like it, but... why did you suddenly send me flowers?"

"I don't know what you like, so I ordered flowers. Did it cause you any trouble?" The man was a little embarrassed.

"Uh, no." Miriam immediately denied, and then asked politely, "I just want to ask if you have anything to ask me?"
