

Let me go, Mr. Hill By Shallow South

Chapter 1750

In the bedroom, Catherine put the clothes in the suitcase while Suzie swung her little legs by the side. “Mommy, why are you suddenly packing? Are we going on a trip?”

At the side, Lucas threw her a cold look. “It’s so nice to be simple-minded.”

“Why do I feel like you’re criticizing me?” Suzie put her hands on her small waist.

“Nope, you’re overthinking.” Lucas turned his face away. “Miss, Young Master Hill is here.”

There was a sudden knock on the door outside.

Catherine was dazed for a few seconds. Before she could get up, Lucas and Suzie were quicker than her and went out first.

Shaun stood in the living room downstairs, dressed in an expensive claret red tailored suit. The suit had been ironed meticulously without any wrinkles, and with his hands in his trouser pockets, his aura looked cold and cheerless.

Lucas ran downstairs and stared at him warily. “What are you

doing here ?”

Suzie also stood beside Lucas and crossed her hands across her chest. “I won’t go back with you, but if you’re here to deliver candy, just put it at the side and leave.”

Lucas, “...”

Who was it who said that she did not want to eat candy anymore after being kidnapped last time?

Sure enough, a leopard could not change its spots.

Shaun looked at the two lovely children and a warm current surged through his heart.

Footsteps came from upstairs, and he looked up to see Catherine wearing pink lounge clothes. Her black hair was casually draped over her shoulders. With her beautiful and charming face, it did seem as if she had given birth to children before.

“Eldest Young Master Hill, do you need something?” She looked at him coldly.

They were standing so close to each other, but the distance between them was like heaven and earth.

Shaun’s heart flooded with a stifling pain, but he told himself that everything would be over soon. “

Cathy, I want to bring the children out to play tonight.”“No.”

Catherine's expression changed. She wanted to leave with the children tonight. How could she let him take them away?

"Cathy, they're also my children. Don't I have the right as their father to bring them out to play?" Shaun looked at her pleadingly.

"If you really wanted to fulfill your fatherly duty, why did you only come today?" Catherine slowly descended the stairs and met his gaze with clear, cold eyes. "Shaun, you might not have recovered your memory, but you still know that the children are yours. Have you visited them and accompanied them these days?"

"Yeah, you never fulfilled your fatherly duty at all." Lucas snorted. "We're not at your beck and call."

Shaun's handsome face flushed with embarrassment and remorse.

"Cathy, I have to bring them away tonight."

"Where are you taking them?" Catherine was not a fool. As she thought about it, she instantly seemed to understand something but it only made her furious. "Today is Minister Mead's birthday. Don't tell me you're taking my children to his birthday party."

Shaun let out a low hum, making Catherine so angry that she gave him a slap across his face.

"Listen here, Shaun Hill. I don't care why you approached Hannah Mead,

but I won't put my children in any danger. Go ahead if you want to please the Mead family and earn

their trust, but I won't let the children go." Catherine's body trembled with anger.

Shaun accepted the slap without flinching. "I'm sorry, Cathy. If I don't bring the children with me tonight, the Mead family won't let me through the door. Don't worry, I'll protect the children."

"How will you protect them?" Catherine laughed in anger. "Why do they want you to bring the children? They want to threaten you with the children because they're afraid you'll cause trouble at the banquet? Shaun, you might not know what's happening, but they're planning to rebel at today's banquet."

"So... you already know."

Shaun gave her a deep look. "Cathy, I won't hide it from you. The Snow family and I have plans for tonight. Also... I've rescued Matthew Costner."

Catherine's eyes widened. She was clearly in disbelief. "How did you do it?"

"Sonya Lyons." His thin lips spat out two words and Catherine understood everything.

“Shaun, I underestimated you before.”

She sighed emotionally. She thought that after he lost his memory, he would not be able to compare to his past self anymore.

Unexpectedly, he was smarter and more decisive than before.

Even though he was standing in front of her, she realized that she could not see through him at all.

“Shaun, have you... recovered your memory?” A flash of bewilderment was seen in her eyes.

“I’m sorry, I haven’t.” He had not...

Catherine’s lips curled in mockery. What was she hoping for?

“Why didn’t you tell me anything about your plan?” She tilted her head and looked at him.

“I didn’t want to put too much pressure on you, and I needed you to numb Wesley.” Shaun looked at her with a hint of guilt. “After I learned about your entanglement with Wesley, I understood that he’s possessive of you. He has victory in his grasp and thinks that the whole country is under his control now. It makes sense that he’ll look for contentment from you. The more afraid you are, the more complacent he becomes. The more desperate you

are, the happier he’ll be. This will let him drop his guard.” “You

*sshole.”

Catherine was furious and slapped him again.

The slap this time was very heavy, and a red slap print was left on his handsome face.

Shaun did not move or get angry. "It's been proven that my plan so far is successful. Wesley has held himself back for too long. His heart is dark, and if he's humiliated, he'd think about it every moment of the day. When he gains power, he would retaliate against those who once humiliated him. He's incredibly arrogant now, and the powerful people in the capital are all desperately trying to curry favor with him. On one hand, he's humiliating those dignitaries, and on the other hand, he's pleased as punch. Oh, of course, what he finds most satisfying is seeing me fawning over Hannah Mead like a dog."

Catherine was slightly stunned. Her mood was so complex that she did not know what to say.

"Cathy, trust me. I've saved Matthew and sent him back to Titus. Titus already brought him to look for Sheryl.

Sheryl knows the truth now. Titus and she have informed their people abroad to secretly destroy Golden Corporation's business. Although they plan to rebel at tonight's banquet, it's also a banquet that will let Gavin and Wesley show their true colors. Tonight is the only chance to catch them."

Shaun gently pressed his arm against her. “After today, Wesley will get his due retribution.”

Catherine's mind was in chaos.

She was going to leave tonight with her children and Joel. She had already packed everything. "Will this plan succeed?"

"Yes, it definitely will." Shaun's eyes were deep. "With me around, I won't let him escape."

"But the children..."

"Mom, let me go," Lucas, who had been standing on the side, suddenly said, "Suzie can stay. I've been learning martial arts these days and Uncle Brennan also said that I'm very strong. I can protect myself. Moreover, since I'm small, many people at the banquet will definitely overlook me. I'll be able to catch them off guard."

"Alright. Lucas, you're a brave boy."

Shaun squatted down and patted him on the shoulder. "I believe in you."

Lucas pouted. "I'm doing this for Mommy. I want Mommy to hurry up and divorce Wesley. I don't want people to keep calling her Wesley's wife."

Catherine's throat was feeling tight. She looked down at Lucas. "Lucas, it'll be dangerous tonight. Are you sure?"

"I'm not scared, Mommy. I don't want to hide behind you all the time. It'll make me look useless," Lucas said seriously.

Catherine smiled bitterly. She really did not want the children to give themselves too much pressure, but Lucas was determined. She was helpless.

"Cathy, I promise you with my life. I'll ensure Lucas 'safety."

Shaun swore solemnly.

Catherine's mind was in turmoil. "Will the Mead family agree if you only bring one of them?"

"Hannah hasn't gotten me yet, so she'll speak up for me." A mocking smile appeared on Shaun's face.

Catherine was slightly speechless.

However, when she looked at his handsome face, she could somewhat understand Hannah's thoughts.

Shaun had rejected Hannah before, and she was unhappy that she could not obtain him. Moreover, Shaun really was the cream of the crop. After all, he was once the richest man in the country. Any woman

would want to conquer him.

She stopped paying attention to him and lowered her head to hug Lucas. “Promise me this. No matter what happens, your safety is the most important.”

“Okay. Don’t worry, Mommy.”

Lucas kissed her and turned around to give Shaun a sideglance. “Let’s go.”

Shaun did not move. He looked at Catherine a little unnaturally. “Cathy, do you have anything to say to me?”

“Like what?” Catherine’s face was indifferent as she pretended not to see the expectant light in his eyes.

Shaun, “...”

“Your safety is not that important to my mom.” Lucas stabbed him coolly.

Shaun gritted his teeth. Forget it. After he finished solving the matter at hand, he would pursue her again.

After they left, Catherine dialed Eliza’s phone number. “I’m sorry. I... can’t leave tonight...”

Even-ing, 6:30 p.m.

Outside the manor, there were rows of luxurious but low-key cars parked.

Shaun parked the car and opened the passenger door. Lucas jumped out from inside while dressed in a handsome little suit.

“Darling, you’re here.” Hannah walked over in a long blue dress, looking elegant and dignified.

When she saw Lucas, a dark glint of displeasure flashed in the depths of her eyes.

This was her first time seeing Shaun’s son. He looked so much like Catherine.

She was deeply revolted.

However, it did not matter. As long as she was around, this child’s life would not be easy in the future.

“Why did you only bring one? Aren’t they twins?” Hannah held Shaun’s arm and said unhappily, “I told my parents that you’ll bring a son and a daughter over.”

Chapter 1753

“Do you think I didn’t want to? Catherine refused. I even argued with her.” Shaun looked at Hannah meaningfully. “Besides, is a daughter or a son more important?”

“You’re right. ” Hannah immediately understood. The richer people were, the more they valued sons.

Since Shaun had brought his son here, it was clear that he was putting his heart into expressing his loyalty to the Mead family.

She bent down and looked at Lucas. "What's your name?"

"Lucas Jones," he said expressionlessly.

"What a good boy." Hannah grinned. "How about I be your stepmother in the future? Don't worry, I'll treat you well."

Lucas was shocked by this woman's shamelessness.

"I think he's overjoyed to hear that," Shaun rubbed Lucas' head and said with a doting face.

Lucas, ".."

This man was also quite shameless.

"I'll bring you guys in." Hannah held Shaun's hand and walked inside. "There are many guests tonight. Prime Minister Snow's family is here too, as well as Wesley... You won't mind, right?"

She stole a glance at Shaun and said helplessly, "My dad trusts Wesley a lot. You'd better avoid Wesley later."

"I know." Shaun nodded and smiled mockingly. "I don't remember

much about the past, but the winner makes

the rules while the losers live by them. I'm willing to gamble."

"Look at how sensible you are now. You were too stubborn before." Hannah grinned. "Back then, I was the one who pursued you but you didn't like me. If you had gotten together with me back then, you'd be my dad's favorite now. Wesley wouldn't even be in the picture."

Shaun smiled without saying anything.

After entering the banquet hall, he was amazed by the luxurious scene inside.

It was a buffet, but every dish was incredibly expensive. Each dish was worth a house, and some of the snacks were even more expensive than diamonds.

A female guest on the side held a plate of chocolate cake and said emotionally, "This cake is so delicious. I've never had such a delicious cake before."

The waiter said, "These desserts were all handmade by the top patissiers in Country Y, and the ingredients used, from chocolate to caviar, are all top quality. This Fortress Stilt Fisherman Indulgence also uses the best cream from the country of Aller. They're all fresh ingredients that were flown in this morning."

“I see. It seems like I’ll be able to enjoy some delicacies thanks to Minister Mead tonight.”

The guests all ate extremely happily and had a new perception of the Mead family's status.

Hannah also said to Shaun proudly, "My dad invited the world-famous chef, Charles. Most of the dishes tonight were prepared by him. You definitely haven't tried them before, so I'll let you try them now."

"Wait." Shaun held her hand. "Since I'm here, I should go and congratulate your father first.

Otherwise, it would seem too rude."

Maybe later. My dad is meeting a guest upstairs. It's not a good idea to go up and disturb him now."

Let me go, Mr. Hill By Shallow South Chapter 1754

Hannah glanced at the second floor and a complicated look flashed in her eyes.

"Okay." Shaun pretended not to notice. After nodding, he bent down and said to Lucas, "I'll get you something to eat."

Lucas was not interested in the food but nodded obediently.

After eating some seafood, he could not help but think that it would be good if Suzie were here. That glutton would definitely love to be able to eat these things.

It seemed that he would have to bring some food back with him when things were over.

After he was full, Hannah said to Shaun, "There's a small playground at the back where many of the guests' children are playing. I'll ask the waiter to bring him there and let him play."

"It's fine for him to stay by my side." Shaun looked at Hannah with a deep gaze.

"We'll be meeting my dad later. There'll be many dignitaries and celebrities. It won't be convenient to bring the child along. Let him go and play. Boys should experience more. My little nephews are also there, so don't worry."

Hannah finished with a smile and called a waiter over. "Bring little Lucas to the playground at the back."

Shaun's eyes could not help but darken, but Lucas suddenly stood up. "I'll go and play, then. It's boring to stay here anyway."

"... Take care." Shaun tightened his grip on the arm of the chair and

stared closely at his young son.

“I know. You’re such a nag.” Lucas swaggered away.

“Your son is quite arrogant in front of you.” Hannah teased with a vague smile.

“He doesn’t think too highly of me.” Shaun rubbed his eyebrows and sighed softly.

After a while, Hannah got a call and said to Shaun, “ Mydad is done. Let’s go up and meet him.”

Shaun nodded and followed her upstairs.

On the second floor of the large parlor, in addition to Gavin and his wife, a man in a black suit and wearing elegant glasses was sitting on the sofa. It was Wesley Lyons.

“Dad... Why is he here ?” Hannah’s expression changed slightly after seeing Wesley.

“Wesley is your future fiancée. It’s normal for him to be here.” Gavin chuckled and lit a cigarette. He glanced at Wesley and said, “Right ?”

Wesley smiled. “It’s my honor to marry Miss Mead.”

“Wesley, you’re too modest.” Madam Mead, wearing her glittering jewels, laughed. “With your status now, my daughter and you are a match made in heaven.”

“Mom, Dad, what are you talking about? He’s Catherine’s wife. They’re not divorced yet.” Hannah stomped anxiously. She did not like Wesley at all. She admitted that the Mead family was where it was now because they

had cooperated with Wesley, so she did not mind the Mead family having Wesley as a partner. However, she disapproved of Wesley being her significant other. This man was too sinister and dark. He was not a good choice for a spouse.

Furthermore, in terms of temperament and looks, Wesley could not compare to Shaun.

Gavin said, "He'll divorce her. Catherine isn't worthy of Wesley now. Besides, that woman is long overdue for a lesson."

"That's right." Wesley nodded with a smile. "Minister Mead, Catherine cheated on me. I don't plan on letting her off easily." "Haha, I know." Gavin smiled. "She shouldn't be let off easily. As it happens, Shaun brought his child here. You can use the child as a threat. After the divorce, you can make her your mistress, but my daughter has to be your legal wife. You can play with Catherine however you want, but you can't let her give birth to illegitimate children."

Let me go, Mr. Hill By Shallow South Chapter 1755

"Minister Snow, thank you so much." Wesley showed a look of heartfelt gratitude. "Don't worry, I'm not a man with traditional values either. Since Miss Mead has taken a fancy to Shaun, I'll let her keep

him.”

“Hannah, look how magnanimous Wesley is.” Gavin smiled at Hannah. “I’ve already told you the truth. Shaun is not who he used to be. With his status now, I wouldn’t even want him to work as our janitor. How can I agree to your marriage? But since you like him so much, I don’t mind if you keep him as a dog.”

“Dad...”

Hannah was shocked.

She never thought that Wesley and her father had already reached such an agreement in private.

She looked at Shaun anxiously.

Shaun trembled in anger and shook her off. “So you wanted me to bring the children here because you want to use them to threaten Catherine.”

“Of course.” Wesley gave him a fake smile. “Did you think that the Mead family liked you? Shaun Hill, you’re not who you used to be anymore. If it weren’t for Hannah liking you, you wouldn’t even be worthy of being their dog.”

“That’s enough, Wesley. Stop talking.” Hannah glared at Wesley.

“Did I say anything wrong? Miss Mead, would you like me to remind you how he looked down on you before? Do you remember what

Catherine and he did in your bathroom on your birthday? ” Wesley said
sinisterly, “At

that time, Shaun was so stubborn and proud. Haha, it's a shame that... Well, as long as you kneel in front of us and wag your tail and lick my shoes clean, we can reward you by letting you eat with the Mead family. Otherwise, there's still your mother in Hill Manor. Many people in Canberra are eager for a taste of her."

Shaun's fists clenched violently.

His dark eyes looked like he wanted to kill Wesley on the spot.

Gavin also burst out laughing. "That's true. Shaun, when your mother was young, she was the greatest beauty in Canberra. I have a few friends who pursued your mother before but were looked down on by her. Although she's a little old now, it won't be bad to play with her a little."

"Shut your mouth!" Shaun's eyes burst with angry flames as he charged at Gavin.

Wesley suddenly pulled out a gun and smiled at him. "Come closer and I'll shoot you. Even if you die here today, no one will dare to do anything to me."

Gavin smiled and did not say anything.

Shaun was furious. "Prime Minister Snow is also here today. This

country doesn't belong to the Mead family.”

Wesley glanced at Gavin and gave him a cunning smile. “Minister Mead, did you hear that? Why don’t I... make this country belong to you tonight?”

“Haha, I believe you, Wesley.” Gavin exhaled a ring of smoke languidly. “In the future, you’ll dominate the business world in this country, while the political world will be left to me.”

“You...”

Shaun’s face was appalled.

“Shaun, stop talking.” Hannah was afraid that he would say something else to anger Wesley and Gavin. He hurriedly said, “Just... bear with it. Do you want your mom to get into an accident at her age? Your grandparents are still around as well. As long as you’re with me, I’ll protect your family.”

Shaun glared at her with hatred.

He looked like he wanted to eat her whole, but he could only grit his teeth in humiliation and hold back.

“Hannah, remember your identity. You’ll be the prime minister’s daughter soon. How can you be influenced by a man?” Gavin slowly stood up. “If you want, I can send him to your bed tonight and let him serve you well.”

“Dad...” Hannah was a little elated.

Originally, she was a little upset, but she did want to see Shaun behaving obediently in front of her.

Wesley also smiled. “Miss Mead, with your status, it’s not necessary to humble yourself to please a man. Maybe Shaun had that qualification in the past, but without Hill Corporation now, do you think he’s worthy of you to please him?”

Hannah was slightly tempted.

Let me go, Mr. Hill By Shallow South Chapter 1756

Hannah knew about the Mead family’s plan. Yes, she was going to be the prime minister’s daughter in the future.

She thought of how powerless Shaun was earlier in front of Wesley. Actually, he was quite useless.

She liked men who were strong and capable. Shaun used to be like that in the past, but now...

“Hannah, did you forget what you said to me before?” Shaun stared at her anxiously. “You said you love me.”

When she saw his anxious expression, she suddenly lost interest in him.

“I do love you, but you always make me take the initiative. Shaun, I can promise you that as long as you behave in the future and belong only to me, I can guarantee your safety. Are you willing?”

“If I’m not?” Shaun clenched his fists.

“If you’re not, then you won’t even be able to crawl out today.” Gavin barked out a cruel laugh. “That’s good. We can let your mom accompany my friends in the **business** world.” Shaun’s eyes trembled.

He took a deep breath and lowered his eyes in humiliation. “Fine. I’ll listen to Miss Mead in the future.” “Hehe, you’re such a good boy, Shaun.”

Hannah was so delighted that she forgot that she had originally brought Shaun here to get her parents to agree to let them marry.

“No, Shaun, that’s not it. You should say that you’re willing to be a dog for Miss Mead.” Wesley put the gun against Shaun’s temple and warned in a low voice.

“I’m willing to be a... dog for Miss Mead.” Shaun lowered his head as his eyes raged with a cold light.

“Haha, how interesting! That’s so funny!”

The room echoed with the laughter of the crowd.

Gavin was very happy. “The man who used to be the richest person in the country, Young Master Hill, is willing to be the Mead family’s dog.

How interesting!”

“Minister Mead, this is just a little appetizer.

Things will become even more interesting.” Wesley reminded him with a smile.

“That’s right. Wesley, the wisest decision I made in my life was choosing to work with you.” Gavin patted his shoulder. “I can hardly wait.”

As soon as the words left his mouth, a bodyguard’s voice came from outside. “Minister Mead, Prime Minister Snow and his family have arrived.”

“Let’s go and greet Prime Minister Snow.” Gavin brought his wife downstairs. “Hannah and her dog, hurry up and follow us.”

“Go on,” Wesley whispered in Shaun’s ear, “Actually, it’s quite good for you to be Hannah’s dog. You’ll be able to see Catherine be a b*tch for me.”

Then, he laughed and walked off.

He did not see how fierce and poisonous Shaun’s eyes were as they stared at his back.

Downstairs.

Nathan’s family of three, as well as Jason and Rodney, appeared in the banquet hall.

“Welcome, Prime Minister Snow. It’s a great honor to have you here for my birthday party.” Gavin smiled broadly as he walked up to shake hands.
