

## Let me go, Mr. Hill By Shallow South Chapter 1993

“Chester said it will be put on his account.”

“It’s just a small amount of money.” Chester said lightly.

As Chester, Ryan did not worry about the money anymore, “Thank you, I’ll take her away first.”

He hugged Freya horizontally, and Freya’s head was rubbed in his arms, and then an peace of mind fell asleep.

Ryan’s arms tightened, holding Freya and leaving.

Chester didn’t stay in the mood anymore. He turned around and left the club. After getting

in the car, he took out Sarah’s mobile phone from his pocket. It was white and didn’t even have the phone case installed.

He has seen too many women, the phone case is either pink or shiny, only hers, simple, not like a woman’s mobile phone at all.

For some reason, Eliza’s previous appearance suddenly flashed in his mind. So drove the car to Felix Media.

As soon as he entered the prime minister’s office, Shedrick said with great surprise: “Oh, what wind brought Young Master Jewell over today, wait, I’m not dazzled, why do you have a woman bag hanging on your hand? “

Chester took the bag. Throw it on the table, “Eliza’s.”

“Why did her bag fall into your hands.?” Shedrick’s eyes suddenly became weird and ambiguous, “You guys shouldn’t.”

“Think too much, when I go to the club, watch When she drank in it, she was completely

drunk,” Chester glanced at him faintly, “These artists in the Felix Media should take good

care of them. If they are photographed by reporters, it will be a lot of trouble.”

Shedrick was very surprised, “No, Eliza usually drinks at social parties, but he drinks well and

rarely gets drunk.”

“Do you think I’m lying?” Chester ordered the bag on the table, “No.

When I am drunk, I

don’t even remember to take the bag when I leave?” “Of course I won’t

question Young

Master Jewell. I’m just worried that Eliza will not encounter any

emotional troubles again.”

Shedrick said.

After that, the air suddenly felt cold.

“Emotional troubles?” Chester smiled, “She looked for a man?”

“Of course not.”

Shedrick shivered abruptly, “Maybe there is something else upsetting, I’ll make a call.”

“Don’t call, her mobile phone is with me.” Chester said lazily, holding her

legs up, “But if she

wants a mobile phone, you can ask her to come to me to get it in

person.”

Shedrick “...”

How does he feel that Young Master Jewell is playing scheming.

“Remember to tell her what you want to play.”

Chester left after speaking.

Shedrick was speechless, so why did he come here just to give Eliza’s bag,

by the way, to file

a complaint?

But walking so fast, he hasn’t had time to tell Chester about Cindy.

“After thinking about it, he called Eliza’s manager Hailey, “Don’t you

have the keys to Eliza’s

house, please send this bag to her.”

Hailey has something to do, and he didn’t take it out until the evening.

Time to go to Eliza’s

Apartment.

At first, she knocked on the door and no one opened it. Later, after

taking the spare key to

open the door, she saw Eliza curled up on the sofa, her face pale,

trembling, her eyes closed,

her hair wet, and her clothes wet.

Hailey was taken aback, touched her forehead and found that it was so

hot.

She hurriedly dialed the ambulance and took the people to the Jewell’s

old house.

When Chester was swimming in the pool, his cell phone rang. He swam, press Once connected, turn on the speakerphone, Shedrick's voice rang out, "less season, you meet Eliza today, when people did not do anything to it." "What do you mean?" Chester wiped the water off his face, his tone unhappy.

"What do you mean?" Chester wiped off his face.  
"After Hailey went to Eliza's house, she found that she had a fever at home, her clothes and hair were all wet." Shedrick sighed. "Now I'm sent to the hospital. This week, all the activities will be done. I have to stop and estimate the loss is tens of millions." Chester said after being silent for a while, "I can only watch her drunk and want her to wake up and press her head in the washbasin."  
"Brother, I really convinced you."  
Shedrick almost wanted to scold "grass". Although Chester has long known that Chester is cruel, but at least he is rarely seen to embarrass a beautiful woman except for his harsh words. There are also those who are tired of playing and turn their faces ruthlessly, but they don't want to do it themselves.  
"You don't know Eliza is the most afraid of water." Shedrick said, "Don't look at Eliza who is usually very dedicated in filming, but as long as she shoots in the water, she finds a stand-in for the scene. You still put her head in the water. the wonder of this real trouble. "  
Chester obscure the face look" As for you."  
"Hey, I heard Hailey said she had been flooded so is the shadow hey, I told you not I went to the hospital to see her in person. She now has our company and lays golden eggs." Shedrick hung up after speaking.

Chester's mind leaning against the water flashed through Eliza, who was in the club before,

shaking and horrified after coming out of the water.

It turned out that she was afraid of water.

That woman even dared to stab him with a knife, and the woman was afraid of water.

No wonder she looks like that.

He lit a cigarette with a cold face.

He didn't put on a bath towel until he finished sucking one of them and drove to the

hospital after showering it casually.

Late at night, in the hospital.

Eliza was admitted to the hospital, and the news was like a small stone dropped into the

pond.

Chester walked in wearing a mask, and sometimes he heard several nurses whispering

beside him.

"I heard that Eliza was sent to our hospital, true or false,?"

"It is true that the emergency department is on duty. The colleague who saw it was reported

to have a fever."

"I really like Eliza and I really want to get her to sign it."

"She lives now, and the hospital whose ward has already been sealed let us keep it secret

unless we don't want to work anymore."

""

Chester went straight to the emergency department.

When Shedrick had just arrived, Hailey and his assistant were also there.

The faces of the

three people who saw Chester personally came were all strange.

"How's it going?" Chester fell on the bed, Eliza.

She did not wake up and closed her eyes with a delicate face, her small face was clean, she

did not show a trace of blood, and there was a needle in the back of her hand.

He only finds it funny.

Is it necessary? He pressed it down, and he was paying attention at the time. He didn't think

that it would be overwhelmed by her and he wanted to teach her a long time.

This lesson is quite big, but Chester suddenly discovered that she was standing upright in front of her and talking back to him, her appearance was even more moving.

Eliza in his eyes should have a thorn, how could the rose be so weak.

Hailey said, "The doctor said that she had a fever of 39."

"Not too high." Chester said lightly as a doctor who had a fever of 40 degrees.

Hailey was choked, or if Chester had her boss, he wanted to scold his mother.

Shedrick patted Hailey on his shoulder, "I have taken anti-fever medicine, but the doctor

said she might have been in a coma because she was frightened."

The ward was quiet again. Chester didn't dare to speak.

Hailey and the assistant looked at Chester secretly, and no one knew what he wanted to do.

Although I heard that Chester wanted to pack Eliza a while ago, the news was that the two

of them who didn't have the following did not care about it. I didn't expect that Chester would come in person tonight.
