#### Let me go, Mr. Hill By Shallow South Chapter 2036

It was over...

Was it really over?

No, it was just the beginning of certain things.

For example, the relationship between Eliza and Chester, as well as between Freya and Rodney.

Eliza's gaze was complicated. "Freya, Sarah is badly injured, so I reckon she'll be paralyzed in the future. You and Rodney will surely..."

"That's even better. I've been wanting to divorce him for a long time. "

Freya laughed in a

carefree manner. "Once I get a divorce and recover, I'll treat you guys to a meal."

"Go ahead and divorce him. I've got your back." Catherine could not put up with Rodney, that sc\*mbag, any longer.

"Freya, you're such a great person. You'll definitely meet someone better than him." Eliza

secretly sighed. Anybody with a discerning eye could tell that Freya was much better than

Sarah. Yet, Rodney did not know how to appreciate her.

When Eliza left, Catherine walked her down.

Freya was alone in the ward, and her tears fell in spite of herself.

She promptly wiped them off. Was she sad? Of course, she was.

She even felt that her life was miserable. First, it was Patrick who betrayed her, and now

Rodney. However, this time was worse. Not only did Rodney cheat her body and marriage,

but he also tricked her into giving birth.

In fact, Freya and Rodney had only been in love for a short while. The depth of their love

was definitely incomparable to that between Patrick and her.

Nevertheless, she had higher expectations of Rodney. She hoped that the two of them

would provide their child with a happy family.

Sarah's appearance had made her feel dissatisfied. Why? What was she lacking?

However, when Rodney kicked her, he did not merely break her rib but also her heart.

She thought, „Men really are terrifying creatures. „ When they were nice, they would do

everything for a woman. When they were not, they could kill her at any time.

She was scared — scared of Rodney.

As Freya was too worried about her child, she gave Aunt Loretta a video call at night.

“Aunt Loretta, where's Dani?”

“Young Master is playing with her.” Aunt Loretta turned the phone camera to the toy room,

showing Ryan and Dani playing happily.

Although Dani could not move yet, she chuckled while Ryan amused her.

Freya's heart instantly melted. She wished she could get a pair of wings and fly to Dani now.

Ryan took over Aunt Loretta's phone. His eyes were bright and gentle.

“Rest well in the

hospital. Dani is fine. She's really fond of me now, so she doesn't miss you at all. Am I right,

Dani...”

He pinched Dani's face. Dani blinked her large eyes to reveal two dimples at the corners of

her mouth, which seemingly indicate her agreement with his words.

“Dani, what a heartless thing you are.” Freya was somewhat relieved, but deep down, she

was jealous. “But Dani is usually quite reliant on me at night.

I'm afraid she'll throw a tantrum...”

“I'll put her to sleep at night.” Ryan said confidently, “There won't be a problem, for sure. ”

“You're thinking about it too simply. Putting her to sleep is very troublesome. At night, she'll

wake up to have her milk...”

"I'll feed Dani. It's a mere trifle."

At the sight of Ryan's firm gaze, Freya snorted. "You'll know it when tomorrow morning comes. But if you don't get some good sleep, how are you going to work tomorrow?"

"My mom said she'd look after Dani with Aunty Loretta tomorrow. Aunty Wendy will also be coming over tomorrow..."

Although Ryan and Rodney had a falling-out, Wendy was still Dani's grandmother.

Freya went quiet for a while before she said, "Ryan, you shouldn't let Aunty Wendy take Dani back to the Snow family at this time. I'm not worried about Aunty Wendy, considering she always keeps her word. However, I'm afraid that Rodney will take me as a wicked person and think that I don't deserve to be Dani's mother because of this matter. It will be a problem if he fights for Dani's custody."

"Freya..."

Ryan suddenly opened his mouth and furrowed his attractive brows. Then, he bit his tongue.

"I think there's something I need to tell you. Sarah has already been rescued. The doctor said that her legs are paralyzed for sure. As for her hands... She should be able to use them to eat after two years of treatment, but it's impossible for her to go out and work. Rodney is extremely guilty about her condition in the hospital..."

"He has been feeling guilty since a while back now," Freya said coolly. "I guess he'll be guiltier in the future. He might even marry her."

Other people might look down on Sarah, but Rodney would not. Rodney was a very stubborn person.

"There's one more thing..." Ryan whispered, "When the doctor saved Sarah, he realized that she had a miscarriage last night. Especially since she's been injured and has lost a lot of

blood, she "I'll have difficulty getting pregnant again. I heard the baby was only half a month old."

Freya was stunned. It was as though a bolt of lightning had struck her.

Only after a while did

she mumble, "Was it Rodney's child?"

"I presume so." Ryan presumed. "After all, Rodney wasn't mad after he learned about it. He

even stayed there to keep a closer watch on her."

Freya forgot to react.

At that moment, she was deeply disgusted. It had only been a while since she split with

Rodney, yet Sarah was already pregnant for over half a month.

Previously, Rodney claimed that he did not do it with Sarah and that he was only

sympathetic and guilty toward her.

He claimed that he would never be romantically involved with her.

Now, they even had a child together.

Oh well. It made Freya's marriage look even more like a joke now.

Fortunately, she did not believe Rodney and insisted on divorcing him.

Despite knowing that she was feeling bitter, Ryan said, "Based on Rodney's character, he's

surely under the impression that you destroyed Sarah and killed her child. He must be

overwhelmed with so much guilt that he might want to marry her.

Knowing Sarah, I'm sure she will go all out to take revenge against you, considering her

state. She might not be able to keep Rodney by her side using the child, but she might

incite him to snatch yours."

Freya's heart did a flip.

She had never thought of this. However, Ryan's words made her realize that there was such

a possibility.

She began to panic, and she choked. "Ryan, I... I don't want to return to The Lodge to

recuperate. Dani is my everything. I can't lose her..."

“Don’t panic. I’m just telling you my speculation. I’ll help you protect Dani. I will not let anyone snatch her away.” Ryan comforted Freya softly, “I’ve told tales to my parents regarding this issue. Given that they’re clever people, they know it’s best to keep the child by your side.”

“Thank you, Ryan. If it weren’t for you... I wouldn’t have been able to cope with this situation.” Helpless, Freya wiped her tears off. What she said was true. If it had not been for Ryan, she would have messed everything up.

“Freya, I didn’t mean to worry you by telling you all these. I’m just guessing that Rodney might come and negotiate with you, and I hope you’ll be mentally prepared for it.”

Ryan soothed her with a gentle voice. “Go to sleep soon, and don’t overthink things. With me around, no scheme can ever work.”

“Mm.” Freya’s tears turned into laughter.

After putting down her phone, she still felt rather absent-minded.
