Let me go, Mr. Hill By Shallow South Chapter 2039

Sarah caressed her belly. She did not weep, but her tears rolled down uncontrollably.

“Rodney, I didn’t plan to tell you this, but that night was a dream come true for me. I

thought I’d be content with the memories I had of that night when I’m abroad.

Also, I knew you couldn’t bear to part with Freya, and I wanted to see you happy. Ah, my child. My poor child...”

She was indeed heartbroken.

After all, she had planned to use the child as a bargaining chip to enter the Snow family in the future.

Now that she had lost the child, she had no choice but to come up with another way.

“You’re too silly.”

Rodney stroked her long hair.

Sure enough, his speculation was right.

Sarah had sacrificed a lot for him, so much that he could never repay her in his lifetime.

He did not even dare to tell her that she could never get pregnant again.

However, it did not matter. He had a child anyway.

“By the way, Rodney, has Freya been arrested?” Sarah suddenly asked in fear.

Rodney’s body stiffened. He did not dare to look into her eyes. “I’m sorry, Sarah. I was

planning to call the police, but my uncle, grandpa, and even my mom pressured me and

forbade me to call the police. Although I’m doing well in my career, I’m still not capable

enough to turn against my uncle...”

Sarah’s eyes darkened. Only after a while did she say with dismay, “I understand. In that

case... don’t call the police. You can’t risk your career for my sake.”

“I’m sorry, Sarah.” Rodney hugged her tightly. He closed his eyes and made a decision.

“Since I owe you too much, I’ll divorce Freya and marry you.
From now on, I’ll repay you with my entire lifetime.”

“No way.” Sarah promptly pushed him away. “I can’t marry you with my awful looks.

Otherwise, I’ll implicate you and make you an object of ridicule. Rodney, let me go. Let me kill myself.”

“Why are you so silly?”

The more he listened to her, the more heartbroken he was. He regretted having fallen in

love with

Freya. Sarah was the person he should truly cherish.

She was so considerate toward him even when she was in such a state.

“Drop it. I’ve made up my mind. I’ll look for Freya this afternoon to divorce her.”

Sarah leaned on his chest. At this moment, she was not happy either.

Rodney had finally agreed to marry her, but this kind of sacrifice was not one she was willing

to make. She regretted returning to the country earlier. However, there was no turning back

now.

That afternoon, Rodney took the divorce papers and went to look for Freya in Militaire

Hospital.

Now that the married couple was reunited after some days apart, they seemed like enemies.

“Let’s get a divorce. A wicked woman like you doesn’t deserve to be my wife.”

Rodney tossed the divorce papers on the blanket indifferently. His icy eyes had a hint of

resentment and hatred. “You’re disgusting.”

Freya widened her eyes. If she had not been unwell, she would have leaped to her feet

furiously and slapped him on the spot.

However, she was so angry with him that her chest heaved and her rib slightly hurt.

“Coincidentally, I think you’re too stupid to be my husband.”

Freya snorted and extended her hand. “Cathy, pass me the divorce papers.”

After handing the papers to Freya, Catherine leaned over to take a look at them as well.

After looking at the divorce papers, Catherine felt sorry for her best friend.

Freya slept with Rodney and gave birth to his daughter, yet she would not be getting any alimony at all.

Although she could not care less about his money, it was really cruel of Rodney to go this far, considering how wealthy he was.

Freya saw it too.

She wondered how blind she previously was to see the good in Rodney. It was rare for any woman to leave a marriage with nothing, even if she divorced the poorest person. What was more, this was a man who cheated on his wife and had an illegitimate child...

Rodney was too cruel and heartless. No one would ever be crueler than him.

“Rodney, you’re the one who has wronged Freya. What gives you the right to divorce her without giving her anything?” Unable to put up with him anymore, Catherine lifted her furious gaze. “Have you no shame?”

“What gives? Are you asking for money?” At that moment, there was a grim smile in

Rodney’s eyes. “ Freya, my parents have been paying you since Dani was born. Moreover,

Dani’s shares are worth hundreds of billions of dollars. How lucky of you to be her mom?

With a daughter like that, you’re set for life.”

“Your parents gave the shares to their granddaughter. What does it have to do with you?”

Freya could not move. However, Catherine could not help but grab the document and hurl it at Rodney’s face.

“I’m asking you. Apart from hurting her, what else have you given her ever since you both got married?”

“If it weren’t for me, would she have gotten to know Ryan, to stay in The Lodge, and

become the prime minister’s goddaughter? She should be content.”

Rodney’s mocking

tone was like a knife that pierced into Freya’s heart and made her bleed.

Freya closed her eyes. This was not what Rodney said back then.

Sure enough, a woman should not believe a man’s

words when he wants to sleep with her. However, Freya believed him.

She did...

Catherine was exasperated. “Do you think Freya’s interested in these things? She has never

cared about power or status. She’s rich, and her parents have pampered her since she was

young. If she hadn’t met you, she would’ve gotten a well- matched marriage and lived a

happy life. But because of you, she had premarital pregnancy.

What was more, she was so angry with you that the

child was born prematurely. It’s f*cking ridiculous that you think her suffering is the

advantage she gained from you. Why don’t you take a look at yourself in the mirror?”

“Catherine, this affair is between Freya and me. It’s not your place to meddle in it, ” Rodney

said coldly.

“What’s wrong with me meddling in it? Do you think I don’t have the guts to punch you just

because Shaun isn’t around?”

Catherine was trembling all over. Even an outsider like her was put out by Rodney’s

behavior, let alone Freya...

“Forget it, Cathy...”

Freya suddenly called out to stop Catherine. Her voice was soft, but it sounded fed up and

sad. “I don’t mind having nothing as long as I can divorce him. Being at a disadvantage is

inevitable. As my mom said, disadvantages are blessings.”

Rodney fixed his eyes on her pale, pretty face and added impassively, "Also, Dani's custody belongs to me."

Freya's hands shook. "If you take Dani's custody, does that mean Sarah will be her stepmom?"

"You owe Sarah, don't you?" Rodney said furiously, "She's in such a miserable state because of you."

Freya took a deep breath. "Are you referring to her miscarriage and that she can no longer get pregnant?"

Rodney stayed quiet, signifying acquiescence.

"Why don't you blame yourself? You slept with Sarah and even got her pregnant when you

were still married." Freya began to laugh sarcastically. "Rodney, that child was hard

evidence that you cheated on me. I don't expect you to like me, but you should at least feel

a little guilty toward me. Are you such a cruel person?"

"I was drunk that day, and I never thought of cheating on you." Rodney said in annoyance, "

Anyhow, you kidnapped her and stripped her of her right to be a mother. Since you're well

and healthy, you can get pregnant again in the future. And if you want to see Dani, you can

do it at any time. Freya, because of you, Sarah's face has been disfigured, and she's

paralyzed. Please have some conscience."

"I'm sorry, but I don't have one."

Freya laughed until her eyes reddened. "I carried Dani for nine months, and you want to

take her away just like that? Over my dead body."

"If you don't cooperate with me, I'll have no choice but to call the police and expose the

incident of you kidnapping Sarah. If there's incriminating evidence of the matter and it gets

serious, my uncle won't be able to bail you out and side with you even if he wants to. Think

over it. When you're in jail, the child will belong to me."

There was not the slightest trace of warmth in Rodney's eyes. "If worse comes to the worst,

I'll have a falling-out with the Snow family and move overseas with Sarah."

This time, Freya could no longer contain her feelings.

She was so agitated that she sat up and took a pillow, wanting to hit him.

Upon noticing it, Catherine immediately pressed her down as hard as possible.

"Cathy, don't stop me." Frustrated, Freya burst into tears. "Dani is my biological child. How

can I let Sarah, that wicked woman, be her mom? Since he wants to destroy me, I'll bring

him down with me."

At the sight of the tearful woman in front of him, Rodney's heart clenched. However, upon

calling Sarah's condition, he fought back his emotions. "

Sarah will treat Dani well. Now that she's paralyzed, we'll hire a sitter to take care of Dani. All

she can do is keep watch on Dani every day. Besides, you're the cruel one

instead. I'm afraid you'll lead Dani astray if she stays with you."

"Enough. Drop it." Catherine quickly pulled herself together. "Since we can't reach a

consensus on this matter, Freya won't sign the divorce papers today.

Someone, please send

Rodney out."

The bodyguard at the door instantly walked over.

"I'll give you three days to think about it." Rodney looked deep into

Freya's eyes before he

turned around and left.

However, Freya could not calm down at all. She wept so bitterly that her rib hurt even more.

In the end, she had no choice but to call the doctor over.

Soon, Ryan received news about it and hurried over right away.

Freya had already quieted down by then. She just lay on the bed with tears rolling down her

face.

“Cathy, doesn’t Uncle Titus know quite a lot of killers in Neah Bay? I’ll pay them to kill

Rodney no matter how much it costs. I want him to die.”

At that moment, Freya’s eyes were filled with intense hatred.

Catherine sighed. Two people, who were once a loving couple, were now at each other’s

throats.

No matter how bad Shaun and Catherine’s relationship was, it had never reached this point.

It was no wonder they said that marriage was the grave of love. It really was true at times.

“Freya, don’t say such a silly thing.” Ryan stood in front of the bed with his handsome face

as cool as ever. “Didn’t I remind you that Rodney would most probably fight for Dani’s

custody? I thought you were mentally prepared for it. You should’ve believed me when I

told you to worry less.”
