When this thought crossed Freya's mind, Ryan was already kneeling on the edge of her bed.
He bent over and placed Dani gently on the left side.
With this pose, a large part of his body was arched over Freya.
He smelled like fresh mint after bathing. Freya looked up and noticed that his skin was fair
while his features were attractive. His hair that had been washed hung over his forehead. At
first glance, he looked like a university student, which was different from when he was
dressed at work. He was handsome and cute at this moment.
He was almost her age, yet he was very youthful.
Freya turned her eyes from his pinkish lips to his prominent chin and exquisite collarbone.
As he was bending his body, the collar of his pajama shirt was facing downward, so she
could even see his chest...
Somehow, her heart was racing madly.
In truth, she did not want to see it. It was just that as a divorced young woman who enjoyed
appreciating beautiful things, she could not help but glance at it twice.
When she wanted to shoot the third glance, Ryan had already placed Dani on the bed. He
straightened his body and stared at Freya with his dark eyes.
Freya said, "... I appreciate your effort."
"I think Dani has peed. It's time to change her diaper."
Ryan swiftly took a diaper from the chair. Again, he bent over to carefully change the diaper
for Dani.
Freya was nervous. "Will she wake up?" "No. I'm experienced in dealing with it."
Ryan's reply stopped her from questioning further.
Freya watched his action, wondering how he could be more cautious and attentive than her.
Surprisingly, Dani was still deeply asleep. However, Ryan's pose...
Cough...
Freya's face was slightly burning.

He was wearing a pair of silk pajama trousers. When he bent over, his bottom looked quite firm...

Admittedly, she should not have looked at it. However, how could she resist admiring a good-looking young man when he was lying on her bed in the middle of the night?

When she had just started admiring him, he was done. He moved away from the bed and

asked Freya, "I'm going back now. If there's anything, just call me."

Freya nodded.

After Ryan left, she leisurely wriggled her body downward.

While wriggling, she suddenly realized a problem. She... was not wearing a bra. She did not

use the blanket to block the crucial part either. Given that Ryan was so close to her just now,

he must have seen everything.

Ahhhhh.

All of a sudden, she was extremely ashamed.

She silently took the blanket to cover her face. She wanted to bury herself in a hole.

The next day, when she headed downstairs in a wheelchair, she saw that breakfast had been

sent over from the main building.

Ryan sat at the dining table in front of the French window. With the sunlight shining on him,

he explained, "My parents took a private plane and left at six this morning. There are only

the two of us in The Lodge. Since it's inconvenient for you to move around, I had your

breakfast sent here."

"You could've just eaten there. It's troublesome for you to run around."

Seeing him

reminded Freya of the embarrassing incident last night. She was so embarrassed that her

face flushed.

"It's boring to have breakfast alone." Ryan took Dani over from the sitter.

He skillfully took

the milk bottle and fed Dani while she lay in his arms.

While feeding Dani, he looked up. "Why is your face so red?"

“... Uh, it’s hot.” Freya promptly looked down and had her breakfast. She could not tell him that it was because of embarrassment.

“Oh.”

A faint smile flashed across Ryan’s eyes.

After feeding Dani milk, he had breakfast with one hand.

Once Dani finished the milk, her round face expressed her delight.

Freya blinked her eyes. Indeed, her daughter was born to be a... princess.

“Hand Dani over to Aunty Cally so that you can have breakfast first.”

Freya could not stand the situation.

“It’s fine. Dani is so cute. Why don’t you let her acknowledge me as her godfather?” Ryan

said with a grin.

“Cough, cough.”

Freya choked. “Stop kidding.”

“Do I look like I’m kidding? Forget it. We’ll talk about it when my parents are back.” Ryan

changed the topic. “Do you want to eat hotpot tonight?”

Freya’s eyes lit up. Recently, she had been having a bland diet. “But... the doctor said I can’t take spicy food.”

“Don’t go for something that’s too spicy, then. Wait for me and we’ll eat hotpot together

tonight. I’ll buy the ingredients after work. What do you want to eat?”

“Sliced mutton, chicken, prawns, scallops, sliced beef, needle mushroom, ham, potato... Am

I ordering too much?”

Once Freya finished speaking, she became a little nervous. She blinked her large, dark eyes.

“No. These are the essential ingredients in a hotpot.” Ryan laughed.

After finishing his breakfast, he headed for work.

Freya immediately began to look forward to the hotpot at night.

Although she had yet to even digest her breakfast, she had already decided to eat less for

lunch.

When she was bored during the day, she would check her phone at times.

Today's discussion was still about Rodney.

At 8:00 a.m., Snow Corporation announced the changes to the company's shareholders on its official Facebook page. Jason transferred 50 percent of his shares to Jessica and 30 percent to Carson. He also personally appointed Jessica to be his successor. At present, Jason remained as the chairperson, but Jessica and Carson would officially join the board of directors.

When the news was released, it caused a commotion among the public. Even the situation with the stock market became chaotic.

[Wow, it means that Jessica will become the richest woman in Australia. She's so pretty and has a strong presence. I support the pretty woman.]

[I'm a woman as well, but why am I so different from her? She's not only prettier than me, but she's also richer than me.]

[I'm curious why Rodney isn't eligible for any Snow Corporations shares. I heard he's the eldest son in the family. Earlier, rumor had it that he would be the successor of the company.]

[Rodney, that b*stard, cheated on his wife. What gives him the right to inherit Snow Corporation? The Snow family has made a really wise decision. I'll continue to support Snow Corporation.]

[What a great job Snow Corporation did. I'm going to start supporting them in the future. I hope other companies will learn from Snow Corporation.]

[Is Rodney regretting it so badly that he's about to vomit blood? He abandoned the Snow family for the sake of a mistress. Serves him right.]

[Yeah. I have a better impression of the Snow family now. Those who behave badly should

pay the price. If other men learn from Rodney, women like us will be too afraid to get married.]

While enjoying her snacks, Freya looked through her phone in a cheerful mood.

When she was eating halfway, she suddenly looked down at the imported chocolate in her

hand. Then, she raised her head and looked at Aunty Cally in shock.

“Where’s this chocolate from?”

“I just gave it to you, ” Aunty Cally said with a smile, “There’s a lot in the house.” “... Where is it from?”

“Young Master’s friend brought it back from overseas. He doesn’t eat it, so he put it all here.

Is it tasty?”

Freya was speechless.
